This subsection does not require a student to demonstrate readiness to enroll in an institution of higher education.

(a) **[2 Versions: As amended by Acts 2013, 83rd Leg., ch. 211, § 36(a), effective September 1, 2014]** The commissioner shall adopt rules requiring a student in the foundation high school program under Section 28.025 to be administered each end-of-course assessment instrument listed in Section 39.023(c) . A student is required to achieve a scale score that indicates satisfactory performance, as determined by the commissioner under Section 39.0241(a), on each end-of-course assessment instrument listed under Section 39.023(c). For each scale score required under this subsection that is not based on a 100-point scale scoring system, the commissioner shall provide for conversion, in accordance with commissioner rule, of the scale score to an equivalent score based on a 100-point scale scoring system. A student may not receive a high school diploma until the student has performed satisfactorily on end-of-course assessment instruments in the manner provided under this subsection. This subsection does not require a student to demonstrate readiness to enroll in an institution of higher education.

(a-1) A student enrolled in a college preparatory course under Section 28.014 who satisfies the Texas Success Initiative (TSI) college readiness benchmarks prescribed by the Texas Higher Education Coordinating Board under Section 51.3062(f) on an assessment instrument designated by the Texas Higher Education Coordinating Board under Section 51.3062(c) administered at the end of the college preparatory course satisfies the requirements concerning an end-of-course assessment in an equivalent course as prescribed by Subsection (a). The commissioner shall determine a method by which a student's satisfactory performance on an advanced placement test, an international baccalaureate examination, an SAT Subject Test, the SAT, the ACT, or any nationally recognized norm-referenced assessment instrument used by institutions of higher education to award course credit based on satisfactory performance on the assessment instrument shall be used to satisfy the requirements concerning an end-of-course assessment instrument in an equivalent course as prescribed by Subsection (a). The commissioner shall determine a method by which a student's satisfactory performance on the PSAT or the ACT-Plan shall be used to satisfy the requirements concerning an end-of-course assessment instrument in an equivalent course as prescribed by Subsection (a). A student who fails to perform satisfactorily on a test or other assessment instrument authorized under this subsection, other than the PSAT or the ACT-Plan, may retake that test or other assessment instrument for purposes of this subsection or may take the appropriate end-of-course assessment instrument. A student who fails to perform satisfactorily on the PSAT or the ACT-Plan must take the appropriate end-of-course assessment instrument. The commissioner shall adopt rules as necessary for the administration of this subsection.

(a-2), (a-3) [Repealed by Acts 2013, 83rd Leg., ch. 211 (H.B. 5), § 78(a)(5), effective September 1, 2013.]

(a-4) The admission, review, and dismissal committee of a student in a special education program under Subchapter A, Chapter 29, shall determine whether, to receive a high school diploma, the student is required to achieve satisfactory performance on end-of-course assessment instruments.

(b) Each time an end-of-course assessment instrument adopted under Section 39.023(c) is administered, a student who failed to achieve a score requirement under Subsection (a) may retake the assessment instrument. A student is not required to retake a course as a condition of retaking an end-of-course assessment instrument.

(b-1) A school district shall provide each student who fails to perform satisfactorily as determined by the commissioner under Section 39.0241(a) on an end-of-course assessment instrument with accelerated instruction in the subject assessed by the assessment instrument.

(b-2) If a school district determines that a student, on completion of grade 11, is unlikely to achieve the score requirement under Subsection (a) for one or more end-of-course assessment instruments administered to the student as provided by Subsection (a) for receiving a high school diploma, the district shall require the student to enroll in a corresponding content-area college preparatory course for which an end-of-course assessment instrument has been adopted, if available. A student who enrolls in a college preparatory course de-

scribed by this subsection shall be administered an end-of-course assessment instrument for the course, with the end-of-course assessment instrument scored on a scale as determined by the commissioner. A student may use the student's score on the end-of-course assessment instrument for the college preparatory course towards satisfying the score requirement prescribed by Subsection (a).

(c) A student who has been denied a high school diploma under this section and who subsequently performs at the level necessary to comply with the requirements of this section shall be issued a high school diploma.

(c-1) A school district may not administer an assessment instrument required for graduation administered under this section as this section existed before September 1, 1999. A school district may administer to a student who failed to perform satisfactorily on an assessment instrument described by this subsection an alternate assessment instrument designated by the commissioner. The commissioner shall determine the level of performance considered to be satisfactory on an alternate assessment instrument. The district may not administer to the student an assessment instrument or a part of an assessment instrument that assesses a subject that was not assessed in an assessment instrument required for graduation administered under this section as this section existed before September 1, 1999. The commissioner shall make available to districts information necessary to administer the alternate assessment instrument authorized by this subsection. The commissioner's determination regarding designation of an appropriate alternate assessment instrument under this subsection and the performance required on the assessment instrument is final and may not be appealed.

(d) Notwithstanding Subsection (a), the commissioner by rule shall adopt one or more alternative nationally recognized norm referenced assessment instruments under this section to administer to a student to qualify for a high school diploma if the student enrolls after January 1 of the school year in which the student is otherwise eligible to graduate:

(1) for the first time in a public school in this state; or

(2) after an absence of at least four years from any public school in this state.

(e) The commissioner shall establish a required performance level for an assessment instrument adopted under Subsection (d) that is at least as rigorous as the performance level required to be met under Subsection (a).

(e-1) Nothing in this section has the effect of prohibiting the administration of an end-of-course assessment instrument listed in Section 39.023(c) to a student enrolled below the high school level who is enrolled in the course for which the assessment instrument is adopted. The commissioner shall adopt rules necessary to ensure that the student's performance on the assessment instrument is considered in the same manner for purposes of this section as the performance of a student enrolled at the high school level.

(f) **[Expires September 1, 2015]** The commissioner shall by rule adopt a transition plan to implement the amendments made by Chapter 1312 (S.B. No. 1031), Acts of the 80th Legislature, Regular Session, 2007, replacing general subject assessment instruments administered at the high school level with end-of-course assessment instruments. The rules must provide for the end-of-course assessment instruments adopted under Section 39.023(c) to be administered beginning with students entering the ninth grade during the 2011-2012 school year. During the period under which the transition to end-of-course assessment instruments is made:

(1) for students entering a grade above the ninth grade during the 2011-2012 school year, the commissioner shall retain, administer, and use for purposes of accreditation and other campus and district accountability measures under this chapter the assessment instruments required by Section 39.023(a) or (c), as that section existed before amendment by Chapter 1312 (S.B. No. 1031), Acts of the 80th Legislature, Regular Session, 2007;

(2) a student subject to Subdivision (1) may not receive a high school diploma unless the student has performed satisfactorily on each required assessment instrument administered under Section 39.023(c) as that section existed before amendment by Chapter 1312 (S.B. No. 1031), Acts of the 80th Legislature, Regular Session, 2007; and

(3) the agency may defer releasing assessment instrument questions and answer keys as required by Section 39.023(e) to the extent necessary to develop additional assessment instruments.

(g) **[Expires September 1, 2015]** Rules adopted under Subsection (f) must require that each student who will be subject to the requirements of Subsection (a) is entitled to notice of the specific requirements applicable to the student. Notice under this subsection must be provided not later than the date the student enters the eighth grade. Subsection (f) and this subsection expire September 1, 2015.

Acts 2013, 83rd Leg., ch. 211 (H.B. 5), § 79(a) provides: "Except as provided by Subsection (b) of this section, Section 39.025, Education Code, as amended by Sections 35 and 36 of this Act, as related to reducing end-of-course testing requirements, applies only to students who have entered or will enter the ninth grade during the 2011-2012 school year or a later school year."

Sec. 39.026. Local Option.

In addition to the assessment instruments adopted by the agency and administered by the State Board of Education, a school district may adopt and administer criterion-referenced or norm-referenced assessment instruments, or both, at any grade level. A norm-referenced assessment instrument adopted under this section must be economical, nationally recognized, and state-approved.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 39.0261. College Preparation Assessments.

(a) In addition to the assessment instruments otherwise authorized or required by this subchapter:

(1) each school year and at state cost, a school district shall administer to students in the spring of the eighth grade an established, valid, reliable, and nationally norm-referenced preliminary college preparation assessment instrument for the purpose of diagnosing the academic strengths and deficiencies of students before entrance into high school;

(2) each school year and at state cost, a school district shall administer to students in the 10th grade an established, valid, reliable, and nationally norm-referenced preliminary college preparation assessment instrument for the purpose of measuring a student's progress toward readiness for college and the workplace; and

(3) high school students in the spring of the 11th grade or during the 12th grade may select and take once, at state cost, one of the valid, reliable, and nationally norm-referenced assessment instruments used by colleges and universities as part of their undergraduate admissions processes.

(b) The agency shall:

(1) select and approve vendors of the specific assessment instruments administered under this section; and

(2) pay all fees associated with the administration of the assessment instrument from funds allotted under the Foundation School Program, and the commissioner shall reduce the total amount of state funds allocated to each district from any source in the same manner described for a reduction in allotments under Section 42.253.

(c) The agency shall ensure that vendors are not paid under Subsection (b) for the administration of an assessment instrument to a student to whom the assessment instrument is not actually administered. The agency may comply with this subsection by any reasonable means, including by creating a refund system under which a vendor returns any payment made for a student who registered for the administration of an assessment instrument but did not appear for the administration.

(d) A vendor that administers an assessment instrument for a district under this section shall report the results of the assessment instrument to the agency. The agency shall:

(1) include a student's results on the assessment instrument in the electronic student records system established under Section 7.010; and

(2) ensure that a student and the student's parent receive a report of the student's results on the assessment instrument.

(e) Subsection (a)(3) does not prohibit a high school student in the spring of the 11th grade or during the 12th grade from selecting and taking, at the student's own expense, one of the valid, reliable, and nationally norm-referenced assessment instruments used by colleges and universities as part of their undergraduate admissions processes more than once.

(f) The provisions of this section apply only if the legislature appropriates funds for purposes of this section.

instructional days in any school year. A campus-level planning and decision-making committee established under Section 11.251 may limit the administration of locally required assessment instruments under this subsection to 10 percent or a lower percentage of the instructional days in any school year.

(b) The prohibition prescribed by this section does not apply to the administration of a college preparation assessment instrument, an advanced placement test, an international baccalaureate examination, or an assessment instrument administered under Section 39.023.

(i) the percentage of students who performed satisfactorily on the assessment instruments, aggregated across grade levels by subject area; and

(ii) for students who did not perform satisfactorily, the percentage of students who met the standard for annual improvement, as determined by the agency under Section 39.034, on the assessment instruments, aggregated across grade levels by subject area; and

(B) for the college readiness performance standard as determined under Section 39.0241:

(i) the percentage of students who performed satisfactorily on the assessment instruments, aggregated across grade levels by subject area; and

(2) student performance, with no significant achievement gaps by race, ethnicity, and socioeconomic status.

(g) In defining the required state standard for the indicator described by Subsection (c)(2), the commissioner may not consider as a dropout a student whose failure to attend school results from:

(1) the student's expulsion under Section 37.007; and

(2) as applicable:

(A) adjudication as having engaged in delinquent conduct or conduct indicating a need for supervision, as defined by Section 51.03, Family Code; or

(6) students who are incarcerated in state jails and federal penitentiaries as adults and as persons certified to stand trial as adults.

(h) Each school district shall cooperate with the agency in determining whether a student is a dropout for purposes of accreditation and evaluating performance by school districts and campuses under this chapter.

(i) The commissioner by rule shall adopt accountability measures to be used in assessing the progress of students who have failed to perform satisfactorily as determined by the commissioner under Section 39.0241(a) or under the college readiness standard as determined under Section 39.0241 in the preceding school year on an assessment instrument required under Section 39.023(a), (c), or (*l*).

Sec. 39.054. Methods and Standards for Evaluating Performance.

(a) The commissioner shall adopt rules to evaluate school district and campus performance and assign each district a performance rating of A, B, C, D, or F. In adopting rules under this subsection, the commissioner shall determine the criteria for each designated letter performance rating. A district performance rating of A, B, or C reflects acceptable performance and a district performance rating of D or F reflects unacceptable performance. The commissioner shall also assign each campus a performance rating of exemplary, recognized, acceptable, or unacceptable. A campus performance rating of exemplary, recognized, or acceptable reflects acceptable performance, and a campus performance rating of unacceptable reflects unacceptable performance. A district may not receive a performance rating of A if the district includes any campus with a performance rating of unacceptable. Not later than August 8 of each year, the performance rating of each district and campus shall be made publicly available as provided by rules adopted under this subsection. If a district or campus received a performance rating that reflected unacceptable performance for the preceding school year, the commissioner shall notify the district of a subsequent such designation on or before June 15.

(b) In evaluating performance, the commissioner shall evaluate against state standards and consider the performance of each campus in a school district and each open-enrollment charter school on the basis of the campus's or school's performance on the student achievement indicators adopted under Section 39.053, other than, to the greatest extent possible, the student achievement indicator adopted under Section 39.053(c)(1).

(b-1) Consideration of the effectiveness of district programs under Section 39.052(b)(2)(B) or (C):

(1) must:

(A) be based on data collected through the Public Education Information Management System (PEIMS) for purposes of accountability under this chapter; and

(B) include the results of assessments required under Section 39.023; and

(2) may be based on the results of a special accreditation investigation conducted under Section 39.057.

(c) In evaluating school district and campus performance on the student achievement indicators adopted under Sections 39.053(c)(1) and (2), the commissioner shall define acceptable performance as meeting the state standard determined by the commissioner under Section 39.053(e) for the current school year based on:

(1) student performance in the current school year; or

(2) student performance as averaged over the current school year and the preceding two school years.

(d) In evaluating performance under Subsection (c), the commissioner:

(1) may assign an acceptable performance rating if the campus or district:

(A) performs satisfactorily on 85 percent of the measures the commissioner determines appropriate with respect to the student achievement indicators adopted under Sections 39.053(c)(1) and (2); and

(B) does not fail to perform satisfactorily on the same measure described by Paragraph (A) for two consecutive school years;

(2) may grant an exception under this subsection to a district or campus only if the performance of the district or campus is within a certain percentage, as determined by the commissioner, of the minimum performance standard established by the commissioner for the measure of evaluation; or

(3) may establish other performance criteria for a district or campus to obtain an exception under this subsection.

(d-1) The commissioner may consider alternative performance criteria to Subsection (d)(1)(A) only in special circumstances, including campus or district performance on the same measure for student groups that are substantially similar in composition to all students on the same campus or district.

(e) Each annual performance review under this section shall include an analysis of the student achievement indicators adopted under Section 39.053(c) to determine school district and campus performance in relation to:

(1) standards established for each indicator; and

(2) required improvement as defined under Section 39.053(e).

(f) In the computation of dropout rates under Section 39.053(c)(2), a student who is released from a juvenile pre-adjudication secure detention facility or juvenile post-adjudication secure correctional facility and fails to enroll in school or a student who leaves a residential treatment center after receiving treatment for fewer than 85 days and fails to enroll in school may not be considered to have dropped out from the school district or campus serving the facility or center unless that district or campus is the one to which the student is regularly assigned. The agency may not limit an appeal relating to dropout computations under this subsection.

(1) that serves students in grades 9 through 12 and has an enrollment of which at least 50 percent of the students are 17 years of age or older as of September 1 of the school year as reported for the fall semester Public Education Information Management System (PEIMS) submission; and

(2) that meets the eligibility requirements for and is registered under alternative education accountability procedures adopted by the commissioner.

(b) Notwithstanding Section 39.053(c)(2), the commissioner shall use the alternative completion rate under this subsection to determine the student achievement indicator under Section 39.053(c)(2) for a dropout recovery school. The alternative completion rate shall be the ratio of the total number of students who graduate, continue attending school into the next academic year, or receive a high school equivalency certificate to the total number of students in the longitudinal cohort of students.

(c) Notwithstanding Section 39.053(c)(2), in determining the performance rating under Section 39.054 of a dropout recovery school, the commissioner shall include any student described by Section 39.053(g-1) who graduates or receives a high school equivalency certificate.

(d) For a dropout recovery school, only the best result from the primary administration and any retake of an assessment instrument administered to a student in the school year evaluated under the accountability procedures adopted by the commissioner may be considered in determining the performance rating of the school under Section 39.054.

Sec. 39.056. On-Site Investigations.

(a) The commissioner may:

(1) direct the agency to conduct on-site investigations of a school district at any time to answer any questions concerning a program, including special education, required by federal law or for which the district receives federal funds; and

(2) as a result of the investigation, change the accreditation status of a district, change the accountability rating of a district or campus, or withdraw a distinction designation under Subchapter G.

(b) The commissioner shall determine the frequency of on-site investigations by the agency according to annual comprehensive analyses of student performance and equity in relation to the student achievement indicators adopted under Section 39.053.

(c) In making an on-site accreditation investigation, the investigators shall obtain information from administrators, teachers, and parents of students enrolled in the school district. The investigation may not be closed until information is obtained from each of those sources. The State Board of Education shall adopt rules for:

(1) obtaining information from parents and using that information in the investigator's report; and

(10) when excessive numbers of students eligible to enroll fail to complete an Algebra II course or any other advanced course as determined by the commissioner;

(11) when resource allocation practices as evaluated under Section 39.0821 indicate a potential for significant improvement in resource allocation;

(d) Based on the results of a special accreditation investigation, the commissioner may:

Sec. 39.081. Definitions.

In this subchapter:

(1) "Parent" includes a guardian or other person having lawful control of a student.

(2) "System" means a financial accountability rating system developed under this subchapter.

(Acts 2001, 77th Leg., ch. 914, effective September 1, 2001; am. Acts 2009, 81st Leg., ch. 895 (H.B. 3),

§ 59, effective June 19, 2009 (renumbered from Sec. 39.201).)

Sec. 39.082. Development and Implementation.

(a) The commissioner shall, in consultation with the comptroller, develop and implement separate financial accountability rating systems for school districts and open-enrollment charter schools in this state that:

(1) distinguish among school districts and distinguish among open-enrollment charter schools, as applicable, based on levels of financial performance;

(2) include procedures to:

(A) provide additional transparency to public education finance; and

(B) enable the commissioner and school district and open-enrollment charter school administrators to provide meaningful financial oversight and improvement; and

(3) include processes for anticipating the future financial solvency of each school district and open-enrollment charter school, including analysis of district and school revenues and expenditures for preceding school years.

(b) The system must include uniform indicators adopted by commissioner rule by which to measure the financial management performance and future financial solvency of a district or open-enrollment charter school. In adopting indicators under this subsection, the commissioner shall assign a point value to each indicator to be used in a scoring matrix developed by the commissioner. Any reference to a teacher in an indicator adopted by the commissioner under this subsection means a classroom teacher.

(c) The system may not include an indicator under Subsection (b) or any other performance measure that:

(1) requires a school district to spend at least 65 percent or any other specified percentage of district operating funds for instructional purposes; or

(2) lowers the financial management performance rating of a school district for failure to spend at least 65 percent or any other specified percentage of district operating funds for instructional purposes.

(d) The commissioner shall evaluate indicators adopted under Subsection (b) at least once every three years.

(e) Under the financial accountability rating system developed under this section, each school district or open-enrollment charter school, as applicable, shall be assigned a financial accountability rating. In adopting rules under this section, the commissioner, in consultation with the comptroller, shall determine the criteria for each designated performance rating.

(f) A district or open-enrollment charter school shall receive the lowest rating under the system if the district or school fails to achieve a satisfactory rating on:

(1) an indicator adopted under Subsection (b) relating to financial management or solvency that the commissioner determines to be critical; or

(2) a category of indicators that suggest trends leading to financial distress as determined by the commissioner.

(g) Before assigning a final rating under the system, the commissioner shall assign each district or open-enrollment charter school a preliminary rating. A district or school may submit additional information to the commissioner relating to any indicator on which performance was considered unsatisfactory. The commissioner shall consider any additional information submitted by a district or school before assigning a final rating. If the commissioner determines that the additional information negates the concern raised by the indicator on which performance was considered unsatisfactory, the commissioner may not penalize the district or school on the basis of the indicator.

(h) The commissioner shall adopt rules for the implementation of this section.

(h-1) **[Expires April 1, 2015]** The commissioner shall adopt initial rules necessary to implement the changes to this section made by the 83rd Legislature, Regular Session, 2013, not later than March 1, 2015. This subsection expires April 1, 2015.

(i) Not later than August 8 of each year, the financial accountability rating of each school district and open-enrollment charter school under the financial accountability rating system developed under this section shall be made publicly available as provided by rules adopted under this section.

(Acts 2001, 77th Leg., ch. 914, effective September 1, 2001; Acts 2006, 79th Leg., 3rd C.S., ch. 5 (H.B. 1), § 2.05, effective May 31, 2006; am. Acts 2009, 81st Leg., ch. 895 (H.B. 3), § 59, effective June 19, 2009 (renumbered from Sec. 39.202); am. Acts 2013, 83rd Leg., ch. 211 (H.B. 5), § 49(a), effective June 10, 2013.)

Sec. 39.0821. Comptroller Review of Resource Allocation Practices.

(a) The comptroller shall identify school districts and campuses that use resource allocation practices that contribute to high academic achievement and

cost-effective operations. In identifying districts and campuses under this section, the comptroller shall:

(1) evaluate existing academic accountability and financial data by integrating the data;

(2) rank the results of the evaluation under Subdivision (1) to identify the relative performance of districts and campuses; and

(3) identify potential areas for district and campus improvement.

(b) In reviewing resources allocation practices of districts and campuses under this section, the comptroller shall ensure resources are being used for the instruction of students by evaluating:

(1) the operating cost for each student;

(2) the operating cost for each program; and

(3) the staffing cost for each student.

(Enacted by Acts 2009, 81st Leg., ch. 895 (H.B. 3), § 59, effective June 19, 2009.)

Sec. 39.0822. [Repealed September 1, 2014] Financial Solvency Review Required.

(a) The agency shall develop a review process to anticipate the future financial solvency of each school district. The review process shall analyze:

(1) district revenues and expenditures for the preceding school year; and

(2) projected district revenues and expenditures for the current school year and the following two school years.

(b) In analyzing the information under Subsection (a), the review process developed must consider, for the preceding school year, the current school year, and the following two school years, as appropriate:

(1) student-to-staff ratios relative to expenditures, including average staff salaries;

(2) the rate of change in the district unreserved general fund balance;

(3) the number of students enrolled in the district;

(4) the adopted tax rate of the district;

(5) any independent audit report prepared for the district; and

(6) actual district financial information for the first quarter.

(c) The agency shall consult school district financial officers and public finance experts in developing the review process under this section.

(d) The agency shall develop an electronic-based program for school districts to use in submitting information to the agency for purposes of this section. Each district shall update information for purposes of the program within the period prescribed by the commissioner. The commissioner shall adopt rules under this subsection to allow a district to enter estimates of critical data into the program before the district adopts its budget. The program must:

(1) be capable of importing, to the extent practicable, data a district has previously submitted to the agency;

(2) include an entry space that allows a district to enter information explaining any irregularity in data submitted; and

(3) provide alerts for:

(A) a student-to-staff ratio that is significantly outside the norm;

(B) a rapid depletion of the district general fund balance; and

(C) a significant discrepancy between actual budget figures and projected revenues and expenditures.

(e) An alert in the program developed under Subsection (d) must be developed to notify the agency immediately on the occurrence of a condition described by Subsection (d)(3). After the agency is alerted, the agency shall immediately notify the affected school district regarding the condition triggering the alert.

(Enacted by Acts 2009, 81st Leg., ch. 895 (H.B. 3), § 59, effective June 19, 2009.)

Sec. 39.0823. Projected Deficit.

(a) If the commissioner, based on the indicators adopted under Section 39.082 or other relevant information, projects a deficit for a school district or open-enrollment charter school general fund within the following three school years, the agency shall provide the district or school interim financial reports, including projected revenues and expenditures, to evaluate the current budget status of the district or school.

(b) **[Repealed September 1, 2014]** If the interim financial data provided under Subsection (a) substantiates the projected deficit, the school district shall develop a financial plan and submit the plan to the agency for approval. The agency may approve the plan only if the agency determines the plan will permit the district to avoid the projected insolvency.

(c) **[Repealed September 1, 2014]** The commissioner shall assign a school district an accredited-warned status if:

(1) the district fails to submit a plan as provided by Subsection (b);

(2) the district fails to obtain approval from the agency for a plan as provided by Subsection (b);

(3) the district fails to comply with a plan approved by the agency under Subsection (b); or

(4) the agency determines in a subsequent school year, based on financial data submitted by

the district, that the approved plan for the district is no longer sufficient or is not appropriately implemented.

(d) The agency may require a district or open-enrollment charter school to submit additional information needed to produce a financial report under Subsection (a). If a district or school fails to provide information requested under this subsection or if the commissioner determines that the information submitted by a district or school is unreliable, the commissioner may order the district or school to acquire professional services as provided by Section 39.109.

(Enacted by Acts 2009, 81st Leg., ch. 895 (H.B. 3), § 59, effective June 19, 2009; am. Acts 2013, 83rd Leg., ch. 211 (H.B. 5), § 50(a), effective June 10, 2013; am. Acts 2013, 83rd Leg., ch. 211 (H.B. 5), § 78(b)(5), effective September 1, 2014.)

(a) A school district or open-enrollment charter school assigned the lowest rating under Section 39.082 shall submit to the commissioner a corrective action plan to address the financial weaknesses of the district or school. A corrective action plan must identify the specific areas of financial weaknesses, such as financial weaknesses in transportation, curriculum, or teacher development, and include strategies for improvement.

(b) The commissioner may impose appropriate sanctions under Subchapter E against a district or school failing to submit or implement a corrective action plan required under Subsection (a).

The board shall give notice of the hearing to owners of real property in the district and to parents of district students. In addition to other notice required by law, notice of the hearing must be provided:

SUBCHAPTER E
ACCREDITATION INTERVENTIONS AND SANCTIONS

Sec. 39.102. Interventions and Sanctions for Districts.

(a) If a school district does not satisfy the accreditation criteria under Section 39.052, the academic

performance standards under Section 39.053 or 39.054, or any financial accountability standard as determined by commissioner rule, the commissioner shall take any of the following actions to the extent the commissioner determines necessary:

(1) issue public notice of the deficiency to the board of trustees;

(2) order a hearing conducted by the board of trustees of the district for the purpose of notifying the public of the insufficient performance, the improvements in performance expected by the agency, and the interventions and sanctions that may be imposed under this section if the performance does not improve;

(3) order the preparation of a student achievement improvement plan that addresses each student achievement indicator under Section 39.053(c) for which the district's performance is insufficient, the submission of the plan to the commissioner for approval, and implementation of the plan;

(4) order a hearing to be held before the commissioner or the commissioner's designee at which the president of the board of trustees of the district and the superintendent shall appear and explain the district's low performance, lack of improvement, and plans for improvement;

(5) arrange an on-site investigation of the district;

(6) appoint an agency monitor to participate in and report to the agency on the activities of the board of trustees or the superintendent;

(7) appoint a conservator to oversee the operations of the district;

(8) appoint a management team to direct the operations of the district in areas of insufficient performance or require the district to obtain certain services under a contract with another person;

(9) if a district has a current accreditation status of accredited-warned or accredited-probation, fails to satisfy any standard under Section 39.054(e), or fails to satisfy financial accountability standards as determined by commissioner rule, appoint a board of managers to exercise the powers and duties of the board of trustees;

(10) if for two consecutive school years, including the current school year, a district has received an accreditation status of accredited-warned or accredited-probation, has failed to satisfy any standard under Section 39.054(e), or has failed to satisfy financial accountability standards as determined by commissioner rule, revoke the district's accreditation and:

(A) order closure of the district and annex the district to one or more adjoining districts under Section 13.054; or

(B) in the case of a home-rule school district or open-enrollment charter school, order closure of all programs operated under the district's or school's charter; or

(11) if a district has failed to satisfy any standard under Section 39.054(e) due to the district's dropout rates, impose sanctions designed to improve high school completion rates, including:

(A) ordering the development of a dropout prevention plan for approval by the commissioner;

(B) restructuring the district or appropriate school campuses to improve identification of and service to students who are at risk of dropping out of school, as defined by Section 29.081;

(C) ordering lower student-to-counselor ratios on school campuses with high dropout rates; and

(D) ordering the use of any other intervention strategy effective in reducing dropout rates, including mentor programs and flexible class scheduling.

(b) This subsection applies regardless of whether a district has satisfied the accreditation criteria. If for two consecutive school years, including the current school year, a district has had a conservator or management team assigned, the commissioner may appoint a board of managers, a majority of whom must be residents of the district, to exercise the powers and duties of the board of trustees.

(Acts 1995, 74th Leg., ch. 260, effective May 30, 1995; Acts 1999, 76th Leg., ch. 1365, effective June 19, 1999; Acts 2001, 77th Leg., ch. 834, effective September 1, 2001; Acts 2001, 77th Leg., ch. 1504, effective September 1, 2001; Acts 2003, 78th Leg., ch. 342, effective September 1, 2003; Acts 2003, 78th Leg., ch. 1201, effective September 1, 2003; Acts 2006, 79th Leg., 3rd C.S., ch. 5 (H.B. 1), § 3.17, effective May 31, 2006; am. Sec. 39.103. Interventions and Sanctions for Campuses.

(a) If a campus performance is below any standard under Section 39.054(e), the commissioner shall take actions, to the extent the commissioner determines necessary, as provided by this subchapter.

(b) For a campus described by Subsection (a), the commissioner, to the extent the commissioner determines necessary, may:

(1) order a hearing to be held before the commissioner or the commissioner's designee at which the president of the board of trustees, the superintendent, and the campus principal shall appear

and explain the campus's low performance, lack of improvement, and plans for improvement; or

(2) establish a school community partnership team composed of members of the campus-level planning and decision-making committee established under Section 11.251 and additional community representatives as determined appropriate by the commissioner.

(c) Notwithstanding the provisions of this subchapter, if the commissioner determines that a campus subject to interventions or sanctions under this subchapter has implemented substantially similar intervention measures under federal accountability requirements, the commissioner may accept the substantially similar intervention measures as measures in compliance with this subchapter.

(Acts 1995, 74th Leg., ch. 260, effective May 30, 1995; Acts 1999, 76th Leg., ch. 1365, effective June 19, 1999; Acts 2001, 77th Leg., ch. 834, effective September 1, 2001; Acts 2001, 77th Leg., ch. 1504, effective September 1, 2001; Acts 2003, 78th Leg., ch. 1212, effective June 20, 2003; Acts 2003, 78th Leg., ch. 342, effective September 1, 2003; Acts 2003, 78th Leg., ch. 3, effective January 11, 2004; Acts 2006, 79th Leg., 3rd C.S., ch. 5 (H.B. 1), § 3.18, effective May 31, 2006; am. Sec. 39.104. Interventions and Sanctions for Charter Schools.

(a) Interventions and sanctions authorized under this chapter for a school district or campus apply in the same manner to an open-enrollment charter school.

(b) The commissioner shall adopt rules to implement procedures to impose any intervention or sanction provision under this chapter as those provisions relate to open-enrollment charter schools.

(c) In adopting rules under this section, the commissioner shall require that the charter of an open-enrollment charter school:

(1) be automatically revoked if the charter school is ordered closed under this chapter; and

(2) be automatically modified to remove authorization for an individual campus if the campus is ordered closed under this chapter.

(d) If interventions or sanctions are imposed on an open-enrollment charter school under the procedures provided by this chapter, a charter school is not entitled to an additional hearing relating to the modification, placement on probation, revocation, or denial of renewal of a charter as provided by Subchapter D, Chapter 12.

(Acts 2006, 79th Leg., 3rd C.S., ch. 5 (H.B. 1), § 3.19, effective May 31, 2006; am. Acts 2009, 81st Leg., ch. 895 (H.B. 3), § 59, effective June 19, 2009 (renumbered from Sec. 39.1321).)

Sec. 39.105. Campus Improvement Plan.

(a) This section applies if a campus performance satisfies performance standards under Section 39.054(e) for the current school year but would not satisfy performance standards under Section 39.054(e) if the standards to be used for the following school year were applied to the current school year. On request of the commissioner, the campus-level committee established under Section 11.251 shall revise and submit to the commissioner in an electronic format the portions of the campus improvement plan developed under Section 11.253 that are relevant to those areas for which the campus would not satisfy performance standards.

(b) If the campus to which this section applies is an open-enrollment charter school, the school shall establish a campus-level planning and decision-making committee as provided for through procedures as much as practicable the same as those provided by Sections 11.251(b)—(e) and develop a campus improvement plan as provided by Section 11.253. On request of the commissioner, the school shall submit to the commissioner in an electronic format the portions of the campus improvement plan that are relevant to those areas for which the campus would not satisfy performance standards.

(Acts 2006, 79th Leg., 3rd C.S., ch. 5 (H.B. 1), § 3.19, effective May 31, 2006; am. Acts 2009, 81st Leg., ch. 895 (H.B. 3), § 59, effective June 19, 2009 (renumbered from Sec. 39.1322).)

Sec. 39.106. Campus Intervention Team Duties.

(a) If a campus performance is below any standard under Section 39.054(e), the commissioner shall assign a campus intervention team. A campus intervention team shall:

(1) conduct, with the involvement and advice of the school community partnership team, if applicable:

(A) a targeted on-site needs assessment relevant to an area of insufficient performance of the campus as provided by Subsection (b); or

(B) if the commissioner determines necessary, a comprehensive on-site needs assessment, using the procedures provided by Subsection (b);

(2) recommend appropriate actions as provided by Subsection (c);

(3) assist in the development of a targeted improvement plan;

(4) assist the campus in submitting the targeted improvement plan to the board of trustees for approval and presenting the plan in a public hearing as provided by Subsection (e-1); and

(5) assist the commissioner in monitoring the progress of the campus in implementing the targeted improvement plan.

(b) An on-site needs assessment of the campus under Subsection (a) must determine the contributing education-related and other factors resulting in the campus's low performance and lack of progress. The team shall use all of the following guidelines and procedures relevant to each area of insufficient performance in conducting a targeted on-site needs assessment and shall use each of the following guidelines and procedures in conducting a comprehensive on-site needs assessment:

(1) an assessment of the staff to determine the percentage of certified teachers who are teaching in their field, the percentage of teachers who are fully certified, the number of teachers with more than three years of experience, and teacher retention rates;

(2) compliance with the appropriate class-size rules and number of class-size waivers received;

(3) an assessment of the quality, quantity, and appropriateness of instructional materials, including the availability of technology-based instructional materials;

(4) a report on the parental involvement strategies and the effectiveness of the strategies;

(5) an assessment of the extent and quality of the mentoring program provided for new teachers on the campus and provided for experienced teachers on the campus who have less than two years of teaching experience in the subject or grade level to which the teacher is assigned;

(6) an assessment of the type and quality of the professional development provided to the staff;

(7) a demographic analysis of the student population, including student demographics, at-risk populations, and special education percentages;

(8) a report of disciplinary incidents and school safety information;

(9) financial and accounting practices;

(10) an assessment of the appropriateness of the curriculum and teaching strategies;

(11) a comparison of the findings from Subdivisions (1) through (10) to other campuses serving the same grade levels within the district or to other campuses within the campus's comparison group if there are no other campuses within the district serving the same grade levels as the campus; and

(12) any other research-based data or information obtained from a data collection process that would assist the campus intervention team in:

(A) recommending an action under Subsection (c); and

(B) executing a targeted improvement plan under Subsection (d-3).

(c) On completing the on-site needs assessment under this section, the campus intervention team shall, with the involvement and advice of the school community partnership team, if applicable, recommend actions relating to any area of insufficient performance, including:

(1) reallocation of resources;

(2) technical assistance;

(3) changes in school procedures or operations;

(4) staff development for instructional and administrative staff;

(5) intervention for individual administrators or teachers;

(6) waivers from state statutes or rules;

(7) teacher recruitment or retention strategies and incentives provided by the district to attract and retain teachers with the characteristics included in Subsection (b)(1); or

(8) other actions the campus intervention team considers appropriate.

(d) The campus intervention team shall assist the campus in submitting the targeted improvement plan to the commissioner for approval.

(d-1) The commissioner may authorize a school community partnership team established under this subchapter to supersede the authority of and satisfy the requirements of establishing and maintaining a campus-level planning and decision-making committee under Subchapter F, Chapter 11.

(d-2) The commissioner may authorize a targeted improvement plan or updated plan developed under this subchapter to supersede the provisions of and satisfy the requirements of developing, reviewing, and revising a campus improvement plan under Subchapter F, Chapter 11.

(d-3) In executing the targeted improvement plan, the campus intervention team shall, if appropriate:

(1) assist the campus in implementing research-based practices for curriculum development and classroom instruction, including bilingual education and special education programs and financial management;

(2) provide research-based technical assistance, including data analysis, academic deficiency identification, intervention implementation, and budget analysis, to strengthen and improve the instructional programs at the campus; and

(3) require the district to develop a teacher recruitment and retention plan to address the

qualifications and retention of the teachers at the campus.

(e) For each year a campus is assigned an unacceptable performance rating, a campus intervention team shall:

(1) continue to work with a campus until:

(A) the campus satisfies all performance standards under Section 39.054(e) for a two-year period; or

(B) the campus satisfies all performance standards under Section 39.054(e) for a one-year period and the commissioner determines that the campus is operating and will continue to operate in a manner that improves student achievement;

(2) assist in updating the targeted improvement plan to identify and analyze areas of growth and areas that require improvement; and

(3) submit each updated plan described by Subdivision (2) to the board of trustees of the school district.

(e-1) After a targeted improvement plan or updated plan is submitted to the board of trustees of the school district, the board:

(1) shall conduct a hearing for the purpose of:

(A) notifying the public of the insufficient performance, the improvements in performance expected by the agency, and the intervention measures or sanctions that may be imposed under this subchapter if the performance does not improve within a designated period; and

(B) soliciting public comment on the targeted improvement plan or any updated plan;

(2) must post the targeted improvement plan on the district's Internet website before the hearing;

(3) may conduct one hearing relating to one or more campuses subject to a targeted improvement plan or an updated plan; and

(4) shall submit the targeted improvement plan or any updated plan to the commissioner for approval.

(f) Notwithstanding any other provision of this subchapter, if the commissioner determines that a campus for which an intervention is ordered under Subsection (a) is not fully implementing the campus intervention team's recommendations or targeted improvement plan or updated plan, the commissioner may order the reconstitution of the campus as provided by Section 39.107.

(Acts 2006, 79th Leg., 3rd C.S., ch. 5 (H.B. 1), § 3.19, effective May 31, 2006; am. Acts 2009, 81st Leg., ch. 895 (H.B. 3), § 59, effective June 19, 2009 (renumbered from Sec. 39.106); am. Acts 2011, 82nd Leg., ch. 91 (S.B. 1303), § 7.010, effective September 1, 2011.)

Sec. 39.107. Reconstitution, Repurposing, Alternative Management, and Closure.

(a) After a campus has been identified as unacceptable for two consecutive school years, the commissioner shall order the reconstitution of the campus.

(a-1) In reconstituting a campus, a campus intervention team shall assist the campus in:

(1) developing an updated targeted improvement plan;

(2) submitting the updated targeted improvement plan to the board of trustees of the school district for approval and presenting the plan in a public hearing as provided by Section 39.106(e-1);

(3) obtaining approval of the updated plan from the commissioner; and

(4) executing the plan on approval by the commissioner.

(b) The campus intervention team shall decide which educators may be retained at that campus. A principal who has been employed by the campus in that capacity during the full period described by Subsection (a) may not be retained at that campus unless the campus intervention team determines that retention of the principal would be more beneficial to the student achievement and campus stability than removal.

(b-1) A teacher of a subject assessed by an assessment instrument under Section 39.023 may be retained only if the campus intervention team determines that a pattern exists of significant academic improvement by students taught by the teacher. If an educator is not retained, the educator may be assigned to another position in the district.

(b-2) For each year that a campus is considered to have an unacceptable performance rating, a campus intervention team shall:

(1) assist in updating the targeted improvement plan to identify and analyze areas of growth and areas that require improvement;

(2) submit the updated plan to:

(A) the board of trustees of the school district; and

(B) the parents of campus students; and

(3) assist in submitting the updated plan to the commissioner for approval.

(c) A campus subject to Subsection (a) shall implement the updated targeted improvement plan as approved by the commissioner. The commissioner may appoint a monitor, conservator, management team, or board of managers to the district to ensure and oversee district-level support to low-performing campuses and the implementation of the updated targeted improvement plan. In making appointments under this subsection, the commissioner shall

consider individuals who have demonstrated success in managing campuses with student populations similar to the campus at which the individual appointed will serve.

(d) If the commissioner determines that the campus is not fully implementing the updated targeted improvement plan or if the students enrolled at the campus fail to demonstrate substantial improvement in the areas targeted by the updated plan, the commissioner may order:

(1) repurposing of the campus under this section;

(2) alternative management of the campus under this section; or

(3) closure of the campus.

(e) If a campus is considered to have an unacceptable performance rating for three consecutive school years after the campus is reconstituted under Subsection (a), the commissioner, subject to Subsection (e-1) or (e-2), shall order:

(1) repurposing of the campus under this section;

(2) alternative management of the campus under this section; or

(3) closure of the campus.

(e-1) The commissioner may waive the requirement to enter an order under Subsection (e) for not more than one school year if the commissioner determines that, on the basis of significant improvement in student performance over the preceding two school years, the campus is likely to be assigned an acceptable performance rating for the following school year.

(e-2) For purposes of this subsection, "parent" has the meaning assigned by Section 12.051. If the commissioner is presented, in the time and manner specified by commissioner rule, a written petition signed by the parents of a majority of the students enrolled at a campus to which Subsection (e) applies, specifying the action described by Subsection (e)(1), (2), or (3) that the parents request the commissioner to order, the commissioner shall, except as otherwise authorized by this subsection, order the specific action requested. If the board of trustees of the school district in which the campus is located presents to the commissioner, in the time and manner specified by commissioner rule, a written request that the commissioner order specific action authorized under Subsection (e) other than the specific action requested in the parents' petition and a written explanation of the basis for the board's request, the commissioner may order the action requested by the board of trustees.

(e-3) For purposes of Subsection (e-2), the signature of only one parent of a student is required.

(f) If the commissioner orders repurposing of a campus, the school district shall develop a comprehensive plan for repurposing the campus and submit the plan to the board of trustees for approval, using the procedures described by Section 39.106(e-1), and to the commissioner for approval. The plan must include a description of a rigorous and relevant academic program for the campus. The plan may include various instructional models. The commissioner may not approve the repurposing of a campus unless:

(1) all students in the assigned attendance zone of the campus in the school year immediately preceding the repurposing of the campus are provided with the opportunity to enroll in and are provided transportation on request to another campus, unless the commissioner grants an exception because there is no other campus in the district in which the students may enroll;

(2) the principal is not retained at the campus, unless the commissioner determines that students enrolled at the campus have demonstrated significant academic improvement; and

(3) teachers employed at the campus in the school year immediately preceding the repurposing of the campus are not retained at the campus, unless the commissioner or the commissioner's designee grants an exception, at the request of a school district, for:

(A) a teacher who provides instruction in a subject other than a subject for which an assessment instrument is administered under Section 39.023(a) or (c) who demonstrates to the commissioner satisfactory performance; or

(B) a teacher who provides instruction in a subject for which an assessment instrument is administered under Section 39.023(a) or (c) if the district demonstrates that the students of the teacher demonstrated satisfactory performance or improved academic growth on that assessment instrument.

(g) If an educator is not retained under Subsection (f), the educator may be assigned to another position in the district.

(h) If the commissioner orders alternative management under this section, the commissioner shall solicit proposals from qualified nonprofit entities to assume management of a campus subject to this section or may appoint to assume management of a campus subject to this section a school district other than the district in which the campus is located that is located in the boundaries of the same regional education service center as the campus is located. The commissioner may solicit proposals from qualified for-profit entities to assume management of a campus subject to this section if a nonprofit entity

has not responded to the commissioner's request for proposals. A district appointed under this section shall assume management of a campus subject to this section in the same manner provided by this section for a qualified entity or in accordance with commissioner rule.

(i) If the commissioner determines that the basis for the unsatisfactory performance of a campus for more than two consecutive school years is limited to a specific condition that may be remedied with targeted technical assistance, the commissioner may require the district to contract for the appropriate technical assistance.

(j) The commissioner may annually solicit proposals under this section for the management of a campus subject to this section. The commissioner shall notify a qualified entity that has been approved as a provider under this section. The district must execute a contract with an approved provider and relinquish control of the campus before January 1 of the school year.

(k) To qualify for consideration as a managing entity under this section, the entity must submit a proposal that provides information relating to the entity's management and leadership team that will participate in management of the campus under consideration, including information relating to individuals that have:

(1) documented success in whole school interventions that increased the educational and performance levels of students in campuses considered to have an unacceptable performance rating;

(2) a proven record of effectiveness with programs assisting low-performing students;

(3) a proven ability to apply research-based school intervention strategies;

(4) a proven record of financial ability to perform under the management contract; and

(5) any other experience or qualifications the commissioner determines necessary.

(*l*) In selecting a managing entity under this section, the commissioner shall give preference to a qualified entity that:

(1) meets any qualifications under this section; and

(2) has documented success in educating students from similar demographic groups and with similar educational needs as the students who attend the campus that is to be operated by a managing entity under this section.

(m) The school district may negotiate the term of a management contract for not more than five years with an option to renew the contract. The management contract must include a provision describing the district's responsibilities in supporting the operation of the campus. The commissioner shall approve the contract before the contract is executed and, as appropriate, may require the district, as a term of the contract, to support the campus in the same manner as the district was required to support the campus before the execution of the management contract.

(n) A management contract under this section shall include provisions approved by the commissioner that require the managing entity to demonstrate improvement in campus performance, including negotiated performance measures. The performance measures must be consistent with the priorities of this chapter. The commissioner shall evaluate a managing entity's performance on the first and second anniversaries of the date of the management contract. If the evaluation fails to demonstrate improvement as negotiated under the contract by the first anniversary of the date of the management contract, the district may terminate the management contract, with the commissioner's consent, for nonperformance or breach of contract and select another provider from an approved list provided by the commissioner. If the evaluation fails to demonstrate significant improvement, as determined by the commissioner, by the second anniversary of the date of the management contract, the district shall terminate the management contract and select another provider from an approved list provided by the commissioner or resume operation of the campus if approved by the commissioner. If the commissioner approves the district's operation of the campus, the commissioner shall assign a technical assistance team to assist the campus.

(o) Notwithstanding any other provision of this code, the funding for a campus operated by a managing entity must be not less than the funding of the other campuses in the district on a per student basis so that the managing entity receives at least the same funding the campus would otherwise have received.

(p) Each campus operated by a managing entity under this section is subject to this chapter in the same manner as any other campus in the district.

(q) The commissioner may adopt rules necessary to implement this section.

(r) With respect to the management of a campus under this section:

(1) a managing entity is considered to be a governmental body for purposes of Chapters 551 and 552, Government Code; and

(2) any requirement in Chapter 551 or 552, Government Code, that applies to a school district or the board of trustees of a school district applies to a managing entity.

STATUTORY NOTES

Applicability. — Acts 2011, 82nd Leg., ch. 900 (S.B. 738), § 2 provides: "This Act applies beginning with the 2011-2012 school year."

Sec. 39.108. Annual Review.

The commissioner shall review annually the performance of a district or campus subject to this subchapter to determine the appropriate actions to be implemented under this subchapter. The commissioner must review at least annually the performance of a district for which the accreditation status or rating has been lowered due to insufficient student performance and may not raise the accreditation status or rating until the district has demonstrated improved student performance. If the review reveals a lack of improvement, the commissioner shall increase the level of state intervention and sanction unless the commissioner finds good cause for maintaining the current status.

Sec. 39.109. Acquisition of Professional Services.

In addition to other interventions and sanctions authorized under this subchapter, the commissioner may order a school district or campus to acquire professional services at the expense of the district or campus to address the applicable financial, assessment, data quality, program, performance, or governance deficiency. The commissioner's order may require the district or campus to:

(1) select or be assigned an external auditor, data quality expert, professional authorized to monitor district assessment instrument administration, or curriculum or program expert; or

(2) provide for or participate in the appropriate training of district staff or board of trustees members in the case of a district, or campus staff, in the case of a campus.

Sec. 39.110. Costs Paid by District.

The costs of providing a monitor, conservator, management team, campus intervention team, technical assistance team, managing entity, or service provider under this subchapter shall be paid by the district. If the district fails or refuses to pay the costs in a timely manner, the commissioner may:

(1) pay the costs using amounts withheld from any funds to which the district is otherwise entitled; or

(2) recover the amount of the costs in the manner provided for recovery of an overallocation of state funds under Section 42.258.

(Acts 1995, 74th Leg., ch. 260, effective May 30, 1995; Acts 1999, 76th Leg., ch. 1365, effective June 19, 1999; Acts 2001, 77th Leg., ch. 834, effective September 1, 2001; Acts 2001, 77th Leg., ch. 1504, effective September 1, 2001; Acts 2003, 78th Leg., ch. 342, effective September 1, 2003; Acts 2006, 79th Leg., 3rd C.S., ch. 5 (H.B. 1), § 3.21, effective May 31, 2006; am. Acts 2009, 81st Leg., ch. 895 (H.B. 3), § 59, effective June 19, 2009 (renumbered from Sec. 39.134).)

Sec. 39.111. Conservator or Management Team.

(a) The commissioner shall clearly define the powers and duties of a conservator or management team appointed to oversee the operations of the district.

(b) At least every 90 days, the commissioner shall review the need for the conservator or management team and shall remove the conservator or management team unless the commissioner determines that continued appointment is necessary for effective governance of the district or delivery of instructional services.

(c) A conservator or management team, if directed by the commissioner, shall prepare a plan for the implementation of action under Section 39.102(a)(9) or (10). The conservator or management team:

(1) may direct an action to be taken by the principal of a campus, the superintendent of the district, or the board of trustees of the district;

(2) may approve or disapprove any action of the principal of a campus, the superintendent of the district, or the board of trustees of the district;

(3) may not take any action concerning a district election, including ordering or canceling an election or altering the date of or the polling places for an election;

(4) may not change the number of or method of selecting the board of trustees;

(5) may not set a tax rate for the district; and

(6) may not adopt a budget for the district that provides for spending a different amount, exclusive of required debt service, from that previously adopted by the board of trustees.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2009, 81st Leg., ch. 895 (H.B. 3), § 59, effective June 19, 2009 (renumbered from Sec. 39.135).)

Sec. 39.112. Board of Managers.

(a) A board of managers may exercise all of the powers and duties assigned to a board of trustees of a school district by law, rule, or regulation. This subchapter applies to a district governed by a board of managers in the same manner that this subchapter applies to any other district.

(b) If the commissioner appoints a board of managers to govern a district, the powers of the board of trustees of the district are suspended for the period of the appointment and the commissioner shall appoint a district superintendent. Notwithstanding any other provision of this code, the board of managers may amend the budget of the district.

(c) If the commissioner appoints a board of managers to govern a campus, the powers of the board of trustees of the district in relation to the campus are suspended for the period of the appointment and the commissioner shall appoint a campus principal. Notwithstanding any other provision of this code, the board of managers may submit to the commissioner for approval amendments to the budget of the district for the benefit of the campus. If the commissioner approves the amendments, the board of trustees of the district shall adopt the amendments.

(d) A conservator or a member of a management team appointed to serve on a board of managers may continue to be compensated as determined by the commissioner.

(e) At the direction of the commissioner but not later than the second anniversary of the date the board of managers of a district was appointed, the board of managers shall order an election of members of the district board of trustees. The election must be held on a uniform election date on which an election of district trustees may be held under Section 41.001, Election Code, that is at least 180 days after the date the election was ordered. On qualification of members for office, the board of trustees assumes all of the powers and duties assigned to a board of trustees by law, rule, or regulation.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2009, 81st Leg., ch. 895 (H.B. 3), § 59, effective June 19, 2009 (renumbered from Sec. 39.136).)

Sec. 39.113. Campus Intervention Team Members.

A campus intervention team appointed under this subchapter may consist of teachers, principals, other educational professionals, and superintendents recognized for excellence in their roles and appointed by the commissioner to serve as members of a team.

Sec. 39.114. Immunity from Civil Liability.

An employee, volunteer, or contractor acting on behalf of the commissioner under this subchapter is immune from civil liability to the same extent as a professional employee of a school district under Section 22.051.

(Acts 1995, 74th Leg., ch. 260, effective May 30, 1995; Acts 1999, 76th Leg., ch. 1365, effective June 19, 1999; Acts 2001, 77th Leg., ch. 834, effective September 1, 2001; Acts 2001, 77th Leg., ch. 1504, effective September 1, 2001; Acts 2003, 78th Leg., ch. 342, effective September 1, 2003; am. Sec. 39.115. Campus Name Change Prohibited.

In reconstituting, repurposing, or imposing any other intervention or sanction on a campus under this subchapter, the commissioner may not require that the name of the campus be changed.

(Enacted by Acts 2009, 81st Leg., ch. 895 (H.B. 3), § 59, effective June 19, 2009.)

Sec. 39.116. [Expires September 1, 2014] Transitional Interventions and Sanctions.

(a) During the period of transition to the accreditation system established under H.B. No. 3, Acts of the 81st Legislature, Regular Session, 2009, to be implemented in August 2013, the commissioner may suspend assignment of accreditation statuses and performance ratings for the 2011-2012 school year.

(b) As soon as practicable following the 2011-2012 school year, the commissioner shall report district

and campus performance under the student achievement indicators under Sections 39.053(c)(1)(A) and (B).

(c) For the 2012-2013 school year, the commissioner shall:

(1) report district and campus performance under the student achievement indicator under Section 39.053(c)(1)(B); and

(2) evaluate district and campus performance under the student achievement indicator under Section 39.053(c)(1)(A) and assign district accreditation statuses and district and campus performance ratings based on that evaluation.

(d) Beginning with the 2013-2014 school year, the commissioner shall evaluate district and campus performance under the student achievement indicators under Sections 39.053(c)(1)(A) and (B) and assign district accreditation statuses and district and campus performance ratings based on that evaluation.

(e) During the 2011-2012 and 2012-2013 school years, the commissioner shall continue to implement interventions and sanctions for districts and campuses identified as having unacceptable performance in the 2010-2011 school year in accordance with the performance standards applicable during the 2010-2011 school year and may increase or decrease the level of interventions and sanctions based on an evaluation of the district's or campus's performance.

(f) For purposes of determining multiple years of unacceptable performance and required district and campus interventions and sanctions under this subchapter, the performance ratings and accreditation statuses issued in the 2010-2011 and 2012-2013 school years shall be considered consecutive.

(g) This section expires September 1, 2014.

(Enacted by Acts 2009, 81st Leg., ch. 895 (H.B. 3), § 59, effective June 19, 2009.)

Sec. 39.117. [Expires September 1, 2018] Special Student Recovery Program.

(a) This section applies only to a school district with a student enrollment of at least 60,000 that is located in a county on the international border with a population of 800,000 or more.

(b) The commissioner may require a school district to which this section applies to operate a special student recovery program if the commissioner has imposed a sanction under Section 39.102 based on a determination that the district has, for the purpose of affecting the performance rating under Section 39.054 or former Section 39.072 or a distinction designation under Section 39.202 or 39.203 of the district or a campus in the district:

(1) assigned a student to a grade level to which the student would not otherwise be assigned, in violation of local policy;

(2) retained a student at a grade level at which the student would not otherwise be retained, in violation of local policy;

(3) declined to admit to the schools of the district a student with limited English proficiency who was eligible for admission; or

(4) encouraged a student who was eligible for admission to the district to enroll in another district or drop out of school.

(c) The commissioner shall require a school district to which this section applies to operate a special student recovery program if the superintendent or assistant superintendent of the district or a principal or assistant principal of a campus in the district is convicted of or receives a grant of deferred adjudication community supervision for an offense associated with conduct described by Subsection (b).

(d) A special student recovery program must include:

(1) identification of students affected by conduct described by Subsection (b), with an emphasis on identifying and obtaining current addresses for students who dropped out of school after the conduct;

(2) notification of students identified under Subdivision (1) of the availability of educational services provided through the program;

(3) provision of appropriate compensatory, intensive, and accelerated instructional services for students identified under Subdivision (1), including services designed to enable students to obtain high school equivalency certificates under Section 7.111; and

(4) for students identified under Subdivision (1) who are at least 21 years of age and under 26 years of age, the offer of admission to the schools of the district for the purpose of completing the requirements for a high school diploma, as authorized by Section 25.001.

(Enacted by Acts 1997, 75th Leg., ch. 592 (H.B. 4), art. 1, § 1.01, effective September 1, 1997.)

Sec. 41.002. Equalized Wealth Level.

(a) A school district may not have a wealth per student that exceeds:

(1) the wealth per student that generates the amount of maintenance and operations tax revenue per weighted student available to a district with maintenance and operations tax revenue per cent of tax effort equal to the maximum amount provided per cent under Section 42.101(a) or (b), for the district's maintenance and operations tax effort equal to or less than the rate equal to the product of the state compression percentage, as determined under Section 42.2516, multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year;

(2) the wealth per student that generates the amount of maintenance and operations tax revenue per weighted student available to the Austin Independent School District, as determined by the commissioner in cooperation with the Legislative Budget Board, for the first six cents by which the

district's maintenance and operations tax rate exceeds the rate equal to the product of the state compression percentage, as determined under Section 42.2516, multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year, subject to Section 41.093(b-1); or

(3) $319,500, for the district's maintenance and operations tax effort that exceeds the first six cents by which the district's maintenance and operations tax effort exceeds the rate equal to the product of the state compression percentage, as determined under Section 42.2516, multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year.

(a-1) [Expired pursuant to Acts 2006, 79th Leg., 3rd C.S., ch. 5 (H.B. 1), art. 1, § 1.01, effective September 1, 2012.]

(a-2) [Expired pursuant to Acts 2006, 79th Leg., 3rd C.S., ch. 5 (H.B. 1), § 1.01, effective September 1, 2008.]

(b) For purposes of this chapter, the commissioner shall adjust, in accordance with Section 42.2521, the taxable values of a school district that, due to factors beyond the control of the board of trustees, experiences a rapid decline in the tax base used in calculating taxable values.

(c) [Repealed by Acts 1999, 76th Leg., ch. 396 (S.B. 4), § 3.01(a), effective September 1, 1999.]

(d) [Expired pursuant to Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective September 1, 1996.]

(e) Notwithstanding Subsection (a), and except as provided by Subsection (g), in accordance with a determination of the commissioner, the wealth per student that a school district may have after exercising an option under Section 41.003(2) or (3) may not be less than the amount needed to maintain state and local revenue in an amount equal to state and local revenue per weighted student for maintenance and operation of the district for the 1992-1993 school year less the district's current year distribution per weighted student from the available school fund, other than amounts distributed under Chapter 31, if the district imposes an effective tax rate for maintenance and operation of the district equal to the greater of the district's current tax rate or $1.50 on the $100 valuation of taxable property.

(f) For purposes of Subsection (e), a school district's effective tax rate is determined by dividing the total amount of taxes collected by the district for the applicable school year less any amounts paid into a tax increment fund under Chapter 311, Tax Code, by the quotient of the district's taxable value of property, as determined under Subchapter M, Chapter 403, Government Code, divided by 100.

(g) The wealth per student that a district may have under Subsection (e) is adjusted as follows:

AWPS = WPS X (((EWL/280,000 - 1) X DTR/1.5) + 1)

where:

"AWPS" is the district's wealth per student;

"WPS" is the district's wealth per student determined under Subsection (e);

"EWL" is the equalized wealth level; and

"DTR" is the district's adopted maintenance and operations tax rate for the current school year.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1997, 75th Leg., ch. 1071 (S.B. 1873), § 7, effective September 1, 1997; am. Sec. 41.0021. Wealth Per Student in Certain Districts Not Serving All Grades [Expired].

Expired pursuant to Acts 2001, 77th Leg., ch. 1156 (H.B. 2879), § 2, effective September 1, 2004 and Acts 2003, 78th Leg., ch. 201 (H.B. 3459), § 28, effective September 1, 2004.

(Enacted by Acts 2001, 77th Leg., ch. 1156 (H.B. 2879), § 2, effective September 1, 2001; am. Acts 2003, 78th Leg., ch. 201 (H.B. 3459), § 28(a), effective September 1, 2003; am. Acts 2003, 78th Leg., ch. 328 (S.B. 206), § 1.)

Sec. 41.003. Options to Achieve Equalized Wealth Level.

A district with a wealth per student that exceeds the equalized wealth level may take any combination of the following actions to achieve the equalized wealth level:

(1) consolidation with another district as provided by Subchapter B;

(2) detachment of territory as provided by Subchapter C;

(3) purchase of average daily attendance credit as provided by Subchapter D;

(4) education of nonresident students as provided by Subchapter E; or

(5) tax base consolidation with another district as provided by Subchapter F.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 1, § 1.03, effective September 1, 1999.)

Sec. 41.0031. Inclusion of Attendance Credits and Nonresidents in Weighted Average Daily Attendance.

In determining whether a school district has a wealth per student less than or equal to the equalized wealth level, the commissioner shall use:

(1) the district's final weighted average daily attendance; and

(2) the number of attendance credits a district purchases under Subchapter D or the number of nonresident students a district educates under Subchapter E for a school year.

(Enacted by Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 1, § 1.04, effective September 1, 1999.)

Sec. 41.004. Annual Review of Property Wealth.

