FOREWORD

Over the course of the past several years, the hard work of Texas students and educators – coupled with our state's commitment to rigor in the classroom – has resulted in some remarkable successes and improvements:

- The high school on-time graduation rate set an all-time high (87.7 percent) for the Class of 2012, besting the Class of 2011 rate – which was third highest high school graduation rate in the country.
- The 2013 composite ACT score for all Texas students taking the college admissions test hit a new high.
- In 2012, performance on Advanced Placement (AP) exams increased in all subgroups and outpaced growth in the number of students taking exams.
- Texas students in every major ethnic group significantly outscored their peers nationally on the eighth-grade National Assessment of Educational Progress (NAEP) science test in 2011.
- Texas Hispanic and African-American students earned the second highest score among their peer groups on the 2011 eighth-grade NAEP mathematics test.

Despite changing demographics in our classrooms and districts, the trends in education have, for the most part, been positive. However, in a state where more than 60 percent of our students are economically disadvantaged and more than 60 percent are Hispanic and African-American, continued improvements to close the achievement gap must remain our highest priority. The commitment should continue to be offering every child in every classroom in every district and charter across Texas a strong education.

The 83rd Texas Legislature passed more than one hundred bills that will impact the state's five million students in the years ahead. House Bill 5 made significant changes to the graduation requirements for Texas students, dramatically reducing the number of tests required to graduate, and eliminating the Minimum, Recommended, and Distinguished High School Programs in favor of a Foundation High School Program and a number of endorsements related to students' interests. Senate Bill 2 expanded the cap on the number of charter schools and transferred the authority to grant new charters from the State Board of Education to the Commissioner of Education.

While the Texas Education Agency and the State Board of Education have much work ahead in implementing the new legislative requirements, the most difficult work will remain with the students, educators, and parents working together in classrooms across the state. It is their efforts that will determine whether we can build on the state's recent successes in providing better educations for our students to close the achievement gap and meet the challenges of tomorrow.

Michael Williams
Commissioner of Education

Postsecondary success has been a pivotal focus of education in Texas over the past several years, if not decades. Public education continues to evolve to meet a growing demand for postsecondary-ready graduates with the academic background and the career and technical skills needed for success in the rapidly changing economy. The 83rd Legislature sought to incorporate flexibility and choice in the public education system to provide students with a broader range of rigorous education options that better meet their individual needs.

During session, legislators responded to growing demand from parents and the business community to reduce an overemphasis on testing and build flexibility into graduation plans for students. House Bill 5 restructures graduation plans, providing for a foundation diploma and five different endorsement options. This legislation maintains a high standard for academic success, while allowing students greater flexibility to select courses that align with their personal interests and goals. In addition, the number of state assessments was reduced, allowing educators and students to spend more time focused on teaching and learning.

This session also focused on providing students additional educational options. Senate Bill 2 authorizes a limited expansion of charter schools, and incorporates new standards to ensure only the highest quality charters serve students in Texas. In addition, House Bill 1926 expands educational options for Texas students by enabling any public school student to take up to three online courses per academic year. It streamlines course offerings and provides additional quality virtual courses to all Texas students. House Bill 2694 and Senate Bill 1365 also provide students a greater range of options to demonstrate mastery of a course and enables students to move ahead in courses or grade levels.

Given the national dialogue on student safety issues, legislators provided districts with support in this critical area. Senate Bill 1541 addresses student conduct issues on school buses, while House Bill 1009 enables districts and charters to appoint a certified school marshal for every 400 students. This important legislation provides an additional tool for districts to respond quickly to security issues with trained individuals.

Additionally, the Legislature remains committed to addressing the interests of students with special needs. House Bill 590 provides for an expanded assessment of blind and visually impaired students, while Senate Bill 816 requires districts to complete an evaluation of students referred for special education services more quickly to ensure those students receive the proper instruction. For special needs students preparing to transition from public school to the workforce, House Bill 617 provides additional resources for that process.

Education remains a top priority for the Legislature. The 83rd Legislature worked to put the needs of students first - improving our public school system and providing an education that prepares students for success in the global economy. We look forward to continuing to work with educators, parents, and communities across the state to build upon our students' successes and prepare for an even brighter future.

The coordinating board shall solicit requests for proposals from appropriate institutions to establish centers under this section and shall

select one or more institutions to establish each center based on criteria adopted by the coordinating board.

(d) A center must be operated under an agreement between the coordinating board and the governing board of each institution described by Subsection (c) operating or participating in the operation of the center. The agreement must provide for the operation of the center, so long as the center meets contractual and legal requirements for operation, for a 10-year period.

(e) A center shall conduct education and workforce preparation studies or evaluations for the benefit of this state, including studies or evaluations relating to:

(1) the impact of local, regional, state, and federal policies and programs, including an education program, intervention, or service at any level of education from preschool through postsecondary education;

(2) the performance of educator preparation programs;

(g) A center shall comply with rules adopted by the advisory board established under Section 1.006 to protect the confidentiality of information used or stored at the center in accordance with applicable state and federal law, including rules establishing procedures to ensure that confidential information is not duplicated or removed from a center in an unauthorized manner.

(g-1) In conducting studies or evaluations under this section, a center:

(1) may use student and educator data, including data that is confidential if permitted under the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. Section 1232g), that the center has collected from a cooperating agency or any other agency, a public or private institution of higher education, a school district, a provider of services to a school district or public or private institution of higher education, or an entity explicitly named in an approved research project of the center;

(4) shall conduct regular security audits and report the audit results to the coordinating board and the advisory board established under Section 1.006.

(h) The cooperating agencies and the educational institution or institutions operating a center may accept gifts and grants to be used for the purposes of this section. The educational institution or institutions operating a center may impose reasonable charges, as appropriate, for the use of a center's research, resources, or facilities.

(i) This section does not authorize the disclosure of student information that may not be disclosed under the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. Section 1232g).

(j) The cooperating agencies shall execute agreements for the sharing of data for the purpose of facilitating the studies or evaluations at education research centers described by this section. The repository shall be operated by the coordinating board. As provided by the agreement, the coordinating board shall include other data in the repository, including data from college admission tests and the National Student Clearinghouse. The coordinating board shall conduct data matching using a protocol approved by the cooperating agencies.

(j-2) The coordinating board may enter into data agreements for data required for approved studies or evaluations with the state education agency of another state, giving priority to the agencies of those states that send the highest number of postsecondary education students to this state or that receive the highest number of postsecondary education students from this state. An agreement under this

subsection must be reviewed by the United States Department of Education and must require the agency of another state to comply with all data security measures required of a center. The coordinating board may also enter into data agreements with local agencies or organizations that provide education services to students in this state or that collect data that is relevant to current or former students of public schools in this state and is useful to the conduct of research that may benefit education in this state.

(k) In implementing this section, a cooperating agency may use funds appropriated to the cooperating agency and available for the purpose of establishing the centers. After a center is established, the center must be funded by gifts and grants accepted under this section or charges imposed under Subsection (h).

(*l*) Notwithstanding another provision of this section, a cooperating agency must establish procedures that protect confidential information provided to a center by a cooperating agency.

(e) The application process under Subsection (c) must require school districts and open-enrollment charter schools applying to participate in the consortium to submit a detailed plan designed to both support improved instruction of and learning by students and provide evidence of the accurate assessment of the quality of learning on campuses. The plan submitted by a school district may designate the entire district or one or more district campuses as proposed consortium participants. The plan submitted by a district or open-enrollment charter school must include:

(1) a clear description of each assessed curricular goal included in the learning standards adopted in accordance with Subsection (f)(2);

(2) a plan for acquiring resources to support teachers in improving student learning;

(3) a description of any waiver of an applicable prohibition, requirement, or restriction the district or charter school would want to apply for; and

(g) The commissioner shall convene consortium leaders periodically to discuss methods to transform learning opportunities for all students, build cross-district and cross-school support systems and training, and share best practices tools and processes.

(h) The commissioner or a school district or open-enrollment charter school participating in the consortium may, for purposes of this section, accept gifts, grants, or donations from any source, including a private entity or governmental entity.

The report submitted not later than December 1, 2012, must include any recommendation by the commissioner concerning legislative authorization for the commissioner to waive a prohibition, requirement, or restriction that applies to a consortium participant. That report must also include a plan for an effective and efficient accountability system for consortium participants that balances academic excellence and local values to inspire learning and, at the state level, contingent on any necessary waiver of federal law, may incorporate use of a stratified random sampling of students or other objective methodology to hold consortium participants accountable while attempting to reduce the number of state assessment instruments that are required to be administered to students. The commissioner shall seek a federal waiver, to any extent necessary, to prepare for implementation of the plan if enacted by the legislature. This subsection expires January 1, 2018.

(a) [Expired pursuant to Acts 2006, 79th Leg., 3rd C.S., ch. 5 (H.B. 1), § 2.03, effective September 1, 2009.]

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

SUBCHAPTER C
BOARD OF TRUSTEES OF INDEPENDENT SCHOOL DISTRICT—GENERAL PROVISIONS

Sec. 11.051. Governance of Independent School District; Number of Trustees.

(a) An independent school district is governed by a board of trustees who, as a body corporate, shall:

(1) oversee the management of the district; and

(2) ensure that the superintendent implements and monitors plans, procedures, programs, and systems to achieve appropriate, clearly defined, and desired results in the major areas of district operations.

(a-1) Unless authorized by the board, a member of the board may not, individually, act on behalf of the board. The board of trustees may act only by majority vote of the members present at a meeting held in compliance with Chapter 551, Government Code, at which a quorum of the board is present and voting. The board shall provide the superintendent an opportunity to present at a meeting an oral or written recommendation to the board on any item that is voted on by the board at the meeting.

(b) The board consists of the number of members that the district had on September 1, 1995.

(c) A board of trustees that has three or five members may by resolution increase the membership to seven. A board of trustees that votes to increase its membership must consider whether the district would benefit from also adopting a single-member election system under Section 11.052. A resolution increasing the number of trustees takes effect with the second regular election of trustees that occurs after the adoption of the resolution. The resolution must provide for a transition in the number of trustees so that when the transition is complete, trustees are elected as provided by Section 11.059.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2007, 80th Leg., ch. 1244 (H.B. 2563), § 1, effective September 1, 2007.)

Sec. 11.052. Single-Member Trustee Districts.

(a) Except as provided by Subsection (b), the board of trustees of an independent school district, on its own motion, may order that trustees of the district are to be elected from single-member trustee districts or that not fewer than 70 percent of the members of the board of trustees are to be elected from single-member trustee districts with the remaining trustees to be elected from the district at large.

(b) If a majority of the area of an independent school district is located in a county with a population of less than 10,000, the board of trustees of the district, on its own motion, may order that trustees of the district are to be elected from single-member trustee districts or that not fewer than 50 percent of the members of the board of trustees are to be elected from single-member trustee districts with

the remaining trustees to be elected from the district at large.

(c) Before adopting an order under Subsection (a) or (b), the board must:

(1) hold a public hearing at which registered voters of the district are given an opportunity to comment on whether or not they favor the election of trustees in the manner proposed by the board; and

(2) publish notice of the hearing in a newspaper that has general circulation in the district, not later than the seventh day before the date of the hearing.

(d) An order of the board adopted under Subsection (a) or (b) must be entered not later than the 120th day before the date of the first election at which all or some of the trustees are elected from single-member trustee districts authorized by the order.

(e) If at least 15 percent or 15,000 of the registered voters of the school district, whichever is less, sign and present to the board of trustees a petition requesting submission to the voters of the proposition that trustees of the district be elected in a specific manner, which must be generally described on the petition and which must be a manner of election that the board could have ordered on its own motion under Subsection (a) or (b), the board shall order that the appropriate proposition be placed on the ballot at the first regular election of trustees held after the 120th day after the date the petition is submitted to the board. The proposition must specify the number of trustees to be elected from single-member districts. Beginning with the first regular election of trustees held after an election at which a majority of the registered voters voting approve the proposition, trustees of the district shall be elected in the manner prescribed by the approved proposition.

(f) If single-member trustee districts are adopted or approved as provided by this section, the board shall divide the school district into the appropriate number of trustee districts, based on the number of members of the board that are to be elected from single-member trustee districts, and shall number each trustee district. The trustee districts must be compact and contiguous and must be as nearly as practicable of equal population. In a district with 150,000 or more students in average daily attendance, the boundary of a trustee district may not cross a county election precinct boundary except at a point at which the boundary of the school district crosses the county election precinct boundary. Trustee districts must be drawn not later than the 90th day before the date of the first election of trustees from those districts.

(g) Residents of each trustee district are entitled to elect one trustee to the board. A trustee elected to represent a trustee district at the first election of trustees must be a resident of the district the trustee represents not later than: (1) the 90th day after the date election returns are canvassed; or (2) the 60th day after the date of a final judgment in an election contest filed concerning that trustee district. After the first election of trustees from single-member trustee districts, a candidate for trustee representing a single-member trustee district must be a resident of the district the candidate seeks to represent. A person appointed to fill a vacancy in a trustee district must be a resident of that trustee district. A trustee vacates the office if the trustee fails to move into the trustee district the trustee represents within the time provided by this subsection or ceases to reside in the district the trustee represents. A candidate for trustee representing the district at large must be a resident of the district.

(h) At the first election at which some or all of the trustees are elected in a manner authorized by this section and after each redistricting, all positions on the board shall be filled. The trustees then elected shall draw lots for staggered terms as provided by Section 11.059.

(i) Not later than the 90th day before the date of the first regular school board election at which trustees may officially recognize and act on the last preceding federal census, the board shall redivide the district into the appropriate number of trustee districts if the census data indicates that the population of the most populous district exceeds the population of the least populous district by more than 10 percent. Redivision of the district shall be in the manner provided for division of the district under Subsection (f).

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2001, 77th Leg., ch. 982 (H.B. 328), § 1, effective September 1, 2001.)

Sec. 11.053. Option to Continue in Office Following Adoption of Single-Member Plan or Redistricting.

(a) The board of trustees of an independent school district that adopts a redistricting plan under Section 11.052 may provide for the trustees in office when the plan is adopted or the school district is redistricted to serve for the remainder of their terms in accordance with this section.

(b) The trustee district and any at-large positions provided by the district's plan shall be filled as the staggered terms of trustees then in office expire. Not later than the 90th day before the date of the first election from trustee districts and after each redis-

tricting, the board shall determine the order in which the positions will be filled.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2001, 77th Leg., ch. 982 (H.B. 328), § 2, effective September 1, 2001.)

Sec. 11.054. Electing Trustees by Cumulative Voting.

(a) The board of trustees of an independent school district that elects its trustees at large or at large by position may order that elections for trustees be held using the cumulative voting procedure described by this section.

(b) At an election at which more than one trustee position is to be filled, all of the positions that are to be filled at the election shall be voted on as one race by all the voters of the school district. Each voter is entitled to cast a number of votes equal to the number of positions to be filled at the election.

(c) A voter may cast one or more of the specified number of votes for any one or more candidates in any combination. Only whole votes may be cast and counted.

(d) If a voter casts more than the number of votes to which the voter is entitled in the election, none of the voter's votes may be counted in that election. If a voter casts fewer votes than entitled, all of the voter's votes are counted in that election.

(e) The candidates who are elected are those, in the number to be elected, receiving the highest numbers of votes.

(f) If the board of trustees adopts an order requiring the use of cumulative voting, only the trustee positions that were scheduled to be elected at the election are filled through the use of cumulative voting.

(g) An independent school district that adopts an order requiring the use of cumulative voting may not elect its members by position as provided by Section 11.058.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 11.055. Application to Get on Ballot.

(a) Except as provided by Subsection (c), an application of a candidate for a place on the ballot must be filed not later than 5 p.m. of the 71st day before the date of the election. An application may not be filed earlier than the 30th day before the date of the filing deadline.

(b) In a district in which the positions on the board of trustees are not authorized to be designated by number, an applicant is not required to state which other candidate, if any, the applicant is opposing.

(c) For an election to be held on the date of the general election for state and county officers, the day of the filing deadline is the 78th day before election day.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2003, 78th Leg., ch. 925 (S.B. 1215), § 9, effective November 1, 2003; am. Sec. 11.056. Write-In Voting.

(a) In an election for trustees of an independent school district, a write-in vote may not be counted for a person unless that person has filed a declaration of write-in candidacy with the secretary of the board of trustees in the manner provided for write-in candidates in the general election for state and county officers.

(b) A declaration of write-in candidacy must be filed not later than the deadline prescribed by Section 146.054, Election Code, for a write-in candidate in a city election.

(d) The secretary of state shall adopt the rules necessary to implement this section.

(e) [Repealed by Acts 2011, 82nd Leg., ch. 1318 (S.B. 100), § 51(2), effective September 1, 2011.]

(a) Except as provided by Subsection (c), in an independent school district in which the positions of trustees are designated by number as provided by

Section 11.058 or in which the trustees are elected from single-member trustee districts as provided by Section 11.052, the candidate receiving the highest number of votes for each respective position voted on is elected.

(b) In a district in which the positions of trustees are not designated by number or in which the trustees are not elected from single-member trustee districts, the candidates receiving the highest number of votes shall fill the positions the terms of which are normally expiring.

(c) The board of trustees of an independent school district in which the positions of trustees are designated by number or in which the trustees are elected from single-member trustee districts as provided by Section 11.052 may provide by resolution, not later than the 180th day before the date of an election, that a candidate must receive a majority of the votes cast for a position or in a trustee district, as applicable, to be elected. A resolution adopted under this subsection is effective until rescinded by a subsequent resolution adopted not later than the 180th day before the date of the first election to which the rescission applies.

SUBCHAPTER D
OPEN-ENROLLMENT CHARTER SCHOOL

Sec. 12.101. Authorization.

(a) In accordance with this subchapter, the commissioner may grant a charter on the application of an eligible entity for an open-enrollment charter school to operate in a facility of a commercial or nonprofit entity, an eligible entity, or a school district, including a home-rule school district. In this subsection, "eligible entity" means:

(1) an institution of higher education as defined under Section 61.003;

(2) a private or independent institution of higher education as defined under Section 61.003;

(3) an organization that is exempt from taxation under Section 501(c)(3), Internal Revenue Code of 1986 (26 U.S.C. Section 501(c)(3)); or

(4) a governmental entity.

(b) After thoroughly investigating and evaluating an applicant, the commissioner, in coordination with a member of the State Board of Education designated for the purpose by the chair of the board, may grant a charter for an open-enrollment charter school only to an applicant that meets any financial, governing, educational, and operational standards adopted by the commissioner under this subchapter, that the commissioner determines is capable of carrying out the responsibilities provided by the charter and likely to operate a school of high quality, and that:

(1) has not within the preceding 10 years had a charter under this chapter or a similar charter issued under the laws of another state surrendered under a settlement agreement, revoked, denied renewal, or returned; or

(2) is not, under rules adopted by the commissioner, considered to be a corporate affiliate of or substantially related to an entity that has within the preceding 10 years had a charter under this chapter or a similar charter issued under the laws of another state surrendered under a settlement agreement, revoked, denied renewal, or returned.

(b-0) The commissioner shall notify the State Board of Education of each charter the commissioner proposes to grant under this subchapter. Unless, before the 90th day after the date on which the board receives the notice from the commissioner, a majority of the members of the board present and voting vote against the grant of that charter, the commissioner's proposal to grant the charter takes effect. The board may not deliberate or vote on any grant of a charter that is not proposed by the commissioner.

(b-1) In granting charters for open-enrollment charter schools, the commissioner may not grant a total of more than:

(1) 215 charters through the fiscal year ending August 31, 2014;

(2) 225 charters beginning September 1, 2014;

(3) 240 charters beginning September 1, 2015;

(4) 255 charters beginning September 1, 2016;

(5) 270 charters beginning September 1, 2017; and

(6) 285 charters beginning September 1, 2018.

(b-2) Beginning September 1, 2019, the total number of charters for open-enrollment charter schools that may be granted is 305 charters.

(b-3) The commissioner may not grant more than one charter for an open-enrollment charter school to any charter holder. The commissioner may consolidate charters for an open-enrollment charter school held by multiple charter holders into a single charter held by a single charter holder with the written consent to the terms of consolidation by or at the request of each charter holder affected by the consolidation.

(b-4) Notwithstanding Section 12.114, approval of the commissioner under that section is not required for establishment of a new open-enrollment charter school campus if the requirements of this subsection, including the absence of commissioner disapproval under Subdivision (3), are satisfied. A charter holder having an accreditation status of accredited and at least 50 percent of its student population in grades assessed under Subchapter B, Chapter 39, or at least 50 percent of the students in the grades assessed having been enrolled in the school for at least three school years may establish one or more new campuses under an existing charter held by the charter holder if:

(1) the charter holder is currently evaluated under the standard accountability procedures for evaluation under Chapter 39 and received a district rating in the highest or second highest per-

formance rating category under Subchapter C, Chapter 39, for three of the last five years with at least 75 percent of the campuses rated under the charter also receiving a rating in the highest or second highest performance rating category and with no campus with a rating in the lowest performance rating category in the most recent ratings;

(2) the charter holder provides written notice to the commissioner of the establishment of any campus under this subsection in the time, manner, and form provided by rule of the commissioner; and

(3) not later than the 60th day after the date the charter holder provides written notice under Subdivision (2), the commissioner does not provide written notice to the charter holder of disapproval of a new campus under this section.

(b-5) The initial term of a charter granted under this section is five years.

(b-6) The commissioner shall adopt rules to modify criteria for granting a charter for an open-enrollment charter school under this section to the extent necessary to address changes in performance rating categories or in the financial accountability system under Chapter 39.

