STATEWIDE CONSOLIDATED TRAVEL DATA REPORT

FISCAL YEAR 1993 ANNUAL REPORT SEPTEMBER 1992 THROUGH AUGUST 1993

Published By: General Services Commission Inter-Agency Services Division Travel Management Section

Prepared By: Ms. Gerry Pavelka **Travel Contract/Data Administrator** (512) 463-3254

Assisted By: Ms. Diane E. Harker Manager (512) 463-3559

Statewide Consolidated Travel Data Report

Source:

State travel expense data shown in this report is a combination of travel expenses as reported for the full fiscal year (see definitions below), through monthly travel data reports and travel expenses charged by state agencies and individual travelers to the State's contracted American Express charge accounts.

Methodology:

State agencies report certain travel expense data on a monthly basis to the General Services Commission's Travel Management Section for the full fiscal year. This data is entered into a computerized travel system where it is retained until American Express submits, through diskette format, travel expenses billed, where it is combined for the consolidated statewide travel data. This information is estimated to be over 85% accurate for Fiscal Year 1993.

Analyses:

In most instances, year to year comparisons were not made in this year's report due to the change from the contract travel agency to the contracted charge card as a data source. (The change in data source for Fiscal Year 1993 was made based on changes in the State Travel Management Program which required that contracts be established with multiple travel agencies and mandated use of the travel contracts by all executive branch state agencies.)

Benchmarking:

New to this year's report is benchmarking the State Travel Management Program performance against travel industry statistics and corporate business travel expenditures. The majority of data used in benchmarking was obtained from *The American Express Business Travel Review*. This quarterly publication provides key travel data drawn from the American Express corporate card and central billing account data bases which include all private and public sector business accounts with American Express.

Definitions:

State agencies are identified as American Express (A), Combination (C) or Reporting (R) data.

American Express (A): state agencies that were implemented with American Express charge card services for the full year.

Combination (C): state agencies that have reported partially for the year and were implemented with American Express during the year. This data was combined.

Reporting (R): state agencies who have reported complete data for the full fiscal year.