(a) Not later than July 15 of each year, using the estimate of enrollment under Section 42.254, the commissioner shall review the wealth per student of school districts in the state and shall notify:

(1) each district with wealth per student exceeding the equalized wealth level;

(2) each district to which the commissioner proposes to annex property detached from a district notified under Subdivision (1), if necessary, under Subchapter G; and

(3) each district to which the commissioner proposes to consolidate a district notified under Subdivision (1), if necessary, under Subchapter H.

(b) If, before the dates provided by this subsection, a district notified under Subsection (a)(1) has not successfully exercised one or more options under Section 41.003 that reduce the district's wealth per student to a level equal to or less than the equalized wealth level, the commissioner shall order the detachment of property from that district as provided by Subchapter G. If that detachment will not reduce the district's wealth per student to a level equal to or less than the equalized wealth level, the commissioner may not detach property under Subchapter G but shall order the consolidation of the district with one or more other districts as provided by Subchapter H. An agreement under Section 41.003(1) or (2) must be executed not later than September 1 immediately following the notice under Subsection (a). An election for an option under Section 41.003(3), (4), or (5) must be ordered before September 1 immediately following the notice under Subsection (a).

(c) A district notified under Subsection (a) may not adopt a tax rate for the tax year in which the district receives the notice until the commissioner certifies that the district has achieved the equalized wealth level.

(d) A detachment and annexation or consolidation under this chapter:

(1) is effective for Foundation School Program funding purposes for the school year that begins in the calendar year in which the detachment and annexation or consolidation is agreed to or ordered; and

(2) applies to the ad valorem taxation of property beginning with the tax year in which the agreement or order is effective.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 1, § 1.05, effective September 1, 1999.)

Sec. 41.0041. Effect of State Aid.

(a) Notwithstanding any other provision of this chapter, if a school district's wealth per student exceeds the equalized wealth level for the first time in the 2006-2007 or a later school year, the commissioner may consider the district to have reduced its wealth per student to the equalized wealth level for any school year as provided by this section.

(b) When the commissioner initially identifies a school district under Section 41.004 as having a wealth per student for a school year that exceeds the equalized wealth level, the commissioner shall estimate:

(1) the amount of state revenue to which the district is entitled under Chapter 42 for that school year; and

(2) the cost to the district to purchase attendance credits under Subchapter D in an amount sufficient to reduce the district's wealth per student to the equalized wealth level for that school year.

(c) If the commissioner determines that the amount described by Subsection (b)(1) exceeds the amount described by Subsection (b)(2), the commissioner shall notify the district of the commissioner's determination. In lieu of exercising an option described by Section 41.003, the district's board of trustees may authorize the commissioner to withhold from the state revenue to which the district is entitled under Chapter 42 an amount equal to the amount described by Subsection (b)(2).

(d) In calculating the amount of state revenue to be withheld from a school district under this section, the commissioner shall calculate the cost for the district to reduce the district's wealth per student to the equalized wealth level using the final attendance and tax rate data for the school year and shall award the district any available credit or discount under Subchapter D as if the district had exercised the option under Section 41.003(3) in a timely manner. If the final amount calculated for the cost for the district to reduce the district's wealth per student to the equalized wealth level for a school year exceeds

the amount of state revenue to which the district is entitled under Chapter 42 for that year:

(1) the commissioner shall:

(A) withhold the entire amount of state revenue to which the district is entitled under Chapter 42 for that year; and

(B) withhold the additional amount of the cost for the district to reduce the district's wealth per student to the equalized wealth level for that year from the state revenue to which the district is entitled under Chapter 42 for a subsequent school year, or if the additional amount exceeds the amount of state revenue to which the district is entitled, add the difference to the cost of the attendance credits that the district must purchase in the subsequent year; and

(2) the district is not required to take any further action to reduce its wealth per student for that year.

(e) An action by the board of trustees of a school district authorizing the commissioner to withhold state revenue from the district under this section is valid without voter authorization.

(Enacted by Acts 2007, 80th Leg., ch. 335 (H.B. 3226), § 1s, effective June 15, 2007; am. Acts 2013, 83rd Leg., ch. 1370 (S.B. 1658), §§ 1, 2, effective September 1, 2013.)

Sec. 41.005. Comptroller and Appraisal District Cooperation.

The chief appraiser of each appraisal district and the comptroller shall cooperate with the commissioner and school districts in implementing this chapter.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.006. Rules.

(a) The commissioner may adopt rules necessary for the implementation of this chapter. The rules may provide for the commissioner to make necessary adjustments to the provisions of Chapter 42, including providing for the commissioner to make an adjustment in the funding element established by Section 42.302, at the earliest date practicable, to the amount the commissioner believes, taking into consideration options exercised by school districts under this chapter and estimates of student enrollments, will match appropriation levels.

(b) As necessary for the effective and efficient administration of this chapter, the commissioner may modify effective dates and time periods for actions described by this chapter.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1997, 75th Leg., ch. 1071 (S.B. 1873), § 8, effective September 1, 1997.)

Sec. 41.007. Commissioner to Approve Subsequent Boundary Changes.

A school district that is involved in an action under this chapter that results in boundary changes to the district or in the consolidation of tax bases is subject to consolidation, detachment, or annexation under Chapter 13 only if the commissioner certifies that the change under Chapter 13 will not result in a district with a wealth per student that exceeds the equalized wealth level.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.008. Homestead Exemptions.

(a) The governing board of a school district that results from consolidation under this chapter, including a consolidated taxing district under Subchapter F, for the tax year in which the consolidation occurs may determine whether to adopt a homestead exemption provided by Section 11.13, Tax Code, and may set the amount of the exemption, if adopted, at any time before the school district adopts a tax rate for that tax year. This section applies only to an exemption that the governing board of a school district is authorized to adopt or change in amount under Section 11.13, Tax Code.

(b) This section prevails over any inconsistent provision of Section 11.13, Tax Code, or other law.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.009. Tax Abatements.

(a) A tax abatement agreement executed by a school district that is involved in consolidation or in detachment and annexation of territory under this chapter is not affected and applies to the taxation of the property covered by the agreement as if executed by the district within which the property is included.

(b) The commissioner shall determine the wealth per student of a school district under this chapter as if any tax abatement agreement executed by a school district on or after May 31, 1993, had not been executed.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.010. Tax Increment Obligations.

The payment of tax increments under Chapter 311, Tax Code, is not affected by the consolidation of territory or tax bases or by annexation under this chapter. In each tax year a school district paying a tax increment from taxes on property over which the

district has assumed taxing power is entitled to retain the same percentage of the tax increment from that property that the district in which the property was located before the consolidation or annexation could have retained for the respective tax year.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.011. Contingency.

(a) If any of the options described by Section 41.003 as applied to a school district are held invalid by a final decision of a court of competent jurisdiction, a school district is entitled to exercise any of the remaining valid options in accordance with a schedule approved by the commissioner.

(b) If a final order of a court of competent jurisdiction should hold each of the options provided by Section 41.003 invalid, the commissioner shall act under Subchapter G or H to achieve the equalized wealth level only after notice and hearing is afforded to each school district affected by the order. The commissioner shall adopt a plan that least disrupts the affected school districts. If because the exigency to adopt a plan prevents the commissioner from giving a reasonable time for notice and hearing, the commissioner shall timely give notice to and hold a hearing for the affected school districts, but in no event less than 30 days from time of notice to the date of hearing.

(c) If a final order of a court of competent jurisdiction should hold an option provided by Section 41.003 invalid and order a refund to a district of any amounts paid by a district choosing that option, the amount shall be refunded but held in reserve and not expended by the district until released by order of the commissioner. The commissioner shall order the release immediately on the commissioner's determination that, through one of the means provided by law, the district has achieved the equalized wealth level. The amount released shall be deducted from any state aid payable to the district according to a schedule adopted by the commissioner.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.012. Date of Elections.

An election under this chapter for voter approval of an agreement entered by the board of trustees shall be held on a Tuesday or Saturday not more than 45 days after the date of the agreement. Section 41.001, Election Code, does not apply to the election.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.013. Procedure.

(a) Except as provided by Subchapter G, a decision of the commissioner under this chapter is appealable under Section 7.057.

(b) Any order of the commissioner issued under this chapter shall be given immediate effect and may not be stayed or enjoined pending any appeal.

(c) Chapter 2001, Government Code, does not apply to a decision of the commissioner under this chapter.

(d) On the request of the commissioner, the secretary of state shall publish any rules adopted under this chapter in the Texas Register and the Texas Administrative Code.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

SUBCHAPTER B
CONSOLIDATION BY AGREEMENT

Sec. 41.031. Agreement.

The governing boards of any two or more school districts may consolidate the districts by agreement in accordance with this subchapter to establish a consolidated district with a wealth per student equal to or less than the equalized wealth level. The agreement is not effective unless the commissioner certifies that the consolidated district, as a result of actions taken under this chapter, will have a wealth per student equal to or less than the equalized wealth level.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.032. Governing Law.

Except to the extent modified by the terms of the agreement, the consolidated district is governed by the applicable provisions of Subchapter D, Chapter 13, other than a provision requiring consolidating districts to be contiguous. The agreement may not be inconsistent with the requirements of this subchapter.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.033. Governance Plan.

(a) The agreement among the consolidating districts may include a governance plan designed to preserve community-based and site-based decision making within the consolidated district, including the delegation of specific powers of the governing board of the district other than the power to levy taxes, including a provision authorized by Section 13.158(b).

(b) The governance plan may provide for a transitional board of trustees during the first year after consolidation, but beginning with the next year the board of trustees must be elected from within the boundaries of the consolidated district. If the consolidating districts elect trustees from single-member districts, the consolidated district must adopt a plan to elect its board of trustees from single-member districts.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2003, 78th Leg., ch. 201 (H.B. 3459), § 29, effective September 1, 2003.)

Sec. 41.034. Incentive Aid.

(a) For the first and second school years after creation of a consolidated district under this subchapter, the commissioner shall adjust allotments to the consolidated district to the extent necessary to preserve the effects of an adjustment under Section 42.102, 42.103, or 42.105 to which either of the consolidating districts would have been entitled but for the consolidation.

(b) Except as provided by Subsection (c), a district receiving incentive aid payments under this section is not entitled to incentive aid under Subchapter G, Chapter 13.

(c) Four or more districts that consolidate into one district under this subchapter within a period of one year may elect to receive incentive aid under this section or to receive incentive aid for not more than five years under Subchapter G, Chapter 13. Incentive aid under this subsection may not provide the consolidated district with more revenue in state and local funds than the district would receive at the equalized wealth level.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

SUBCHAPTER C
DETACHMENT AND ANNEXATION BY AGREEMENT

Sec. 41.061. Agreement.

(a) By agreement of the governing boards of two school districts, territory may be detached from one of the districts and annexed to the other district if, after the action:

(1) the wealth per student of the district from which territory is detached is equal to or less than the equalized wealth level; and

(2) the wealth per student of the district to which territory is annexed is not greater than the greatest level for which funds are provided under Subchapter F, Chapter 42.

(b) The agreement is not effective unless the commissioner certifies that, after all actions taken under this chapter, the wealth per student of each district involved will be equal to or less than the applicable level permitted by Subsection (a).

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.062. Governing Law.

Except to the extent of any conflict with this chapter and except for any requirement that detached property must be annexed to a school district that is contiguous to the detached territory, the annexation and detachment is governed by Chapter 13.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.063. Allocation of Appraised Value of Divided Unit.

If portions of a parcel or other item of property are located in different school districts as a result of a detachment and annexation under this subchapter, the parcel or other item of property shall be appraised for taxation as a unit, and the agreement shall allocate the taxable value of the property between the districts.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.064. Allocation of Indebtedness.

The annexation agreement may allocate to the receiving district any portion of the indebtedness of the district from which the territory is detached, and the receiving district assumes and is liable for the allocated indebtedness.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.065. Notice.

As soon as practicable after the agreement is executed, the districts involved shall notify each affected property owner and the appraisal district in which the affected property is located.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

SUBCHAPTER D
PURCHASE OF ATTENDANCE CREDIT

Sec. 41.091. Agreement.

A school district with a wealth per student that exceeds the equalized wealth level may execute an agreement with the commissioner to purchase attendance credits in an amount sufficient, in combi-

nation with any other actions taken under this chapter, to reduce the district's wealth per student to a level that is equal to or less than the equalized wealth level.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.092. Credit.

(a) For each credit purchased, the weighted average daily attendance of the purchasing school district is increased by one student in weighted average daily attendance for purposes of determining whether the district exceeds the equalized wealth level.

(b) A credit is not used in determining a school district's scholastic population, average daily attendance, or weighted average daily attendance for purposes of Chapter 42 or 43.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.093. Cost.

(a) Subject to Subsection (b-1), the cost of each credit is an amount equal to the greater of:

(1) the amount of the district's maintenance and operations tax revenue per student in weighted average daily attendance for the school year for which the contract is executed; or

(2) the amount of the statewide district average of maintenance and operations tax revenue per student in weighted average daily attendance for the school year preceding the school year for which the contract is executed.

(b) For purposes of this section, a school district's maintenance and operations tax revenue does not include any amounts paid into a tax increment fund under Chapter 311, Tax Code.

(b-1) If the guaranteed level of state and local funds per weighted student per cent of tax effort under Section 42.302(a-1)(1) for which state funds are appropriated for a school year is an amount at least equal to the amount of revenue per weighted student per cent of tax effort available to the Austin Independent School District, as determined by the commissioner in cooperation with the Legislative Budget Board, the commissioner, in computing the amounts described by Subsections (a)(1) and (2) and determining the cost of an attendance credit, shall exclude maintenance and operations tax revenue resulting from the first six cents by which a district's maintenance and operations tax rate exceeds the rate equal to the product of the state compression percentage, as determined under Section 42.2516, multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year.

(b-2) [Expired pursuant to Acts 2006, 79th Leg., 3rd C.S., ch. 5 (H.B. 1), § 1.02, effective September 1, 2008.]

(c) The cost of an attendance credit for a school district is computed using the final tax collections of the district.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1997, 75th Leg., ch. 592 (H.B. 4), art. 1, § 1.02, effective September 1, 1997; am. Acts 1997, 75th Leg., ch. 1071 (S.B. 1873), § 9, effective September 1, 1997; am. Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 1, § 1.06, effective September 1, 1999; am. Acts 2006, 79th Leg., 3rd C.S., ch. 5 (H.B. 1), art. 1, § 1.02, effective May 31, 2006; am. Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 45, effective September 1, 2009.)

Sec. 41.0931. Disaster Remediation Costs.

(a) This section applies only to a district all or part of which is located in an area declared a disaster area by the governor under Chapter 418, Government Code, and that incurs disaster remediation costs as a result of the disaster.

(b) Subject to Subsection (c), for the two-year period following the date of the governor's initial proclamation or executive order declaring a state of disaster, the total amount required to be paid by a district for attendance credits under Section 41.093 is reduced by the amount of any disaster remediation costs that the district pays during that period and does not anticipate recovering through insurance proceeds, federal disaster relief payments, or another similar source of reimbursement.

(b-1) [Expired pursuant to Acts 2009, 81st Leg., ch. 1006 (H.B. 4102), § 3, effective September 1, 2010.]

(c) To receive a reduction under this section, a district must provide the commissioner with acceptable documentation of disaster remediation costs paid by the district.

(d) The commissioner shall adopt rules necessary to implement this section, including rules defining "disaster remediation costs" for purposes of this section and specifying the type of documentation required under Subsection (c).

(e) Notwithstanding any other provision of this section, the commissioner may permit a district to use funds available to the district as a result of a reduction under this section to pay the costs of replacing a facility instead of repairing the facility. The commissioner shall ensure that a district that elects to replace a facility does not receive a reduction that exceeds the lesser of:

(1) the amount that would be available to the district if the facility were repaired; or

(2) the amount necessary to replace the facility.
(Enacted by Acts 2009, 81st Leg., ch. 1006 (H.B. 4102), § 3, effective June 19, 2009.)

Sec. 41.094. Payment.

(a) A school district shall pay for credits purchased in equal monthly payments as determined by the commissioner beginning February 15 and ending August 15 of the school year for which the agreement is in effect.

(a-1) [Expired pursuant to Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective September 1, 1996.]

(b) Receipts shall be deposited in the state treasury and may be used only for foundation school program purposes.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.095. Duration.

An agreement under this section is valid for one school year and, subject to Section 41.096, may be renewed annually.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.096. Voter Approval.

(a) After first executing an agreement under this section, the board of trustees shall order and conduct an election, in the manner provided by Sections 13.003(d)—(g), to obtain voter approval of the agreement.

(b) The ballot shall be printed to permit voting for or against the proposition: "Authorizing the board of trustees of _____ School District to purchase attendance credits from the state with local tax revenues."

(c) The proposition is approved if the proposition receives a favorable vote of a majority of the votes cast. If the proposition is approved, the agreement executed by the board is ratified, and the board has continuing authority to execute agreements under this subchapter on behalf of the district without further voter approval.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.097. Credit for Appraisal Costs.

(a) The total amount required under Section 41.093 for a district to purchase attendance credits under this subchapter for any school year is reduced by an amount equal to the product of the district's total costs under Section 6.06, Tax Code, for the appraisal district or districts in which it participates multiplied by a percentage that is computed by dividing the total amount required under Section 41.093 by the total amount of taxes imposed in the district for that year less any amounts paid into a tax increment fund under Chapter 311, Tax Code.

(b) A school district is entitled to a reduction under Subsection (a) beginning with the 1996-1997 school year. For that school year, the reduction to which a district is entitled is the sum of the amounts computed under Subsection (a) for the 1993-1994, 1994-1995, 1995-1996, and 1996-1997 school years. If that amount exceeds the total amount required under Section 41.093 for the 1996-1997 school year, the difference is carried forward and the total amount required under Section 41.093 is reduced each subsequent school year until the total amount of the credit has been applied to such reductions.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1997, 75th Leg., ch. 1071 (S.B. 1873), § 10, effective September 1, 1997; am. Acts 2007, 80th Leg., ch. 648 (H.B. 1010), § 3, effective January 1, 2008.)

Sec. 41.098. Early Agreement Credit.

A district that submits a signed agreement under this subchapter to the commissioner before September 1 of the school year for which the agreement is made may reduce the total amount required to be paid for attendance credits under Section 41.093 by the lesser of four percent or $80 per credit purchased.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.099. Limitation.

(a) Sections 41.002(e), 41.094, 41.097, and 41.098 apply only to a district that:

(1) executes an agreement to purchase all attendance credits necessary to reduce the district's wealth per student to the equalized wealth level;

(2) executes an agreement to purchase attendance credits and an agreement under Subchapter E to contract for the education of nonresident students who transfer to and are educated in the district but who are not charged tuition; or

(3) executes an agreement under Subchapter E to contract for the education of nonresident students:

(A) to an extent that does not provide more than 10 percent of the reduction in wealth per student required for the district to achieve a wealth per student that is equal to or less than the equalized wealth level; and

(B) under which all revenue paid by the district to other districts, in excess of the reduction in state aid that results from counting the weighted average daily attendance of the stu-

dents served in the contracting district, is required to be used for funding a consortium of at least three districts in a county with a population of less than 40,000 that is formed to support a technology initiative.

(b) A district that executes an agreement under Subsection (a)(3) must pay full market value for any good or service the district obtains through the consortium.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1997, 75th Leg., ch. 1071 (S.B. 1873), § 11, effective September 1, 1997.)

SUBCHAPTER E
EDUCATION OF NONRESIDENT STUDENTS

Sec. 41.121. Agreement.

(a) The board of trustees of a district with a wealth per student that exceeds the equalized wealth level may execute an agreement to educate the students of another district in a number that, when the weighted average daily attendance of the students served is added to the weighted average daily attendance of the contracting district, is sufficient, in combination with any other actions taken under this chapter, to reduce the district's wealth per student to a level that is equal to or less than the equalized wealth level. The agreement is not effective unless the commissioner certifies that the transfer of weighted average daily attendance will not result in any of the contracting districts' wealth per student being greater than the equalized wealth level and that the agreement requires an expenditure per student in weighted average daily attendance that is at least equal to the amount per student in weighted average daily attendance required under Section 41.093.

(b) [Expired pursuant to Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 46, effective September 1, 2011.]

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 46, effective September 1, 2009.)

Sec. 41.122. Voter Approval.

(a) After first executing an agreement under this subchapter other than an agreement under Section 41.125, the board of trustees of the district that will be educating nonresident students shall order and conduct an election, in the manner provided by Sections 13.003(d)-(g), to obtain voter approval of the agreement.

(b) The ballot shall be printed to permit voting for or against the proposition: "Authorizing the board of trustees of _____ School District to educate students of other school districts with local tax revenues."

(c) The proposition is approved if the proposition receives a favorable vote of a majority of the votes cast. If the proposition is approved, the agreement executed by the board is ratified, and the board has continuing authority to execute agreements under this subchapter on behalf of the district without further voter approval.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2003, 78th Leg., ch. 61 (H.B. 242), § 5, effective September 1, 2003.)

Sec. 41.123. WADA Count.

For purposes of Chapter 42, students served under an agreement under this subchapter are counted only in the weighted average daily attendance of the district providing the services, except that students served under an agreement authorized by Section 41.125 are counted in a manner determined by the commissioner.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2003, 78th Leg., ch. 61 (H.B. 242), § 6, effective September 1, 2003.)

Sec. 41.124. Transfers.

(a) The board of trustees of a school district with a wealth per student that exceeds the equalized wealth level may reduce the district's wealth per student by serving nonresident students who transfer to the district and are educated by the district but who are not charged tuition. A district that exercises the option under this subsection is not required to execute an agreement with the school district in which a transferring student resides and must certify to the commissioner that the district has not charged or received tuition for the transferring students.

(b) A school district with a wealth per student that exceeds the equalized wealth level that pays tuition to another school district for the education of students that reside in the district may apply the amount of tuition paid toward the cost of the option chosen by the district to reduce its wealth per student. The amount applied under this subsection may not exceed the amount determined under Section 41.093 as the cost of an attendance credit for the district. The commissioner may require any reports necessary to document the tuition payments.

(c) A school district that receives tuition for a student from a school district with a wealth per student that exceeds the equalized wealth level may

not claim attendance for that student for purposes of Chapters 42 and 46 and the instructional materials allotment under Section 31.0211.
(Enacted by Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 1, § 1.07, effective September 1, 1999; am. Acts 2011, 82nd Leg., ch. 91 (S.B. 1303), § 7.012, effective September 1, 2011 am. Acts 2011, 82nd Leg., 1st C.S., ch. 6 (S.B. 6), § 64, effective July 19, 2011.)

Sec. 41.125. Career and Technology Education Programs.

(a) The board of trustees of a school district with a wealth per student that exceeds the equalized wealth level may reduce the district's wealth per student by executing an agreement to provide students of one or more other districts with career and technology education through a program designated as an area program for career and technology education.

(b) The agreement is not effective unless the commissioner certifies that:

(1) implementation of the agreement will not result in any of the affected districts' wealth per student being greater than the equalized wealth level; and

(2) the agreement requires the district with a wealth per student that exceeds the equalized wealth level to make expenditures benefiting students from other districts in an amount at least equal to the amount that would be required for the district to purchase the number of attendance credits under Subchapter D necessary, in combination with any other actions taken under this chapter other than an action under this section, to reduce the district's wealth per student to a level that is equal to or less than the equalized wealth level.

(Enacted by Acts 2003, 78th Leg., ch. 61 (H.B. 242), § 7, effective September 1, 2003.)

SUBCHAPTER F

Sec. 41.151. Agreement.

The board of trustees of two or more school districts may execute an agreement to conduct an election on the creation of a consolidated taxing district for the maintenance and operation of the component school districts. The agreement is subject to approval by the commissioner. The agreement is not effective unless the commissioner certifies that the consolidated taxing district will have a wealth per student equal to or less than the equalized wealth level after all actions taken under this chapter.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

(b) The rate to be included in the proposition shall be provided by the agreement among the districts but may not exceed the maximum rate provided by law for independent school districts.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.154. Approval.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.155. Consolidated Taxing District.

A consolidated taxing district is a school district established for the limited purpose of exercising the taxing power authorized by Section 3, Article VII, Texas Constitution, and distributing the revenue to its component school districts.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.156. Governance.

(c) A component district may not levy an ad valorem tax for the maintenance and operation of the schools.

(d) Notwithstanding Section 45.003, the consolidated taxing district may levy, assess, and collect a maintenance tax for the benefit of the component districts at a rate that exceeds $1.50 per $100 valuation of taxable property to the extent necessary to pay contracted obligations on the lease purchase of permanent improvements to real property entered into on or before May 12, 1993. The proposition to impose taxes at the necessary rate must be submitted to the voters in the manner provided by Section 45.003.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

(b) A component district levying an ad valorem tax under this section or Section 41.160(b)(1) is entitled to the guaranteed yield provided by Subchapter F, Chapter 42, for that portion of its tax rate that, when added to the maintenance tax levied by the consolidated taxing unit, does not exceed the limitation provided by Section 42.303.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.160. Optional Total Tax Base Consolidation.

(a) An agreement executed under Section 41.151 may provide for total tax base consolidation instead of consolidation for maintenance and operation purposes only.

(1) the component districts may not levy maintenance or bond taxes, except to the extent necessary to retire bonds and other obligations issued before the effective date of the consolidation;

(2) the joint board may issue bonds and levy, pledge, and collect ad valorem taxes sufficient to pay the principal of and interest on those bonds, and issue refunding bonds, as provided by Chapter 45 for independent school districts; and

SUBCHAPTER G
DETACHMENT AND ANNEXATION BY COMMISSIONER

Sec. 41.201. Definition.

In this subchapter, "mineral property" means a real property mineral interest that has been severed from the surface estate by a mineral lease creating a determinable fee or by a conveyance that creates an interest taxable separately from the surface estate. A mineral property includes each royalty interest, working interest, or other undivided interest in the mineral property.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.202. Determination of Taxable Value.

(a) For purposes of this subchapter, the taxable value of an individual parcel or other item of property and the total taxable value of property in a school district resulting from the detachment of property from or annexation of property to that district is determined by applying the appraisal ratio for the appropriate category of property determined under Subchapter M, Chapter 403, Government Code, for the preceding tax year to the taxable value of the detached or annexed property determined under Title 1, Tax Code, for the preceding tax year.

(b) For purposes of this subchapter, the taxable value of all or a portion of a parcel or item of real property includes the taxable value of personal property having taxable situs at the same location as the real property.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.203. Property Subject to Detachment and Annexation.

(a) Only the following property may be detached and annexed under this subchapter:

(1) a mineral property;

(2) real property used in the operation of a public utility, including a pipeline, pipeline gathering system, or railroad or other rail system; and

(3) real property used primarily for industrial or other commercial purposes, other than property used primarily for agriculture or for residential purposes.

(b) If a final judgment of a court determines that a mineral interest may not be annexed and detached as provided by this subchapter without an attendant annexation and detachment of the surface estate or any other interest in the same land, the detachment and annexation of a mineral interest under this subchapter includes the surface estate and each other interest in the land covered by the mineral interest.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.204. Taxation of Personal Property.

Personal property having a taxable situs at the same location as real property detached and annexed under this subchapter is taxable by the school district to which the real property is annexed.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.205. Detachment of Property.

(a) The commissioner shall detach property under this section from each school district from which the commissioner is required under Section 41.004 to detach property under this subchapter.

(b) The commissioner shall detach from each school district covered by Subsection (a) one or more whole parcels or items of property in descending order of the taxable value of each parcel or item, beginning with the parcel or item having the greatest taxable value, until the school district's wealth per student is equal to or less than the equalized wealth level, except as otherwise provided by Subsection (c).

(c) If the detachment of whole parcels or items of property, as provided by Subsection (a) would result in a district's wealth per student that is less than the equalized wealth level by more than $10,000, the commissioner may not detach the last parcel or item of property and shall detach the next one or more parcels or items of property in descending order of taxable value that would result in the school district having a wealth per student that is equal to or less than the equalized wealth level by not more than $10,000.

(d) Notwithstanding Subsections (a), (b), and (c), the commissioner may detach only a portion of a parcel or item of property if:

(1) it is not possible to reduce the district's wealth per student to a level that is equal to or less than the equalized wealth level under this subchapter unless some or all of the parcel or item of property is detached and the detachment of the whole parcel or item would result in the district from which it is detached having a wealth per student that is less than the equalized wealth level by more than $10,000; or

(2) the commissioner determines that a partial detachment of that parcel or item of property is preferable to the detachment of one or more other parcels or items having a lower taxable value in order to minimize the number of parcels or items of property to be detached consistent with the purposes of this chapter.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.206. Annexation of Property.

(a) The commissioner shall annex property detached under Section 41.205 to school districts eligible for annexation in accordance with this section. A school district is eligible for annexation of property to it under this subchapter only if, before any detachments or annexations are made in a year, the

district's wealth per student is less than the greatest level for which funds are provided under Subchapter F, Chapter 42.

(b) Property may be annexed to a school district without regard to whether the property is contiguous to other property in that district.

(c) The commissioner shall annex property detached from school districts beginning with the property detached from the school district with the greatest wealth per student before detachment, and continuing with the property detached from each other school district in descending order of the district's wealth per student before detachment.

(d) The commissioner shall annex the parcels or items of property detached from a school district to other school districts that are eligible for annexation of property in descending order of the taxable value of each parcel or item according to the following priorities:

(1) first, to the eligible school districts assigned to the same county as the school district from which the property is detached whose total adopted tax rate for the preceding tax year does not exceed by more than $0.15 the total tax rate adopted for that year by the school district from which the property is detached;

(2) second, to the eligible school districts served by the same regional education service center as the district from which the property is detached whose total adopted tax rate for the preceding tax year does not exceed by more than $0.10 the total tax rate adopted for that year by the school district from which the property is detached; and

(3) third, to other eligible school districts whose total adopted tax rate for the preceding tax year does not exceed by more than $0.05 the total tax rate adopted for that year by the school district from which the property is detached.

(e) If the districts identified by Subsection (d) for a school district are insufficient to annex all the property detached from the school district, the commissioner shall increase, for purposes of this section, all the maximum difference in tax rates allowed under Subsection (d) in increments of $0.01 until the districts are identified that are sufficient to annex all the property detached from the district.

(f) If only one school district is eligible to annex property detached from a school district within a priority group established by Subsections (d) and (e), the commissioner shall annex property to that district until it reaches a wealth per student equal as nearly as possible to the greatest level for which funds are provided under Subchapter F, Chapter 42, by annexing whole parcels or items of property. Any remaining detached property shall be annexed to eligible school districts in the next priority group as provided by this section.

(g) If more than one school district is eligible to annex property detached from a school district within a priority group established by Subsections (d) and (e), the commissioner shall first annex property to the district within the priority group to which could be annexed the most taxable value of property without increasing its wealth per student above the greatest level for which funds are provided under Subchapter F, Chapter 42, until that district reaches a wealth per student equal as nearly as possible to the greatest level for which funds are provided under Subchapter F, Chapter 42, by annexing whole parcels or items of property. Then any additional detached property shall be annexed in the same manner to other eligible school districts in the same priority group in descending order of capacity to receive taxable value of annexed property without increasing the district's wealth per student above the greatest level for which funds are provided under Subchapter F, Chapter 42. If every school district in a priority group reaches a wealth per student equal to the greatest level for which funds are provided under Subchapter F, Chapter 42, as nearly as possible, the remaining detached property shall be annexed to school districts in the next priority group in the manner provided by this section.

(h) For purposes of this section, a portion of a parcel or item of property detached in that subdivided form from a school district is treated as a whole parcel or item of property.

(i) The commissioner may order the annexation of a portion of a parcel or item of property, including a portion of property treated as a whole parcel or item under Subsection (h), if:

(1) the annexation of the whole parcel or item would result in the district eligible to receive it in the appropriate priority order provided by this section having a wealth per student greater than $10,000 more than the greatest level for which funds are provided under Subchapter F, Chapter 42; or

(2) the commissioner determines that annexation of portions of the parcel or item would reduce disparities in district wealth per student more efficiently than would be possible if the parcel or item were annexed as a whole.

(j) The commissioner may modify the priorities established by this section as the commissioner considers reasonable to minimize or reduce the number of school districts to which the property detached from a school district is annexed, to minimize or reduce the geographic dispersal of property in a school district, to minimize or reduce disparities

in school district wealth per student that would otherwise result, or to minimize or reduce any administrative burden or expense.

(k) For purposes of this section, a school district is assigned to a county if the school district is assigned to that county in the 1992-1993 Texas School Directory published by the Central Education Agency.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.207. Limitations on Detachment and Annexation.

The commissioner may detach and annex property under this subchapter only if:

(1) the property is not exempt from ad valorem taxation under Section 11.20 or 11.21, Tax Code; and

(2) the property does not contain a building or structure owned by the United States, this state, or a political subdivision of this state that is exempt from ad valorem taxation under law.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.208. Orders and Notice.

(a) The commissioner shall order any detachments and annexations of property under this subchapter not later than November 8 of each year.

(b) As soon as practicable after issuing the order under Subsection (a), the commissioner shall notify each affected school district and the appraisal district in which the affected property is located of the determination.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.209. Treatment of Subdivided Property.

(a) If the commissioner orders the detachment or annexation of a portion of a parcel or item of property under this subchapter, the order shall specify the portion of the taxable value of the property to be detached or annexed and may, but need not, describe the specific area of the parcel or item to be detached or annexed.

(b) If an order for the detachment or annexation of a portion of a parcel or item of property does not describe the specific area of the parcel or item to be detached or annexed, the commissioner, as soon as practicable after issuing the order, shall determine the specific area to be detached or annexed and shall certify that determination to the appraisal district for the county in which the property is located.

(c) If portions of a parcel or item of property are located in two or more school districts as the result of a detachment or annexation, the parcel or item shall be appraised for taxation as a unit, and the commissioner shall determine the portion of the taxable value of the property that is located in each of those school districts based on the square footage of the property, or any other reasonable method adopted by the commissioner.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.210. Duties of Chief Appraiser.

(a) The chief appraiser of each appraisal district shall cooperate with the commissioner in administering this subchapter. The commissioner may require the chief appraiser to submit any reports or provide any information available to the chief appraiser in the form and at the times required by the commissioner.

(b) As soon as practicable after the detachment and annexation of property, the chief appraiser of the appraisal district in which the property is located shall send a written notice of the detachment and annexation to the owner of any property taxable in a different school district as a result of the detachment and annexation. The notice must include the name of the school district by which the property is taxable after the detachment and annexation.

(c) The commissioner may reimburse an appraisal district for any costs incurred in administering this subchapter and may condition the reimbursement or the amount of the reimbursement on the timely submission of reports or information required by the commissioner or the satisfactory performance of any other action required or requested by the commissioner.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2007, 80th Leg., ch. 648 (H.B. 1010), § 4, effective January 1, 2008.)

Sec. 41.211. Student Attendance.

A student who is a resident of real property detached from a school district may choose to attend school in that district or in the district to which the property is annexed. For purposes of determining average daily attendance under Section 42.005, the student shall be counted in the district to which the property is annexed. If the student chooses to attend school in the district from which the property is detached, the state shall withhold any foundation school funds from the district to which the property is annexed and shall allocate to the district in which the student is attending school those funds and the amount of funds equal to the difference between the

state funds the district is receiving for the student and the district's cost in educating the student.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.212. Bond Taxes.

Property detached from a school district is released from the obligation for any tax to pay principal and interest on bonds authorized by the district before detachment. The property is subject to any tax to pay principal or interest on bonds authorized by the district to which the property is annexed whether authorized before or after annexation.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.213. Determination by Commissioner Final.

A decision or determination of the commissioner under this subchapter is final and not appealable.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

SUBCHAPTER H
CONSOLIDATION BY COMMISSIONER

Sec. 41.251. Commissioner Order.

If the commissioner is required under Section 41.004 to order the consolidation of districts, the consolidation is governed by this subchapter. The commissioner's order shall be effective on a date determined by the commissioner, but not later than the earliest practicable date after November 8.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.252. Selection Criteria.

(a) In selecting the districts to be consolidated with a district that has a property wealth greater than the equalized wealth level, the commissioner shall select one or more districts with a wealth per student that, when consolidated, will result in a consolidated district with a wealth per student equal to or less than the equalized wealth level. In achieving that result, the commissioner shall give priority to school districts in the following order:

(1) first, to the contiguous district that has the lowest wealth per student and is located in the same county;

(2) second, to the district that has the lowest wealth per student and is located in the same county;

(3) third, to a contiguous district with a property wealth below the equalized wealth level that has requested the commissioner that it be considered in a consolidation plan;

(4) fourth, to include as few districts as possible that fall below the equalized wealth level within the consolidation order that have not requested the commissioner to be included;

(5) fifth, to the district that has the lowest wealth per student and is located in the same regional education service center area; and

(6) sixth, to a district that has a tax rate similar to that of the district that has a property wealth greater than the equalized wealth level.

(b) The commissioner may not select a district that has been created as a result of consolidation by agreement under Subchapter B to be consolidated under this subchapter with a district that has a property wealth greater than the equalized wealth level.

(c) In applying the selection criteria specified by Subsection (a), if more than two districts are to be consolidated, the commissioner shall select the third and each subsequent district to be consolidated by treating the district that has a property wealth greater than the equalized wealth level and the district or districts previously selected for consolidation as one district.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.253. Governance.

(a) Until the initial trustees elected as provided by Subsection (b) have qualified and taken office, a district consolidated under this subchapter is governed by a transitional board of trustees consisting of the board of trustees of the district having the greatest student membership on the last day of the school year preceding the consolidation plus one member of the board of trustees of each other consolidating district selected by that board.

(b) The transitional board of trustees shall divide the consolidated district into nine single-member trustee districts in accordance with the procedures provided by Section 11.052. The transitional board shall order an election for the initial board of trustees to be held on the first May uniform election date after the effective date of a consolidation order.

(c) Members of the board of trustees of a consolidated district serve staggered terms of office for four years.

(d) Section 13.156 applies to districts consolidated under this subchapter.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2001, 77th Leg., ch. 340 (S.B. 79), § 3, effective September 1, 2001; am. Acts 2005, 79th Leg., ch. 471 (H.B. 57), § 4, effective October 1, 2005.)

Sec. 41.254. Dissolution of Consolidated District.

(a) If the legislature abolishes ad valorem taxes for public school maintenance and operations and adopts another method of funding public education, the board of trustees of a consolidated district created under this subchapter may dissolve the consolidated district, provided that the dissolution is approved by a majority of those voters residing within the district participating in an election called for the purpose of approving the dissolution of the consolidated school district.

(b) If a consolidated district is dissolved, each of the former districts is restored as a separate district and is classified as an independent district.

(c) Title to real property of the consolidated district is allocated to the restored district in which the property is located. Title to proportionate shares of the fund balances and personal property of the consolidated district, as determined by Subsection (e), are allocated to each restored district.

(d) Each of the restored districts assumes and is liable for:

(1) indebtedness of the consolidated district that relates to real property allocated to the district; and

(2) a proportionate share, as determined by Subsection (e), of indebtedness of the consolidated district that does not relate to real property.

(e) A restored district's proportionate share of fund balances, personal property, or indebtedness is equal to the proportion that the number of students in average daily attendance in the restored district bears to the number of students in average daily attendance in the consolidated district.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.255. Fund Balances.

Fund balances of a school district consolidated under this subchapter may be used only for the benefit of the schools within the district that generated the funds.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.256. Employment Contracts.

A consolidated district created under this subchapter shall honor an employment contract entered into by a consolidating district.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 41.257. Application of Small and Sparse Adjustments and Transportation Allotment.

The budget of the consolidated district must apply the benefit of the adjustment or allotment to the schools of the consolidating district to which Section 42.103, 42.105, or 42.155 would have applied in the event that the consolidated district still qualifies as a small or sparse district.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

CHAPTER 42

Subchapter B. Basic Entitlement

Subchapter C. Special Allotments

SUBCHAPTER A
GENERAL PROVISIONS

Sec. 42.001. State Policy.

(a) It is the policy of this state that the provision of public education is a state responsibility and that a thorough and efficient system be provided and substantially financed through state revenue sources so that each student enrolled in the public school system shall have access to programs and services that are appropriate to the student's educational needs and that are substantially equal to those available to any similar student, notwithstanding varying local economic factors.

(b) The public school finance system of this state shall adhere to a standard of neutrality that provides for substantially equal access to similar revenue per student at similar tax effort, considering all state and local tax revenues of districts after acknowledging all legitimate student and district cost differences.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 42.002. Purposes of Foundation School Program.

(a) The purposes of the Foundation School Program set forth in this chapter are to guarantee that each school district in the state has:

(1) adequate resources to provide each eligible student a basic instructional program and facilities suitable to the student's educational needs; and

(2) access to a substantially equalized program of financing in excess of basic costs for certain services, as provided by this chapter.

(b) The Foundation School Program consists of:

(1) two tiers that in combination provide for:

(A) sufficient financing for all school districts to provide a basic program of education that is rated acceptable or higher under Section 39.054 and meets other applicable legal standards; and

(B) substantially equal access to funds to provide an enriched program; and

(2) a facilities component as provided by Chapter 46.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 1, § 1.09, effective September 1, 1999; am. Acts 2009, 81st Leg., ch. 895 (H.B. 3), § 60, effective June 19, 2009.)

Sec. 42.003. Student Eligibility.

(a) A student is entitled to the benefits of the Foundation School Program if, on September 1 of the school year, the student:

(1) is 5 years of age or older and under 21 years of age and has not graduated from high school, or is at least 21 years of age and under 26 years of age and has been admitted by a school district to complete the requirements for a high school diploma; or

(2) is at least 19 years of age and under 26 years of age and is enrolled in an adult high school diploma and industry certification charter school pilot program under Section 29.259.

(b) A student to whom Subsection (a) does not apply is entitled to the benefits of the Foundation School Program if the student is enrolled in a prekindergarten class under Section 29.153.

(c) A child may be enrolled in the first grade if the child is at least six years of age at the beginning of the school year of the district or has been enrolled in the first grade or has completed kindergarten in the public schools in another state before transferring to a public school in this state.

(d) Notwithstanding Subsection (a), a student younger than five years of age is entitled to the benefits of the Foundation School Program if:

(1) the student performs satisfactorily on the assessment instrument administered under Section 39.023(a) to students in the third grade; and

(2) the district has adopted a policy for admitting students younger than five years of age.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2007, 80th Leg., ch. 850 (H.B. 1137), § 5, effective June 15, 2007; am. Acts 2013, 83rd Leg., ch. 478 (S.B. 1142), § 2, effective September 1, 2013.)

Sec. 42.004. Administration of the Program.

The commissioner, in accordance with the rules of the State Board of Education, shall take such action and require such reports consistent with this chapter as may be necessary to implement and administer the Foundation School Program.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 42.005. Average Daily Attendance.

(a) In this chapter, average daily attendance is:

(1) the quotient of the sum of attendance for each day of the minimum number of days of instruction as described under Section 25.081(a) divided by the minimum number of days of instruction;

(2) for a district that operates under a flexible year program under Section 29.0821, the quotient of the sum of attendance for each actual day of instruction as permitted by Section 29.0821(b)(1) divided by the number of actual days of instruction as permitted by Section 29.0821(b)(1); or

(3) for a district that operates under a flexible school day program under Section 29.0822, the average daily attendance as calculated by the commissioner in accordance with Section 29.0822(d).

(a-1) [Expired pursuant to Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective September 1, 1997.]

(b) A school district that experiences a decline of two percent or more in average daily attendance shall be funded on the basis of:

(1) the actual average daily attendance of the preceding school year, if the decline is the result of the closing or reduction in personnel of a military base; or

(2) subject to Subsection (e), an average daily attendance not to exceed 98 percent of the actual average daily attendance of the preceding school year, if the decline is not the result of the closing or reduction in personnel of a military base.

(c) The commissioner shall adjust the average daily attendance of a school district that has a significant percentage of students who are migratory children as defined by 20 U.S.C. Section 6399.

(d) The commissioner may adjust the average daily attendance of a school district in which a disaster, flood, extreme weather condition, fuel cur-

tailment, or other calamity has a significant effect on the district's attendance.

(e) For each school year, the commissioner shall adjust the average daily attendance of school districts that are entitled to funding on the basis of an adjusted average daily attendance under Subsection (b)(2) so that:

(1) all districts are funded on the basis of the same percentage of the preceding year's actual average daily attendance; and

(2) the total cost to the state does not exceed the amount specifically appropriated for that year for purposes of Subsection (b)(2).

(f) An open-enrollment charter school is not entitled to funding based on an adjustment under Subsection (b)(2).

(g) If a student may receive course credit toward the student's high school academic requirements and toward the student's higher education academic requirements for a single course, including a course provided under Section 28.009 by a public institution of higher education, the time during which the student attends the course shall be counted as part of the minimum number of instructional hours required for a student to be considered a full-time student in average daily attendance for purposes of this section.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1997, 75th Leg., ch. 1071 (S.B. 1873), § 12, effective September 1, 1997; am. Acts 2001, 77th Leg., ch. 924 (S.B. 450), § 1, effective September 1, 2001; am. Acts 2001, 77th Leg., ch. 1156 (H.B. 2879), § 3, effective September 1, 2001; am. Acts 2003, 78th Leg., ch. 220 (H.B. 415), § 2, effective September 1, 2003; am. Acts 2003, 78th Leg., ch. 824 (S.B. 346), § 3, effective June 20, 2003; am. Acts 2005, 79th Leg., ch. 1339 (S.B. 151), § 4, effective June 18, 2005; am. Acts 2006, 79th Leg., 3rd C.S., ch. 5 (H.B. 1), art. 5, § 5.07, effective May 31, 2006; am. Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), §§ 47, 48, effective September 1, 2011; am. Acts 2011, 82nd Leg., ch. 1104 (S.B. 1619), § 2, effective June 17, 2011.)

Sec. 42.0051. Average Daily Attendance for Districts in Disaster Area.

(a) From funds specifically appropriated for the purpose or other funds available to the commissioner for that purpose, the commissioner shall adjust the average daily attendance of a school district all or part of which is located in an area declared a disaster area by the governor under Chapter 418, Government Code, if the district experiences a decline in average daily attendance that is reasonably attributable to the impact of the disaster.

(b) The adjustment must be sufficient to ensure that the district receives funding comparable to the funding that the district would have received if the decline in average daily attendance reasonably attributable to the impact of the disaster had not occurred.

(c) The commissioner shall make the adjustment required by this section for the two-year period following the date of the governor's initial proclamation or executive order declaring the state of disaster.

(d) Section 42.005(b)(2) does not apply to a district that receives an adjustment under this section.

(e) A district that receives an adjustment under this section may not receive any additional adjustment under Section 42.005(d) for the decline in average daily attendance on which the adjustment under this section is based.

(f) For purposes of this title, a district's adjusted average daily attendance under this section is considered to be the district's average daily attendance as determined under Section 42.005.

(Enacted by Acts 2009, 81st Leg., ch. 1006 (H.B. 4102), § 4, effective June 19, 2009.)

Sec. 42.006. Public Education Information Management System (PEIMS).

(a) Each school district shall participate in the Public Education Information Management System (PEIMS) and shall provide through that system information required for the administration of this chapter and of other appropriate provisions of this code.

(a-1) The commissioner by rule shall require each school district and open-enrollment charter school to report through the Public Education Information Management System information regarding the number of students enrolled in the district or school who are identified as having dyslexia. The agency shall maintain the information provided in accordance with this subsection.

(b) Each school district shall use a uniform accounting system adopted by the commissioner for the data required to be reported for the Public Education Information Management System.

(c) Annually, the commissioner shall review the Public Education Information Management System and shall repeal or amend rules that require school districts to provide information through the Public Education Information Management System that is not necessary. In reviewing and revising the Public Education Information Management System, the commissioner shall develop rules to ensure that the system:

(1) provides useful, accurate, and timely information on student demographics and academic

performance, personnel, and school district finances;

(2) contains only the data necessary for the legislature and the agency to perform their legally authorized functions in overseeing the public education system; and

(3) does not contain any information related to instructional methods, except as provided by Section 29.066 or required by federal law.

(d) The commissioner's rules must ensure that the Public Education Information Management System links student performance data to other related information for purposes of efficient and effective allocation of scarce school resources, to the extent practicable using existing agency resources and appropriations.

(a) The Legislative Budget Board shall adopt rules, subject to appropriate notice and opportunity for public comment, for the calculation for each year of a biennium of the qualified funding elements, in accordance with Subsection (c), necessary to achieve the state policy under Section 42.001.

(b) Before each regular session of the legislature, the board shall, as determined by the board, report the equalized funding elements to the commissioner and the legislature.

(c) The funding elements must include:

(1) a basic allotment for the purposes of Section 42.101 that, when combined with the guaranteed yield component provided by Subchapter F, represents the cost per student of a regular education program that meets all mandates of law and regulation;

(2) adjustments designed to reflect the variation in known resource costs and costs of education beyond the control of school districts;

(3) appropriate program cost differentials and other funding elements for the programs authorized under Subchapter C, with the program funding level expressed as dollar amounts and as weights applied to the adjusted basic allotment for the appropriate year;

(4) the maximum guaranteed level of qualified state and local funds per student for the purposes of Subchapter F;

(5) the enrichment and facilities tax rate under Subchapter F;

(6) the computation of students in weighted average daily attendance under Section 42.302; and

(7) the amount to be appropriated for the school facilities assistance program under Chapter 46.

Sec. 42.009. Determination of Funding Levels.

(a) Not later than July 1 of each year, the commissioner shall determine for each school district whether the estimated amount of state and local funding per student in weighted average daily attendance to be provided to the district under the Foundation School Program for maintenance and operations for the following school year is less than the amount provided to the district for the 2010-2011 school year. If the amount estimated to be provided is less, the commissioner shall certify the percentage decrease in funding to be provided to the district.

(b) In making the determinations regarding funding levels required by Subsection (a), the commissioner shall:

(1) make adjustments as necessary to reflect changes in a school district's maintenance and operations tax rate;

(2) for a district required to take action under Chapter 41 to reduce its wealth per student to the equalized wealth level, base the determinations on the district's net funding levels after deducting any amounts required to be expended by the district to comply with Chapter 41; and

(3) determine a district's weighted average daily attendance in accordance with this chapter as it existed on January 1, 2011.

SUBCHAPTER B
BASIC ENTITLEMENT

Sec. 42.101. [2 Versions: Effective Until September 1, 2015] Basic and Regular Program Allotment.

(a) The basic allotment is an amount equal to the lesser of $4,765 or the amount that results from the following formula:

A = $4,765 X (DCR/MCR)

where:

"A" is the resulting amount for a district;

"DCR" is the district's compressed tax rate, which is the product of the state compression percentage, as determined under Section 42.2516, multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year; and

"MCR" is the state maximum compressed tax rate, which is the product of the state compression percentage, as determined under Section 42.2516, multiplied by $1.50.

(a-1), (a-2) [Repealed by Acts 2011, 82nd Leg., 1st C.S., ch. 4 (S.B. 1), § 57.31(3), effective September 1, 2011.]

(b) A greater amount for any school year for the basic allotment under Subsection (a) may be provided by appropriation.

(c) **[Expires September 1, 2015]** A school district is entitled to a regular program allotment equal to the amount that results from the following formula:

RPA = ADA X AA X RPAF

where:

"RPA" is the regular program allotment to which the district is entitled;

"ADA" is the number of students in average daily attendance in a district, not including the time students spend each day in special education programs in an instructional arrangement other than mainstream or career and technology education programs, for which an additional allotment is made under Subchapter C;

"AA" is the district's adjusted basic allotment, as determined under Section 42.102 and, if applicable, as further adjusted under Section 42.103; and

"RPAF" is the regular program adjustment factor.

(c-1) **[Expires September 1, 2015]** Except as provided by Subsection (c-2), the regular program adjustment factor ("RPAF") is 0.9239 for the 2011-2012 school year and 0.98 for the 2012-2013 school year.

(c-2) **[Expires September 1, 2015]** For a school district that does not receive funding under Section 42.2516 for the 2011-2012 school year, the commissioner may set the regular program adjustment factor ("RPAF") at 0.95195 for the 2011-2012 and 2012-2013 school years if the district demonstrates that funding reductions as a result of adjustments to the regular program allotment made by S.B. No. 1, Acts of the 82nd Legislature, 1st Called Session, 2011, will result in a hardship to the district in the 2011-2012 school year. Notwithstanding any other provision of this subsection, the commissioner shall adjust the regular program adjustment factor ("RPAF") for the 2012-2013 school year for a school district whose regular program adjustment factor is set in accordance with this subsection to ensure that the total amount of state and local revenue in the combined 2011-2012 and 2012-2013 school years does not differ from the amount the district would have received if the district's regular program adjustment factor had not been set in accordance with this subsection. A determination by the commissioner under this subsection is final and may not be appealed.

(c-3) **[Expires September 1, 2015]** The regular program adjustment factor ("RPAF") is 0.98 for the 2013-2014 and 2014-2015 school years or a greater amount established by 0 appropriation, not to exceed 1.0. This subsection and Subsections (c), (c-1), and (c-2) expire September 1, 2015.

Sec. 42.101. [2 Versions: Effective September 1, 2015] Basic Allotment.

(a) For each student in average daily attendance, not including the time students spend each day in special education programs in an instructional arrangement other than mainstream or career and technology education programs, for which an additional allotment is made under Subchapter C, a district is entitled to an allotment equal to the lesser of $4,765 or the amount that results from the following formula:

A = $4,765 X (DCR/MCR)

where:

"A" is the allotment to which a district is entitled;

"DCR" is the district's compressed tax rate, which is the product of the state compression percentage, as determined under Section 42.2516, multiplied by

the maintenance and operations tax rate adopted by the district for the 2005 tax year; and

Sec. 42.102. Cost of Education Adjustment.

(a) The basic allotment for each district is adjusted to reflect the geographic variation in known resource costs and costs of education due to factors beyond the control of the school district.

(b) The cost of education adjustment is the cost of education index adjustment adopted by the foundation school fund budget committee and contained in Chapter 203, Title 19, Texas Administrative Code, as that chapter existed on March 26, 1997.

Sec. 42.103. Small and Mid-Sized District Adjustment.

(a) The basic allotment for certain small and mid-sized districts is adjusted in accordance with this section. In this section:

(1) "AA" is the district's adjusted allotment per student;

(2) "ADA" is the number of students in average daily attendance for which the district is entitled to an allotment under Section 42.101; and

(3) "ABA" is the adjusted basic allotment determined under Section 42.102.

(b) The basic allotment of a school district that contains at least 300 square miles and has not more than 1,600 students in average daily attendance is adjusted by applying the formula:

AA = (1 + ((1,600 - ADA) X .0004)) X ABA

(c) The basic allotment of a school district that contains less than 300 square miles and has not more than 1,600 students in average daily attendance is adjusted by applying the formula:

AA = (1 + ((1,600 - ADA) X .00025)) X ABA

(d) The basic allotment of a school district that offers a kindergarten through grade 12 program and has less than 5,000 students in average daily attendance is adjusted by applying the formula, of the following formulas, that results in the greatest adjusted allotment:

(1) the formula in Subsection (b) or (c) for which the district is eligible; or

(2) AA = (1 + ((5,000 - ADA) X .000025)) X ABA.

(e) [Repealed by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 105(a)(5), effective September 1, 2009.]

Sec. 42.104. Use of Small or Mid-Sized District Adjustment in Calculating Special Allotments.

In determining the amount of a special allotment under Subchapter C for a district to which Section 42.103 applies, a district's adjusted basic allotment is considered to be the district's adjusted allotment determined under Section 42.103.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 42.105. [2 Versions: Effective Until September 1, 2015] Sparsity Adjustment.

Notwithstanding Sections 42.101, 42.102, and 42.103, a school district that has fewer than 130 students in average daily attendance shall be provided a regular program allotment on the basis of 130 students in average daily attendance if it offers a kindergarten through grade 12 program and has preceding or current year's average daily attendance of at least 90 students or is 30 miles or more by bus route from the nearest high school district. A district offering a kindergarten through grade 8 program whose preceding or current year's average daily attendance was at least 50 students or which is 30

miles or more by bus route from the nearest high school district shall be provided a regular program allotment on the basis of 75 students in average daily attendance. An average daily attendance of 60 students shall be the basis of providing the regular program allotment on the basis of 75 students in average daily attendance. An average daily attendance of 60 students shall be the basis of providing the adjusted basic allotment if a district offers a kindergarten through grade 6 program and has preceding or current year's average daily attendance of at least 40 students or is 30 miles or more by bus route from the nearest high school district.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2011, 82nd Leg., 1st C.S., ch. 4 (S.B. 1), § 57.10, effective September 1, 2011.)

A district offering a kindergarten through grade 8 program whose preceding or current year's average daily attendance was at least 50 students or which is 30 miles or more by bus route from the nearest high school district shall be provided an adjusted basic allotment on the basis of 75 students in average daily attendance. An average daily attendance of 60 students shall be the basis of providing the adjusted basic allotment if a district offers a kindergarten through grade 6 program and has preceding or current year's average daily attendance of at least 40 students or is 30 miles or more by bus route from the nearest high school district.

Sec. 42.106. Tuition Allotment for Districts Not Offering All Grade Levels.

A school district that contracts for students residing in the district to be educated in another district under Section 25.039(a) is entitled to receive an allotment equal to the total amount of tuition required to be paid by the district under Section 25.039, not to exceed the amount specified by commissioner rule under Section 25.039(b).

SUBCHAPTER C
SPECIAL ALLOTMENTS

Sec. 42.151. Special Education.

(a) For each student in average daily attendance in a special education program under Subchapter A, Chapter 29, in a mainstream instructional arrangement, a school district is entitled to an annual allotment equal to the adjusted basic allotment multiplied by 1.1. For each full-time equivalent student in average daily attendance in a special education program under Subchapter A, Chapter 29, in an instructional arrangement other than a mainstream instructional arrangement, a district is entitled to an annual allotment equal to the adjusted basic allotment multiplied by a weight determined according to instructional arrangement as follows:

Homebound	5.0
Hospital class	3.0
Speech therapy	5.0
Resource room	3.0
Self-contained, mild and moderate, regular campus	3.0
Self-contained, severe, regular campus	3.0
Off home campus	2.7
Nonpublic day school	1.7
Vocational adjustment class	2.3

(b) A special instructional arrangement for students with disabilities residing in care and treatment facilities, other than state schools, whose parents or guardians do not reside in the district providing education services shall be established under the rules of the State Board of Education. The funding weight for this arrangement shall be 4.0 for those students who receive their education service on a local school district campus. A special instructional arrangement for students with disabilities residing in state schools shall be established under

the rules of the State Board of Education with a funding weight of 2.8.

(c) For funding purposes, the number of contact hours credited per day for each student in the off home campus instructional arrangement may not exceed the contact hours credited per day for the multidistrict class instructional arrangement in the 1992-1993 school year.

(d) For funding purposes the contact hours credited per day for each student in the resource room; self-contained, mild and moderate; and self-contained, severe, instructional arrangements may not exceed the average of the statewide total contact hours credited per day for those three instructional arrangements in the 1992-1993 school year.

(e) The State Board of Education by rule shall prescribe the qualifications an instructional arrangement must meet in order to be funded as a particular instructional arrangement under this section. In prescribing the qualifications that a mainstream instructional arrangement must meet, the board shall establish requirements that students with disabilities and their teachers receive the direct, indirect, and support services that are necessary to enrich the regular classroom and enable student success.

(f) In this section, "full-time equivalent student" means 30 hours of contact a week between a special education student and special education program personnel.

(g) The State Board of Education shall adopt rules and procedures governing contracts for residential placement of special education students. The legislature shall provide by appropriation for the state's share of the costs of those placements.

(h) Funds allocated under this section, other than an indirect cost allotment established under State Board of Education rule, must be used in the special education program under Subchapter A, Chapter 29.

(i) The agency shall encourage the placement of students in special education programs, including students in residential instructional arrangements, in the least restrictive environment appropriate for their educational needs.

(j) [Repealed by Acts 2011, 82nd Leg., ch. 494 (H.B. 1130), § 1, effective September 1, 2011.]

(k) A school district that provides an extended year program required by federal law for special education students who may regress is entitled to receive funds in an amount equal to 75 percent, or a lesser percentage determined by the commissioner, of the adjusted basic allotment or adjusted allotment, as applicable, for each full-time equivalent student in average daily attendance, multiplied by the amount designated for the student's instructional arrangement under this section, for each day the program is provided divided by the number of days in the minimum school year. The total amount of state funding for extended year services under this section may not exceed $10 million per year. A school district may use funds received under this section only in providing an extended year program.

(*l*) From the total amount of funds appropriated for special education under this section, the commissioner shall withhold an amount specified in the General Appropriations Act, and distribute that amount to school districts for programs under Section 29.014. The program established under that section is required only in school districts in which the program is financed by funds distributed under this subsection and any other funds available for the program. After deducting the amount withheld under this subsection from the total amount appropriated for special education, the commissioner shall reduce each district's allotment proportionately and shall allocate funds to each district accordingly.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2003, 78th Leg., ch. 545 (H.B. 1441), § 1, effective September 1, 2003; am. Acts 2011, 82nd Leg., ch. 494 (H.B. 1130), § 1, effective September 1, 2011.)

Sec. 42.152. Compensatory Education Allotment.

(a) For each student who is educationally disadvantaged or who is a student who does not have a disability and resides in a residential placement facility in a district in which the student's parent or legal guardian does not reside, a district is entitled to an annual allotment equal to the adjusted basic allotment multiplied by 0.2, and by 2.41 for each full-time equivalent student who is in a remedial and support program under Section 29.081 because the student is pregnant.