(b-7) A charter granted under this section for a dropout recovery school is not considered for purposes of the limit on the number of charters for open-enrollment charter schools imposed by this section. For purposes of this subsection, an open-enrollment charter school is considered to be a dropout recovery school if the school meets the criteria for designation as a dropout recovery school under Section 12.1141(c).

(b-8) In adopting any financial standards under this subchapter that an applicant for a charter for an open-enrollment charter school must meet, the commissioner shall not:

(1) exclude any loan or line of credit in determining an applicant's available funding; or

(2) exclude an applicant from the grant of a charter solely because the applicant fails to demonstrate having a certain amount of current assets in cash.

(c) If the facility to be used for an open-enrollment charter school is a school district facility, the school must be operated in the facility in accordance with the terms established by the board of trustees or other governing body of the district in an agreement governing the relationship between the school and the district.

(d) An educator employed by a school district before the effective date of a charter for an open-enrollment charter school operated at a school district facility may not be transferred to or employed by the open-enrollment charter school over the educator's objection.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2001, 77th Leg., ch. 1504 (H.B. 6), § 2, effective September 1, 2001; am. Sec. 12.1011. Charter Authorization for High-Performing Entities.

(a) Notwithstanding Section 12.101(b), the commissioner may grant a charter for an open-enrollment charter school to an applicant that is:

(1) an eligible entity under Section 12.101(a)(3) that proposes to operate the charter school program of a charter operator that operates one or more charter schools in another state and with which the eligible entity is affiliated and, as determined by the commissioner in accordance with commissioner rule, has performed at a level of performance comparable to performance under the highest or second highest performance rating category under Subchapter C, Chapter 39; or

(2) an entity that has operated one or more charter schools established under this subchapter or Subchapter C or E and, as determined by the commissioner in accordance with commissioner rule, has performed in the highest or second highest performance rating category under Subchapter C, Chapter 39.

(b) A charter holder granted a charter for an open-enrollment charter school under Subsection (a) may vest management of corporate affairs in a member entity provided that the member entity may change the members of the governing body of the charter holder before the expiration of a member's term only with the express written approval of the commissioner.

(c) The initial term of a charter granted under this section is five years.

(d) The commissioner shall adopt rules to modify criteria for granting a charter for an open-enrollment charter school under this section to the extent necessary to address changes in performance rating categories under Subchapter C, Chapter 39.

(Enacted by Acts 2013, 83rd Leg., ch. 1140 (S.B. 2), § 10, effective September 1, 2013.)

(b) The format of the report must enable the public to distinguish and compare the performance of each type of public school by classifying the schools as follows:

(1) open-enrollment charters granted by the State Board of Education;

(2) open-enrollment charters granted by the commissioner;

(3) charters granted by school districts; and

(4) matched traditional campuses.

(c) The report must include the performance of each public school in each class described by Subsection (b) as measured by the student achievement indicators adopted under Section 39.053 and student attrition rates.

(d) The report must also:

this section to a school at which at least 50 percent of the students are eligible to receive services under Subchapter A, Chapter 29. Not more than five charters may be granted for schools described by this subsection.

(c) For purposes of the applicability of state and federal law, including a law prescribing requirements concerning students with disabilities, an open-enrollment charter school described by Subsection (a) is considered the same as any other school for which a charter is granted under Section 12.101.

(d) To the fullest extent permitted under federal law, a parent of a student with a disability may choose to enroll the parent's child in an open-enrollment charter school described by Subsection (a) regardless of whether a disproportionate number of the school's students are students with disabilities.

(e) This section does not authorize an open-enrollment charter school to discriminate in admissions or in the services provided based on the presence, absence, or nature of an applicant's or student's disability.

(2) the amount of funding per student in weighted average daily attendance, excluding enrichment funding under Section 42.302(a), to which the charter holder would be entitled for the school under Chapter 42 if the school were a school district without a tier one local share for purposes of Section 42.253 and without any local revenue for purposes of Section 42.2516.

(a) **[2 Versions: Effective September 1, 2017]** A charter holder is entitled to receive for the open-enrollment charter school funding under Chapter 42 equal to the amount of funding per student in weighted average daily attendance, excluding enrichment funding under Section 42.302(a), to which the charter holder would be entitled for the school under Chapter 42 if the school were a school district without a tier one local share for purposes of Section 42.253.

A rule adopted under this section may be similar to a provision of this code that is not similar to Section 12.104(b) if the commissioner determines that the rule is related to financing of open-enrollment charter schools and is necessary or prudent to provide or account for state funds.

Applicability. — Acts 2013, 83rd Leg., ch. 211 (H.B. 5), § 4(b) provides: "This section applies beginning with the 2014-2015 school year."

Sec. 12.112. Form.

A charter for an open-enrollment charter school shall be in the form of a written contract signed by the commissioner and the chief operating officer of the school.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2013, 83rd Leg., ch. 1140 (S.B. 2), § 21, effective September 1, 2013.)

(1) satisfy this subchapter; and

(2) include the information that is required under Section 12.111 consistent with the information provided in the application and any modification the commissioner requires.

(b) [Repealed by Acts 2013, 83rd Leg., ch. 1140 (S.B. 2), § 47(2), effective September 1, 2013.]

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2001, 77th Leg., ch. 1504 (H.B. 6), § 11, effective September 1, 2001; am. Acts 2013, 83rd Leg., ch. 1140 (S.B. 2), §§ 22, 47(2), effective September 1, 2013.)

Sec. 12.114. Revision.

(a) A revision of a charter of an open-enrollment charter school may be made only with the approval of the commissioner.

(b) Not more than once each year, an open-enrollment charter school may request approval to revise the maximum student enrollment described by the school's charter.

(c) Not later than the 60th day after the date that a charter holder submits to the commissioner a completed request for approval for an expansion amendment, as defined by commissioner rule, including a new school amendment, the commissioner shall provide to the charter holder written notice of approval or disapproval of the amendment.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2001, 77th Leg., ch. 1504 (H.B. 6), § 12, effective September 1, 2001; am. Sec. 12.1141. Renewal of Charter; Denial of Renewal; Expiration.

(a) The commissioner shall develop and by rule adopt a procedure for renewal, denial of renewal, or expiration of a charter for an open-enrollment charter school at the end of the term of the charter. The procedure must include consideration of the performance under Chapter 39 of the charter holder and each campus operating under the charter and must include three distinct processes, which must be expedited renewal, discretionary consideration of renewal or denial of renewal, and expiration. To renew a charter at the end of the term, the charter holder must submit a petition for renewal to the commissioner in the time and manner established by commissioner rule.

(b) At the end of the term of a charter for an open-enrollment charter school, if a charter holder submits to the commissioner a petition for expedited renewal of the charter, the charter automatically renews unless, not later than the 30th day after the date the charter holder submits the petition, the commissioner provides written notice to the charter holder that expedited renewal of the charter is denied. The commissioner may not deny expedited renewal of a charter if:

(1) the charter holder has been assigned the highest or second highest performance rating under Subchapter C, Chapter 39, for the three preceding school years;

(2) the charter holder has been assigned a financial performance accountability rating under Subchapter D, Chapter 39, indicating financial performance that is satisfactory or better for the three preceding school years; and

(3) no campus operating under the charter has been assigned the lowest performance rating under Subchapter C, Chapter 39, for the three preceding school years or such a campus has been closed.

(c) At the end of the term of a charter for an open-enrollment charter school, if a charter holder submits to the commissioner a petition for renewal of the charter and the charter does not meet the criteria for expedited renewal under Subsection (b) or for expiration under Subsection (d), the commissioner shall use the discretionary consideration process. The commissioner's decision under the discretionary consideration process must take into consideration the results of annual evaluations under the performance frameworks established under Section 12.1181. The renewal of the charter of an open-enrollment charter school that is registered under the agency's alternative education accountability procedures for evaluation under Chapter 39 shall be considered under the discretionary consideration process regardless of the performance ratings under Subchapter C, Chapter 39, of the open-enrollment charter school or of any campus operating under the charter, except that if the charter holder has been assigned a financial accountability performance rating under Subchapter D, Chapter 39, indicating financial performance that is lower than satisfactory for any three of the five preceding school years, the commissioner shall allow the charter to expire under Subsection (d). In considering the renewal of the charter of an open-enrollment charter school that is registered under the agency's alternative education accountability procedures for evaluation under Chapter 39, such as a dropout recovery school or a school providing education within a residential treatment facility, the commissioner shall use academic criteria established by commissioner rule that are appropriate to measure the specific goals of the school. The criteria established by the commissioner shall recognize growth in student achievement as well as educational attainment. For purposes of this subsection, the commissioner shall designate as a dropout recovery school an open-enrollment charter school or a campus of an open-enrollment charter school:

(1) that serves students in grades 9 through 12 and has an enrollment of which at least 50 percent of the students are 17 years of age or older as of September 1 of the school year as reported for the fall semester Public Education Information Management System (PEIMS) submission; and

(2) that meets the eligibility requirements for and is registered under alternative education ac-

countability procedures adopted by the commissioner.

(d) At the end of the term of a charter for an open-enrollment charter school, if a charter holder submits to the commissioner a petition for renewal of the charter, the commissioner may not renew the charter and shall allow the charter to expire if:

(1) the charter holder has been assigned the lowest performance rating under Subchapter C, Chapter 39, for any three of the five preceding school years;

(2) the charter holder has been assigned a financial accountability performance rating under Subchapter D, Chapter 39, indicating financial performance that is lower than satisfactory for any three of the five preceding school years;

(3) the charter holder has been assigned any combination of the ratings described by Subdivision (1) or (2) for any three of the five preceding school years; or

(4) any campus operating under the charter has been assigned the lowest performance rating under Subchapter C, Chapter 39, for the three preceding school years and such a campus has not been closed.

(e) Notwithstanding any other law, a determination by the commissioner under Subsection (d) is final and may not be appealed.

(f) Not later than the 90th day after the date on which a charter holder submits a petition for renewal of a charter for an open-enrollment charter school at the end of the term of the charter, the commissioner shall provide written notice to the charter holder, in accordance with commissioner rule, of the basis on which the charter qualified for expedited renewal, discretionary consideration, or expiration, and of the commissioner's decision regarding whether to renew the charter, deny renewal of the charter, or allow the charter to expire.

(g) Except as provided by Subsection (e), a decision by the commissioner to deny renewal of a charter for an open-enrollment charter school is subject to review by the State Office of Administrative Hearings. Notwithstanding Chapter 2001, Government Code:

(1) the administrative law judge shall uphold a decision by the commissioner to deny renewal of a charter for an open-enrollment charter school unless the judge finds the decision is arbitrary and capricious or clearly erroneous; and

(2) a decision of the administrative law judge under this subsection is final and may not be appealed.

(h) If a charter holder submits a petition for renewal of a charter for an open-enrollment charter school, notwithstanding the expiration date of the charter, the charter term is extended until the commissioner has provided notice to the charter holder of the renewal, denial of renewal, or expiration of the charter.

(i) The term of a charter renewed under this section is 10 years for each renewal.

(j) The commissioner shall adopt rules to modify criteria for renewal, denial of renewal, or expiration of a charter for an open-enrollment charter school under this section to the extent necessary to address changes in performance rating categories or in the financial accountability system under Chapter 39.

(k) **[Expires September 1, 2016]** For purposes of determination of renewal under Subsection (b)(1) or (3) or (d)(1) or (4), performance during the 2011-2012 school year may not be considered. For purposes of determination of renewal under Subsection (b)(1) or (3) or (d)(1) or (4), the initial three school years for which performance ratings under Subchapter C, Chapter 39, shall be considered are the 2009-2010, 2010-2011, and 2012-2013 school years. For purposes of determination of renewal under Subsection (b)(2) or (d)(2), the earliest school year for which financial accountability performance ratings under Subchapter D, Chapter 39, may be considered is the 2010-2011 school year. This subsection expires September 1, 2016.

(Enacted by Acts 2013, 83rd Leg., ch. 1140 (S.B. 2), § 24, effective September 1, 2013.)

Sec. 12.115. Basis for Charter Revocation or Modification of Governance.

(a) Except as provided by Subsection (c), the commissioner shall revoke the charter of an open-enrollment charter school or reconstitute the governing body of the charter holder if the commissioner determines that the charter holder:

(1) committed a material violation of the charter, including failure to satisfy accountability provisions prescribed by the charter;

(2) failed to satisfy generally accepted accounting standards of fiscal management;

(3) failed to protect the health, safety, or welfare of the students enrolled at the school;

(4) failed to comply with this subchapter or another applicable law or rule;

(5) failed to satisfy the performance framework standards adopted under Section 12.1181; or

(6) is imminently insolvent as determined by the commissioner in accordance with commissioner rule.

(b) The action the commissioner takes under Subsection (a) shall be based on the best interest of the open-enrollment charter school's students, the severity of the violation, any previous violation the

school has committed, and the accreditation status of the school.

(c) The commissioner shall revoke the charter of an open-enrollment charter school if:

(1) the charter holder has been assigned an unacceptable performance rating under Subchapter C, Chapter 39, for the three preceding school years;

(2) the charter holder has been assigned a financial accountability performance rating under Subchapter D, Chapter 39, indicating financial performance lower than satisfactory for the three preceding school years; or

(3) the charter holder has been assigned any combination of the ratings described by Subdivision (1) or (2) for the three preceding school years.

(c-1) **[Expires September 1, 2016]** For purposes of revocation under Subsection (c)(1), performance during the 2011-2012 school year may not be considered. For purposes of revocation under Subsection (c)(1), the initial three school years for which performance ratings under Subchapter C, Chapter 39, shall be considered are the 2009-2010, 2010-2011, and 2012-2013 school years. Subchapter A. General Provisions

Section

SUBCHAPTER A
GENERAL PROVISIONS

Sec. 13.001. Definition.

In this chapter, "membership" means the number of students enrolled in a school district as of a given date.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 13.002. Permitted Frequency of Proposed Actions.

(a) If at an election on a proposition under this chapter the majority of the votes are cast against the proposition, another election for the same purpose may not be held earlier than the corresponding uniform election date three years after the date of the first election. If a majority of the votes are cast in favor of the proposition, an election to reverse the effects of the first election may not be held earlier than the corresponding uniform election date three years after the date of the first election.

(b) If, without an election, an action under this chapter occurs on the order or ordinance of an authority acting in response to a petition and the petitioners' request is rejected, that authority may not consider a subsequent petition on the same request earlier than three years after the date on which the request is rejected. If the request is granted and the order is issued or the ordinance is adopted, a petition to reverse the effects of the order or ordinance may not be considered by the authority earlier than three years after the date of issuance or adoption.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 13.003. Petition and Election.

(a) Except as otherwise provided by this chapter, this section governs:

(1) the validity of a petition submitted to request an election under this chapter; and

(2) the conduct of the resulting election.

(b) To be valid, a petition must:

(1) be submitted to the county judge serving the county in which the appropriate school district is located;

(2) be signed by at least 10 percent of the registered voters of the appropriate district; and

(3) state the purpose for which it is being submitted.

(c) Immediately following receipt of a valid petition, the county judge shall order the election to be held on an authorized election date, as prescribed by Chapter 41, Election Code, occurring not later than the 60th day after the date of receipt. If an authorized date within that period does not allow sufficient time to comply with other legal requirements or if there is no authorized date within that period, the election shall be ordered for the next authorized date.

(d) The election order must include the date of the election, the hours during which the polls will be open, the location of the polling places, and the proposition to be voted on.

(e) Not earlier than the 30th day or later than the 10th day before the date of the election, the county judge shall give notice of the election by having a copy of the election order published at least once in a newspaper published at least once each week in the appropriate school district. If such a newspaper is not published in the district, the notice shall be published in at least one newspaper of general circulation in the county in which the district is located. The county judge shall give additional notice of the election by having a copy of the election order posted in a public place in each election precinct not later than the 21st day before the date of the election.

(f) The election precincts and polling places usually used in the elections of the appropriate school district shall be used in an election held under this chapter, except that if another election is occurring on the same date for all or part of the same geographic area, precincts and polling places shall be selected to allow each voter to cast ballots at the same polling place for each of the elections. To the extent practical, the election shall be conducted in accordance with the Election Code.

(g) The expenses of the election shall be paid by the appropriate school district or districts.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 13.004. Allocation of Indebtedness and Personal Property.

(a) If under this chapter a school district assumes a portion of the indebtedness of another district, the commissioners court by order shall equitably allocate the indebtedness among the districts involved. If territory from one district is annexed to another or if a district is abolished, the commissioners court shall also equitably allocate among the receiving districts a portion of the personal property of the annexed district or all the personal property of an abolished district. If districts located in more than one county are involved, the commissioners court of each county in which an involved school district is located must agree on the allocation of indebtedness and personal property.

(b) In allocating the indebtedness and personal property, the commissioners court shall consider the value of the properties involved and the taxable value of the districts involved.

(c) The order of the commissioners court is binding on the school districts and territory affected by the order.

(d) A school district required to assume the indebtedness of another district under this chapter is not required to conduct an election on assumption of the indebtedness. Without an election, the school district assuming the indebtedness may levy and collect taxes necessary to pay principal and interest on the assumed debt so long as the debt is outstanding.

(e) Without an election, a school district may issue refunding bonds for bonds of another district assumed under this chapter.

(f) If an entire district is annexed to or consolidated with another district, if a district is converted from a common to an independent school district, or if a school district is separated from a municipality, the governing board of the district as changed may, without an election, sell and deliver any unissued bonds voted in the district before the change and may levy and collect taxes in the district as changed for the payment of principal and interest on bonds.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

(b) On the effective date of the transfer:

(1) students residing in the territory become residents of the receiving district;

(2) title to property allocated to the receiving district vests in the district;

(3) the receiving district assumes any debt allocated to it; and

(4) the receiving district assumes jurisdiction of the annexed territory for all other purposes.

(c) If the annexation is appealed to the commissioner and is approved, the transfer is effective on a date set by the commissioner that is not earlier than the 30th day after the date of the commissioner's decision in the appeal. If the decision of the commissioner is appealed to a district court in Travis County, the transfer, if approved, is effective on a date set by the court.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2003, 78th Leg., ch. 201 (H.B. 3459), § 7, effective September 1, 2003.)

Sec. 13.006. Taxing Authority Transfer.

(a) If all or part of the territory of a school district is annexed to another district, the receiving district may levy taxes at the rate established in accordance with law for the district as a whole and is not required to conduct an election for the purpose of taxing the territory received.

(b) Conversion of a common school district or rural high school district to an independent school district or separation from municipal control does not affect the taxes levied for school purposes. The new district may levy and collect taxes at the same rate at which the taxes were previously levied and is not required to conduct an election for that purpose.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 13.007. Boundary Changes Resulting in Appraisal District Changes [Repealed].

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2007, 80th Leg., ch. 648 (H.B. 1010), § 5(1), effective January 1, 2008.)

Sec. 13.008. District Trustee Approval of Boundary Changes Required.

Any change in the boundaries of a school district is not effective unless approved by a majority of the board of trustees of the district if the board's approval is required under this chapter.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 13.009. Appeals.

(a) A decision of a commissioners court under this chapter may be appealed for a de novo review.

(b) If this chapter requires the agreement of or action by two or more commissioners courts, and the commissioners courts fail to agree or take action within a reasonable time set by rule of the State Board of Education, a person aggrieved by the failure may appeal to the commissioner for resolution of the issue.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 13.010. Boundary Descriptions and Maps to Be Filed with Agency.

(1) a complete and legally sufficient description of the boundaries of the district;

(2) a map of the district that:

(A) is drawn to the county general highway maps produced by the Texas Department of Transportation or a similar map of sufficient detail to display the names of visible features that the boundaries follow or to which the boundaries are in close proximity; and

(B) is an accurate and legible representation of the boundaries in relationship to other features on the map; and

(3) a list of voting precincts in the district, separately listing those precincts wholly in the district and those precincts only partly in the district.

(b) A school district shall amend the information and maps on file under this section if the boundaries of the district change or if any other change makes the information on file incomplete or inaccurate.

(c) The agency shall make maps and information maintained under this section available to the legislature and legislative agencies without cost.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

SUBCHAPTER B
DETACHMENT; ANNEXATION

Sec. 13.051. Detachment and Annexation of Territory.

(a) In accordance with this section, territory may be detached from a school district and annexed to another school district that is contiguous to the detached territory. A petition requesting the detachment and annexation must be presented to the board of trustees of the district from which the territory is to be detached and to the board of trustees of the district to which the territory is to be annexed. Each board of trustees to which a petition is required to be presented must conduct a hearing and adopt a resolution as provided by this section for the annexation to be effective.

(b) The petition requesting detachment and annexation must:

(1) be signed by a majority of:

(A) the registered voters residing in the territory to be detached and annexed, if the territory has residents; or

(B) the surface owners of taxable property in the territory to be detached and annexed, if the territory does not have residents; and

(2) give the metes and bounds of the territory to be detached and annexed.

(c) Territory that does not have residents may be detached from a school district and annexed to another school district if:

(1) the total taxable value of the property in the territory according to the most recent certified appraisal roll for each school district is not greater than:

(A) five percent of the district's taxable value of all property in that district as determined under Subchapter M, Chapter 403, Government Code; and

(B) $5,000 property value per student in average daily attendance as determined under Section 42.005; and

(2) the school district from which the property will be detached does not own any real property located in the territory.

(d) The proposed annexation must be approved by the board of trustees of each affected district, subject to the appeal provisions of Subsection (j).