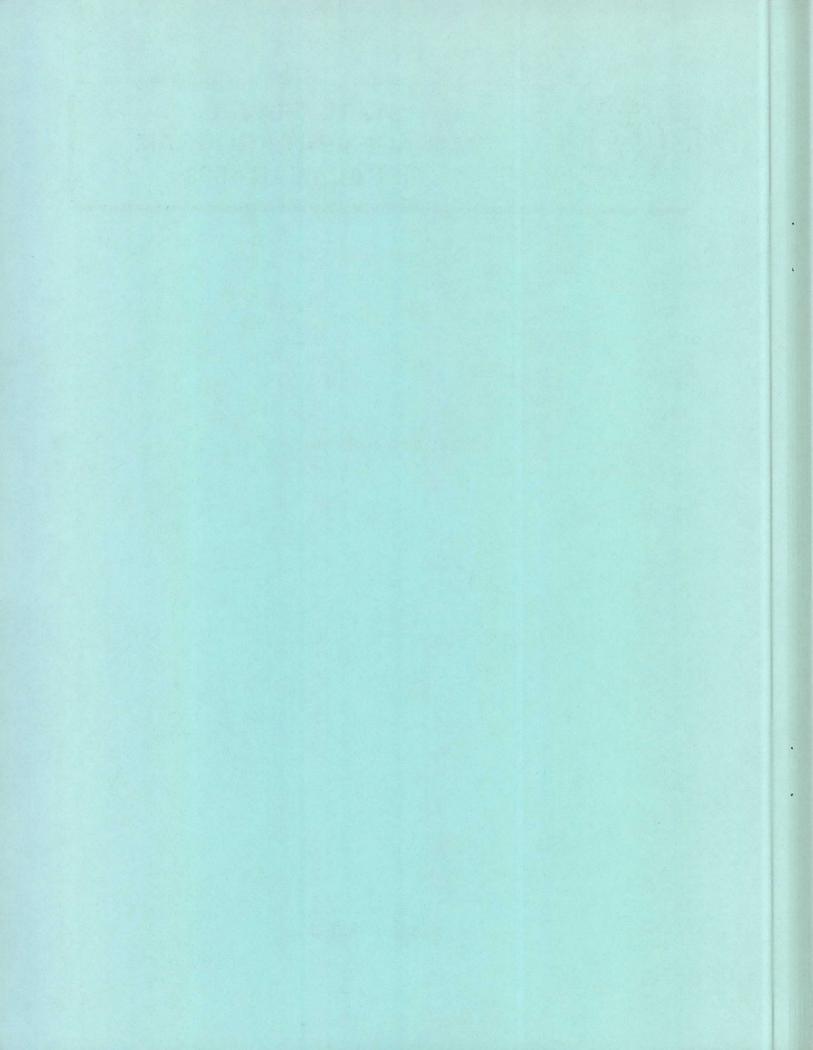

STATEWIDE CONSOLIDATED TRAVEL DATA REPORT

TABLE OF CONTENTS FISCAL YEAR 1993

- 1.0 Executive Summary Consolidated Travel Data
- 2.0 State Travel Management Program Overview
- 3.0 Savings and Revenue Generation
- 4.0 Consolidated Travel Data Analyses
- 5.0 Airlines, Rental Cars, and Destinations
- 6.0 Travel Activity By State Agency

Savings and Revenue Generation \$15.0M

Savings:

- \$9.6M Cost Avoidance contract travel agencies booked lowest applicable airfares
- \$2.9M Airline Fares airline contract fares
- \$1.3M Group/Mtg Planning group/meeting planning contracts
- \$1.0M Rental Car rental car contracts