(b) For purposes of this section, the number of educationally disadvantaged students is determined:

(1) by averaging the best six months' enrollment in the national school lunch program of free or reduced-price lunches for the preceding school year; or

(2) in the manner provided by commissioner rule, if no campus in the district participated in the national school lunch program of free or reduced-price lunches during the preceding school year.

(c) Funds allocated under this section shall be used to fund supplemental programs and services designed to eliminate any disparity in performance on assessment instruments administered under Subchapter B, Chapter 39, or disparity in the rates of high school completion between students at risk of

dropping out of school, as defined by Section 29.081, and all other students. Specifically, the funds, other than an indirect cost allotment established under State Board of Education rule, which may not exceed 45 percent, may be used to meet the costs of providing a compensatory, intensive, or accelerated instruction program under Section 29.081 or a disciplinary alternative education program established under Section 37.008, to pay the costs associated with placing students in a juvenile justice alternative education program established under Section 37.011, or to support a program eligible under Title I of the Elementary and Secondary Education Act of 1965, as provided by Pub. L. No. 103-382 and its subsequent amendments, and by federal regulations implementing that Act, at a campus at which at least 40 percent of the students are educationally disadvantaged. In meeting the costs of providing a compensatory, intensive, or accelerated instruction program under Section 29.081, a district's compensatory education allotment shall be used for costs supplementary to the regular education program, such as costs for program and student evaluation, instructional materials and equipment and other supplies required for quality instruction, supplemental staff expenses, salary for teachers of at-risk students, smaller class size, and individualized instruction. A home-rule school district or an open-enrollment charter school must use funds allocated under Subsection (a) for a purpose authorized in this subsection but is not otherwise subject to Subchapter C, Chapter 29. For purposes of this subsection, a program specifically designed to serve students at risk of dropping out of school, as defined by Section 29.081, is considered to be a program supplemental to the regular education program, and a district may use its compensatory education allotment for such a program.

(c-1) Notwithstanding Subsection (c), funds allocated under this section may be used to fund in proportion to the percentage of students served by the program that meet the criteria in Section 29.081(d) or (g):

(1) an accelerated reading instruction program under Section 28.006(g); or

(2) a program for treatment of students who have dyslexia or a related disorder as required by Section 38.003.

(c-2) Notwithstanding Subsection (c), funds allocated under this section may be used to fund a district's mentoring services program under Section 29.089.

(d) The agency shall evaluate the effectiveness of accelerated instruction and support programs provided under Section 29.081 for students at risk of dropping out of school.

(e) to (p) [Repealed by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 105(a)(6), effective September 1, 2009.]

(q) The State Board of Education, with the assistance of the comptroller, shall develop and implement by rule reporting and auditing systems for district and campus expenditures of compensatory education funds to ensure that compensatory education funds, other than the indirect cost allotment, are spent only to supplement the regular education program as required by Subsection (c). The reporting requirements shall be managed electronically to minimize local administrative costs. A district shall submit the report required by this subsection not later than the 150th day after the last day permissible for resubmission of information required under Section 42.006.

(q-1) The commissioner shall develop a system to identify school districts that are at high risk of having used compensatory education funds other than in compliance with Subsection (c) or of having inadequately reported compensatory education expenditures. If a review of the report submitted under Subsection (q), using the risk-based system, indicates that a district is not at high risk of having misused compensatory education funds or of having inadequately reported compensatory education expenditures, the district may not be required to perform a local audit of compensatory education expenditures and is not subject to on-site monitoring under this section.

(q-2) If a review of the report submitted under Subsection (q), using the risk-based system, indicates that a district is at high risk of having misused compensatory education funds, the commissioner shall notify the district of that determination. The district must respond to the commissioner not later than the 30th day after the date the commissioner notifies the district of the commissioner's determination. If the district's response does not change the commissioner's determination that the district is at high risk of having misused compensatory education funds or if the district does not respond in a timely manner, the commissioner shall:

(1) require the district to conduct a local audit of compensatory education expenditures for the current or preceding school year;

(2) order agency staff to conduct on-site monitoring of the district's compensatory education expenditures; or

(3) both require a local audit and order on-site monitoring.

(q-3) If a review of the report submitted under Subsection (q), using the risk-based system, indicates that a district is at high risk of having inadequately reported compensatory education expendi-

tures, the commissioner may require agency staff to assist the district in following the proper reporting methods or amending a district or campus improvement plan under Subchapter F, Chapter 11. If the district does not take appropriate corrective action before the 45th day after the date the agency staff notifies the district of the action the district is expected to take, the commissioner may:

(1) require the district to conduct a local audit of the district's compensatory education expenditures; or

(2) order agency staff to conduct on-site monitoring of the district's compensatory education expenditures.

(q-4) The commissioner, in the year following a local audit of compensatory education expenditures, shall withhold from a district's foundation school fund payment an amount equal to the amount of compensatory education funds the agency determines were not used in compliance with Subsection (c). The commissioner shall release to a district funds withheld under this subsection when the district provides to the commissioner a detailed plan to spend those funds in compliance with Subsection (c).

(r) The commissioner shall grant a one-year exemption from the requirements of Subsections (q)—(q-4) to a school district in which the group of students who have failed to perform satisfactorily in the preceding school year on an assessment instrument required under Section 39.023(a), (c), or (*l*) subsequently performs on those assessment instruments at a level that meets or exceeds a level prescribed by commissioner rule. Each year the commissioner, based on the most recent information available, shall determine if a school district is entitled to an exemption for the following school year and notify the district of that determination.

Sec. 42.153. Bilingual Education Allotment.

(a) For each student in average daily attendance in a bilingual education or special language program under Subchapter B, Chapter 29, a district is entitled to an annual allotment equal to the adjusted basic allotment multiplied by 0.1.

(b) Funds allocated under this section, other than an indirect cost allotment established under State Board of Education rule, must be used in providing bilingual education or special language programs under Subchapter B, Chapter 29, and must be accounted for under existing agency reporting and auditing procedures.

(c) A district's bilingual education or special language allocation may be used only for program and student evaluation, instructional materials and equipment, staff development, supplemental staff expenses, salary supplements for teachers, and other supplies required for quality instruction and smaller class size.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 42.154. Career and Technology Education Allotment.

(a) For each full-time equivalent student in average daily attendance in an approved career and technology education program in grades nine through 12 or in career and technology education programs for students with disabilities in grades seven through 12, a district is entitled to:

(1) an annual allotment equal to the adjusted basic allotment multiplied by a weight of 1.35; and

(2) $50, if the student is enrolled in:

(A) two or more advanced career and technology education classes for a total of three or more credits; or

(B) an advanced course as part of a tech-prep program under Subchapter T, Chapter 61.

(a-1) [Expired pursuant to Acts 2007, 80th Leg., ch. 763 (H.B. 3485), § 5, effective February 1, 2013.]

(b) In this section, "full-time equivalent student" means 30 hours of contact a week between a student and career and technology education program personnel.

(c) Funds allocated under this section, other than an indirect cost allotment established under State Board of Education rule, must be used in providing career and technology education programs in grades nine through 12 or career and technology education programs for students with disabilities in grades seven through 12 under Sections 29.182, 29.183, and 29.184.

(d) The commissioner shall conduct a cost-benefit comparison between career and technology education programs and mathematics and science programs.

(e) Out of the total statewide allotment for career and technology education under this section, the commissioner shall set aside an amount specified in the General Appropriations Act, which may not exceed an amount equal to one percent of the total amount appropriated, to support regional career and technology education planning. After deducting the amount set aside under this subsection from the total amount appropriated for career and technology education under this section, the commissioner shall reduce each district's tier one allotments in the same manner described for a reduction in allotments under Section 42.253.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2003, 78th Leg., ch. 201 (H.B. 3459), § 31, effective September 1, 2003; am. Sec. 42.1541. Indirect Cost Allotments.

(a) The State Board of Education shall by rule increase the indirect cost allotments established under Sections 42.151(h), 42.152(c), 42.153(b), and 42.154(a-1) and (c) and in effect for the 2010-2011 school year in proportion to the average percentage reduction in total state and local maintenance and operations revenue provided under this chapter for the 2011-2012 school year as a result of S.B. Nos. 1 and 2, Acts of the 82nd Legislature, 1st Called Session, 2011.

(b) To the extent necessary to permit the board to comply with this section, the limitation on the percentage of the indirect cost allotment prescribed by Section 42.152(c) does not apply.

(c) The board shall take the action required by Subsection (a) not later than the date that permits the increased indirect cost allotments to apply beginning with the 2011-2012 school year.

(Enacted Acts 2011, 82nd Leg., 1st C.S., ch. 4 (S.B. 1), § 57.13, effective September 28, 2011.)

Sec. 42.155. Transportation Allotment.

(a) Each district or county operating a transportation system is entitled to allotments for transportation costs as provided by this section.

(b) As used in this section:

(1) "Regular eligible student" means a student who resides two or more miles from the student's campus of regular attendance, measured along the shortest route that may be traveled on public roads, and who is not classified as a student eligible for special education services.

(2) "Eligible special education student" means a student who is eligible for special education services under Section 29.003 and who would be unable to attend classes without special transportation services.

(3) "Linear density" means the average number of regular eligible students transported daily, divided by the approved daily route miles traveled by the respective transportation system.

(c) Each district or county operating a regular transportation system is entitled to an allotment based on the daily cost per regular eligible student of operating and maintaining the regular transportation system and the linear density of that system. In determining the cost, the commissioner shall give consideration to factors affecting the actual cost of providing these transportation services in each district or county. The average actual cost is to be computed by the commissioner and included for consideration by the legislature in the General Appropriations Act. The allotment per mile of approved route may not exceed the amount set by appropriation.

(d) A district or county may apply for and on approval of the commissioner receive an additional amount of up to 10 percent of its regular transportation allotment to be used for the transportation of children living within two miles of the school they attend who would be subject to hazardous traffic conditions if they walked to school. Each board of trustees shall provide to the commissioner the definition of hazardous conditions applicable to that district and shall identify the specific hazardous areas for which the allocation is requested. A hazardous condition exists where no walkway is provided and children must walk along or cross a freeway or expressway, an underpass, an overpass or a bridge, an uncontrolled major traffic artery, an industrial or commercial area, or another comparable condition.

(e) The commissioner may grant an amount set by appropriation for private or commercial transpor-

tation for eligible students from isolated areas. The need for this type of transportation grant shall be determined on an individual basis and the amount granted shall not exceed the actual cost. The grants may be made only in extreme hardship cases. A grant may not be made if the students live within two miles of an approved school bus route.

(f) The cost of transporting career and technology education students from one campus to another inside a district or from a sending district to another secondary public school for a career and technology program or an area career and technology school or to an approved post-secondary institution under a contract for instruction approved by the agency shall be reimbursed based on the number of actual miles traveled times the district's official extracurricular travel per mile rate as set by the board of trustees and approved by the agency.

(g) A school district or county that provides special transportation services for eligible special education students is entitled to a state allocation paid on a previous year's cost-per-mile basis. The maximum rate per mile allowable shall be set by appropriation based on data gathered from the first year of each preceding biennium. Districts may use a portion of their support allocation to pay transportation costs, if necessary. The commissioner may grant an amount set by appropriation for private transportation to reimburse parents or their agents for transporting eligible special education students. The mileage allowed shall be computed along the shortest public road from the student's home to school and back, morning and afternoon. The need for this type transportation shall be determined on an individual basis and shall be approved only in extreme hardship cases.

(h) Funds allotted under this section must be used in providing transportation services.

(i) In the case of a district belonging to a county transportation system, the district's transportation allotment for purposes of determining a district's foundation school program allocations is determined on the basis of the number of approved daily route miles in the district multiplied by the allotment per mile to which the county transportation system is entitled.

(j) The Texas School for the Deaf is entitled to an allotment under this section. The commissioner shall determine the appropriate allotment.

(k) Notwithstanding any other provision of this section, the commissioner may not reduce the allotment to which a district or county is entitled under this section because the district or county provides transportation for an eligible student to and from a child-care facility, as defined by Section 42.002, Human Resources Code, or a grandparent's residence instead of the student's residence, as authorized by Section 34.007, if the transportation is provided within the approved routes of the district or county for the school the student attends.

(*l*) A school district may, with the funds allotted under this section, provide a bus pass or card for another transportation system to each student who is eligible to use the regular transportation system of the district but for whom the regular transportation system of the district is not a feasible method of providing transportation. The commissioner by rule shall provide procedures for a school district to provide bus passes or cards to students under this subsection.

Acts 2011, 82nd Leg., ch. 352 (H.B. 3506), § 1, effective June 17, 2011.)

Sec. 42.156. Gifted and Talented Student Allotment.

(a) For each identified student a school district serves in a program for gifted and talented students that the district certifies to the commissioner as complying with Subchapter D, Chapter 29, a district is entitled to an annual allotment equal to the district's adjusted basic allotment as determined under Section 42.102 or Section 42.103, as applicable, multiplied by .12 for each school year or a greater amount provided by appropriation.

(b) Funds allocated under this section, other than the amount that represents the program's share of general administrative costs, must be used in providing programs for gifted and talented students under Subchapter D, Chapter 29, including programs sanctioned by International Baccalaureate and Advanced Placement, or in developing programs for gifted and talented students. Each district must account for the expenditure of state funds as provided by rule of the State Board of Education. If by the end of the 12th month after receiving an allotment for developing a program a district has failed to implement a program, the district must refund the amount of the allotment to the agency within 30 days.

(c) Not more than five percent of a district's students in average daily attendance are eligible for funding under this section.

(d) If the amount of state funds for which school districts are eligible under this section exceeds the amount of state funds appropriated in any year for the programs, the commissioner shall reduce each

district's tier one allotments in the same manner described for a reduction in allotments under Section 42.253.

(e) If the total amount of funds allotted under this section before a date set by rule of the State Board of Education is less than the total amount appropriated for a school year, the commissioner shall transfer the remainder to any program for which an allotment under Section 42.152 may be used.

(f) After each district has received allotted funds for this program, the State Board of Education may use up to $500,000 of the funds allocated under this section for programs such as MATHCOUNTS, Future Problem Solving, Odyssey of the Mind, and Academic Decathlon, as long as these funds are used to train personnel and provide program services. To be eligible for funding under this subsection, a program must be determined by the State Board of Education to provide services that are effective and consistent with the state plan for gifted and talented education.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 42.157. Public Education Grant Allotment.

(a) Except as provided by Subsection (b), for each student in average daily attendance who is using a public education grant under Subchapter G, Chapter 29, to attend school in a district other than the district in which the student resides, the district in which the student attends school is entitled to an annual allotment equal to the adjusted basic allotment multiplied by a weight of 0.1.

(b) The total number of allotments under this section to which a district is entitled may not exceed the number by which the number of students using public education grants to attend school in the district exceeds the number of students who reside in the district and use public education grants to attend school in another district.

(Enacted by Acts 1997, 75th Leg., ch. 722 (H.B. 318), § 5, effective September 1, 1997.)

Sec. 42.158. New Instructional Facility Allotment.

(a) A school district is entitled to an additional allotment as provided by this section for operational expenses associated with opening a new instructional facility.

(b) For the first school year in which students attend a new instructional facility, a school district is entitled to an allotment of $250 for each student in average daily attendance at the facility. For the second school year in which students attend that instructional facility, a school district is entitled to an allotment of $250 for each additional student in average daily attendance at the facility.

(c) For purposes of this section, the number of additional students in average daily attendance at a facility is the difference between the number of students in average daily attendance in the current year at that facility and the number of students in average daily attendance at that facility in the preceding year.

(d) Subject to Subsection (d-1), the amount appropriated for allotments under this section may not exceed $25 million in a school year. If the total amount of allotments to which districts are entitled under this section for a school year exceeds the amount appropriated under this subsection, the commissioner shall reduce each district's allotment under this section in the manner provided by Section 42.253(h).

(d-1) In addition to the appropriation amount described by Subsection (d), the amount of $1 million may be appropriated each school year to supplement the allotment to which a school district is entitled under this section that may be provided using the appropriation amount described by Subsection (d). The commissioner shall first apply the funds appropriated under this subsection to prevent any reduction under Subsection (d) in the allotment for attendance at an eligible high school instructional facility, subject to the maximum amount of $250 for each student in average daily attendance. Any funds remaining after preventing all reductions in amounts due for high school instructional facilities may be applied proportionally to all other eligible instructional facilities, subject to the maximum amount of $250 for each student in average daily attendance.

(e) A school district that is required to take action under Chapter 41 to reduce its wealth per student to the equalized wealth level is entitled to a credit, in the amount of the allotments to which the district is entitled under this section, against the total amount required under Section 41.093 for the district to purchase attendance credits. A school district that is otherwise ineligible for state aid under this chapter is entitled to receive allotments under this section.

(f) The commissioner may adopt rules necessary to implement this section.

(g) In this section, "instructional facility" has the meaning assigned by Section 46.001.

A school district that is otherwise ineligible for state aid under this chapter is entitled to receive allotments under this section.

(c) An open-enrollment charter school is entitled to an allotment under this section in the same manner as a school district.

(d) The commissioner shall adopt rules to administer this section, including rules related to the permissible use of funds allocated under this section to an open-enrollment charter school.

(a) **[2 Versions: Effective Until January 1, 2014]** For each school year, a school district, including a school district that is otherwise ineligible for state aid under this chapter, is entitled to state aid in an amount equal to the amount of all tax credits credited against ad valorem taxes of the district in that year under Subchapter D, Chapter 313, Tax Code.

(a) **[2 Versions: Effective January 1, 2014]** For each school year, a school district, including a school district that is otherwise ineligible for state aid under this chapter, is entitled to state aid in an amount equal to the amount of all tax credits credited against ad valorem taxes of the district in that year under former Subchapter D, Chapter 313, Tax Code.

(b) The commissioner may adopt rules to implement and administer this section.

(Enacted by Acts 2001, 77th Leg., ch. 1505 (H.B. 1200), § 6, effective January 1, 2002; am. Acts 2013, 83rd Leg., ch. 1304 (H.B. 3390), § 20, effective January 1, 2014.)

Sec. 42.2516. [2 Versions: Effective Until September 1, 2017] Additional State Aid for Tax Reduction.

(a) In this title, "state compression percentage" means the percentage of a school district's adopted maintenance and operations tax rate for the 2005 tax year that serves as the basis for state funding. If the state compression percentage is not established by appropriation for a school year, the commissioner shall determine the state compression percentage for each school year based on the percentage by which a district is able to reduce the district's maintenance and operations tax rate for that year, as compared to the district's adopted maintenance and operations tax rate for the 2005 tax year, as a result of state funds appropriated for distribution under this section for that year from the property tax relief fund established under Section 403.109, Government Code, or from another funding source available for school district property tax relief.

(b) Notwithstanding any other provision of this title, a school district that imposes a maintenance and operations tax at a rate at least equal to the product of the state compression percentage multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year is entitled to at least the amount of state revenue necessary to provide the district with the sum of:

(1) the percentage specified by Subsection (i) of the amount, as calculated under Subsection (e), of state and local revenue per student in weighted average daily attendance for maintenance and operations that the district would have received during the 2009-2010 school year under Chapter 41 and this chapter, as those chapters existed on January 1, 2009, at a maintenance and operations tax rate equal to the product of the state compression percentage for that year multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year;

(2) the percentage specified by Subsection (i) of an amount equal to the product of $120 multiplied by the number of students in weighted average daily attendance in the district; and

(3) any amount to which the district is entitled under Section 42.106.

(b-1) The amount determined for a school district under Subsection (b) is increased or reduced as follows:

(1) if for any school year the district is entitled to a greater allotment under Section 42.155 or 42.158 or more additional state aid under Section 42.2515 than the allotment or additional state aid to which the district was entitled under Section 42.155, 42.158, or 42.2515, as applicable, for the 2009-2010 school year, the district's entitlement under Subsection (b) is increased by an amount equal to the difference between the amount to which the district is entitled under Section 42.155, 42.158, or 42.2515, as applicable, for that school year and the amount to which the district was entitled under the applicable section for the 2009-2010 school year; and

(2) if for any school year the district is not entitled to an allotment under Section 42.155 or 42.158 or additional state aid under Section 42.2515 or is entitled to a lesser allotment or less additional state aid under the applicable section than the allotment or additional state aid to which the district was entitled under the applicable section for the 2009-2010 school year, the district's entitlement under Subsection (b) is reduced by an amount equal to the difference between the amount to which the district was entitled under Section 42.155, 42.158, or 42.2515, as applicable, for the 2009-2010 school year and the amount to which the district is entitled under the applicable section for the current school year.

(b-2) If a school district adopts a maintenance and operations tax rate that is below the rate equal to the product of the state compression percentage multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year, the commissioner shall reduce the district's entitlement under this section in proportion to the amount by which the adopted rate is less than the rate equal to the product of the state compression percentage multiplied by the rate adopted by the district for the 2005 tax year. The reduction required by this subsection applies beginning with the maintenance and operations tax rate adopted for the 2009 tax year.

(c) Enrichment revenue to which a school district is entitled under Section 42.302 is not included for purposes of determining the amount to which a district is entitled under this section.

(d) In determining the amount to which a district is entitled under Subsection (b)(1), the commissioner shall:

(1) include the percentage specified by Subsection (i) of any amounts received by the district during the 2008-2009 school year under Rider 86, page III-23, Chapter 1428 (H.B. 1), Acts of the 80th Legislature, Regular Session, 2007 (the General Appropriations Act); and

(2) for a school district that paid tuition under Section 25.039 during the 2008-2009 school year, reduce the amount to which the district is entitled by the amount of tuition paid during that school year.

(e) For purposes of determining the total amount of state and local revenue to which a district is entitled under Subsection (b)(1), the commissioner shall determine the amount of state and local revenue per student in weighted average daily attendance to which the district would have been entitled during the 2009-2010 school year under Chapter 41 and this chapter, as they existed on January 1, 2009, and multiply that amount by the number of students in weighted average daily attendance as determined in accordance with the changes to Chapter 41 and this chapter, including the repeal of former Section 42.103(e), made by H.B. No. 3646, Acts of the 81st Legislature, Regular Session, 2009.

(f) A school district that is required to take action under Chapter 41 to reduce its wealth per student to the equalized wealth level and that is entitled to state revenue under this section may receive that revenue through an adjustment against the total amount of attendance credits required to be purchased under Subchapter D, Chapter 41, or the total number of nonresident students required to be educated under Subchapter E, Chapter 41, as determined by the commissioner.

(f-1) The commissioner shall, in accordance with rules adopted by the commissioner, adjust the amount of a school district's local revenue derived from maintenance and operations tax collections, as calculated for purposes of determining the amount of state revenue to which the district is entitled under this section, if the district, for the 2010 tax year or a subsequent tax year:

(1) adopts an exemption under Section 11.13(n), Tax Code, that was not in effect for the 2009 tax year, or eliminates an exemption under Section 11.13(n), Tax Code, that was in effect for the 2009 tax year;

(2) adopts an exemption under Section 11.13(n), Tax Code, at a greater or lesser percentage than the percentage in effect for the district for the 2009 tax year;

(3) grants an exemption under an agreement authorized by Chapter 312, Tax Code, that was not in effect for the 2009 tax year, or ceases to grant an exemption authorized by that chapter that was in effect for the 2009 tax year; or

(4) agrees to deposit taxes into a tax increment fund created under Chapter 311, Tax Code, under a reinvestment zone financing plan that was not

in effect for the 2009 tax year, or ceases depositing taxes into a tax increment fund created under that chapter under a reinvestment zone financing plan that was in effect for the 2009 tax year.

(f-2) The rules adopted by the commissioner under Subsection (f-1) must:

(1) require the commissioner to determine, as if this section did not exist, the effect under Chapter 41 and this chapter of a school district's action described by Subsection (f-1)(1), (2), (3), or (4) on the total state revenue to which the district would be entitled or the cost to the district of purchasing sufficient attendance credits to reduce the district's wealth per student to the equalized wealth level; and

(2) require an increase or reduction in the amount of state revenue to which a school district is entitled under Subsection (b)(1) that is substantially equivalent to any change in total state revenue or the cost of purchasing attendance credits that would apply to the district if this section did not exist.

(f-3) An adjustment made by the commissioner under the rules adopted under Subsection (f-1) is final and may not be appealed.

(g) The commissioner may adopt rules necessary to implement this section.

(h) A determination by the commissioner under this section is final and may not be appealed.

(i) The percentage to be applied for purposes of Subsections (b)(1) and (2) and Subsection (d)(1) is 100.00 percent for the 2011-2012 school year and 92.35 percent for the 2012-2013 school year. For the 2013-2014 school year and each subsequent school year, the legislature by appropriation shall establish the percentage reduction to be applied.

If the state compression percentage is not established by appropriation for a school year, the commissioner shall determine the state compression percentage for each school year based on the percentage by which a district is able to reduce the district's maintenance and operations tax rate for that year, as compared to the district's adopted maintenance and operations tax rate for the 2005 tax year, as a result of state funds appropriated for that year from the property tax relief fund established under Section 403.109, Government Code, or from another funding source available for school district property tax relief.

Sec. 42.25161. [Repealed September 1, 2017] Additional State Aid for South

Texas Independent School District.

(a) The commissioner shall provide South Texas Independent School District with the amount of state aid necessary to ensure that the district receives an amount of state and local revenue per student in weighted average daily attendance that is at least the percentage specified by Section 42.2516(i) of $120 greater than the amount the district would have received per student in weighted average daily attendance during the 2009-2010 school year under this chapter, as it existed on January 1, 2009, at a maintenance and operations tax rate equal to the product of the state compression percentage multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year, provided that the district imposes a maintenance and operations tax at that rate.

Sec. 42.2517. Excess Funds for Cost of Education Adjustment.

(a) If the commissioner determines that the amount appropriated for purposes of the Foundation School Program exceeds the amount to which school districts are entitled under this chapter, the commissioner may:

(1) adjust each district's cost of education adjustment under Section 42.102 to reflect current uncontrollable variations in the cost of education, particularly the cost of providing salaries and benefits to classroom teachers; and

(2) provide funding under this chapter based on the cost of education index adjusted under Subdivision (1).

(b) If the amount available under Subsection (a) is not sufficient to provide funding based on the cost of education index adjusted under Subsection (a)(1), the commissioner shall rank districts by the increase in the cost of education adjustment applicable to each district under this section and shall provide funding under this section to districts in descending order of the amount of increase in the cost of education adjustment applicable to districts under this section, beginning with the district that has the greatest increase in the cost of education adjustment, until no funds are available for purposes of this section.

(Enacted by Acts 2003, 78th Leg., ch. 201 (H.B. 3459), § 33, effective September 1, 2003.)

Sec. 42.252. Local Share of Program Cost (Tier One).

(a) Each school district's share of the Foundation School Program is determined by the following formula:

$$LFA = TR \times DPV$$

where:

"LFA" is the school district's local share;

"TR" is a tax rate which for each hundred dollars of valuation is an effective tax rate of the amount equal to the product of the state compression percentage, as determined under Section 42.2516, multiplied by the lesser of:

(1) $1.50; or

(2) the maintenance and operations tax rate adopted by the district for the 2005 tax year; and

"DPV" is the taxable value of property in the school district for the preceding tax year determined under Subchapter M, Chapter 403, Government Code.

(b) The commissioner shall adjust the values reported in the official report of the comptroller as required by Section 5.09(a), Tax Code, to reflect reductions in taxable value of property resulting from natural or economic disaster after January 1 in the year in which the valuations are determined. The decision of the commissioner is final. An adjustment does not affect the local fund assignment of any other school district.

(c) Appeals of district values shall be held pursuant to Section 403.303, Government Code.

(d) A school district must raise its total local share of the Foundation School Program to be eligible to receive foundation school fund payments.

(e) [Repealed by Acts 1999, 76th Leg., ch. 396 (S.B. 4), § 3.01(a), effective September 1, 1999.]

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1997, 75th Leg., ch. 1071 (S.B. 1873), § 18, effective September 1, 1997; am. Sec. 42.2521. Adjustment for Rapid Decline in Taxable Value of Property.

(a) For purposes of Chapters 41 and 46 and this chapter, and to the extent money specifically authorized to be used under this section is available, the

commissioner shall adjust the taxable value of property in a school district that, due to factors beyond the control of the board of trustees, experiences a rapid decline in the tax base used in calculating taxable values in excess of four percent of the tax base used in the preceding year.

(b) To the extent that a sufficient amount of money is not available to fund all adjustments under this section, the commissioner shall reduce adjustments in the manner provided by Section 42.253(h) so that the total amount of adjustments equals the amount of money available to fund the adjustments.

(c) A decision of the commissioner under this section is final and may not be appealed.

(Enacted by Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 1, § 1.18, effective September 1, 1999.)

Sec. 42.2522. Adjustment for Optional Homestead Exemption.

(a) In any school year, the commissioner may not provide funding under this chapter based on a school district's taxable value of property computed in accordance with Section 403.302(d)(2), Government Code, unless:

(1) funds are specifically appropriated for purposes of this section; or

(2) the commissioner determines that the total amount of state funds appropriated for purposes of the Foundation School Program for the school year exceeds the amount of state funds distributed to school districts in accordance with Section 42.253 based on the taxable values of property in school districts computed in accordance with Section 403.302(d), Government Code, without any deduction for residence homestead exemptions granted under Section 11.13(n), Tax Code.

(b) In making a determination under Subsection (a)(2), the commissioner shall:

(1) notwithstanding Section 42.253(b), reduce the entitlement under this chapter of a school district whose final taxable value of property is higher than the estimate under Section 42.254 and make payments to school districts accordingly; and

(2) give priority to school districts that, due to factors beyond the control of the board of trustees, experience a rapid decline in the tax base used in calculating taxable values in excess of four percent of the tax base used in the preceding year.

(c) In the first year of a state fiscal biennium, before providing funding as provided by Subsection (a)(2), the commissioner shall ensure that sufficient appropriated funds for purposes of the Foundation School Program are available for the second year of the biennium, including funds to be used for purposes of Section 42.2521.

(d) If the commissioner determines that the amount of funds available under Subsection (a)(1) or (2) does not at least equal the total amount of state funding to which districts would be entitled if state funding under this chapter were based on the taxable values of property in school districts computed in accordance with Section 403.302(d)(2), Government Code, the commissioner may, to the extent necessary, provide state funding based on a uniform lesser fraction of the deduction under Section 403.302(d)(2), Government Code.

(e) The commissioner shall notify school districts as soon as practicable as to the availability of funds under this section. For purposes of computing a rollback tax rate under Section 26.08, Tax Code, a district shall adjust the district's tax rate limit to reflect assistance received under this section.

(Enacted by Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 1, § 1.18, effective September 1, 1999; am. Acts 2001, 77th Leg., ch. 1158 (H.B. 2914), § 3, effective September 1, 2001.)

Sec. 42.2523. Adjustment for Property Value Affected by State of Disaster.

(a) For purposes of Chapters 41 and 46 and this chapter, the commissioner shall adjust the taxable value of property of a school district all or part of which is located in an area declared a disaster area by the governor under Chapter 418, Government Code, as necessary to ensure that the district receives funding based as soon as possible on property values as affected by the disaster.

(b) The commissioner may fund adjustments under this section using funds specifically appropriated for the purpose or other funds available to the commissioner for that purpose.

(c) **[Repealed September 1, 2017]** Any additional funding to which a school district is entitled as a result of the adjustment required by this section is in addition to the amount of funding to which the district is entitled under Section 42.2516(b).

(d) A decision of the commissioner under this section is final and may not be appealed.

(Enacted by Acts 2009, 81st Leg., ch. 1006 (H.B. 4102), § 5, effective June 19, 2009.)

Sec. 42.2524. Reimbursement for Disaster Remediation Costs.

(a) This section applies only to a school district all or part of which is located in an area declared a disaster area by the governor under Chapter 418, Government Code, and that incurs disaster remediation costs as a result of the disaster.

(b) During the two-year period following the date of the governor's initial proclamation or executive

order declaring a state of disaster, a district may apply to the commissioner for reimbursement of disaster remediation costs that the district pays during that period and does not anticipate recovering through insurance proceeds, federal disaster relief payments, or another similar source of reimbursement.

(b-1) [Expired pursuant to Acts 2009, 81st Leg., ch. 1006 (H.B. 4102), § 5, effective September 1, 2011.]

(c) The commissioner may provide reimbursement under this section only if funds are available for that purpose as follows:

(1) reimbursement for a school district not required to take action under Chapter 41 may be provided from:

(A) amounts appropriated for that purpose, including amounts appropriated for those districts for that purpose to the disaster contingency fund established under Section 418.073, Government Code; or

(B) Foundation School Program funds available for that purpose, based on a determination by the commissioner that the amount appropriated for the Foundation School Program, including the facilities component as provided by Chapter 46, exceeds the amount to which districts are entitled under this chapter and Chapter 46; and

(2) reimbursement for a school district required to take action under Chapter 41 may be provided from funds described by Subdivision (1)(B) if funds remain available after fully reimbursing each school district described by Subdivision (1) for its disaster remediation costs.

(d) If the amount of money available for purposes of reimbursing school districts not required to take action under Chapter 41 is not sufficient to fully reimburse each district's disaster remediation costs, the commissioner shall reduce the amount of assistance provided to each of those districts proportionately. If the amount of money available for purposes of reimbursing school districts required to take action under Chapter 41 is not sufficient to fully reimburse each district's disaster remediation costs, the commissioner shall reduce the amount of assistance provided to each of those districts proportionately.

(e) A district seeking reimbursement under this section must provide the commissioner with adequate documentation of the costs for which the district seeks reimbursement.

(f) A district required to take action under Chapter 41:

(1) may, at its discretion, receive assistance provided under this section either as a payment of state aid under this chapter or as a reduction in the total amount required to be paid by the district for attendance credits under Section 41.093; and

(2) may not obtain reimbursement under this section for the payment of any disaster remediation costs that resulted in a reduction under Section 41.0931 of the district's cost of attendance credits.

(g) **[Repealed September 1, 2017]** Amounts provided to a district under this section are in addition to the amount to which the district is entitled under Section 42.2516.

(h) The commissioner shall adopt rules necessary to implement this section, including rules defining "disaster remediation costs" for purposes of this section and specifying the type of documentation required under Subsection (e).

(i) Notwithstanding any other provision of this section, the commissioner may permit a district to use amounts provided to a district under this section to pay the costs of replacing a facility instead of repairing the facility. The commissioner shall ensure that a district that elects to replace a facility does not receive an amount under this section that exceeds the lesser of:

(1) the amount that would be provided to the district if the facility were repaired; or

(2) the amount necessary to replace the facility.

(j) This section does not require the commissioner to provide any requested reimbursement. A decision of the commissioner regarding reimbursement is final and may not be appealed.

(Enacted by Acts 2009, 81st Leg., ch. 1006 (H.B. 4102), § 5, effective June 19, 2009.)

Sec. 42.2525. Adjustments for Certain Districts Receiving Federal Impact Aid.

The commissioner is granted the authority to ensure that school districts receiving federal impact aid due to the presence of a military installation or significant concentrations of military students do not receive more than an eight percent reduction should the federal government reduce appropriations to those schools.

(Enacted by Acts 2011, 82nd Leg., 1st C.S., ch. 4 (S.B. 1), § 57.21, effective September 28, 2011.)

Sec. 42.2526. [Expires September 1, 2023] Adjustment for District Operating Pilot Program.

(a) This section applies only to a school district operating a pilot program authorized by Section 28.0255.

(b) Beginning with the first school year that follows the first school year in which students receive

high school diplomas under the pilot program authorized by Section 28.0255 and continuing for every subsequent school year that the district operates the pilot program, the commissioner shall provide funding for the district's prekindergarten program under Section 29.153 on a full-day basis for a number of prekindergarten students equal to twice the number of students who received a high school diploma under the pilot program authorized by Section 28.0255 during the preceding school year.

(c) This section expires September 1, 2023.

(Enacted by Acts 2013, 83rd Leg., ch. 660 (H.B. 1122), § 2, effective September 1, 2013.)

Sec. 42.253. Distribution of Foundation School Fund.

(a) For each school year the commissioner shall determine:

(1) the amount of money to which a school district is entitled under Subchapters B and C;

(2) the amount of money to which a school district is entitled under Subchapter F;

(3) the amount of money allocated to the district from the available school fund;

(4) the amount of each district's tier one local share under Section 42.252; and

(5) the amount of each district's tier two local share under Section 42.302.

(b) Except as provided by this subsection, the commissioner shall base the determinations under Subsection (a) on the estimates provided to the legislature under Section 42.254, or, if the General Appropriations Act provides estimates for that purpose, on the estimates provided under that Act, for each school district for each school year. The commissioner shall reduce the entitlement of each district that has a final taxable value of property for the second year of a state fiscal biennium that is higher than the estimate under Section 42.254 or the General Appropriations Act, as applicable. A reduction under this subsection may not reduce the district's entitlement below the amount to which it is entitled at its actual taxable value of property.

(c) Each school district is entitled to an amount equal to the difference for that district between the sum of Subsections (a)(1) and (a)(2) and the sum of Subsections (a)(3), (a)(4), and (a)(5).

(c-1) **[Repealed September 1, 2017]** The amounts to be paid under Section 42.2516(b)(3) shall be paid at the same time as other state revenue is paid to the district. Payments shall be based on amounts paid under Section 42.2516(b)(3) for the preceding year. Any deficiency shall be paid to the district at the same time the final amount to be paid to the district is determined, and any overpayment shall be deducted from the payments the district would otherwise receive in the following year.

(d) The commissioner shall approve warrants to each school district equaling the amount of its entitlement except as provided by this section. Warrants for all money expended according to this chapter shall be approved and transmitted to treasurers or depositories of school districts in the same manner that warrants for state payments are transmitted. The total amount of the warrants issued under this section may not exceed the total amount appropriated for Foundation School Program purposes for that fiscal year.

(e), (e-1) [Repealed by Acts 2006, 79th Leg., 3rd C.S., ch. 5 (H.B. 1), § 1.20, effective May 31, 2006.]

(e-2) [Expired pursuant to Acts 1999, 76th Leg., ch. 396 (S.B. 4), § 1.19, effective September 1, 2001.]

(f) [Repealed by Acts 2006, 79th Leg., 3rd C.S., ch. 5 (H.B. 1), § 1.20, effective May 31, 2006.]

(g) If a school district demonstrates to the satisfaction of the commissioner that the estimate of the district's tax rate, student enrollment, or taxable value of property used in determining the amount of state funds to which the district is entitled are so inaccurate as to result in undue financial hardship to the district, the commissioner may adjust funding to that district in that school year to the extent that funds are available for that year.

(h) **[2 Versions: Effective until September 1, 2017]** If the amount appropriated for the Foundation School Program for the second year of a state fiscal biennium is less than the amount to which school districts and open-enrollment charter schools are entitled for that year, the commissioner shall certify the amount of the difference to the Legislative Budget Board not later than January 1 of the second year of the state fiscal biennium. The Legislative Budget Board shall propose to the legislature that the certified amount be transferred to the foundation school fund from the economic stabilization fund and appropriated for the purpose of increases in allocations under this subsection. If the legislature fails during the regular session to enact the proposed transfer and appropriation and there are not funds available under Subsection (j), the commissioner shall adjust the total amounts due to each school district and open-enrollment charter school under this chapter and the total amounts necessary for each school district to comply with the requirements of Chapter 41 by an amount determined by applying to each district and school, including a district receiving funds under Section 42.2516, the same percentage adjustment to the total amount of state and local revenue due to the district or school under this chapter and Chapter 41 so that the total amount of the adjustment to all

districts and schools results in an amount equal to the total adjustment necessary. The following fiscal year:

(1) a district's or school's entitlement under this section is increased by an amount equal to the adjustment made under this subsection; and

(2) the amount necessary for a district to comply with the requirements of Chapter 41 is reduced by an amount necessary to ensure the district's full recovery of the adjustment made under this subsection.

(h) **[2 Versions: Effective September 1, 2017]** If the amount appropriated for the Foundation School Program for the second year of a state fiscal biennium is less than the amount to which school districts and open-enrollment charter schools are entitled for that year, the commissioner shall certify the amount of the difference to the Legislative Budget Board not later than January 1 of the second year of the state fiscal biennium. The Legislative Budget Board shall propose to the legislature that the certified amount be transferred to the foundation school fund from the economic stabilization fund and appropriated for the purpose of increases in allocations under this subsection. If the legislature fails during the regular session to enact the proposed transfer and appropriation and there are not funds available under Subsection (j), the commissioner shall adjust the total amounts due to each school district and open-enrollment charter school under this chapter and the total amounts necessary for each school district to comply with the requirements of Chapter 41 by an amount determined by applying to each district and school the same percentage adjustment to the total amount of state and local revenue due to the district or school under this chapter and Chapter 41 so that the total amount of the adjustment to all districts and schools results in an amount equal to the total adjustment necessary. The following fiscal year:

(1) a district's or school's entitlement under this section is increased by an amount equal to the adjustment made under this subsection; and

(2) the amount necessary for a district to comply with the requirements of Chapter 41 is reduced by an amount necessary to ensure a district's full recovery of the adjustment made under this subsection.

(i) Not later than March 1 each year, the commissioner shall determine the actual amount of state funds to which each school district is entitled under the allocation formulas in this chapter for the current school year and shall compare that amount with the amount of the warrants issued to each district for that year. If the amount of the warrants differs from the amount to which a district is entitled because of variations in the district's tax rate, student enrollment, or taxable value of property, the commissioner shall adjust the district's entitlement for the next fiscal year accordingly.

(j) The legislature may appropriate funds necessary for increases under Subsection (i) from funds that the comptroller, at any time during the fiscal year, finds are available.

(k) The commissioner shall compute for each school district the total amount by which the district's allocation of state funds is increased or reduced under Subsection (i) and shall certify that amount to the district.

STATUTORY NOTES

Applicability. — Acts 2011, 82nd Leg., 1st C.S., ch. 4 (S.B. 1), § 57.35 provides: "Except as otherwise provided by this Act, the changes in law made by this Act to Chapter 42, Education Code, apply beginning with the 2011-2012 school year."

Sec. 42.2531. Adjustment by Commissioner.

(a) The commissioner may make adjustments to amounts due to a school district under this chapter or Chapter 46, or to amounts necessary for a district to comply with the requirements of Chapter 41, as provided by this section.

(b) A school district that has a major taxpayer, as determined by the commissioner, that because of a protest of the valuation of the taxpayer's property fails to pay all or a portion of the ad valorem taxes due to the district may apply to the commissioner to have the district's taxable value of property or ad valorem tax collections adjusted for purposes of this chapter or Chapter 41 or 46. The commissioner may make the adjustment only to the extent the commissioner determines that making the adjustment will not:

(1) in the fiscal year in which the adjustment is made, cause the amount to which school districts are entitled under this chapter to exceed the amount appropriated for purposes of the Foundation School Program for that year; and

(2) if the adjustment is made in the first year of a state fiscal biennium, cause the amount to which school districts are entitled under this chapter for the second year of the biennium to exceed the amount appropriated for purposes of the Foundation School Program for that year.

(c) The commissioner shall recover the benefit of any adjustment made under this section by making offsetting adjustments in the school district's taxable value of property or ad valorem tax collections for purposes of this chapter or Chapter 41 or 46 on a final determination of the taxable value of property that was the basis of the original adjustment, or in the second school year following the year in which the adjustment is made, whichever is earlier.

(d) This section does not require the commissioner to make any requested adjustment. A determination by the commissioner under this section is final and may not be appealed.

(Enacted by Acts 2001, 77th Leg., ch. 1156 (H.B. 2879), § 5, effective September 1, 2001.)

Sec. 42.254. Estimates Required.

(a) Not later than October 1 of each even-numbered year:

(1) the agency shall submit to the legislature an estimate of the tax rate and student enrollment of each school district for the following biennium; and

(2) the comptroller shall submit to the legislature an estimate of the total taxable value of all property in the state as determined under Subchapter M, Chapter 403, Government Code, for the following biennium.

(b) The agency and the comptroller shall update the information provided to the legislature under Subsection (a) not later than March 1 of each odd-numbered year.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1997, 75th Leg., ch. 1071 (S.B. 1873), § 20, effective September 1, 1997.)

Sec. 42.255. Falsification of Records; Report.

When, in the opinion of the agency's director of school audits, audits or reviews of accounting, enrollment, or other records of a school district reveal deliberate falsification of the records, or violation of the provisions of this chapter, through which the district's share of state funds allocated under the authority of this chapter would be, or has been, illegally increased, the director shall promptly and fully report the fact to the State Board of Education, the state auditor, and the appropriate county attorney, district attorney, or criminal district attorney.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 42.256. Foundation School Fund Budget Committee [Repealed].

Repealed by Acts 1997, 75th Leg., ch. 1071 (S.B. 1873), § 30, effective September 1, 1997.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 42.257. Effect of Appraisal Appeal.

(a) If the final determination of an appeal under Chapter 42, Tax Code, results in a reduction in the taxable value of property that exceeds five percent of the total taxable value of property in the school district for the same tax year determined under Subchapter M, Chapter 403, Government Code, the commissioner shall request the comptroller to adjust its taxable property value findings for that year consistent with the final determination of the appraisal appeal.

(b) If the district would have received a greater amount from the foundation school fund for the applicable school year using the adjusted value, the commissioner shall add the difference to subsequent distributions to the district from the foundation school fund. An adjustment does not affect the local fund assignment of any other district.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 42.258. Recovery of Overallocated Funds.

(a) If a school district has received an overallocation of state funds, the agency shall, by withholding from subsequent allocations of state funds for the current or subsequent school year or by requesting and obtaining a refund, recover from the district an amount equal to the overallocation.

(a-1) Notwithstanding Subsection (a), the agency may recover an overallocation of state funds over a period not to exceed the subsequent five school years if the commissioner determines that the overallocation was the result of exceptional circumstances reasonably caused by statutory changes to Chapter 41 or 46 or this chapter and related reporting requirements.

(b) If a district fails to comply with a request for a refund under Subsection (a), the agency shall certify

to the comptroller that the amount constitutes a debt for purposes of Section 403.055, Government Code. The agency shall provide to the comptroller the amount of the overallocation and any other information required by the comptroller. The comptroller may certify the amount of the debt to the attorney general for collection.

(c) Any amounts recovered under this section shall be deposited in the foundation school fund.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2011, 82nd Leg., 1st C.S., ch. 4 (S.B. 1), § 57.24, effective September 28, 2011.)

SUBCHAPTER F
GUARANTEED YIELD PROGRAM

Sec. 42.301. Purpose.

The purpose of the guaranteed yield component of the Foundation School Program is to provide each school district with the opportunity to provide the basic program and to supplement that program at a level of its own choice. An allotment under this subchapter may be used for any legal purpose other than capital outlay or debt service.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 1, § 1.20, effective September 1, 1999.)

Sec. 42.302. Allotment.

(a) Each school district is guaranteed a specified amount per weighted student in state and local funds for each cent of tax effort over that required for the district's local fund assignment up to the maximum level specified in this subchapter. The amount of state support, subject only to the maximum amount under Section 42.303, is determined by the formula:

GYA = (GL X WADA X DTR X 100) — LR

where:

"GYA" is the guaranteed yield amount of state funds to be allocated to the district;

"GL" is the dollar amount guaranteed level of state and local funds per weighted student per cent of tax effort, which is an amount described by Subsection (a-1) or a greater amount for any year provided by appropriation;

"WADA" is the number of students in weighted average daily attendance, which is calculated by dividing the sum of the school district's allotments under Subchapters B and C, less any allotment to the district for transportation, any allotment under Section 42.158 or 42.160, and 50 percent of the adjustment under Section 42.102, by the basic allotment for the applicable year;

"DTR" is the district enrichment tax rate of the school district, which is determined by subtracting the amounts specified by Subsection (b) from the total amount of maintenance and operations taxes collected by the school district for the applicable school year and dividing the difference by the quotient of the district's taxable value of property as determined under Subchapter M, Chapter 403, Government Code, or, if applicable, under Section 42.2521, divided by 100; and

"LR" is the local revenue, which is determined by multiplying "DTR" by the quotient of the district's taxable value of property as determined under Subchapter M, Chapter 403, Government Code, or, if applicable, under Section 42.2521, divided by 100.

(a-1) In this section, "wealth per student" has the meaning assigned by Section 41.001. For purposes of Subsection (a), the dollar amount guaranteed level of state and local funds per weighted student per cent of tax effort ("GL") for a school district is:

(1) the greater of the amount of district tax revenue per weighted student per cent of tax effort that would be available to the Austin Independent School District, as determined by the commissioner in cooperation with the Legislative Budget Board, if the reduction of the limitation on tax increases as provided by Section 11.26(a-1), (a-2), or (a-3), Tax Code, did not apply, or the amount of district tax revenue per weighted student per cent of tax effort used for purposes of this subdivision in the preceding school year, for the first six cents by which the district's maintenance and operations tax rate exceeds the rate equal to the product of the state compression percentage, as determined under Section 42.2516, multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year; and

(2) $31.95, for the district's maintenance and operations tax effort that exceeds the amount of tax effort described by Subdivision (1).

(a-2) The limitation on district enrichment tax rate ("DTR") under Section 42.303 does not apply to the district's maintenance and operations tax effort described by Subsection (a-1)(1).

(a-3) [Expired pursuant to Acts 2006, 79th Leg., 3rd C.S., ch. 5 (H.B. 1), art. 1, § 1.08, effective September 1, 2012.]

(a-4) [Expired pursuant to Acts 2006, 79th Leg., 3rd C.S., ch. 5 (H.B. 1), § 1.08, effective September 1, 2009.]

(b) In computing the district enrichment tax rate of a school district, the total amount of maintenance

and operations taxes collected by the school district does not include the amount of:

(1) the district's local fund assignment under Section 42.252; or

(b) The governing body of a political subdivision desiring to pay off and discharge any bonded indebtedness owned by the fund shall apply in writing to the State Board of Education, not later than the 30th day before any interest paying date on the bonds, describing the bonds or part of the bonds it desires to pay off and discharge. (a) If interest or principal has not been paid for two years or more on any bonds issued by any school district and held by the permanent school fund, the State Board of Education may:

(1) compel the district to levy a tax sufficient to meet the interest and principal payments then or later due; or

(2) if the district furnishes to the State Board of Education satisfactory proof that the district's taxing ability is insufficient, require the district to:

(A) exhaust all legal remedies in collecting delinquent taxes; and

(B) levy a tax at the maximum lawful rate on the bona fide valuation of taxable property located in the district.

(b) Revenue collected by either method specified by Subsection (a) shall be distributed proportionately to all owners of the defaulted securities in compliance with the following:

(1) the proportionate share for each owner is based on the interest and principal requirements of the original security before authorized refunding; and

(2) prior acceptance of refunding securities does not reduce an owner's proportionate share.

(c) As long as any school district is delinquent in its payments of principal or interest on any of its bonds owned by the permanent school fund, the State Board of Education may specify the method of crediting payments to the state made by the district as to principal and interest.

(d) The comptroller may not issue any warrant from the foundation school fund to or for the benefit of any district that has been for as long as two years in default in the payment of principal or interest on any security owned by the permanent school fund until the State Board of Education certifies that the district has satisfactorily complied with the appropriate provisions of this section, in which event the comptroller shall resume making payments to or for the benefit of the district, including the making of pretermitted payments.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 43.011. Authorized Refunding of Defaulted School Bonds.

(a) In compliance with this section, the State Board of Education may revise, readjust, modify, refinance, or refund defaulted bonds issued by any school district in this state and owned by either the permanent school fund or the available school fund.

(b) Application must be made to the State Board of Education by the district that issued the bonds and must show that:

(1) delinquent interest totals at least 50 percent of the principal amount of the bonds; and

(2) taxable valuation has decreased to such an extent that a full application of the proceeds of the voted authorized tax authorized to be levied on the $100 taxable property valuation will not meet interest and principal annually maturing on the bonds.

(c) The State Board of Education may effect a refunding of the debt due and to become due only if the board finds that:

(1) the district is unable to pay the sums already matured and the sums contracted to be paid as they mature by paying annually to the State Board of Education the full proceeds of a 50-cent tax levy on the $100 of all taxable valuation of property in the district;

(2) the taxable valuation of property in the district has decreased at least 75 percent since the bonds were issued and that the decrease was not caused by the district or any of its officials;

(3) the district for a period of at least five years before applying to the State Board of Education for refunding has levied a tax of 50 cents on the $100 of taxable valuation of property in the district, and that despite such levies, the aggregate amount due the State Board of Education exceeds the aggregate amount due at the beginning of the period;

(4) the district has not authorized and sold additional bonds during the five-year period immediately preceding the application; and

(5) the district has in good faith endeavored to pay its debt in accordance with the contract evidenced by the bonds held for the account of the permanent school fund or the available school fund.

(d) If the conditions specified by Subsection (c) are found to exist, the district is, for purposes of this section, insolvent, and the State Board of Education may exchange the bonds, interest coupons, and other evidences of indebtedness for new refunding bonds of the district issued in compliance with the following:

(1) the principal amount of the refunding bonds may not be less than the total amount of the bonds, matured interest coupons, accrued interest, and interest on delinquent interest then actually due to the permanent school fund or the available school fund; and

(2) the rate of interest to be borne by the refunding bonds may be lower than that borne by the bonds to be refunded if in consideration of the interest reduction the district agrees to levy a tax each year for a period of 40 years at a rate sufficient to produce annually a sum equal to 90 percent of the amount that can be calculated by the levy of a tax at the rate of 50 cents on the $100 of taxable valuation of property as determined by the latest approved tax roll of the district, and in determining the rate of interest to be borne by the refunding bonds, the State Board of Education shall be governed by the following:

(A) the State Board of Education may require the rate to be a percent per annum as in its judgment will represent the maximum rate that can be paid by the district and still permit an orderly and certain retirement of the refunding bonds within 40 years from their date;

(B) the interest rate of refunding bonds to be received in exchange for bonds owned by the permanent school fund may not be less than the minimum rate at which bonds may then be purchased as investments for the permanent school fund; and

(C) the rate of interest of refunding bonds to be received in exchange for bonds owned by the available school fund may be set by the State Board of Education at any rate the board considers feasible, and the refunding bonds may, at the discretion of the State Board of Education, be made non-interest bearing to a date fixed by the board.

(e) The State Board of Education may not make a revision, readjustment, modification, refinancing, or refunding that will release or extinguish any debt or obligation then due and payable to the permanent school fund or to the available school fund.

(f) Except as otherwise provided or permitted by this section, the refunding of the bonds of school districts authorized by this section must be in compliance with the general provisions with regard to the refunding of school district bonds.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

(b) In this section, "defaulted obligations" includes delinquent interest whether represented by coupons or not, interest on delinquent interest, and any other form of obligation due the available school fund.

(c) The obligor must apply to the State Board of Education and show:

(1) that the obligations due the available school fund have been in default in whole or in part for a continuous period of at least 15 years; and

(2) that the obligor is not in default in the payment of the principal of any bonds owned by the permanent school fund.

(d) If the State Board of Education finds that the requirements provided by Subsection (c) have been met, it may approve a refinancing or the issuance of refunding bonds on the conditions:

(1) that the refunding bonds must mature serially in not exceeding 40 years from the date of issuance;

(2) that the principal amount of the refunding bonds may be not less than the total amount of the obligations then in default and due the available school fund; and

(3) that the refunding bonds must bear interest at a rate or rates determined by the State Board of Education to be for the best interest of the available school fund.

(e) The State Board of Education may accept refunding bonds in lieu of either matured or unmatured bonds held for the benefit of the permanent school fund if the rate of interest on the new refunding bonds is at least the same rate as that of the bonds being refunded.

(f) Refunding bonds issued with the approval or pursuant to a refunding agreement with the State Board of Education in compliance with either this section or Section 43.011 shall, on the order of the State Board of Education, be exchanged by the comptroller for the defaulted obligations they have been issued to refund.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1997, 75th Leg., ch. 1423 (H.B. 2841), art. 5, § 5.02, effective September 1, 1997.)

(i) the school district's "Last Year's Rate";

(ii) the "Rate to Maintain Same Level of Maintenance & Operations Revenue & Pay Debt Service," which:

(a) in the case of "Maintenance & Operations," is the tax rate that, when applied to the current taxable value for the district, as certified by the chief appraiser under Section 26.01, Tax Code, and as adjusted to reflect changes made by the chief appraiser as of the time the notice is prepared, would impose taxes in an amount that, when added to state funds to be distributed to the district under Chapter 42, would provide the same amount of maintenance and operations taxes and state funds distributed under Chapter 42 per student in average daily attendance for the applicable school year that was available to the district in the preceding school year; and

(b) in the case of "Interest & Sinking Fund," is the tax rate that, when applied to the current taxable value for the district, as certified by the chief appraiser under Section 26.01, Tax Code, and as adjusted to reflect changes made by the chief appraiser as of the time the notice is prepared, and when multiplied by the district's anticipated collection rate, would impose taxes in an amount that, when added to state funds to be distributed to the district under Chapter 46 and any excess taxes collected to service the district's debt during the preceding tax year but not used for that purpose during that year, would provide the amount required to service the district's debt; and

(iii) the "Proposed Rate";

(B) contain fourth and fifth columns aligned with the columns required by Paragraph (A) that show, for each row required by Paragraph (A):

(i) the "Local Revenue per Student," which is computed by multiplying the district's total taxable value of property, as certified by the chief appraiser for the applicable school year under Section 26.01, Tax Code, and as adjusted to reflect changes made by the chief appraiser as of the time the notice is prepared, by the total tax rate, and dividing the product by the number of students in average daily attendance in the district for the applicable school year; and

(ii) the "State Revenue per Student," which is computed by determining the amount of state aid received or to be received by the district under Chapters 42, 43, and 46 and dividing that amount by the number of students in average daily attendance in the district for the applicable school year; and

(C) contain an asterisk after each calculation for "Interest & Sinking Fund" and a footnote to the section that, in reduced type, states "The Interest & Sinking Fund tax revenue is used to pay for bonded indebtedness on construction, equipment, or both. The bonds, and the tax rate necessary to pay those bonds, were approved by the voters of this district.";

(6) contain a section entitled "Comparison of Proposed Levy with Last Year's Levy on Average Residence," which must:

(A) show in rows the information described by Subparagraphs (i)—(iv), rounded to the nearest dollar, for columns entitled "Last Year" and "This Year":

(i) "Average Market Value of Residences," determined using the same group of residences for each year;

(ii) "Average Taxable Value of Residences," determined after taking into account the limitation on the appraised value of residences under Section 23.23, Tax Code, and after subtracting all homestead exemptions applicable in each year, other than exemptions available only to disabled persons or persons 65 years of age or older or their surviving spouses, and using the same group of residences for each year;

(iii) "Last Year's Rate Versus Proposed Rate per $100 Value"; and

(iv) "Taxes Due on Average Residence," determined using the same group of residences for each year; and

(B) contain the following information: "Increase (Decrease) in Taxes" expressed in dollars and cents, which is computed by subtracting the "Taxes Due on Average Residence" for the preceding tax year from the "Taxes Due on Average Residence" for the current tax year;

(7) contain the following statement in bold print: "Under state law, the dollar amount of school taxes imposed on the residence of a person 65 years of age or older or of the surviving spouse of such a person, if the surviving spouse was 55 years of age or older when the person died, may not be increased above the amount paid in the first year after the person turned 65, regardless of changes in tax rate or property value.";

(8) contain the following statement in bold print: "Notice of Rollback Rate: The highest tax rate the district can adopt before requiring voter approval at an election is (the school district rollback rate determined under Section 26.08, Tax Code). This election will be automatically held if the district adopts a rate in excess of the rollback rate of (the school district rollback rate)."; and

(9) contain a section entitled "Fund Balances," which must include the estimated amount of interest and sinking fund balances and the estimated amount of maintenance and operation or general fund balances remaining at the end of the current fiscal year that are not encumbered with or by corresponding debt obligation, less estimated funds necessary for the operation of the district before the receipt of the first payment under Chapter 42 in the succeeding school year.

(c-1) The notice described by Subsection (c) must state in a distinct row or on a separate or individual line for each of the following taxes:

(1) the proposed rate of the school district's maintenance tax described by Section 45.003, under the heading "Maintenance Tax"; and

(2) if the school district has issued ad valorem tax bonds under Section 45.001, the proposed rate of the tax to pay for the bonds, under the heading "School Debt Service Tax Approved by Local Voters."

(d) The comptroller shall prescribe the language and format to be used in the part of the notice required by Subsection (c). A notice under Subsection (c) is not valid if it does not substantially conform to the language and format prescribed by the comptroller under this subsection.

(e) A person who owns taxable property in a school district is entitled to an injunction restraining the collection of taxes by the district if the district has not complied with the requirements of Subsections (b), (c), and (d), and, if applicable, Subsection (i), and the failure to comply was not in good faith. An action to enjoin the collection of taxes must be filed before the date the school district delivers substantially all of its tax bills.

(f) The board of trustees, at the meeting called for that purpose, shall adopt a budget to cover all expenditures for the school district for the next succeeding fiscal year. Any taxpayer of the district may be present and participate in the meeting.

(g) The budget must be adopted before the adoption of the tax rate for the tax year in which the fiscal year covered by the budget begins.

(g-1) If the rate calculated under Subsection (c)(5)(A)(ii)(b) decreases after the publication of the notice required by this section, the president is not required to publish another notice or call another meeting to discuss and adopt the budget and the proposed lower tax rate.

(h) Notwithstanding any other provision of this section, a school district with a fiscal year beginning July 1 may use the certified estimate of the taxable value of district property required by Section 26.01(e), Tax Code, in preparing the notice required by this section if the district does not receive on or before June 7 the certified appraisal roll for the district required by Section 26.01(a), Tax Code.