(e) Unless the petition is signed by a majority of the trustees of the district from which the territory is to be detached, territory that has residents may not be detached from a school district under this section if detachment would reduce that district's tax base by a ratio at least twice as large as the ratio by which it would reduce its membership. The first ratio is determined by dividing the assessed value of taxable property in the affected territory by the assessed value of all taxable property in the district, both figures according to the preceding year's tax rolls. The second ratio is determined by dividing the number of students residing in the affected territory by the number of students residing in the district as a whole, using membership on the last day of the preceding school year and the students' places of residence as of that date.

(f) A school district may not be reduced to an area of less than nine square miles.

(g) Immediately following receipt of the petition as required by this section, each affected board of trustees shall give notice of the contemplated change by publishing and posting a notice in the manner required for an election order under Section 13.003. The notice must specify the place and date at which a hearing on the matter shall be held. Unless the districts hold a joint hearing, the districts must hold hearings on separate dates. At each hearing, affected persons are entitled to an opportunity to be heard.

(h) At the hearing, each board of trustees shall consider the educational interests of the current students residing or future students expected to reside in the affected territory and in the affected districts and the social, economic, and educational effects of the proposed boundary change. After the conclusion of the hearing, each board of trustees shall make findings as to the educational interests of the current students residing or future students expected to reside in the affected territory and in the affected districts and as to the social, economic, and educational effects of the proposed boundary change and shall, on the basis of those findings, adopt a resolution approving or disapproving the petition. The findings and resolution shall be recorded in the minutes of each affected board of trustees and shall be reported to the commissioners court of the county to which the receiving district is assigned for administrative purposes by the agency and to the commissioners court of the county to which the district from which territory is to be detached is assigned for administrative purposes.

(i) If both boards of trustees of the affected districts approve the petition, the commissioners court or commissioners courts to whom the matter is required to be reported shall enter an order redefining the boundaries of the districts affected by the transfer. Title to all real property of the district from which territory is detached within the territory annexed vests in the receiving district, and the receiving district assumes and is liable for any portion of the indebtedness of the district from which the territory is to be detached that is allocated to the receiving district under Section 13.004.

(j) If both boards of trustees of the affected districts disapprove the petition, the decisions may not be appealed. If the board of trustees of only one affected district disapproves the petition, an aggrieved party to the proceedings in either district may appeal the board's decision to the commissioner under Section 7.057. An appeal under this subsection is de novo. In deciding the appeal, the commissioner shall consider the educational interests of the students in the affected territory and the affected districts and the social, economic, and educational effects of the proposed boundary change.

(k) Any additional tax resulting from a change of use, as provided for by Chapter 23, Tax Code, and the interest and penalty on the additional tax, that is imposed for any year on land in the annexed territory shall be paid to the school district that imposed the tax.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 13.052. Dormant School Districts.

(a) If the commissioner determines that a school district has failed to operate a school for a full school year, the commissioner shall report to each appropriate commissioners court that the district is dormant.

(b) The commissioners court of a county shall by order annex each dormant school district within the county with an adjoining district or districts. If the dormant district is a county-line district, the commissioners court of each county in which the district is located shall annex the territory of the dormant district that is within that county. The commissioners court may annex territory to a school district only if the board of trustees of that district approves the annexation.

(c) The governing board of the district to which a dormant school district is annexed is the governing board for the new district.

(d) The order of the commissioners court shall define by legal boundary description the territory of the new district as enlarged and shall be recorded in the minutes of the commissioners court.

(e) Title to the real property of the dormant district vests in the district to which the property is annexed. Each district to which territory is annexed assumes and is liable for any portion of the dormant district's indebtedness that is allocated to the receiving district under Section 13.004.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; repealed by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 58(a)(1), effective May 30, 1995.)

Sec. 13.053. Territory Not in School District.

(a) All real property must be included within the limits of a school district. At any time it is determined that there is territory located in a county but not within the described limits of a school district, the commissioners court shall annex the territory to one or more adjoining districts.

(b) The annexation order shall define by legal boundary description the territory of the new district and shall be recorded in the minutes of the commissioners court.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 13.054. Academically Unacceptable School Districts.

(a) The commissioner by order may annex to one or more adjoining districts a school district that has been rated as academically unacceptable for a period of two years.

(b) The governing board of a district to which territory of an academically unacceptable district is annexed is the governing board for the new district.

(c) The order of the commissioner shall define by legal boundary description the territory of the new district as enlarged.

(d) Title to the real property of the academically unacceptable district vests in the district to which the property is annexed. Each district to which territory is annexed assumes and is liable for any portion of the academically unacceptable district's indebtedness that is allocated to the receiving district under Section 13.004.

(f) For five years beginning with the school year in which the annexation occurs, the commissioner shall annually adjust the local fund assignment of a district to which territory is annexed under this section by multiplying the enlarged district's local fund assignment computed under Section 42.252 by a fraction, the numerator of which is the number of students residing in the district preceding the date of the annexation and the denominator of which is the number of students residing in the district as enlarged on the date of the annexation.

(g) A district to which territory is annexed under this section is entitled to additional state aid equal to the amount by which the annual debt service required to meet the indebtedness incurred by the district due to the annexation exceeds the additional amount of state aid that results from the adjustment under Subsection (f), if any. In determining the amount of annual debt service required, the estimated tax levy from applying the receiving district's current debt service tax rate, if any, to the territory that has been annexed shall be deducted.

SUBCHAPTER C
PROBATIONARY CONTRACTS

Sec. 21.101. Definition.

In this subchapter, "teacher" means a principal, supervisor, classroom teacher, school counselor, or other full-time professional employee who is required to hold a certificate issued under Subchapter B or a nurse. The term does not include a superintendent or a person who is not entitled to a probationary, continuing, or term contract under Section 21.002, an existing contract, or district policy.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2013, 83rd Leg., ch. 443 (S.B. 715), § 9, effective June 14, 2013.)

Sec. 21.102. Probationary Contract.

(a) Except as provided by Section 21.202(b), a person who is employed as a teacher by a school district for the first time, or who has not been employed by the district for two consecutive school years subsequent to August 28, 1967, shall be employed under a probationary contract. A person who previously was employed as a teacher by a district and, after at least a two-year lapse in district employment returns to district employment, may be employed under a probationary contract.

(a-1) A person who voluntarily accepts an assignment in a new professional capacity that requires a different class of certificate under Subchapter B than the class of certificate held by the person in the professional capacity in which the person was previously employed may be employed under a probationary contract. This subsection does not apply to a person who is returned by a school district to a professional capacity in which the person was employed by the district before the district employed the person in the new professional capacity as described by this subsection. A person described by this subsection who is returned to a previous professional capacity is entitled to be employed in the original professional capacity under the same contractual status as the status held by the person during the previous employment by the district in that capacity.

(b) A probationary contract may not be for a term exceeding one school year. The probationary contract may be renewed for two additional one-year periods, for a maximum permissible probationary contract period of three school years, except that the probationary period may not exceed one year for a person who has been employed as a teacher in public education for at least five of the eight years preceding employment by the district.

(c) An employment contract may not extend the probationary contract period beyond the end of the third consecutive school year of the teacher's employment by the school district unless, during the third year of a teacher's probationary contract, the board of trustees determines that it is doubtful whether the teacher should be given a continuing contract or a term contract. If the board makes that determination, the district may make a probationary contract with the teacher for a term ending with the fourth consecutive school year of the teacher's employment with the district, at which time the district shall:

(1) terminate the employment of the teacher; or

(2) employ the teacher under a continuing contract or a term contract as provided by Subchapter D or E, according to district policy.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1995, 74th Leg., ch. 1009 (S.B. 964), § 1, effective September 1, 1995; am. Acts 2003, 78th Leg., ch. 440 (H.B. 558), § 1, effective June 20, 2003; am. Acts 2003, 78th Leg., ch. 1232 (S.B. 1394), § 1, effective September 1, 2003; am. Acts 2005, 79th Leg., ch. 728 (H.B. 2018), art. 5, § 5.002, effective September 1, 2005; am. Acts 2011, 82nd Leg., ch. 1010 (H.B. 2380), § 1, effective June 17, 2011.)

Sec. 21.103. Probationary Contract: Termination.

(a) The board of trustees of a school district may terminate the employment of a teacher employed under a probationary contract at the end of the contract period if in the board's judgment the best interests of the district will be served by terminating the employment. The board of trustees must give notice of its decision to terminate the employment to the teacher not later than the 10th day before the last day of instruction required under the contract. The notice must be delivered personally by hand delivery to the teacher on the campus at which the

teacher is employed, except that if the teacher is not present on the campus on the date that hand delivery is attempted, the notice must be mailed by prepaid certified mail or delivered by express delivery service to the teacher's address of record with the district. Notice that is postmarked on or before the 10th day before the last day of instruction is considered timely given under this subsection. The board's decision is final and may not be appealed.

(b) If the board of trustees fails to give the notice of its decision to terminate the teacher's employment within the time prescribed by Subsection (a), the board must employ the probationary teacher in the same capacity under:

(1) a probationary contract for the following school year, if the teacher has been employed by the district under a probationary contract for less than three consecutive school years; or

(2) a continuing or term contract, according to district policy, if the teacher has been employed by the district under a probationary contract for three consecutive school years.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1999, 76th Leg., ch. 396 (S.B. 4), art. 2, § 2.05, effective September 1, 1999; am. Acts 2011, 82nd Leg., 1st C.S., ch. 8 (S.B. 8), § 3, effective September 28, 2011.)

Sec. 21.104. Discharge During Year or Suspension Without Pay Under Probationary Contract.

(a) A teacher employed under a probationary contract may be discharged at any time for good cause as determined by the board of trustees, good cause being the failure to meet the accepted standards of conduct for the profession as generally recognized and applied in similarly situated school districts in this state.

(b) In lieu of discharge or pending discharge, a school district may suspend a teacher without pay for good cause as specified by Subsection (a) for a period not to extend beyond the end of the current school year.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2011, 82nd Leg., 1st C.S., ch. 8 (S.B. 8), § 4, effective September 28, 2011.)

Sec. 21.1041. Hearing Under Probationary Contract.

A teacher is entitled to:

(1) a hearing as provided by Subchapter F, if the teacher is protesting proposed action under Section 21.104; or

(2) a hearing in a manner provided under Section 21.207 for nonrenewal of a term contract or a hearing provided by Subchapter F, as determined by the board of trustees of the district, if the teacher is protesting proposed action to terminate a probationary contract before the end of the contract period on the basis of a financial exigency declared under Section 44.011 that requires a reduction in personnel.

(Enacted by Acts 2011, 82nd Leg., 1st C.S., ch. 8 (S.B. 8), § 5, effective September 28, 2011.)

Sec. 21.105. Resignations Under Probationary Contract.

(a) A teacher employed under a probationary contract for the following school year may relinquish the position and leave the employment of the district at the end of a school year without penalty by filing with the board of trustees or its designee a written resignation not later than the 45th day before the first day of instruction of the following school year. A written resignation mailed by prepaid certified or registered mail to the president of the board of trustees or the board's designee at the post office address of the district is considered filed at the time of mailing.

(b) A teacher employed under a probationary contract may resign, with the consent of the board of trustees or the board's designee, at any other time.

(c) On written complaint by the employing district, the State Board for Educator Certification may impose sanctions against a teacher employed under a probationary contract who:

(1) resigns;

(2) fails without good cause to comply with Subsection (a) or (b); and

(3) fails to perform the contract.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 21.106. Return to Probationary Status.

(a) In lieu of discharging a teacher employed under a continuing contract, terminating a teacher employed under a term contract, or not renewing a teacher's term contract, a school district may, with the written consent of the teacher, return the teacher to probationary contract status.

(b) Except as provided by Subsection (d), a teacher may agree to be returned to probationary contract status only after receiving written notice that the board of trustees of the school district has proposed discharge, termination, or nonrenewal.

(c) A teacher returned to probationary contract status must serve a new probationary contract period as provided by Section 21.102 as if the teacher were employed by the district for the first time.

(d) A teacher may agree to be returned to probationary contract status after receiving written notice of the superintendent's intent to recommend discharge, termination, or nonrenewal. Notice under this subsection must inform the teacher of the school district's offer to return the teacher to probationary contract status, the period during which the teacher may consider the offer, and the teacher's right to seek counsel. The district must provide the teacher at least three business days after the date the teacher receives notice under this subsection to agree to be returned to probationary contract status. This subsection does not require a superintendent to provide notice of an intent to recommend discharge, termination, or nonrenewal.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2003, 78th Leg., ch. 507 (H.B. 1113), § 1, effective September 1, 2003.)

At each school in the district, the board shall make a copy of the board's employment policies available for inspection at a reasonable time on request.

(e) A teacher does not have a property interest in a contract beyond its term.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2003, 78th Leg., ch. 484 (H.B. 912), § 1, effective September 1, 2003.)

Sec. 21.205. Term of Contract.

Once a teacher has completed the probationary contract period, the term of a contract under this subchapter may not exceed five school years.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 21.206. Notice of Contract Renewal or Nonrenewal.

(a) Not later than the 10th day before the last day of instruction in a school year, the board of trustees shall notify in writing each teacher whose contract is about to expire whether the board proposes to renew or not renew the contract. The notice must be delivered personally by hand delivery to the teacher on the campus at which the teacher is employed, except that if the teacher is not present on the campus on the date that hand delivery is attempted, the notice must be mailed by prepaid certified mail or delivered by express delivery service to the teacher's address of record with the district. Notice that is postmarked on or before the 10th day before the last day of instruction is considered timely given under this subsection.

(b) The board's failure to give the notice required by Subsection (a) within the time specified constitutes an election to employ the teacher in the same professional capacity for the following school year.

(c) This section does not apply to a term contract with a superintendent.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2011, 82nd

Leg., 1st C.S., ch. 8 (S.B. 8), § 9, effective September 28, 2011.)

Sec. 21.207. Hearing Under Term Contract.

(a) If the teacher desires a hearing after receiving notice of the proposed nonrenewal, the teacher shall notify the board of trustees in writing not later than the 15th day after the date the teacher receives hand delivery of the notice of the proposed action, or if the notice is mailed by prepaid certified mail or delivered by express delivery service, not later than the 15th day after the date the notice is delivered to the teacher's address of record with the district. The board shall provide for a hearing to be held not later than the 15th day after the date the board receives the request for a hearing unless the parties agree in writing to a different date. The hearing must be closed unless the teacher requests an open hearing.

(b) The hearing must be conducted in accordance with rules adopted by the board. The board may use the process established under Subchapter F.

(b-1) Notwithstanding any other provision of this code, this subsection applies only to a school district with an enrollment of at least 5,000 students. The board of trustees may designate an attorney licensed to practice law in this state to hold the hearing on behalf of the board, to create a hearing record for the board's consideration and action, and to recommend an action to the board. The attorney serving as the board's designee may not be employed by a school district and neither the designee nor a law firm with which the designee is associated may be serving as an agent or representative of a school district, of a teacher in a dispute between a district and a teacher, or of an organization of school employees, school administrators, or school boards of trustees. Not later than the 15th day after the completion of the hearing under this subsection, the board's designee shall provide to the board a record of the hearing and the designee's recommendation of whether the contract should be renewed or not renewed. The board shall consider the record of the hearing and the designee's recommendation at the first board meeting for which notice can be posted in compliance with Chapter 551, Government Code, following the receipt of the record and recommendation from the board's designee, unless the parties agree in writing to a different date. At the meeting, the board shall consider the hearing record and the designee's recommendation and allow each party to present an oral argument to the board. The board by written policy may limit the amount of time for oral argument. The policy must provide equal time for each party. The board may obtain advice concerning legal matters from an attorney who has not been involved in the proceedings. The board may accept, reject, or modify the designee's recommendation. The board shall notify the teacher in writing of the board's decision not later than the 15th day after the date of the meeting.

(c) At the hearing before the board or the board's designee, the teacher may:

(1) be represented by a representative of the teacher's choice;

(2) hear the evidence supporting the reason for nonrenewal;

(3) cross-examine adverse witnesses; and

(4) present evidence.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2011, 82nd Leg., 1st C.S., ch. 8 (S.B. 8), § 10, effective September 28, 2011.)

Sec. 21.208. Decision of Board.

(a) If the teacher does not request a hearing, the board of trustees shall:

(1) take the appropriate action to renew or not renew the teacher's contract; and

(2) notify the teacher in writing of that action not later than the 30th day after the date the notice of proposed nonrenewal was sent to the teacher.

(b) If the teacher requests a hearing, following the hearing the board of trustees shall:

(1) take the appropriate action to renew or not renew the teacher's contract; and

(2) notify the teacher in writing of that action not later than the 15th day after the date on which the hearing is concluded.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 21.209. Appeal.

A teacher who is aggrieved by a decision of a board of trustees on the nonrenewal of the teacher's term contract may appeal to the commissioner for a review of the decision of the board of trustees in accordance with the provisions of Subchapter G. The commissioner may not substitute the commissioner's judgment for that of the board of trustees unless the board's decision was arbitrary, capricious, unlawful, or not supported by substantial evidence.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 21.210. Resignation Under Term Contract.

(a) A teacher employed under a term contract with a school district may relinquish the teaching position and leave the employment of the district at

the end of a school year without penalty by filing a written resignation with the board of trustees or the board's designee not later than the 45th day before the first day of instruction of the following school year. A written resignation mailed by prepaid certified or registered mail to the president of the board of trustees or the board's designee at the post office address of the district is considered filed at the time of mailing.

(b) A teacher employed under a term contract may resign, with the consent of the board of trustees or the board's designee, at any other time.

(c) On written complaint by the employing district, the State Board for Educator Certification may impose sanctions against a teacher who is employed under a term contract that obligates the district to employ the person for the following school year and who:

(1) resigns;

(2) fails without good cause to comply with Subsection (a) or (b); and

(3) fails to perform the contract.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 21.211. Termination or Suspension.

(a) The board of trustees may terminate a term contract and discharge a teacher at any time for:

(1) good cause as determined by the board; or

(2) a financial exigency that requires a reduction in personnel.

(b) For a good cause, as determined by the board, the board of trustees may suspend a teacher without pay for a period not to extend beyond the end of the school year:

(1) pending discharge of the teacher; or

(2) in lieu of terminating the teacher.

(c) A teacher who is not discharged after being suspended without pay pending discharge is entitled to back pay for the period of suspension.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 21.212. Applicability of Subchapter to Superintendents.

(a) The board of trustees of a school district may choose to not renew the employment of a superintendent employed under a term contract, effective at the end of the contract period. If a majority of the board of trustees determines that the term contract of the superintendent should be considered for nonrenewal, the board shall give the superintendent written notice, containing reasonable notice of the reason for the proposed nonrenewal, not later than the 30th day before the last day of the contract term.

(b) If the board of trustees fails to give notice of the proposed nonrenewal within the time specified by Subsection (a), the board of trustees shall employ the superintendent in the same professional capacity for the following school year.

(c) If the superintendent, not later than the 15th day after receiving notice of the board's proposed action, does not request a hearing with the board of trustees under Section 21.207, the board of trustees shall:

(1) take the appropriate action; and

(2) notify the superintendent in writing of the action not later than the 30th day after the date the board sends the notice of the proposed nonrenewal.

(d) The board of trustees shall adopt policies that establish reasons for nonrenewal. This section does not prohibit a board of trustees from discharging a superintendent for good cause during the term of a contract.

(e) A superintendent employed under a term contract may leave the employment of the district at the end of a school year without penalty by filing a written resignation with the board of trustees. The resignation must be addressed to the board and filed not later than the 45th day before the first day of instruction of the following school year. A superintendent may resign, with the consent of the board of trustees, at any other time.

(f) On the basis of a financial exigency declared under Section 44.011 that requires a reduction in personnel, the board of trustees of a school district may choose to amend the terms of the contract of a superintendent employed under a term contract. A superintendent whose contract is amended under this subsection may resign without penalty by providing reasonable notice to the board and may continue employment for that notice period under the prior contract.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2011, 82nd Leg., 1st C.S., ch. 8 (S.B. 8), § 11, effective September 28, 2011.)

Sec. 21.213. Nonapplicability of Subchapter.

Except as provided by Section 21.202, this subchapter does not apply to a teacher employed under a probationary contract in accordance with Subchapter C or a continuing contract in accordance with Subchapter D.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

SUBCHAPTER F

(1) terminate the teacher's continuing contract at any time, except as provided by Subsection (b)(3);

(2) terminate the teacher's probationary or term contract before the end of the contract period, except as provided by Subsection (b)(3); or

(3) suspend the teacher without pay.

(b) This subchapter does not apply to:

(1) a decision to terminate a teacher's employment at the end of a probationary contract;

(2) a decision not to renew a teacher's term contract, unless the board of trustees of the employing district has decided to use the process prescribed by this subchapter for that purpose; or

(3) a decision, on the basis of a financial exigency declared under Section 44.011 that requires a reduction in personnel, to terminate a probationary or term contract before the end of the contract period or to terminate a continuing contract at any time, unless the board of trustees has decided to use the process prescribed by this subchapter for that purpose.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2011, 82nd Leg., 1st C.S., ch. 8 (S.B. 8), § 12, effective September 28, 2011.)

Sec. 21.252. Certification of Hearing Examiners.

(a) The State Board of Education, in consultation with the State Office of Administrative Hearings, by rule shall establish criteria for the certification of hearing examiners eligible to conduct hearings under this subchapter. A hearing examiner certified under this subchapter must be licensed to practice law in this state.

(b) The commissioner shall certify hearing examiners according to the criteria established under Subsection (a). A person certified as a hearing examiner or the law firm with which the person is associated may not serve as an agent or representative of:

(1) a school district;

(2) a teacher in any dispute with a school district; or

(3) an organization of school employees, school administrators, or school boards.