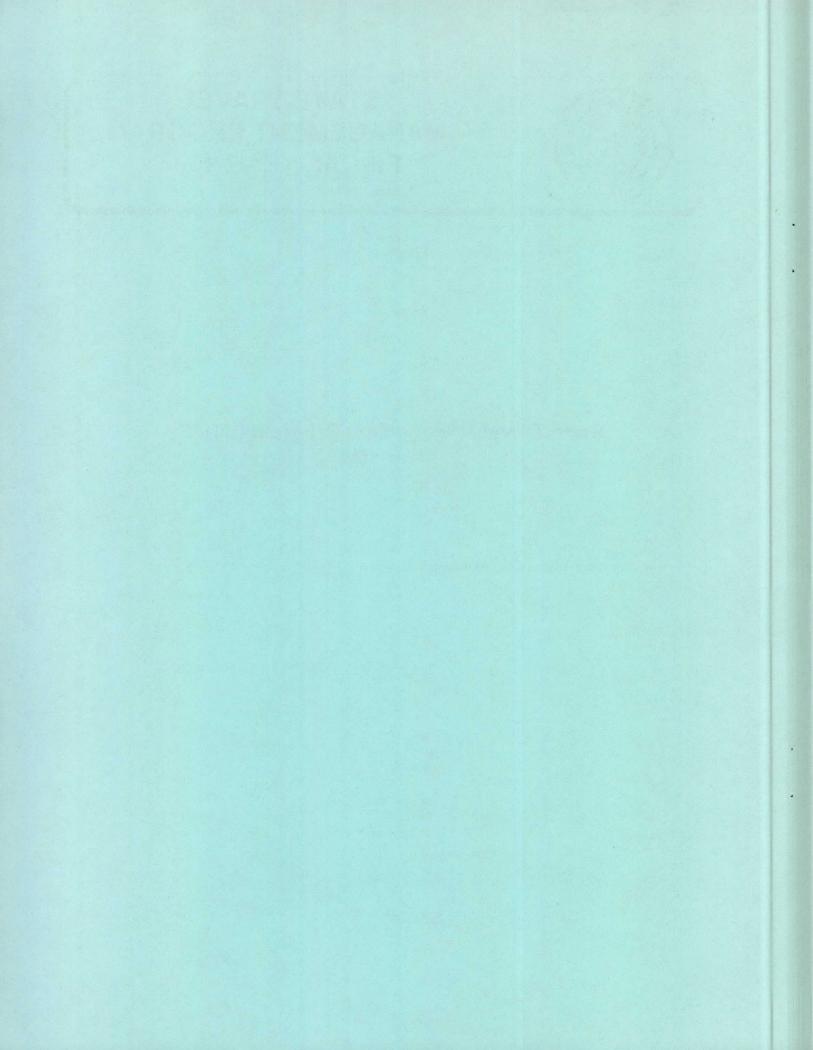

Revenue:

\$0.2M Rebates - travel agency contracts

State Travel Management Program (STMP)
Overview

State Travel Management Program

Overview

The Inter-Agency Services Division (formerly the Travel and Transportation Division) of the General Services Commission (GSC) was created by the 70th Texas Legislature in 1987 to provide centralized management and coordination of state business travel. The Travel Management Section, with a staff of seven, administers the State Travel Management Program (STMP) that is designed to help state agencies manage state travel expenditures, monitor the state's travel activity, and provide travel services to state agencies, resulting in a more efficient use of taxpayer dollars. There are four components of the STMP: travel agency, charge card, negotiated rates, and group/meeting planning services.

State agencies in the executive branch of state government are required to participate in the STMP by using the contracts for travel services awarded by GSC. These contracts include services from travel agencies, charge card providers, rental car companies, airlines, and hotels. Institutions of higher education are not required to use the contracts for travel agency services but are required to use all other travel service contracts when the services are purchased by General Revenue or Educational and General Funds.

In Fiscal Year 1993, the STMP had contracts with nine different travel agencies around the state to assist state employees with travel reservations and ticketing. These agencies are required by the contract to book the lowest available airfare. They also assist state employees with hotel and rental car reservations, as needed. Contract travel agents share a percentage of the commissions they receive from state business with the State. These rebates are deposited into the General Revenue Fund.

The STMP also provides contract charge card services to state agencies and employees for the purpose of paying travel expenses incurred on official state business. Individual and agency charge accounts allow state agencies to pay employee travel expenses directly to travel vendors and allow employees to pay travel expenses without using personal funds or obtaining cash advances from the State. The contract vendor also provides data management reports on charged travel expenses to STMP.

The STMP negotiates discounted rates for state business with airlines, rental car companies, and lodging establishments. During FY 1993, GSC had contracts for discounted airline fares with Southwest Airlines in 38 city-pairs, 2 rental car companies, and approximately 860 hotels around the country for state business travel.

STMP staff also provides group/meeting planning services, on a voluntary basis, to state agencies and to colleges and universities, assisting them in securing facilities for meetings, conferences, seminars, and other events at the lowest possible cost to the State.

Information on contract travel services is disseminated to state travelers through the *Texas State Travel Directory*, which is updated yearly and distributed to all state agencies, and through a newsletter, "Travel-N-Texas Update," which is distributed to state travelers through state agency travel coordinators.

During Fiscal Year 1993, savings of \$2.9 million were achieved through the use of contract airfares and more than \$1.0 million through the use of the rental car contracts. From Fiscal Year 1989 through Fiscal Year 1993, the STMP has had a fiscal impact of over \$43 million.