(i) A school district that uses a certified estimate, as authorized by Subsection (h), may adopt a budget at the public meeting designated in the notice prepared using the estimate, but the district may not adopt a tax rate before the district receives the certified appraisal roll for the district required by Section 26.01(a), Tax Code. After receipt of the certified appraisal roll, the district must publish a revised notice and hold another public meeting before the district may adopt a tax rate that exceeds:

(1) the rate proposed in the notice prepared using the estimate; or

(2) the district's rollback rate determined under Section 26.08, Tax Code, using the certified appraisal roll.

(j) Notwithstanding Subsections (g), (h), and (i), a school district may adopt a budget after the district adopts a tax rate for the tax year in which the fiscal year covered by the budget begins if the district elects to adopt a tax rate before receiving the certified appraisal roll for the district as provided by Section 26.05(g), Tax Code. If a school district elects to adopt a tax rate before adopting a budget, the district must publish notice and hold a meeting for the purpose of discussing the proposed tax rate as provided by this section. Following adoption of the tax rate, the district must publish notice and hold another public meeting before the district may adopt

a budget. The comptroller shall prescribe the language and format to be used in the notices. The school district may use the certified estimate of taxable value in preparing a notice under this subsection.

SUBCHAPTER B
PURCHASES; CONTRACTS

Sec. 44.031. Purchasing Contracts.

(a) Except as provided by this subchapter, all school district contracts for the purchase of goods and services, except contracts for the purchase of produce or vehicle fuel, valued at $50,000 or more in the aggregate for each 12-month period shall be made by the method, of the following methods, that provides the best value for the district:

(1) competitive bidding for services other than construction services;

(2) competitive sealed proposals for services other than construction services;

(3) a request for proposals, for services other than construction services;

(4) an interlocal contract;

(5) a method provided by Chapter 2269, Government Code, for construction services;

(6) the reverse auction procedure as defined by Section 2155.062(d), Government Code; or

(7) the formation of a political subdivision corporation under Section 304.001, Local Government Code.

(b) Except as provided by this subchapter, in determining to whom to award a contract, the district shall consider:

(1) the purchase price;

(2) the reputation of the vendor and of the vendor's goods or services;

(3) the quality of the vendor's goods or services;

(4) the extent to which the goods or services meet the district's needs;

(5) the vendor's past relationship with the district;

(6) the impact on the ability of the district to comply with laws and rules relating to historically underutilized businesses;

(7) the total long-term cost to the district to acquire the vendor's goods or services;

(8) for a contract for goods and services, other than goods and services related to telecommunications and information services, building construction and maintenance, or instructional materials, whether the vendor or the vendor's ultimate parent company or majority owner:

(A) has its principal place of business in this state; or

(B) employs at least 500 persons in this state; and

(9) any other relevant factor specifically listed in the request for bids or proposals.

(b-1) In awarding a contract by competitive sealed bid under this section, a school district that has its central administrative office located in a municipality with a population of less than 250,000 may consider a bidder's principal place of business in the manner provided by Section 271.9051, Local Government Code. This subsection does not apply to the purchase of telecommunications services or information services, as those terms are defined by 47 U.S.C. Section 153.

(c) The state auditor may audit purchases of goods or services by the district.

(d) The board of trustees of the district may adopt rules and procedures for the acquisition of goods or services.

(e) To the extent of any conflict, this subchapter prevails over any other law relating to the purchasing of goods and services except a law relating to contracting with historically underutilized businesses.

(f) This section does not apply to a contract for professional services rendered, including services of an architect, attorney, certified public accountant, engineer, or fiscal agent. A school district may, at its option, contract for professional services rendered by a financial consultant or a technology consultant in the manner provided by Section 2254.003, Government Code, in lieu of the methods provided by this section.

(g) Notice of the time by when and place where the bids or proposals, or the responses to a request

for qualifications, will be received and opened shall be published in the county in which the district's central administrative office is located, once a week for at least two weeks before the deadline for receiving bids, proposals, or responses to a request for qualifications. If there is not a newspaper in that county, the advertising shall be published in a newspaper in the county nearest the county seat of the county in which the district's central administrative office is located. In a two-step procurement process, the time and place where the second-step bids, proposals, or responses will be received are not required to be published separately.

(h) **[2 Versions: As amended by Acts 1999, 76th Leg., ch. 922]** If school equipment, a school facility, or a portion of a school facility is destroyed, severely damaged, or experiences a major unforeseen operational or structural failure, and the board of trustees determines that the delay posed by the contract methods required by this section would prevent or substantially impair the conduct of classes or other essential school activities, then contracts for the replacement or repair of the equipment, school facility, or portion of the school facility may be made by a method other than the methods required by this section.

(h) **[2 Versions: As amended by Acts 1999, 76th Leg., ch. 1225]** If school equipment or a part of a school facility or personal property is destroyed or severely damaged or, as a result of an unforeseen catastrophe or emergency, undergoes major operational or structural failure, and the board of trustees determines that the delay posed by the methods provided for in this section would prevent or substantially impair the conduct of classes or other essential school activities, then contracts for the replacement or repair of the equipment or the part of the school facility may be made by methods other than those required by this section.

(i) A school district may acquire computers and computer-related equipment, including computer software, through the Department of Information Resources under contracts entered into in accordance with Chapter 2054 or 2157, Government Code. Before issuing an invitation for bids, the department shall consult with the agency concerning the computer and computer-related equipment needs of school districts. To the extent possible the resulting contract shall provide for such needs.

(j) Without complying with Subsection (a), a school district may purchase an item that is available from only one source, including:

(1) an item for which competition is precluded because of the existence of a patent, copyright, secret process, or monopoly;

(2) a film, manuscript, or book;

(3) a utility service, including electricity, gas, or water; and

(4) a captive replacement part or component for equipment.

(k) The exceptions provided by Subsection (j) do not apply to mainframe data-processing equipment and peripheral attachments with a single-item purchase price in excess of $15,000.

(*l*) Each contract proposed to be made by a school district for the purchase or lease of one or more school buses, including a lease with an option to purchase, must be submitted to competitive bidding when the contract is valued at $20,000 or more.

(m) If a purchase is made at the campus level in a school district with a student enrollment of 180,000 or more that has formally adopted a site-based decision-making plan under Subchapter F, Chapter 11, that delegates purchasing decisions to the campus level, this section applies only to the campus and does not require the district to aggregate and jointly award purchasing contracts. A district that adopts site-based purchasing under this subsection shall adopt a policy to ensure that campus purchases achieve the best value to the district and are not intended or used to avoid the requirement that a district aggregate purchases under Subsection (a).

In procuring construction services, the district shall provide notice of the delegation and the limits of the delegation in the request for bids, proposals, or qualifications or in an addendum to the request. If the district fails to provide that notice, a ranking, selection, or evaluation of bids, proposals, or qualifications for construction services other than by the board of trustees in an open public meeting is advisory only.

(1) under a lease/purchase contract that has a term not to exceed 20 years from the final date of installation and that meets federal tax requirements for tax-free municipal leasing or long-term financing;

(2) with the proceeds of bonds; or

(3) under a contract with the provider of the energy or water conservation measures that has a term not to exceed the lesser of 20 years from the final date of installation or the average useful life of the energy or water conservation or usage measures.

(f-1) Notwithstanding other law, the board may use any available money, other than money borrowed from this state, to pay the provider of the energy or water conservation measures under this section, and the board is not required to pay for such costs solely out of the savings realized by the school district under an energy savings performance contract. The board may contract with the provider to perform work that is related to, connected with, or otherwise ancillary to the measures identified in the scope of an energy savings performance contract.

(g) An energy savings performance contract shall contain provisions requiring the provider of the energy or water conservation measures to guarantee the amount of the savings to be realized by the school district under the contract. If the term of an energy savings performance contract exceeds one year, the school district's contractual obligations in any one year during the term of the contract beginning after the final date of installation may not exceed the total energy, water, wastewater, and operating cost savings, including electrical, gas, water, wastewater, or other utility cost savings and operating cost savings resulting from the measures, as determined by the school district in this subsection, divided by the number of years in the contract term.

(h) An energy savings performance contract shall be let according to the procedures established for procuring certain professional services by Section 2254.004, Government Code. Notice of the request for qualifications shall be published in the manner provided for competitive bidding.

(i) Before entering into an energy savings performance contract, the board must require that the cost savings projected by an offeror be reviewed by a licensed professional engineer who has a minimum of three years of experience in energy calculation and review, is not an officer or employee of an offeror for the contract under review, and is not otherwise associated with the contract. In conducting the review, the engineer shall focus primarily on the proposed improvements from an engineering perspective, the methodology and calculations related to cost savings, increases in revenue, and, if applicable, efficiency or accuracy of metering equipment. An engineer who reviews a contract shall maintain the confidentiality of any proprietary information the engineer acquires while reviewing the contract. Sections 1001.053 and 1001.407, Occupations Code, apply to work performed under the contract.

(j) Chapter 2269, Government Code, does not apply to this section.

Sec. 44.902. Long-Range Energy Plan to Reduce Consumption of Electric Energy.

(a) The board of trustees of a school district shall establish a long-range energy plan to reduce the district's annual electric consumption by five percent beginning with the 2008 state fiscal year and consume electricity in subsequent fiscal years in accordance with the district's energy plan.

(b) The plan required under Subsection (a) must include:

(1) strategies for achieving energy efficiency that:

(A) result in net savings for the district; or

(B) can be achieved without financial cost to the district; and

(2) for each strategy identified under Subdivision (1), the initial, short-term capital costs and lifetime costs and savings that may result from implementation of the strategy.

(b-1) For purposes of Subsection (b), a strategy for achieving energy efficiency includes facility design and construction.

(c) In determining under Subsection (b) whether a strategy may result in financial cost to the district, the board of trustees shall consider the total net costs and savings that may occur over the seven-year period following implementation of the strategy.

(d) The board of trustees may submit the plan required under Subsection (a) to the State Energy Conservation Office for the purposes of determining whether funds available through loan programs administered by the office or tax incentives administered by the state or federal government are available to the district. The board may not disallow any proper allocation of incentives.

(a) In this section, "instructional facility" has the meaning assigned by Section 46.001.

(b) A school district shall purchase for use in each type of light fixture in an instructional facility the commercially available model of light bulb that:

(1) uses the fewest watts for the necessary luminous flux or light output;

(2) is compatible with the light fixture; and

(3) is the most cost-effective, considering the factors described by Subdivisions (1) and (2).

(Enacted by Acts 2007, 80th Leg., ch. 939 (H.B. 3693), § 2, effective September 1, 2007.)

Sec. 44.908. Expenditure of Local Funds.

(a) A school district shall adopt a policy governing the expenditure of local funds from vending machines, rentals, gate receipts, or other local sources of revenue over which the district has direct control.

(b) A policy under this section must:

(1) require discretionary expenditures of local funds to be related to the district's educational purpose and provide a commensurate benefit to the district or its students; and

(2) meet the standards of Section 52, Article III, Texas Constitution, regarding expenditure of public funds.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 67, effective September 1, 2009.)

Sec. 45.0011. Credit Agreements in Certain School Districts.

(a) This section applies only to an independent school district that, at the time of the issuance of obligations and execution of credit agreements under this section, has:

(1) at least 2,000 students in average daily attendance; or

(2) a combined aggregate principal amount of at least $50 million of outstanding bonds and voted but unissued bonds.

(b) A district to which this section applies may, in the issuance of bonds as provided by Sections 45.001 and 45.003(b)(1), exercise the powers granted to the governing body of an issuer with regard to the issuance of obligations and execution of credit agreements under Chapter 1371, Government Code.

(c) A proposition to issue bonds to which this section applies must, in addition to meeting the requirements of Section 45.003(b)(1), include the question of whether the governing board or commissioners court may levy, pledge, assess, and collect annual ad valorem taxes, on all taxable property in the district, sufficient, without limit as to rate or amount, to pay the principal of and interest on the bonds and the costs of any credit agreements executed in connection with the bonds.

(d) A district may not issue bonds to which this section applies in an amount greater than the greater of:

(1) 25 percent of the sum of:

(A) the aggregate principal amount of all district debt payable from ad valorem taxes that is outstanding at the time the bonds are issued; and

(B) the aggregate principal amount of all bonds payable from ad valorem taxes that have been authorized but not issued;

(2) $25 million, in a district that has at least 3,500 but not more than 15,000 students in average daily attendance; or

(3) $50 million, in a district that has more than 15,000 students in average daily attendance.

(e) In this section, average daily attendance is determined in the manner provided by Section 42.005.

(f) Sections 1371.057 and 1371.059, Government Code, govern approval by the attorney general of obligations issued under the authority of this section.
(Enacted by Acts 1999, 76th Leg., ch. 1536 (S.B. 1091), § 2, effective June 19, 1999; am. Acts 2001, 77th Leg., ch. 1420 (H.B. 2812), art. 8, § 8.207, effective September 1, 2001.)

Sec. 45.002. Maintenance Taxes.

The governing board of an independent school district, including the city council or commission that has jurisdiction over a municipally controlled independent school district, the governing board of a rural high school district, and the commissioners court of a county, on behalf of each common school district under its jurisdiction, may levy, assess, and collect annual ad valorem taxes for the further maintenance of public schools in the district, subject to Section 45.003.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 45.003. Bond and Tax Elections.

(a) Bonds described by Section 45.001 may not be issued and taxes described by Section 45.001 or 45.002 may not be levied unless authorized by a majority of the qualified voters of the district, voting at an election held for that purpose, at the expense of the district, in accordance with the Election Code, except as provided by this section. Each election must be called by resolution or order of the governing board or commissioners court. The resolution or order must state the date of the election, the proposition or propositions to be submitted and voted on, the polling place or places, and any other matters considered necessary or advisable by the governing board or commissioners court.

(b) A proposition submitted to authorize the issuance of bonds must include the question of whether the governing board or commissioners court may levy, pledge, assess, and collect annual ad valorem taxes, on all taxable property in the district, either:

(1) sufficient, without limit as to rate or amount, to pay the principal of and interest on the bonds; or

(2) sufficient to pay the principal of and interest on the bonds, provided that the annual aggregate bond taxes in the district may never be more than the rate stated in the proposition.

(c) If bonds are ever voted in a district pursuant to Subsection (b)(1), then all bonds thereafter proposed must be submitted pursuant to that subsection, and Subsection (b)(2) does not apply to the district.

(d) A proposition submitted to authorize the levy of maintenance taxes must include the question of whether the governing board or commissioners court may levy, assess, and collect annual ad valorem taxes for the further maintenance of public schools, at a rate not to exceed the rate stated in the proposition. For any year, the maintenance tax rate per $100 of taxable value adopted by the district may not exceed the rate equal to the sum of $0.17 and the product of the state compression percentage, as determined under Section 42.2516, multiplied by $1.50.

(e) A rate that exceeds the maximum rate specified by Subsection (d) for the year in which the tax is to be imposed is void. A school district with a tax rate that is void under this subsection may, subject to requirements imposed by other law, adopt a rate for that year that does not exceed the maximum rate specified by Subsection (d) for that year.

(f) Notwithstanding any other law, a district that levied a maintenance tax for the 2005 tax year at a rate greater than $1.50 per $100 of taxable value in the district as permitted by special law may not levy a maintenance tax at a rate that exceeds the rate per $100 of taxable value that is equal to the sum of $0.17 and the product of the state compression percentage, as determined under Section 42.2516, multiplied by the rate of the maintenance tax levied by the district for the 2005 tax year.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1997, 75th Leg., ch. 1071 (S.B. 1873), § 22, effective September 1, 1997; am. Acts 2001, 77th Leg., ch. 678 (H.B. 2888), § 2, effective September 1, 2001; am. Acts 2006, 79th Leg., 3rd C.S., ch. 5 (H.B. 1), art. 1, § 1.12, effective May 31, 2006.)

Sec. 45.0031. Limitation on Issuance of Tax-Supported Bonds.

(a) Before issuing bonds described by Section 45.001, a school district must demonstrate to the attorney general under Subsection (b) or (c) that, with respect to the proposed issuance, the district has a projected ability to pay the principal of and interest on the proposed bonds and all previously issued bonds other than bonds authorized to be issued at an election held on or before April 1, 1991, and issued before September 1, 1992, from a tax at a rate not to exceed $0.50 per $100 of valuation.

(b) A district may demonstrate the ability to comply with Subsection (a) by using the most recent taxable value of property in the district, combined with state assistance to which the district is entitled under Chapter 42 or 46 that may be lawfully used for the payment of bonds.

(c) A district may demonstrate the ability to comply with Subsection (a) by using a projected future taxable value of property in the district anticipated for the earlier of the tax year five years after the current tax year or the tax year in which the final payment is due for the bonds submitted to the attorney general, combined with state assistance to which the district is entitled under Chapter 42 or 46 that may be lawfully used for the payment of bonds. The district must submit to the attorney general a certification of the district's projected taxable value of property that is prepared by a registered professional appraiser certified under Chapter 1151, Occupations Code, who has demonstrated professional experience in projecting taxable values of property or who can by contract obtain any necessary assistance from a person who has that experience. To demonstrate the professional experience required by this subsection, a registered professional appraiser must provide to the district written documentation relating to two previous projects for which the appraiser projected taxable values of property. Until the bonds submitted to the attorney general are approved or disapproved, the district must maintain the documentation and on request provide the documentation to the attorney general or comptroller. The certification of the district's projected taxable value of property must be signed by the district's superintendent. The attorney general must base a determination of whether the district has complied with Subsection (a) on a taxable value of property that is equal to 90 percent of the value certified under this subsection.

(d) A district that demonstrates to the attorney general that the district's ability to comply with Subsection (a) is contingent on receiving state assistance may not adopt a tax rate for a year for purposes of paying the principal of and interest on the bonds unless the district credits to the account of the interest and sinking fund of the bonds the amount of state assistance equal to the amount needed to demonstrate compliance and received or to be received in that year.

(e) If a district demonstrates to the attorney general the district's ability to comply with Subsection (a) using a projected future taxable value of property under Subsection (c) and subsequently imposes a tax to pay the principal of and interest on bonds to which Subsection (a) applies at a rate that exceeds the limit imposed by Subsection (a), the attorney general may not approve a subsequent issuance of bonds unless the attorney general finds that the district has a projected ability to pay the principal of and interest on the proposed bonds and all previously issued bonds to which Subsection (a) applies

from a tax at a rate not to exceed $0.45 per $100 of valuation.

(Enacted by Acts 2001, 77th Leg., ch. 678 (H.B. 2888), § 1, effective September 1, 2001; am. Acts 2003, 78th Leg., ch. 1276 (H.B. 3507), art. 14A, § 14A.762, effective September 1, 2003.)

Sec. 45.004. Refunding Bonds.

(a) In this section:

(1) "Bond" includes a note or other evidence of indebtedness.

(2) "Total debt service" means the amount of principal and unpaid interest on a bond to final maturity.

(b) Each governing board or commissioners court described by Section 45.001 may refund or refinance all or any part of any of the district's outstanding bonds and matured or unmatured but unpaid interest on those bonds payable from ad valorem taxes by issuing refunding bonds payable from ad valorem taxes.

(c) A series or issue of refunding bonds may not be issued unless:

(1) the total debt service on the refunding bonds will amount to less than the total debt service on the bonds being refunded;

(2) if a maximum interest rate was voted for the bonds being refunded, the refunding bonds do not bear interest at a rate higher than that maximum rate; and

(3) the refunding bonds are payable from taxes of the same nature as those pledged to the payment of the obligations being refunded.

(d) Refunding bonds may be made redeemable before maturity.

(e) The refunding bonds may be:

(1) issued and delivered in lieu of, and on surrender to the comptroller and cancellation of, the obligations being refunded, and the comptroller shall register the refunding bonds and deliver them in accordance with the resolution or order authorizing the refunding bonds; or

(2) sold for cash in any principal amounts necessary to provide all or any part of the money required to:

(A) pay the principal of any bonds being refunded and the interest to accrue on the bonds to maturity; or

(B) redeem any bonds being refunded before maturity, including principal, any required redemption premium, and the interest to accrue on the bonds to the redemption date.

(f) The refunding may be accomplished in one or in several installment deliveries. Refunding bonds also may be issued and delivered in accordance with any other applicable law.

(g) To refund bonds or to pay or redeem bonds in whole or in part without issuing refunding bonds, the governing board or commissioners court may deposit directly with the paying agent the proceeds from the sale of refunding bonds or any other available funds or resources. The deposit must be in an amount sufficient, after taking into account both the principal and interest to accrue on the assets of any escrow account created under Subsection (h), to provide for the payment or redemption of the bonds and assumed obligations that are to be refunded or to be paid or redeemed. The deposit constitutes the making of firm banking and financial arrangements for the discharge and final payment or redemption of the bonds being refunded.

(h) The governing board or commissioners court may enter into an escrow or a similar agreement with the paying agent with respect to the safekeeping, investment, reinvestment, administration, or disposition of the deposits, but the deposits may be invested and reinvested only in direct obligations of the United States, including obligations the principal of and interest on which are unconditionally guaranteed by the United States and that mature or bear interest payable at times and in amounts sufficient to provide for the scheduled payment or redemption of the bonds. The governing board or commissioners court shall enter into an appropriate escrow or a similar agreement if any of the bonds are scheduled to be paid or redeemed on a date later than the next succeeding scheduled interest payment date.

(i) If the governing body or commissioners court has entered into an escrow or a similar agreement under Subsection (h), the refunded bonds are considered to be defeased and may not be included in or considered to be an indebtedness of the district for the purpose of a limitation on outstanding indebtedness or taxation or for any other purpose.

(j) Refunding bonds may be issued under this section to refund any bonds that are scheduled to mature or that are subject to redemption before maturity, not more than 20 years from the date of the refunding bonds. The refunding bonds may be sold at public or private sale under the procedures, at the price, and on the terms determined by the governing board or commissioners court. In addition, the bonds may be sold bearing interest at the rate determined by the governing board or commissioners court, but not to exceed the maximum rate prescribed by Chapter 1204, Government Code. The governing board or commissioners court may pledge to the payment of any refunding bonds any surplus income to be available from the investment or reinvestment of any deposit made as authorized by this

section or any other available revenues, income, or resources.

(k) The refunding bonds may be issued in an additional amount sufficient to pay the costs and expenses of issuing the bonds and sufficient to fund any debt service reserve, contingency, or other similar fund considered necessary or advisable by the governing board or commissioners court.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2001, 77th Leg., ch. 1420 (H.B. 2812), art. 8, § 8.208, effective September 1, 2001.)

Sec. 45.005. Examination of Bonds by Attorney General.

All bonds issued pursuant to this subchapter, and the appropriate proceedings authorizing their issuance, shall be submitted to the attorney general for examination.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 45.006. Maintenance Tax Required for Judgment Ordering Ad Valorem Tax Refund; Bonds.

(a) This section applies only to a school district that:

(1) has an average daily attendance of less than 10,000; and

(2) is located in whole or part in a municipality with a population of less than 25,000 that is located in a county with a population of 200,000 or more bordering another county with a population of 2.8 million or more.

(b) Notwithstanding Section 45.003, a school district may levy, assess, and collect maintenance taxes at a rate that exceeds $1.50 per $100 valuation of taxable property if:

(1) additional ad valorem taxes are necessary to pay a debt of the district that:

(A) resulted from the rendition of a judgment against the district before May 1, 1995;

(B) is greater than $5 million;

(C) decreases a property owner's ad valorem tax liability;

(D) requires the district to refund to the property owner the difference between the amount of taxes paid by the property owner and the amount of taxes for which the property owner is liable; and

(E) is payable according to the judgment in more than one of the district's fiscal years; and

(2) the additional taxes are approved by the voters of the district at an election held for that purpose.

(c) Except as provided by Subsection (e), any additional maintenance taxes that the district collects under this section may be used only to pay the district's debt under Subsection (b)(1).

(d) Except as provided by Subsection (e), the authority of a school district to levy the additional ad valorem taxes under this section expires when the judgment against the district is paid.

(e) The governing body of a school district shall pay the district's debt under Subsection (b)(1) in a lump sum. To satisfy the district's debt under Subsection (b)(1), the governing body may levy and collect additional maintenance taxes as provided by Subsection (b) and may issue bonds. If bonds are issued:

(1) the district may use any additional maintenance taxes collected by the district under this section to pay debt service on the bonds; and

(2) the authority of the district to levy the additional ad valorem taxes expires when the bonds are paid in full or the judgment is paid, whichever occurs later.

(f) The governing body of a school district that adopts a tax rate that exceeds $1.50 per $100 valuation of taxable property may set the amount of the exemption from taxation authorized by Section 11.13(n), Tax Code, at any time before the date the governing body adopts the district's tax rate for the tax year in which the election approving the additional taxes is held.

(g) The authority to issue bonds granted by this section expires June 1, 1996.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

SUBCHAPTER B
REVENUE BONDS

Sec. 45.031. Gymnasia, Stadia, and Other Recreational Facilities.

The governing board of an independent school district, including the city council or commission that has jurisdiction over a municipally controlled independent school district, the governing board of a rural high school district, and the commissioners court of a county, on behalf of each common school district under its jurisdiction, may acquire, construct, improve, equip, operate, and maintain gymnasia, stadia, or other recreational facilities for and on behalf of its district. The facilities may be located inside or outside of the district.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 45.032. Revenue Bonds.

To provide funds to acquire, construct, improve, or equip gymnasia, stadia, or other recreational facili-

ties, the board, city council or commission, or commissioners court may issue revenue bonds payable from and secured by liens on and pledges of all or any part of any of the revenues from any rentals, rates, charges, or other revenues from any or all of the facilities, in the manner provided by this subchapter. The bonds may be additionally secured by mortgages and deeds of trust on any real property on which any of the facilities are or will be located, or any real or personal property incident or appurtenant to the facilities, and the board, city council or commission, or commissioners court may authorize the execution and delivery of trust indentures, mortgages, deeds of trust, or other forms of encumbrances to evidence those liens. The bonds may be issued to mature serially or otherwise not to exceed 50 years from their date. In the authorization of any of those bonds, the board, city council or commission, or commissioners court may provide for the subsequent issuance of additional parity bonds, or subordinate lien bonds, or other types of bonds, under the terms set forth in the resolution or order authorizing the issuance of the bonds, all within the discretion of the board, city council or commission, or commissioners court. The bonds may be made redeemable before maturity. The bonds may be sold in the manner, at the price, and under the terms provided by the board, city council or commission, or commissioners court in the resolution or order authorizing the issuance of the bonds. If permitted by the bond resolution or order, any required part of the proceeds from the sale of the bonds may be:

(1) used for paying interest on the bonds during the period of the construction of any facilities to be provided through the issuance of the bonds;

(2) used for paying the operation and maintenance expenses of facilities to the extent and for the period specified in the bond resolution;

(3) used for creating reserves for the payment of the principal of and interest on the bonds; or

(4) invested, until needed, to the extent and in the manner provided in the bond resolution or order.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 45.033. Rentals, Rates, and Charges.

If revenues from the facilities are pledged to the payment of bonds, the rentals, rates and charges for the occupancy or use of the facilities must be fixed and collected in amounts at least sufficient to provide for all payments of principal, interest, and any other amounts required in connection with the bonds, and, to the extent required by the resolution or order authorizing the issuance of the bonds, to provide for the payment of operation, maintenance, and other expenses.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Revenue bonds issued by a board, city council or commission, or commissioners court under this subchapter and revenue bonds issued by a board, city council or commission, or commissioners court under other law and payable from revenues from facilities described by Section 45.031 may be refunded or otherwise refinanced by the board, city council or commission, or commissioners court, and in that case all appropriate provisions of this subchapter apply to the refunding bonds. In refunding or otherwise refinancing any such bonds, the board, city council or commission, or commissioners court may, in the same authorizing proceedings, refund or refinance bonds issued pursuant to this code and bonds issued pursuant to any other law, may combine all refunding bonds and any other additional new bonds to be issued under this chapter into one or more issues or series of bonds, and may provide for the subsequent issuance of additional parity bonds, or subordinate lien bonds, or other type of bonds. SUBCHAPTER C
GUARANTEED BONDS

Sec. 45.051. Definitions.

In this subchapter:

(1) "Board" means the State Board of Education.

(1-a) "Charter district" means an open-enrollment charter school designated as a charter district under Section 12.135.

(2) "Paying agent" means the financial institution that is designated by a school district or charter district as its agent for the payment of the principal of and interest on guaranteed bonds.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2011, 82nd Leg., 1st C.S., ch. 4 (S.B. 1), § 59.02, effective September 28, 2011.)

Sec. 45.052. Guarantee.

(a) On approval by the commissioner, bonds issued under Subchapter A by a school district or Chapter 53 for a charter district, including refunding and refinanced bonds, are guaranteed by the corpus and income of the permanent school fund.

(b) Notwithstanding any amendment of this subchapter or other law, the guarantee under this subchapter of school district or charter district bonds remains in effect until the date those bonds mature or are defeased in accordance with state law.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 68, effective September 1, 2009; am. Acts 2011, 82nd Leg., 1st C.S., ch. 4 (S.B. 1), § 59.03, effective September 28, 2011; am. Acts 2013, 83rd Leg., ch. 280 (H.B. 885), § 2, effective September 1, 2013.)

STATUTORY NOTES

Applicability. — Acts 2013, 83rd Leg., ch. 280 (H.B. 885), § 4 provides: "This Act applies only to a bond issued, refunded, or refinanced on or after the effective date of this Act [September 1, 2013] by an open-enrollment charter school designated as a charter district under Section 12.135, Education Code. A bond issued, refunded, or refinanced before the effective date of this Act by an open-enrollment charter school designated as a charter district is governed by the law in effect immediately before that date, and that law is continued in effect for that purpose."

Sec. 45.053. Limitation; Value Estimates.

(a) Except as provided by Subsection (d), the commissioner may not approve bonds for guarantee under this subchapter if the approval would result in the total amount of outstanding guaranteed bonds under this subchapter exceeding an amount equal to 2-½ times the cost value of the permanent school fund, as estimated by the board and certified by the state auditor.

(b) Each year, the state auditor shall analyze the status of guaranteed bonds under this subchapter as compared to the cost value of the permanent school fund. Based on that analysis, the state auditor shall certify whether the amount of bonds guaranteed under this subchapter is within the limit prescribed by this section.

(c) The commissioner shall prepare and the board shall adopt an annual report on the status of the guaranteed bond program under this subchapter.

(d) The board by rule may increase the limit prescribed by Subsection (a) to an amount not to exceed five times the cost value of the permanent school fund, provided that the increased limit is consistent with federal law and regulations and does not prevent the bonds to be guaranteed from receiving the highest available credit rating, as determined by the board. The board shall at least annually consider whether to change any limit in accordance with this subsection. This subsection may not be construed in a manner that impairs, limits, or removes the guarantee of bonds that have been approved by the commissioner.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2003, 78th Leg., ch. 89 (H.B. 1295), § 1, effective May 20, 2003; am. Acts 2007, 80th Leg., ch. 139 (S.B. 389), § 1, effective May 18, 2007; am. Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 68A, effective September 1, 2009.)

Sec. 45.0531. Additional Limitation: Reservation of Percentage of Permanent School Fund Value.

(a) In addition to the limitation on the approval of bonds for guarantee under Section 45.053, the board by rule may establish a percentage of the cost value of the permanent school fund to be reserved from use in guaranteeing bonds under this subchapter.

(b) If the board has reserved a portion of the permanent school fund under Subsection (a), each year, the state auditor shall analyze the status of the reserved portion compared to the cost value of the permanent school fund. Based on that analysis, the state auditor shall certify whether the portion of the permanent school fund reserved from use in guaranteeing bonds under this subchapter satisfies the reserve percentage established.

(c) If the board has reserved a portion of the permanent school fund under Subsection (a), the board shall at least annually consider whether to change the reserve percentage established to ensure that the reserve percentage allows compliance with federal law and regulations and serves to enable

bonds guaranteed under this subchapter to receive the highest available credit rating, as determined by the board.

(d) This section may not be construed in a manner that impairs, limits, or removes the guarantee of bonds that have been approved by the commissioner.
(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 69, effective September 1, 2009.)

Sec. 45.0532. Limitation on Guarantee of Charter District Bonds.

(a) In addition to the general limitation under Section 45.053, the commissioner may not approve charter district bonds for guarantee under this subchapter in a total amount that exceeds the percentage of the total available capacity of the guaranteed bond program that is equal to the percentage of the number of students enrolled in open-enrollment charter schools in this state compared to the total number of students enrolled in all public schools in this state, as determined by the commissioner.

(a-1) The commissioner may not approve charter district refunding or refinanced bonds for guarantee under this subchapter in a total amount that exceeds one-half of the total amount available for the guarantee of charter district bonds under Subsection (a).

(b) For purposes of Subsection (a), the total available capacity of the guaranteed bond program is the limit established by the board under Sections 45.053(d) and 45.0531 minus the total amount of outstanding guaranteed bonds. Each time the board increases the limit under Section 45.053(d), the total amount of charter district bonds that may be guaranteed increases accordingly under Subsection (a).

(c) Notwithstanding Subsections (a) and (b), the commissioner may not approve charter district bonds for guarantee under this subchapter if the guarantee will result in lower bond ratings for school district bonds for which a guarantee is requested under this subchapter.

(d) The commissioner may request that the comptroller place the portion of the permanent school fund committed to the guarantee of charter district bonds in a segregated account if the commissioner determines that a separate account is needed to avoid any negative impact on the bond ratings of school district bonds for which a guarantee is requested under this subchapter.

(e) A guarantee of charter district bonds must be made in accordance with this chapter and any applicable federal law.
(Enacted by Acts 2011, 82nd Leg., 1st C.S., ch. 4 (S.B. 1), § 59.04, effective September 28, 2011; am. Acts 2013, 83rd Leg., ch. 280 (H.B. 885), § 3, effective September 1, 2013.)

STATUTORY NOTES

Applicability. — Acts 2013, 83rd Leg., ch. 280 (H.B. 885), § 4 provides: "This Act applies only to a bond issued, refunded, or refinanced on or after the effective date of this Act [September 1, 2013] by an open-enrollment charter school designated as a charter district under Section 12.135, Education Code. A bond issued, refunded, or refinanced before the effective date of this Act by an open-enrollment charter school designated as a charter district is governed by the law in effect immediately before that date, and that law is continued in effect for that purpose."

Sec. 45.054. Eligibility of School District Bonds.

Sec. 45.055. Application for Guarantee.

(a) A school district or charter district seeking guarantee of eligible bonds under this subchapter shall apply to the commissioner using a form adopted by the commissioner for the purpose. The commissioner may adopt a single form on which a school district seeking guarantee or credit enhancement of eligible bonds may apply simultaneously first for guarantee under this subchapter and then, if that guarantee is rejected, for credit enhancement under Subchapter I.

(b) An application under Subsection (a) must include:

(1) the name of the school district or charter district and the principal amount of the bonds to be issued;

(2) the name and address of the district's paying agent for those bonds; and

(3) the maturity schedule, estimated interest rate, and date of the bonds.

(c) An application under Subsection (a) must be accompanied by a fee set by rule of the board in an amount designed to cover the costs of administering the programs to provide the guarantee or credit enhancement of eligible bonds.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 70, effective September 1, 2009; am. Acts 2011, 82nd Leg., 1st C.S., ch. 4 (S.B. 1), § 59.07, effective September 28, 2011.)

Sec. 45.056. Investigation.

(a) Following receipt of an application for the guarantee of bonds, the commissioner shall conduct an investigation of the applicant school district or charter district in regard to:

(1) the status of the district's accreditation; and

(2) the total amount of outstanding guaranteed bonds.

(b) If following the investigation the commissioner is satisfied that the school district's bonds should be guaranteed under this subchapter or provided credit enhancement under Subchapter I, as applicable, or the charter district's bonds should be guaranteed under this subchapter, the commissioner shall endorse the bonds.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 71, effective September 1, 2009; am. Acts 2011, 82nd Leg., 1st C.S., ch. 4 (S.B. 1), § 59.08, effective September 28, 2011.)

Sec. 45.057. Guarantee Endorsement.

(a) The commissioner shall endorse bonds approved for guarantee with:

(1) the commissioner's signature or a facsimile of the commissioner's signature; and

(2) a statement relating the constitutional and statutory authority for the guarantee.

(b) The guarantee is not effective unless the attorney general approves the bonds under Section 45.005 or 53.40, as applicable.

(1) money due from a charter district as provided by Subsection (b); and

(2) interest earned on balances in the fund.

(b) A charter district that has a bond guaranteed as provided by this subchapter must annually remit to the commissioner, for deposit in the charter district bond guarantee reserve fund, an amount equal to 10 percent of the savings to the charter district that is a result of the lower interest rate on the bond due to the guarantee by the permanent school fund. The amount due under this section shall be amortized and paid over the duration of the bond. Each payment is due on the anniversary of the date the bond was issued. The commissioner shall adopt rules to determine the total and annual amounts due under this section.

(c) The commissioner may direct the comptroller to annually withhold the amount due to the charter district bond guarantee reserve fund under Subsection (b) for that year from the state funds otherwise payable to the charter district.

(d) Each year, the commissioner shall:

(1) review the condition of the bond guarantee program and the amount that must be deposited in the charter district bond guarantee reserve fund from charter districts; and

(2) determine if charter districts should be required to submit a greater percentage of the savings resulting from the guarantee.

(e) The commissioner shall make recommendations to the legislature based on the review under Subsection (d).
(Enacted by Acts 2011, 82nd Leg., 1st C.S., ch. 4 (S.B. 1), § 59.10, effective September 28, 2011.)

Sec. 45.059. Payment of School District Bond on Default.

(a) Immediately following receipt of notice under Section 45.058 that a school district will be or is unable to pay maturing or matured principal or interest on a guaranteed bond, the commissioner shall instruct the comptroller to transfer from the appropriate account in the permanent school fund to the district's paying agent the amount necessary to pay the maturing or matured principal or interest.

(b) Immediately following receipt of the funds for payment of the principal or interest, the paying agent shall pay the amount due and forward the canceled bond or coupon to the comptroller. The comptroller shall hold the canceled bond or coupon on behalf of the permanent school fund.

(c) Following full reimbursement to the permanent school fund with interest, the comptroller shall further cancel the bond or coupon and forward it to the school district for which payment was made.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1997, 75th Leg., ch. 1423 (H.B. 2841), art. 5, § 5.07, effective September 1, 1997; am. Acts 2011, 82nd Leg., 1st C.S., ch. 4 (S.B. 1), §§ 59.12, 59.13, effective September 28, 2011.)

(b) If money in the charter district bond guarantee reserve fund is insufficient to pay the amount due on a bond under Subsection (a), the commissioner shall instruct the comptroller to transfer from the appropriate account in the permanent school fund to the district's paying agent the amount necessary to pay the balance of the unpaid maturing or matured principal or interest.

(c) Immediately following receipt of the funds for payment of the principal or interest, the paying agent shall pay the amount due and forward the canceled bond or coupon to the comptroller. The comptroller shall hold the canceled bond or coupon on behalf of the fund or funds from which payment was made.

(d) Following full reimbursement to the charter district bond guarantee reserve fund and the permanent school fund, if applicable, with interest, the comptroller shall further cancel the bond or coupon and forward it to the charter district for which payment was made.

(Enacted by Acts 2011, 82nd Leg., 1st C.S., ch. 4 (S.B. 1), § 59.14, effective September 28, 2011.)

(a) If the commissioner orders payment from the permanent school fund or the charter district bond guarantee reserve fund on behalf of a school district or charter district, the commissioner shall direct the comptroller to withhold the amount paid, plus interest, from the first state money payable to the school district or charter district. Except as provided by Subsection (a-1), the amount withheld shall be deposited to the credit of the permanent school fund.

(a-1) After the permanent school fund has been reimbursed for all money paid from the fund as the result of a default of a charter district bond guaranteed under this subchapter, any remaining amounts withheld under Subsection (a) shall be deposited to the credit of the charter district bond guarantee reserve fund.

(b) In accordance with the rules of the board, the commissioner may authorize reimbursement to the permanent school fund or charter district bond guarantee reserve fund with interest in a manner other than that provided by this section.

(c) The commissioner may order a school district to set an ad valorem tax rate capable of producing an amount of revenue sufficient to enable the district to:

(1) provide reimbursement under this section; and

(2) pay the principal of and interest on district bonds as the principal and interest become due.

(d) If a school district fails to comply with the commissioner's order under Subsection (c), the commissioner may impose any sanction on the district authorized to be imposed on a district under Subchapter G, Chapter 39, including appointment of a board of managers or annexation to another district, regardless of the district's accreditation status or the duration of a particular accreditation status.

Sec. 45.062. Repeated Defaults.

(a) If a total of two or more payments are made under this subchapter or Subchapter I on the bonds

of a school district and the commissioner determines that the school district is acting in bad faith under the guarantee program under this subchapter or the credit enhancement program under Subchapter I, the commissioner may request the attorney general to institute appropriate legal action to compel the school district and its officers, agents, and employees to comply with the duties required of them by law in regard to the bonds.

(a-1) **[Effective September 28, 2011]** If a total of two or more payments are made under this subchapter on charter district bonds and the commissioner determines that the charter district is acting in bad faith under the guarantee program under this subchapter, the commissioner may request the attorney general to institute appropriate legal action to compel the charter district and its officers, agents, and employees to comply with the duties required of them by law in regard to the bonds.

(b) Jurisdiction of proceedings under this section is in district court in Travis County.

SUBCHAPTER D
SALE OF SURPLUS REAL PROPERTY; REVENUE BONDS

Sec. 45.081. Definitions.

In this subchapter:

(a) "District" means an independent school district.

(b) "Board" means the governing body of a district.

(c) "Real property" means any interest in land, buildings, or fixtures permanently attached to buildings or land.

(d) "Bonds" includes notes, contracts, and any other evidences of an obligation to pay a sum of money.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 45.082. Sale of Property; Revenue Bonds.

(a) The board of a district may sell real property owned by the district and issue revenue bonds payable from the proceeds of the sale subject to this section.

(b) The board must determine by order that the real property is not required for the current needs of the district for educational purposes, and the proceeds from the sale are required and will be used for:

(1) constructing or equipping school buildings in the district or purchasing necessary sites for school buildings; or

(2) paying the principal of and interest and premium on any bonds issued pursuant to this subchapter.

(c) The board is not required to comply with this section if the sale is:

(1) to a corporation established by the district under Chapter 303, Local Government Code; and

(2) subject to a lease-purchase agreement under which the district will acquire the real property.

(d) The real property may be sold for the price and on the terms determined by order of the board to be most advantageous to the district. The sale may be made pursuant to an installment sale agreement or contract or any other method. The sale must be for cash and all payments for the real property must be scheduled to be paid not more than 10 years after the date of execution of the agreement or contract of sale. Real property may not be sold for less than an aggregate price equal to its fair market value as determined by an appraisal obtained by the district not more than 180 days before the publication of the notice required by Subsection (e)(3). The appraisal is conclusive of the fair market value of the property for purposes of this subchapter.

(e) Before selling or executing any agreement or contract for the sale of the real property, the board shall:

(1) determine which real estate is proposed to be sold;

(2) determine the scope of the terms on which it will consider selling the real property, and, if the sale price is to be paid in installments, require the purchasers of the real property to secure the payment of the sale price by escrowing collateral acceptable to the board such as a letter of credit, United States government bonds, or any other generally recognized form of guarantee or security;

(3) publish a notice to prospective purchasers at least two weeks before the date set for receiving proposals in a real estate journal and in at least two newspapers of general circulation in the district, requesting sealed written proposals from prospective purchasers to purchase the real property and including the scope of the terms of sale

that will be considered, and the time, date, and place where the proposals will be received; and

(4) determine by order of the board which sealed written proposal is most advantageous to the district, and accept that proposal, or reject all proposals if considered advisable.

(f) Except as provided by this subsection, the sale must have been previously approved by a majority of the qualified voters of the district voting at an election held in the district at which a proposition to ascertain approval is submitted. An election is not required if the board determines by order that the proceeds from the sale of the real property are required and will be used for constructing or equipping or for paying the principal of, and interest and premium, if any, on bonds issued pursuant to this subchapter for the purpose of constructing or equipping a school building that is to be constructed pursuant to an order or judgment entered by a United States District Judge in any action or cause in which the district is a party.

Section 272.001, Local Government Code, Chapter 26, Parks and Wildlife Code, and all other general laws pertaining to the sale of public property do not apply to sales of real property pursuant to this subchapter.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 45.084. Contracts.

The district may execute contracts for constructing or equipping school buildings in the district or for purchasing any necessary sites for school buildings in the manner provided by law. If any contract recites that payments under the contract are to be made either from the proceeds from the sale of real property under an installment sale agreement or any similar method pursuant to this subchapter or from proceeds from the sale of bonds issued pursuant to this subchapter, then the contract may be made payable in installments to correspond with the receipt by the district either of proceeds under the sale agreement or proceeds from the sale of any bonds to be issued and delivered in more than one issue, series, or installment, and the contract is not a prohibited debt or indebtedness of the district if the payments under the contract are required to be made solely from the proceeds from the sale of real property or the bonds.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 45.085. Bond Requirements.

(a) In addition to the powers granted by this subchapter, any board, for and on behalf of its district, may issue, sell, and deliver revenue bonds of its district from time to time and in one or more issues, series, or installments, with the principal of and interest and premium, if any, on the bonds to be payable from and secured by liens on and pledges of all or any part of any of the revenue, income, payments, or receipts derived by the district from the sale of real property pursuant to this subchapter, and those amounts may be pledged by the district to the payment of the principal of and interest and premium, if any, on such bonds, subject to this section.

(b) Bonds must be issued by an order of the board.

(c) The bonds must be issued for the purpose of constructing or equipping school buildings in the district or purchasing necessary sites for school buildings.

(d) The bonds shall mature, come due, or be payable serially, in installments, or otherwise, within not to exceed 90 days after the last date on which the final payment is due to the district from the sale of the real property. The bond order may provide for the subsequent issuance of additional parity bonds, or subordinate lien bonds, under any terms set forth in the bond order.

(e) The bonds may be executed, made redeemable before maturity or due date, and be issued in the form, denominations, and manner and under the terms provided in the bond order. The bonds may be sold in the manner, at the price, and under the terms and may bear interest at the rates provided in the bond order.

(f) If so provided in any bond order, the proceeds from the sale of the bonds may be used for paying interest on the bonds during the period of constructing or equipping any school buildings to be provided through the issuance of the bonds or for creating a reserve fund for the payment of principal and interest on the bonds. The proceeds may be placed on time deposit, in certificates of deposit, or invested, until needed, to the extent and in the manner provided in any bond order. The proceeds also may be used for paying the costs and expenses of issuing the bonds and selling the real property.

(g) The bonds may be payable only from the revenues described by Subsection (a) and may not be payable or paid from any taxes levied and collected in the district.

(h) Chapter 1201, Chapter 1204, and Subchapters A—C, Chapter 1207, Government

Code, apply to bonds issued pursuant to this subchapter.

(i) If bonds are issued pursuant to this subchapter, the bonds, along with the appropriate proceedings authorizing their issuance, and the sale agreement the proceeds from which they are payable shall be submitted to the attorney general for examination. If after the initial issuance of any bonds under this subchapter payable from the proceeds of a particular sale agreement, one or more subsequent issues, series, or installments of bonds are issued as additional parity bonds, on a parity with the initial bonds and payable from the proceeds of that sale agreement, then, at the option of the board, the subsequent issues, series, or installments of bonds need not be submitted to the attorney general or approved by the attorney general or registered by the comptroller, and the subsequent bonds are, on delivery of and payment for the bonds, valid and incontestable in the same manner and with the same effect as if they had been approved by the attorney general and registered by the comptroller as were the initial bonds.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2001, 77th Leg., ch. 1420 (H.B. 2812), art. 8, § 8.211, effective September 1, 2001.)

Sec. 45.086. Liberal Construction.

This subchapter shall be construed liberally to accomplish the legislative intent and the purposes of the subchapter, and all powers granted by this subchapter shall be broadly interpreted to accomplish that intent and those purposes and not as a limitation of powers.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 45.087. Other Powers Unrestricted.

This subchapter does not restrict the power of a school district to sell property or issue bonds as provided by other law.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

SUBCHAPTER E
MISCELLANEOUS PROVISIONS

Sec. 45.101. Use of Bond Proceeds for Utility Connections.

The proceeds of bonds issued by school districts for the construction and equipment of school buildings in the district and the purchase of the necessary sites for school buildings may be used, among other things, to pay the cost of acquiring, laying, and installing pipes or lines to connect with the water, sewer, or gas lines of a municipality or private utility company, whether or not the water, sewer, or gas lines adjoin the school, so that the school district may provide its public school buildings the water, sewer, or gas services.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 45.102. Investment of Bond Proceeds in Obligations of United States or Interest-Bearing Secured Time Bank Deposits.

(a) A school district that has on hand proceeds received from the issuance and sale of bonds or certificates of indebtedness of the district that are not immediately needed for the purposes for which the bonds or certificates of indebtedness were issued and sold, may, on order of the board of trustees:

(1) place the proceeds on interest-bearing time deposit, secured in the manner provided by Section 45.208, with a state or national banking corporation in this state the deposits of which are insured by the Federal Deposit Insurance Corporation; or

(2) invest the proceeds in bonds or other obligations of the United States.

(b) Interest-bearing secured time deposits or bonds or other obligations of the United States in which proceeds of bonds or certificates of indebtedness are placed or invested must be of a type that cannot be cashed, sold, or redeemed for an amount less than the sum deposited or invested by the school district.

(c) When the sums placed or invested by a school district are needed for the purposes for which the bonds or certificates of indebtedness of the school district were originally authorized, issued, and sold:

(1) the time deposits or bonds or other obligations of the United States in which the sums have been placed or invested shall be cashed, sold, or redeemed; and

(2) the proceeds shall be used for the purposes for which the bonds or certificates of indebtedness of the school district were originally authorized, issued, and sold.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 45.103. Interest-Bearing Time Warrants.

(a) Any school district in need of funds to construct, repair, or renovate school buildings, purchase school buildings and school equipment, or equip school properties with necessary heating, water,

sanitation, lunchroom, or electric facilities or in need of funds with which to employ a person who has special skill and experience to compile taxation data and that is financially unable out of available funds to construct, repair, renovate, or purchase school buildings, purchase school equipment, or equip school properties with necessary heating, water, sanitation, lunchroom, or electric facilities or is unable to pay the person for compiling taxation data, may, subject to this section, issue interest-bearing time warrants, in amounts sufficient to construct, purchase, equip, or improve school buildings and facilities or to pay all or part of the compensation of the person to compile taxation data, any law to the contrary notwithstanding. The warrants shall mature in serial installments of not more than 15 years from their date of issue. The warrants on maturity may be payable out of any available funds of the school district in the order of their maturity dates. Any interest-bearing time warrants may be issued and sold by the district for not less than their face value, and the proceeds used to provide funds required for the purpose for which they are issued. The warrants shall be entitled to first payment out of any available funds of the district as they become due. Included in the purposes for which interest-bearing time warrants may be issued is the payment of any amounts owed by the school district that was incurred in carrying out any of those purposes.

(a-1) A school district may also issue interest-bearing time warrants to refund warrants previously issued under this section if the refunding warrants are coterminous with the refunded obligations.

(b) Interest-bearing time warrants may not be issued or sold by a common school district or rural high school district until they are approved by the county board of school trustees. The board shall, on application of the school district, inquire into the financial conditions and needs of the district, and may not approve the issuance of interest-bearing time warrants unless in its opinion the district:

(1) is in need of constructing, purchasing, repairing, or renovating a school building, obtaining the school equipment, or equipping school properties with necessary heating, water, sanitation, lunchroom, or electric facilities; and

(2) will be able with the resources in prospect to liquidate the warrants at their maturity.

(c) A school district may not issue interest-bearing time warrants in excess of five percent of the assessed valuation of the district for the year in which the warrants are issued. The payment of interest-bearing time warrants in any one year may not exceed the anticipated surplus income of the district for the year in which the warrants are issued, based on the budget of the district for that year. The anticipated income computed under this section is exclusive of all bond taxes. A school district may not have outstanding at any one time warrants totaling in excess of $1 million under this section.

(d) If interest-bearing time warrants issued under this section are outstanding, the officer in charge of the collection of delinquent taxes shall pay those collections to the legal depository of the district, to be deposited and held in a special fund for the payment of the interest-bearing time warrants, and except as otherwise provided by this section, collections of delinquent taxes may not be applied or used for any other purpose.

(e) Interest and penalties on delinquent taxes are considered a part of those taxes for purposes of this section. If any delinquent taxes, including interest and penalties, are canceled, waived, released, or reduced either by the school district or in any other way, with or without its consent, the amount of the loss sustained shall be paid by the district to the special fund provided for by Subsection (d) out of funds not otherwise pledged to that special fund.

(f) All school districts issuing interest-bearing time warrants may encumber and mortgage any property purchased with the proceeds of the warrants or any property, including teachers' residences, owned by the district to secure the payment of legally incurred obligations, except that a lien may not be placed on any school building in which actual classroom instruction of students is conducted.

(g) In this section, "interest-bearing time warrant" includes a promissory note or other evidence of indebtedness issued under this section.

(h) Taxes levied to pay principal and interest of bonds that are delinquent are not included in the term "delinquent taxes" as used in this section.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1999, 76th Leg., ch. 1536 (S.B. 1091), § 3, effective June 19, 1999; am. Acts 2013, 83rd Leg., ch. 1018 (H.B. 2610), § 1, effective September 1, 2013.)

Sec. 45.104. Pledge of Delinquent Taxes As Security for Loan.

(a) The board of trustees of any school district may pledge its delinquent taxes levied for maintenance purposes for specific past, current, and future school years as security for a loan, and may evidence any such loan with negotiable notes, and the delinquent taxes pledged shall be applied against the principal and interest of the loan. Negotiable notes issued under this subsection must mature not more than 20 years from their date.

(b) A school district may not pledge delinquent taxes levied for school bonds as security for a loan.

(c) Funds secured through loans secured by delinquent taxes may be employed for any legal maintenance expenditure or purpose of the school district, including all costs incurred in connection with:

(1) environmental cleanup and asbestos removal programs implemented by school districts; or

(2) maintenance, repair, rehabilitation, or replacement of heating, air conditioning, water, sanitation, roofing, flooring, electric, or other building systems of existing school properties.

(d) A loan secured by delinquent taxes may bear interest at a rate not to exceed the maximum rate provided by Section 1204.006, Government Code.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 1, § 1.34, effective September 1, 1999; am. Acts 2001, 77th Leg., ch. 1420 (H.B. 2812), art. 8, § 8.212, effective September 1, 2001.)

Sec. 45.105. Authorized Expenditures.

(a) The public school funds may not be spent except as provided by this section.

(b) The state and county available funds may be used only for the payment of teachers' and superintendents' salaries and interest on money borrowed on short time to pay those salaries that become due before the school funds for the current year become available. Loans for the purpose of payment of teachers may not be paid out of funds other than those for the current year.

(c) Local school funds from district taxes, tuition fees of students not entitled to a free education, other local sources, and state funds not designated for a specific purpose may be used for the purposes listed for state and county available funds and for purchasing appliances and supplies, paying insurance premiums, paying janitors and other employees, buying school sites, buying, building, repairing, and renting school buildings, including acquiring school buildings and sites by leasing through annual payments with an ultimate option to purchase, and for other purposes necessary in the conduct of the public schools determined by the board of trustees. The accounts and vouchers for county districts must be approved by the county superintendent. If the state available school fund in any municipality or district is sufficient to maintain the schools in any year for at least eight months and leave a surplus, the surplus may be spent for the purposes listed in this subsection.

(d) An independent school district that has in its limits a municipality with a population of 150,000 or more or that contains at least 170 square miles, has $850 million or more assessed value of taxable property on the most recent approved tax roll and has a growth in average daily attendance of 11 percent or more for each of the preceding five years as determined by the agency may, in buying school sites or additions to school sites and in building school buildings, issue and deliver negotiable or nonnegotiable notes representing all or part of the cost to the school district of the land or building. The district may secure the notes by a vendor's lien or deed of trust lien against the land or building. By resolution or order of the governing body made at or before the delivery of the notes, the district may set aside and appropriate as a trust fund, and the sole and only fund, for the payment of the principal of and interest on the notes that part of the local school funds, levied and collected by the school district in that year or subsequent years, as the governing body determines. The aggregate amount of local school funds set aside in or for any subsequent year for the retirement of the notes may not exceed, in any one subsequent year, 10 percent of the local school funds collected during that year. The district may issue the notes only if approved by majority vote of the qualified voters voting in an election conducted in the manner provided by Section 45.003 for approval of bonds.

(e) The governing body of an independent school district that governs a junior college district under Subchapter B, Chapter 130, in a county with a population of more than two million may dedicate a specific percentage of the local tax levy to the use of the junior college district for facilities and equipment or for the maintenance and operating expenses of the junior college district. To be effective, the dedication must be made by the governing body on or before the date on which the governing body adopts its tax rate for a year. The amount of local tax funds derived from the percentage of the local tax levy dedicated to a junior college district from a tax levy may not exceed the amount that would be levied by five percent of the effective tax rate for the tax year calculated as provided by Section 26.04, Tax Code, on all property taxable by the school district. All real property purchased with these funds is the property of the school district, but is subject to the exclusive control of the governing body of the junior college district for as long as the junior college district uses the property for educational purposes.

(f) Funds from a junior college district branch campus maintenance tax levied by a school district board of trustees under Section 130.087 may be used as provided by that section.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1997, 75th

Leg., ch. 1071 (S.B. 1873), § 23, effective September 1, 1997; am. Acts 2011, 82nd Leg., ch. 1163 (H.B. 2702), § 10, effective September 1, 2011.)

Sec. 45.106. Use of County Available Fund Apportionment for Area Schools Career and Technology Education.

(a) A school district or accumulation of districts that operates a school designated as an area school for career and technology education purposes or that participates in a designated area career and technology education program shall use its annual county available school fund apportionment, if any, in the operation of the area school or program or in financing facilities for the school, notwithstanding any laws to the contrary.

(b) A school district complying with Subsection (a) may not be held accountable for or charged with county available school funds in determining the district's eligibility for minimum foundation school program funds.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 45.107. Investment of Gifts, Devises, and Bequests.

A gift, devise, or bequest made to a school district to provide college scholarships for graduates of the district may be invested by the board of trustees of the district as provided by Section 117.004, Property Code, unless otherwise specifically provided by the terms of the gift, devise, or bequest.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2003, 78th Leg., ch. 1103 (H.B. 2204), § 9, effective January 1, 2004.)

Sec. 45.108. Borrowing Money for Current Maintenance Expenses.

(a) Independent or consolidated school districts may borrow money for the purpose of paying maintenance expenses and may evidence those loans with negotiable or nonnegotiable notes, except that the loans may not at any time exceed 75 percent of the previous year's income. The notes may be payable from and secured by a lien on and pledge of any available funds of the district, including proceeds of a maintenance tax. The term "maintenance expenses" or "maintenance expenditures" as used in this section means any lawful expenditure of the school district other than payment of principal of and interest on bonds. The term includes expenditures relating to notes issued to refund notes previously issued under this section if the refunding notes are coterminous with the refunded obligation. The term also includes all costs incurred in connection with environmental cleanup and asbestos cleanup and removal programs implemented by school districts or in connection with the maintenance, repair, rehabilitation, or replacement of heating, air conditioning, water, sanitation, roofing, flooring, electric, or other building systems of existing school properties. Notes issued pursuant to this section may be issued to mature in not more than 20 years from their date. Notes issued for a term longer than one year must be treated as "debt" as defined in Section 26.012(7), Tax Code.

(b) Notes may be issued under this section only after a budget has been adopted for the current school year.

(c) Notes issued under this section must be authorized by resolution adopted by a majority vote of the board of trustees, signed by the president or vice president and attested by the secretary of the board.

(d) A note issued under this section may contain a certification that it is issued pursuant to and in compliance with this section and pursuant to a resolution adopted by the board of trustees. The certification is sufficient evidence that the note is a valid obligation of the district.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 1, § 1.35, effective September 1, 1999; am. Acts 2013, 83rd Leg., ch. 1018 (H.B. 2610), § 2, effective September 1, 2013.)

Sec. 45.109. Contracts for Athletic Facilities.

(a) Any independent school district, acting by and through its board of trustees, may contract with any corporation, municipality, or institution of higher education, as defined by Section 61.003, located wholly or partially in its boundaries, for the use of any stadium and other athletic facilities owned by or under the control of the other entity. The contract may be for any period not exceeding 75 years and may contain terms agreed on by the parties.

(a-1) An independent school district and an institution of higher education, as defined by Section 61.003, located wholly or partially in the boundaries of the county in which the district is located may contract for the district to contribute district resources to pay a portion of the costs of the design or construction of an instructional facility or a stadium or other athletic facilities owned by or under the control of the institution of higher education. A district may contribute district resources under this subsection only if the district and the institution of higher education enter into a written agreement authorizing the district to use that facility.

(a-2) One or more independent school districts and an institution of higher education, as defined by Section 61.003, may contract for the district to contribute district resources to pay a portion of the costs of the design, improvement, or construction of an instructional facility owned by or under the control of the institution of higher education. A district may contribute district resources under this subsection only if the district and the institution of higher education enter into a written agreement authorizing the district to use that facility, including authorizing the enrollment of district students in courses offered at that facility.

(b) The district may enter into a contract for the use of athletic facilities for any purpose related to sports activities and other physical education programs for the students at the public schools of the district.