(c) The commissioner shall set hourly rates of compensation for a hearing examiner and shall set a maximum amount of compensation a hearing examiner may receive for a hearing.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 21.253. Request for Hearing.

(a) A teacher must file a written request for a hearing under this subchapter with the commissioner not later than the 15th day after the date the teacher receives written notice of the proposed action. The teacher must provide the district with a copy of the request and must provide the commissioner with a copy of the notice.

(b) The parties may agree in writing to extend by not more than 10 days the deadline for requesting a hearing.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2003, 78th Leg., ch. 201 (H.B. 3459), § 12, effective September 1, 2003; am. Acts 2003, 78th Leg., ch. 902 (S.B. 893), § 1, effective June 20, 2003.)

Sec. 21.254. Assignment of Hearing Examiner.

(a) The commissioner shall maintain a list of the names of all persons who have been certified as hearing examiners. The list shall be initially prepared in a random order, and subsequent additions to the list shall be added chronologically.

(b) The commissioner shall assign the hearing examiner for a particular case by selecting the next person named on the list who resides within reasonable proximity to the district as determined by the commissioner. The commissioner may not change the order of names once the order is established under this section, except that once each hearing examiner on the list has been assigned to a case, the names shall be randomly reordered.

(c) If a hearing examiner is not selected by the parties to a pending case under Subsection (e), the commissioner shall assign a hearing examiner to the case not earlier than the sixth business day and not later than the 10th business day after the date on which the commissioner receives the request for a hearing. When a hearing examiner has been assigned to a case, the commissioner shall immediately notify the parties.

(d) The parties may agree to reject a hearing examiner for any reason and either party is entitled to reject the assigned hearing examiner for cause. A rejection must be in writing and filed with the

commissioner not later than the third day after the date of notification of the hearing examiner's assignment. If the parties agree to reject the hearing examiner or if the commissioner determines that one party has good cause to reject the hearing examiner, the commissioner shall assign another hearing examiner as provided by Subsection (b). If neither party makes a timely rejection, the assignment is final.

(e) After the teacher receives the notice of the proposed action, the parties by agreement may select a hearing examiner from the list maintained by the commissioner under Subsection (a) or a person who is not certified to serve as a hearing examiner. A person who is not a certified hearing examiner may be selected only if the person is licensed to practice law in this state. If the parties agree on a hearing examiner, the parties shall, before the date the commissioner is permitted to assign a hearing examiner, notify the commissioner in writing of the agreement, including the name of the hearing examiner selected.

(f) After the teacher receives the notice of the proposed action, the teacher and the district may agree in writing that the decision of the hearing examiner will be final and nonappealable on all or some issues.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2003, 78th Leg., ch. 201 (H.B. 3459), § 13, effective September 1, 2003; am. Acts 2003, 78th Leg., ch. 902 (S.B. 893), § 2, effective June 20, 2003.)

The hearing examiner may issue a subpoena for the attendance of a person who is not an employee of the district only if the party requesting the issuance of the subpoena shows good cause for the subpoena. The hearing must be held within the geographical boundaries of the school district or at the regional education service center that serves the district.

(b) A hearing examiner may allow either party to take one or more depositions or to use other means of discovery before the hearing. The hearing examiner, at the request of either party, may issue subpoenas for the attendance of witnesses and the production of documents at the deposition. The hearing examiner may issue a subpoena for the deposition of any person who is not an employee of the district only if the party requesting the issuance of the subpoena shows good cause for the subpoena. The deposition must be held within the geographical boundaries of the school district or at the regional education service center that serves the district.

(c) A procedure specified in this section may be changed or eliminated by written agreement of the teacher and the school district after the teacher receives the written notice of the proposed action.

(d) If the hearing examiner is unable to continue presiding over a case at any time before issuing a recommendation or decision, the parties shall request the assignment of another hearing examiner under Section 21.254 who, after a review of the record, shall perform any remaining functions without the necessity of repeating any previous proceedings.

(e) The school district shall bear the cost of the services of the hearing examiner and certified shorthand reporter at the hearing and the production of any original hearing transcript. Each party shall bear its respective costs, including the cost of discovery, if any, and attorney's fees.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

(c) At the hearing, a teacher has the right to:

(1) be represented by a representative of the teacher's choice;

(2) hear the evidence on which the charges are based;

(3) cross-examine each adverse witness; and

(4) present evidence.

(d) The Texas Rules of Evidence apply at the hearing. A certified shorthand reporter shall record the hearing.

(e) The hearing shall be conducted in the same manner as a trial without a jury in a district court of this state. The hearing examiner's findings of fact and conclusions of law shall be presumed to be based only on admissible evidence.

(f) To protect the privacy of a witness who is a child, the hearing examiner may:

(1) close the hearing to receive the testimony of the witness; or

(2) order that the testimony or a statement of the witness be presented using the procedures prescribed by Article 38.071, Code of Criminal Procedure.

(g) An evaluation or appraisal of the teacher is presumed to be admissible at the hearing.

(h) At the hearing, the school district has the burden of proof by a preponderance of the evidence.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2005, 79th Leg., ch. 728 (H.B. 2018), art. 5, § 5.003, effective September 1, 2005.)

(1) includes proposed findings of fact and conclusions of law; and

(2) may include a proposal for granting relief.

(a-1) A determination by the hearing examiner regarding good cause for the suspension of a teacher without pay or the termination of a probationary, continuing, or term contract is a conclusion of law and may be adopted, rejected, or changed by the board of trustees or board subcommittee as provided by Section 21.259(b).

(b) The proposed relief under Subsection (a)(2) may include reinstatement, back pay, or employment benefits but may not include attorney's fees or other costs associated with the hearing or appeals from the hearing.

(c) The parties may agree in writing to extend by not more than 45 days the right to a recommendation by the date prescribed by Subsection (a). A hearing under this section may not be held on a Saturday, Sunday, or a state or federal holiday, unless all parties agree.

(d) The hearing examiner shall send a copy of the recommendation to each party, the president of the board of trustees, and the commissioner.

(e) A hearing examiner who fails to timely issue a written recommendation or decision may not be assigned by the commissioner to conduct additional hearings for a period not to exceed one year.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2003, 78th Leg., ch. 201 (H.B. 3459), § 14, effective September 1, 2003; am. The meeting must be held not later than the 20th day after the date that the president of the board receives the hearing examiner's recommendation and the record of the hearing.

(b) At the meeting, the board of trustees or board subcommittee shall consider the hearing examiner's recommendation and shall allow each party to present an oral argument to the board or subcommittee. The board by written policy may limit the amount of time for oral argument. The policy must provide equal time for each party.

(c) The board of trustees or board subcommittee may obtain advice concerning legal matters from an attorney who has not been involved in the proceedings.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

SUBCHAPTER G
APPEALS TO COMMISSIONER OF EDUCATION

Sec. 21.301. Appeal to Commissioner.

(a) Not later than the 20th day after the date the board of trustees or board subcommittee announces its decision under Section 21.259 or the board advises the teacher of its decision not to renew the teacher's contract under Section 21.208, the teacher may appeal the decision by filing a petition for review with the commissioner.

(b) The school district must file a response not later than the 20th day after the date the petition for review is filed. The record of the local hearing must be filed with the district's response or be filed alone within the period for a response if the district does not file a response. A school district's filing of the record with the commissioner under this subsection is not an offense under Section 551.146, Government Code.

(c) The commissioner shall review the record of the hearing before the hearing examiner and the oral argument before the board of trustees or board subcommittee. Except as provided in Section 21.302, the commissioner shall consider the appeal solely on the basis of the local record and may not consider any additional evidence or issue. The commissioner, on the motion of a party or on the commissioner's motion, may hear oral argument. The commissioner shall accept written argument.

(d) In conducting a hearing under this section, the commissioner has the same authority relating to discovery and conduct of a hearing as a hearing examiner has under Subchapter F.

(e) The commissioner may adopt rules governing the conduct of an appeal to the commissioner. An appeal to the commissioner under this section is not subject to Chapter 2001, Government Code.

(f) The commissioner may obtain advice concerning legal matters from the chief legal officer of the agency if the chief legal officer has not been involved in the proceedings.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2001, 77th Leg., ch. 895 (H.B. 3463), § 2, effective June 14, 2001.)

Sec. 21.302. Evidentiary Hearing Before Commissioner.

(a) If a party alleges that procedural irregularities that are not reflected in the local record occurred at the hearing before the hearing examiner, the commissioner may hold a hearing for the presentation of evidence on that issue. The party alleging that procedural irregularities occurred shall identify the specific alleged defect and its claimed effect on the board's or board subcommittee's decision. The commissioner may make appropriate orders consistent with rules adopted by the commissioner. The commissioner's determination on any alleged procedural irregularities is final and may not be appealed.

(b) A hearing under this section shall be recorded by a certified shorthand reporter.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 21.303. Determination by Commissioner.

(a) If the board of trustees decided not to renew a teacher's term contract, the commissioner may not substitute the commissioner's judgment for that of the board of trustees unless the decision was arbitrary, capricious, or unlawful or is not supported by substantial evidence.

(b) If the board of trustees terminated a teacher's probationary, continuing, or term contract during the contract term or suspended a teacher without pay, the commissioner may not substitute the commissioner's judgment for that of the board unless:

(1) if the board accepted the hearing examiner's findings of fact without modification, the decision is arbitrary, capricious, or unlawful or is not supported by substantial evidence; or

(2) if the board modified the hearing examiner's findings of fact, the decision is arbitrary, capricious, or unlawful or the hearing examiner's original findings of fact are not supported by substantial evidence.

(c) The commissioner may not reverse a decision of a board of trustees based on a procedural irregularity or error by a hearing examiner, the board of trustees, or a board subcommittee unless the commissioner determines that the irregularity or error was likely to have led to an erroneous decision by the board or board subcommittee.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 21.304. Decision of Commissioner.

(a) The commissioner's decision must be in writing and must include findings of fact and conclusions

of law. The commissioner may adopt by reference and incorporate findings of fact or conclusions of law from the local record.

(b) The commissioner must issue a decision not later than the 30th day after the last day on which a response to the petition for review may be filed under Section 21.301(b). If the commissioner fails to issue a decision within that time, the decision of the board is affirmed.

(c) The commissioner shall send a copy of the decision to each party or the party's representative by certified mail. The commissioner shall keep a record of the mailing. A party is presumed to be notified of the decision on the date the decision is received, as indicated by the certified mail return receipt.

(d) The commissioner shall maintain and index decisions of the commissioner issued under this section with the recommendations or decisions of the hearing examiner.

(e) If the commissioner reverses the action of the board of trustees, the commissioner shall order the school district to reinstate the teacher and to pay the teacher any back pay and employment benefits from the time of discharge or suspension to reinstatement.

(f) Instead of reinstating a teacher under Subsection (e), the school district may pay the teacher one year's salary to which the teacher would have been entitled from the date on which the teacher would have been reinstated.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

SUBCHAPTER H
APPRAISALS AND INCENTIVES

Sec. 21.351. Recommended Appraisal Process and Performance Criteria.

(a) The commissioner shall adopt a recommended appraisal process and criteria on which to appraise the performance of teachers. The criteria must be based on observable, job-related behavior, including:

(1) teachers' implementation of discipline management procedures; and

(2) the performance of teachers' students.

(b) The commissioner shall solicit and consider the advice of teachers in developing the recommended appraisal process and performance criteria.

(c) Under the recommended appraisal process, an appraiser must be the teacher's supervisor or a person approved by the board of trustees. An appraiser who is a classroom teacher may not appraise the performance of another classroom teacher who teaches at the same school campus at which the appraiser teaches, unless it is impractical because of the number of campuses or unless the appraiser is the chair of a department or grade level whose job description includes classroom observation responsibilities.

(d) Under the recommended appraisal process, appraisal for teachers must be detailed by category of professional skill and characteristic and must provide for separate ratings for each category. The appraisal process shall guarantee a conference between the teacher and the appraiser. The conference shall be diagnostic and prescriptive with regard to remediation needed in overall performance and by category.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 21.352. Local Role.

(a) In appraising teachers, each school district shall use:

(1) the appraisal process and performance criteria developed by the commissioner; or

(2) an appraisal process and performance criteria:

(A) developed by the district- and campus-level committees established under Section 11.251;

(B) containing the items described by Sections 21.351(a)(1) and (2); and

(C) adopted by the board of trustees.

(b) The board of trustees may reject an appraisal process and performance criteria developed by the district- and campus-level committees but may not modify the process or criteria.

(c) Except as otherwise provided by this subsection, appraisal must be done at least once during each school year. A teacher may be appraised less frequently if the teacher agrees in writing and the teacher's most recent evaluation rated the teacher as at least proficient, or the equivalent, and did not identify any area of deficiency. A teacher who is appraised less frequently than annually must be appraised at least once during each period of five school years. The district shall maintain a written copy of the evaluation of each teacher's performance in the teacher's personnel file. Each teacher is entitled to receive a written copy of the evaluation promptly on its completion. After receiving a written copy of the evaluation, a teacher is entitled to a second appraisal by a different appraiser or to submit a written rebuttal to the evaluation to be attached to the evaluation in the teacher's personnel file. The evaluation and any rebuttal may be given to another school district at which the teacher has applied for employment at the request of that district.

(c-1) In addition to conducting a complete appraisal as frequently as required by Subsection (c), a school district shall require that appropriate components of the appraisal process, such as classroom observations and walk-throughs, occur more frequently as necessary to ensure that a teacher receives adequate evaluation and guidance. A school district shall give priority to conducting appropriate components more frequently for inexperienced teachers or experienced teachers with identified areas of deficiency.

(d) A teacher may be given advance notice of the date or time of an appraisal, but advance notice is not required.

(e) A district shall use a teacher's consecutive appraisals from more than one year, if available, in making the district's employment decisions and developing career recommendations for the teacher.

(f) The district shall notify a teacher of the results of any appraisal of the teacher in a timely manner so that the appraisal may be used as a developmental

tool by the district and the teacher to improve the overall performance of the teacher.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2003, 78th Leg., ch. 244 (H.B. 1440), § 2, effective June 18, 2003; am. Acts 2013, 83rd Leg., ch. 1282 (H.B. 2012), § 6, effective September 1, 2013.)

Sec. 21.353. Appraisal on Basis of Classroom Teaching Performance.

A teacher who directs extracurricular activities in addition to performing classroom teaching duties shall be appraised only on the basis of classroom teaching performance and not on performance in connection with the extracurricular activities.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 21.354. Appraisal of Certain Administrators.

(a) The commissioner shall adopt a recommended appraisal process and criteria on which to appraise the performance of various classifications of school administrators. The criteria must be based on job-related performance.

(a-1) This section does not apply to the appraisal of the performance of a principal.

(b) The commissioner may solicit and consider the advice of teachers and administrators in developing the appraisal process and performance criteria.

(c) Each school district shall appraise each administrator annually using either:

(1) the commissioner's recommended appraisal process and performance criteria; or

(2) an appraisal process and performance criteria:

(A) developed by the district in consultation with the district- and campus-level committees established under Section 11.251; and

(B) adopted by the board of trustees.

(d) Funds of a school district may not be used to pay an administrator who has not been appraised under this section in the preceding 15 months.

(e) [Repealed by Acts 2011, 82nd Leg., ch. 1093 (S.B. 1383), § 5, effective June 17, 2011.]
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995 am. Acts 2009, 81st Leg., ch. 895 (H.B. 3), § 21, effective June 19, 2009; am. Acts 2011, 82nd Leg., ch. 1093 (S.B. 1383), §§ 1, 2, 5, effective June 17, 2011.)

Sec. 21.3541. Appraisal and Professional Development System for Principals.

(a) The commissioner by rule shall establish and shall administer a comprehensive appraisal and professional development system for principals.

(b) The commissioner may establish a consortium of nationally recognized experts on educational leadership and policy to:

(1) assist the commissioner in effectively researching and developing the comprehensive appraisal and professional development system described by Subsection (a); and

(2) evaluate relevant research and practices and make recommendations to the commissioner to improve the quality of the training, appraisal, professional development, and compensation of principals.

(c) If the commissioner establishes the consortium, the commissioner shall select a presiding officer of the consortium. The presiding officer:

(1) must be an expert on educational leadership and policy;

(2) must have a demonstrated ability to lead a statewide school leadership reform initiative; and

(3) may not be employed by a school district in this state.

(d) The commissioner shall establish school leadership standards and a set of indicators of successful school leadership to align with the training, appraisal, and professional development of principals.

(e) In carrying out the commissioner's powers and duties under this section, the commissioner may use only money available from private sources that may be used for that purpose.

(f) In appraising principals, each school district shall use either:

(1) the appraisal system and school leadership standards and indicators developed or established by the commissioner under this section; or

(2) an appraisal process and performance criteria:

(A) developed by the district in consultation with the district-level and campus-level committees established under Section 11.251; and

(B) adopted by the board of trustees.

(g) Each school district shall appraise each principal annually.

(h) **[Expires January 1, 2015]** Not later than December 1 of 2012 and 2014, the commissioner shall submit a written report to the governor, lieutenant governor, speaker of the house of representatives, and presiding officer of each standing legislative committee with primary jurisdiction over public education of:

(1) any action taken under this section; and

(2) any recommendations for legislative action concerning the training, appraisal, professional development, or compensation of principals.

(i) **[Expires January 1, 2015]** Subsection (h) and this subsection expire January 1, 2015.
(Enacted by Acts 2011, 82nd Leg., ch. 1093 (S.B. 1383), § 3, effective June 17, 2011.)

Sec. 21.355. Confidentiality.

(a) A document evaluating the performance of a teacher or administrator is confidential.

(b) Subsection (a) applies to a teacher or administrator employed by an open-enrollment charter school regardless of whether the teacher or administrator is certified under Subchapter B.

(c) At the request of a school district or open-enrollment charter school at which a teacher or administrator has applied for employment, an open-enrollment charter school may give the requesting district or school a document evaluating the performance of a teacher or administrator employed by the school.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2011, 82nd Leg., ch. 1305 (H.B. 2971), § 1, effective June 17, 2011.)

(1) is based on types of information available as of January 1, 1995, through the Public Education Information Management System (PEIMS) and the state's public school accountability system;

(2) focuses on gain at a principal's campus and includes a statistical analysis comparing current campus performance to previous performance; and

(3) does not include subjective items.

(b) From funds appropriated for that purpose, the commissioner may award performance incentives to principals identified through the evaluation system as high-performing. Based on available appropriations, for each fiscal year, a performance incentive may not exceed:

(1) $5,000, for a principal ranked in the top quartile; or

(2) $2,500, for a principal ranked in the second quartile.

(a) A teacher, librarian, school counselor, or nurse shall advance one step on the minimum salary schedule under Section 21.402 for each year of experience as a teacher, librarian, school counselor, or nurse until step 20 is reached.

(b) For each year of work experience required for certification in a career or technological field, up to a maximum of two years, a certified career or technology education teacher is entitled to salary step credit as if the work experience were teaching experience.

(c) The commissioner shall adopt rules for determining the experience for which a teacher, librarian, school counselor, or nurse is to be given credit in placing the teacher, librarian, school counselor, or nurse on the minimum salary schedule. A district shall credit the teacher, librarian, school counselor, or nurse for each year of experience without regard to whether the years are consecutive.

(d) As long as a teacher or librarian who received a career ladder supplement is employed by the same school district, the teacher or librarian is entitled to:

(1) placement on the minimum salary schedule at the step above the step on which the teacher would otherwise be placed, if the teacher or librarian received a career ladder supplement for level two of the career ladder on August 31, 1993; or

(2) placement on the minimum salary schedule at the step two steps above the step on which the teacher would otherwise be placed, if the teacher or librarian received a career ladder supplement for level three of the career ladder on August 31, 1993.

The district must provide the copy not later than the 30th day after the later of:

(1) the date the request is made; or

(2) the date of the last day of the individual's service to the district.

Sec. 21.4032. Reductions in Salaries of Classroom Teachers and Administrators.

(a) This section applies only to a widespread reduction in the amount of the annual salaries paid to school district classroom teachers based primarily on district financial conditions rather than on teacher performance.

(b) For any school year in which a school district has reduced the amount of the annual salaries paid to district classroom teachers from the amount paid for the preceding school year, the district shall reduce the amount of the annual salary paid to each district administrator or other professional employee by a percent or fraction of a percent that is equal to the average percent or fraction of a percent by which teacher salaries have been reduced.

(Enacted by Acts 2011, 82nd Leg., 1st C.S., ch. 8 (S.B. 8), § 16, effective September 28, 2011.)

Sec. 21.404. Planning and Preparation Time.

Each classroom teacher is entitled to at least 450 minutes within each two-week period for instructional preparation, including parent-teacher conferences, evaluating students' work, and planning. A planning and preparation period under this section may not be less than 45 minutes within the instructional day. During a planning and preparation period, a classroom teacher may not be required to participate in any other activity.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 21.405. Duty-Free Lunch.

(a) Except as provided by Subsection (c), each classroom teacher or full-time librarian is entitled to at least a 30-minute lunch period free from all duties and responsibilities connected with the instruction and supervision of students. Each school district may set flexible or rotating schedules for each classroom teacher or full-time librarian in the district for the implementation of the duty-free lunch period.

(b) The implementation of this section may not result in a lengthened school day.

(c) If necessary because of a personnel shortage, extreme economic conditions, or an unavoidable or unforeseen circumstance, a school district may require a classroom teacher or librarian entitled to a duty-free lunch to supervise students during lunch. A classroom teacher or librarian may not be required to supervise students under this subsection more than one day in any school week. The commissioner by rule shall prescribe guidelines for determining what constitutes a personnel shortage, extreme economic conditions, or an unavoidable or unforeseen circumstance for purposes of this subsection.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 21.406. Denial of Compensation Based on Absence for Religious Observance Prohibited.