Savings and Revenue Generation

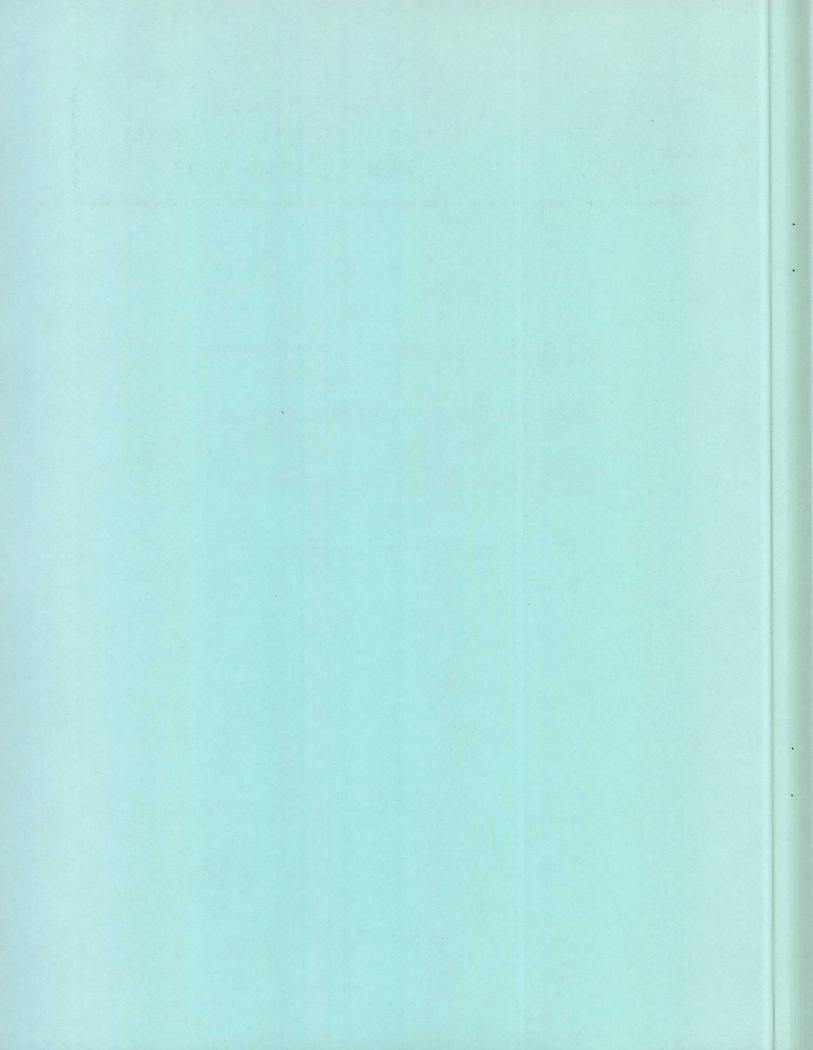

Airline Contract Fare Savings

Rental Car Contract Discount

\$

Hotel Contract Discount

Savings and Revenue Generation Fiscal Years 1989 Through 1993 Over \$43 Million

Savings:

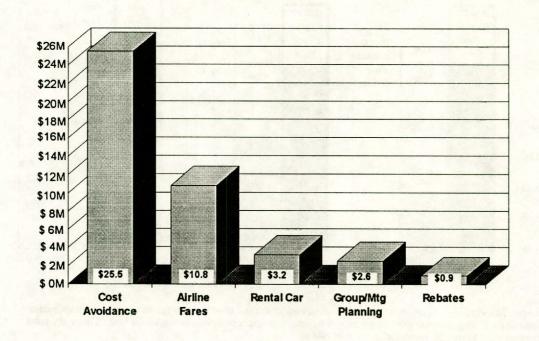

\$25.5M Cost Avoidance - contract travel agencies booked lowest applicable airfares

\$10.8M Airline Fares - airline contract fares

- \$ 3.2M Rental Car rental car contracts
- \$ 2.6M Group/Mtg Planning group/meeting planning contracts

Revenue:

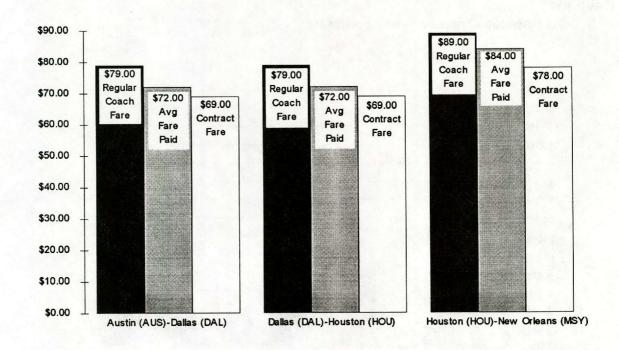

\$ 0.9M Rebates - travel agency contracts

Airline Contract Fare Savings

- 38 city-pairs were under contract (only Southwest Airlines offered contract fares)
- Savings = \$2.9 million
- Contract discount savings = 13% off regular coach fare,
 6% off average fare paid