(c) The consideration for a contract under this section may be paid from any source available to the independent school district. If voted as provided by this section, the district may pledge to the payment of the contract an annual maintenance tax in an amount sufficient, without limitation, to provide all of the consideration. If voted and pledged, the maintenance tax shall be assessed, levied, and collected annually in the same manner as provided by general law applicable to independent school districts for other maintenance taxes.

(d) A maintenance tax may not be pledged to the payment of any contract under this section or assessed, levied, or collected unless an election is held in the district and the maintenance tax is favorably voted by a majority of the qualified voters of the district voting at the election. The election order for an election under this subsection must include the polling place or places and any other matters considered advisable by the board of trustees.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 74, effective September 1, 2009.)

Sec. 45.110. Authorized But Unissued Bonds.

(a) This section applies to any independent school district that has previously voted or authorized school bonds for a specific purpose or purposes and the purpose or purposes have been accomplished by other means or have been abandoned and all or a portion of the bonds authorized remain unissued.

(b) The board of trustees of the district may, on its own motion, order an election to submit to the qualified voters of the district the proposition of whether or not the authorized but unissued bonds may be issued, sold, and delivered for other and different purposes specified in the election order and the election notice. The election shall be ordered, held, and conducted in the same form and manner as that at which the bonds were originally authorized.

(c) If a majority of those voting at the election vote in favor of the sale and delivery of the unissued bonds and the use of the proceeds of the bonds for the purpose or purposes specified in the election order and the election notice, the board of trustees may issue, sell, and deliver the bonds and use the proceeds of the bonds for the purpose or purposes authorized at the election.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 45.111. Certificates of Indebtedness; Issuance by Certain School and Junior College Districts.

(a) Any school district, including a junior college district, situated in a county with a population of 200,000 or more may issue interest-bearing certificates of indebtedness to provide funds for erecting or equipping school buildings in the boundaries of the district or refinancing outstanding certificates as provided by this section. The term "certificates," as used in this section, includes all obligations authorized to be issued under this section and the interest on those obligations.

(b) The governing body of the district shall provide for the payment of the certificates issued under this section by appropriating and pledging local school funds derived from maintenance taxes levied and assessed under Sections 45.002 and 130.122; Chapter 273, Acts of the 53rd Legislature, Regular Session, 1953 (Article 2784g, Vernon's Texas Civil Statutes); or other similar law that limits the amount of tax that may be levied for maintenance purposes, as distinguished from bond requirements. The appropriation and pledge may be in the nature of a continuing irrevocable pledge to apply the first moneys collected annually from the tax levy to the payment of the obligations or by the irrevocable present levy and appropriation of the amount of the maintenance tax required to meet the annual debt service requirements of the obligations, in which event the governing body shall covenant to annually set aside the amount in the annual tax levy, showing the same is a portion of the maintenance tax. The governing body shall annually budget the amount required to pay the principal and interest of the obligations that may be scheduled to become due in any fiscal year. This section may not be construed as permitting the levy of a maintenance tax in excess of the amount approved by the qualified voters of the district.

(c) A district may not at any one time have certificates outstanding and unpaid in principal amount in excess of $250,000, unless the excessive amount becomes the obligation of the district by assumption under Subsection (k) or the new certificates are being issued to refund or refinance outstanding obligations under Subsection (i).

(d) The principal amount of certificates that may be authorized at any one time and the scheduling of their principal maturity are further restricted as follows:

(1) if the assessed valuation is more than $1 million and less than $15 million, the limiting factor is 25 cents;

(2) if the assessed valuation is $15 million or more but less than $35 million, the limiting factor is 15 cents; and

(3) if the assessed valuation is $35 million or more, the limiting factor is 5 cents.

(e) Assessed valuation means the valuation for school district purposes on the tax rolls of the district most recently approved before the authorization of the certificates. The limiting factor for a particular district, as prescribed by Subsection (d), is multiplied by the assessed valuation of the district, and the product is the maximum amount of debt service requirements on the certificates that may be scheduled to become due in any fiscal year on a cumulative basis. A district that has an assessed valuation less than $1 million may not issue certificates under this section.

(f) Certificates authorized to be issued under this section shall be payable at the times and be in such form and denomination or denominations either in coupon form or registered as to principal, interest, or both. The certificates may contain options for redemption before the scheduled maturity and may be payable at the place and may contain other provisions as the governing body of the district determines. A certificate may not mature over a period in excess of 25 years from the date of the certificate or bear interest at a rate in excess of seven percent per annum.

(g) Except if issued in exchange for certificates outstanding as provided by Subsection (i), the certificates shall be sold for cash at not less than the face or par value plus accrued interest. The proceeds shall be applied for the purpose for which the certificates were issued, except that all accrued interest and premium received, if any, shall be deposited in the interest and sinking fund established for the payment of the obligations. The cost of issuing the obligations, including attorneys', printing, and fiscal fees, may be paid from the proceeds, except if certificates are sold under Subsection (i).

(h) The certificates, including interest whether issued in coupon or registered form, are securities within the meaning of Chapter 8, Business & Commerce Code, and that chapter applies to the certificates after their approval by the attorney general and registration by the comptroller.

(i) Each governing body may refund or refinance outstanding certificates by issuing new interest-bearing certificates within the limitations and conditions provided in this section. The new certificates shall be issued and delivered in lieu of and on surrender to the comptroller and the cancellation of the obligations being refunded, and the comptroller shall register the new certificates and deliver them in accordance with the order authorizing their issuance. The new certificates may be issued in accordance with Subchapter A, Chapter 1207, Government Code, and delivered in accordance with Subchapter B or C of that chapter.

(j) A certified copy of all proceedings relating to the authorization of the certificates shall be submitted to the attorney general.

(k) Certificates issued under this section are an indebtedness of the school district issuing them, but the holder of a certificate does not have the right to demand payment out of any fund other than those pledged to its payment. If the boundary lines of any issuing district are changed while the certificates remain outstanding, the indebtedness shall be adjusted or assumed as provided under general law for the adjustment of bond indebtedness payable from taxation.

(*l*) For purposes of this section, the governing body of a common school district is the commissioners court of the county having administrative jurisdiction. The governing body of an independent school district, a rural high school district, or a junior college district is its board of trustees, and the governing body of a municipally controlled school district is the city or town council or commission. Certificates shall be authorized by order of the governing body of the district.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2001, 77th Leg., ch. 1420 (H.B. 2812), art. 8, § 8.213, effective September 1, 2001.)

Sec. 45.112. Contracts for Investment of Debt Service Funds.

(a) A school district, including a junior college district or community college district, may enter into a contract with a term not to exceed seven years to purchase investments with the proceeds of taxes levied or to be levied by the district for the purpose of paying debt service on bonds issued by the district.

(b) A contract under this section may provide for the purchase of investments at a stated yield or yields.

(c) Before entering a contract under this section, a school district must solicit and receive bids from at least three separate providers. The district must accept the qualifying bid that provides for the highest yield investments over the term of the contract.

(d) A contract under this section may provide only for the purchase of an obligation described by Section 2256.009(a)(1), Government Code, other than an obligation described by Section 2256.009(b) of that code.

(Enacted by Acts 1999, 76th Leg., ch. 1535 (S.B. 1089), § 1, effective June 19, 1999.)

Sec. 45.113. Trust for County Permanent School Fund.

(a) Notwithstanding former Subchapter E, Chapter 17, as that subchapter existed on May 1, 1995, the commissioners court of a county may:

(1) sell or otherwise dispose of county school lands in the manner determined by the court;

(2) establish an irrevocable trust for the proceeds of a sale or other disposition under Subdivision (1); and

(3) invest the principal of a trust created under Subdivision (2) in any investment permitted for other county funds under Chapter 2256, Government Code.

(b) The members of the commissioners court and their successors in office must be the sole trustees of a trust established under Subsection (a)(2). The trustees may not delegate the authority to manage or invest the trust but may contract with qualified persons for investment advice.

(c) The principal of a trust established under Subsection (a)(2) constitutes a portion of the county permanent school fund and must be held in perpetuity for the benefit of the public schools in the county. The income of a trust established under Subsection (a)(2) constitutes a portion of the county available school fund and may be distributed as permitted by law.

A school depository must be a bank located in this state.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 45.204. Conflict of Interest.

(a) If a member of the board of trustees of a school district is a stockholder, officer, director, or employee of a bank, the bank is not disqualified from bidding, submitting a proposal, or becoming the depository of the district if the bank is selected by a majority vote of the board of trustees of the district or a majority vote of a quorum when only a quorum is present.

(b) If a member of the board of trustees of a school district is a stockholder, officer, director, or employee of a bank that has bid or submitted a proposal to become a depository for the district, the member may not vote on awarding a depository contract to the bank, and the contract must be awarded by a majority vote of the trustees as provided by Subsection (a) who are not either a stockholder, officer, director, or employee of a bank receiving a district depository contract.

Sec. 45.206. Bid or Request for Proposal Notices; Bid and Proposal Forms.

(a) Not later than the 60th day before the date a school district's current depository contract expires, the district shall choose whether to select a depository through competitive bidding or through requests for proposals.

(a-1) If a school district chooses under Subsection (a) to use competitive bidding, the district shall, not later than the 30th day before the date the current depository contract expires, mail to each bank located in the district and, if desired, to other banks, a notice stating the time and place in which bid applications will be received for selecting a depository or depositories. The notice must include a uniform bid blank in the form prescribed by State Board of Education rule.

(a-2) If a school district chooses under Subsection (a) to use requests for proposals, the district shall, not later than the 30th day before the date the current depository contract expires, mail to each bank located in the district and, if desired, to other banks, a notice stating the time and place in which proposals will be received for selecting a depository or depositories. The notice must include a uniform proposal blank in the form prescribed by State Board of Education rule.

(b) The school district may add to the uniform bid or proposal blank other terms that do not unfairly restrict competition between banks in or near the territory of the district.

(c) Interest rates may be stated in the bid or proposal either as a fixed rate, as a percentage of a stated base rate, in relation to a stated prevailing rate varying from time to time, or in any other manner, but in every case in a uniform manner, that will permit comparison with other bids or proposals received.

(d) If the school district chooses under Subsection (a) to use requests for proposals, the district shall state the selection criteria, including the factors specified under Section 45.207(c), in the request for proposals and shall select the proposal that offers the best value to the district based on the evaluation and ranking of each submitted proposal in relation to the stated selection criteria. A district may negotiate with the bank that submits the highest-ranked proposal to determine any terms of the proposed depository contract other than the interest rates proposed.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2007, 80th Leg., ch. 322 (H.B. 2411), § 3, effective June 15, 2007.)

Sec. 45.207. Award of Contract.

(a) A school district shall award the depository contract to the bank that submits the highest bid or the highest-ranked proposal, as determined under Subsection (c), except that the district may award the contract as provided by Subsection (a-1) if:

(1) the district:

(A) receives tying bids for the contract; or

(B) after evaluating the proposals for the contract, ranks two or more proposals equally;

(2) each bank submitting a tying bid or proposal has bid or proposed to pay the district the maximum interest rates allowed by law by the Board of Governors of the Federal Reserve System and the Board of Directors of the Federal Deposit Insurance Corporation; and

(3) the tying bids or proposals are otherwise equal in the judgment and discretion of the board of trustees of the district.

(a-1) In the case of tying bids or proposals, the board of trustees may award the depository contract by:

(1) determining by lot which of the banks submitting the tying bids or proposals will receive the contract; or

(2) awarding a contract to each of the banks submitting the tying bids or proposals.

(b) The board of trustees may, during the period of the contract, determine the amount of funds to be deposited in each depository bank and determine the account services offered in the bid or proposal form that are to be provided by each bank in its capacity as school district depository. All funds received by the district from or through the agency shall be deposited, at the district's option, in one depository bank or invested in a public funds investment pool created under Chapter 791, Government Code, to be designated by the district.

(c) The board of trustees of the school district shall at a regular or special meeting consider in accordance with this subsection each bid or proposal received. In determining the highest and best bid or the highest-ranked proposal, or in case of tying bids or proposals the highest and best tying bids or proposals, the board of trustees shall consider:

(1) the interest rate bid or proposed on time deposits;

(2) charges for keeping district accounts, records, and reports and furnishing checks;

(3) the ability of the bank submitting the bid or proposal to provide the necessary services and perform the duties as school district depository; and

(4) any other matter that in the judgment of the board of trustees would be to the best interest of the school district.

(d) The board of trustees of the school district has the right to reject any and all bids or proposals.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2007, 80th Leg., ch. 322 (H.B. 2411), § 3, effective June 15, 2007.)

Sec. 45.208. Depository Contract; Bond.

(a) The bank or banks selected as the depository or depositories and the school district shall enter into a depository contract or contracts, bond or bonds, or other necessary instruments setting forth the duties and agreements pertaining to the depository, in a form and with the content prescribed by the State Board of Education. The parties shall attach to the contract and incorporate by reference the bid or proposal of the depository.

(b) The depository bank shall attach to the contract and file with the school district a bond in an initial amount equal to the estimated highest daily balance, determined by the board of trustees of the district, of all deposits that the school district will have in the depository during the term of the contract, less any applicable Federal Deposit Insurance Corporation insurance. The bond must be payable to the school district and must be signed by the depository bank and by some surety company authorized to do business in this state. The depository bank shall increase the amount of the bond if the board of trustees determines it to be necessary to adequately protect the funds of the school district deposited with the depository bank.

(c) The bond shall be conditioned on:

(1) the faithful performance of all duties and obligations devolving by law on the depository;

(2) the payment on presentation of all checks or drafts on order of the board of trustees of the school district, in accordance with its orders entered by the board of trustees according to law;

(3) the payment on demand of any demand deposit in the depository;

(4) the payment, after the expiration of the period of notice required, of any time deposit in the depository;

(5) the faithful keeping of school funds by the depository and the accounting for the funds according to law; and

(6) the faithful paying over to the successor depository all balances remaining in the accounts.

(d) The bond and the surety on the bond must be approved by the board of trustees of the school district. A premium on the depository bond may not be paid out of school district funds.

(e) A copy of the depository contract and bond shall be filed with the agency.

(f) In lieu of the bond required under Subsection (b), the depository bank may deposit or pledge, with the school district or with a trustee designated by the school district, approved securities in an amount sufficient to adequately protect the funds of the school district deposited with depository bank. A depository bank may give a bond and deposit or pledge approved securities in an aggregate amount sufficient to adequately protect the funds of the school district deposited with the depository bank. The school district shall designate from time to time the amount of approved securities or the aggregate amount of the bond and approved securities to adequately protect the district. The district may not designate an amount less than the balance of school district funds on deposit with the depository bank from day to day, less any applicable Federal Deposit Insurance Corporation insurance. The depository bank may substitute approved securities on obtaining the approval of the school district. For purposes of this subsection, the approved securities are valued at their market value.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2007, 80th Leg., ch. 322 (H.B. 2411), § 4, effective June 15, 2007.)

Sec. 45.209. Investment of District Funds.

The school district may provide in its bid or proposal blank for the right to place on time deposits with savings and loan institutions located in this state only funds that are fully insured by the Federal Deposit Insurance Corporation. A district may not place on deposit with any savings and loan institution any bond or certificate of indebtedness proceeds as provided by Section 45.102. A depository bank may not be compelled without its consent to accept on time deposit any bond proceeds under Section 45.102, but a depository bank may offer a bid or proposal of interest equaling the highest bid or proposal of interest for the time deposit of the bond proceeds tendered by another bank. If the depository bank equals the bid or proposal, it is entitled to receive the bond proceeds on time deposit.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2007, 80th Leg., ch. 322 (H.B. 2411), § 5, effective June 15, 2007.)

(a) The board of trustees of an independent school district may employ a person to assess or collect the school district's taxes and may compensate the person as the board of trustees considers appropriate.

(b) This section does not prohibit an independent school district from providing for the assessment or collection of the school district's taxes under a method authorized by Subchapter B, Chapter 6, Tax Code.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 45.232. Alternate Methods of Selection Under Former Law.

An independent school district that used a method of selecting the assessor or collector of the school district's taxes for the 1994 tax year that was authorized by former Subchapter F, Chapter 23, as that subchapter existed on January 1, 1994, but that is not authorized by Section 45.231 or by Subchapter B, Chapter 6, Tax Code, may continue to use that method of selection until the school district uses another method authorized by Section 45.231 or by Subchapter B, Chapter 6, Tax Code, to determine how the assessment or collection is performed.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

(a) If a school district's application for guarantee of district bonds by the corpus and income of the permanent school fund as provided by Subchapter C is rejected, the district may apply under this subchapter for credit enhancement of bonds described by Section 45.054 by money appropriated for the

Foundation School Program, other than money that is appropriated to school districts specifically:

(1) as required under the Texas Constitution; or

(2) for assistance in paying debt service.

(b) The same school district bonds may not benefit under both Subchapter C and this subchapter.

(c) Notwithstanding any amendment of this subchapter or other law, the credit enhancement provided under this subchapter for school district bonds remains in effect until the date those bonds mature or are defeased in accordance with state law.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 75, effective September 1, 2009.)

Sec. 45.253. Limitation on Intercept Credit Enhancement.

(a) In each month of each fiscal year, the commissioner shall determine the amount of funds available to make payments under this subchapter from the Foundation School Program through the end of the fiscal year and the amounts due under this code to public schools from the Foundation School Program through the end of the fiscal year. The commissioner may revise a determination under this subsection during the fiscal year as appropriate.

(b) The commissioner may not endorse particular bonds for credit enhancement under this subchapter until the commissioner has:

(1) made the determinations required under Subsection (a); and

(2) determined that the endorsement will not cause the projected debt service coming due during the remainder of the fiscal year for bonds provided credit enhancement under this subchapter to exceed the lesser of:

(A) one-half of the amount of funds due to public schools from the Foundation School Program for the remainder of the fiscal year; or

(B) one-half of the amount of funds anticipated to be on hand in the Foundation School Program to make payments for the remainder of the fiscal year.

(c) The commissioner may not endorse particular bonds for credit enhancement under this subchapter unless the commissioner has determined that the maximum annual debt service on the bonds during any state fiscal year will not exceed the lesser of:

(1) one-half of the amount of funds due to public schools from the Foundation School Program for the current fiscal year; or

(2) one-half of the amount of funds anticipated to be on hand in the Foundation School Program to make payments for the current fiscal year.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 75, effective September 1, 2009.)

Sec. 45.254. Eligibility.

(1) bonds must be issued in the manner provided by Section 45.054; and

(2) payments of all of the principal of the bonds must be scheduled during the first six months of the state fiscal year.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 75, effective September 1, 2009.)

Sec. 45.2541. Intercept of Foundation School Program Appropriations As Credit Enhancement.

(a) Money appropriated for the Foundation School Program that may be used for the purpose under this subchapter and under any other law, rule, or regulation shall be used to provide credit enhancement for eligible bonds as provided by this subchapter, the General Appropriations Act, and board rule if using the permanent school fund to guarantee particular bonds would result in:

(1) a total amount of outstanding bonds guaranteed by the permanent school fund exceeding the amount authorized under:

(A) Section 45.053; or

(B) federal law or regulations; or

(2) the use of a portion of the cost value of the permanent school fund reserved under Section 45.0531, as determined by the board.

(b) If Foundation School Program appropriations are not sufficient in any year to pay principal or interest that becomes due on bonds for which credit enhancement is provided under this subchapter, the payment shall be made from the following year's Foundation School Program appropriations that may be used for the purpose under this subchapter before those appropriations are used for any other Foundation School Program purpose.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 75, effective September 1, 2009.)

Sec. 45.255. Application for Credit Enhancement.

(a) A school district seeking credit enhancement of eligible bonds under this subchapter shall apply to the commissioner using a form adopted by the commissioner for the purpose. The commissioner may adopt a single form on which a district seeking guarantee or credit enhancement of eligible bonds may apply simultaneously first for a guarantee under Subchapter C and then, if that guarantee is rejected, for credit enhancement under this subchapter.

(b) An application under Subsection (a) must:

(1) include the information required by Section 45.055(b); and

(2) be accompanied by a fee set by board rule in an amount designed to cover the costs of administering the programs to provide the guarantee or credit enhancement of eligible bonds.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 75, effective September 1, 2009.)

Sec. 45.256. Investigation.

(a) Following receipt of an application under Section 45.255, the commissioner shall conduct an investigation of the applicant school district as provided for an investigation under Section 45.056(a).

(b) If following the investigation under Subsection (a) the commissioner is satisfied that the school district's bonds should be guaranteed under Subchapter C or provided credit enhancement under this subchapter, as applicable, the commissioner shall endorse the bonds.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 75, effective September 1, 2009.)

Sec. 45.257. Credit Enhancement Endorsement.

(a) The commissioner shall endorse bonds approved for credit enhancement under this subchapter in substantially the same manner provided under Section 45.057 for endorsing bonds approved under Subchapter C.

(b) The credit enhancement is not effective unless the attorney general approves the bonds under Section 45.005.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 75, effective September 1, 2009.)

Sec. 45.258. Notice of Failure or Inability to Pay.

Immediately following a determination that a school district will be or is unable to pay maturing or matured principal or interest on a bond for which credit enhancement is provided under this subchapter, but not later than the 10th day before maturity date, the school district shall notify the commissioner.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 75, effective September 1, 2009.)

Sec. 45.259. Payment from Intercepted Funds.

(a) Immediately following receipt of notice under Section 45.258, the commissioner shall instruct the comptroller to transfer to the district's paying agent from appropriations to the Foundation School Program that may be used for the purpose under Section 45.252 and other law the amount necessary to pay the maturing or matured principal or interest.

(b) Immediately following receipt of the funds for payment of the principal or interest, the paying agent shall pay the amount due.

(c) The procedures prescribed by Subsections (a) and (b) apply to each payment of principal or interest on bonds as the payment becomes due until the bonds mature or are defeased in accordance with state law.

(d) If money appropriated for the Foundation School Program is used for purposes of this subchapter and as a result there is insufficient money to fully fund the Foundation School Program, the commissioner shall, to the extent necessary, reduce each school district's foundation school fund allocations, other than any portion appropriated from the available school fund, in the same manner provided by Section 42.253(h) for a case in which school district entitlements exceed the amount appropriated. The following fiscal year, a district's entitlement under Section 42.253 is increased by an amount equal to the reduction under this subsection.

(e) A payment made under this section by the state on behalf of a school district of funds the district owes on bonds for which credit enhancement is provided under this subchapter creates a repayment obligation of the district to the state regardless of the maturity date of, or any payment of interest on, the bonds.

(f) This section does not create a debt of the state under the Texas Constitution or, except to the extent provided by this subchapter, create a payment obligation.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 75, effective September 1, 2009.)

Sec. 45.260. Bonds Not Accelerated on Failure to Pay.

If a school district fails to pay principal or interest on a bond for which credit enhancement is provided under this subchapter when the amount matures, other amounts not yet mature are not accelerated and do not become due by virtue of the district's failure to pay amounts matured.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 75, effective September 1, 2009.)

Sec. 45.261. Reimbursement of Foundation School Program.

(a) If the commissioner orders payment from the money appropriated to the Foundation School Program on behalf of a school district that is not required to reduce its wealth per student under

Chapter 41, the commissioner shall direct the comptroller to withhold the amount paid from the first state money payable to the district. If the commissioner orders payment from the money appropriated to the Foundation School Program on behalf of a school district that is required to reduce its wealth per student under Chapter 41, the commissioner shall increase amounts due from the district under that chapter in a total amount equal to the amount of payments made on behalf of the district under this subchapter. Amounts withheld or received under this subsection shall be used for the Foundation School Program.

(b) In accordance with commissioner rules, the commissioner may authorize reimbursement of the Foundation School Program in a manner other than that provided by this section.

(c) The commissioner may order a school district to set an ad valorem tax rate capable of producing an amount of revenue sufficient to enable the district to:

(1) provide reimbursement under this section; and

(2) pay the remaining principal of and interest on the bonds as the principal and interest become due.

(d) If a school district fails to comply with the commissioner's order under Subsection (c), the commissioner may impose any sanction on the district authorized to be imposed on a district under Subchapter E, Chapter 39, including appointment of a board of managers or annexation to another district, regardless of the district's accreditation status or the duration of a particular accreditation status.

(e) Any part of a school district's tax rate attributable to producing revenue for purposes of Subsection (c)(1) is considered part of the district's:

(1) current debt rate for purposes of computing a rollback tax rate under Section 26.08, Tax Code; and

(2) interest and sinking fund tax rate.

(f) On reimbursement by a school district as required by this section, the commissioner shall pay to the district any amount withheld under this section.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 75, effective September 1, 2009; am. Acts 2011, 82nd Leg., ch. 91 (S.B. 1303), § 7.013, effective September 1, 2011.)

Sec. 45.262. Repeated Failure to Pay.

(a) If a total of two or more payments are made under Subchapter C or this subchapter on the bonds of a school district and the commissioner determines that the district is acting in bad faith under the guarantee program under Subchapter C or the credit enhancement program under this subchapter, the commissioner may request the attorney general to institute appropriate legal action to compel the district and the district's officers, agents, and employees to comply with the duties required of them by law in regard to the bonds.

(b) Jurisdiction of proceedings under this section is in district court in Travis County.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 75, effective September 1, 2009.)

Sec. 45.263. Rules.

(a) The commissioner shall adopt rules necessary for the administration of the bond credit enhancement program under this subchapter.

(b) In adopting rules under Subsection (a), the commissioner shall establish an annual deadline by which a school district must pay the debt service on bonds for which credit enhancement is provided under this subchapter. The deadline established may not be later than the 10th day before the date specified under Section 42.259 for payment to school districts of the final Foundation School Program installment for a state fiscal year.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 75, effective September 1, 2009.)

SUBCHAPTER J
OPEN-ENROLLMENT CHARTER SCHOOL FACILITIES CREDIT ENHANCEMENT PROGRAM

Sec. 45.301. Definitions.

In this subchapter:

(1) "Charter holder" has the meaning assigned by Section 12.1012.

(2) "Program" means the open-enrollment charter school facilities credit enhancement program established under this subchapter.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 75, effective September 1, 2009.)

Sec. 45.302. Establishment of Program.

(a) The commissioner by rule may establish an open-enrollment charter school facilities credit enhancement program to assist charter holders in obtaining financing for the purchase, repair, or renovation of real property, including improvements to real property, for facilities of open-enrollment charter schools.

(b) The commissioner may adopt a structure and procedures for the program that are substantially similar to the structure and procedures for the credit enhancement program for school district bonds under Subchapter I.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 75, effective September 1, 2009.)

Sec. 45.303. Limitation on Participation; Minimum Requirements for Debt Service Reserve.

In adopting rules under Section 45.302, the commissioner may:

(1) limit participation in the program to charter holders who hold charters for open-enrollment charter schools that meet standards established by the commissioner, including standards for financial stability, compliance with applicable state and federal program requirements, and student academic performance; and

(2) impose minimum requirements for a debt service reserve to secure repayment of obligations for which credit enhancement is provided under this subchapter.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 75, effective September 1, 2009.)

Sec. 45.304. Allocation of Portion of Foundation School Program Funds for Credit Enhancement.

(a) The commissioner may allocate not more than one percent of the amount appropriated for the Foundation School Program for purposes of the program under this subchapter.

(b) The funds allocated under this section may not be considered available for purposes of any other credit enhancement program.

(c) Only those Foundation School Program funds allocated under this section may be committed to the program under this subchapter.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 75, effective September 1, 2009.)

Sec. 45.305. Private Matching Funds Required; Use of Other State Funds.

(a) The commissioner may not implement the program unless private funds in an amount at least equal to the amount of state funds allocated under Section 45.304 are obligated to the program for at least the first 10 years of the term of obligations for which credit enhancement is provided under the program.

(b) The commissioner may use state funds allocated under Section 45.304 to pay any amount due for credit enhancement under the program and, subject to the terms of the applicable private credit obligation agreement, provide for payment of private funds to the Foundation School Program in an amount equal to at least one-half of the amount of the state funds paid. The commissioner may also use any other state funds available for the purpose to make payments under this subchapter or to reimburse the Foundation School Program for payments made under this subchapter from Foundation School Program funds.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 75, effective September 1, 2009.)

Sec. 45.306. Repayment; Lien.

(a) If a charter holder on behalf of which the state makes a payment under the program does not immediately repay the Foundation School Program the amount of the payment, the commissioner shall withhold any funds due from the state to the charter holder as necessary to recover the total amount of state and private funds paid on behalf of the charter holder under the program.

(b) If a charter holder is for any reason, including revocation or surrender of a charter or bankruptcy, unable to repay any amount due under this subchapter, any loss of funds shall be shared equally between the Foundation School Program and the person providing the private funds obligated for credit enhancement under this subchapter.

(c) A charter holder for which credit enhancement is provided under this subchapter to purchase, repair, or renovate real property for open-enrollment charter school facilities must agree to execute a lien on that real property in a form prescribed by the commissioner and approved by the attorney general to secure repayment of all amounts due to the state from the charter holder, including reimbursement of any private funds paid on behalf of an open-enrollment charter school under this subchapter.

(d) A lien under this section must be filed in the real property records of each county in which the real property is located. A lien under this section has priority over any other claim against the real property except a lien granted to the holders of obligations issued to finance the acquisition of the real property and any security interest or lien existing before credit enhancement is provided under this subchapter.

(e) The commissioner shall notify a charter holder of any amount determined to be due to the state, including federal funds. If the full amount due to the state has not been repaid or recovered by the commissioner from other funds due to the charter holder within the current and subsequent school year, the commissioner may request the attorney general to file an action to foreclose on a lien under this section. Funds recovered from foreclosure of a lien under this section shall be credited first to any security interest or lien with priority over the lien under this section, then to the charter holder's obligation under this

section, and then to any other program to which the funds are due.

(f) Venue for a suit under this section is in Travis County.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 75, effective September 1, 2009.)

Sec. 45.307. Status of Program.

(a) The program is separate from and does not create any claim to the credit enhancement program for school district bonds under Subchapter I.

(b) This subchapter does not create a debt of the state under the Texas Constitution or, except to the extent provided by this subchapter, create a payment obligation.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 75, effective September 1, 2009.)

Sec. 45.308. Rules.

If the commissioner establishes a program under this subchapter, the commissioner shall adopt rules to administer the program.

(Enacted by Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 75, effective September 1, 2009.)

CHAPTER 46
ASSISTANCE WITH INSTRUCTIONAL FACILITIES AND PAYMENT OF EXISTING DEBT

Subchapter A. Instructional Facilities Allotment

Subchapter B. Assistance with Payment of Existing Debt

Subchapter C. Refinancing

SUBCHAPTER A
INSTRUCTIONAL FACILITIES ALLOTMENT

Sec. 46.001. Definition.

In this subchapter, "instructional facility" means real property, an improvement to real property, or a necessary fixture of an improvement to real property that is used predominantly for teaching the curriculum required under Section 28.002.

(Enacted by Acts 1997, 75th Leg., ch. 592 (H.B. 4), art. 1, § 1.04, effective September 1, 1997; am. Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 1, § 1.23, effective September 1, 1999.)

Sec. 46.002. Rules.

(a) The commissioner may adopt rules for the administration of this subchapter.

(b) The commissioner's rules may limit the amount of an allotment under this subchapter that is to be used to construct, acquire, renovate, or improve an instructional facility that may also be used for noninstructional or extracurricular activities.

(Enacted by Acts 1997, 75th Leg., ch. 592 (H.B. 4), art. 1, § 1.04, effective September 1, 1997; am. Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 1, § 1.23, effective September 1, 1999.)

Sec. 46.003. School Facilities Allotment.

(a) For each year, except as provided by Sections 46.005 and 46.006, a school district is guaranteed a specified amount per student in state and local funds for each cent of tax effort, up to the maximum rate under Subsection (b), to pay the principal of and interest on eligible bonds issued to construct, acquire, renovate, or improve an instructional facility. The amount of state support is determined by the formula:

$$FYA = (FYL \times ADA \times BTR \times 100) - (BTR \times (DPV/100))$$

where:

"FYA" is the guaranteed facilities yield amount of state funds allocated to the district for the year;

"FYL" is the dollar amount guaranteed level of state and local funds per student per cent of tax

effort, which is $35 or a greater amount for any year provided by appropriation;

"ADA" is the greater of the number of students in average daily attendance, as determined under Section 42.005, in the district or 400;

"BTR" is the district's bond tax rate for the current year, which is determined by dividing the amount budgeted by the district for payment of eligible bonds by the quotient of the district's taxable value of property as determined under Subchapter M, Chapter 403, Government Code, or, if applicable, Section 42.2521, divided by 100; and

"DPV" is the district's taxable value of property as determined under Subchapter M, Chapter 403, Government Code, or, if applicable, Section 42.2521.

(b) The bond tax rate under Subsection (a) may not exceed the rate that would be necessary for the current year, using state funds under Subsection (a), to make payments of principal and interest on the bonds for which the tax is pledged.

(c) To enable the district to collect local funds sufficient to pay the district's share of the debt service, a district may levy a bond tax at a rate higher than the maximum rate for which it may receive state assistance.

(d) The amount budgeted by a district for payment of eligible bonds may include:

(1) bond taxes collected in the current school year;

(2) bond taxes collected in a preceding school year in excess of the amount necessary to pay the district's share of actual debt service on bonds in that year, provided that the taxes were not used to generate other state financial assistance for the district; or

(3) maintenance and operations taxes collected in the current school year or a preceding school year in excess of the amount eligible to be used to generate other state financial assistance for the district.

(e) Bonds are eligible to be paid with state and local funds under this section if:

(1) taxes to pay the principal of and interest on the bonds were first levied in the 1997-1998 school year or a later school year; and

(2) the bonds do not have a weighted average maturity of less than eight years.

(f) A district may use state funds received under this section only to pay the principal of and interest on the bonds for which the district received the funds.

(g) The board of trustees and voters of a school district shall determine district needs concerning construction, acquisition, renovation, or improvement of instructional facilities.

(h) To receive state assistance under this subchapter, a school district must apply to the commissioner in accordance with rules adopted by the commissioner before issuing bonds that will be paid with state assistance. Until the bonds are fully paid or the instructional facility is sold:

(1) a school district is entitled to continue receiving state assistance without reapplying to the commissioner; and

(2) the guaranteed level of state and local funds per student per cent of tax effort applicable to the bonds may not be reduced below the level provided for the year in which the bonds were issued.

(Enacted by Acts 1997, 75th Leg., ch. 592 (H.B. 4), art. 1, § 1.04, effective September 1, 1997; am. Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 1, § 1.24, effective September 1, 1999; am. Acts 2001, 77th Leg., ch. 1156 (H.B. 2879), § 6, effective September 1, 2001.)

Sec. 46.004. Lease-Purchase Agreements.

(a) A district may receive state assistance in connection with a lease-purchase agreement concerning an instructional facility. For purposes of this subchapter:

(1) taxes levied for purposes of maintenance and operations that are necessary to pay a district's share of the payments under a lease-purchase agreement for which the district receives state assistance under this subchapter are considered to be bond taxes; and

(2) payments under a lease-purchase agreement are considered to be payments of principal of and interest on bonds.

(b) Section 46.003(b) applies to taxes levied to pay a district's share of the payments under a lease-purchase agreement for which the district receives state assistance under this subchapter.

(c) A lease-purchase agreement must be for a term of at least eight years to be eligible to be paid with state and local funds under this subchapter.

(Enacted by Acts 1997, 75th Leg., ch. 592 (H.B. 4), art. 1, § 1.04, effective September 1, 1997; am. Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 1, § 1.25, effective September 1, 1999.)

Sec. 46.005. Limitation on Guaranteed Amount.

The guaranteed amount of state and local funds for a new project that a district may be awarded in any state fiscal biennium under Section 46.003 for a school district may not exceed the lesser of:

(1) the amount the actual debt service payments the district makes in the biennium in which the bonds are issued; or

(2) the greater of:

(A) $100,000; or

(B) the product of the number of students in average daily attendance in the district multiplied by $250.

(Enacted by Acts 1997, 75th Leg., ch. 592 (H.B. 4), art. 1, § 1.04, effective September 1, 1997.)

Sec. 46.006. Shortage or Excess of Funds Appropriated for New Projects.

(a) If the total amount appropriated for a year for new projects is less than the amount of money to which school districts applying for state assistance are entitled for that year, the commissioner shall rank each school district applying by wealth per student. For purposes of this section, a district's wealth per student is reduced by 10 percent for each state fiscal biennium in which the district did not receive assistance under this subchapter.

(b) A district's wealth per student is reduced for purposes of this section if a district has had substantial student enrollment growth in the preceding five-year period. The reduction is in addition to any reduction under Subsection (a) and is computed before the district's wealth per student is reduced under that subsection, if applicable. A district's wealth per student is reduced:

(1) by five percent, if the district has an enrollment growth rate in that period that is 10 percent or more but less than 15 percent;

(2) by 10 percent, if the district has an enrollment growth rate in that period that is 15 percent or more but less than 30 percent; or

(3) by 15 percent, if the district has an enrollment growth rate in that period that is 30 percent or more.

(c) A district's wealth per student is reduced by 10 percent for purposes of this section if the district does not have any outstanding debt at the time the district applies for assistance under this subchapter. The reduction is in addition to any reduction under Subsection (a) or (b) and is computed before the district's wealth per student is reduced under those subsections, if applicable.

(c-2) [Expired pursuant to Acts 2007, 80th Leg., ch. 1309 (S.B. 962), § 1, effective September 1, 2012.]

(d) The commissioner shall adjust the rankings after making the reductions in wealth per student required by Subsections (a), (b), and (c).

(e) Beginning with the district with the lowest adjusted wealth per student that has applied for state assistance for the year, the commissioner shall award state assistance to districts that have applied for state assistance in ascending order of adjusted wealth per student. The commissioner shall award the full amount of state assistance to which a district is entitled under this subchapter, except that the commissioner may award less than the full amount to the last district for which any funds are available.

(f) Any amount appropriated for the first year of a fiscal biennium that is not awarded to a school district may be used to provide assistance in the following fiscal year.

(g) In this section, "wealth per student" means a school district's taxable value of property as determined under Subchapter M, Chapter 403, Government Code, or, if applicable, Section 42.2521, divided by the district's average daily attendance as determined under Section 42.005.

(Enacted by Acts 1997, 75th Leg., ch. 592 (H.B. 4), art. 1, § 1.04, effective September 1, 1997; am. Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 1, § 1.26, effective September 1, 1999; am. Acts 2007, 80th Leg., ch. 1309 (S.B. 962), § 1, effective September 1, 2007; am. Acts 2007, 80th Leg., ch. 1309 (S.B. 962), § 2, effective September 1, 2012.)

Sec. 46.007. Refunding Bonds.

A school district may use state funds received under this subchapter to pay the principal of and interest on refunding bonds that:

(1) are issued to refund bonds eligible under Section 46.003;

(2) do not have a final maturity date later than the final maturity date of the bonds being refunded;

(3) may not be called for redemption earlier than the earliest call date of the bonds being refunded; and

(4) result in a present value savings, which is determined by computing the net present value of the difference between each scheduled payment on the original bonds and each scheduled payment on the refunding bonds. The present value savings shall be computed at the true interest cost of the refunding bonds.

(Enacted by Acts 1997, 75th Leg., ch. 592 (H.B. 4), art. 1, § 1.04, effective September 1, 1997; am. Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 1, § 1.27, effective September 1, 1999.)

Sec. 46.008. Standards.

(a) The commissioner shall establish standards for adequacy of school facilities. The standards must include requirements related to space, educational adequacy, and construction quality. All new facilities constructed after September 1, 1998, must meet the standards to be eligible to be financed with state or local tax funds.

(b) [Repealed by Acts 2009, 81st Leg., ch. 698 (H.B. 2763), § 5, effective December 31, 2009.]

(Enacted by Acts 1997, 75th Leg., ch. 592 (H.B. 4), art. 1, § 1.04, effective September 1, 1997; am. Acts 2007, 80th Leg., ch. 1213 (H.B. 1886), § 10, effective September 1, 2007; am. Acts 2009, 81st Leg., ch. 698 (H.B. 2763), § 5, effective December 31, 2009.)

Sec. 46.0081. Security Criteria in Design of Instructional Facilities.

A school district that constructs a new instructional facility or conducts a major renovation of an existing instructional facility using funds allotted to the district under this subchapter shall consider, in the design of the instructional facility, appropriate security criteria.

(Enacted by Acts 2005, 79th Leg., ch. 780 (S.B. 11), § 7, effective September 1, 2005; am. Acts 2013, 83rd Leg., ch. 620 (S.B. 1556), § 2, effective June 14, 2013.)

Sec. 46.009. Payment of School Facilities Allotments.

(a) For each school year, the commissioner shall determine the amount of money to which each school district is entitled under this subchapter.

(b) If the amount appropriated for purposes of this subchapter for a year is less than the total amount determined under Subsection (a) for that year, the commissioner shall:

(1) transfer from the Foundation School Program to the instructional facilities program the amount by which the total amount determined under Subsection (a) exceeds the amount appropriated; and

(2) reduce each district's foundation school fund allocations in the manner provided by Section 42.253(h).

(c) Warrants for payments under this subchapter shall be approved and transmitted to school district treasurers or depositories in the same manner as warrants for payments under Chapter 42.

(d) As soon as practicable after September 1 of each year, the commissioner shall distribute to each school district the amount of state assistance under this subchapter to which the commissioner has determined the district is entitled for the school year. The district shall deposit the money in the interest and sinking fund for the bonds for which the assistance is received and shall adopt a tax rate for purposes of debt service that takes into account the balance of the interest and sinking fund.

(e) Section 42.258 applies to payments under this subchapter.

(f) If a school district would have received a greater amount under this subchapter for the applicable school year using the adjusted value determined under Section 42.257, the commissioner shall add the difference between the adjusted value and the amount the district received under this subchapter to subsequent distributions to the district under this subchapter.

(Enacted by Acts 1997, 75th Leg., ch. 592 (H.B. 4), art. 1, § 1.04, effective September 1, 1997; am. Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 1, § 1.27, effective September 1, 1999.)

Sec. 46.010. Projects by More Than One District.

If two or more districts apply for state assistance in connection with a joint project at a single location, each district is entitled to a guaranteed facilities yield amount of state and local funds that is 20 percent higher than the amount to which the district would otherwise be entitled under Section 46.005.

(Enacted by Acts 1997, 75th Leg., ch. 592 (H.B. 4), art. 1, § 1.04, effective September 1, 1997.)

Sec. 46.011. Sale of Instructional Facility Financed with Instructional Facilities Allotment.

(a) If an instructional facility financed by bonds paid with state and local funds under this subchapter is sold before the bonds are fully paid, the school district shall send to the comptroller an amount equal to the district's net proceeds from the sale multiplied by a percentage determined by dividing the amount of state funds under this subchapter used to pay the principal of and interest on the bonds by the total amount of principal and interest paid on the bonds with funds other than the proceeds of the sale.

(b) In this section, "net proceeds" means the difference between the total amount received from the sale less:

(1) the amount necessary to fully pay the outstanding principal of and interest on the bonds; and

(2) the school district's costs of the sale, as approved by the commissioner.

(a) In this section:

(1) "Net proceeds" means the difference between the amount recovered by or on behalf of a school district in an action, by settlement or oth-

erwise, and the legal fees and litigation costs incurred by the district in prosecuting the action.

(2) "State's share" means an amount equal to the district's net proceeds from the recovery multiplied by a percentage determined by dividing the amount of state assistance under this subchapter used to pay the principal of and interest on bonds issued in connection with the instructional facility that is the subject of the action by the total amount of principal and interest paid on the bonds as of the date of the judgment or settlement.

(b) A school district that brings an action for recovery of damages for the defective design, construction, renovation, or improvement of an instructional facility financed by bonds for which the district receives state assistance under this subchapter shall provide the commissioner with written notice of the action.

(c) The commissioner may join in the action on behalf of the state to protect the state's share in the action.

(d) A school district shall use the net proceeds from an action brought by the district for the defective design, construction, renovation, or improvement of an instructional facility financed by bonds for which the district receives state assistance under this subchapter to repair the defective design, construction, renovation, or improvement of the instructional facility on which the action is brought or to replace the facility. Section 46.008 applies to the repair.

(e) The state's share is state property. The school district shall send to the comptroller any portion of the state's share not used by the school district to repair the defective design, construction, renovation, or improvement of the instructional facility on which the action is brought or to replace the facility. Section 42.258 applies to the state's share under this subsection.

SUBCHAPTER B
ASSISTANCE WITH PAYMENT OF EXISTING DEBT

Sec. 46.031. Rules.

The commissioner may adopt rules for the administration of this subchapter.

(Enacted by Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 1, § 1.29, effective September 1, 1999.)

Sec. 46.032. Allotment.

(a) Each school district is guaranteed a specified amount per student in state and local funds for each cent of tax effort to pay the principal of and interest on eligible bonds. The amount of state support, subject only to the maximum amount under Section 46.034, is determined by the formula:

EDA = (EDGL X ADA X EDTR X 100) - (EDTR X (DPV/100))

where:

"EDA" is the amount of state funds to be allocated to the district for assistance with existing debt;

"EDGL" is the dollar amount guaranteed level of state and local funds per student per cent of tax effort, which is $35 or a greater amount for any year provided by appropriation;

"ADA" is the number of students in average daily attendance, as determined under Section 42.005, in the district;

"EDTR" is the existing debt tax rate of the district, which is determined by dividing the amount budgeted by the district for payment of eligible bonds by the quotient of the district's taxable value of property as determined under Subchapter M, Chapter 403, Government Code, or, if applicable, under Section 42.2521, divided by 100; and

"DPV" is the district's taxable value of property as determined under Subchapter M, Chapter 403, Government Code, or, if applicable, under Section 42.2521.

(b) The existing debt tax rate of the district under Subsection (a) may not exceed the rate that would be necessary for the current year, using state funds under Subsection (a), to make payments of principal and interest on the bonds for which the tax is pledged.

(c) The amount budgeted by a district for payment of eligible bonds may include:

(1) bond taxes collected in the current school year;

(2) bond taxes collected in a preceding school year in excess of the amount necessary to pay the district's share of actual debt service on bonds in that year, provided that the taxes were not used to generate other state financial assistance for the district; or

(3) maintenance and operations taxes collected in the current school year or a preceding school year in excess of the amount eligible to be used to generate other state financial assistance for the district.

(Enacted by Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 1, § 1.29, effective September 1, 1999; am. Acts 2001, 77th Leg., ch. 1156 (H.B. 2879), § 8, effective September 1, 2001.)

Sec. 46.033. Eligible Bonds.

Bonds, including bonds issued under Section 45.006, are eligible to be paid with state and local funds under this subchapter if:

(1) the district made payments on the bonds during the final school year of the preceding state fiscal biennium or taxes levied to pay the principal of and interest on the bonds were included in the district's audited debt service collections for that school year; and

(2) the district does not receive state assistance under Subchapter A for payment of the principal and interest on the bonds.

(Enacted by Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 1, § 1.29, effective September 1, 1999; am. Acts 2001, 77th Leg., ch. 1156 (H.B. 2879), § 9, effective September 1, 2001; am. Acts 2007, 80th Leg., ch. 235 (H.B. 1922), § 2, effective September 1, 2007; am. Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 76, effective September 1, 2009.)

Sec. 46.034. Limits on Assistance.

(a) The existing debt tax rate ("EDTR") under Section 46.032 may not exceed $0.29 per $100 of valuation, or a greater amount for any year provided by appropriation.

(b) The amount of state assistance to which a district is entitled under this subchapter may not exceed the amount to which the district would be entitled at the district's tax rate for the payment of eligible bonds for the final year of the preceding state fiscal biennium.

(b-1) Notwithstanding Subsection (b), a school district is entitled to state assistance under this subchapter based on the district's tax rate for the current school year if the district demonstrates to the commissioner's satisfaction that the district meets the criteria under Section 46.006(c-2).

(c) If the amount required to pay the principal of and interest on eligible bonds in a school year is less than the amount of payments made by the district on the bonds during the final school year of the preceding state fiscal biennium or the district's audited debt service collections for that school year, the district may not receive aid in excess of the amount that, when added to the district's local revenue for the school year, equals the amount required to pay the principal of and interest on the bonds.

(d), (e) [Expired pursuant to Acts 2003, 78th Leg., ch. 201 (H.B. 3459), § 41, effective September 1, 2005.]

SUBCHAPTER U
UNIFORM ADMISSION POLICY

Sec. 51.801. Definitions.

In this subchapter, "general academic teaching institution," "governing board," "medical and dental unit," and "university system" have the meanings assigned by Section 61.003.
(Enacted by Acts 1997, 75th Leg., ch. 155 (H.B. 588), § 1, effective September 1, 1997.)

Sec. 51.802. Uniform Admission System.

A general academic teaching institution shall admit first-time freshman students for each semester under the provisions of this subchapter.
(Enacted by Acts 1997, 75th Leg., ch. 155 (H.B. 588), § 1, effective September 1, 1997.)

Sec. 51.803. Automatic Admission: All Institutions.

(a) Subject to Subsection (a-1), each general academic teaching institution shall admit an applicant for admission to the institution as an undergraduate student if the applicant graduated with a grade point average in the top 10 percent of the student's high school graduating class in one of the two school years preceding the academic year for which the applicant is applying for admission and:

(1) the applicant graduated from a public or private high school in this state accredited by a generally recognized accrediting organization or from a high school operated by the United States Department of Defense;

(2) the applicant:

(A) successfully completed:

(i) at a public high school, the curriculum requirements established under Section 28.025 for the distinguished level of achievement under the foundation high school program; or

(ii) at a high school to which Section 28.025 does not apply, a curriculum that is equivalent in content and rigor to the distinguished level of achievement under the foundation high school program; or

(B) satisfied ACT's College Readiness Benchmarks on the ACT assessment applicable to the applicant or earned on the SAT assessment a score of at least 1,500 out of 2,400 or the equivalent; and

(3) if the applicant graduated from a high school operated by the United States Department of Defense, the applicant is a Texas resident under Section 54.052 or is entitled to pay tuition fees at the rate provided for Texas residents under Section 54.241(d) for the term or semester to which admitted.

(a-1) Beginning with admissions for the 2011-2012 academic year, The University of Texas at Austin is not required to offer admission to applicants who qualify for automatic admission under Subsection (a) in excess of the number required to fill 75 percent of the university's enrollment capacity designated for first-time resident undergraduate students in an academic year. If the number of applicants who qualify for automatic admission to The University of Texas at Austin under Subsection (a) for an academic year exceeds 75 percent of the university's enrollment capacity designated for first-time resident undergraduate students for that academic year, the university may elect to offer admission to those applicants as provided by this subsection and not as otherwise required by Subsection (a). If the university elects to offer admission under this subsection, the university shall offer admission to those applicants by percentile rank according to high school graduating class standing based on grade point average, beginning with the

top percentile rank, until the applicants qualified under Subsection (a) have been offered admission in the number estimated in good faith by the university as sufficient to fill 75 percent of the university's enrollment capacity designated for first-time resident undergraduate students, except that the university must offer admission to all applicants with the same percentile rank. After the applicants qualified for automatic admission under Subsection (a) have been offered admission under this subsection in the number estimated in good faith as sufficient to fill 75 percent of the designated enrollment capacity described by this subsection, the university shall consider any remaining applicants qualified for automatic admission under Subsection (a) in the same manner as other applicants for admission as first-time undergraduate students in accordance with Section 51.805.

(a-2) If the number of applicants who apply to a general academic teaching institution during the current academic year for admission in the next academic year and who qualify for automatic admission to a general academic teaching institution under Subsection (a) exceeds 75 percent of the institution's enrollment capacity designated for first-time resident undergraduate students for that next academic year and the institution plans to offer admission under Subsection (a-1) during the next school year, the institution shall, in the manner prescribed by the Texas Education Agency and not later than September 15, provide to each school district, for dissemination of the information to high school junior-level students and their parents, notice of which percentile ranks of high school senior-level students who qualify for automatic admission under Subsection (a) are anticipated by the institution to be offered admission under Subsection (a-1) during the next school year.

(a-3) Notwithstanding Subsection (a-1), The University of Texas at Austin may not offer admission under that subsection for an academic year after the 2017-2018 academic year.

(a-4) If The University of Texas at Austin elects to offer admission to first-time resident undergraduate students under Subsection (a-1) for an academic year, the university must continue its practice of not considering an applicant's legacy status as a factor in the university's decisions relating to admissions for that academic year.

(a-5) A general academic teaching institution that offers admission to first-time resident undergraduate students under Subsection (a-1) shall require that a student admitted under that subsection complete a designated portion of not less than six semester credit hours of the student's coursework during evening hours or other low-demand hours as necessary to ensure the efficient use of the institution's available classrooms.

(a-6) Not later than December 31 of each academic year in which The University of Texas at Austin offers admission under Subsection (a-1), the university shall deliver a written report to the governor, the lieutenant governor, and speaker of the house of representatives regarding the university's progress in each of the following matters:

(1) increasing geographic diversity of the entering freshman class;

(2) counseling and outreach efforts aimed at students qualified for automatic admission under this section;

(3) recruiting Texas residents who graduate from other institutions of higher education to the university's graduate and professional degree programs;

(4) recruiting students who are members of underrepresented demographic segments of the state's population; and

(5) assessing and improving the university's regional recruitment centers.

(b) An applicant who does not satisfy the curriculum requirements prescribed by Subsection (a)(2)(A)(i) or (ii) is considered to have satisfied those requirements if the student completed the portion of the distinguished level of achievement under the foundation high school program curriculum or of the curriculum equivalent in content and rigor, as applicable, that was available to the student but was unable to complete the remainder of the curriculum solely because courses necessary to complete the remainder were unavailable to the student at the appropriate times in the student's high school career as a result of course scheduling, lack of enrollment capacity, or another cause not within the student's control.

(c) To qualify for admission under this section, an applicant must:

(1) submit an application before the expiration of any application filing deadline established by the institution; and

(2) provide a high school transcript or diploma that satisfies the requirements of Subsection (d).

(d) For purposes of Subsection (c)(2), a student's official transcript or diploma must, not later than the end of the student's junior year, indicate:

(1) whether the student has satisfied or is on schedule to satisfy the requirements of Subsection (a)(2)(A)(i) or (ii), as applicable; or

(2) if Subsection (b) applies to the student, whether the student has completed the portion of the distinguished level of achievement under the foundation high school program curriculum or of

the curriculum equivalent in content and rigor, as applicable, that was available to the student.

(e) Each institution of higher education shall admit an applicant for admission to the institution as an undergraduate student if the applicant:

(1) is the child of a public servant listed in Section 615.003, Government Code, who was killed or sustained a fatal injury in the line of duty; and

(2) meets the minimum requirements, if any, established for purposes of this subsection by the governing board of the institution for high school or prior college-level grade point average and performance on standardized tests.

(f) After admitting an applicant under this section, the institution shall review the applicant's record and any other factor the institution considers appropriate to determine whether the applicant may require additional preparation for college-level work or would benefit from inclusion in a retention program. The institution may require a student so identified to enroll during the summer immediately after the student is admitted under this section to participate in appropriate enrichment courses and orientation programs. This section does not prohibit a student who is not determined to need additional preparation for college-level work from enrolling, if the student chooses, during the summer immediately after the student is admitted under this section.

(g) The Texas Higher Education Coordinating Board by rule shall develop and implement a program to increase and enhance the efforts of general academic teaching institutions in conducting outreach to academically high-performing high school seniors in this state who are likely to be eligible for automatic admission under Subsection (a) to provide to those students information and counseling regarding the operation of this section and other opportunities, including financial assistance, available to those students for success at public institutions of higher education in this state. Under the program, the coordinating board, after gathering information and recommendations from available sources and examining current outreach practices by institutions in this state and in other states, shall prescribe best practices guidelines and standards to be used by general academic teaching institutions in conducting the student outreach described by this subsection.

(h) An institution that admits under this section an applicant qualified for automatic admission under Subsection (a) may admit the applicant for either the fall semester of the academic year for which the applicant applies or for the summer session preceding that fall semester, as determined by the institution.

(i) If a general academic teaching institution denies admission to an applicant for an academic year, in any letter or other communication the institution provides to the applicant notifying the applicant of that denial, the institution may not reference the provisions of this section, including using a description of a provision of this section such as the top 10 percent automatic admissions law, as a reason the institution is unable to offer admission to the applicant unless the number of applicants for admission to the institution for that academic year who qualify for automatic admission under Subsection (a) is sufficient to fill 100 percent of the institution's enrollment capacity designated for first-time resident undergraduate students.

(j) A general academic teaching institution that elects to offer admission under Subsection (a-1) for an academic year may not offer admission to first-time undergraduate students who are not residents of this state for that academic year in excess of the number required to fill 10 percent of the institution's enrollment capacity designated for first-time undergraduate students for that academic year.

(k) A general academic teaching institution may not offer admission under Subsection (a-1) for an academic year after the 2017-2018 academic year if, on the date of the institution's general deadline for applications for admission of first-time undergraduate students for that academic year:

(1) a final court order applicable to the institution prohibits the institution from considering an applicant's race or ethnicity as a factor in the institution's decisions relating to first-time undergraduate admissions; or

(2) the institution's governing board by rule, policy, or other manner has provided that an applicant's race or ethnicity may not be considered as a factor in the institution's decisions relating to first-time undergraduate admissions for that academic year.

(*l*) The Texas Higher Education Coordinating Board shall publish an annual report on the impact of Subsection (a-1) on the state's goal of closing college access and achievement gaps under "Closing the Gaps," the state's master plan for higher education, with respect to students of an institution that offers admission under that subsection, disaggregated by race, ethnicity, socioeconomic status, and geographic region and by whether the high school from which the student graduated was a small school, as defined by the commissioner of education, or a public high school that is ranked among the lowest 20 percent of public high schools according to the percentage of each high school's graduates who

enroll in a four-year institution, including a general academic teaching institution, in one of the two academic years following the year of the applicant's high school graduation. On request, a general academic teaching institution that offers admission under Subsection (a-1) shall provide the board with any information the board considers necessary for the completion of the report required by this subsection.

(m) **[Expires September 1, 2020]** The Texas Higher Education Coordinating Board and the commissioner of education shall jointly adopt rules to establish eligibility requirements for admission under this section as to curriculum requirements for high school graduation under Subsection (a)(2)(A) for students participating under the recommended or advanced high school program so that the admission of those students is not affected by their participation in the recommended or advanced high school program. This subsection expires September 1, 2020.

Sec. 51.804. Additional Automatic Admissions: Selected Institutions.

For each academic year, the governing board of each general academic teaching institution shall determine whether to adopt an admissions policy under which an applicant to the institution as a first-time freshman student, other than an applicant eligible for admission under Section 51.803, shall be admitted to the institution if the applicant:

(1) graduated from a public or private high school in this state accredited by a generally recognized accrediting organization with a grade point average in the top 25 percent of the applicant's high school graduating class; and

(2) satisfies the requirements of:

Sec. 51.8045. Graduates of Certain Special High School Programs.

(a) For purposes of Sections 51.803 and 51.804 only, the governing body of a school district may treat a high school magnet program, academy, or other special program conducted by the school district at a high school attended by high school students who are not students of the special program as an independent high school with its own graduating class separate from the graduating class of other students attending the high school if:

(1) the special program was in operation in the 2000-2001 school year;

(2) the students of the special program are recruited, selected, or admitted from among the students residing in the attendance zones of not fewer than 10 regular high schools in the district, including the high school at which the special program is conducted;

(b) The general academic teaching institution, after admitting students under Sections 51.803 and 51.804, shall admit other applicants for admission as undergraduate students. It is the intent of the legislature that all institutions of higher education pursue academic excellence by considering students' academic achievements in decisions related to admissions. Because of changing demographic trends, diversity, and population increases in the state, each general academic teaching institution shall also consider all of, any of, or a combination of the following socioeconomic indicators or factors in making first-time freshman admissions decisions:

(1) the applicant's academic record;

(2) the socioeconomic background of the applicant, including the percentage by which the applicant's family is above or below any recognized measure of poverty, the applicant's household income, and the applicant's parents' level of education;

(7) the applicant's responsibilities while attending school, including whether the applicant has been employed, whether the applicant has helped to raise children, or other similar factors;

(8) the applicant's region of residence;

(9) whether the applicant is a resident of a rural or urban area or a resident of a central city or suburban area in the state;

(10) the applicant's performance on standardized tests;

(11) the applicant's performance on standardized tests in comparison with that of other students from similar socioeconomic backgrounds;

(12) whether the applicant attended any school while the school was under a court-ordered desegregation plan;

(13) the applicant's involvement in community activities;

(14) the applicant's extracurricular activities;

(15) the applicant's commitment to a particular field of study;

(16) the applicant's personal interview;

(17) the applicant's admission to a comparable accredited out-of-state institution; and

(18) any other consideration the institution considers necessary to accomplish the institution's stated mission.

(c) A general academic teaching institution may review other factors in making an admissions decision.

(d) Not later than one year before the date that applications for admission are first considered under this section, each general academic teaching institution shall publish in the institution's catalog a description of the factors considered by the institution in making admission decisions and shall make the information available to the public.

(e) This section does not apply to an institution that has an open enrollment policy, except that a student may apply to a general academic teaching institution that has an open enrollment policy only if the student satisfies the requirements described by Subsection (a).

(f) This section does not apply to Lamar State College—Orange or Lamar State College—Port Arthur as long as those institutions operate as two-year lower-division institutions of higher education.

(g) **[Expires September 1, 2020]** The Texas Higher Education Coordinating Board and the commissioner of education shall jointly adopt rules to establish eligibility requirements for admission under this section as to curriculum requirements for high school graduation under Subsection (a)(1) for students participating in the minimum, recommended, or advanced high school program so that the admission requirements for those students under this section are not more stringent than the admission requirements under this section for students participating in the foundation high school program. This subsection expires September 1, 2020.