A school district may not deny an educator a salary bonus or similar compensation given in whole or in part on the basis of educator attendance because of the educator's absence from school for observance of a holy day observed by a religion whose places of worship are exempt from property taxation under Section 11.20, Tax Code.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 21.408. Right to Join or Not to Join Professional Association.

This chapter does not abridge the right of an educator to join any professional association or organization or refuse to join any professional association or organization.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 21.409. Leave of Absence for Temporary Disability.

(a) Each full-time educator employed by a school district shall be given a leave of absence for temporary disability at any time the educator's condition

interferes with the performance of regular duties. The contract or employment of the educator may not be terminated by the school district while the educator is on a leave of absence for temporary disability. "Temporary disability" in this section includes the condition of pregnancy.

(b) A request for a leave of absence for temporary disability must be made to the superintendent of the school district. The request must be accompanied by a physician's statement confirming inability to work and must state the date requested by the educator for the leave to begin and the probable date of return as certified by the physician.

(c) The board of trustees of a school district may adopt a policy providing for placing an educator on leave of absence for temporary disability if, in the board's judgment and in consultation with a physician who has performed a thorough medical examination of the educator, the educator's condition interferes with the performance of regular duties. A policy adopted under this subsection must reserve to the educator the right to present to the board testimony or other information relevant to the educator's fitness to continue the performance of regular duties.

(d) The educator must notify the superintendent of the desire to return to active duty not later than the 30th day before the expected date of return. The notice must be accompanied by a physician's statement indicating the educator's physical fitness for the resumption of regular duties.

(e) An educator returning to active duty after a leave of absence for temporary disability is entitled to an assignment at the school where the educator formerly taught, subject to the availability of an appropriate teaching position. In any event, the educator must be placed on active duty not later than the beginning of the next term.

(f) The length of a leave of absence for temporary disability shall be granted by the superintendent as required by the individual educator. The board of trustees of a school district may establish a maximum length for a leave of absence for temporary disability, but the maximum length may not be less than 180 days.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 21.410. Master Reading Teacher Grant Program.

(a) The commissioner shall establish a master reading teacher grant program to encourage teachers to:

(1) become certified as master reading teachers; and

(2) work with other teachers and with students in order to improve student reading performance.

(b) From funds appropriated for the purpose, the commissioner shall make grants to school districts as provided by this section to pay stipends to selected certified master reading teachers who teach at high-need campuses.

(c) The commissioner shall annually identify each high-need campus in a school district using criteria established by the commissioner by rule, including performance on the reading assessment instrument administered under Section 39.023. The commissioner shall also use the criteria to rank campuses in order of greatest need.

(d) A school district may apply to the commissioner for grants for each high-need campus identified by the commissioner to be used to pay stipends to certified master reading teachers in accordance with this section. Unless reduced under Subsection (g) or (i), each grant is in the amount of $5,000. The commissioner shall approve the application if the district:

(1) applies within the period and in the manner required by rule adopted by the commissioner; and

(2) agrees to use each grant only for the purpose of paying a year-end stipend to a master reading teacher:

(A) who holds a certificate issued under Section 21.0481;

(B) who teaches in a position prescribed by the district at a high-need campus identified by the commissioner;

(C) whose primary duties include:

(i) teaching reading; and

(ii) serving as a reading teaching mentor to other teachers for the amount of time and in the manner established by the district and by rule adopted by the commissioner; and

(D) who satisfies any other requirements established by rule adopted by the commissioner.

(e) Unless reduced under Subsection (g) or (i), a stipend under Subsection (d)(2) is in the amount of $5,000.

(f) The commissioner shall adopt rules for the distribution of grants to school districts following the year of the initial grant. A district that has been approved for a grant to pay a stipend to a certified master reading teacher is not required to reapply for a grant for two consecutive school years following the year of the intitial [initial] grant if the district:

(1) continues to pay a stipend as provided by Subsection (g); and

(2) notifies the commissioner in writing, within the period and in the manner prescribed by the

commissioner, that the circumstances on which the grant was based have not changed.

(g) The commissioner shall reduce payments to a school district proportionately to the extent a teacher does not meet the requirements under Subsection (d)(2) for the entire school year. A district that employs more certified master reading teachers than the number of grants available under this section shall select the certified master reading teachers to whom to pay stipends based on a policy adopted by the board of trustees of the district, except that a district shall pay a stipend for two additional consecutive school years to a teacher the district has selected for and paid a stipend for a school year, who remains eligible for a stipend under Subsection (d)(2), and for whom the district receives a grant under this section for those years. A decision of the district under this subsection is final and may not be appealed. The district may not apportion among teachers a stipend paid for with a grant the district receives under this section. The district may use local money to pay additional stipends in amounts determined by the district.

(h) A grant a school district receives under this section is in addition to any funding the district receives under Chapter 42. The commissioner shall distribute funds under this section with the Foundation School Program payment to which the district is entitled as soon as practicable after the end of the school year as determined by the commissioner. A district to which Chapter 41 applies is entitled to the grants paid under this section. The commissioner shall determine the timing of the distribution of grants to a district that does not receive Foundation School Program payments.

(i) This section does not create a property right to a grant or stipend. A school district is entitled to a grant to carry out the purposes of this section only to the extent the commissioner makes the grant in accordance with this section and only to the extent sufficient state funds are appropriated for those purposes. If state funds are appropriated but are insufficient to fully fund a grant, the commissioner shall reduce the grant paid to each district and the district shall reduce the stipend the district pays to each teacher under this section proportionately so that each selected teacher receives the same amount of money.

(j) A decision of the commissioner concerning the amount of money to which a school district is entitled under this section is final and may not be appealed. Each district shall, in the manner and at the time prescribed by the commissioner, provide to the commissioner proof acceptable to the commissioner of the master reading teacher certification of a teacher to whom the district is paying a stipend under this section.

(k) The commissioner may audit the expenditure of money appropriated for purposes of this section. A district's use of the money appropriated for purposes of this section shall be verified as part of the district audit under Section 44.008.

(*l*) A stipend a teacher receives under this section is not considered in determining whether the district is paying the teacher the minimum monthly salary under Section 21.402.

(m) The commissioner may adopt other rules as necessary to implement this section.

(Enacted by Acts 1999, 76th Leg., ch. 931 (H.B. 2307), § 1, effective August 30, 1999.)

Sec. 21.411. Master Mathematics Teacher Grant Program.

(a) The commissioner shall establish a master mathematics teacher grant program to encourage teachers to:

(1) become certified as master mathematics teachers; and

(2) work with other teachers and with students in order to improve student mathematics performance.

(b) From funds appropriated for the purpose, the commissioner shall make grants to school districts as provided by this section to pay stipends to selected certified master mathematics teachers who teach at high-need campuses.

(c) The commissioner shall annually identify each high-need campus in a school district using criteria established by the commissioner by rule, including performance on the mathematics assessment instrument administered under Section 39.023. The commissioner shall also use the criteria to rank campuses in order of greatest need.

(d) A school district may apply to the commissioner for grants for each high-need campus identified by the commissioner to be used to pay stipends to certified master mathematics teachers in accordance with this section. Unless reduced under Subsection (g) or (i), each grant is in the amount of $5,000. The commissioner shall approve the application if the district:

(1) applies within the period and in the manner required by rule adopted by the commissioner; and

(2) agrees to use each grant only for the purpose of paying a year-end stipend to a master mathematics teacher:

(A) who holds the appropriate certificate issued under Section 21.0482;

(B) who teaches in a position prescribed by the district at a high-need campus identified by the commissioner;

(C) whose primary duties include:

(i) teaching mathematics; and

(ii) serving as a mathematics teaching mentor to other teachers for the amount of time and in the manner established by the district and by rule adopted by the commissioner; and

(D) who satisfies any other requirements established by rule adopted by the commissioner.

(e) Unless reduced under Subsection (g) or (i), a stipend under Subsection (d)(2) is in the amount of $5,000.

(f) The commissioner shall adopt rules for the distribution of grants to school districts following the year of the initial grant. A district that has been approved for a grant to pay a stipend to a certified master mathematics teacher is not required to reapply for a grant for two consecutive school years following the year of the initial grant if the district:

(1) continues to pay a stipend as provided by Subsection (g); and

(2) notifies the commissioner in writing, within the period and in the manner prescribed by the commissioner, that the circumstances on which the grant was based have not changed.

(g) The commissioner shall reduce payments to a school district proportionately to the extent a teacher does not meet the requirements under Subsection (d)(2) for the entire school year. A district that employs more certified master mathematics teachers than the number of grants available under this section shall select the certified master mathematics teachers to whom to pay stipends based on a policy adopted by the board of trustees of the district, except that a district shall pay a stipend for two additional consecutive school years to a teacher the district has selected for and paid a stipend for a school year, who remains eligible for a stipend under Subsection (d)(2), and for whom the district receives a grant under this section for those years. A decision of the district under this subsection is final and may not be appealed. The district may not apportion among teachers a stipend paid for with a grant the district receives under this section. The district may use local money to pay additional stipends in amounts determined by the district.

(h) A grant a school district receives under this section is in addition to any funding the district receives under Chapter 42. The commissioner shall distribute funds under this section with the Foundation School Program payment to which the district is entitled as soon as practicable after the end of the school year as determined by the commissioner. A district to which Chapter 41 applies is entitled to the grants paid under this section. The commissioner shall determine the timing of the distribution of grants to a district that does not receive Foundation School Program payments.

(i) This section does not create a property right to a grant or stipend. A school district is entitled to a grant to carry out the purposes of this section only to the extent the commissioner makes the grant in accordance with this section and only to the extent sufficient state funds are appropriated for those purposes. If state funds are appropriated but are insufficient to fully fund a grant, the commissioner shall reduce the grant paid to each district and the district shall reduce the stipend the district pays to each teacher under this section proportionately so that each selected teacher receives the same amount of money.

(j) A decision of the commissioner concerning the amount of money to which a school district is entitled under this section is final and may not be appealed. Each district shall, in the manner and at the time prescribed by the commissioner, provide to the commissioner proof acceptable to the commissioner of the master mathematics teacher certification of a teacher to whom the district is paying a stipend under this section.

(k) The commissioner may audit the expenditure of money appropriated for purposes of this section. A district's use of the money appropriated for purposes of this section shall be verified as part of the district audit under Section 44.008.

(*l*) A stipend a teacher receives under this section is not considered in determining whether the district is paying the teacher the minimum monthly salary under Section 21.402.

(m) The commissioner may adopt other rules as necessary to implement this section.

(Enacted by Acts 2001, 77th Leg., ch. 834 (H.B. 1144), § 5, effective September 1, 2001.)

Sec. 21.412. Master Technology Teacher Grant Program.

(a) The commissioner shall establish a master technology teacher grant program to encourage teachers to:

(1) become certified as master technology teachers; and

(2) work with other teachers and with students in order to increase the use of technology in each classroom.

(b) From funds appropriated for the purpose, the commissioner shall make grants to school districts as provided by this section to pay stipends to selected certified master technology teachers. The commissioner shall give preference to teachers who teach at high-need campuses.

(c) The commissioner shall annually identify each high-need campus in a school district using criteria

established by the commissioner by rule. The commissioner shall also use the criteria to rank campuses in order of greatest need.

(d) A school district may apply to the commissioner for grants to be used to pay stipends to certified master technology teachers in accordance with this section. Unless reduced under Subsection (g) or (i), each grant is in the amount of $5,000. The commissioner shall approve the application if the district:

(1) applies within the period and in the manner required by rule adopted by the commissioner; and

(2) agrees to use each grant only for the purpose of paying a year-end stipend to a master technology teacher:

(A) who holds a certificate issued under Section 21.0483;

(B) who teaches in a position prescribed by the district;

(C) whose primary duties include serving as a technology training mentor to other teachers for the amount of time and in the manner established by the district and by rule adopted by the commissioner; and

(D) who satisfies any other requirements established by rule adopted by the commissioner.

(e) Unless reduced under Subsection (g) or (i), a stipend under Subsection (d)(2) is in the amount of $5,000.

(f) The commissioner shall adopt rules for the distribution of grants to school districts in years following the year of the initial grant. A district that has been approved for a grant to pay a stipend to a certified master technology teacher is not required to reapply for a grant for two consecutive school years following the year of the initial grant if the district:

(1) continues to pay a stipend as provided by Subsection (g); and

(g) The commissioner shall reduce payments to a school district proportionately to the extent a teacher does not meet the requirements under Subsection (d)(2) for the entire school year. A district that employs more certified master technology teachers than the number of grants available under this section shall select the certified master technology teachers to whom to pay stipends based on a policy adopted by the board of trustees of the district, except that a district shall pay a stipend for two additional consecutive school years to a teacher the district has selected for and paid a stipend for a school year, who remains eligible for a stipend under Subsection (d)(2), and for whom the district receives a grant under this section for those years. A decision of the district under this subsection is final and may not be appealed. The district may not apportion among teachers a stipend paid for with a grant the district receives under this section. The district may use local money to pay additional stipends in amounts determined by the district.

The commissioner shall distribute funds under this section with the Foundation School Program payment to which the district is entitled as soon as practicable after the end of the school year as determined by the commissioner. A district to which Chapter 41 applies is entitled to the grants paid under this section. The commissioner shall determine the timing of the distribution of grants to a district that does not receive Foundation School Program payments.

(i) This section does not create a property right to a grant or stipend. A school district is entitled to a grant to carry out the purposes of this section only to the extent the commissioner makes the grant in accordance with this section and only to the extent sufficient state funds are appropriated for those purposes. If state funds are appropriated but are insufficient to fully fund a grant, the commissioner shall determine the method of distributing the funds.

(j) A decision of the commissioner concerning the amount of money to which a school district is entitled under this section is final and may not be appealed. Each district shall, in the manner and at the time prescribed by the commissioner, provide to the commissioner proof acceptable to the commissioner of the master technology teacher certification of a teacher to whom the district is paying a stipend under this section.

(k) The commissioner may audit the expenditure of money appropriated for purposes of this section. A district's use of the money appropriated for purposes of this section shall be verified as part of the district audit under Section 44.008.

(*l*) A stipend a teacher receives under this section is not considered in determining whether the district is paying the teacher the minimum monthly salary under Section 21.402.

(m) The commissioner may adopt other rules as necessary to implement this section.

(b) The obligation to reimburse the agency under this section is, for all purposes, a debt to the state. A discharge in bankruptcy under Title 11, United States Code, does not release a participant from the obligation to reimburse the agency. The amount owed bears interest at the rate equal to the highest rate being paid by the United States on the day the reimbursement is determined to be due for securities that have maturities of 90 days or less, and the interest accrues from the day the participant receives notice of the amount due.

(c) For purposes of this section, a participant in the program is not considered to be in violation of an agreement under Section 21.508 during any period in which the participant:

(Enacted by Acts 1999, 76th Leg., ch. 1590 (H.B. 713), § 8, effective June 19, 1999; am. Acts 2001, 77th Leg., ch. 1420 (H.B. 2812), art. 21, §§ 21.001(16), 21.002(4), effective September 1, 2001 (renumbered from Sec. 21.502).)

Sec. 21.553. Financial Incentives.

(a) The pilot program must offer to participants financial incentives, including tuition assistance and loan forgiveness. In offering a financial incentive, the State Board for Educator Certification shall:

(1) require a contract between each participant who accepts a financial incentive and the State Board for Educator Certification under which the participant is obligated to teach in a public school in this state for a stated period after certification;

(2) provide financial incentives in proportion to the length of the period the participant is obligated by contract to teach after certification; and

(b) Financial incentives may be paid only from funds appropriated specifically for that purpose and from gifts, grants, and donations solicited or accepted by the State Board for Educator Certification for that purpose.

Sec. 21.602. Establishment of Program.

The agency shall establish a program to:

(2) facilitate the employment of those persons by school districts in this state that:

(B) have a shortage of:

(i) qualified teachers, particularly science, mathematics, computer science, or engineering teachers; or

(ii) educational aides.

(Enacted by Acts 2001, 77th Leg., ch. 808 (H.B. 704), § 1, effective September 1, 2001.)

Sec. 21.603. Eligibility.

(a) The agency shall select persons to participate in the program on the basis of applications submitted to the agency.

(b) Each application must be submitted:

(1) in the form and contain the information the agency requires; and

(2) in a timely manner.

(Enacted by Acts 2001, 77th Leg., ch. 808 (H.B. 704), § 1, effective September 1, 2001.)

Sec. 21.606. Preferences.

(a) In selecting persons to participate in the program who are planning to become certified in this state as teachers, the agency shall give preference to a person who:

(1) has substantial, demonstrated career experience in science, mathematics, computer science, or engineering and agrees to seek employment as

a teacher in one of those subjects in a public elementary or secondary school in this state; or

(2) has substantial, demonstrated career experience in a field other than science, mathematics, computer science, or engineering that is identified by the agency as a field important for state educational objectives and agrees to seek employment as a teacher in a subject related to that field in a public elementary or secondary school in this state.

(b) The commissioner shall determine the level of experience considered substantial for purposes of this section.

(Enacted by Acts 2001, 77th Leg., ch. 808 (H.B. 704), § 1, effective September 1, 2001.)

Sec. 21.607. Agreement.

(a) A person selected to participate in the program who is planning to become certified as a teacher must enter into a written agreement with the agency under which the person agrees to:

(1) obtain, within the period the agency by rule requires, certification in this state as an elementary or secondary school teacher; and

(2) accept, during the first school year that begins after the date the person becomes certified, an offer of full-time employment for at least two school years as an elementary or secondary school teacher with a school district described by Sections 21.602(2)(A) and (B)(i).

(b) A person selected to participate in the program who is planning to become certified as an educational aide must enter into a written agreement with the agency under which the person agrees to:

(1) obtain, within the period the agency by rule requires, certification in this state as an educational aide; and

(2) accept, during the first school year that begins after the date the person becomes certified, an offer of full-time employment for at least two school years as an educational aide with a school district described by Sections 21.602(2)(A) and (B)(ii).

(a) A participant in the program who fails to obtain certification or employment as required by the agreement under Section 21.607 or who voluntarily leaves or is terminated for cause from employment after teaching in a public elementary or secondary school in this state for less than two school years shall reimburse the agency for the portion of the stipend that bears the same ratio to the amount of the stipend as the unserved portion of required service bears to the two school years of required service.

(b) The obligation to reimburse the agency under this section is, for all purposes, a debt to the state. A discharge in bankruptcy under Title 11, United States Code, does not release a participant from the obligation to reimburse the agency. The amount owed bears interest at the rate equal to the highest rate being paid by the United States on the day the reimbursement is determined to be due for securities that have maturities of 90 days or less, and the interest accrues from the day the participant receives notice of the amount due.

(c) For purposes of this section, a participant in the program is not considered to be in violation of an agreement under Section 21.607 during any period in which the participant:

(1) is pursuing a full-time course of study related to the field of teaching at an institution of higher education approved by the State Board for Educator Certification;

(2) is serving on active duty as a member of the armed forces of the United States;

(3) is temporarily totally disabled for a period not to exceed three years as established by affidavit of a qualified physician;

(4) is unable to secure employment for a period not to exceed one year because of care required by a disabled spouse;

(5) is seeking and unable to find full-time employment as a teacher in a public elementary or secondary school for a single period not to exceed 27 months; or

(6) satisfies the provisions of any additional reimbursement exception adopted by the agency.

(d) A participant is excused from reimbursement under Subsection (a) if the participant becomes permanently totally disabled as established by affidavit of a qualified physician. The agency may waive

reimbursement for some or all of the amount owed in the case of extreme hardship to the participant.
(Enacted by Acts 2001, 77th Leg., ch. 808 (H.B. 704), § 1, effective September 1, 2001.)

Sec. 21.610. Grants to Facilitate Placement.

(a) The agency may enter into an agreement as prescribed by Subsection (b) with a school district described by Section 21.602(2) that first employs as a full-time elementary or secondary school teacher or educational aide after certification a person participating in the program.

(b) An agreement under this section must provide that:

(1) the school district agrees to employ the person full-time for at least two school years at a specified salary in a district school that:

(A) serves a concentration of children who are educationally disadvantaged; and

(B) has an exceptional need for teachers or educational aides, as applicable; and

(2) the state shall pay the district for that person $5,000 each year for not more than two years.

(Enacted by Acts 2001, 77th Leg., ch. 808 (H.B. 704), § 1, effective September 1, 2001.)

Sec. 21.611. Rules.

The commissioner shall adopt rules to implement this subchapter.
(Enacted by Acts 2001, 77th Leg., ch. 808 (H.B. 704), § 1, effective September 1, 2001.)

Subchapter B. Civil Immunity

Subchapter C. Criminal History Records

Subchapter D. Health Care Supplementation

SUBCHAPTER A
RIGHTS, DUTIES, AND BENEFITS

Sec. 22.001. Salary Deductions for Professional Dues.

(a) A school district employee is entitled to have an amount deducted from the employee's salary for membership fees or dues to a professional organization. The employee must:

(1) file with the district a signed written request identifying the organization and specifying the number of pay periods per year the deductions are to be made; and

(2) inform the district of the total amount of the fees and dues for each year or have the organization notify the district of the amount.

(b) The district shall deduct the total amount of the fees or dues for a year in equal amounts per pay period for the number of periods specified by the employee. The deductions shall be made until the employee requests in writing that the deductions be discontinued.