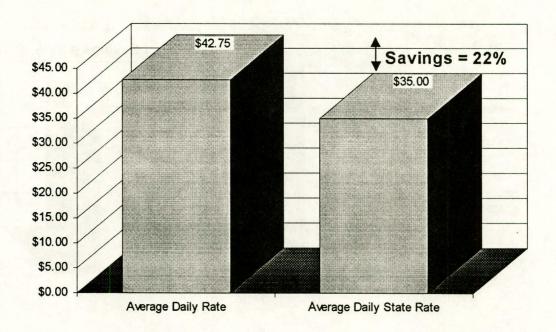

Source: The American Express Business Travel Review which identified the average fare paid by corporate card clients (3 Southwest contract markets measured by American Express Airfare Management Unit. These city-pairs represent #2, #6 and #30 in volume for state travelers).

Rental Car Contract Discount

- 2 Rental Car vendors were under contract
- Average daily rate = \$42.75
- Average daily state contract rate = \$35.00
- Contract discount savings = 22%

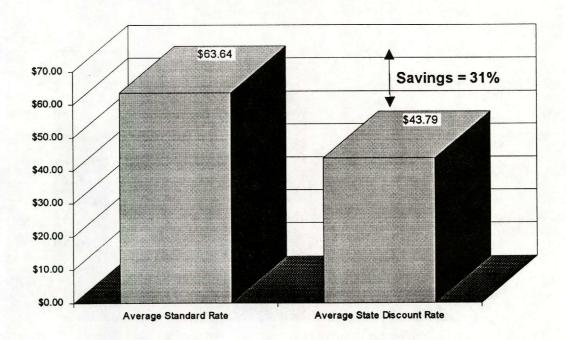

Source: American Express Corporate Card Clients as compared to State negotiated contract.

Hotel Contract Discount

- 860 Hotels were under contract
- Average standard room rate = \$63.64
- Average state discount room rate = \$43.79
- Contract discount savings = 31%

Source: Hotel Rate Agreements for contracted hotels.

Travel Activity by State Agency

State agencies are listed in numerical order by state agency code numbers. Data source is indicated beside each. (A) - American Express; (C) - Combined; (R) - Reported.

NOTE#	DEFINITION
#1	#511 - Board of Vocational Nurse Examiners - the air volume is showing a minus amount due to the credits to this account being greater than the debits.
#2	#519 - Texas Air Control Board was combined with #582, TX Natural Resources Conservation Commission. The FY 93 data is reflected in #582.
#3	#6551 - MHMR/Genetics Screening travel expense data was compiled with #655, TX Dept. of MHMR.
#4	#696B - TDCJ/Community Justice Assist Division travel expense data was compiled with #696, TDCJ/Institutional Division.
#5	#696C - TDCJ/TX Council/Offenders with Mental Impairments travel expense data was compiled with #696, TDCJ/Institutional Division.
#6	#702 - TX Council on Vocational Education was abolished and #363- Workforce on Economic Competitiveness was created. Data for #702 is reflected in #363.
#7	#710 - Texas A&M University System & Components - travel expense data was compiled with #711-TX A&M University.
#8	#714 - University of Texas at Arlington - rental car charges are not reflected because this information was not reported on the monthly travel reports.
#9	#853 - Texas Grain Sorghum Producers Board did not report travel data.
#10	#905 - Texas Surplus Property was merged with #303, General Services Commission. The data for #905 is reflected in #303.
#11	State schools that are a part of #694, Texas Youth Commission. The data for these schools was compiled with #694.