(2) "Nontraditional secondary education" means a course of study at the secondary school level in a nonaccredited private school setting, including a home school.

(b) Because the State of Texas considers successful completion of a nontraditional secondary education to be equivalent to graduation from a public high school, an institution of higher education must treat an applicant for admission to the institution as an undergraduate student who presents evidence that the person has successfully completed a nontraditional secondary education according to the same general standards as other applicants for undergraduate admission who have graduated from a public high school.

(c) An institution of higher education may not require an applicant for admission to the institution as an undergraduate student who presents evidence that the person has successfully completed a nontraditional secondary education to:

(1) obtain or submit evidence that the person has obtained a general education development

certificate, certificate of high school equivalency, or other credentials equivalent to a public high school degree; or

(b) The Texas Public Finance Authority shall appoint the directors of the corporation in consultation with the commissioner of education. Directors serve without compensation but are entitled to reimbursement for travel expenses incurred in attending board meetings. The board shall meet at least once a year.

(c) The corporation has all powers granted under the Texas Non-Profit Corporation Act (Article 1396-1.01 et seq., Vernon's Texas Civil Statutes), or granted to a nonprofit corporation under the Business Organizations Code, for the purpose of aiding authorized open-enrollment charter schools in providing educational facilities. The obligation of the fund is limited to an amount equal to the balance of the fund.

A revenue bond is payable solely from the revenue of the authorized open-enrollment charter school on whose behalf the bond is issued. A revenue bond issued under this section must contain on its face a statement to the effect that:

(1) neither the state nor a state agency, political corporation, or political subdivision of the state is obligated to pay the principal of or interest on the bond; and

(2) neither the faith and credit nor the taxing power of the state or any state agency, political corporation, or political subdivision of the state is pledged to the payment of the principal of or interest on the bond.

(f-1) Subsection (f) does not apply to a revenue bond issued under this section for a charter district if the bond is approved for guarantee by the permanent school fund under Subchapter C, Chapter 45.

(g) An educational facility financed in whole or in part under this section is exempt from taxation if the facility:

(1) is owned by an authorized open-enrollment charter school;

(2) is held for the exclusive benefit of the school; and

(3) is held for the exclusive use of the students, faculty, and staff members of the school.

Sec. 53.48. Bonds for Authorized Charter Schools.

In the same manner that a corporation may issue and execute bonds or other obligations under this chapter for an institution of higher education, a corporation created under Section 53.35(b) may issue and execute bonds or other obligations to finance or refinance educational facilities to be used by an authorized charter school.

(Enacted by Acts 1995, 74th Leg., ch. 18 (H.B. 666), § 1, effective August 28, 1995; am. Acts 1997, 75th Leg., ch. 1232 (H.B. 1043), § 3, effective September 1, 1997; am. Sec. 56.3021. [Expires September 1, 2015] Students Enrolled in Private or Independent Institutions: Limited Eligibility for Grant.

(a) Notwithstanding any other provision of this subchapter, a student who was awarded a TEXAS grant under this subchapter to pay the costs of enrollment in a private or independent institution of higher education for the 2005 fall semester or an earlier academic period may continue to receive grants under this subchapter while enrolled in a private or independent institution of higher education if the student is otherwise eligible to receive a grant under this subchapter.

(b) For purposes of determining the eligibility of a student to continue to receive a grant under this section, a reference in this subchapter to an eligible institution includes a private or independent institution of higher education.

(c) The amount of a TEXAS grant under this section for a student enrolled full-time at a private or independent institution of higher education is the amount determined by the coordinating board as the average statewide amount of tuition and required fees that a resident student enrolled full-time in a baccalaureate degree program would be charged for that semester or term at general academic teaching institutions.

(d) Notwithstanding Subsection (c) or other law, the total amount of financial aid that a student enrolled in a private or independent institution of higher education is eligible to receive in a state fiscal year from TEXAS grants awarded under this section may not exceed the maximum amount the student may receive in tuition equalization grants in that fiscal year as determined under Subchapter F, Chapter 61.

(e) Notwithstanding Subsection (c) or other law, a student enrolled in a private or independent institution of higher education may not receive a TEXAS grant under this section and a tuition equalization grant under Subchapter F, Chapter 61, for the same semester or other term, regardless of whether the student is otherwise eligible for both grants during that semester or term. A student who but for this subsection would be awarded both a TEXAS grant and a tuition equalization grant for the same semester or other term is entitled to receive only the grant of the greater amount.

(f) This section expires September 1, 2015.

(Enacted by Acts 2005, 79th Leg., ch. 1181 (S.B. 1227), § 32, effective September 1, 2005.)

Sec. 56.303. Administration of Program.

(b) The coordinating board shall adopt rules to provide a TEXAS grant to an eligible student enrolled in an eligible institution in the most efficient manner possible.

(c) The total amount of TEXAS grants awarded may not exceed the amount available for the program from appropriations, gifts, grants, or other funds.

(d) From money appropriated by the legislature for the purposes of this subchapter, the coordinating board annually shall determine the allocation of money available for TEXAS grants among general academic teaching institutions and other eligible institutions and shall distribute the money accordingly.

(d-1) In allocating among eligible institutions money available for initial TEXAS grants for an academic year, the coordinating board shall ensure that each of those institutions' proportional share of the total amount of money for initial grants that is allocated to eligible institutions under this section for that year does not, as a result of the number of students who establish eligibility at the institution for an initial grant under Section 56.3041(2)(A), change from the institution's proportional share of the total amount of money for initial grants that is allocated to those institutions under this section for the preceding academic year.

(e) In determining who should receive a TEXAS grant, the coordinating board and the eligible institutions shall give priority to awarding TEXAS grants to students who demonstrate the greatest financial need and whose expected family contribution, as determined according to the methodology used for federal student financial aid, does not exceed 60 percent of the average statewide amount of tuition and required fees described by Section 56.307(a). In giving priority based on financial need as required by this subsection to students who meet the requirements for the highest priority as provided by Subsection (f), an eligible institution shall determine financial need according to the relative expected family contribution of those students, beginning with students who have the lowest expected family contribution.

(f) Beginning with TEXAS grants awarded for the 2013-2014 academic year, in determining who should receive an initial TEXAS grant, each eligible institution, in addition to giving priority as provided by Subsection (e), shall give highest priority to students who meet the eligibility criteria described by Section 56.3041(2)(A). If there is money available in excess of the amount required to award an initial TEXAS grant to all students meeting those criteria, an eligible institution shall make awards to other students who meet the eligibility criteria described by Section 56.304(a)(2)(A), provided that the institution continues to give priority to students as provided by Subsection (e).

(2) a deficiency in the amount of the grant as established under Subsection (a) or (e), as applicable, to cover the full amount of tuition and required fees charged to the student by the institution.

(k) The legislature in an appropriations act shall account for tuition and required fees received under this section in a way that does not increase the general revenue appropriations to that institution.

(*l*) The coordinating board shall provide information regarding the Texas B-On-time loan program established under Subchapter Q to each eligible applicant who receives less than the full amount of a TEXAS grant.

The coordinating board shall determine the terms of the promissory note.

(i) The amount required to be repaid by a person who fails to complete the teaching obligation of the person's grant shall be determined in proportion to the portion of the teaching obligation that the person has not satisfied.

(j) A person receiving a grant is considered to have failed to satisfy the conditions of the grant, and the grant automatically becomes a loan, if the person, without good cause as determined by the coordinating board, fails to:

(1) remain enrolled in or to make steady progress in the alternative educator certification program for which the grant was made or, with the approval of the coordinating board, in another alternative educator certification program; or

CHAPTER 78
THE UNIVERSITY OF TEXAS AT BROWNSVILLE

Section

Sec. 78.10. Texas Academy of Mathematics and Science.

(a) In this section, "academy" means the Texas Academy of Mathematics and Science at The University of Texas at Brownsville.

(b) The Texas Academy of Mathematics and Science is a division of The University of Texas at Brownsville and is under the management and control of the board. The academy serves the following purposes:

(1) to provide academically gifted and highly motivated junior and senior high school students with a challenging university-level curriculum that:

(A) allows students to complete high school graduation requirements for the foundation high school program and the distinguished level of achievement under the foundation high school program and earn appropriate endorsements as provided by Section 28.025, while attending for academic credit a public institution of higher education;

(B) fosters students' knowledge of real-world mathematics and science issues and applications and teaches students to apply critical and computational thinking and problem-solving skills to those issues and problems;

(C) includes the study of English, foreign languages, social studies, mathematics, science, and technology; and

(D) offers students learning opportunities related to mathematics and science through in-depth research and field-based studies;

(2) to provide students with an awareness of mathematics and science careers and professional development opportunities through seminars, workshops, collaboration with postsecondary and university students including opportunities for summer studies, internships in foreign countries, and similar methods; and

(3) to provide students with social development activities that enrich the academic curriculum and student life, including, as determined appropriate by the academy, University Interscholastic League activities and other extracurricular activities.

(c) The academy is a coeducational institution for selected Texas high school students with an interest in and the potential to excel in mathematics and science studies. The academy shall admit only high school juniors and seniors, except that the academy may admit a student with exceptional abilities who is not yet a high school junior. The board shall set aside adequate space on the university campus in Brownsville to operate the academy and implement the purposes of this section. The academy must operate on the same fall and spring semester basis as the university. Full-time students of the academy must enroll for both the fall and spring semesters. Faculty members of the university shall teach all academic classes at the academy. A student of the academy may attend a college course offered by the university and receive college credit for that course.

(d) Except as otherwise provided by this subsection, the university administration has the same powers and duties with respect to the academy that the administration has with respect to the university. The board shall consult with the vice president for academic affairs and the dean of the School of Education and other members of the administration as the board considers necessary concerning the academy's administrative design and support, personnel and student issues, and faculty development. The board shall consult with the dean of the College of Science, Mathematics and Technology and other members of the administration as the board considers necessary concerning the academy's curriculum development, program design, and general faculty issues. The board, in consultation with university administration, shall:

(1) establish an internal management system for the academy and appoint an academy principal who serves at the will of the board and reports to the vice president for academic affairs;

(2) provide for one or more academy counselors;

(3) establish for the academy a site-based decision-making process similar to the process required by Subchapter F, Chapter 11, that provides for the participation of academy faculty, parents of academy students, and other members of the community; and

(4) establish an admissions process for the academy.

(e) The student-teacher ratio in all regular academic classes at the academy may not exceed 30 students for each classroom teacher, except that the student-teacher ratio may exceed that limit:

(1) in a program provided for the purposes prescribed by Subsection (b)(2) or another special enrichment course or in a physical education course;

(2) if the board determines that a class with a higher student-teacher ratio would contribute to the educational development of the students in the class; or

(3) if an academy class is combined with a university class with more than 30 students.

(f) The academy shall provide the university-level curriculum in a manner that is appropriate for the social, psychological, emotional, and physical development of high school juniors and seniors. The administrative and counseling personnel of the

academy shall provide continuous support to and supervision of students.

(g) For each student enrolled in the academy, the academy is entitled to allotments from the foundation school fund under Chapter 42 as if the academy were a school district without a tier one local share for purposes of Section 42.253. If in any academic year the amount of the allotments under this subsection exceeds the amount of state funds paid to the academy in the first fiscal year of the academy's operation, the commissioner of education shall set aside from the total amount of funds to which school districts are entitled under Section 42.253(c) an amount equal to the excess amount and shall distribute that amount to the academy. After deducting the amount set aside and paid to the academy by the commissioner of education under this subsection, the commissioner of education shall reduce the amount to which each district is entitled under Section 42.253(c) in the manner described by Section 42.253(h). A determination of the commissioner of education under this subsection is final and may not be appealed.

(h) The board may use any available money, enter into contracts, and accept grants, including matching grants, federal grants, and grants from a corporation or other private contributor, in establishing and operating the academy. Money spent by the academy must further the purposes of the academy under Subsection (b).

(i) The liability of the state under Chapters 101 and 104, Civil Practice and Remedies Code, is limited for the academy and employees assigned to the academy and acting on behalf of the academy to the same extent that the liability of a school district and an employee of the school district is limited under Sections 22.0511, 22.0512, and 22.052 of this code and Section 101.051, Civil Practice and Remedies Code. An employee assigned to the academy is entitled to representation by the attorney general in a civil suit based on an action or omission of the employee in the course of the employee's employment, to limits on liability, and to indemnity under Chapters 104 and 108, Civil Practice and Remedies Code.

(j) Except as otherwise provided by this section, the academy is not subject to the provisions of this code, or to the rules of the Texas Education Agency, regulating public schools.

(Enacted by Acts 2005, 79th Leg., ch. 887 (S.B. 1452), § 1, effective June 17, 2005; am. Acts 2013, 83rd Leg., ch. 211 (H.B. 5), § 75(a), effective June 10, 2013.)

(2) "Board" means the board of regents of The Texas A&M University System.

(3) "University" means Texas A&M International University.

(b) The Texas Academy of International Studies is a division of Texas A&M International University and is under the management and control of the board. The academy serves the following purposes:

(1) to provide academically gifted and highly motivated junior and senior high school students with a challenging university-level curriculum that:

(A) allows students to complete high school graduation requirements for the foundation high school program and the distinguished level of achievement under the foundation high school program and earn appropriate endorsements as provided by Section 28.025, while attending for academic credit a public institution of higher education;

(B) fosters students' knowledge of real-world international issues and problems and teaches students to apply critical thinking and problem-solving skills to those issues and problems;

(C) includes the study of English, foreign languages, social studies, anthropology, and sociology;

(D) is presented through an interdisciplinary approach that introduces and develops issues, especially issues related to international concerns, throughout the curriculum; and

(E) offers students learning opportunities related to international issues through in-depth research and field-based studies;

(2) to provide students with an awareness of international career and professional development opportunities through seminars, workshops, collaboration with postsecondary students from other countries, summer academic international studies internships in foreign countries, and similar methods; and

(3) to provide students with social development activities that enrich the academic curriculum and student life, including, as determined appropriate by the academy, University Interscholastic League activities and other extracurricular activities generally offered by public high schools.

(c) The academy is a residential, coeducational institution for selected Texas high school students with an interest and the potential to excel in international studies. The academy shall admit only high school juniors and seniors, except that the academy may admit a student with exceptional abilities who is not yet a high school junior. The board shall set aside adequate space on the university campus in Laredo to operate the academy and implement the purposes of this section. The academy must operate on the same fall and spring semester basis as the university. Full-time students of the academy must enroll for both the fall and spring semesters. Faculty members of the university shall teach all academic classes at the academy. A student of the academy may attend a college course offered by the university and receive college credit for that course.

(d) Except as otherwise provided by this subsection, the university administration has the same powers and duties with respect to the academy that the administration has with respect to the university. The board shall consult with the dean of the College of Education and other members of the administration as the board considers necessary concerning the academy's administrative design and support, personnel and student issues, and faculty development. The board shall consult with the dean of the College of Arts and Sciences and other members of the administration as the board considers necessary concerning the academy's curriculum development, program design, and general faculty issues. The board, in consultation with university administration, shall:

(1) establish an internal management system for the academy and appoint an academy principal who serves at the will of the board and reports to the university provost;

(2) provide for one or more academy counselors;

(3) establish for the academy a site-based decision-making process similar to the process required by Subchapter F, Chapter 11, that provides for the participation of academy faculty, parents of academy students, and other members of the community; and

(4) establish an admissions process for the academy.

(e) The student-teacher ratio in all regular academic classes at the academy may not exceed 30 students for each classroom teacher, except that the student-teacher ratio may exceed that limit:

(1) in a program provided for the purposes prescribed by Subsection (b)(2) or another special enrichment course or in a physical education course; or

(2) if the board determines that a class with a higher student-teacher ratio would contribute to the educational development of the students in the class.

(f) The academy shall provide the university-level curriculum in a manner that is appropriate for the social, psychological, emotional, and physical development of high school juniors and seniors. The administrative and counseling personnel of the academy shall provide continuous support to and supervision of students.

(g) For each student enrolled in the academy, the academy is entitled to allotments from the foundation school fund under Chapter 42 as if the academy were a school district without a tier one local share for purposes of Section 42.253. If in any academic year the amount of the allotments under this subsection exceeds the amount of state funds paid to the academy in the first fiscal year of the academy's operation, the commissioner of education shall set aside from the total amount of funds to which school districts are entitled under Section 42.253(c) an amount equal to the excess amount and shall distribute that amount to the academy. After deducting the amount set aside and paid to the academy by the commissioner of education under this subsection, the commissioner of education shall reduce the amount to which each district is entitled under Section 42.253(c) in the manner described by Section 42.253(h). A determination of the commissioner of education under this subsection is final and may not be appealed.

(h) The board may use any available money, enter into contracts, and accept grants, including matching grants, federal grants, and grants from a corporation or other private contributor, in establishing and operating the academy. Money spent by the academy must further the purposes of the academy prescribed by Subsection (b).

(i) The liability of the state under Chapters 101 and 104, Civil Practice and Remedies Code, is limited for the academy and employees assigned to the

academy and acting on behalf of the academy to the same extent that the liability of a school district and an employee of the school district is limited under Sections 22.0511, 22.0512, and 22.052 of this code and Section 101.051, Civil Practice and Remedies Code. An employee assigned to the academy is entitled to representation by the attorney general in a civil suit based on an action or omission of the employee in the course of the employee's employment, limits on liability, and indemnity under Chapters 104 and 108, Civil Practice and Remedies Code.

(j) Except as otherwise provided by this section, the academy is not subject to the provisions of this code, or to the rules of the Texas Education Agency, regulating public schools.

(k) [Expired pursuant to Acts 2005, 79th Leg., ch. 1339 (S.B. 151), § 5, effective August 31, 2008.]

(Enacted by Acts 2005, 79th Leg., ch. 1339 (S.B. 151), § 5, effective June 18, 2005; am. Acts 2013, 83rd Leg., ch. 211 (H.B. 5), § 76(a), effective June 10, 2013.)

Subchapter A. General Provisions

Subchapter B. Independent School District or City Junior College

Subchapter C. Union, County, or Joint-County Junior Colleges

SUBCHAPTER A
GENERAL PROVISIONS

Sec. 130.001. Supervision by Coordinating Board, Texas College and University

System.

(a) The Coordinating Board, Texas College and University System, referred to as the coordinating board, shall exercise general control of the public junior colleges of Texas.

(b) The coordinating board shall have the responsibility for adopting policies, enacting regulations, and establishing general rules necessary for carrying out the duties with respect to public junior colleges as prescribed by the legislature, and with the advice and assistance of the commissioner of higher education, shall have authority to:

(1) authorize the creation of public junior college districts as provided in the statutes, giving particular attention to the need for a public junior college in the proposed district and the ability of the district to provide adequate local financial support;

(2) dissolve any public junior college district which has failed to establish and maintain a junior college within three years from the date of its authorization;

(3) adopt standards for the operation of public junior colleges and prescribe the rules and regulations for such colleges;

(4) require of each public junior college such reports as deemed necessary in accordance with the coordinating board's rules and regulations; and

(5) establish advisory commissions composed of representatives of public junior colleges and other citizens of the state to provide advice and counsel to the coordinating board with respect to public junior colleges.

(Enacted by Acts 1969, 61st Leg., ch. 889 (H.B. 534), § 1, effective September 1, 1969; am. Acts 1971, 62nd Leg., ch. 1024 (H.B. 1657), art. 1, § 1, effective September 1, 1971 (renumbered from Sec. 51.001).)

Sec. 130.0011. Public Junior Colleges; Role and Mission.

Texas public junior colleges shall be two-year institutions primarily serving their local taxing districts and service areas in Texas and offering vocational, technical, and academic courses for certification or associate degrees. Continuing education, remedial and compensatory education consistent with open-admission policies, and programs of counseling and guidance shall be provided. Each institution shall insist on excellence in all academic areas—instruction, research, and public service. Faculty research, using the facilities provided for and consistent with the primary function of each institution, is encouraged. Funding for research should be from private sources, competitively acquired sources, local taxes, and other local revenue. (Enacted by Acts 1987, 70th Leg., ch. 823 (H.B. 2181), art. 2, § 2.01, effective June 20, 1987.)

Sec. 130.0012. Baccalaureate Degree Programs.

(a) The Texas Higher Education Coordinating Board shall authorize public junior colleges to offer baccalaureate degree programs in the fields of applied science and applied technology under this section. Offering a baccalaureate degree program under this section does not otherwise alter the role and mission of a public junior college.

(b) The coordinating board shall authorize baccalaureate degree programs at each public junior college that previously participated in a pilot project to offer baccalaureate degree programs.

(c) A public junior college offering a baccalaureate degree program under this section must meet all applicable accreditation requirements of the Commission on Colleges of the Southern Association of Colleges and Schools.

(d) A public junior college offering a baccalaureate degree program under this section may not offer more than five baccalaureate degree programs at any time. The degree programs are subject to the continuing approval of the coordinating board.

(e) In determining what baccalaureate degree programs are to be offered, the coordinating board shall consider:

(1) the need for the degree programs in the region served by the junior college;

(2) how those degree programs would complement the other programs and course offerings of the junior college;

(3) whether those degree programs would unnecessarily duplicate the degree programs offered by other institutions of higher education; and

(4) the ability of the junior college to support the program and the adequacy of the junior college's facilities, faculty, administration, libraries, and other resources.

(f) Each public junior college that offers a baccalaureate degree program under this section must enter into an articulation agreement for the first five years of the program with one or more general academic teaching institutions to ensure that students enrolled in the degree program have an opportunity to complete the degree if the public junior college ceases to offer the degree program. The coordinating board may require a general academic teaching institution that offers a comparable degree program to enter into an articulation agreement with the public junior college as provided by this subsection.

(g) In its recommendations to the legislature relating to state funding for public junior colleges, the

coordinating board shall recommend that a public junior college receive substantially the same state support for junior-level and senior-level courses offered under this section as that provided to a general academic teaching institution for substantially similar courses. In determining the contact hours attributable to students enrolled in a junior-level or senior-level course offered under this section used to determine a public junior college's proportionate share of state appropriations under Section 130.003, the coordinating board shall weigh those contact hours as necessary to provide the junior college the appropriate level of state support to the extent state funds for those courses are included in the appropriations. This subsection does not prohibit the legislature from directly appropriating state funds to support junior-level and senior-level courses offered under this section.

(h) Each public junior college offering a baccalaureate degree program under this section shall prepare a biennial report on the operation and effectiveness of the junior college's baccalaureate degree programs and shall deliver a copy of the report to the coordinating board in the form and at the time determined by the coordinating board.

(i) [Deleted by Acts 2007, 80th Leg., ch. 1397 (H.B. 2198), § 1, effective September 1, 2007.]

(j) The coordinating board shall prescribe procedures to ensure that each public junior college that offers a degree program under this section informs each student who enrolls in the degree program of the articulation agreement entered into under Subsection (f) for the student's degree program.

(k) [Expired pursuant to Acts 2009, 81st Leg., ch. 674 (H.B. 2425), § 3, effective January 1, 2011.]

(Enacted by Acts 2003, 78th Leg., ch. 820 (S.B. 286), § 50, effective September 1, 2003; enacted by Acts 2003, 78th Leg., ch. 1201 (S.B. 976), § 4, effective September 1, 2003; am. Acts 2007, 80th Leg., ch. 1397 (H.B. 2198), § 1, effective June 15, 2007; am. Acts 2009, 81st Leg., ch. 674 (H.B. 2425), § 3, effective June 19, 2009; am. Acts 2013, 83rd Leg., ch. 161 (S.B. 1093), § 4.013, effective September 1, 2013; am. Acts 2013, 83rd Leg., ch. 1155 (S.B. 215), § 60, effective September 1, 2013.)

Sec. 130.0013. [Expires September 1, 2015] Study and Report; Baccalaureate Degree Programs Authority.

(a) The Texas Higher Education Coordinating Board shall, using existing funds, conduct a study of regional workforce needs in this state to determine the regions of the state that would benefit from the authorization of baccalaureate degree programs in the field of nursing and in the field of applied sciences at public junior colleges serving the region and appropriate metrics for determining whether a public junior college should offer those degree programs. In conducting its study, the coordinating board shall consult with at least one representative of each of the following:

(1) four-year institutions of higher education;

(2) two-year institutions of higher education;

(3) regional businesses;

(4) professional associations; and

(5) any other entity the commissioner of higher education considers appropriate.

(b) Not later than August 1, 2014, the coordinating board shall submit to each legislative standing committee with primary jurisdiction over higher education the results of its study under this section and recommendations for legislative or other action.

(c) This section expires September 1, 2015.

(Enacted by Acts 2013, 83rd Leg., ch. 1164 (S.B. 414), § 1, effective June 14, 2013.)

Sec. 130.002. Extent of State and Local Control.

All authority not vested by this chapter or by other laws of the state in the coordinating board or in the Central Education Agency is reserved and retained locally in each of the respective public junior college districts or in the governing boards of such junior colleges as provided in the laws applicable.

(Enacted by Acts 1969, 61st Leg., ch. 889 (H.B. 534), § 1, effective September 1, 1969; am. Acts 1971, 62nd Leg., ch. 1024 (H.B. 1657), art. 1, § 1, effective September 1, 1971 (renumbered from Sec. 51.002).)

Sec. 130.0021. Conveyance of Certain Real Property.

A public junior college or a public junior college district may donate, exchange, convey, sell, or lease land, improvements, or any other interest in any real property for less than the fair market value of the real property interest if the donation, conveyance, exchange, sale, or lease is being made to a university system and the governing board of the public junior college or the public junior college district also finds that the donation, conveyance, exchange, sale, or lease of the interest promotes a public purpose related to higher education within the service area of the public junior college or the public junior college district.

(Enacted by Acts 1999, 76th Leg., ch. 296 (S.B. 1289), § 5, effective May 29, 1999.)

Sec. 130.003. State Appropriation for Public Junior Colleges.

(a) There shall be appropriated biennially from money in the state treasury not otherwise appropri-

ated an amount sufficient to supplement local funds for the proper support, maintenance, operation, and improvement of those public junior colleges of Texas that meet the standards prescribed by this chapter. The sum shall be allocated on the basis of contact hours within categories developed, reviewed, and updated by the coordinating board.

(b) To be eligible for and to receive a proportionate share of the appropriation, a public junior college must:

(1) be certified as a public junior college as prescribed in Section 61.063;

(2) offer a minimum of 24 semester hours of vocational and/or terminal courses;

(3) have complied with all existing laws, rules, and regulations governing the establishment and maintenance of public junior colleges;

(1) "Category 1 junior college" means a junior college having not more than 2,500 students in fall head count enrollment for the previous fiscal year and not more than $300,000 of local taxes collected, excluding taxes for debt service, in the previous fiscal year.

(2) "Category 2 junior college" means a junior college having more than 2,500 students in fall head count enrollment for the previous fiscal year or more than $300,000 of local taxes collected, excluding taxes for debt service, in the previous fiscal year.

A payment under this section is not invalid because it is not equal to other installments.

Sec. 130.00311. Methods of Inclusion or Participation in Junior College District.

(a) The following are methods that may be used to be included in or to participate in a junior college district:

(1) the registered voters of territory that is not located in a junior college district may petition to join an existing junior college district or to establish a new junior college district under the other provisions of this chapter; or

(2) a junior college district may enter into an agreement with an entity or community under Section 130.0081 to provide services to the entity or community.

(b) If a political subdivision or part of a political subdivision is not located in a junior college district or has not entered into an agreement under Section 130.0081, a person who resides in that territory and who is a student of a junior college district shall be charged tuition and fees at the rate established under Section 130.0032(d).

(Enacted by Acts 2005, 79th Leg., ch. 1100 (H.B. 2221), § 1, effective June 18, 2005.)

Sec. 130.0032. Tuition for Students Residing Outside of District.

(a) The governing board of a public junior college district may allow a person who resides outside the district and who owns property subject to ad valorem taxation by the district, or a dependent of the person, to pay tuition at the rate applicable to a student who resides in the district.

(b) The governing board of a public junior college district may allow a person who resides outside the district and in the taxing district of a contiguous public junior college district to pay tuition and fees at the rate applicable to a student who resides in the district.

(b-1) The governing board of a public junior college district that includes at least six campuses shall allow a person who resides outside the district and in the taxing district of a contiguous public junior college district to pay tuition and fees at the rate applicable to a student who resides in the district for enrollment at a campus located within an area in which the person resides that, as of January 1, 2013, is designated as a super neighborhood by a municipality with a population greater than two million.

(c) The governing board of a public junior college district may allow a person who resides outside the district to pay tuition and fees at a rate less than the rate applicable to other persons residing outside the district, but not less than the rate applicable to a student who resides in the district, if the person:

(1) resides within the service area of the district;

(2) does not reside in an independent school district that meets the criteria of the coordinating board for the establishment of a junior college district under Section 130.013; and

(3) demonstrates financial need in accordance with rules adopted by the Texas Higher Education Coordinating Board.

(d) The governing board of a junior college district shall establish the rate of tuition and fees charged to a student who resides outside the district by considering factors such as:

(1) the sufficiency of the rate to promote taxpayer equity by encouraging areas benefiting from the educational services of the district to participate in financing the education of students from that area;

(2) the extent to which the rate will ensure that the cost to the district of providing educational services to a student who resides outside the district is not financed disproportionately by the taxpayers residing within the district; and

(3) the rate that would generate tuition and fees equal to the total amount of tuition and fees charged to a similarly situated student who resides in the district plus an amount per credit hour determined by dividing the total amount of ad valorem taxes imposed by the district in the tax year preceding the year in which the academic year begins by the total number of credit hours for which the students who were residents of the district enrolled in the district in the preceding academic year.

STATUTORY NOTES

Applicability. — Acts 2005, 79th Leg., Ch. 1100 (H.B. 2221), § 10 provides: "The change in law made by this Act to Section 130.0032, Education Code, applies beginning with tuition charged for the 2005-2006 academic year."

Sec. 130.0033. Pilot Project: Reduced Tuition for Certain Courses.

(a) The Texas Higher Education Coordinating Board shall establish a pilot project to measure the impact of reducing tuition for junior college courses offered at times of low enrollment demand in order to promote greater access to higher education and more efficient use of junior college facilities and resources. The coordinating board shall select a reasonable number of public junior colleges to participate in the pilot project.

(b) The governing board of a public junior college selected to participate in the pilot project may charge tuition for a course or courses at a rate established by the governing board that is less than the rate otherwise required by Section 54.051 or other law if the governing board finds that the reduced tuition rate is reasonably necessary to enable the junior college to make efficient use of its facilities or faculty. The finding must be stated in the order or resolution establishing the reduced tuition rate.

(c) Charging tuition at a reduced rate under this section does not affect the right of the public junior college to a proportionate share of state appropriations under Section 130.003 for the contact hours attributable to students paying tuition at the reduced rate.

(d), (e) [Repealed by Acts 2011, 82nd Leg., ch. 1083 (S.B. 1179), § 25(23), effective June 17, 2011.]

Sec. 130.0034. Tuition for Repeated Courses.

(a) The governing board of a public junior college district may charge a student a higher rate of tuition than the tuition that would otherwise be charged for a course in which the student enrolls if:

(1) the student has previously enrolled in the same course or a course of substantially the same content and level two or more times; and

(2) the student's enrollment in the course is not included in the contact hours used to determine the junior college's proportionate share of state appropriations under Section 130.003.

(b) This section does not apply to a non-degree-credit developmental course.

(c) The total amount of tuition charged to the student under this section for the repeated course may not exceed the full cost of instruction for the course with respect to the student.

(Enacted by Acts 2005, 79th Leg., ch. 1220 (H.B. 994), § 1, effective June 18, 2005.)

Sec. 130.0035. Performance Reports.

(a) As soon as practicable after the end of each academic year, a junior college district shall prepare an annual performance report for that academic year. The report shall be prepared in a form that would enable any interested person, including a prospective student, to understand the information in the report and to compare the information to similar information for other junior college districts. A junior college district shall make the report available to any person on request.

(b) The report must include the following information for the junior college district for the academic year covered by the report:

(1) the rate at which students completed courses attempted;

(2) the number and types of degrees and certificates awarded;

(3) the percentage of graduates who passed licensing exams related to the degree or certificate awarded, to the extent the information can be determined;

(4) the number of students or graduates who transfer to or are admitted to a public university;

(5) the passing rates for students required to be tested under Section 51.306;

(6) the percentage of students enrolled who are academically disadvantaged;

(7) the percentage of students enrolled who are economically disadvantaged;

(8) the racial and ethnic composition of the district's student body; and

(9) the percentage of student contact hours taught by full-time faculty.

(c) The Legislative Budget Board shall be responsible for recommending standards for reports under this section, in consultation with junior college districts, the Texas Higher Education Coordinating Board, and the governor's office of budget and planning.

(d) [Expired pursuant to Acts 1997, 75th Leg., ch. 978 (H.B. 2517), § 1, effective January 1, 2000.]

(Enacted by Acts 1997, 75th Leg., ch. 978 (H.B. 2517), § 1, effective September 1, 1997; am. Acts 2003, 78th Leg., ch. 785, effective September 1, 2003.)

Sec. 130.0036. Report on Student Enrollment Status.

The coordinating board shall consult with the governing boards of the state's junior college districts in determining the form, manner, and times of reports under this section.

(Enacted by Acts 1999, 76th Leg., ch. 1320 (S.B. 1853), § 1, effective August 30, 1999.)

(3) a union junior college;

(4) a county junior college;

(5) a joint-county junior college; and

(6) a public junior college as a part or division of a regional college district.

(b) As used in this chapter, the two general authorized types of junior colleges are:

(1) public junior colleges, which must consist of freshman and sophomore college work taught separately or in conjunction with the junior and senior years of high school and the course of study of such work must be submitted to and approved before being offered by the Coordinating Board, Texas College and University System; and

(2) a junior college division of a regional college, as that type of institution is defined in Subchapter F of this chapter, which operates under the laws applicable to public junior colleges in Texas.

(c) All junior college districts, whether established, organized, and/or created, or attempted to be established, organized, and/or created, by vote of the people residing in those districts, or by action of the county school boards, or by action of the county judge, or by action of the commissioners courts, or by action of state educational officers or agencies, or by a combination of any two or more of the same, which districts have previously been recognized by either state or county authorities as junior college districts, are hereby validated in all respects as though they had been duly and legally established in the first instance. Without in any way limiting the generalization of the provisions above,

(1) all additions of territory to or detachments of territory from such junior college districts are hereby in all things validated, whether the same were accomplished or attempted to be accomplished by action of the county school boards, or by action of the county judge, or by action of the commissioners court, or by action of state educational officers or agencies, or by vote of the people residing in such territory, or by a combination of any two or more of the same;

(2) the boundary lines of all such junior college districts are hereby in all things validated; and

(3) all acts of the governing boards of such junior college districts ordering an election or elections, declaring the results of such elections, levying, attempting, or purporting to levy taxes for and on behalf of such districts, and all bonds issued and now outstanding, and all bonds previously voted but not issued, and all tax elections, bond elections, and bond assumption elections are hereby in all things validated; all revenue bonds issued and outstanding and all revenue bonds authorized but not yet issued for and on behalf of such districts are hereby in all things validated.

(d) Subsection (c) of this section shall not apply to any district which has previously been declared invalid by a court of competent jurisdiction of Texas,

nor shall it apply to any district which is now involved in litigation in any district court of Texas, the court of civil appeals, or the Supreme Court of Texas, in which litigation the validity of the organization or creation of such district or of the addition of territory to or detachment of territory from such districts is attacked, or to any district involved in proceedings now pending before the coordinating board in which proceedings the validity of the organization or creation of such district or of the addition of territory to or detachment of territory from such district is attacked.

(e) The establishment of any new public junior college campus within an existing junior college district or the establishment of any new junior college district shall be approved by the Legislative Budget Board if the establishment occurs during a time when the legislature is not in session. The legislature shall approve the establishment of any new public junior college campus within an existing junior college district or the establishment of any new junior college district if proposed during or within three months prior to a legislative session.

Sec. 130.005. Change of Name to Community College District.

(a) The legislature hereby declares that the purpose of this section is to recognize that junior colleges are in fact comprehensive community colleges which serve their communities not only through university-parallel programs but also by means of occupational programs and other programs of community interest and need.

(b) The board of trustees of any junior college district may by resolution duly adopted change the name of such district by substituting the word "community" for the word "junior" in such name. A copy of such resolution duly certified by the secretary of the board of trustees shall be filed with the Coordinating Board, Texas College and University System. Such change in name shall become effective upon the filing of such resolution with the said coordinating board. Thereafter all references to such district in all official actions, communications and records shall be by use of such new name.

(Enacted by Acts 1971, 62nd Leg., ch. 1024 (H.B. 1657), art. 2, § 13, effective September 1, 1971; am. Acts 1973, 63rd Leg., ch. 75 (S.B. 218), § 1, effective May 7, 1973.)

(a) The board of trustees of a junior college district by resolution may change the name of the district or a college within the district by eliminating the words "community" or "junior" from the name of the district or college, unless the change would cause the district or college to have the same or substantially the same name as an existing district, college, or other public or private institution of higher education in this state.

(b) The board of trustees shall file with the Texas Higher Education Coordinating Board a copy of a resolution adopted under Subsection (a) that is certified by the secretary of the board of trustees. The name change is effective on the date the resolution is filed with the coordinating board. After a name change is filed, the college or district shall use the new name in all official actions, communications, or records.

(Enacted by Acts 1997, 75th Leg., ch. 570 (H.B. 1460), § 1, effective September 1, 1997.)

(a) The trustees of an independent school district located in a county contiguous to, but not a part of, a community college district and the governing board of the community college district may enter into a contract providing for the community college to hold college courses in the school district's facilities.

(b) The contract must be approved by resolution of the governing boards of the community college district and the school district.

(c) For purposes of state funding, a course held in the school district facilities is considered to be a course held in the community college district if the course:

(1) has been approved by a regional higher education council recognized by rule of the coordinating board and in which the district has been designated a member by the coordinating board; and

(2) is approved by the coordinating board as an out-of-district course for the community college district.

(d) Any statutory or regulatory requirement of local support of a community college program is satisfied by the school district providing its facilities without charge to the community college if the total community college enrollment in the school district does not exceed 1,000 full-time students, or the equivalent.

(e) Either party may terminate a contract under this section by giving the other party at least one year's written notice.

(Enacted by Acts 1983, 68th Leg., ch. 318 (H.B. 100), § 1, effective August 29, 1983.)

(e) The board of trustees may invest the endowment fund in securities, bonds, and other investments that the board considers prudent. In making investments under this section, the board shall exercise the judgment and care under the circumstances then prevailing that a person of ordinary prudence, discretion, and intelligence exercises in the management of the person's own affairs.

(f) The board may not spend any money deposited in the endowment fund as local funds, gifts, or grants but may spend any income from investing the endowment fund for the operation or maintenance of the junior college.

(a) Under an agreement with a school district or, in the case of a private high school, with the organization or other person that operates the high school, a public junior college may offer a course in which a student attending a high school operated in this state by the school district, organization, or other person may enroll and for which the student may simultaneously receive both:

(1) course credit toward the student's high school academic requirements; and

(2) course credit as a student of the junior college, if the student has been admitted to the junior college or becomes eligible to enroll in and is subsequently admitted to the junior college.

(b) The junior college may waive all or part of the tuition and fees for a high school student enrolled in a course for which the student may receive joint credit under this section.

(c) The contact hours attributable to the enrollment of a high school student in a course offered for joint high school and junior college credit under this section, excluding a course for which the student attending high school may receive course credit toward the physical education curriculum requirement under Section 28.002(a)(2)(C), shall be included in the contact hours used to determine the junior college's proportionate share of the state money appropriated and distributed to public junior colleges under Sections 130.003 and 130.0031, even if the junior college waives all or part of the tuition or fees for the student under Subsection (b).

(d) A public junior college may enter into an agreement with a school district, organization, or other person that operates a high school to offer a course as provided by this section regardless of whether the high school is located within the service area of the junior college district.

(d-1) [Repealed by Acts 2013, 83rd Leg., ch. 211 (H.B. 5), § 78(a)(6), effective September 1, 2013.]

(e) In admitting or enrolling high school students in a course offered for joint high school and junior college credit under Subsection (a), a public junior college must apply the same criteria and conditions to each student wishing to enroll in the course without regard to whether the student attends a public school or a private or parochial school, including a home school. For purposes of this section, a student who attends a school that is not formally organized as a high school and is at least 16 years of age is considered to be attending a high school.

(f) Except as provided by this section, a student may not enroll in more than three courses under this section at a junior college if the junior college does not have a service area that includes the student's high school. A student enrolled at an early college high school may enroll in a greater number of courses to the extent approved by the commissioner of education.

(b) A petition requesting that such territory be added to the junior college district signed by a majority of the registered voters of the territory may be presented to the governing board of the junior college district.

(c) The board shall determine whether the petition is signed by the required majority and if such determination is affirmative and if the board shall also determine that the facilities of the junior college district may be extended to cover adequately the scholastics of the added territory, the board shall pass an order admitting such territory. (c) A junior college district may not annex territory under this section that is included in the boundaries of another junior college district.

(d) Except as provided by Subsection (e), a junior college district may not annex territory under this section if a campus of the Texas State Technical College System is located:

(Enacted by Acts 1969, 61st Leg., ch. 889 (H.B. 534), § 1, effective September 1, 1969; am. 1971, 62nd Leg., ch. 1024 (H.B. 1657), art. 1, § 1, effective September 1, 1971(renumbered from 51.063); am. The petition shall contain a legally sufficient description of the territory proposed for annexation. The governing board of the junior college district, if it deems the annexation to be in the best interest of the district, may effect the annexation by:

(1) entering its order authorizing the annexation of the territory by contract; and

(2) then entering into a written agreement duly executed and acknowledged by all persons, corporations, and entities owning property within the territory.

(Enacted by Acts 1969, 61st Leg., ch. 889 (H.B. 534), § 1, effective September 1, 1969; am. Acts 1971, 62nd Leg., ch. 1024 (H.B. 1657), art. 1, § 1, effective September 1, 1971 (renumbered from 51.064).)

Sec. 130.065. Annexation by Election.

(a) On presentation to the governing board of a junior college district of a petition proposing the annexation of territory to the district, the governing board may call an election on the question of annexing the territory. The petition must:

(1) contain an accurate description of the territory proposed for annexation; and

(2) be signed by a number of registered voters in the territory proposed to be annexed equal to at least five percent of the registered voters in that territory as of the most recent general election for state and county officers.

(b) Before the governing board of the junior college district may order an annexation election, the board must hold a public hearing within the territory proposed for annexation. The hearing must be held not earlier than the 45th day and not later than the 30th day before the date the board issues the order for the election.

(c) Not later than the 30th day before the date of a public hearing held under Subsection (b), the board shall complete and publish a service plan for the territory proposed for annexation. The service plan is informational only and must include:

(1) the maximum property tax rate that the board may adopt;

(2) the most recent property tax rate adopted by the board and any tax rate increase proposed or anticipated to occur after the annexation;

(3) the tuition rate that would apply after annexation for a student who resides in the district;

(4) the tuition and fees that would apply under Section 130.0032(d) for a student who resides outside the district;

(5) plans for providing educational services in the territory, including proposed or contemplated campus and facility expansion in the territory;

(7) any other elements consistent with this subchapter prescribed by rule of the Texas Higher Education Coordinating Board.

(d) The governing board shall issue an order for an election to be held in the territory proposed for annexation on a uniform election date that is not less than 45 days after the date of the order and that affords enough time to hold the election in the manner provided by law. The board shall give notice of the election in the manner provided by law for notice by the county judge of a general election.

(e) The governing board shall conduct the election in accordance with the Election Code.

(f) The election shall be held only in the territory proposed for annexation, and only those registered voters residing in that territory are permitted to vote.

(g) The ballot shall be printed to provide for voting for or against the proposition: "Approving the annexation by the _____ (name of junior college district) of the following territory: _____ (with the blank filled in with a description of the territory proposed for annexation), and authorizing the imposition an ad valorem tax for junior college purposes, which is currently set at a rate of _____ (with the blank filled in with the ad valorem tax rate of the district for the current year or, if that rate has not been adopted, the tax rate for the preceding year) per $100 valuation of taxable property."

(h) The measure is adopted if the measure receives a favorable vote of a majority of those voters voting on the measure.

(i) If the measure is adopted, the governing board of the district shall enter an order declaring the result of the election and that the territory is annexed to the junior college district on the date specified in the order.

(j) If the proposition is adopted and the governing board is elected from single-member districts, the governing board in the annexation order entered under Subsection (i) shall assign the new territory to one or more of the current single-member districts.

(k) The annexation of territory and any resulting change in the single-member districts from which members of the governing board are elected does not affect the term of a member of the governing board serving on the date the annexation or redistricting takes effect. The governing board shall provide that each member of the governing board representing a single-member district who is holding office on the date the annexation takes effect serve the remainder of the member's term and represent a single-member district in the expanded junior college district for that term regardless of whether the member resides in that single-member district.

(*l*) If the measure is not adopted at the election, another election to annex all or part of the same territory may not be held earlier than one year after the date of the election at which the measure is not adopted.

A person appointed to fill a vacancy in a trustee district must

be a resident of that trustee district. A person appointed to fill a vacancy in the representation of the district at large must be a resident of the district at large. A special election to fill a board vacancy is conducted in the same manner as the district's general election except as provided by the applicable provisions of the Election Code. The person appointed to fill the unexpired term shall serve until the next regular election of members to the board, at which time the position shall be filled by election for a term appropriately shortened to conform with what regularly would have been the length of the term for that position. Each member of the board shall be a resident, qualified voter of the district and shall take the proper oath of office before taking up the duties thereof. Members of a board shall not receive any remuneration or emolument of office, but they shall be entitled to reimbursement for their actual expenses incurred in performing their duties, to the extent authorized and permitted by the board. The board shall elect one of its members as president of the board, and the president shall preside at meetings of said board and perform such other duties and functions as are prescribed by the board. The president of the board shall have a vote the same as the other members. The board shall elect a secretary of the board who may or may not be a member of the board, and who shall be the official custodian of the minutes, books, records, and seal of said board, and who shall perform such other duties and functions as are prescribed by the board. The board shall be authorized to elect any other officers as deemed necessary or advisable. Officers of the board shall be elected at the first regular meeting of the board following the regular election of members of the board in even-numbered years, or at any time thereafter in order to fill a vacancy. Said board shall be authorized to appoint or employ such agents, employees, and officials as deemed necessary or advisable to carry out any power, duty, or function of said board; and to employ a president, dean, or other administrative officer, and upon the president's recommendation to employ faculty and other employees of the junior college. Said board shall act and proceed by and through resolutions or orders adopted or passed by the board and the affirmative vote of a majority of all members of the board shall be required to adopt or pass a resolution or order, and the board shall adopt such rules, regulations, and bylaws as it deems advisable, not inconsistent with this section.

(e) The basic term of office of a member of the board shall be six years, and one-third of the members of the board shall be elected at large in the district at regular elections to be held on the first Saturday in April in each even-numbered year; provided that with a seven-member board two members shall be elected in two consecutive even-numbered years and three members shall be elected in the following even-numbered year. The members of each board in office at the effective date of this act, and all subsequent members of the board, shall remain in office until the expiration of the terms for which they were elected or appointed, and until their successors shall have been elected and qualified; provided that where any existing board has held its regular elections for members of the board in odd-numbered years prior to the effective date of this act, the board shall nevertheless hold its next regular election on the first Saturday in April of the next even-numbered year following the effective date of this act, and the term of office of each incumbent member of the board shall, in effect, be lengthened by one year so as to comply with the foregoing provisions of this act. Upon the creation of a new board, or in any other situation where necessary, the members of the board shall choose by lot the terms for which they shall serve, so as to comply with the foregoing provisions. If a board is increased from seven to nine members, one of the members shall be appointed to serve until the first election at which two members otherwise would have been elected, and the other shall be appointed to serve until the second election at which two members otherwise would have been elected, and three members shall be elected for six-year terms at each election.

(f) Members of a board shall be elected at large from each junior college district at regular elections to be called and held by the board for such purpose, at the expense of the district, on the first Saturday in April in each even-numbered year. Said elections shall be held in accordance with the Texas Election Code except as hereinafter provided, and all resident, qualified electors of the district shall be permitted to vote. Each such election shall be called by resolution or order of the board, and notice of each such election shall be given by publishing an appropriate notice, in a newspaper of general circulation in the district, at least 10 days prior to the date of the election, setting forth the date of the election, the polling place or places, the numbers of the positions to be filled, the candidates for each position and any other matters deemed necessary or advisable.

(g) The board shall designate a number for the position held by each member of the board, from one upward in consecutive numerical order in such manner that the lowest numbers shall be assigned to the members whose terms of office expire in the shortest length of time, provided that any such position number designations on existing boards under ex-

isting law at the effective date of this act shall remain in effect. At each election candidates shall be voted upon and be elected separately for each position on the board, and the name of each candidate shall be placed on the official ballot according to the number of the position for which he or she is running. A candidate receiving a majority of the votes cast for all candidates for a position shall be declared elected. If no candidate receives such a majority, then the two candidates receiving the highest number of votes shall run against each other for the position. The run-off election for all positions shall be held on a date that complies with law and shall be ordered, notice thereof given, and held, as provided herein for regular elections. Any resident, qualified elector of the district may have his or her name placed as a candidate on the official ballot for any position to be filled at each regular election by filing with the secretary of the board a written application therefor signed by the applicant, not later than 5 p.m. of the 45th day before the date of the election. An application may not be filed earlier than the 30th day before the date of the filing deadline. Such application must state the number of the position for which he or she is a candidate, or the name of the incumbent member of the board holding the position for which he or she desires to run. The location on the ballot of the names of candidates for each position shall be chosen by lot by the board. A candidate shall be eligible to run for only one position at each election.

(h) Notwithstanding anything in this code to the contrary, the provisions of all or any part of the laws of this state in effect immediately prior to the effective date of this act and relating to the name of any junior college district or the name of its governing board, or to the number of members of its governing board, or the procedures and times of electing or choosing said members, shall remain in effect under the following conditions. If, at any time before the effective date of this act (but not thereafter), the governing board of any junior college district shall specify by resolution or order the particular provisions of the aforesaid laws applicable to it which it desires to remain in effect, then such particular provisions shall continue to apply to said board and its district; provided that at any time thereafter the governing board may make this section in its entirety applicable to it and its district by appropriate resolution or order, and thereby permanently cancel the effect of the aforesaid particular provisions of other laws. All resolutions and orders permitted by this section shall be filed immediately with the Coordinating Board, Texas College and University System.

(i) The election of trustees of a countywide junior or community college district that contains a city with a population of more than 1.18 million located primarily in a county with a population of 2 million or more shall be held on the first Saturday in April of each even-numbered year. When a runoff election is necessary, the board may order the election for a date to coincide with the date of the runoff election for city officials, if the city is holding a runoff election; otherwise, the board shall set the date of the runoff election for not later than three weeks following the regular election.

(j) Notwithstanding the election dates prescribed by this section, an election held under this section shall be held on a uniform election date as provided by law.

Sec. 130.0821. Governing Board of Certain Countywide Community College Districts.

(a) The members of the governing board of a countywide community college district that contains a city with a population of more than 384,500 residents shall be elected from single-member trustee districts.

(b) The board of trustees shall divide the district into the appropriate number of compact trustee districts which contain as nearly as practicable an equal number of inhabitants according to the last preceding federal census. Residents of each trustee district shall be entitled to elect one member of the board, and each candidate seeking to represent a trustee district must reside in the trustee district he seeks to represent. Trustees shall, during their term of office, reside within the trustee district from which they were elected.

(c) Members of the board of trustees of the district shall serve for staggered terms of six years with the terms of one-third of the members, as nearly as may be, expiring in each even-numbered year.

(d) [Repealed by Acts 1991, 72nd Leg., ch. 365 (H.B. 272), § 2, effective September 1, 1991.]

(e) Not later than the 90th day after the earliest date on which the board of trustees may recognize and act on the publication of the federal decennial census under Section 2058.001, Government Code, the board of trustees shall redivide the district into the appropriate number of trustee districts if the census data indicates that the population of the most populous trustee district exceeds the population of the least populous district by more than 10 percent. Within 90 days following the effective date of an order or resolution of the board of trustees to increase the number of board members, the board of trustees shall redivide the district into the appropriate number of trustee districts as increased. At the next district election following the redistricting of the district under this subsection, each trustee district shall elect a member of the board unless the board of trustees determines that trustees shall be elected from the new trustee districts as provided by Section 130.0826, and the members elected shall draw lots for the appropriate number of two-year, four-year, and six-year terms as needed to establish staggered terms as required by Subsection (c).

(f) Any election held pursuant to the terms of this section shall be conducted in accordance with the provisions of Subsection (i), Section 130.082 of this code.

(g) Trustees elected under the provisions of this section take office on the first Tuesday in May.

(h) A district described by Subsection (a) of this section that has previously adopted or been required to implement single-member district representation in connection with a judicial proceeding may continue to operate under that plan.

(Enacted by Acts 1977, 65th Leg., ch. 743 (S.B. 353), § 1, effective August 29, 1977; am. Acts 1991, 72nd Leg., ch. 365 (H.B. 272), §§ 1, 2, effective September 1, 1991; am. Acts 2001, 77th Leg., ch. 89 (H.B. 1754), § 1, effective May 11, 2001; am. Acts 2001, 77th Leg., ch. 1324 (H.B. 2459), § 2, effective June 16, 2001.)

Sec. 130.0822. Election from Single-Member Trustee Districts.

(a) The board of trustees of a junior college district may order that all or a majority of the trustees of the district be elected from single-member trustee districts.

(b) An order of the board adopted under Subsection (a) of this section must be entered not later than the 120th day before the day of the first election of trustees from single-member trustee districts.

(c) The appointment and election of trustees of the junior college district are subject to Section 130.082 of this code, except as otherwise provided by this section.

(d) If the board orders that trustees shall be elected from single-member trustee districts, the board shall divide the junior college district into the appropriate number of trustee districts, based on the number of members of the board that are to be elected from single-member districts, and shall number each trustee district.

(e) The trustee districts must be compact and contiguous, and must be as nearly as practicable of equal population according to the last preceding federal census.

(f) Trustee districts must be drawn not later than the 90th day before the day of the first election of trustees from single-member districts.

(g) The board may provide for trustees holding office on the date of the initial election of trustees from single-member districts to serve the remainder of their terms and to represent a trustee district for that term without having residency in that trustee district.

(h) Except in the case of residents of a trustee district who are represented by a trustee serving in accordance with Subsection (g) of this section, residents of each trustee district are entitled to elect one trustee to the board. A candidate for trustee must be a resident of the trustee district the candidate seeks to represent. A trustee other than a trustee serving in accordance with Subsection (g) of this section vacates the office if he or she ceases to reside in the trustee district he or she represents.

(i) Any vacancy on the board shall be filled by appointment made by the remaining members of the board. The appointed person serves for the unexpired term.

(j) After each redistricting, all positions on the board shall be filled unless the board of trustees determines that trustees shall be elected from the new trustee districts as provided by Section 130.0826. The trustees then elected shall draw lots for staggered terms as provided by Section 130.082.

(k) Not later than the 90th day before the day of the first regular junior college district trustee election at which trustees may officially recognize and act on the last preceding federal census, the board shall redivide the district into the appropriate number of trustee districts if the census data indicates that the population of the most populous district exceeds the population of the least populous district by more than 10 percent. Redivision of the district

shall be in the manner provided for the initial division of the district.

(*l*) This section does not apply to a junior college district to which Section 130.081, 130.083, 130.0821, or 130.088 of this code applies, or to a junior college district required by other law to elect trustees from single-member districts. This section does not apply to the election of trustees in any district in which the election of trustees is governed by a court order so long as that order remains in effect. This section does apply to an independent school district junior college district governed by a separate board of trustees.

(Enacted by Acts 1989, 71st Leg., ch. 1029 (H.B. 59), § 1, effective September 1, 1989; am. Acts 2001, 77th Leg., ch. 89 (H.B. 1754), § 2, effective May 11, 2001.)

Sec. 130.0823. Election by Position in Certain Districts.

(a) This section applies to a junior college that elects a governing board of seven members, with four members elected from respective commissioner precincts and three members elected at large.

(b) The governing board of the junior college may order that the board members elected at large be elected instead by position. The order must be entered not later than the 120th day before the first election of a trustee by position.

(c) The board may provide for trustees holding office on the date of the initial election of trustees by position to serve the remainder of their terms and to represent a position for that term.

(Enacted by Acts 1999, 76th Leg., ch. 1070 (H.B. 3263), § 1, effective August 30, 1999.)

Sec. 130.0824. Governing Board of Texarkana College District.

(a) Notwithstanding any other provision of this subchapter, the governing board of the Texarkana College District may by resolution or order of the board decrease the number of board members from nine to seven, with four members elected from respective commissioner precincts and three members elected at large.

(b) A resolution or order of the governing board under this section must establish transition terms of office to conform to elections held in even-numbered years and staggered six-year terms, with the initial board terms of three members expiring in 2014, of two members expiring in 2016, and of two members expiring in 2018.

(Enacted by Acts 2013, 83rd Leg., ch. 825 (S.B. 1855), § 1, effective September 1, 2013.)

Sec. 130.0825. Write-In Voting in Election for Members of Governing Body.

(a) In a general or special election for members of the governing body of a junior college district, a write-in vote may not be counted for a person unless the person has filed a declaration of write-in candidacy with the secretary of the board of trustees in the manner provided for write-in candidates in the general election for state and county officers.

(b) A declaration of write-in candidacy must be filed not later than the deadline prescribed by Section 146.054, Election Code, for a write-in candidate in a city election.

(c) Subchapter B, Chapter 146, Election Code, applies to write-in voting in an election for members of the governing body except to the extent of a conflict with this section.

(d) The secretary of state shall adopt rules necessary to implement this section.

(e) [Repealed by Acts 2011, 82nd Leg., ch. 1318 (S.B. 100), § 51(2), effective September 1, 2011.]

(Enacted by Acts 1997, 75th Leg., ch. 1343 (H.B. 51), § 1, effective June 20, 1997; am. Acts 1999, 76th Leg., ch. 666 (H.B. 442), § 1, effective September 1, 1999; am. Acts 2011, 82nd Leg., ch. 1318 (S.B. 100), §§ 45, 51(2), effective September 1, 2011.)

STATUTORY NOTES

Applicability. — Acts 2011, 82nd Leg., ch. 1318 (S.B. 100), § 53 provides: "The changes in law made by this Act do not apply to an election held on November 8, 2011."

Sec. 130.0826. Option to Continue in Office Following Redistricting.

(a) The board of trustees of any junior college district that elects some or all of its members from single-member districts and in which the trustees serve staggered terms may provide for the trustees in office at the first election after the junior college district is redistricted to serve for the remainder of their terms in accordance with this section.

(b) If the board of trustees provides for the trustees in office to serve for the remainder of their terms in accordance with this section, the trustee districts established by the redistricting plan shall be filled as the staggered terms of trustees in office expire. When the board of trustees adopts a redistricting plan, the board shall determine from which new trustee district the position of each trustee in office will be filled as it becomes vacant.

(c) This section does not authorize a trustee of a junior college district to continue in office after a

redistricting plan takes effect if the member no longer resides in the district from which the trustee was elected.
(Enacted by Acts 2001, 77th Leg., ch. 89 (H.B. 1754), § 3, effective May 11, 2001.)

Sec. 130.083. Governing Board in Enlarged Junior College District.

(a) From and after May 22, 1969, those junior college districts which were on May 22, 1969, operating under Chapter 15, Acts of the 58th Legislature, 1963 (Article 2815o-1b, Vernon's Texas Civil Statutes), and to which one, or more, school districts has been annexed for junior college purposes only, may, by a majority vote of the board of regents of the junior college district, choose to operate and be governed by a board of regents.

(b) Each school district which has been annexed to the junior college district for junior colleges purposes only shall be represented by at least one member of the board of regents. If the assessed tax rolls exceed $67,500,000, the school district shall be represented by one member of the board of regents for each $67,500,000 of assessed value, or a major fraction thereof, on the junior college tax roll, located within the school district. The original junior college district shall be represented on the board of regents by a number of regents arrived at according to the same formula.

(c) The total number of members of the board of regents of the junior college district shall never exceed 14. When the valuation of the enlarged district increases to the point that the number of regents exceeds 14 under the formula described in Subsection (b) of this section then the board of regents of the junior college district shall set a formula, based on proportional tax values, of representation, which will produce a total of 14 members of the board of regents.

(d) The terms of office of the regents authorized by this act shall be six years. Those regents serving as regents on May 22, 1969, shall continue in office for the remainder of their respective terms and then until such time as their successors shall have been elected and qualified, and thereafter in each even-numbered year three regents shall be elected from the area originally forming the junior college district to succeed those regents whose terms are expiring, but if the number of regents becomes more or less than nine, the formula set out in Subsection (e) of this section shall be followed. All new regents added to the board of regents under the provisions of this section shall be appointed by the board of regents which orders the enlargement of the membership of such board, and shall serve until election specified in Subsection (e) of this section. All vacancies on the board of regents shall be filled at once for the unexpired term only by appointments made by the remaining members of such board.

(e) Where additional regent positions are provided under the terms of this section, the board of regents at the time of such authorization shall designate by resolution duly recorded in the minutes of such board the term to be served by each such additional regent, provided that the first regent authorized and appointed shall serve only until the next regular regent election, the second such regent shall serve until the regent election two years after the next regular regent election, and the third regent shall serve until the regent election four years after the next regular regent election, with additional regents which may be authorized to follow the same rotation of terms until all terms of additional regents provided under the terms of this section have been fixed to expire at the next regular regent election, or at the regent election two years after the next regular regent election, or at the regent election four years after the next regular election. Additional regents appointed to such terms and until such times as their successors shall have been elected and qualified, and thereafter the terms of such regents shall be for six years.