(c) The school district may charge an administrative fee for making the deduction. A fee imposed for making a salary deduction under this section may not exceed either the actual administrative cost of making the deduction or the lowest fee the district charges for similar salary deductions, whichever is less.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 22.002. Assignment, Transfer, or Pledge of Compensation.

(a) In this section, "school employee" means any person employed by a school district in an executive, administrative, or clerical capacity or as a superintendent, principal, teacher, or instructor.

(b) Any school employee's assignment, pledge, or transfer, as security for indebtedness, of any interest in or part of the employee's salary or wages then due or that may become due under an existing contract of employment is enforceable only:

(1) if, before or at the time of execution, delivery, or acceptance of an assignment, pledge, or transfer, written approval is obtained in accordance with the policy of the employing school district; and

(2) to the extent that the indebtedness it secures is a valid and enforceable obligation.

(c) A school district shall honor an assignment, pledge, or transfer fulfilling the conditions of Subsection (b) without incurring any liability to the school employee executing the assignment, pledge, or transfer. Payment to any assignee, pledgee, or transferee in accordance with the terms of the instrument constitutes payment to or for the account of the assignor, pledgor, or transferor. An assignment, pledge, or transfer is enforceable only to the extent of salary due or that may become due during continuation of the assignor's employment as a school employee.

(d) Venue for any suit against the employer of a school employee to enforce an assignment, pledge, or transfer of salary is in the county where the employing school is located.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 22.003. Minimum Personal Leave Program.

(a) A state minimum personal leave program consisting of five days per year personal leave with no limit on accumulation and transferable among districts shall be provided for school district employees. School districts may provide additional personal leave beyond this minimum. The board of trustees of a school district may adopt a policy governing an employee's use of personal leave granted under this subsection, except that the policy may not restrict:

(1) the purposes for which the leave may be used; or

(2) the order in which an employee may use the state minimum personal leave and any additional personal leave provided by the school district.

(b) In addition to all other days of leave provided by this section or by the school district, an employee of a school district who is physically assaulted during the performance of the employee's regular duties is entitled to the number of days of leave necessary to recuperate from all physical injuries sustained as a result of the assault. At the request of an employee, the school district must immediately assign an employee to assault leave and, on investigation of the claim, may change the assault leave status and charge the leave against the employee's accrued

personal leave or against an employee's pay if insufficient accrued personal leave is available. Days of leave taken under this subsection may not be deducted from accrued personal leave. The period provided by this subsection may not extend more than two years beyond the date of the assault. Notwithstanding any other law, assault leave policy benefits due to an employee shall be coordinated with temporary income benefits due from workers' compensation so that the employee's total compensation from temporary income benefits and assault leave policy benefits equals 100 percent of the employee's weekly rate of pay.

(c) For purposes of Subsection (b), an employee of a school district is physically assaulted if the person engaging in the conduct causing injury to the employee:

(1) could be prosecuted for assault; or

(2) could not be prosecuted for assault only because the person's age or mental capacity makes the person a nonresponsible person for purposes of criminal liability.

(c-1) Any informational handbook a school district provides to employees in an electronic or paper form or makes available by posting on the district website must include notification of an employee's rights under Subsection (b) in the relevant section of the handbook. Any form used by a school district through which an employee may request leave under this section must include assault leave under Subsection (b) as an option.

(d) A school district employee with available personal leave under this section is entitled to use the leave for compensation during a term of active military service. This subsection applies to any personal or sick leave available under former law or provided by local policy of a school district, including a home-rule school district.

(e) A school district, including a home-rule school district, may adopt a policy providing for the paid leave of absence of employees taking leave for active military service as part of the consideration of employment by the district.

(f) A public school employee who retains any sick leave accumulated under former Section 13.904(a), as that section existed on January 1, 1995, is entitled to use the sick leave provided under that section or the personal leave provided under Subsection (a) in any order to the extent that the leave the employee uses is appropriate to the purpose of the leave.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1997, 75th Leg., ch. 936 (S.B. 780), § 1, effective June 18, 1997; am. Sec. 22.004. Group Health Benefits for School Employees.

(a) A district shall participate in the uniform group coverage program established under Chapter 1579, Insurance Code, as provided by Subchapter D of that chapter.

(b) A district that does not participate in the program described by Subsection (a) shall make available to its employees group health coverage provided by a risk pool established by one or more school districts under Chapter 172, Local Government Code, or under a policy of insurance or group contract issued by an insurer, a company subject to Chapter 842, Insurance Code, or a health maintenance organization under Chapter 843, Insurance Code. The coverage must meet the substantive coverage requirements of Chapter 1251, Subchapter A, Chapter 1364, and Subchapter A, Chapter 1366, Insurance Code, and any other law applicable to group health insurance policies or contracts issued in this state. The coverage must include major medical treatment but may exclude experimental procedures. In this subsection, "major medical treatment" means a medical, surgical, or diagnostic procedure for illness or injury. The coverage may include managed care or preventive care and must be comparable to the basic health coverage provided under Chapter 1551, Insurance Code. The board of trustees of the Teacher Retirement System of Texas shall adopt rules to determine whether a school district's group health coverage is comparable to the basic health coverage specified by this subsection. The rules must provide for consideration of the following factors concerning the district's coverage in determining whether the district's coverage is comparable to the basic health coverage specified by this subsection:

(1) the deductible amount for service provided inside and outside of the network;

(2) the coinsurance percentages for service provided inside and outside of the network;

(3) the maximum amount of coinsurance payments a covered person is required to pay;

(4) the amount of the copayment for an office visit;

(5) the schedule of benefits and the scope of coverage;

(6) the lifetime maximum benefit amount; and

(7) verification that the coverage is issued by a provider licensed to do business in this state by the Texas Department of Insurance or is provided by a risk pool authorized under Chapter 172, Local Government Code, or that a district is capable of covering the assumed liabilities in the case of coverage provided through district self-insurance.

(c) The cost of the coverage provided under the program described by Subsection (a) shall be paid by the state, the district, and the employees in the manner provided by Subchapter F, Chapter 1579, Insurance Code. The cost of coverage provided under a plan adopted under Subsection (b) shall be shared by the employees and the district using the contributions by the state described by Subchapter F, Chapter 1579, Insurance Code, or Subchapter D.

(d) Each district shall report the district's compliance with this section to the executive director of the Teacher Retirement System of Texas not later than March 1 of each even-numbered year in the manner required by the board of trustees of the Teacher Retirement System of Texas. For a district that does not participate in the program described by Subsection (a), the report must be available for review, together with the policy or contract for the group health coverage plan, at the central administrative office of each campus in the district and be posted on the district's Internet website if the district maintains a website, must be based on the district group health coverage plan in effect during the current plan year, and must include:

(1) appropriate documentation of:

(A) the district's contract for group health coverage with a provider licensed to do business in this state by the Texas Department of Insurance or a risk pool authorized under Chapter 172, Local Government Code; or

(B) a resolution of the board of trustees of the district authorizing a self-insurance plan for district employees and of the district's review of district ability to cover the liability assumed;

(2) the schedule of benefits;

(3) the premium rate sheet, including the amount paid by the district and employee;

(4) the number of employees covered by the health coverage plan offered by the district;

(5) information concerning the ease of completing the report, as required by the executive director of the Teacher Retirement System of Texas; and

(6) any other information considered appropriate by the executive director of the Teacher Retirement System of Texas.

(e) [Repealed by Acts 2013, 83rd Leg., ch. 1312 (S.B. 59), § 99(1), effective September 1, 2013.]

(f) A school district that does not participate in the program described by Subsection (a) may not contract with an insurer, a company subject to Chapter 842, Insurance Code, or a health maintenance organization to issue a policy or contract under this section, or with any person to assist the school district in obtaining or managing the policy or contract unless, before the contract is entered into, the insurer, company, organization, or person provides the district with an audited financial statement showing the financial condition of the insurer, company, organization, or person.

(g) An insurer, a company subject to Chapter 842, Insurance Code, or a health maintenance organization that issues a policy or contract under this section and any person that assists the school district in obtaining or managing the policy or contract for compensation shall provide an annual audited financial statement to the school district showing the financial condition of the insurer, company, organization, or person.

(h) An audited financial statement provided under this section must be made in accordance with rules adopted by the commissioner of insurance or with generally accepted accounting principles, as applicable.

(i) Notwithstanding any other provision of this section, a district participating in the uniform group coverage program established under Chapter 1579, Insurance Code, may not make group health coverage available to its employees under this section after the date on which the program of coverages provided under Chapter 1579, Insurance Code, is implemented.

(j) This section does not preclude a district that is participating in the uniform group coverage program established under Chapter 1579, Insurance Code, from entering into contracts to provide optional insurance coverages for the employees of the district.

(k) Notwithstanding any other law, an employee of a district participating in the uniform group coverage program under Subsection (a) or providing group health coverage under Subsection (b) whose resignation is effective after the last day of an instructional year is entitled to participate or be enrolled in the uniform group coverage plan or the group health coverage through the earlier of:

(1) the first anniversary of the date participation in or coverage under the uniform group coverage plan or the group health coverage was first made available to district employees for the last instructional year in which the employee was employed by the district; or

(2) the last calendar day before the first day of the instructional year immediately following the last instructional year in which the employee was employed by the district.

(*l*) If an employee's resignation is effective after the last day of an instructional year, the district may not diminish or eliminate the amount of a contribution available to the employee under Chapter 1581, Insurance Code, before the last date on which the employee is entitled to participation or enrollment under Subsection (k).

(m) Notwithstanding any other law, group health benefit coverage provided by or offered through a district to district employees under any law is subject to the requirements of Sections 1501.102—1501.105, Insurance Code. This section applies to all group health benefit coverage provided by or offered through a district to district employees, including:

(1) a standard health benefit plan issued under Chapter 1507, Insurance Code; and

(2) health and accident coverage provided through a risk pool established under Chapter 172, Local Government Code.

Under the plan, the fund also may be used to pay the costs of administering the fund. The fund consists of money contributed by the school district and money deducted from salaries of employees for dependent or employee coverage. Money for the fund may not be deducted from the salary of a school district employee unless the employee authorizes the deduction in writing. The plan shall attempt to protect the school district against unanticipated catastrophic individual loss, or unexpectedly large aggregate loss, by securing individual stop-loss coverage, or aggregate stop-loss coverage, or both, from a commercial insurer.

(c) The board may amend or cancel the district's health care plan at any regular or special meeting of the board. If the plan is canceled, any valid claim against the fund for payment of health care costs resulting from illness or injury occurring during the time the plan was in effect shall be paid out of the fund. Subchapter B. Assignments and Transfers

SUBCHAPTER A
ADMISSION AND ENROLLMENT

Sec. 25.001. Admission.

(a) A person who, on the first day of September of any school year, is at least five years of age and under 21 years of age, or is at least 21 years of age and under 26 years of age and is admitted by a school district to complete the requirements for a high school diploma is entitled to the benefits of the available school fund for that year. Any other person enrolled in a prekindergarten class under Section 29.153 is entitled to the benefits of the available school fund.

(b) The board of trustees of a school district or its designee shall admit into the public schools of the district free of tuition a person who is over five and younger than 21 years of age on the first day of September of the school year in which admission is sought, and may admit a person who is at least 21 years of age and under 26 years of age for the purpose of completing the requirements for a high school diploma, if:

(1) the person and either parent of the person reside in the school district;

(2) the person does not reside in the school district but a parent of the person resides in the school district and that parent is a joint managing conservator or the sole managing conservator or possessory conservator of the person;

(3) the person and the person's guardian or other person having lawful control of the person under a court order reside within the school district;

(4) the person has established a separate residence under Subsection (d);

(5) the person is homeless, as defined by 42 U.S.C. Section 11302, regardless of the residence of the person, of either parent of the person, or of the person's guardian or other person having lawful control of the person;

(6) the person is a foreign exchange student placed with a host family that resides in the school district by a nationally recognized foreign exchange program, unless the school district has applied for and been granted a waiver by the commissioner under Subsection (e);

(7) the person resides at a residential facility located in the district;

(8) the person resides in the school district and is 18 years of age or older or the person's disabilities of minority have been removed; or

(B) provides a substantial amount of after-school care for the person as determined by the board.

(b-1) A person who is 21 years of age or older and is admitted by a school district for the purpose stated in Subsection (b) is not eligible for placement in a disciplinary alternative education program or a juvenile justice alternative education program if the person engages in conduct that would require or authorize such placement for a student under the age of 21. If the student engages in conduct that would otherwise require such placement, the district shall revoke admission of the student into the public schools of the district.

(b-2) A person who is 21 years of age or older who is admitted by a school district to complete the requirements for a high school diploma and who has not attended school in the three preceding school years may not be placed with a student who is 18 years of age or younger in a classroom setting, a cafeteria, or another district-sanctioned school activity. Nothing in this subsection prevents a student described by this subsection from attending a school-sponsored event that is open to the public as a member of the public.

(c) The board of trustees of a school district or the board's designee may require evidence that a person is eligible to attend the public schools of the district at the time the board or its designee considers an application for admission of the person. The board of trustees or its designee shall establish minimum proof of residency acceptable to the district. The board of trustees or its designee may make reasonable inquiries to verify a person's eligibility for admission.

The board of trustees shall determine whether an applicant for admission is a resident of the school district for purposes of attending the public schools and may adopt reasonable guidelines for making a determination as necessary to protect the best interests of students. The board of trustees is not required to admit a person under this subsection if the person:

The commissioner shall respond to a district's request not later than the 60th day after the date of receipt of the request. The commissioner shall grant the request and issue a waiver effective for a period not to exceed three years if the commissioner determines that admission of a foreign exchange student would:

(2) diminish the district's ability to provide high quality educational services for the district's domestic students; or

(3) require domestic students to compete with foreign exchange students for educational resources.

(f) A child placed in foster care by an agency of the state or by a political subdivision shall be permitted to attend the public schools in the district in which the foster parents reside free of any charge to the foster parents or the agency. A durational residence requirement may not be used to prohibit that child from fully participating in any activity sponsored by the school district.

(g) A student enrolled in a primary or secondary public school who is placed in the conservatorship of the Department of Family and Protective Services and at a residence outside the attendance area for the school or outside the school district is entitled to continue to attend the school in which the student was enrolled immediately before entering conservatorship until the student successfully completes the highest grade level offered by the school at the time of placement without payment of tuition.

The person is liable, for the period during which the ineligible student is enrolled, for the greater of:

(1) the maximum tuition fee the district may charge under Section 25.038; or

(2) the amount the district has budgeted for each student as maintenance and operating expenses.

(i) A school district may include on an enrollment form notice of the penalties provided by Section 37.10, Penal Code, and of the liability provided by Subsection (h) for falsifying information on the form.

(j) For the purposes of this subchapter, the board of trustees of a school district by policy may allow a person showing evidence of legal responsibility for a child other than an order of a court to substitute for a guardian or other person having lawful control of the child under an order of a court.

(a) Except as provided by this section, a student in any grade level from kindergarten through grade 12 may not be given credit or a final grade for a class unless the student is in attendance for at least 90 percent of the days the class is offered.

(a-1) A student who is in attendance for at least 75 percent but less than 90 percent of the days a class is offered may be given credit or a final grade for the class if the student completes a plan approved by the school's principal that provides for the student to meet the instructional requirements of

the class. A student under the jurisdiction of a court in a criminal or juvenile justice proceeding may not receive credit or a final grade under this subsection without the consent of the judge presiding over the student's case.

Classroom teachers shall comprise a majority of the membership of the committee. A committee may give class credit or a final grade to a student because of extenuating circumstances. Each board of trustees shall establish guidelines to determine what constitutes extenuating circumstances and shall adopt policies establishing alternative ways for students to make up work or regain credit or a final grade lost because of absences. The alternative ways must include at least one option that does not require a student to pay a fee authorized under Section 11.158(a)(15). A certified public school employee may not be assigned additional instructional duties as a result of this section outside of the regular workday unless the employee is compensated for the duties at a reasonable rate of pay.

(c) A member of an attendance committee is not personally liable for any act or omission arising out of duties as a member of an attendance committee.

(d) If a student is denied credit or a final grade for a class by an attendance committee, the student may appeal the decision to the board of trustees. The decision of the board may be appealed by trial de novo to the district court of the county in which the school district's central administrative office is located.

(e) This section does not affect the provision of Section 25.087(b) regarding a student's excused absence from school to observe religious holy days.

(f) The availability of the option developed under Subsection (b) must be substantially the same as the availability of the educational program developed under Section 11.158(a)(15).

Sec. 25.093. Parent Contributing to Nonattendance.

(a) If a warning is issued as required by Section 25.095(a), the parent with criminal negligence fails to require the child to attend school as required by law, and the child has absences for the amount of time specified under Section 25.094, the parent commits an offense.

(b) The attendance officer or other appropriate school official shall file a complaint against the parent in:

(1) the constitutional county court of the county in which the parent resides or in which the school is located, if the county has a population of 1.75 million or more;

(2) a justice court of any precinct in the county in which the parent resides or in which the school is located; or

(3) a municipal court of the municipality in which the parent resides or in which the school is located.

(c) An offense under Subsection (a) is a Class C misdemeanor. Each day the child remains out of school may constitute a separate offense. Two or more offenses under Subsection (a) may be consolidated and prosecuted in a single action. If the court orders deferred disposition under Article 45.051, Code of Criminal Procedure, the court may require the defendant to provide personal services to a charitable or educational institution as a condition of the deferral.

(d) A fine collected under this section shall be deposited as follows:

(1) one-half shall be deposited to the credit of the operating fund of, as applicable:

(A) the school district in which the child attends school;

(B) the open-enrollment charter school the child attends; or

(C) the juvenile justice alternative education program that the child has been ordered to attend; and

(e) At the trial of any person charged with violating this section, the attendance records of the child

may be presented in court by any authorized employee of the school district or open-enrollment charter school, as applicable.

(f) The court in which a conviction, deferred adjudication, or deferred disposition for an offense under Subsection (a) occurs may order the defendant to attend a program for parents of students with unexcused absences that provides instruction designed to assist those parents in identifying problems that contribute to the students' unexcused absences and in developing strategies for resolving those problems if a program is available.

(g) If a parent refuses to obey a court order entered under this section, the court may punish the parent for contempt of court under Section 21.002, Government Code.

(h) It is an affirmative defense to prosecution for an offense under Subsection (a) that one or more of the absences required to be proven under Subsection (a) was excused by a school official or should be excused by the court. The burden is on the defendant to show by a preponderance of the evidence that the absence has been or should be excused. A decision by the court to excuse an absence for purposes of this section does not affect the ability of the school district to determine whether to excuse the absence for another purpose.

(i) In this section, "parent" includes a person standing in parental relation.

Acts 2011, 82nd Leg., ch. 148 (H.B. 734), § 1, effective September 1, 2011.)

STATUTORY NOTES

Applicability. — Acts 2011, 82nd Leg., ch. 148 (H.B. 734), § 6(a) provides: "The changes in law made by this Act to Sections 25.093 and 25.094, Education Code, apply only to an offense committed on or after the effective date of this Act [September 1, 2011]. For purposes of this subsection, an offense is committed before the effective date of this Act if any element of the offense occurs before that date. An offense committed before the effective date of this Act is covered by the law in effect immediately before the effective date of this Act, and the former law is continued in effect for that purpose."

Sec. 25.094. Failure to Attend School.

(a) An individual commits an offense if the individual:

(1) is 12 years of age or older and younger than 18 years of age;

(2) is required to attend school under Section 25.085; and

(3) fails to attend school on 10 or more days or parts of days within a six-month period in the same school year or on three or more days or parts of days within a four-week period.

(b) An offense under this section may be prosecuted in:

(1) the constitutional county court of the county in which the individual resides or in which the school is located, if the county has a population of 1.75 million or more;

(2) a justice court of any precinct in the county in which the individual resides or in which the school is located; or

(3) a municipal court in the municipality in which the individual resides or in which the school is located.

(c) On a finding by the county, justice, or municipal court that the individual has committed an offense under Subsection (a) or on a finding by a juvenile court in a county with a population of less than 100,000 that the individual has engaged in conduct that violates Subsection (a), the court may enter an order that includes one or more of the requirements listed in Article 45.054, Code of Criminal Procedure, as added by Chapter 1514, Acts of the 77th Legislature, Regular Session, 2001.

(d) If the county, justice, or municipal court believes that a child has violated an order issued under Subsection (c), the court may proceed as authorized by Article 45.050, Code of Criminal Procedure.

(d-1) Pursuant to an order of the county, justice, or municipal court based on an affidavit showing probable cause to believe that an individual has committed an offense under this section, a peace officer may take the individual into custody. A peace officer taking an individual into custody under this subsection shall:

(1) promptly notify the individual's parent, guardian, or custodian of the officer's action and the reason for that action; and

(2) without unnecessary delay:

(A) release the individual to the individual's parent, guardian, or custodian or to another responsible adult, if the person promises to bring the individual to the county, justice, or municipal court as requested by the court; or

(B) bring the individual to a county, justice, or municipal court with venue over the offense.

(e) An offense under this section is a Class C misdemeanor.

(f) It is an affirmative defense to prosecution under this section that one or more of the absences

required to be proven under Subsection (a) were excused by a school official or by the court or that one or more of the absences were involuntary, but only if there is an insufficient number of unexcused or voluntary absences remaining to constitute an offense under this section. The burden is on the defendant to show by a preponderance of the evidence that the absence has been excused or that the absence was involuntary. A decision by the court to excuse an absence for purposes of this section does not affect the ability of the school district to determine whether to excuse the absence for another purpose.

(g) It is an affirmative defense to prosecution under this section that one or more of the absences required to be proven under Subsection (a) was involuntary. The burden is on the defendant to show by a preponderance of the evidence that the absence was involuntary.