(f) Regent elections in all parts of the districts affected by the provisions of this section shall be held at the times and in the manner now provided for public junior colleges by general law. The qualified voters residing in the school district represented shall be entitled to vote in such elections. Each regent to be elected shall be a resident of the school district he is to represent and each regent to represent the original college district shall be a resident of the original college district.

(g) The provisions of this section shall be cumulative of existing laws governing elections of regents in public junior college districts.
(Enacted by Acts 1971, 62nd Leg., ch. 1024 (H.B. 1657), art. 1, § 1, effective September 1, 1971.)

Sec. 130.084. Powers and Duties.

(a) The governing board of a junior college district shall be governed in the establishment, management, and control of a public junior college in the district by the general law governing the establishment, management, and control of independent school districts insofar as the general law is applicable.

(b) The governing board of a junior college district may set and collect with respect to a public junior college in the district any amount of tuition, rentals, rates, charges, or fees the board considers necessary for the efficient operation of the college, except that a tuition rate set under this subsection must satisfy

the requirements of Section 54.051(n). The governing board may set a different tuition rate for each program, course, or course level offered by the college, including a program, course, or course level to which a provision of Section 54.051 applies, as the governing board considers appropriate to reflect course costs or to promote efficiency or another rational purpose.

(Enacted by Acts 1969, 61st Leg., ch. 889 (H.B. 534), § 1, effective September 1, 1969; am. Acts 1971, 62nd Leg., ch. 1024 (H.B. 1657), art. 1, § 1, effective September 1, 1971 (renumbered from 51.073); am. Acts 2005, 79th Leg., ch. 805 (S.B. 532), § 2, effective June 17, 2005.)

Sec. 130.0845. Removal of Trustee for Nonattendance of Board Meetings.

(a) It is a ground for removal of a member of the board of trustees of a junior college district that the member is absent from more than half of the regularly scheduled board meetings that the member is eligible to attend during a calendar year, not counting an absence for which the member is excused by a majority vote of the board.

(b) The validity of an action of the board of trustees is not affected by the fact that the action is taken when a ground for removal of a member of the board exists.

(c) A member of a board of trustees may be removed for a ground provided by this section, using the procedures provided by Subchapter B, Chapter 87, Local Government Code, for removing a county official.

(Enacted by Acts 2005, 79th Leg., ch. 673 (S.B. 114), § 1, effective September 1, 2005.)

Sec. 130.085. Tuition Exemption.

(a) The board of trustees of any public junior college may exempt from payment of tuition all students who are residents of the junior college district and who are enrolled for 12 or more semester credit hours, provided that this action will allow the college to participate in and benefit from funds available as provided by Sections 1-7, Title I, 64 Stat. 1100, as amended, 20 U.S.C. Secs. 236-241-1.

(b) This action by the board of trustees does not affect their authority under Section 130.123 of this code, nor does this section in any way supersede that section. This action of the board does not affect the right of the college to a proportionate share of state appropriations under Section 130.003 of this code.

(Enacted by Acts 1971, 62nd Leg., ch. 1024 (H.B. 1657), art. 2, § 31, effective September 1, 1971.)

Sec. 130.0851. Tuition Exemption for District Employees.

The governing board of a junior college district may exempt a district employee who enrolls in courses offered by the district from the payment of all or part of the tuition or fees charged to a student at a junior college by the district.

(Enacted by Acts 2009, 81st Leg., ch. 382 (H.B. 1568), § 1, effective June 19, 2009.)

Sec. 130.086. Branch Campuses.

(a) The board of trustees of a junior college district may establish and operate branch campuses, centers, or extension facilities within the junior college district's service area, provided that each branch campus, center, or extension facility and each course or program offered in such locations is subject to the prior and continuing approval of the Texas Higher Education Coordinating Board.

(b) Such branch campuses, centers, or extension facilities shall be within the role and scope of the junior college as determined by the Coordinating Board, Texas College and University System.

(c) The board of trustees of a junior college district may accept or acquire by purchase or rent land and facilities in the name of the junior college district within the junior college district's service area.

(d) Before any course may be offered by a public junior college within the service area of another operating public junior college, it must be established that the second public junior college is not capable of or is unable to offer the course. After the need is established and the course is not locally available, then the first public junior college may offer the course when approval is granted by the Texas Higher Education Coordinating Board.

(e) The board of trustees of a junior college district may enter cooperative agreement with independent, common, or county school districts, state or federal agencies as may be required to perform the services as outlined in this section.

(f) Notwithstanding Subchapter J, the service area of a junior college district does not include territory within the boundaries of the taxing district of another junior college district. If a branch campus, center, or extension facility operated by a junior college district outside its taxing district becomes located within the taxing district of another junior college district when the other district is established or annexes the territory that includes the campus, center, or facility, the junior college district operating the campus, center, or facility must discontinue

the campus, center, or facility within a reasonable period, not to exceed one academic year. The junior college district in which the campus, center, or facility is located must fairly compensate the junior college district that discontinues the campus, center, or facility for any capital improvements that the discontinuing district acquired or constructed for the campus, center, or facility, to the extent the discontinuing district is otherwise unable to recover the current value of its investment in that capital improvement, as determined by the Texas Higher Education Coordinating Board.

(g) Subsections (a) and (c) do not apply to a branch campus, center, or extension facility that is established before September 1, 1999.

(h) This section does not affect the authority of the Texas Higher Education Coordinating Board regarding the continued operation of a branch campus, center, or extension facility.

(Enacted by Acts 1971, 62nd Leg., ch. 1024 (H.B. 1657), art. 2, § 25, effective September 1, 1971; am. Acts 1975, 64th Leg., ch. 673 (S.B. 365), § 2, effective June 20, 1975; am. A bond issued before the effective date of this Act is governed by the law in effect at the time the bond was issued, and the former law is continued in effect for that purpose."

Sec. 130.087. Branch Campus Maintenance Tax.

(a) The governing body of a school district or a county may levy a junior college district branch campus maintenance tax as provided by this section at a rate not to exceed five cents on each $100 valuation of all taxable property in its jurisdiction.

(b) On presentation of a petition for an election to authorize a junior college district branch campus maintenance tax signed by not fewer than five percent of the qualified voters of the jurisdiction in which the proposed tax is to be levied, the governing body of the school district or county, as applicable, shall determine the legality and the genuineness of the petition and, if it is determined to be legal and genuine, forward the petition to the Texas Higher Education Coordinating Board. The governing body of a county with a population of 150,000 or less, on completion of a needs assessment analysis showing adequate need and on approval by the coordinating board, on its own motion and without the presentation of a petition, may propose an election to authorize a branch campus maintenance tax.

(c) The coordinating board shall determine whether the requirements provided by Subsections (a) and (b) of this section have been satisfied and whether the proposed tax is feasible and desirable under the board's rules for junior colleges. In making its decision on the feasibility and desirability of the tax, the coordinating board shall consider the needs of the junior college, the needs of the community or communities served by the branch campus, and the welfare of the state as a whole. The commissioner of higher education shall deliver to the governing body of the school district or county, as applicable, the order of the coordinating board authorizing or denying further action in the levying of a junior college district branch campus maintenance tax.

(d) If the coordinating board approves the establishment of the junior college district branch campus maintenance tax, the governing body of the school district or county, as applicable, shall enter an order for an election to be held in the territory under its jurisdiction not less than 20 days nor more than 60 days after the date on which the order is entered to determine whether the junior college district branch campus maintenance tax may be levied. In the case of joint school district or joint county elections, by mutual agreement of the governing bodies, the elections shall be held on the same date throughout the jurisdictions.

(e) The president of the board of trustees of the school district or the county judge, as applicable, shall give notice of the election in the manner provided by law for notice by the county judge of general elections.

(f) The governing body of the school district or county, as applicable, shall procure the election supplies necessary to conduct the election and shall determine the quantity of the various types of supplies to be provided for use at each precinct polling place and early voting polling place.

(g) Any qualified voter residing within the boundaries of the jurisdiction in which the tax may be levied is entitled to vote at the election.

(h) The ballot shall be printed to provide for voting for or against the proposition: "The levy of a junior college district branch campus maintenance tax in an amount not to exceed (insert a number not higher than five) cents on each $100 valuation of all taxable property in _____ ." (insert name of school district or name of county, as applicable).

(i) To be adopted, the measure must receive a favorable vote of a majority of those voting on the measure.

(j) Not later than the 10th day after the date of the election, the governing body shall canvass the returns of the election and shall enter an order declaring the result of the election.

(k) The proceeds of the junior college district branch campus maintenance tax may be used only as follows:

(1) to operate and maintain a junior college district branch campus and support its programs and services in the area of the political subdivision that levied the tax; and

(2) under an agreement by the applicable junior college district and the political subdivision levying the tax, to make lease payments to the political subdivision for facilities used exclusively by the branch campus that are owned by the political subdivision.

(*l*) The governing body of the school district or county approving the junior college district branch campus maintenance tax shall set the tax levy.

(m) The junior college district shall maintain and furnish any records and reports required by the Coordinating Board, Texas College and University System. The reports shall be made available routinely to the governing body of the jurisdiction in which the tax is levied, and to members of the general public on request.

(n) This section does not affect the authority of any jurisdiction levying a junior college district branch campus maintenance tax to create a junior college district in the jurisdiction.

STATUTORY NOTES

Applicability. — Acts 2013, 83rd Leg., ch. 357 (H.B. 2474), § 3(b) provides: "The change in law made by this Act in amending Section 130.087, Education Code, applies to the proceeds of a junior college district branch campus maintenance tax levied under Section 130.087, Education Code, without regard to whether imposition of the tax was approved by the voters or the proceeds were derived from taxes imposed before, on, or after the effective date of this Act [June 14, 2013]."

Sec. 130.088. Board of Trustees of Certain Junior College Districts.

(a) If an independent school district board that has control and management of a junior college district that contains all or part of a city with a population of more than 1,500,000 divests itself of control and management under Section 130.016 or 130.017 of this code, the appointment and election of trustees of the junior college district are subject to Sections 130.018 and 130.082 of this code, except as otherwise provided by this section.

(b) The board of trustees consists of nine members elected from trustee districts.

(c) If the board of trustees of the independent school district that divests itself of management and control of the junior college district is elected from nine single-member districts, the trustees appointed for the junior college district shall have the same initial single-member district boundaries. For the initial board members of the junior college district appointed by the independent school district board of trustees, three members shall serve terms of two years, three members shall serve terms of four years, and three members shall serve terms of six years. The trustees shall draw lots to determine the length of their terms. The terms of the initial board members shall expire on the last day of December of the odd-numbered year that does not exceed their terms.

(d) Each trustee district must be compact and contiguous and of a population to the extent practicable equal to other trustee districts.

(e) The general election for trustees shall be held every two years on the first Tuesday after the first Monday in November of the odd-numbered year or on the uniform election date chosen by the prior board under prior law.

(f) The board of trustees of the independent school district shall designate a number for each trustee district. At each election candidates are voted on and elected separately for each trustee district, and a candidate's name is placed on the official ballot according to the number of the district for which the candidate is running.

(g) The voters of each trustee district elect one trustee.

(h) If a trustee changes residence to a location outside the district from which the trustee is elected, the trustee vacates the office. Except as provided by Subsection (i) of this section, a district boundary change that results in the trustee who represents the district no longer being a resident of the district does not affect the trustee's term. That trustee serves for the remainder of the term to which elected. If the trustee changes residence to a location that is neither in the district as it existed on the date the trustee was elected to the current term nor in the new district, the trustee's seat on the board is vacated.

(i) If a change in district boundaries occurs as a result of redistricting and places the residence of a trustee whose office is not next up for election outside the numbered district for which the trustee was elected and the trustee fails to move his residence within the new boundaries of that numbered district before the 75th day preceding the date of the first election for which the boundary changes are effective, the office is vacated and shall be filled at that election.

(j) If new territory is added to the district, the board shall temporarily assign the territory to one or more trustee districts as appropriate. Not later than the 180th day after the publication of a federal census, the board shall revise district boundaries to take account of district population changes.

(k) To be entitled to a place on the ballot, a candidate for trustee must file an application for a place on the ballot with the board secretary not later than 5 p.m. of the 45th day before election day. An application may not be filed earlier than the 30th day before the date of the filing deadline.

(*l*) To be elected, a trustee candidate must receive a majority of the total number of votes received by all the candidates for the position. If no candidate receives the vote required for election to a position, the board shall order a runoff election to be held in accordance with the applicable provisions of the Election Code.

(m) Trustees serve for six-year staggered terms. The terms of three members expire on the last day of December of each odd-numbered year.

(n) The board shall fill by appointment a board vacancy. The remaining members of the board, not later than the 30th day after the date on which the vacancy occurs, shall select a suitable person who resides in the applicable district to fill the board vacancy until the next regular trustee election. If the board for any reason fails or refuses to appoint a person to fill the board vacancy, the board shall order an election for the purpose of filling the vacancy for the remainder of the unexpired term. The election shall be held on the next uniform election date provided by the Election Code as long as that date does not occur before the 90th day after the date on which the vacancy occurs.

(Enacted by Acts 1987, 70th Leg., ch. 556 (S.B. 726), § 1, effective September 1, 1987.)

Sec. 130.089. Prohibited Employment of or Contracting with Former Trustee.

A public junior college may not employ or contract with an individual who was a member of the board of trustees of the junior college before the first anniversary of the date the individual ceased to be a member of the board of trustees.

(Enacted by Acts 1993, 73rd Leg., ch. 56 (S.B. 591), § 1, effective September 1, 1993.)

Sec. 130.090. Remedial Programs for Secondary School Students.

(a) The governing board of a junior college district may contract with the governing board of an independent school district in the junior college district's service area for the junior college to provide remedial programs for students enrolled in secondary schools in the independent school district in preparation for graduation from secondary school and entrance into college.

(b) The governing board of a junior college district may exempt from tuition a student enrolled in a remedial program provided under Subsection (a).

(c) The grant of an exemption from tuition under Subsection (b) does not affect the right of a junior college to a proportionate share of state appropriations under Section 130.003 attributable to the contact hours of the junior college with the student receiving the exemption.

(d) For instances when state funding is provided to both a school district and a public junior college for a student enrolled in courses offered by a junior college under Subsection (a), the commissioner of education and the commissioner of higher education shall jointly develop a mechanism to identify and eliminate duplication of state funding.

(Enacted by Acts 1995, 74th Leg., ch. 196 (H.B. 1337), § 1, effective May 23, 1995.)

Said refunding bonds, and the interest coupons appurtenant thereto, shall be negotiable instruments and they may be made redeemable prior to maturity, and may be issued in such form, denomination, and manner, and under such terms, conditions, and details, and shall be signed and executed, as provided by the board in the resolution or order authorizing the issuance of said refunding bonds. The refunding bonds shall be issued and delivered in lieu of, and upon surrender to the Comptroller of Public Accounts of the State of Texas and cancellation of, the obligations being refunded thereby, and the comptroller of public accounts shall register the refunding bonds and deliver the same in accordance with the provisions of the resolution or order authorizing the refunding bonds. Such refunding may be accomplished in one or in several installment deliveries. Said refunding bonds also may be issued and delivered in accordance with the provisions of and procedures authorized by any other applicable law.

(d) All bonds issued pursuant to this section, and the appropriate proceedings authorizing their issuance, shall be submitted to the attorney general of the State of Texas for examination. If he finds that such bonds have been authorized in accordance with law he shall approve them, and thereupon they shall be registered by the Comptroller of Public Accounts of the State of Texas; and after such approval and registration such bonds shall be incontestable in any court, or other forum, for any reason, and shall be valid and binding obligations in accordance with their terms for all purposes.

(e) All bonds issued pursuant to this section shall be legal and authorized investments for all banks, trust companies, building and loan associations, savings and loan associations, small business investment corporations, insurance companies of all kinds and types, fiduciaries, trustees, and guardians, and for all interest and sinking funds and other public funds of the State of Texas and all agencies, subdivisions, and instrumentalities thereof, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic. (f) Each junior college district, and each regional college district (with reference to the operation and maintenance of its junior college division) heretofore or hereafter created pursuant to the laws of this state, is hereby declared to be, and constituted as, a school district within the meaning of Article VII, Section 3, of the Texas Constitution.

Sec. 130.123. Revenue Bonds.

(a) The governing board (hereinafter called the "board") of each junior college district and each regional college district shall be authorized and have the power to acquire, purchase, construct, improve, enlarge, equip, operate, and/or maintain any property, buildings, structures, activities, operations, or facilities, of any nature, for and on behalf of its institution or institutions.

(b) For the purpose of carrying out any one or more of the aforesaid powers each board shall be authorized to issue its revenue bonds to be payable from and secured by liens on and pledges of all or any part of any of the revenues from any rentals, rates, charges, fees, or other resources of such board, in the manner hereinafter provided. Said bonds may be issued to mature serially or otherwise not more than 50 years from their date. In the authorization of any such bonds, each board may provide for the subsequent issuance of additional parity bonds, or subordinate lien bonds, or other types of bonds, under such terms or conditions as may be set forth in the resolution or order authorizing the issuance of said bonds, all within the discretion of the board. Said bonds, and any interest coupons appertaining thereto, shall be negotiable instruments (provided that such bonds may be issued registrable as to principal alone or as to both principal and interest), and shall be executed, and may be made redeemable prior to maturity, and may be issued in such form, denominations, and manner, and under such terms, conditions, and details, and may be sold in such manner, at such price, and under such terms, and said bonds shall bear interest at such rate or rates, as shall be determined and provided by the board in the resolution or order, authorizing the issuance of said bonds. If so permitted in the bond resolution, and required part of the proceeds from the sale of the bonds may be used for paying interest thereon during the period of the construction of any facilities to be provided through the issuance of said bonds, and for the payment of operation and maintenance expenses of said facilities to the extent, and for the period of time, specified in said bond resolution, and also for the creation of reserves for the payment of the principal of and interest on the bonds; and such moneys be invested, until needed, to the extent, and in the manner provided, in said bond resolution or order.

(c) Each board shall be authorized to fix and collect rentals, rates, charges, and/or fees, including student union fees, from students and others for the occupancy, use and/or availability of all or any of its property, buildings, structures, activities, operations, or facilities, of any nature, in such amounts and in such manner as may be determined by such board.

(d) Each board shall be authorized to pledge all or any part of any of its revenues from any of the aforesaid rentals, rates, charges, and/or fees to the payment of any bonds issued hereunder, including the payment of principal, interest, and any other amounts required or permitted in connection with said bonds. When any of the revenues from any such rentals, rates, charges, and/or fees are pledged to the payment of bonds, they shall be fixed and collected in such amounts as will be at least sufficient, together with any other pledged resources, to provide for all payments of principal, interest, and any other amounts required in connection with said bonds, and, to the extent required by the resolution or order authorizing the issuance of said bonds, to provide for the payment of operation, maintenance, and other expenses. Each board shall be authorized to estab-

lish and enforce such parietal rules for students and others, and to enter into such agreements regarding occupancy, use, and availability, and the amounts and collection of pledged revenues, fees, or other resources as will assure making all said required payments. Fees for the use or availability of all or any property, buildings, structures, activities, operations, or facilities, of any nature, may be pledged to the payment of said bonds, and shall be fixed and collected from all or any designated part of the students enrolled in the institution or institutions, in such amounts and in such manner as shall be determined and provided by the board in the resolution or order authorizing the issuance of the bonds, and said fees may be collected in the full amounts required or permitted herein, without regard to actual use or availability, commencing at any time designated by the board. Said fees may be fixed and collected for the use or availability of any specifically described property, buildings, structures, activities, operations, or facilities, of any nature; or said fees may be fixed and collected as general fees for the general use or availability of the institution or institutions. Such specific and/or general fees may be fixed and collected and pledged to the payment of any issue or series of bonds issued hereunder, in the full amounts required or permitted herein, in addition to, and regardless of the existence of, any other specific or general fees at the institution or institutions; provided that each board may restrict its power to pledge such additional specific or general fees in any manner that may be provided in the resolution or order authorizing the issuance of any bonds issued hereunder, and provided that no such additional specific fees shall be pledged if prohibited by any resolution or order which authorized the issuance of any then outstanding bonds issued pursuant to any Texas statute.

(e) In addition to the revenues, fees, and other resources authorized to be pledged to the payment of bonds issued hereunder, each board further shall be authorized to pledge irrevocably to such payment, out of the tuition charges required or permitted by law to be imposed at its institution or institutions, an amount not exceeding 25 percent of the tuition charges collected from each enrolled student for each semester or term, and each board also shall be authorized to pledge to such payment all or any part of any grant, donation, or income received or to be received from the United States government or any other public or private source, whether pursuant to an agreement or otherwise.

(f) Any revenue bonds issued by any such board under this act, and any revenue bonds or notes issued by any such board under any other Texas statute and payable from tuition fees and charges and/or any part of the use fees from or revenues of any property, buildings, structures, activities, operations, or facilities at the institution or institutions, may be refunded or otherwise refinanced by such governing board, and in such case all pertinent and appropriate provisions of this section shall be fully applicable to such refunding bonds. In refunding or otherwise refinancing any such bonds or notes the governing board may, in the same authorizing proceedings, refund or refinance bonds issued pursuant to this section and bonds or notes issued pursuant to any other such Texas statute and combine all said refunding bonds and any other additional new bonds to be issued pursuant to this section into one or more issues or series of bonds, and may provide for the subsequent issuance of additional parity bonds, or subordinate lien bonds, or other type of bonds. All refunding bonds shall be issued and delivered under such terms and conditions as may be set forth in the authorizing proceedings.

(g) All bonds permitted to be issued under this section, and the appropriate proceedings authorizing their issuance, shall be submitted to the Attorney General of the State of Texas for examination. If he finds that such bonds have been authorized in accordance with law he shall approve them, and thereupon they shall be registered by the Comptroller of Public Accounts of the State of Texas; and after such approval and registration such bonds shall be incontestable in any court, or other forum, for any reason, and shall be valid and binding obligations in accordance with their terms for all purposes.

(h) All bonds issued under this section shall be legal and authorized investments for all banks, trust companies, building and loan associations, savings and loan associations, small business investment corporations, insurance companies of all kinds and types, fiduciaries, trustees, and guardians, and for all interest and sinking funds and other public funds of the State of Texas and all agencies, subdivisions, and instrumentalities thereof, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic. Said bonds also shall be eligible and lawful security for all deposits of public funds of the State of Texas and all agencies, subdivisions, and instrumentalities thereof, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic, to the extent of the market value of said bonds, when accompanied by any unmatured interest coupons appurtenant thereto.

(i) All revenue bonds heretofore approved by the Attorney General of the State of Texas and registered by the Comptroller of Public Accounts of the State of Texas which were issued, sold, and delivered

by any board, and which are payable from or secured by a pledge of any revenues, use fees, tuition, or other resources of such board, are hereby validated in all respects, together with all proceedings authorizing the issuance thereof, and said bonds and proceedings shall be valid as though they had been duly and legally issued and authorized originally. Sec. 130.124. Use of Student Fees in Construction.

(a) A junior college district facility constructed with student fees may be used only for junior college purposes.

(b) Student fees may not be used for construction, repair, or rehabilitation of a community center or junior college district auxiliary enterprise unless the enterprise serves as a student center or dormitory. (Enacted by Acts 1983, 68th Leg., ch. 319 (H.B. 101), § 2, effective June 16, 1983.)

Sec. 130.125. Revenue Obligations.

(a) As used in this section:

(1) "Credit agreement" means a loan agreement, revolving credit agreement, agreement establishing a line of credit, letter of credit, reimbursement agreement, insurance contract, commitment to purchase obligations, purchase or sale agreement, or commitment or other contract or agreement authorized and approved by the governing body of the issuer in connection with the authorization, issuance, security, exchange, payment, purchase, or redemption of obligations or interest thereon.

(2) "Eligible project" means any project or purpose for which an issuer is authorized to issue revenue bonds pursuant to Section 130.123 of this code or any other provision of law.

(3) "Governing body" means the governing board of an issuer.

(4) "Issuer" means a junior college district or a regional college district.

(5) "Obligations" means notes, warrants, or other special obligations authorized to be issued by an issuer under the provisions of this section and all "public securities" as defined by Section 1201.002, Government Code, which prior to the delivery thereof, have been rated by a nationally recognized rating agency for municipal securities in either one of the three highest ranking categories for short-term obligations or one of the four highest ranking categories for long-term obligations. It is provided, however, that the term "obligations" does not mean or include any obligations payable from ad valorem taxes.

(6) "Project costs" means all costs and expenses incurred in relation to an eligible project, including without limitation design, planning, engineering, and legal costs, acquisition costs of land, interest in land, rights-of-way, and easements, construction costs, costs of machinery, equipment, and other capital assets incident and related to the operation, maintenance, and administration of an eligible project, and financing costs, including interest during construction and thereafter, underwriter's discount and fees for legal, financial, and other professional services. Project costs attributable to an eligible project and incurred prior to the issuance of any obligations issued to finance an eligible project may be reimbursed from the proceeds of sale of obligations.

(b) The governing body of an issuer is hereby authorized and empowered to issue, sell, and deliver obligations and execute credit agreements in order to finance project costs of an eligible project or to refund obligations issued in connection with an eligible project, subject to the limitations contained herein. Obligations shall be secured solely by: (1) the proceeds of sale of other obligations; (2) any revenues which the issuer is authorized by any statute or constitutional provision to pledge to the payment of any obligations; or (3) any one or more of such sources, including credit agreements, all as the governing body of the issuer shall provide in the resolution or order authorizing the issuance of the obligations. Obligations shall be repaid from the source or sources securing the payment thereof, funds received from a credit agreement, or from any other revenues otherwise legally available for the payment thereof, except funds derived from ad valorem taxation.

(c) The issuance of obligations shall be authorized by resolution or order of the governing body of an issuer, which resolution or order shall fix the maximum amount of obligations to be issued or, if applicable, the maximum principal amount which may be outstanding at any time, the maximum term obligations issued and delivered pursuant to such authorization shall be outstanding, the maximum interest rate to be borne by the obligations (within the limitations of Chapter 1204, Government Code), the manner of sale (which may be by either public or private sale), price, form, terms, conditions, and covenants thereof. The resolution or order authorizing the issuance of obligations may provide for the

designation of a paying agent and registrar for the obligations and may authorize one or more designated officers or employers of the issuer to act on behalf of the issuer from time to time in the selling and delivering of obligations authorized and fixing the dates, price, interest rates, interest payment periods, and other procedures as may be specified in the resolution or order. Obligations may be issued in such form or such denomination, payable at such time or times, in such amount or amounts or installments, at such place or places, in such form, under such terms, conditions, and details, in such manner, redeemable prior to maturity at any time or times, bearing no interest, or bearing interest at any rate or rates (either fixed, variable, floating, adjustable, or otherwise, all as determined in accordance with the resolution or order providing for the issuance of the obligations, which resolution or order may provide a formula, index, contract, or any other arrangement for the periodic determination of interest rates), not to exceed the maximum net effective interest rate allowed by law and may be signed or otherwise executed in such manner, with manual or facsimile signatures, and with or without a seal, all as shall be specified by the governing body of the issuer in the resolution or order authorizing the issuance of the obligations. The proceeds received from the sale of obligations may be deposited or invested in any manner and in such obligations as may be specified in the resolution or order or other proceedings authorizing the obligations. In the event any officer or officers whose signatures are on any obligations cease to be such officer or officers before the delivery thereof to the purchaser, such signature or signatures shall nevertheless be valid and sufficient for all purposes and the successor or successors in office of any such officers shall be fully authorized to complete the execution, authentication, or delivery of said obligations to the purchaser or purchasers thereof.

(d) The governing body of an issuer may enter into credit agreements in conjunction with the issuance, payment, sale, resale, or exchange of obligations to enhance the security for or provide for the payment, redemption, or remarketing of the obligations and interest on the obligations or to reduce the interest payable on the obligations. A credit agreement is an agreement for professional services and shall contain the terms and conditions and be for the period that the governing body of the issuer approves. The cost to the issuer of the credit agreement may be paid from the proceeds of the sale of the obligations to which the credit agreement relates or from any other source, including revenues of the issuer that are available for the purpose of paying the obligations and the interest on the obligations or that may otherwise be legally available to make those payments.

(e) Obligations, including accrued interest, may from time to time be refinanced, renewed, or refunded by the issuance of other obligations. Credit agreements entered into by an issuer, whether pursuant to the provisions of this section or not, may be refinanced, renewed, refunded, or otherwise terminated and a new credit agreement substituted therefor by amendment to the proceedings which authorized such credit agreements and, if required to accomplish the substitution of credit agreements, outstanding bonds may be refunded with obligations.

(f) Preliminary to the issuance and delivery of obligations, the resolution or order authorizing the issuance thereof, together with any credit agreements and any contracts providing revenues and security to pay the obligations, shall be submitted to the attorney general for his review. If the attorney general shall find that such credit agreement or agreements, if any, contracts, if any, and other authorizing proceedings conform to the requirements of the Texas Constitution and this section, the attorney general shall approve them. Thereafter, the authorized obligations may be executed and delivered, exchanged, or refinanced from time to time in accordance with the authorizing proceedings. Upon such approval by the attorney general and initial delivery of any obligations so authorized, any such credit agreements, any such contracts providing revenues or security, such initial obligations, and all other obligations thereafter issued pursuant to the authorizing proceedings shall be incontestable for any cause in any court or other forum and shall be valid and binding obligations enforceable in accordance with their respective terms and provisions.

(f-1) The governing body of an "eligible issuer" may enter into credit agreements as described in Subsection (d). As used in this subsection, "eligible issuer" means an issuer that prior to the effective date of this subsection (i) issued bonds which, prior to or simultaneously with the delivery thereof, were rated by a nationally recognized rating agency for municipal securities in one of the four highest ranking categories for long-term obligations, and (ii) reserved in the resolution or order authorizing issuance of the bonds the right, in the event of a change in state law, to substitute a credit agreement in lieu of cash and investments in a reserve fund established pursuant to the resolution or order.

(g) All obligations issued by an issuer shall constitute negotiable instruments and are investment securities governed by Chapter 8, Business & Commerce Code, notwithstanding any provisions of law or court decision to the contrary and are legal and

authorized investments for banks, savings banks, trust companies, building and loan associations, savings and loan associations, insurance companies, fiduciaries, and trustees and for the sinking funds of cities, towns, villages, school districts, and other political subdivisions or public agencies of the State of Texas. Said obligations also are eligible to secure deposits of any public funds of the state or any political subdivision or public agency of the state and are lawful and sufficient security for the deposits to the extent of their market value.

(h) This section shall be construed liberally to effectuate the legislative intent and purposes of this section and all powers herein granted shall be broadly interpreted to effectuate such intent and purposes and not as a limitation of powers.

(i) In case any one or more of the provisions, clauses, or words of this section or the application of such provisions, clauses, or words to any situation or circumstance shall for any reason be held to be invalid or unconstitutional, such invalidity or unconstitutionality shall not affect any other provisions, clauses, or words of this section or the application of such provisions, clauses, or words to any other situation or circumstance, and it is intended that this section shall be severable and shall be construed and applied as if any such invalid or unconstitutional provision, clause, or word had not been included herein.

(j) This section shall be cumulative of all other laws on the subject, but this section shall be wholly sufficient authority within itself for the issuance of obligations and the performance of the other acts and procedures authorized hereby, or under any agreement, without reference to any other laws or any restrictions or limitations contained herein. To the extent of any conflict or inconsistency between any provisions of this section and any provisions of any other law, the provisions of this section shall prevail and control; provided, however, that any issuer shall have the right to use the provisions of any other laws not in conflict with the provisions hereof to the extent convenient or necessary to carry out any power or authority, express or implied, granted by this section.

(k) When the governing body of any issuer provides in the resolution or order or other proceedings authorizing the issuance of any bond, any credit agreement, or any other agreement for a pledge or lien on revenues, income, or other resources of the issuer, or the assets of the issuer, or any fund maintained by the issuer to secure payment of the obligations or to secure payments required by a credit agreement or any other agreement, such pledge or lien shall be valid and binding in accordance with its terms without further action on the part of the issuer and without any filing or recording with respect thereto except in the records of the issuer. All such liens and pledges shall be perfected from the time of payment for and delivery of the obligations and the credit agreement or other agreement until the obligations or other payments, including those under the credit agreement, have been paid or payment of the obligations has been provided for or the terms of the credit agreement or other agreement have been satisfied in accordance with their respective terms and such lien shall be fully perfected as to items then on hand and thereafter received until the satisfaction of such obligations, and said items shall be subject to such liens or pledges without any physical delivery thereof or further act. Nothing contained in this section shall relieve any issuer of any obligation to file or record any lien on realty or submit any issue of obligations for approval by the attorney general and registration by the comptroller of public accounts.

(a) Whenever the legislature shall create within the boundary of any union junior college district a state-supported senior college of the first rank offering at least four years of college work, and whenever such union junior college district has been dissolved in the manner provided for in Sections 19.361-19.364 of this code, which said method of dissolution of such district is hereby authorized, the trustees of such union junior college district shall transfer the corporeal properties and facilities of such union junior college district to such state-supported senior college, and such trustees, after such dissolution and transfer of properties of such district, shall not further maintain a junior college and shall function only for the purpose of carrying out the provisions of this section and shall have no authority to create any additional indebtedness against such district, and when the bonded indebtedness of such district has been fully paid, such union junior college district shall cease to exist; provided that in the order calling such election and in the notice thereof, the authorities calling such election shall designate the date when such district shall be dissolved and such transfer shall be made, which date shall be within two years from the date of the election, and on or prior to said date.

(b) When any union junior college district has been dissolved and its properties transferred as provided in Subsection (a) of this section, or in any other lawful manner, having at the time of such dissolution outstanding bonds or other indebtedness enforceable either at law or in equity, then the county commissioners court, for the purpose of paying such bonds, or other indebtedness, shall have power and be authorized to annually levy and collect ad valorem taxes sufficient only to pay the interest and create a sinking fund to retire the bonded indebtedness of such district, and the expense of collecting such taxes and paying such bonded indebtedness, and for no other purpose; provided such tax shall not exceed the rate voted by such district for junior college purposes; said county commissioners court shall have power to bring and defend litigation in the name of said union junior college district.

Sec. 130.132. Abolition of Junior College Districts.

(a) The term "applicable district," as used in this section, shall mean any junior college district which has conveyed all, or substantially all, of its property and assets to a state-supported senior college or university located in such junior college district, and

which junior college district has no outstanding bonded indebtedness.

(b) All applicable districts and their governing boards are hereby abolished and shall cease to exist and function; provided, however, that all delinquent and uncollected taxes in said applicable districts shall not hereby be discharged, but shall be and remain fully due, payable and collectible. The persons formerly acting as the governing board and officers of each applicable district shall turn over all remaining property and assets of said applicable district, including all tax collections on hand, directly to the state-supported senior college or university located therein. The governing board of the independent school district in which any such state-supported senior college or university is located shall, for and on behalf of any such applicable district, cause, through its tax collector and other officers, all delinquent and uncollected taxes of any such applicable district to be collected in accordance with the general laws applicable to independent school districts. All of said taxes, as collected, shall be turned over to any such state-supported senior college or university. All taxes turned over to any such state-supported senior college or university in accordance with this section may be used by it for any lawful purpose.

(Enacted by Acts 1969, 61st Leg., ch. 889 (H.B. 534), § 1, effective September 1, 1969; am. Acts 1971, 62nd Leg., ch. 1024 (H.B. 1657), art. 1, § 1, effective September 1, 1971 (renumbered from Sec. 51.202).)

Sec. 130.133. Transfer of Properties of County Junior College Districts After Creation of Senior College.

(a) Whenever the legislature has created or shall create within the boundaries of any county junior college district a state-supported senior college offering at least four years college work upon the condition that the board of trustees of said county junior college district shall convey all of the assets, real, personal, tangible, and intangible held in its name as of the date fixed for the establishment of said senior college and containing the other provision that said properties shall be conveyed to the governing body of the senior college free and clear of any indebtedness or indebtednesses, encumbrance or encumbrances of any kind or character and of whatsoever nature, the board of trustees of said county junior college district is hereby fully authorized and empowered to convey to the governing body of the senior college all of such assets, real, personal, tangible, and intangible held by it on the date fixed for such conveyance in the act creating such senior college, except moneys on hand for the payment of outstanding obligations of the district.

(b) From and after the conveyance of the properties of said county junior college district to the governing body of said senior college, the county junior college district shall not further maintain a junior college and shall function only for the purpose of carrying out the provisions of this section.

(c) Where such county junior college district had or has outstanding tax obligations in the nature of bonds or other indebtedness, the board of trustees of said county junior college district shall continue to make the necessary tax levies annually for the purpose of paying necessary administrative expenses of the board of trustees and paying off and discharging such bonded or other indebtedness, both principal and interest, until all of the same has been fully paid off and discharged.

(d) Where said county junior college district has outstanding any bonds payable from the revenues from any building or buildings which revenue bonds constitute an encumbrance upon the income of such building or buildings, the board of trustees of the county junior college district is hereby authorized to issue bonds of said county junior college district payable from ad valorem taxes of said district and to sell such tax-supported bonds and pay off such revenue bonds or to exchange such tax-supported bonds for said revenue bonds. No such tax-supported bonds shall be issued, however, until authorized at an election held for that purpose and at which election a majority voting thereon shall have voted in favor of the issuance of said bonds.

(e) The board of trustees of the county junior college district is hereby authorized to perform all acts necessary toward the final discharge of all the indebtedness of said county junior college district and to perform all necessary administrative acts in connection therewith. Said board of trustees is specifically authorized to continue to levy and collect sufficient taxes annually within the limits prescribed by law and authorized by the required election for the purpose of discharging the principal and interest on all outstanding bonded and other indebtedness, including the repayment of any temporary loans which said board may find necessary to obtain in order to pay all current operating expenses of the junior college up to the date of the conveyance of the properties until all such obligations have been fully discharged, and such temporary loans are hereby authorized, and such temporary loans heretofore obtained are hereby ratified and validated.

(Enacted by Acts 1969, 61st Leg., ch. 889 (H.B. 534), § 1, effective September 1, 1969; am. Acts 1971,

TITLE 4
COMPACTS

CHAPTER 160
REGIONAL EDUCATION COMPACT

Section

Sec. 160.01. State Policy.

It is declared to be the policy of the State of Texas to promote the development and maintenance of regional educational services and facilities in the Southern States in the professional, technological, scientific, literary, and other fields so as to provide greater educational advantages for the citizens of the State of Texas and the citizens of the States in the Southern Region. This policy can best be accomplished under the plan embodied in the regional compact entered into by the State of Texas and thirteen other States February 8, 1948, through their respective Governors.

(Enacted by Acts 1971, 62nd Leg., ch. 994 (H.B. 1006), § 15, effective August 30, 1971.)

Sec. 160.02. Text of Compact.

The regional education compact, as amended, reads as follows:

THE REGIONAL COMPACT
(As amended)

WHEREAS, The States who are parties hereto have during the past several years, conducted careful investigation looking toward the establishment and maintenance of jointly owned and operated regional educational institutions in the Southern States in the professional, technological, scientific, literary and other fields, so as to provide greater educational advantages and facilities for the citizens of the several States who reside within such region; and

WHEREAS, Meharry Medical College of Nashville, Tennessee, has proposed that its lands, buildings, equipment, and the net income from its endowment be turned over to the Southern States, or to an agency acting in their behalf, to be operated as a regional institution for medical, dental and nursing education upon terms and conditions to be hereafter agreed upon between the Southern States and Meharry Medical College; which proposal, because of the present financial condition of the institution has been approved by the said States who are parties hereto; and

WHEREAS, The said States desire to enter into a compact with each other providing for the planning and establishment of regional educational facilities; now,

THEREFORE, In consideration of the mutual agreements, covenants and obligations assumed by the respective States who are parties hereto (hereinafter referred to as "States"), the said several States do hereby form a geographical district or region consisting of the areas lying within the boundaries of the contracting States, which, for the purpose of this Compact, shall constitute an area for regional education supported by public funds derived from taxation by the constituent States and derived from other sources for the establishment, acquisition, operation and maintenance of regional educational schools and institutions, for the benefit of citizens of the respective States residing within

the region so established, as may be determined from time to time in accordance with the terms and provisions of this Compact.

The States do further hereby establish and create a joint agency which shall be known as the Board of Control for Southern Regional Education (hereinafter referred to as the "Board"), the members of which Board shall consist of the Governor of each State, ex officio, and four additional citizens of each State to be appointed by the Governor thereof, at least one of whom shall be selected from the field of education and at least one of whom shall be a member of the Legislature of that State. The Governor shall continue as a member of the Board during his tenure of office as Governor of the State but the members of the Board appointed by the Governor shall hold office for a period of four (4) years except that in the original appointments one Board member so appointed by the Governor shall be designated at the time of his appointment to serve an initial term of two (2) years, one Board member to serve an initial term of three (3) years, and the remaining Board member to serve the full term of four (4) years, but thereafter the successor of each appointed Board member shall serve the full term of four (4) years. Vacancies on the Board caused by death, resignation, refusal or inability to serve, shall be filled by appointment by the Governor for the unexpired portion of the term. The officers of the Board shall be a Chairman, a Vice-Chairman, a Secretary, a Treasurer, and such additional officers as may be created by the Board from time to time. The Board shall meet annually and officers shall be elected to hold office until the next annual meeting. The Board shall have the right to formulate and establish by-laws not inconsistent with the provisions of this Compact to govern its own actions in the performance of the duties delegated to it, including the right to create and appoint an Executive Committee and a Finance Committee with such powers and authority as the Board may delegate to them from time to time. The Board may, within its discretion, elect as its Chairman a person who is not a member of the Board, provided such person resides within a signatory State; and upon such election such person shall become a member of the Board with all the rights and privileges of such membership.

It shall be the duty of the Board to submit plans and recommendations to the States from time to time for their approval and adoption by appropriate legislative action for the development, establishment, acquisition, operation and maintenance of educational schools and institutions within the geographical limits of the regional area of the States, of such character and type and for such educational purposes, professional, technological, scientific, literary, or otherwise, as they may deem and determine to be proper, necessary or advisable. Title to all such educational institutions when so established by appropriate legislative actions of the States, and to all properties and facilities used in connection therewith, shall be vested in said Board as the agency of and for the use and benefit of the said States and citizens thereof; and all such educational institutions shall be operated, maintained and financed in the manner herein set out, subject to any provisions or limitations which may be contained in the legislative Acts of the State authorizing the creation, establishment and operation of such educational institutions.

In addition to the power and authority heretofore granted, the Board shall have the power to enter into such agreements or arrangements with any of the States and with educational institutions or agencies, as may be required in the judgment of the Board, to provide adequate services and facilities for the graduate, professional, and technical education for the benefit of the citizens of the respective States residing within the region, and such additional and general power and authority as may be vested in the Board from time to time by legislative enactment of the said States.

Any two (2) or more States who are parties of this Compact shall have the right to enter into supplemental agreements providing for the establishment, financing and operation of regional educational institutions for the benefit of citizens residing within an area which constitutes a portion of the general region herein created, such institutions to be financed exclusively by such States and to be controlled exclusively by the members of the Board representing such States, provided such agreement is submitted to and approved by the Board prior to the establishment of such institutions.

Each State agrees that, when authorized by the Legislature, it will from time to time make available and pay over to said Board such funds as may be required for the establishment, acquisition, operation and maintenance of such regional educational institutions as may be authorized by the States under the terms of this Compact, the contribution of each State at all times to be in the proportion that its population bears to the total combined population of the States who are parties hereto as shown from time to time by the most recent official published report of the Bureau of the Census of the United States of America; or upon such other basis as may be agreed upon.

This Compact shall not take effect or be binding upon any State unless and until it shall be approved by proper legislative action of as many as six (6) or more of the States whose Governors have subscribed

hereto within a period of eighteen (18) months from the date hereof. When and if six (6) or more States shall have given legislative approval to this Compact within said eighteen (18) months period, it shall be and become binding upon such six (6) or more States sixty (60) days after the date of legislative approval by the sixth State, and the Governors of such six (6) or more States shall forthwith name the members of the Board from their States as hereinabove set out, and the Board shall then meet on call of the Governor of any State approving this Compact, at which time the Board shall elect officers, adopt by-laws, appoint committees and otherwise fully organize. Other States whose names are subscribed hereto shall thereafter become parties hereto upon approval of this Compact by legislative action within two (2) years from the date hereof, upon such conditions as may be agreed upon at the time. Provided, however, that with respect to any State whose constitution may require amendment in order to permit legislative approval of the Compact, such State or States shall become parties hereto upon approval of this Compact by legislative action within seven (7) years from the date hereof, upon such conditions as may be agreed upon at the time.

After becoming effective this Compact shall thereafter continue without limitation of time; provided, however, that it may be terminated at any time by unanimous action of the States; and provided further that any State may withdraw from this Compact if such withdrawal is approved by its Legislature, such withdrawal to become effective two (2) years after written notice thereof to the Board accompanied by a certified copy of the requisite legislative action, but such withdrawal shall not relieve the withdrawing State from its obligations hereunder accruing up to the effective date of such withdrawal. Any State so withdrawing shall ipso facto cease to have any claim to or ownership of any of the property held or vested in the Board or of any of the funds of the Board held under the terms of this Compact.

If any State shall at any time become in default in the performance of any of its obligations assumed herein or with respect to any obligation imposed upon said State as authorized by and in compliance with the terms and provisions of this Compact, all rights, privileges and benefits of such defaulting State, its members on the Board and its citizens, shall ipso facto be and become suspended from and after the date of such default. Unless such default shall be remedied and made good within a period of one year immediately following the date of such default this Compact may be terminated with respect to such defaulting State by an affirmative vote of three-fourths (¾) of the members of the Board (exclusive of the members representing the State in default), from and after which time such State shall cease to be a party to this Compact and shall have no further claim to or ownership of any of the property held by or vested in the Board or to any of the funds of the Board held under the terms of this Compact, but such termination shall in no manner release such defaulting State from any accrued obligation or otherwise affect this Compact or the rights, duties, privileges or obligations of the remaining States thereunder.

IN WITNESS WHEREOF this Compact has been approved and signed by Governors of the several States, subject to the approval of their respective Legislatures in the manner hereinabove set out, as of the 8th day of February, 1948.

CHAPTER 161
COMPACT FOR EDUCATION

Section

Sec. 161.01. Compact Entered Into: Text.

The Compact for Education is hereby entered into and enacted into law in the form substantially as follows:

COMPACT FOR EDUCATION

ARTICLE I. PURPOSE AND POLICY

Section A. It is the purpose of this compact to:

1. Establish and maintain close cooperation and understanding among executive, legislative, professional educational and lay leadership on a nationwide basis at the State and local levels.

2. Provide a forum for the discussion, development, crystallization and recommendation of public policy alternatives in the field of education.

3. Provide a clearing house of information on matters relating to educational problems and how they are being met in different places throughout the Nation, so that the executive and legislative branches of State Government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.

4. Facilitate the improvement of State and local educational systems so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

Section B. It is the policy of this compact to encourage and promote local and State initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and States.

Section C. The party States recognize that each of them has an interest in the quality and quantity of education furnished in each of the other States, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the Nation, and because the products and services contributing to the health, welfare and economic advancement of each State are supplied in significant part by persons educated in other States.

ARTICLE II. STATE DEFINED

As used in this Compact, "State" means a State, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

ARTICLE III. THE COMMISSION

Section A. The Education Commission of the States, hereinafter called "the Commission," is hereby established. The Commission shall consist of seven members representing each party State. One of such members shall be the Governor or his designated representative, and six shall be appointed by and serve at the pleasure of the Governor, unless the laws of the State otherwise provide. In addition to any other principles or requirements which a State may establish for the appointment and service of its members of the Commission, the guiding principle for the composition of the membership on the Commission from each party State shall be that the members representing such State shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the State Government, higher education, the State education system, local education, lay and professional, public and non-public educational leadership. Of those appointees, one may be the head of a State agency or institution, designated by the Governor, having responsibility for one or more programs of public education. In addition to the members of the Commission representing the party States, there may be not to exceed ten non-voting commissioners selected by the steering committee for terms of one year. Such commissioners shall represent leading national organizations of professional educators or persons concerned with educational administration.

Section B. The members of the Commission shall be entitled to one vote each on the Commission. No action of the Commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the Commission are cast in favor thereof. Action of the Commission shall be only at a meeting at which a majority of the commissioners are present. The Commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the Commission may delegate the exercise of any of its powers to the steering committee or the executive director, except for the power to approve budgets or requests for appropriations, the power to make policy recommendations pursuant to Article IV and adoption of the annual report pursuant to Article III(j).

Section C. The Commission shall have a seal.

Section D. The Commission shall elect annually, from among its members, a chairman, who shall be a Governor, a vice chairman and a treasurer. The Commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the Commission, and together with the treasurer and such other personnel as the Commission may deem appropriate shall be bonded in such amount as the Commission shall determine. The executive director shall be secretary.

Section E. Irrespective of the civil service, personnel or other merit system laws of any of the party States, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the Commission, and shall fix the duties and compensation of such personnel. The Commission in its bylaws shall provide for their personnel policies and programs of the Commission.

Section F. The Commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.

Section G. The Commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any State, the United States, or any other governmental agency or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the Commission pursuant to this paragraph or services borrowed pursuant to paragraph (f) of this Article shall be reported in the annual report of the Commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

Section H. The Commission may establish and maintain such facilities as may be necessary for the transacting of its business. The Commission may acquire, hold, and convey real and personal property and any interest therein.

Section I. The Commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The Commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party States.

Section J. The Commission annually shall make to the Governor and legislature of each party State a report covering the activities of the Commission for the preceding year. The Commission may make such additional reports as it may deem desirable.

ARTICLE IV. POWERS

In addition to authority conferred on the Commission by other provisions of the compact, the Commission shall have authority to:

1. Collect, correlate, analyze and interpret information and data concerning educational needs and resources.
2. Encourage and foster research in all aspects of education, but with special reference to the desirable scope of instruction, organization, administration, and instructional methods and standards employed or suitable for employment in public educational systems.
3. Develop proposals for adequate financing of education as a whole and at each of its many levels.
4. Conduct or participate in research of the types referred to in this Article in any instance where the Commission finds that such research is necessary for the advancement of the purposes and policies of this compact, utilizing fully the resources of national associations, regional compact organizations for higher education, and other agencies and institutions, both public and private.
5. Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies and public officials.
6. Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this compact.

ARTICLE V. COOPERATION WITH FEDERAL GOVERNMENT

Section A. If the laws of the United States specifically so provided, or if administrative provision is made therefor within the Federal Government, the United States may be represented on the Commission by not to exceed ten representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to Federal law, and may be drawn from any one or more branches of the Federal Government, but no such representative shall have a vote on the Commission.

Section B. The Commission may provide information and make recommendations to any executive or legislative agency or officer of the Federal Government concerning the common educational policies of the States, and may advise with any such agencies or officers concerning any matter of mutual interest.

ARTICLE VI. COMMITTEES

Section A. To assist in the expeditious conduct of its business when the full Commission is not meeting, the Commission shall elect a steering committee of thirty members which, subject to the provisions of this compact and consistent with the policies of the Commission, shall be constituted and function as provided in the bylaws of the Commission. One-third of the voting membership of the steering committee shall consist of Governors, and the remainder shall consist of other members of the Commission. A Federal representative on the Commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of two years, except that members elected to the first steering committee of the Commission shall be elected as follows: fifteen for one year and fifteen for two years. The chairman, vice chairman, and treasurer of the Commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee shall not affect its authority to act, but the Commission at its next regularly ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than two terms as a member of the steering committee; provided that service for a partial term of one year or less shall not be counted toward the two-term limitation.

Section B. The Commission may establish advisory and technical committees composed of State, local, and Federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the States concerned, be established to consider any matter of special concern to two or more of the party States.

Section C. The Commission may establish such additional committees as its bylaws may provide.

ARTICLE VII. FINANCE

Section A. The Commission shall advise the Governor or designated officer or officers of each party State of its budget and estimated expenditures for such period as may be required by the laws of that party State. Each of the Commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party States.

Section B. The total amount of appropriation requests under any budget shall be apportioned among the party States. In making such apportionment, the Commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party States.

Section C. The Commission shall not pledge the credit of any party States. The Commission may meet any of its obligations in whole or in part with funds available to it pursuant to Article III(g) of this compact, provided that the Commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the Commission makes use of funds available to it pursuant to Article III(g) thereof, the Commission shall not incur any obligation prior to the allotment of funds by the party States adequate to meet the same.

Section D. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the Commission.

Section E. The accounts of the Commission shall be open at any reasonable time for inspection by duly constituted officers of the party States and by any persons authorized by the Commission.

Section F. Nothing contained herein shall be construed to prevent Commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the Commission.

ARTICLE VIII. ELIGIBLE PARTIES; ENTRY INTO AND WITHDRAWAL

Section A. This compact shall have as eligible parties all States, Territories, and Possessions of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. In respect of any such jurisdiction not having a Governor, the term "Governor," as used in this compact, shall mean the closest equivalent official of such jurisdiction.

Section B. Any State or other eligible jurisdiction may enter into this compact and it shall become binding thereon when it has adopted the same: provided that in order to enter into initial effect, adoption by at least ten eligible party jurisdictions shall be required.

Section C. Adoption of the compact may be either by enactment thereof or by adherence thereto by the Governor; provided that in the absence of enactment, adherence by the Governor shall be sufficient to make his State a party only until December 31,

1967. During any period when a State is participating in this compact through gubernatorial action, the Governor shall appoint those persons who, in addition to himself, shall serve as the members of the Commission from his State, and shall provide to the Commission an equitable share of the financial support of the Commission from any source available to him.

Section D. Except for a withdrawal effective on December 31, 1967, in accordance with paragraph C of this Article, any party State may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the Governor of the withdrawing State has given notice in writing of the withdrawal to the Governors of all other party States. No withdrawal shall affect any liability already incurred by or chargeable to a party State prior to the time of such withdrawal.

ARTICLE IX. CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any State or of the United States, or the application thereof to any Government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any Government, agency, person or circumstance shall not be affected thereby. B. The provisions of this interstate compact shall only apply to local education agencies as defined in this compact.

C. The provisions of this compact shall not apply to the children of:

1. inactive members of the national guard and military reserves;

2. members of the uniformed services now retired, except as provided in Section A;

3. veterans of the uniformed services, except as provided in Section A; and

4. other U.S. Department of Defense personnel and other federal agency civilian and contract employees not defined as active duty members of the uniformed services.

ARTICLE IV. EDUCATIONAL RECORDS AND ENROLLMENT

A. Unofficial or "hand-carried" education records—In the event that official education records cannot be released to the parents for the purpose of transfer, the custodian of the records in the sending state shall prepare and furnish to the parent a complete set of unofficial education records containing uniform information as determined by the Interstate Commission. Upon receipt of the unofficial education records by a school in the receiving state, the school shall enroll and appropriately place the student based on the information provided in the unofficial records pending validation by the official records, as quickly as possible.

B. Official education records/transcripts—Simultaneous with the enrollment and conditional placement of the student, the school in the receiving state shall request the student's official education record from the school in the sending state. Upon receipt of this request, the school in the sending state will process and furnish the official education records to the school in the receiving state within ten (10) days or within such time as is reasonably determined under the rules promulgated by the Interstate Commission.

C. Immunizations—Compacting states shall give thirty (30) days from the date of enrollment or within such time that does not exceed thirty (30) days as is reasonably determined under the rules promulgated by the Interstate Commission, for students to obtain any immunization(s) required by the receiving state. For a series of immunizations, initial vaccinations must be obtained within thirty (30) days or within such time that does not exceed thirty (30) days as is reasonably determined under the rules promulgated by the Interstate Commission. The collection and exchange of

information pertaining to immunizations shall be subject to confidentiality provisions prescribed by federal law.

D. Kindergarten and first grade entrance age—Students shall be allowed to continue their enrollment at grade level in the receiving state commensurate with their grade level (including kindergarten) from a local education agency in the sending state at the time of transition, regardless of age. A student that has satisfactorily completed the prerequisite grade level in the local education agency in the sending state shall be eligible for enrollment in the next highest grade level in the receiving state, regardless of age. A student transferring after the start of the school year in the receiving state shall enter the school in the receiving state on their validated level from an accredited school in the sending state.

ARTICLE V. PLACEMENT AND ATTENDANCE

A. Course placement—When the student transfers before or during the school year, the receiving state school shall initially honor placement of the student in educational courses based on the student's enrollment in the sending state school and/or educational assessments conducted at the school in the sending state if the courses are offered. Course placement includes but is not limited to honors, international baccalaureate, advanced placement, vocational, technical, and career pathways courses. Continuing the student's academic program from the previous school and promoting placement in academically and career challenging courses should be paramount when considering placement. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the course(s).

B. Educational program placement—The receiving state school shall initially honor placement of the student in educational programs based on current educational assessments conducted at the school in the sending state or participation/placement in like programs in the sending state. Such programs include, but are not limited to: (1) gifted and talented programs; and (2) English as a second language (ESL). This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

C. Special education services—(1) In compliance with the federal requirements of the Individuals with Disabilities Education Act (IDEA) (20 U.S.C. Section 1400 et seq.), the receiving state shall initially provide comparable services to a student with disabilities based on his/her current Individualized Education Program (IEP); and (2) In compliance with the requirements of Section 504 of the Rehabilitation Act (29 U.S.C.A. Section 794), and with Title II of the Americans with Disabilities Act (42 U.S.C.A. Sections 12131-12165), the receiving state shall make reasonable accommodations and modifications to address the needs of incoming students with disabilities, subject to an existing 504 or Title II Plan, to provide the student with equal access to education. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

D. Placement flexibility—Local education agency administrative officials shall have flexibility in waiving course/program prerequisites, or other preconditions for placement in courses/programs offered under the jurisdiction of the local education agency.

E. Absence as related to deployment activities—A student whose parent or legal guardian is an active duty member of the uniformed services, as defined by the compact, and has been called to duty for, is on leave from, or immediately returned from deployment to a combat zone or combat support posting, shall be granted additional excused absences at the discretion of the local education agency superintendent to visit with his or her parent or legal guardian relative to such leave or deployment of the parent or guardian.

ARTICLE VI. ELIGIBILITY

A. Eligibility for enrollment

1. Special power of attorney, relative to the guardianship of a child of a military family and executed under applicable law, shall be sufficient for the purposes of enrollment and all other actions requiring parental participation and consent.

2. A local education agency shall be prohibited from charging local tuition to a transitioning military child placed in the care of a non-custodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent.

3. A transitioning military child, placed in the care of a non-custodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent, may continue to attend the school in which he/she was enrolled while residing with the custodial parent.

B. Eligibility for extracurricular participation—State and local education agencies shall facilitate the opportunity for transitioning military children's inclusion in extracurricular activities, regardless of application deadlines, to the extent they are otherwise qualified.

ARTICLE VII. GRADUATION

In order to facilitate the on-time graduation of children of military families, states and local education agencies shall incorporate the following procedures:

A. Waiver requirements—Local education agency administrative officials shall waive specific courses required for graduation if similar coursework has been satisfactorily completed in another local education agency or shall provide reasonable justification for denial. Should a waiver not be granted to a student who would qualify to graduate from the sending school, the local education agency shall provide an alternative means of acquiring required coursework so that graduation may occur on time.

B. Exit exams—States shall accept: (1) exit or end-of-course exams required for graduation from the sending state; or (2) national norm-referenced achievement tests; or (3) alternative testing, in lieu of testing requirements for graduation in the receiving state. In the event the above alternatives cannot be accommodated by the receiving state for a student transferring in his or her senior year, then the provisions of Article VII, Section C, shall apply.

C. Transfers during senior year—Should a military student transferring at the beginning or during his or her senior year be ineligible to graduate from the receiving local education agency after all alternatives have been considered, the sending and receiving local education agencies shall ensure the receipt of a diploma from the sending local education agency, if the student meets the graduation requirements of the sending local education agency. In the event that one of the states in question is not a member of this compact, the member state shall use best efforts to facilitate the on-time graduation of the student in accordance with Sections A and B of this article.

The Texas commissioner of education shall adopt a passing standard on one or more national norm-referenced achievement tests for purposes of permitting a student to whom this compact applies to meet that standard as a substitute for completing a specific course or achieving a score on an assessment instrument otherwise required by this state for graduation. Each passing standard must be at least as rigorous as the applicable requirement otherwise imposed by this state for graduation, and be consistent with college readiness standards adopted under Section 28.008, Texas Education Code. Before adopting or revising a passing standard, the commissioner of education must consider any comments submitted by the Texas Higher Education Coordinating Board or the State Board of Education.

A passing standard adopted by the commissioner of education is available only for a student who enrolls in a public school in this state for the first time after completing the ninth grade or who reenrolls in a public school in this state at or above the 10th grade level after an absence of at least two years from the public schools of this state. Each passing standard in effect when a student first enrolls in a public high school in this state remains applicable to the student for the duration of the student's high school enrollment, regardless of any subsequent revision of the standard.

The commissioner of education may adopt rules as necessary to implement the commissioner's duties and authority under this article of the compact.

The Texas Higher Education Coordinating Board shall monitor the postsecondary educational performance in this state of students permitted to graduate in accordance with passing standards adopted by the commissioner of education for purposes of this compact. Based on the educational performance of those students in private and public institutions, the coordinating board shall make recommendations to the commissioner of education regarding appropriate revisions of the passing standards.

ARTICLE VIII. STATE COORDINATION

A. Each member state shall, through the creation of a State Council or use of an existing body or board, provide for the coordination among its agencies of government, local education agencies, and military installations concerning the state's participation in, and compliance with, this compact and Interstate Commission activities. While each member state may determine the membership of its own State Council, its membership must include at least: the state superintendent of education, superintendent of a school district with a high concentration of military children, representative from a military installation, one representative each from the legislative and executive branches of government, and other offices and stakeholder groups the State Council deems appropriate. A member state that does not have a school district deemed to contain a high concentration of military children may appoint a superintendent from another school district to represent local education agencies on the State Council.

B. The State Council of each member state shall appoint or designate a military family education liaison to assist military families and the state in facilitating the implementation of this compact.

C. The compact commissioner responsible for the administration and management of the state's

participation in the compact shall be appointed by the governor or as otherwise determined by each member state.

D. The compact commissioner and the military family education liaison designated herein shall be ex-officio members of the State Council, unless either is already a full voting member of the State Council.

ARTICLE IX. INTERSTATE COMMISSION ON EDUCATIONAL OPPORTUNITY FOR MILITARY CHILDREN

The member states hereby create the "Interstate Commission on Educational Opportunity for Military Children." The activities of the Interstate Commission are the formation of public policy and are a discretionary state function. The Interstate Commission shall:

A. Be a body corporate and joint agency of the member states and shall have all the responsibilities, powers, and duties set forth herein, and such additional powers as may be conferred upon it by a subsequent concurrent action of the respective legislatures of the member states in accordance with the terms of this compact.

B. Consist of one Interstate Commission voting representative from each member state who shall be that state's compact commissioner.

1. Each member state represented at a meeting of the Interstate Commission is entitled to one vote.

2. A majority of the total member states shall constitute a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the Interstate Commission.

3. A representative shall not delegate a vote to another member state. In the event the compact commissioner is unable to attend a meeting of the Interstate Commission, the governor or State Council may delegate voting authority to another person from their state for a specified meeting.

4. The bylaws may provide for meetings of the Interstate Commission to be conducted by telecommunication or electronic communication.

C. Consist of ex-officio, non-voting representatives who are members of interested organizations. Such ex-officio members, as defined in the bylaws, may include but not be limited to, members of the representative organizations of military family advocates, local education agency officials, parent and teacher groups, the U.S. Department of Defense, the Education Commission of the States, the Interstate Agreement on the Qualification of Educational Personnel, and other interstate compacts affecting the education of children of military members.

D. Meet at least once each calendar year. The chairperson may call additional meetings and, upon the request of a simple majority of the member states, shall call additional meetings.

E. Establish an executive committee, whose members shall include the officers of the Interstate Commission and such other members of the Interstate Commission as determined by the bylaws. Members of the executive committee shall serve a one year term. Members of the executive committee shall be entitled to one vote each. The executive committee shall have the power to act on behalf of the Interstate Commission, with the exception of rulemaking, during periods when the Interstate Commission is not in session. The executive committee shall oversee the day-to-day activities of the administration of the compact including enforcement and compliance with the provisions of the compact, its bylaws and rules, and other such duties as deemed necessary. The U.S. Department of Defense shall serve as an ex-officio, non-voting member of the executive committee.

F. Establish bylaws and rules that provide for conditions and procedures under which the Interstate Commission shall make its information and official records available to the public for inspection or copying. The Interstate Commission may exempt from disclosure information or official records to the extent they would adversely affect personal privacy rights or proprietary interests.

G. Give public notice of all meetings and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in the compact. The Interstate Commission and its committees may close a meeting, or portion thereof, where it determines by two-thirds vote that an open meeting would be likely to:

1. Relate solely to the Interstate Commission's internal personnel practices and procedures;

2. Disclose matters specifically exempted from disclosure by federal and state statute;

3. Disclose trade secrets or commercial or financial information which is privileged or confidential;

4. Involve accusing a person of a crime, or formally censuring a person;

5. Disclose information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

6. Disclose investigative records compiled for law enforcement purposes; or

7. Specifically relate to the Interstate Commission's participation in a civil action or other legal proceeding.

H. Shall cause its legal counsel or designee to certify that a meeting may be closed and shall reference each relevant exemptible provision for any meeting, or portion of a meeting, which is closed pursuant to this provision. The Interstate Commission shall keep minutes which shall fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed and the record of a roll call vote. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Interstate Commission.

I. Shall collect standardized data concerning the educational transition of the children of military families under this compact as directed through its rules which shall specify the data to be collected, the means of collection and data exchange, and reporting requirements. Such methods of data collection, exchange, and reporting shall, in so far as is reasonably possible, conform to current technology and coordinate its information functions with the appropriate custodian of records as identified in the bylaws and rules.

J. Shall create a process that permits military officials, education officials, and parents to inform the Interstate Commission if and when there are alleged violations of the compact or its rules or when issues subject to the jurisdiction of the compact or its rules are not addressed by the state or local education agency. This section shall not be construed to create a private right of action against the Interstate Commission or any member state.

ARTICLE X. POWERS AND DUTIES OF THE INTERSTATE COMMISSION

The Interstate Commission shall have the following powers:

A. To provide for dispute resolution among member states.

B. To promulgate rules and take all necessary actions to effect the goals, purposes, and obligations as enumerated in this compact. The rules shall have the force and effect of statutory law and shall be binding in the compact states to the extent and in the manner provided in this compact.

a. Managing the affairs of the Interstate Commission in a manner consistent with the bylaws and purposes of the Interstate Commission;

b. Overseeing an organizational structure within, and appropriate procedures for the Interstate Commission to provide for the creation of rules, operating procedures, and administrative and technical support functions; and

c. Planning, implementing, and coordinating communications and activities with other state, federal, and local government organizations in order to advance the goals of the Interstate Commission.

2. The executive committee may, subject to the approval of the Interstate Commission, appoint or retain an executive director for such period, upon such terms and conditions and for such compensation, as the Interstate Commission may deem appropriate. The executive director shall serve as secretary to the Interstate Commission, but shall not be a member of the Interstate Commission. The executive director shall hire and supervise such other persons as may be authorized by the Interstate Commission.

D. The Interstate Commission's executive director and its employees shall be immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to an actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred, within the scope of Interstate Commission employment, duties, or responsibilities; provided, that such person shall not be protected from suit or liability for damage, loss, injury, or liability caused by the intentional or wilful and wanton misconduct of such person.

1. The liability of the Interstate Commission's executive director and employees or Interstate Commission representatives, acting within the scope of such person's employment or duties for acts, errors, or omissions occurring within such person's state may not exceed the limits of liability set forth under the constitution and laws of that state for state officials, employees, and agents. The Interstate Commission is considered to be an instrumentality of the states for the purposes of any such action. Nothing in this subsection shall be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or wilful and wanton misconduct of such person.

2. The Interstate Commission shall defend the executive director and its employees and, subject to the approval of the attorney general or other

appropriate legal counsel of the member state represented by an Interstate Commission representative, shall defend such Interstate Commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error, or omission that occurred within the scope of Interstate Commission employment, duties, or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or wilful and wanton misconduct on the part of such person.

3. To the extent not covered by the state involved, the member state, or the Interstate Commission, the representatives or employees of the Interstate Commission shall be held harmless in the amount of a settlement or judgment, including attorney's fees and costs, obtained against such persons arising out of an actual or alleged act, error, or omission that occurred within the scope of Interstate Commission employment, duties, or responsibilities, or that such persons had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or wilful and wanton misconduct on the part of such persons.

ARTICLE XII. RULEMAKING FUNCTIONS OF THE INTERSTATE COMMISSION

A. Rulemaking Authority—The Interstate Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of this compact. Notwithstanding the foregoing, in the event the Interstate Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this Act, or the powers granted hereunder, then such an action by the Interstate Commission shall be invalid and have no force or effect.

B. Rulemaking Procedure—Rules shall be made pursuant to a rulemaking process that substantially conforms to the "Model State Administrative Procedure Act," of 1981 Act, Uniform Laws Annotated, Volume 15, page 1 (2000), as amended, as may be appropriate to the operations of the Interstate Commission.

C. Not later than thirty (30) days after a rule is promulgated, any person may file a petition for judicial review of the rule; provided, that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Interstate Commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the Interstate Commission's authority.

D. If a majority of the legislatures of the compacting states rejects a rule by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compacting state.

ARTICLE XIII. OVERSIGHT, ENFORCEMENT, AND DISPUTE RESOLUTION

A. Oversight

1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the Interstate Commission.

3. The Interstate Commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes. Failure to provide service of process to the Interstate Commission shall render a judgment or order void as to the Interstate Commission, this compact, or promulgated rules.

B. Default, Technical Assistance, Suspension, and Termination—If the Interstate Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact, or the bylaws or promulgated rules, the Interstate Commission shall:

1. Provide written notice to the defaulting state and other member states, of the nature of the default, the means of curing the default and any action taken by the Interstate Commission. The Interstate Commission shall specify the conditions by which the defaulting state must cure its default.

2. Provide remedial training and specific technical assistance regarding the default.

3. If the defaulting state fails to cure the default, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the member states and all rights, privileges, and benefits conferred by this compact shall be terminated from the effective date of termination. A cure of the default does not relieve

the offending state of obligations or liabilities incurred during the period of the default.

4. Suspension or termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Interstate Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

5. The state which has been suspended or terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of suspension or termination including obligations, the performance of which extends beyond the effective date of suspension or termination.

6. The Interstate Commission shall not bear any costs relating to any state that has been found to be in default or which has been suspended or terminated from the compact, unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state.

7. The defaulting state may appeal the action of the Interstate Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

C. Dispute Resolution

1. The Interstate Commission shall attempt, upon the request of a member state, to resolve disputes which are subject to the compact and which may arise among member states and between member and non-member states.

2. The Interstate Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement

1. The Interstate Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. The Interstate Commission may, by majority vote of the members, initiate legal action in the U.S. District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its principal offices, to enforce compliance with the provisions of the compact, its promulgated rules and bylaws, against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the Interstate Commission. The Interstate Commission may avail itself of any other remedies available under state law or the regulation of a profession.

ARTICLE XIV. FINANCING OF THE INTERSTATE COMMISSION

A. The Interstate Commission shall pay, or provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities.

B. The Interstate Commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the Interstate Commission and its staff, which must be in a total amount sufficient to cover the Interstate Commission's annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, which shall promulgate a rule binding upon all member states.

C. The Interstate Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate Commission pledge the credit of any of the member states, except by and with the authority of the member state.

D. The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

ARTICLE XV. MEMBER STATES, EFFECTIVE DATE, AND AMENDMENT

A. Any state is eligible to become a member state.

B. The compact shall become effective and binding upon legislative enactment of the compact into law by no less than ten (10) of the states. The effective date shall be no earlier than December 1, 2007. Thereafter it shall become effective and binding as to any other member state upon enactment of the compact into law by that state. The governors of non-member states or their designees shall be invited to participate in the activities of the Interstate Commission on a non-voting basis prior to adoption of the compact by all states.

C. The Interstate Commission may propose amendments to the compact for enactment by the

member states. No amendment shall become effective and binding upon the Interstate Commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

ARTICLE XVI. WITHDRAWAL AND DISSOLUTION

A. Withdrawal

1. Once effective, the compact shall continue in force and remain binding upon each and every member state; provided that a member state may withdraw from the compact by specifically repealing the statute which enacted the compact into law.

2. Withdrawal from this compact shall be by the enactment of a statute repealing the same, but shall not take effect until one (1) year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other member jurisdiction.

3. The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The Interstate Commission shall notify the other member states of the withdrawing state's intent to withdraw within sixty (60) days of its receipt thereof.

4. The withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal, including obligations, the performance of which extend beyond the effective date of withdrawal.

5. Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the Interstate Commission.

B. Dissolution of Compact

1. This compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership in the compact to one (1) member state.

2. Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws.

ARTICLE XVII. SEVERABILITY AND CONSTRUCTION

A. The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

B. The provisions of this compact shall be liberally construed to effectuate its purposes.

C. Nothing in this compact shall be construed to prohibit the applicability of other interstate compacts to which the states are members.

ARTICLE XVIII. BINDING EFFECT OF COMPACT AND OTHER LAWS

A. Other Laws

1. Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with this compact.

2. All member states' laws conflicting with this compact are superseded to the extent of the conflict.

B. Binding Effect of the Compact

1. All lawful actions of the Interstate Commission, including all rules and bylaws promulgated by the Interstate Commission, are binding upon the member states.

2. All agreements between the Interstate Commission and the member states are binding in accordance with their terms.

(a) A law enforcement agency that arrests any person or refers a child to the office or official designated by the juvenile board who the agency believes is enrolled as a student in a public primary or secondary school, for an offense listed in Subsection (h), shall attempt to ascertain whether the person is so enrolled. If the law enforcement agency ascertains that the individual is enrolled as a student in a public primary or secondary school, the head of the agency or a person designated by the head of the agency shall orally notify the superintendent or a person designated by the superintendent in the school district in which the student is enrolled of that arrest or referral within 24 hours after the arrest or referral is made, or before the next school day, whichever is earlier. If the law enforcement agency cannot ascertain whether the individual is enrolled as a student, the head of the agency or a person designated by the head of the agency shall orally notify the superintendent or a person designated by the superintendent in the school district in which the student is believed to be enrolled of that arrest or detention within 24 hours after the arrest or detention, or before the next school day, whichever is earlier. If the individual is a student, the superintendent or the superintendent's designee shall immediately notify all instructional and support personnel who have responsibility for supervision of the student. All personnel shall keep the information received in this subsection confidential. The State Board for Educator Certification may revoke or suspend the certification of personnel who intentionally violate this subsection. Within seven days after the date the oral notice is given, the head of the law enforcement agency or the person designated by the head of the agency shall mail written notification, marked "PERSONAL and CONFIDENTIAL" on the mailing envelope, to the superintendent or the person designated by the superintendent. The written notification must include the facts contained in the oral notification, the name of the person who was orally notified, and the date and time of the oral notification. The information contained in the notice shall be considered by the superintendent or the superintendent's designee in making such a determination.

(a-1) The superintendent or a person designated by the superintendent in the school district shall send to a school district employee having direct supervisory responsibility over the student the information contained in the confidential notice under Subsection (a).

(2) On conviction, deferred prosecution, or deferred adjudication or an adjudication of delinquent conduct of an individual enrolled as a student in a private primary or secondary school, the office of prosecuting attorney shall make the oral and written notifications described by Subsection (b) of this article to the principal or a school employee designated by the principal of the school in which the student is enrolled.

(j) The notification provisions of this section concerning a person who is required to register as a sex offender under Chapter 62 do not lessen the requirement of a person to provide any additional notification prescribed by that chapter.

(k) Oral or written notice required under this article must include all pertinent details of the offense or conduct, including details of any:

(1) assaultive behavior or other violence;

(2) weapons used in the commission of the offense or conduct; or

(b) A person described by Subsection (a) is subject to the registration and verification requirements of Articles 62.051 and 62.058 and to the change of address requirements of Article 62.055, except that the registration and verification and the reporting of a change of address are based on the municipality or county in which the person works or attends school. The person is subject to the school notification requirements of Articles 62.053—62.055, except that notice provided to the superintendent and any administrator is based on the public school district in which the person works or attends school.

(c) A person described by Subsection (a) is not subject to Article 62.101.

(d) The duty to register for a person described by Subsection (a) ends when the person no longer works or studies in this state, provides notice of that fact to the local law enforcement authority in the municipality or county in which the person works or attends school, and receives notice of verification of that fact from the authority. The authority must verify that the person no longer works or studies in this state and must provide to the person notice of that verification within a reasonable time.

(e) Notwithstanding Subsection (a), this article does not apply to a person who has a reportable conviction or adjudication, who resides in another state, and who is employed, carries on a vocation, or is a student in this state if the person establishes another residence in this state to work or attend school in this state. (c) The department shall establish procedures for a person with respect to whom notice is provided under this article to pay to the department all costs incurred by the department in providing the notice. The person shall pay those costs in accordance with the procedures established under this subsection.

(d) The department's duty to provide notice under this article in regard to a particular person ends on the date on which a court releases the person from all requirements of the civil commitment process.

(Enacted by Acts 2005, 79th Leg., ch. 1008 (H.B. 867), § 1.01, effective September 1, 2005.)

(a) When a person is no longer required to register as a sex offender under this chapter, the department shall remove all information about the person from the sex offender registry.

(b) The duty to remove information under Subsection (a) arises if:

(1) the department has received notice from a local law enforcement authority under Subsection (c) or (d) that the person is no longer required to register or will no longer be required to renew registration and the department verifies the correctness of that information;

(2) the court having jurisdiction over the case for which registration is required requests removal and the department determines that the duty to register has expired; or

(3) the person or the person's representative requests removal and the department determines that the duty to register has expired.

(c) When a person required to register under this chapter appears before a local law enforcement authority to renew or modify registration information, the authority shall determine whether the duty to register has expired. If the authority determines that the duty to register has expired, the authority shall remove all information about the person from the sex offender registry and notify the department that the person's duty to register has expired.

(d) When a person required to register under this chapter appears before a local law enforcement

authority to renew registration information, the authority shall determine whether the renewal is the final annual renewal of registration required by law. If the authority determines that the person's duty to register will expire before the next annual renewal is scheduled, the authority shall automatically remove all information about the person from the sex offender registry on expiration of the duty to register and notify the department that the information about the person has been removed from the registry.

(e) When the department has removed information under Subsection (a), the department shall notify all local law enforcement authorities that have provided registration information to the department about the person of the removal. A local law enforcement authority that receives notice from the department under this subsection shall remove all registration information about the person from its registry.

(f) When the department has removed information under Subsection (a), the department shall notify all public and private agencies or organizations to which it has provided registration information about the person of the removal. (b) A person is eligible to petition the court as described by Subsection (a) if:

(1) the person is required to register only as a result of a single reportable conviction or adjudication, other than an adjudication of delinquent conduct; and

(c) A defendant who before September 1, 2011, is convicted of or placed on deferred adjudication community supervision for an offense under Section 21.11 or 22.011, Penal Code, is eligible to petition the court as described by Subsection (a). The court may consider the petition only if the petition states and the court finds that the defendant would have been entitled to the entry of an affirmative finding under Article 42.017 or Section 5(g), Article 42.12, as appropriate, had the conviction or placement on deferred adjudication community supervision occurred after September 1, 2011.

(c-1) At a hearing on the petition described by Subsection (a), the court may consider:

(1) testimony from the victim or intended victim, or a member of the victim's or intended victim's family, concerning the requested exemption;

(2) the relationship between the victim or intended victim and the petitioner at the time of the hearing; and

(3) any other evidence that the court determines is relevant and admissible.

(d) After a hearing on the petition described by Subsection (a), the court may issue an order exempting the person from registration under this chapter if it appears by a preponderance of the evidence that:

(1) the exemption does not threaten public safety;

(2) the person's conduct did not occur without the consent of the victim or intended victim as described by Section 22.011(b), Penal Code;

(3) the exemption is in the best interest of the victim or intended victim; and

(4) the exemption is in the best interest of justice.

(e) An order exempting the person from registration under this chapter does not expire, but the court shall withdraw the order if after the order is issued the person receives a reportable conviction or adjudication under this chapter.

(Enacted by Acts 2005, 79th Leg., ch. 1008 (H.B. 867), § 1.01, effective September 1, 2005; am. Acts 2011, 82nd Leg., ch. 134 (S.B. 198), § 3, effective September 1, 2011.)

STATUTORY NOTES

Applicability. — Acts 2011, 82nd Leg., ch. 134 (S.B. 198), § 5 provides: "The changes in law made by this Act in amending Chapter 62, Code of Criminal Procedure, apply to any person who, on or after the effective date of this Act [September 1, 2011], is required to register under that chapter, regardless of whether the

SUBCHAPTER H
EXEMPTIONS FROM REGISTRATION FOR CERTAIN JUVENILES

Art. 62.351. Motion and Hearing Generally.

(a) During or after disposition of a case under Section 54.04, Family Code, for adjudication of an offense for which registration is required under this chapter, the juvenile court on motion of the respondent shall conduct a hearing to determine whether the interests of the public require registration under this chapter. The motion may be filed and the hearing held regardless of whether the respondent is under 18 years of age. Notice of the motion and hearing shall be provided to the prosecuting attorney.

(b) The hearing is without a jury and the burden of persuasion is on the respondent to show by a preponderance of evidence that the criteria of Article 62.352(a) have been met. The court at the hearing may make its determination based on:

(1) the receipt of exhibits;

(2) the testimony of witnesses;

(3) representations of counsel for the parties; or

(4) the contents of a social history report prepared by the juvenile probation department that may include the results of testing and examination of the respondent by a psychologist, psychiatrist, or counselor.

(c) All written matter considered by the court shall be disclosed to all parties as provided by Section 54.04(b), Family Code.

(d) If a respondent, as part of a plea agreement, promises not to file a motion seeking an order exempting the respondent from registration under this chapter, the court may not recognize a motion filed by a respondent under this article.

(Enacted by Acts 2005, 79th Leg., ch. 1008 (H.B. 867), § 1.01, effective September 1, 2005.)

Art. 62.352. Order Generally.

(a) The court shall enter an order exempting a respondent from registration under this chapter if the court determines:

(1) that the protection of the public would not be increased by registration of the respondent under this chapter; or

(2) that any potential increase in protection of the public resulting from registration of the respondent is clearly outweighed by the anticipated substantial harm to the respondent and the respondent's family that would result from registration under this chapter.

(b) After a hearing under Article 62.351 or under a plea agreement described by Article 62.355(b), the juvenile court may enter an order:

(1) deferring decision on requiring registration under this chapter until the respondent has completed treatment for the respondent's sexual offense as a condition of probation or while committed to the Texas Juvenile Justice Department; or

(2) requiring the respondent to register as a sex offender but providing that the registration information is not public information and is restricted to use by law enforcement and criminal justice agencies, the Council on Sex Offender Treatment, and public or private institutions of higher education.

(c) If the court enters an order described by Subsection (b)(1), the court retains discretion and jurisdiction to require, or exempt the respondent from, registration under this chapter at any time during the treatment or on the successful or unsuccessful completion of treatment, except that during the period of deferral, registration may not be required. Following successful completion of treatment, the respondent is exempted from registration under this chapter unless a hearing under this subchapter is held on motion of the prosecuting attorney, regardless of whether the respondent is 18 years of age or older, and the court determines the interests of the public require registration. Not later than the 10th day after the date of the respondent's successful completion of treatment, the treatment provider shall notify the juvenile court and prosecuting attorney of the completion.

(d) Information that is the subject of an order described by Subsection (b)(2) may not be posted on the Internet or released to the public.

(Enacted by Acts 2005, 79th Leg., ch. 1008 (H.B. 867), § 1.01, effective September 1, 2005; am. Acts 2013, 83rd Leg., ch. 1299 (H.B. 2862), § 4, effective September 1, 2013.)

Art. 62.353. Motion, Hearing, and Order Concerning Person Already Registered.

(a) A person who has registered as a sex offender for an adjudication of delinquent conduct, regardless of when the delinquent conduct or the adjudication for the conduct occurred, may file a motion in the adjudicating juvenile court for a hearing seeking:

(1) exemption from registration under this chapter as provided by Article 62.351; or

(2) an order under Article 62.352(b)(2) that the registration become nonpublic.

(b) The person may file a motion under Subsection (a) in the original juvenile case regardless of

whether the person, at the time of filing the motion, is 18 years of age or older. Notice of the motion shall be provided to the prosecuting attorney. A hearing on the motion shall be provided as in other cases under this subchapter.

(c) Only one subsequent motion may be filed under Subsection (a) if a previous motion under this article has been filed concerning the case.

(d) To the extent feasible, the motion under Subsection (a) shall identify those public and private agencies and organizations, including public or private institutions of higher education, that possess sex offender registration information about the case.

(e) The juvenile court, after a hearing, may:

(1) deny a motion filed under Subsection (a);

(2) grant a motion described by Subsection (a)(1); or

(3) grant a motion described by Subsection (a)(2).

(f) If the court grants a motion filed under Subsection (a), the clerk of the court shall by certified mail, return receipt requested, send a copy of the order to the department, to each local law enforcement authority that the person has proved to the juvenile court has registration information about the person, and to each public or private agency or organization that the person has proved to the juvenile court has information about the person that is currently available to the public with or without payment of a fee. The clerk of the court shall by certified mail, return receipt requested, send a copy of the order to any other agency or organization designated by the person. The person shall identify the agency or organization and its address and pay a fee of $20 to the court for each agency or organization the person designates.

(g) In addition to disseminating the order under Subsection (f), at the request of the person, the clerk of the court shall by certified mail, return receipt requested, send a copy of the order to each public or private agency or organization that at any time following the initial dissemination of the order under Subsection (f) gains possession of sex offender registration information pertaining to that person, if the agency or organization did not otherwise receive a copy of the order under Subsection (f).

(h) An order under Subsection (f) must require the recipient to conform its records to the court's order either by deleting the sex offender registration information or changing its status to nonpublic, as applicable. A public or private institution of higher education may not be required to delete the sex offender registration information under this subsection.

(i) A private agency or organization that possesses sex offender registration information the agency or organization obtained from a state, county, or local governmental entity is required to conform the agency's or organization's records to the court's order on or before the 30th day after the date of the entry of the order. Unless the agency or organization is a public or private institution of higher education, failure to comply in that period automatically bars the agency or organization from obtaining sex offender registration information from any state, county, or local governmental entity in this state in the future.

(Enacted by Acts 2005, 79th Leg., ch. 1008 (H.B. 867), § 1.01, effective September 1, 2005.)

Art. 62.354. Motion, Hearing, and Order Concerning Person Required to Register Because of Out-of-State Adjudication.

(a) A person required to register as a sex offender in this state because of an out-of-state adjudication of delinquent conduct may file in the juvenile court of the person's county of residence a petition under Article 62.351 for an order exempting the person from registration under this chapter.

(b) If the person is already registered as a sex offender in this state because of an out-of-state adjudication of delinquent conduct, the person may file in the juvenile court of the person's county of residence a petition under Article 62.353 for an order removing the person from sex offender registries in this state.

(c) On receipt of a petition under this article, the juvenile court shall conduct a hearing and make rulings as in other cases under this subchapter.

(d) An order entered under this article requiring removal of registration information applies only to registration information derived from registration in this state.

(Enacted by Acts 2005, 79th Leg., ch. 1008 (H.B. 867), § 1.01, effective September 1, 2005.)

Art. 62.355. Waiver of Hearing.

(a) The prosecuting attorney may waive the state's right to a hearing under this subchapter and agree that registration under this chapter is not required. A waiver under this subsection must state whether the waiver is entered under a plea agreement.

(b) If the waiver is entered under a plea agreement, the court, without a hearing, shall:

(1) enter an order exempting the respondent from registration under this chapter; or

(2) under Section 54.03(j), Family Code, inform the respondent that the court believes a hearing under this article is required and give the respondent the opportunity to:

(A) withdraw the respondent's plea of guilty, nolo contendere, or true; or

(B) affirm the respondent's plea and participate in the hearing.

(c) If the waiver is entered other than under a plea agreement, the court, without a hearing, shall enter an order exempting the respondent from registration under this chapter.

(Enacted by Acts 2005, 79th Leg., ch. 1008 (H.B. 867), § 1.01, effective September 1, 2005.)

Art. 62.356. Effect of Certain Orders.

(a) Except as provided by Subsection (b), a petition may not be supplemented, modified, or amended on or after the date it is received by the authority with whom it is required to be filed unless expressly authorized by law.

(b) If a petition is required to be filed by a specified deadline, the petitioner may file one supplementary petition by that deadline if the original petition contains a number of signatures that exceeds the required minimum number by 10 percent or more and is received by the authority with whom it is required to be filed not later than the 10th day before the date of the deadline. The authority shall notify the petitioner as to the sufficiency of the petition not later than the fifth regular business day after the date of its receipt.

If the signatures on a petition circulated on a statewide basis are to be verified by the secretary of state, the sample prescribed by Section 141.069 applies to the petition rather than the sample prescribed by this section.

(Enacted by Acts 1987, 70th Leg., ch. 54 (S.B. 280), § 16(c), effective September 1, 1987.)

Sec. 277.004. Effect of City Charter or Ordinance.

(b) The responsibility of a health care provider to provide information to a person consenting to immunization is the same as the provider's responsibility to a parent.

(b) A person consenting to immunization of a child, a physician, nurse, or other health care provider, or a public health clinic, hospital, or other medical facility is not liable for damages arising from an immunization administered to a child authorized under this subchapter except for injuries resulting from the person's or facility's own acts of negligence.

Sec. 51.03. Delinquent Conduct; Conduct Indicating a Need for Supervision.

(a) Delinquent conduct is:

(1) conduct, other than a traffic offense, that violates a penal law of this state or of the United States punishable by imprisonment or by confinement in jail;

(2) conduct that violates a lawful order of a court under circumstances that would constitute contempt of that court in:

(A) a justice or municipal court; or

(B) a county court for conduct punishable only by a fine;

(3) conduct that violates Section 49.04, 49.05, 49.06, 49.07, or 49.08, Penal Code; or

(4) conduct that violates Section 106.041, Alcoholic Beverage Code, relating to driving under the influence of alcohol by a minor (third or subsequent offense).

(b) Conduct indicating a need for supervision is:

(1) subject to Subsection (f), conduct, other than a traffic offense, that violates:

(A) the penal laws of this state of the grade of misdemeanor that are punishable by fine only; or

(B) the penal ordinances of any political subdivision of this state;

(2) the absence of a child on 10 or more days or parts of days within a six-month period in the same school year or on three or more days or parts of days within a four-week period from school;

(3) the voluntary absence of a child from the child's home without the consent of the child's parent or guardian for a substantial length of time or without intent to return;

(8) notwithstanding Subsection (a)(1), conduct that violates Section 43.261, Penal Code.

(c) Nothing in this title prevents criminal proceedings against a child for perjury.

(d) It is an affirmative defense to an allegation of conduct under Subsection (b)(2) that one or more of the absences required to be proven under that subsection have been excused by a school official or by the court or that one or more of the absences were involuntary, but only if there is an insufficient number of unexcused or voluntary absences remaining to constitute conduct under Subsection (b)(2). The burden is on the respondent to show by a preponderance of the evidence that the absence has been or should be excused or that the absence was involuntary. A decision by the court to excuse an absence for purposes of this subsection does not affect the ability of the school district to determine whether to excuse the absence for another purpose.

(e) For the purposes of Subsection (b)(3), "child" does not include a person who is married, divorced, or widowed.

(e-1) Notwithstanding any other law, for purposes of conduct described by Subsection (b)(2), "child" means a person who is:

(3) required to attend school under Section 25.085, Education Code.

(f) Except as provided by Subsection (g), conduct described under Subsection (b)(1) does not constitute conduct indicating a need for supervision unless the child has been referred to the juvenile court under Section 51.08(b).

(g) In a county with a population of less than 100,000, conduct described by Subsection (b)(1)(A) that violates Section 25.094, Education Code, is conduct indicating a need for supervision.

(Enacted by Acts 1973, 63rd Leg., ch. 544 (S.B. 111), § 1, effective September 1, 1973; am. Acts 1975, 64th Leg., ch. 693 (S.B. 247), §§ 2-4, effective September 1, 1975; am. For the purposes of this section, conduct occurs before the effective date of this Act if any element of the conduct occurred before that date."

Sec. 51.04. Jurisdiction.

(a) This title covers the proceedings in all cases involving the delinquent conduct or conduct indicating a need for supervision engaged in by a person who was a child within the meaning of this title at the time the person engaged in the conduct, and, except as provided by Subsection (h), the juvenile court has exclusive original jurisdiction over proceedings under this title.

(b) In each county, the county's juvenile board shall designate one or more district, criminal district, domestic relations, juvenile, or county courts or county courts at law as the juvenile court, subject to Subsections (c), (d), and (i).

(c) If the county court is designated as a juvenile court, at least one other court shall be designated as the juvenile court. A county court does not have jurisdiction of a proceeding involving a petition approved by a grand jury under Section 53.045 of this code.

(d) If the judge of a court designated in Subsection (b) or (c) of this section is not an attorney licensed in this state, there shall also be designated an alternate court, the judge of which is an attorney licensed in this state.

(e) A designation made under Subsection (b), (c), or (i) may be changed from time to time by the authorized boards or judges for the convenience of the people and the welfare of children. However, there must be at all times a juvenile court designated for each county. It is the intent of the legislature that in selecting a court to be the juvenile court of each county, the selection shall be made as far as practicable so that the court designated as the juvenile court will be one which is presided over by a judge who has a sympathetic understanding of the problems of child welfare and that changes in the designation of juvenile courts be made only when the best interest of the public requires it.

(f) If the judge of the juvenile court or any alternate judge named under Subsection (b) or (c) is not in the county or is otherwise unavailable, any magistrate may make a determination under Section 53.02(f) or may conduct the detention hearing provided for in Section 54.01.

(g) The juvenile board may appoint a referee to make determinations under Section 53.02(f) or to conduct hearings under this title. The referee shall be an attorney licensed to practice law in this state and shall comply with Section 54.10. Payment of any referee services shall be provided from county funds.

(h) In a county with a population of less than 100,000, the juvenile court has concurrent jurisdiction with the justice and municipal courts over conduct engaged in by a child that violates Section 25.094, Education Code.

(i) If the court designated as the juvenile court under Subsection (b) does not have jurisdiction over proceedings under Subtitle E, Title 5, the county's juvenile board may designate at least one other court that does have jurisdiction over proceedings under Subtitle E, Title 5, as a juvenile court or alternative juvenile court.

of this Act is covered by the law in effect at the time the conduct occurred, and the former law is continued in effect for that purpose. For the purposes of this section, conduct occurs before the effective date of this Act if any element of the conduct occurred before that date."

Sec. 51.08. Transfer from Criminal Court.

(d) A court that has implemented a juvenile case manager program under Article 45.056, Code of Criminal Procedure, may, but is not required to, waive its original jurisdiction under Subsection (b)(1)(B).

(e) A juvenile court may not refuse to accept the transfer of a case brought under Section 25.094, Education Code, for a child described by Subsection (b)(1) if a prosecuting attorney for the court determines under Section 53.012 that the case is legally sufficient under Section 53.01 for adjudication in juvenile court.

(f) A court shall waive original jurisdiction for a complaint against a child alleging a violation of a misdemeanor offense punishable by fine only, other than a traffic offense, and refer the child to juvenile court if the court or another court has previously dismissed a complaint against the child under Section 8.08, Penal Code.

(d) Unless the juvenile board approves a written procedure proposed by the office of prosecuting attorney and chief juvenile probation officer which provides otherwise, if it is determined that the person is a child and, regardless of a finding of probable cause, or a lack thereof, there is an allegation that the child engaged in delinquent conduct of the grade of felony, or conduct constituting a misdemeanor offense involving violence to a person or the use or possession of a firearm, illegal knife, or club, as those terms are defined by Section 46.01, Penal Code, or prohibited weapon, as described by Section 46.05, Penal Code, the case shall be promptly forwarded to the office of the prosecuting attorney, accompanied by:

(b) If the prosecuting attorney does not file a petition requesting the adjudication of the child referred to the prosecuting attorney, the prosecuting attorney shall:

(1) terminate all proceedings, if the reason is for lack of probable cause; or

(2) return the referral to the juvenile probation department for further proceedings.

(c) The juvenile probation department shall promptly refer a child who has been returned to the department under Subsection (b)(2) and who fails or refuses to participate in a program of the department to the prosecuting attorney for review of the child's case and determination of whether to file a petition.

A waiver of jurisdiction under this subsection may be for an individual case or for all cases in which a child is alleged to have engaged in conduct described in Section 51.03(b)(2). The waiver of a juvenile court's exclusive original jurisdiction for all cases in which a child is alleged to have engaged in conduct described in Section 51.03(b)(2) is effective for a period of one year.

(b) A county, justice, or municipal court may exercise jurisdiction over a person alleged to have engaged in conduct indicating a need for supervision by engaging in conduct described in Section 51.03(b)(2) in a case where:

(1) the person is 12 years of age or older;

STATUTORY NOTES

Applicability. — Acts 2011, 82nd Leg., ch. 1098 (S.B. 1489), § 17 provides: "The change in law made by this Act applies only to conduct that occurs on or after the effective date of this Act [September 1, 2011]. Sec. 54.041. Orders Affecting Parents and Others.

(a) When a child has been found to have engaged in delinquent conduct or conduct indicating a need for supervision and the juvenile court has made a finding that the child is in need of rehabilitation or that the protection of the public or the child requires that disposition be made, the juvenile court, on notice by any reasonable method to all persons affected, may:

(1) order any person found by the juvenile court to have, by a wilful act or omission, contributed to, caused, or encouraged the child's delinquent conduct or conduct indicating a need for supervision to do any act that the juvenile court determines to be reasonable and necessary for the welfare of the child or to refrain from doing any act that the juvenile court determines to be injurious to the welfare of the child;

(2) enjoin all contact between the child and a person who is found to be a contributing cause of the child's delinquent conduct or conduct indicating a need for supervision;

(3) after notice and a hearing of all persons affected order any person living in the same household with the child to participate in social or psychological counseling to assist in the rehabilitation of the child and to strengthen the child's family environment; or

(4) after notice and a hearing of all persons affected order the child's parent or other person responsible for the child's support to pay all or part of the reasonable costs of treatment programs in which the child is required to participate during the period of probation if the court finds the child's parent or person responsible for the child's support is able to pay the costs.

(b) If a child is found to have engaged in delinquent conduct or conduct indicating a need for supervision arising from the commission of an offense in which property damage or loss or personal injury occurred, the juvenile court, on notice to all persons affected and on hearing, may order the child or a parent to make full or partial restitution to the victim of the offense. The program of restitution must promote the rehabilitation of the child, be appropriate to the age and physical, emotional, and mental abilities of the child, and not conflict with the child's schooling. When practicable and subject to court supervision, the court may approve a restitution program based on a settlement between the child and the victim of the offense. An order under this subsection may provide for periodic payments by the child or a parent of the child for the period specified in the order but except as provided by Subsection (h), that period may not extend past the date of the 18th birthday of the child or past the date the child is no longer enrolled in an accredited secondary school in a program leading toward a high school diploma, whichever date is later.

(c) Restitution under this section is cumulative of any other remedy allowed by law and may be used in addition to other remedies; except that a victim of an offense is not entitled to receive more than actual damages under a juvenile court order.

(d) A person subject to an order proposed under Subsection (a) of this section is entitled to a hearing on the order before the order is entered by the court.

(e) An order made under this section may be enforced as provided by Section 54.07 of this code.

(f) If a child is found to have engaged in conduct indicating a need for supervision described under Section 51.03(b)(2) or (g), the court may order the child's parents or guardians to attend a program described by Section 25.093(f), Education Code, if a program is available.

(g) On a finding by the court that a child's parents or guardians have made a reasonable good faith effort to prevent the child from engaging in delinquent conduct or engaging in conduct indicating a need for supervision and that, despite the parents' or guardians' efforts, the child continues to engage in such conduct, the court shall waive any requirement for restitution that may be imposed on a parent under this section.

(h) If the juvenile court places the child on probation in a determinate sentence proceeding initiated under Section 53.045 and transfers supervision on the child's 19th birthday to a district court for placement on community supervision, the district court shall require the payment of any unpaid restitution as a condition of the community supervision. The liability of the child's parent for restitution may not be extended by transfer to a district court for supervision.

Sec. 54.05. Hearing to Modify Disposition.

(a) Except as provided by Subsection (a-1), any disposition, except a commitment to the Texas Youth Commission, may be modified by the juvenile court as provided in this section until:

(1) the child reaches:

(A) the child's 18th birthday; or

(B) the child's 19th birthday, if the child was placed on determinate sentence probation under Section 54.04(q); or

(2) the child is earlier discharged by the court or operation of law.

(a-1) A disposition regarding conduct under Section 51.03(b)(2) may be modified by the juvenile court as provided by this section until the expiration of the period described by Section 54.0402.

(b) **[2 Versions: Effective Until December 1, 2013]** Except as provided by Subsection (a-1), any disposition, except a commitment to the Texas Youth Commission, may be modified by the juvenile court as provided in this section until:

(b) **[2 Versions: Effective December 1, 2013]** Except for a commitment to the Texas Juvenile Justice Department or to a post-adjudication secure correctional facility under Section 54.04011, a disposition under Section 54.0402, or a placement on determinate sentence probation under Section 54.04(q), all dispositions automatically terminate when the child reaches the child's 18th birthday.

(c) There is no right to a jury at a hearing to modify disposition.

(d) A hearing to modify disposition shall be held on the petition of the child and his parent, guardian, guardian ad litem, or attorney, or on the petition of the state, a probation officer, or the court itself. Reasonable notice of a hearing to modify disposition shall be given to all parties.

(e) After the hearing on the merits or facts, the court may consider written reports from probation officers, professional court employees, or professional consultants in addition to the testimony of other witnesses. On or before the second day before the date of the hearing to modify disposition, the court shall provide the attorney for the child and the prosecuting attorney with access to all written matter to be considered by the court in deciding whether to modify disposition. The court may order counsel not to reveal items to the child or his parent, guardian, or guardian ad litem if such disclosure would materially harm the treatment and rehabilitation of the child or would substantially decrease the likelihood of receiving information from the same or similar sources in the future.

(f) **[2 Versions: Effective Until December 1, 2013]** Except as provided by Subsection (j), a disposition based on a finding that the child engaged in delinquent conduct that violates a penal law of this state or the United States of the grade of felony may be modified so as to commit the child to the Texas Youth Commission if the court after a hearing to modify disposition finds by a preponderance of the evidence that the child violated a reasonable and lawful order of the court. A disposition based on a finding that the child engaged in habitual felony conduct as described by Section 51.031 or in delinquent conduct that included a violation of a penal law listed in Section 53.045(a) may be modified to commit the child to the Texas Youth Commission with a possible transfer to the Texas Department of Criminal Justice for a definite term prescribed by Section 54.04(d)(3) if the original petition was approved by the grand jury under Section 53.045 and if after a hearing to modify the disposition the court finds that the child violated a reasonable and lawful order of the court.

(f) **[2 Versions: Effective December 1, 2013]** Except as provided by Subsection (j), a disposition based on a finding that the child engaged in delinquent conduct that violates a penal law of this state or the United States of the grade of felony may be modified so as to commit the child to the Texas Juvenile Justice Department or, if applicable, a post-adjudication secure correctional facility operated under Section 152.0016, Human Resources Code, if the court after a hearing to modify disposition finds by a preponderance of the evidence that the child violated a reasonable and lawful order of the court. A disposition based on a finding that the child engaged in habitual felony conduct as described by Section 51.031 or in delinquent conduct that included a violation of a penal law listed in Section 53.045(a) may be modified to commit the child to the Texas Juvenile Justice Department or, if applicable, a post-adjudication secure correctional facility operated under Section 152.0016, Human Resources Code, with a possible transfer to the Texas Department of Criminal Justice for a definite term prescribed by, as applicable, Section 54.04(d)(3)

or Section 152.0016(g), Human Resources Code, if the original petition was approved by the grand jury under Section 53.045 and if after a hearing to modify the disposition the court finds that the child violated a reasonable and lawful order of the court.

(g) Except as provided by Subsection (j), a disposition based solely on a finding that the child engaged in conduct indicating a need for supervision may not be modified to commit the child to the Texas Youth Commission. A new finding in compliance with Section 54.03 must be made that the child engaged in delinquent conduct that meets the requirements for commitment under Section 54.04.

(h) A hearing shall be held prior to placement in a post-adjudication secure correctional facility for a period longer than 30 days or commitment to the Texas Youth Commission as a modified disposition. In other disposition modifications, the child and the child's parent, guardian, guardian ad litem, or attorney may waive hearing in accordance with Section 51.09.

(i) The court shall specifically state in the order its reasons for modifying the disposition and shall furnish a copy of the order to the child.

(j) **[2 Versions: Effective Until December 1, 2013]** If, after conducting a hearing to modify disposition without a jury, the court finds by a preponderance of the evidence that a child violated a reasonable and lawful condition of probation ordered under Section 54.04(q), the court may modify the disposition to commit the child to the Texas Youth Commission under Section 54.04(d)(3) for a term that does not exceed the original sentence assessed by the court or jury.

(j) **[2 Versions: Effective December 1, 2013]** If, after conducting a hearing to modify disposition without a jury, the court finds by a preponderance of the evidence that a child violated a reasonable and lawful condition of probation ordered under Section 54.04(q), the court may modify the disposition to commit the child to the Texas Juvenile Justice Department under Section 54.04(d)(3) or, if applicable, a post-adjudication secure correctional facility operated under Section 152.0016, Human Resources Code, for a term that does not exceed the original sentence assessed by the court or jury.

(k) [Repealed by Acts 2007, 80th Leg., ch. 263 (S.B. 103), § 64(2), effective June 8, 2007.]

(*l*) The court may extend a period of probation under this section at any time during the period of probation or, if a motion for revocation or modification of probation is filed before the period of supervision ends, before the first anniversary of the date on which the period of probation expires.

(m) **[2 Versions: Effective Until December 1, 2013]** If the court places the child on probation outside the child's home or commits the child to the Texas Youth Commission, the court:

(1) shall include in the court's order a determination that:

(A) it is in the child's best interests to be placed outside the child's home;

(B) reasonable efforts were made to prevent or eliminate the need for the child's removal from the child's home and to make it possible for the child to return home; and

(C) the child, in the child's home, cannot be provided the quality of care and level of support and supervision that the child needs to meet the conditions of probation; and

(2) may approve an administrative body to conduct a permanency hearing pursuant to 42 U.S.C. Section 675 if required during the placement or commitment of the child.

(m) **[2 Versions: Effective December 1, 2013]** If the court places the child on probation outside the child's home or commits the child to the Texas Juvenile Justice Department or to a post-adjudication secure correctional facility operated under Section 152.0016, Human Resources Code, the court:

(1) shall include in the court's order a determination that:

(A) it is in the child's best interests to be placed outside the child's home;

(B) reasonable efforts were made to prevent or eliminate the need for the child's removal from the child's home and to make it possible for the child to return home; and

(C) the child, in the child's home, cannot be provided the quality of care and level of support and supervision that the child needs to meet the conditions of probation; and

(2) may approve an administrative body to conduct a permanency hearing pursuant to 42 U.S.C. Section 675 if required during the placement or commitment of the child.

Sec. 261.110. Employer Retaliation Prohibited.

(a) In this section, "professional" has the meaning assigned by Section 261.101(b).

(1) reports child abuse or neglect to:

(A) the person's supervisor;

(B) an administrator of the facility where the person is employed;

(C) a state regulatory agency; or

(D) a law enforcement agency; or

(2) initiates or cooperates with an investigation or proceeding by a governmental entity relating to an allegation of child abuse or neglect.

(c) A person whose employment is suspended or terminated or who is otherwise discriminated against in violation of this section may sue for injunctive relief, damages, or both.

(d) A plaintiff who prevails in a suit under this section may recover:

(1) actual damages, including damages for mental anguish even if an injury other than mental anguish is not shown;

(2) exemplary damages under Chapter 41, Civil Practice and Remedies Code, if the employer is a private employer;

(3) court costs; and

(4) reasonable attorney's fees.

(e) In addition to amounts recovered under Subsection (d), a plaintiff who prevails in a suit under this section is entitled to:

(1) reinstatement to the person's former position or a position that is comparable in terms of compensation, benefits, and other conditions of employment;

(2) reinstatement of any fringe benefits and seniority rights lost because of the suspension, termination, or discrimination; and

(3) compensation for wages lost during the period of suspension or termination.

(f) A public employee who alleges a violation of this section may sue the employing state or local governmental entity for the relief provided for by this section. Sovereign immunity is waived and abolished to the extent of liability created by this section. A person having a claim under this section

may sue a governmental unit for damages allowed by this section.

(g) In a suit under this section against an employing state or local governmental entity, a plaintiff may not recover compensatory damages for future pecuniary losses, emotional pain, suffering, inconvenience, mental anguish, loss of enjoyment of life, and other nonpecuniary losses in an amount that exceeds:

(i) A plaintiff suing under this section has the burden of proof, except that there is a rebuttable presumption that the plaintiff's employment was suspended or terminated or that the plaintiff was otherwise discriminated against for reporting abuse or neglect if the suspension, termination, or discrimination occurs before the 61st day after the date on which the person made a report in good faith.

(j) A suit under this section may be brought in a district or county court of the county in which:

(1) the plaintiff was employed by the defendant; or

(2) the defendant conducts business.

(k) It is an affirmative defense to a suit under Subsection (b) that an employer would have taken the action against the employee that forms the basis of the suit based solely on information, observation, or evidence that is not related to the fact that the employee reported child abuse or neglect or initiated or cooperated with an investigation or proceeding relating to an allegation of child abuse or neglect.

(*l*) A public employee who has a cause of action under Chapter 554, Government Code, based on conduct described by Subsection (b) may not bring an action based on that conduct under this section.

(b) The refusal of a parent, guardian, or managing or possessory conservator of a child to administer or consent to the administration of a psychotropic drug to the child, or to consent to any other psychiatric or psychological treatment of the child, does not by itself constitute neglect of the child unless the refusal to consent:

(1) presents a substantial risk of death, disfigurement, or bodily injury to the child; or

(2) has resulted in an observable and material impairment to the growth, development, or functioning of the child.

(Enacted by Acts 2003, 78th Leg., ch. 1008 (H.B. 320), § 3, effective June 20, 2003.)

(a) With assistance from the appropriate state or local law enforcement agency as provided by this section, the department or designated agency shall make a prompt and thorough investigation of a report of child abuse or neglect allegedly committed by a person responsible for a child's care, custody, or welfare. The investigation shall be conducted without regard to any pending suit affecting the parent-child relationship.

(b) A state agency shall investigate a report that alleges abuse or neglect occurred in a facility operated, licensed, certified, or registered by that agency as provided by Subchapter E. In conducting an investigation for a facility operated, licensed, certified, registered, or listed by the department, the department shall perform the investigation as provided by:

(1) Subchapter E; and

(2) the Human Resources Code.

(c) The department is not required to investigate a report that alleges child abuse or neglect by a person other than a person responsible for a child's care, custody, or welfare. The appropriate state or local law enforcement agency shall investigate that report if the agency determines an investigation should be conducted.

(d) The department shall by rule assign priorities and prescribe investigative procedures for investigations based on the severity and immediacy of the alleged harm to the child. The primary purpose of the investigation shall be the protection of the child. The rules must require the department, subject to the availability of funds, to:

(1) immediately respond to a report of abuse and neglect that involves circumstances in which the death of the child or substantial bodily harm to the child would result unless the department immediately intervenes;

(2) respond within 24 hours to a report of abuse and neglect that is assigned the highest priority, other than a report described by Subdivision (1); and

(3) respond within 72 hours to a report of abuse and neglect that is assigned the second highest priority.

(e) As necessary to provide for the protection of the child, the department or designated agency shall determine:

(1) the nature, extent, and cause of the abuse or neglect;

(2) the identity of the person responsible for the abuse or neglect;

(3) the names and conditions of the other children in the home;

(4) an evaluation of the parents or persons responsible for the care of the child;

(5) the adequacy of the home environment;

(6) the relationship of the child to the persons responsible for the care, custody, or welfare of the child; and

(7) all other pertinent data.

(f) An investigation of a report to the department that alleges that a child has been or may be the victim of conduct that constitutes a criminal offense that poses an immediate risk of physical or sexual abuse of a child that could result in the death of or serious harm to the child shall be conducted jointly by a peace officer, as defined by Article 2.12, Code of Criminal Procedure, from the appropriate local law enforcement agency and the department or the agency responsible for conducting an investigation under Subchapter E.

(g) The inability or unwillingness of a local law enforcement agency to conduct a joint investigation under this section does not constitute grounds to prevent or prohibit the department from performing its duties under this subtitle. The department shall document any instance in which a law enforcement agency is unable or unwilling to conduct a joint investigation under this section.

(h) The department and the appropriate local law enforcement agency shall conduct an investigation, other than an investigation under Subchapter E, as provided by this section and Article 2.27, Code of Criminal Procedure, if the investigation is of a report that alleges that a child has been or may be the victim of conduct that constitutes a criminal offense that poses an immediate risk of physical or sexual abuse of a child that could result in the death of or serious harm to the child. Immediately on receipt of a report described by this subsection, the department shall notify the appropriate local law enforcement agency of the report.

Sec. 261.3011. Joint Investigation Guidelines and Training.

(a) The department shall, in consultation with the appropriate law enforcement agencies, develop guidelines and protocols for joint investigations by the department and the law enforcement agency under Section 261.301. The guidelines and protocols must:

(1) clarify the respective roles of the department and law enforcement agency in conducting the investigation;

(2) require that mutual child protective services and law enforcement training and agreements be implemented by both entities to ensure the integrity and best outcomes of joint investigations; and

(3) incorporate the use of forensic methods in determining the occurrence of child abuse and neglect.

(b) The department shall collaborate with law enforcement agencies to provide to department investigators and law enforcement officers responsible for investigating reports of abuse and neglect joint training relating to methods to effectively conduct joint investigations under Section 261.301. The training must include information on interviewing techniques, evidence gathering, and testifying in court for criminal investigations, as well as instruction on rights provided by the Fourth Amendment to the United States Constitution.

(Enacted by Acts 2005, 79th Leg., ch. 268 (S.B. 6), § 1.17, effective September 1, 2005.)

Sec. 261.3012. Completion of Paperwork.

An employee of the department who responds to a report that is assigned the highest priority in accordance with department rules adopted under Section 261.301(d) shall identify, to the extent reasonable under the circumstances, forms and other paperwork that can be completed by members of the family of the child who is the subject of the report. The department employee shall request the assistance of the child's family members in completing that documentation but remains responsible for ensuring that the documentation is completed in an appropriate manner.

(Enacted by Acts 2005, 79th Leg., ch. 55 (H.B. 802), § 1, effective May 17, 2005; enacted by Acts 2005, 79th Leg., ch. 268 (S.B. 6), § 1.18, effective September 1, 2005.)

Sec. 261.3013. Case Closure Agreements Prohibited.

(a) Except as provided by Subsection (b), on closing a case, the department may not enter into a written agreement with a child's parent or another adult with whom the child resides that requires the parent or other adult to take certain actions after the case is closed to ensure the child's safety.

(b) This section does not apply to an agreement that is entered into by a parent or other adult:

(1) following the removal of a child and that is subject to the approval of a court with continuing jurisdiction over the child;

(2) as a result of the person's participation in family group conferencing; or

(3) as part of a formal case closure plan agreed to by the person who will continue to care for a child as a result of a parental child safety placement.

(c) The department shall develop policies to guide caseworkers in the development of case closure agreements authorized under Subsections (b)(2) and (3).

(Enacted by Acts 2011, 82nd Leg., ch. 1124 (S.B. 218), § 1, effective September 1, 2011.)

Sec. 261.3015. Flexible Response System.

(a) In assigning priorities and prescribing investigative procedures based on the severity and immediacy of the alleged harm to a child under Section 261.301(d), the department shall establish a flexible response system to allow the department to make the most effective use of resources to investigate and respond to reported cases of abuse and neglect.

(b) Notwithstanding Section 261.301, the department may, in accordance with this section and department rules, conduct an alternative response to a report of abuse or neglect if the report does not:

(1) allege sexual abuse of a child;

(2) allege abuse or neglect that caused the death of a child; or

(3) indicate a risk of serious physical injury or immediate serious harm to a child.

(c) The department may administratively close a reported case of abuse or neglect without completing the investigation or alternative response and without providing services or making a referral to another entity for assistance if the department determines, after contacting a professional or other credible source, that the child's safety can be assured without further investigation, response, services, or assistance.

(d) In determining how to classify a reported case of abuse or neglect under the flexible response system, the child's safety is the primary concern.

The classification of a case may be changed as warranted by the circumstances.

(e) An alternative response to a report of abuse or neglect must include:

(1) a safety assessment of the child who is the subject of the report;

(2) an assessment of the child's family; and

(3) in collaboration with the child's family, identification of any necessary and appropriate service or support to reduce the risk of future harm to the child.

(f) An alternative response to a report of abuse or neglect may not include a formal determination of whether the alleged abuse or neglect occurred.

(g) The department may implement the alternative response in one or more of the department's administrative regions before implementing the system statewide. The department shall study the results of the system in the regions where the system has been implemented in determining the method by which to implement the system statewide.

(Enacted by Acts 1997, 75th Leg., ch. 1022 (S.B. 359), § 71, effective September 1, 1997; am. Acts 2005, 79th Leg., ch. 268 (S.B. 6), § 1.19(a), effective September 1, 2005; am. Acts 2013, 83rd Leg., ch. 420 (S.B. 423), § 1, effective September 1, 2013.)

Sec. 261.3016. Training of Personnel Receiving Reports of Abuse and Neglect.

The department shall develop, in cooperation with local law enforcement officials and the Commission on State Emergency Communications, a training program for department personnel who receive reports of abuse and neglect. The training program must include information on:

(1) the proper methods of screening reports of abuse and neglect; and

(2) ways to determine the seriousness of a report, including determining whether a report alleges circumstances that could result in the death of or serious harm to a child or whether the report is less serious in nature.

(Enacted by Acts 2005, 79th Leg., ch. 54 (H.B. 801), § 1, effective September 1, 2005; enacted by Acts 2005, 79th Leg., ch. 268 (S.B. 6), § 1.20, effective September 1, 2005.)

Sec. 261.3019. Pilot Programs for Investigations of Child Abuse [Expired].

Expired pursuant to Acts 1997, 75th Leg., ch. 1022 (S.B. 359), § 72, effective September 1, 2001.

(Enacted by Acts 1997, 75th Leg., ch. 1022 (S.B. 359), § 72, effective September 1, 1997; am. Acts 1999, 76th Leg., ch. 907 (H.B. 2170), § 38, effective September 1, 1999.)

Sec. 261.302. Conduct of Investigation.

(a) The investigation may include:

(1) a visit to the child's home, unless the alleged abuse or neglect can be confirmed or clearly ruled out without a home visit; and

(2) an interview with and examination of the subject child, which may include a medical, psychological, or psychiatric examination.

(b) The interview with and examination of the child may:

(1) be conducted at any reasonable time and place, including the child's home or the child's school;

(2) include the presence of persons the department or designated agency determines are necessary; and

(3) include transporting the child for purposes relating to the interview or investigation.

(b-1) Before the department may transport a child as provided by Subsection (b)(3), the department shall attempt to notify the parent or other person having custody of the child of the transport.

(c) The investigation may include an interview with the child's parents and an interview with and medical, psychological, or psychiatric examination of any child in the home.

(d) If, before an investigation is completed, the investigating agency believes that the immediate removal of a child from the child's home is necessary to protect the child from further abuse or neglect, the investigating agency shall file a petition or take other action under Chapter 262 to provide for the temporary care and protection of the child.

(e) An interview with a child conducted by the department during the investigation stage shall be audiotaped or videotaped. An interview with a child alleged to be a victim of physical abuse or sexual abuse conducted by an investigating agency other than the department shall be audiotaped or videotaped unless the investigating agency determines that good cause exists for not audiotaping or videotaping the interview in accordance with rules of the agency. Good cause may include, but is not limited to, such considerations as the age of the child and the nature and seriousness of the allegations under investigation. Nothing in this subsection shall be construed as prohibiting the investigating agency from audiotaping or videotaping an interview of a child on any case for which such audiotaping or videotaping is not required under this subsection. The fact that the investigating agency failed to audiotape or videotape an interview is admissible at the trial of the offense that is the subject of the interview.

(f) A person commits an offense if the person is notified of the time of the transport of a child by the department and the location from which the transport is initiated and the person is present at the location when the transport is initiated and attempts to interfere with the department's investigation. An offense under this subsection is a Class B misdemeanor. It is an exception to the application of this subsection that the department requested the person to be present at the site of the transport.

(Enacted by Acts 1995, 74th Leg., ch. 20 (H.B. 655), § 1, effective April 20, 1995; am. Acts 1995, 74th Leg., ch. 751 (H.B. 433), § 95, effective September 1, 1995; am. Sec. 261.3021. Casework Documentation and Management.

Subject to the appropriation of money for these purposes, the department shall:

(1) identify critical investigation actions that impact child safety and require department caseworkers to document those actions in a child's case file not later than the day after the action occurs;

(2) identify and develop a comprehensive set of casework quality indicators that must be reported in real time to support timely management oversight;

(3) provide department supervisors with access to casework quality indicators and train department supervisors on the use of that information in the daily supervision of caseworkers;

(4) develop a case tracking system that notifies department supervisors and management when a case is not progressing in a timely manner;

(5) use current data reporting systems to provide department supervisors and management with easier access to information; and

(6) train department supervisors and management on the use of data to monitor cases and make decisions.

(Enacted by Acts 2005, 79th Leg., ch. 268 (S.B. 6), § 1.22, effective September 1, 2005.)

Sec. 261.3022. Child Safety Check Alert List.

(a) Subject to the availability of funds, the Department of Public Safety of the State of Texas shall create a child safety check alert list as part of the Texas Crime Information Center to help locate a family for purposes of investigating a report of child abuse or neglect.

(b) If the child safety check alert list is established and the department is unable to locate a family for purposes of investigating a report of child abuse or neglect, after the department has exhausted all means available to the department for locating the family, the department may seek assistance under this section from the appropriate county attorney, district attorney, or criminal district attorney with responsibility for representing the department as provided by Section 264.009.