SUBCHAPTER D STUDENT/TEACHER RATIOS; CLASS SIZE

Sec. 25.111. Student/Teacher Ratios.

Except as provided by Section 25.112, each school district must employ a sufficient number of teachers certified under Subchapter B, Chapter 21, to maintain an average ratio of not less than one teacher for each 20 students in average daily attendance.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 25.112. Class Size.

(a) Except as otherwise authorized by this section, a school district may not enroll more than 22 students in a kindergarten, first, second, third, or fourth grade class. That limitation does not apply during:

(1) any 12-week period of the school year selected by the district, in the case of a district whose average daily attendance is adjusted under Section 42.005(c); or

(2) the last 12 weeks of any school year in the case of any other district.

(b) Not later than the 30th day after the first day of the 12-week period for which a district whose average daily attendance is adjusted under Section 42.005(c) is claiming an exemption under Subsection (a), the district shall notify the commissioner in writing that the district is claiming an exemption for the period stated in the notice.

(c) In determining the number of students to enroll in any class, a school district shall consider the subject to be taught, the teaching methodology to be used, and any need for individual instruction.

(d) On application of a school district, the commissioner may except the district from the limit in Subsection (a) if the commissioner finds the limit works an undue hardship on the district. An exception expires at the end of the school year for which it is granted.

(e) A school district seeking an exception under Subsection (d) shall notify the commissioner and apply for the exception not later than the later of:

(1) October 1; or

(2) the 30th day after the first school day the district exceeds the limit in Subsection (a).

(f) If a school district repeatedly fails to comply with this section, the commissioner may take any appropriate action authorized to be taken by the commissioner under Section 39.131.

(g) [Expired Acts 2009, 81st Leg., ch. 1347 (S.B. 300), § 2, effective February 1, 2011.]

Sec. 25.113. Notice of Class Size.

(a) A campus or district that is granted an exception under Section 25.112(d) from class size limits

shall provide written notice of the exception to the parent of or person standing in parental relation to each student affected by the exception. The notice must be in conspicuous bold or underlined print and:

(1) specify the class for which an exception from the limit imposed by Section 25.112(a) was granted;

(2) state the number of children in the class for which the exception was granted; and

(3) be included in a regular mailing or other communication from the campus or district, such as information sent home with students.

(b) The notice required by Subsection (a) must be provided not later than the 31st day after:

(1) the first day of the school year; or

(2) the date the exception is granted, if the exception is granted after the beginning of the school year.

(Enacted by Acts 2001, 77th Leg., ch. 889 (H.B. 3313), § 2, effective June 14, 2001.)

Sec. 25.114. Student/Teacher Ratios in Physical Education Classes; Class Size.

(a) In implementing the curriculum for physical education under Section 28.002(a)(2)(C), each school district shall establish specific objectives and goals the district intends to accomplish through the curriculum, including, to the extent practicable, student/teacher ratios that are small enough to enable the district to:

(1) carry out the purposes of and requirements for the physical education curriculum as provided under Section 28.002(d); and

(2) ensure the safety of students participating in physical education.

(b) If a district establishes a student to teacher ratio greater than 45 to 1 in a physical education class, the district shall specifically identify the manner in which the safety of the students will be maintained.

(Enacted by Acts 2009, 81st Leg., ch. 773 (S.B. 891), § 2, effective June 19, 2009.)

SUBCHAPTER E
STUDENT EXPRESSION OF RELIGIOUS VIEWPOINTS

Sec. 25.151. Student Expression.

A school district shall treat a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject in the same manner the district treats a student's voluntary expression of a secular or other viewpoint on an otherwise permissible subject and may not discriminate against the student based on a religious viewpoint expressed by the student on an otherwise permissible subject.

(Enacted by Acts 2007, 80th Leg., ch. 261 (H.B. 3678), § 2, effective June 8, 2007.)

Sec. 25.152. Limited Public Forum; School District Policy.

(a) To ensure that the school district does not discriminate against a student's publicly stated voluntary expression of a religious viewpoint, if any, and to eliminate any actual or perceived affirmative school sponsorship or attribution to the district of a student's expression of a religious viewpoint, if any, a school district shall adopt a policy, which must include the establishment of a limited public forum for student speakers at all school events at which a student is to publicly speak. The policy regarding the limited public forum must also require the school district to:

(1) provide the forum in a manner that does not discriminate against a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject;

(2) provide a method, based on neutral criteria, for the selection of student speakers at school events and graduation ceremonies;

(3) ensure that a student speaker does not engage in obscene, vulgar, offensively lewd, or indecent speech; and

(4) state, in writing, orally, or both, that the student's speech does not reflect the endorsement, sponsorship, position, or expression of the district.

(b) The school district disclaimer required by Subsection (a)(4) must be provided at all graduation ceremonies. The school district must also continue to provide the disclaimer at any other event in which a student speaks publicly for as long as a need exists to dispel confusion over the district's nonsponsorship of the student's speech.

(c) Student expression on an otherwise permissible subject may not be excluded from the limited public forum because the subject is expressed from a religious viewpoint.

(Enacted by Acts 2007, 80th Leg., ch. 261 (H.B. 3678), § 2, effective June 8, 2007.)

Sec. 25.153. Religious Expression in Class Assignments.

Students may express their beliefs about religion in homework, artwork, and other written and oral assignments free from discrimination based on the religious content of their submissions. Homework and classroom assignments must be judged by ordinary academic standards of substance and relevance and against other legitimate pedagogical concerns

identified by the school district. Students may not be penalized or rewarded on account of the religious content of their work.
(Enacted by Acts 2007, 80th Leg., ch. 261 (H.B. 3678), § 2, effective June 8, 2007.)

Sec. 25.154. Freedom to Organize Religious Groups and Activities.

Students may organize prayer groups, religious clubs, "see you at the pole" gatherings, or other religious gatherings before, during, and after school to the same extent that students are permitted to organize other noncurricular student activities and groups. Religious groups must be given the same access to school facilities for assembling as is given to other noncurricular groups without discrimination based on the religious content of the students' expression. If student groups that meet for nonreligious activities are permitted to advertise or announce meetings of the groups, the school district may not discriminate against groups that meet for prayer or other religious speech. A school district may disclaim school sponsorship of noncurricular groups and events in a manner that neither favors nor disfavors groups that meet to engage in prayer or religious speech.
(Enacted by Acts 2007, 80th Leg., ch. 261 (H.B. 3678), § 2, effective June 8, 2007.)

Sec. 25.155. Adoption of Policy.

A school district shall adopt and implement a local policy regarding a limited public forum and voluntary student expression of religious viewpoints. If a school district voluntarily adopts and follows the model policy governing voluntary religious expression in public schools as provided by Section 25.156, the district is in compliance with the provisions of this subchapter covered by the model policy.
(Enacted by Acts 2007, 80th Leg., ch. 261 (H.B. 3678), § 2, effective June 8, 2007.)

Sec. 25.156. Model Policy Governing Voluntary Religious Expression in Public Schools.

In this section, "model policy" means a local policy adopted by the school district that is substantially identical to the following:

ARTICLE I
STUDENT EXPRESSION OF RELIGIOUS VIEWPOINTS

The school district shall treat a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject in the same manner the district treats a student's voluntary expression of a secular or other viewpoint on an otherwise permissible subject and may not discriminate against the student based on a religious viewpoint expressed by the student on an otherwise permissible subject.

ARTICLE II
STUDENT SPEAKERS AT NONGRADUATION EVENTS

The school district hereby creates a limited public forum for student speakers at all school events at which a student is to publicly speak. For each speaker, the district shall set a maximum time limit reasonable and appropriate to the occasion. Student speakers shall introduce:

(1) football games;

(2) any other athletic events designated by the district;

(3) opening announcements and greetings for the school day; and

(4) any additional events designated by the district, which may include, without limitation, assemblies and pep rallies.

The forum shall be limited in the manner provided by this article.

Only those students in the highest two grade levels of the school and who hold one of the following positions of honor based on neutral criteria are eligible to use the limited public forum: student council officers, class officers of the highest grade level in the school, captains of the football team, and other students holding positions of honor as the school district may designate.

An eligible student shall be notified of the student's eligibility, and a student who wishes to participate as an introducing speaker shall submit the student's name to the student council or other designated body during an announced period of not less than three days. The announced period may be at the beginning of the school year, at the end of the preceding school year so student speakers are in place for the new year, or, if the selection process will be repeated each semester, at the beginning of each semester or at the end of the preceding semester so speakers are in place for the next semester. The names of the volunteering student speakers shall be randomly drawn until all names have been selected, and the names shall be listed in the order drawn. Each selected student will be matched chronologically to the event for which the student will be giving the introduction. Each student may speak for one week at a time for all introductions of events that week, or rotate after each speaking event, or otherwise as determined by the district. The list of student speakers shall be chronologically repeated as needed, in the same order. The district may repeat

the selection process each semester rather than once a year.

The subject of the student introductions must be related to the purpose of the event and to the purpose of marking the opening of the event, honoring the occasion, the participants, and those in attendance, bringing the audience to order, and focusing the audience on the purpose of the event. The subject must be designated, a student must stay on the subject, and the student may not engage in obscene, vulgar, offensively lewd, or indecent speech. The school district shall treat a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject in the same manner the district treats a student's voluntary expression of a secular or other viewpoint on an otherwise permissible subject and may not discriminate against the student based on a religious viewpoint expressed by the student on an otherwise permissible subject.

For as long as there is a need to dispel confusion over the nonsponsorship of the student's speech, at each event in which a student will deliver an introduction, a disclaimer shall be stated in written or oral form, or both, such as, "The student giving the introduction for this event is a volunteering student selected on neutral criteria to introduce the event. The content of the introduction is the private expression of the student and does not reflect the endorsement, sponsorship, position, or expression of the school district."

Certain students who have attained special positions of honor in the school have traditionally addressed school audiences from time to time as a tangential component of their achieved positions of honor, such as the captains of various sports teams, student council officers, class officers, homecoming kings and queens, prom kings and queens, and the like, and have attained their positions based on neutral criteria. Nothing in this policy eliminates the continuation of the practice of having these students, irrespective of grade level, address school audiences in the normal course of their respective positions. The school district shall create a limited public forum for the speakers and shall treat a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject in the same manner the district treats a student's voluntary expression of a secular or other viewpoint on an otherwise permissible subject and may not discriminate against the student based on a religious viewpoint expressed by the student on an otherwise permissible subject.

ARTICLE III
STUDENT SPEAKERS AT GRADUATION CEREMONIES

The school district hereby creates a limited public forum consisting of an opportunity for a student to speak to begin graduation ceremonies and another student to speak to end graduation ceremonies. For each speaker, the district shall set a maximum time limit reasonable and appropriate to the occasion.

The forum shall be limited in the manner provided by this article.

Only students who are graduating and who hold one of the following neutral criteria positions of honor shall be eligible to use the limited public forum: student council officers, class officers of the graduating class, the top three academically ranked graduates, or a shorter or longer list of student leaders as the school district may designate. A student who will otherwise have a speaking role in the graduation ceremonies is ineligible to give the opening and closing remarks. The names of the eligible volunteering students will be randomly drawn. The first name drawn will give the opening and the second name drawn will give the closing.

The topic of the opening and closing remarks must be related to the purpose of the graduation ceremony and to the purpose of marking the opening and closing of the event, honoring the occasion, the participants, and those in attendance, bringing the audience to order, and focusing the audience on the purpose of the event.

In addition to the students giving the opening and closing remarks, certain other students who have attained special positions of honor based on neutral criteria, including, without limitation, the valedictorian, will have speaking roles at graduation ceremonies. For each speaker, the school district shall set a maximum time limit reasonable and appropriate to the occasion and to the position held by the speaker. For this purpose, the district creates a limited public forum for these students to deliver the addresses. The subject of the addresses must be related to the purpose of the graduation ceremony, marking and honoring the occasion, honoring the participants and those in attendance, and the student's perspective on purpose, achievement, life, school, graduation, and looking forward to the future.

The subject must be designated for each student speaker, the student must stay on the subject, and the student may not engage in obscene, vulgar, offensively lewd, or indecent speech. The school district shall treat a student's voluntary expression of a religious viewpoint, if any, on an otherwise

permissible subject in the same manner the district treats a student's voluntary expression of a secular or other viewpoint on an otherwise permissible subject and may not discriminate against the student based on a religious viewpoint expressed by the student on an otherwise permissible subject.

A written disclaimer shall be printed in the graduation program that states, "The students who will be speaking at the graduation ceremony were selected based on neutral criteria to deliver messages of the students' own choices. The content of each student speaker's message is the private expression of the individual student and does not reflect any position or expression of the school district or the board of trustees, or the district's administration, or employees of the district, or the views of any other graduate. The contents of these messages were prepared by the student volunteers, and the district refrained from any interaction with student speakers regarding the student speakers' viewpoints on permissible subjects."

ARTICLE IV
RELIGIOUS EXPRESSION IN CLASS ASSIGNMENTS

Students may express the students' beliefs about religion in homework, artwork, and other written and oral assignments free from discrimination based on the religious content of the students' submission. Homework and classroom work shall be judged by ordinary academic standards of substance and relevance and against other legitimate pedagogical concerns identified by the school. Students may not be penalized or rewarded on account of religious content. If a teacher's assignment involves writing a poem, the work of a student who submits a poem in the form of a prayer (for example, a psalm) should be judged on the basis of academic standards, including literary quality, and not penalized or rewarded on account of its religious content.

ARTICLE V
FREEDOM TO ORGANIZE RELIGIOUS GROUPS AND ACTIVITIES

Students may organize prayer groups, religious clubs, "see you at the pole" gatherings, and other religious gatherings before, during, and after school to the same extent that students are permitted to organize other noncurricular student activities and groups. Religious groups must be given the same access to school facilities for assembling as is given to other noncurricular groups, without discrimination based on the religious content of the group's expression. If student groups that meet for nonreligious activities are permitted to advertise or announce the groups' meetings, for example, by advertising in a student newspaper, putting up posters, making announcements on a student activities bulletin board or public address system, or handing out leaflets, school authorities may not discriminate against groups that meet for prayer or other religious speech. School authorities may disclaim sponsorship of noncurricular groups and events, provided they administer the disclaimer in a manner that does not favor or disfavor groups that meet to engage in prayer or other religious speech.
(Enacted by Acts 2007, 80th Leg., ch. 261 (H.B. 3678), § 2, effective June 8, 2007.)

SUBCHAPTER Z
MISCELLANEOUS PROVISIONS RELATING TO STUDENTS

Sec. 25.901. Exercise of Constitutional Right to Pray.

A public school student has an absolute right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt the instructional or other activities of the school. A person may not require, encourage, or coerce a student to engage in or refrain from such prayer or meditation during any school activity.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

CHAPTER 26
PARENTAL RIGHTS AND RESPONSIBILITIES

Section

Sec. 26.001. Purpose.

(a) Parents are partners with educators, administrators, and school district boards of trustees in

their children's education. Parents shall be encouraged to actively participate in creating and implementing educational programs for their children.

(b) The rights listed in this chapter are not exclusive. This chapter does not limit a parent's rights under other law.

(c) Unless otherwise provided by law, a board of trustees, administrator, educator, or other person may not limit parental rights.

(d) Each board of trustees shall provide for procedures to consider complaints that a parent's right has been denied.

(e) Each board of trustees shall cooperate in the establishment of ongoing operations of at least one parent-teacher organization at each school in the district to promote parental involvement in school activities.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 26.002. Definition.

In this chapter, "parent" includes a person standing in parental relation. The term does not include a person as to whom the parent-child relationship has been terminated or a person not entitled to possession of or access to a child under a court order. Except as provided by federal law, all rights of a parent under Title 2 of this code and all educational rights under Section 151.003(a)(10), Family Code, shall be exercised by a student who is 18 years of age or older or whose disabilities of minority have been removed for general purposes under Chapter 31, Family Code, unless the student has been determined to be incompetent or the student's rights have been otherwise restricted by a court order.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2001, 77th Leg., ch. 767 (S.B. 1735), § 10, effective June 13, 2001.)

Sec. 26.003. Rights Concerning Academic Programs.

(a) A parent is entitled to:

(1) petition the board of trustees designating the school in the district that the parent's child will attend, as provided by Section 25.033;

(2) reasonable access to the school principal, or to a designated administrator with the authority to reassign a student, to request a change in the class or teacher to which the parent's child has been assigned, if the reassignment or change would not affect the assignment or reassignment of another student;

(3) request, with the expectation that the request will not be unreasonably denied:

(A) the addition of a specific academic class in the course of study of the parent's child in keeping with the required curriculum if sufficient interest is shown in the addition of the class to make it economically practical to offer the class;

(B) that the parent's child be permitted to attend a class for credit above the child's grade level, whether in the child's school or another school, unless the board or its designated representative expects that the child cannot perform satisfactorily in the class; or

(C) that the parent's child be permitted to graduate from high school earlier than the child would normally graduate, if the child completes each course required for graduation; and

(4) have a child who graduates early as provided by Subdivision (3)(C) participate in graduation ceremonies at the time the child graduates.

(b) The decision of the board of trustees concerning a request described by Subsection (a)(2) or (3) is final and may not be appealed.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 26.0031. Rights Concerning State Virtual School Network.

(a) At the time and in the manner that a school district or open-enrollment charter school informs students and parents about courses that are offered in the district's or school's traditional classroom setting, the district or school shall notify parents and students of the option to enroll in an electronic course offered through the state virtual school network under Chapter 30A.

(b) Except as provided by Subsection (c), a school district or open-enrollment charter school in which a student is enrolled as a full-time student may not deny the request of a parent of a student to enroll the student in an electronic course offered through the state virtual school network under Chapter 30A.

(c) A school district or open-enrollment charter school may deny a request to enroll a student in an electronic course if:

(1) a student attempts to enroll in a course load that is inconsistent with the student's high school graduation plan or requirements for college admission or earning an industry certification;

(2) the student requests permission to enroll in an electronic course at a time that is not consistent with the enrollment period established by the school district or open-enrollment charter school providing the course; or

(3) the district or school offers a substantially similar course.

(c-1) A school district or open-enrollment charter school may decline to pay the cost for a student of more than three yearlong electronic courses, or the equivalent, during any school year. This subsection does not:

(1) limit the ability of the student to enroll in additional electronic courses at the student's cost; or

(2) apply to a student enrolled in a full-time online program that was operating on January 1, 2013.

(d) Notwithstanding Subsection (c)(2), a school district or open-enrollment charter school that provides an electronic course through the state virtual school network under Chapter 30A shall make all reasonable efforts to accommodate the enrollment of a student in the course under special circumstances.

(e) A parent may appeal to the commissioner a school district's or open-enrollment charter school's decision to deny a request to enroll a student in an electronic course offered through the state virtual school network. The commissioner's decision under this subsection is final and may not be appealed.

(f) A school district or open-enrollment charter school from which a parent of a student requests permission to enroll the student in an electronic course offered through the state virtual school network under Chapter 30A has discretion to select a course provider approved by the network's administering authority for the course in which the student will enroll based on factors including the informed choice report in Section 30A.108(b).

(Enacted by Acts 2007, 80th Leg., ch. 1337 (S.B. 1788), § 2, effective September 1, 2007; am. Acts 2013, 83rd Leg., ch. 1386 (H.B. 1926), § 1, effective June 14, 2013.)

(c) The agency shall develop and the commissioner by rule shall establish a process for approving and revoking approval for a supplemental educational services provider. The process must allow the agency to use any publicly available information from any published source in determining whether to approve an entity as a provider, except that the agency may not use information that is self-published or published by a provider for marketing purposes.

(d) The agency shall maintain a publicly available list of approved providers. In accordance with standards established by commissioner rule, the agency shall promptly investigate a complaint against an approved provider and promptly remove from the list of approved providers a provider for which agency approval has been revoked.

(c) Notwithstanding any other law, a school district or open-enrollment charter school may not appeal the decision of a court in a suit filed under Subsection (a). This subsection does not affect the right of a parent to appeal the decision.

(d) If the school district or open-enrollment charter school does not bring suit within the period established by Subsection (a), the school district or open-enrollment charter school shall comply with the decision of the attorney general.

(e) A school district or open-enrollment charter school that receives a request from a parent for public information relating to the parent's child shall comply with Chapter 552, Government Code. A parent is not entitled to remove the parent's child from a class or other school activity to avoid a test or to prevent the child from taking a subject for an entire semester.

(b) This section does not exempt a child from satisfying grade level or graduation requirements in a manner acceptable to the school district and the agency.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Section 6301 et seq.) to provide a military recruiter or an institution of higher education, on request, with the name, address, and telephone number of a secondary student unless the parent has advised the district that the parent does not want the student's information disclosed without the parent's prior written consent.

(c) A school district may designate as directory information any or all information defined as directory information by the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. Section 1232g). Directory information under that Act that is not designated by a district as directory information for that district is excepted from disclosure by the district under Chapter 552, Government Code.

(d) Directory information consented to by a parent for use only for a limited school-sponsored purpose, such as for a student directory, student yearbook, or school district publication, if any such purpose has been designated by the district, remains otherwise confidential and may not be released under Chapter 552, Government Code.

It is the intent of the legislature that the essential knowledge and skills developed by the State Board of Education under this subchapter shall require all students to demonstrate the knowledge and skills necessary to read, write, compute, problem solve, think critically, apply technology, and communicate across all subject areas. The essential knowledge and skills shall also prepare and enable all students

to continue to learn in postsecondary educational, training, or employment settings.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 28.002. Required Curriculum.

(a) Each school district that offers kindergarten through grade 12 shall offer, as a required curriculum:

(1) a foundation curriculum that includes:

(A) English language arts;

(B) mathematics;

(C) science; and

(D) social studies, consisting of Texas, United States, and world history, government, economics, with emphasis on the free enterprise system and its benefits, and geography; and

(2) an enrichment curriculum that includes:

(A) to the extent possible, languages other than English;

(B) health, with emphasis on the importance of proper nutrition and exercise;

(C) physical education;

(D) fine arts;

(F) technology applications;

(G) religious literature, including the Hebrew Scriptures (Old Testament) and New Testament, and its impact on history and literature; and

(H) personal financial literacy.

(b) The State Board of Education by rule shall designate subjects constituting a well-balanced curriculum to be offered by a school district that does not offer kindergarten through grade 12.

(b-1) In this section, "common core state standards" means the national curriculum standards developed by the Common Core State Standards Initiative.

(b-2) The State Board of Education may not adopt common core state standards to comply with a duty imposed under this chapter.

(b-3) A school district may not use common core state standards to comply with the requirement to provide instruction in the essential knowledge and skills at appropriate grade levels under Subsection (c).

(b-4) Notwithstanding any other provision of this code, a school district or open-enrollment charter school may not be required to offer any aspect of a common core state standards curriculum.

(c) The State Board of Education, with the direct participation of educators, parents, business and industry representatives, and employers shall by rule identify the essential knowledge and skills of each subject of the required curriculum that all students should be able to demonstrate and that will be used in evaluating instructional materials under Chapter 31 and addressed on the assessment instruments required under Subchapter B, Chapter 39. As a condition of accreditation, the board shall require each district to provide instruction in the essential knowledge and skills at appropriate grade levels and to make available to each high school student in the district an Algebra II course.

(c-1) The State Board of Education shall adopt rules requiring students enrolled in grade levels six, seven, and eight to complete at least one fine arts course during those grade levels as part of a district's fine arts curriculum.

(c-2) Each time the Texas Higher Education Coordinating Board revises the Internet database of the coordinating board's official statewide inventory of workforce education courses, the State Board of Education shall by rule revise the essential knowledge and skills of any corresponding career and technology education curriculum as provided by Subsection (c).

(d) The physical education curriculum required under Subsection (a)(2)(C) must be sequential, developmentally appropriate, and designed, implemented, and evaluated to enable students to develop the motor, self-management, and other skills, knowledge, attitudes, and confidence necessary to participate in physical activity throughout life. Each school district shall establish specific objectives and goals the district intends to accomplish through the physical education curriculum. In identifying the essential knowledge and skills of physical education, the State Board of Education shall ensure that the curriculum:

(1) emphasizes the knowledge and skills capable of being used during a lifetime of regular physical activity;

(2) is consistent with national physical education standards for:

(A) the information that students should learn about physical activity; and

(B) the physical activities that students should be able to perform;

(3) requires that, on a weekly basis, at least 50 percent of the physical education class be used for actual student physical activity and that the activity be, to the extent practicable, at a moderate or vigorous level;

(4) offers students an opportunity to choose among many types of physical activity in which to participate;

(5) offers students both cooperative and competitive games;

(6) meets the needs of students of all physical ability levels, including students who have a dis-

ability, chronic health problem, or other special need that precludes the student from participating in regular physical education instruction but who might be able to participate in physical education that is suitably adapted and, if applicable, included in the student's individualized education program;

(7) takes into account the effect that gender and cultural differences might have on the degree of student interest in physical activity or on the types of physical activity in which a student is interested;

(8) teaches self-management and movement skills;

(9) teaches cooperation, fair play, and responsible participation in physical activity;

(10) promotes student participation in physical activity outside of school; and

(11) allows physical education classes to be an enjoyable experience for students.

(e) American Sign Language is a language for purposes of Subsection (a)(2)(A). A public school may offer an elective course in the language.

(f) A school district may offer courses for local credit in addition to those in the required curriculum. The State Board of Education shall be flexible in approving a course for credit for high school graduation under this subsection.

(g) A local instructional plan may draw on state curriculum frameworks and program standards as appropriate. Each district is encouraged to exceed minimum requirements of law and State Board of Education rule. Each district shall ensure that all children in the district participate actively in a balanced curriculum designed to meet individual needs. Before the adoption of a major curriculum initiative, including the use of a curriculum management system, a district must use a process that:

(1) includes teacher input;

(2) provides district employees with the opportunity to express opinions regarding the initiative; and

(3) includes a meeting of the board of trustees of the district at which:

(A) information regarding the initiative is presented, including the cost of the initiative and any alternatives that were considered; and

(B) members of the public and district employees are given the opportunity to comment regarding the initiative.

(g-1) A district may also offer a course or other activity, including an apprenticeship or training hours needed to obtain an industry-recognized credential or certificate, that is approved by the board of trustees for credit without obtaining State Board of Education approval if:

(1) the district develops a program under which the district partners with a public or private institution of higher education and local business, labor, and community leaders to develop and provide the courses; and

(2) the course or other activity allows students to enter:

(A) a career or technology training program in the district's region of the state;

(B) an institution of higher education without remediation;

(C) an apprenticeship training program; or

(D) an internship required as part of accreditation toward an industry-recognized credential or certificate for course credit.

(g-2) Each school district shall annually report to the agency the names of the courses, programs, institutions of higher education, and internships in which the district's students have enrolled under Subsection (g-1). The agency shall make available information provided under this subsection to other districts.

(h) The State Board of Education and each school district shall foster the continuation of the tradition of teaching United States and Texas history and the free enterprise system in regular subject matter and in reading courses and in the adoption of instructional materials. A primary purpose of the public school curriculum is to prepare thoughtful, active citizens who understand the importance of patriotism and can function productively in a free enterprise society with appreciation for the basic democratic values of our state and national heritage.

(i) The State Board of Education shall adopt rules for the implementation of this subchapter. Except as provided by Subsection (j), the board may not adopt rules that designate the methodology used by a teacher or the time spent by a teacher or a student on a particular task or subject.

(j) The State Board of Education by rule may require laboratory instruction in secondary science courses and may require a specific amount or percentage of time in a secondary science course that must be laboratory instruction.

(k) The State Board of Education, in consultation with the Department of State Health Services and the Texas Diabetes Council, shall develop a diabetes education program that a school district may use in the health curriculum under Subsection (a)(2)(B).

(*l*) A school district shall require a student enrolled in full-day prekindergarten, in kindergarten, or in a grade level below grade six to participate in moderate or vigorous daily physical activity for at least 30 minutes throughout the school year as part of the district's physical education curriculum or through structured activity during a school cam-

pus's daily recess. To the extent practicable, a school district shall require a student enrolled in prekindergarten on less than a full-day basis to participate in the same type and amount of physical activity as a student enrolled in full-day prekindergarten. A school district shall require students enrolled in grade levels six, seven, and eight to participate in moderate or vigorous daily physical activity for at least 30 minutes for at least four semesters during those grade levels as part of the district's physical education curriculum. If a school district determines, for any particular grade level below grade six, that requiring moderate or vigorous daily physical activity is impractical due to scheduling concerns or other factors, the district may as an alternative require a student in that grade level to participate in moderate or vigorous physical activity for at least 135 minutes during each school week. Additionally, a school district may as an alternative require a student enrolled in a grade level for which the district uses block scheduling to participate in moderate or vigorous physical activity for at least 225 minutes during each period of two school weeks. A school district must provide for an exemption for:

(1) any student who is unable to participate in the required physical activity because of illness or disability; and

(2) a middle school or junior high school student who participates in an extracurricular activity with a moderate or vigorous physical activity component that is considered a structured activity under rules adopted by the commissioner.

(*l*-1) In adopting rules relating to an activity described by Subsection (*l*)(2), the commissioner may permit an exemption for a student who participates in a school-related activity or an activity sponsored by a private league or club only if the student provides proof of participation in the activity.

(*l*-2) To encourage school districts to promote physical activity for children through classroom curricula for health and physical education, the agency, in consultation with the Department of State Health Services, shall designate nationally recognized health and physical education program guidelines that a school district may use in the health curriculum under Subsection (a)(2)(B) or the physical education curriculum under Subsection (a)(2)(C).

(*l*-3) (1) This subsection may be cited as "Lauren's Law."

(2) The State Board of Education, the Department of State Health Services, or a school district may not adopt any rule, policy, or program under Subsections (a), (k), (*l*), (*l*-1), or (*l*-2) that would prohibit a parent or grandparent of a student from providing any food product of the parent's or grandparent's choice to:

(A) children in the classroom of the child of the parent or grandparent on the occasion of the child's birthday; or

(B) children at a school-designated function.

(m) Section 2001.039, Government Code, as added by Chapter 1499, Acts of the 76th Legislature, Regular Session, 1999, does not apply to a rule adopted by the State Board of Education under Subsection (c) or (d).

(n) The State Board of Education may by rule develop and implement a plan designed to incorporate foundation curriculum requirements into the career and technology education curriculum under Subsection (a)(2)(E).

(o) In approving career and technology courses, the State Board of Education must determine that at least 50 percent of the approved courses are cost-effective for a school district to implement.

(p) The State Board of Education, in conjunction with the office of the attorney general, shall develop a parenting and paternity awareness program that a school district shall use in the district's high school health curriculum. A school district may use the program developed under this subsection in the district's middle or junior high school curriculum. At the discretion of the district, a teacher may modify the suggested sequence and pace of the program at any grade level. The program must:

(1) address parenting skills and responsibilities, including child support and other legal rights and responsibilities that come with parenthood;

(2) address relationship skills, including money management, communication skills, and marriage preparation; and

(3) in district middle, junior high, or high schools that do not have a family violence prevention program, address skills relating to the prevention of family violence.

(p-1) [Blank.]

(p-2) A school district may develop or adopt research-based programs and curriculum materials for use in conjunction with the program developed under Subsection (p). The programs and curriculum materials may provide instruction in:

(1) child development;

(2) parenting skills, including child abuse and neglect prevention; and

(3) assertiveness skills to prevent teenage pregnancy, abusive relationships, and family violence.

(p-3) The agency shall evaluate programs and curriculum materials developed under Subsection (p-2) and distribute to other school districts information regarding those programs and materials.

(p-4) A student under 14 years of age may not participate in a program developed under Subsection (p) without the permission of the student's parent or person standing in parental relation to the student.

(q) **[Repealed September 1, 2014]** Notwithstanding any other provision of this title, a school district may not vary the curriculum for a course in the required curriculum under Subsection (a) based on whether a student is enrolled in the minimum, recognized, or advanced high school program.

(r) In adopting the essential knowledge and skills for the health curriculum under Subsection (a)(2)(B), the State Board of Education shall adopt essential knowledge and skills that address the dangers, causes, consequences, signs, symptoms, and treatment of binge drinking and alcohol poisoning. The agency shall compile a list of evidence-based alcohol awareness programs from which a school district shall choose a program to use in the district's middle school, junior high school, and high school health curriculum. In this subsection, "evidence-based alcohol awareness program" means a program, practice, or strategy that has been proven to effectively prevent or delay alcohol use among students, as determined by evaluations that use valid and reliable measures and that are published in peer-reviewed journals.

(s) In this subsection, "bullying" has the meaning assigned by Section 37.0832 and "harassment" has the meaning assigned by Section 37.001. In addition to any other essential knowledge and skills the State Board of Education adopts for the health curriculum under Subsection (a)(2)(B), the board shall adopt for the health curriculum, in consultation with the Texas School Safety Center, essential knowledge and skills that include evidence-based practices that will effectively address awareness, prevention, identification, self-defense in response to, and resolution of and intervention in bullying and harassment.

This subsection applies only to a course that is taught in strict compliance with this section.

(h) If, for a particular semester, fewer than 15 students at a school district campus register to enroll in a course required by this section, the district is not required to offer the course at that campus for that semester.

(i) This section does not prohibit the board of trustees of a school district from offering an elective course based on the books of a religion other than Christianity. The commissioner of education, in coordination with the commissioner of higher education, may adopt rules to administer this subsection.

(d) Each school district shall provide a notice to each district student to whom Subsection (a) applies and the student's parent or guardian regarding the benefits of enrolling in a course under this section.

(e) A student who successfully completes an English language arts course developed under this section may use the credit earned in the course toward satisfying the advanced English language arts curriculum requirement for the foundation high school program under Section 28.025(b-1)(1). A student who successfully completes a mathematics course developed under this section may use the credit earned in the course toward satisfying an advanced mathematics curriculum requirement under Section 28.025 after completion of the mathematics curriculum requirements for the foundation high school program under Section 28.025(b-1)(2).

SUBCHAPTER B
ADVANCEMENT, PLACEMENT, CREDIT, AND ACADEMIC ACHIEVEMENT RECORD

Sec. 28.021. Student Advancement.

(a) A student may be promoted only on the basis of academic achievement or demonstrated proficiency of the subject matter of the course or grade level.

(b) In measuring the academic achievement or proficiency of a student who is dyslexic, the student's potential for achievement or proficiency in the area must be considered.

(c) In determining promotion under Subsection (a), a school district shall consider:

(1) the recommendation of the student's teacher;

(2) the student's grade in each subject or course;

(3) the student's score on an assessment instrument administered under Section 39.023(a), (b), or (*l*), to the extent applicable; and

(4) any other necessary academic information, as determined by the district.

(d) By the start of the school year, a district shall make public the requirements for student advancement under this section.

(e) The commissioner shall provide guidelines to districts based on best practices that a district may use when considering factors for promotion.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2009, 81st Leg., ch. 895 (H.B. 3), § 28, effective June 19, 2009; am. Acts 2011, 82nd Leg., ch. 307 (H.B. 2135), § 1, effective June 17, 2011.)

Sec. 28.0211. Satisfactory Performance on Assessment Instruments Required; Accelerated Instruction.

(a) Except as provided by Subsection (b) or (e), a student may not be promoted to:

(1) the sixth grade program to which the student would otherwise be assigned if the student does not perform satisfactorily on the fifth grade mathematics and reading assessment instruments under Section 39.023; or

(2) the ninth grade program to which the student would otherwise be assigned if the student does not perform satisfactorily on the eighth grade mathematics and reading assessment instruments under Section 39.023.

(a-1) Each time a student fails to perform satisfactorily on an assessment instrument administered under Section 39.023(a) in the third, fourth, fifth, sixth, seventh, or eighth grade, the school district in which the student attends school shall provide to the student accelerated instruction in the applicable subject area. Accelerated instruction may require participation of the student before or after normal school hours and may include participation at times of the year outside normal school operations.

(a-2) A student who fails to perform satisfactorily on an assessment instrument specified under Subsection (a) and who is promoted to the next grade level must complete accelerated instruction required under Subsection (a-1) before placement in the next grade level. A student who fails to complete required accelerated instruction may not be promoted.

(a-3) The commissioner shall provide guidelines to districts on research-based best practices and effective strategies that a district may use in developing an accelerated instruction program.

(b) A school district shall provide to a student who initially fails to perform satisfactorily on an assessment instrument specified under Subsection (a) at least two additional opportunities to take the assessment instrument. A school district may administer an alternate assessment instrument to a student who has failed an assessment instrument specified under Subsection (a) on the previous two opportunities. Notwithstanding any other provision of this section, a student may be promoted if the student performs at grade level on an alternate assessment instrument under this subsection that is appropriate for the student's grade level and approved by the commissioner.

(c) Each time a student fails to perform satisfactorily on an assessment instrument specified under Subsection (a), the school district in which the student attends school shall provide to the student accelerated instruction in the applicable subject area, including reading instruction for a student who fails to perform satisfactorily on a reading assessment instrument. After a student fails to perform satisfactorily on an assessment instrument a second time, a grade placement committee shall be established to prescribe the accelerated instruction the district shall provide to the student before the student is administered the assessment instrument the third time. The grade placement committee shall be composed of the principal or the principal's designee, the student's parent or guardian, and the teacher of the subject of an assessment instrument on which the student failed to perform satisfactorily.

The district shall notify the parent or guardian of the time and place for convening the grade placement committee and the purpose of the committee. An accelerated instruction group administered by a school district under this section may not have a ratio of more than 10 students for each teacher.

(d) In addition to providing accelerated instruction to a student under Subsection (c), the district shall notify the student's parent or guardian of:

(1) the student's failure to perform satisfactorily on the assessment instrument;

(2) the accelerated instruction program to which the student is assigned; and

(3) the possibility that the student might be retained at the same grade level for the next school year.

(e) A student who, after at least three attempts, fails to perform satisfactorily on an assessment instrument specified under Subsection (a) shall be retained at the same grade level for the next school year in accordance with Subsection (a). The student's parent or guardian may appeal the student's retention by submitting a request to the grade placement committee established under Subsection (c). The school district shall give the parent or guardian written notice of the opportunity to appeal. The grade placement committee may decide in favor of a student's promotion only if the committee concludes, using standards adopted by the board of trustees, that if promoted and given accelerated instruction, the student is likely to perform at grade level. A student may not be promoted on the basis of the grade placement committee's decision unless that decision is unanimous. The commissioner by rule shall establish a time line for making the placement determination. This subsection does not create a property interest in promotion. The decision of the grade placement committee is final and may not be appealed.

(f) A school district shall provide to a student who, after three attempts, has failed to perform satisfactorily on an assessment instrument specified under Subsection (a) accelerated instruction during the next school year as prescribed by an educational plan developed for the student by the student's grade placement committee established under Subsection (c). The district shall provide that accelerated instruction regardless of whether the student has been promoted or retained. The educational plan must be designed to enable the student to perform at the appropriate grade level by the conclusion of the school year. During the school year, the student shall be monitored to ensure that the student is progressing in accordance with the plan. The district shall administer to the student the assessment instrument for the grade level in which the student is placed at the time the district regularly administers the assessment instruments for that school year.

(g) This section does not preclude the retention at a grade level, in accordance with state law or school district policy, of a student who performs satisfactorily on an assessment instrument specified under Subsection (a).

(h) In each instance under this section in which a school district is specifically required to provide notice to a parent or guardian of a student, the district shall make a good faith effort to ensure that such notice is provided either in person or by regular mail and that the notice is clear and easy to understand and is written in English or the parent or guardian's native language.

(i) The admission, review, and dismissal committee of a student who participates in a district's special education program under Subchapter B, Chapter 29, and who does not perform satisfactorily on an assessment instrument specified under Subsection (a) and administered under Section 39.023(a) or (b) shall determine:

(1) the manner in which the student will participate in an accelerated instruction program under this section; and

(2) whether the student will be promoted or retained under this section.

(j) A school district or open-enrollment charter school shall provide students required to attend accelerated programs under this section with transportation to those programs if the programs occur outside of regular school hours.

(k) The commissioner shall adopt rules as necessary to implement this section, including rules concerning when school districts shall administer assessment instruments required under this section and which administration of the assessment instruments will be used for purposes of Section 39.054.

(*l*) [Repealed by Acts 2007, 80th Leg., ch. 1058 (H.B. 2237), § 17, effective June 15, 2007.]

(*l*-1) The commissioner may adopt rules requiring a school district that receives federal funding under Title I of the Elementary and Secondary Education Act of 1965 (20 U.S.C. Section 6301 et seq.) to use that funding to provide supplemental educational services under 20 U.S.C. Section 6316 in conjunction with the accelerated instruction provided under this section, provided that the rules may not conflict with federal law governing the use of that funding.

(m) The commissioner shall certify, not later than July 1 of each school year or as soon as practicable thereafter, whether sufficient funds have been appropriated statewide for the purposes of this section and Section 28.0217. A determination by the commissioner is final and may not be appealed. For

purposes of certification, the commissioner shall consider:

(1) the average cost per student per assessment instrument administration;

(2) the number of students that require accelerated instruction because the student failed to perform satisfactorily on an assessment instrument;

(3) whether sufficient funds have been appropriated to provide support to students in grades three through 12 identified as being at risk of dropping out of school, as defined in Section 29.081(d); and

(4) whether sufficient funds have been appropriated to provide instructional materials that are aligned with the assessment instruments under Sections 39.023(a) and (c).

(m-1) For purposes of certification under Subsection (m), the commissioner may not consider Foundation School Program funds except for compensatory education funds under Section 42.152. This section may be implemented only if the commissioner certifies that sufficient funds have been appropriated during a school year for administering the accelerated instruction programs specified under this section and Section 28.0217, including teacher training for that purpose.

(n) A student who is promoted by a grade placement committee under this section must be assigned in each subject in which the student failed to perform satisfactorily on an assessment instrument specified under Subsection (a) to a teacher who meets all state and federal qualifications to teach that subject and grade.

(o) This section does not require the administration of a fifth or eighth grade assessment instrument in a subject under Section 39.023(a) to a student enrolled in the fifth or eighth grade, as applicable, if the student:

(1) is enrolled in a course in the subject intended for students above the student's grade level and will be administered an assessment instrument adopted or developed under Section 39.023(a) that aligns with the curriculum for the course in which the student is enrolled; or

(2) is enrolled in a course in the subject for which the student will receive high school academic credit and will be administered an end-of-course assessment instrument adopted under Section 39.023(c) for the course.

(p) Notwithstanding any other provision of this section, a student described by Subsection (o) may not be denied promotion on the basis of failure to perform satisfactorily on an assessment instrument not required to be administered to the student in accordance with that subsection.

(2) that encourages parents, to the greatest extent practicable, to have the student choose a high school personal graduation plan described by Subdivision (1).

(b) A school district shall publish the information provided to the district under Subsection (a) on the Internet website of the district and ensure that the information is available to students in grades nine and above and the parents or legal guardians of those students in the language in which the parents or legal guardians are most proficient. (e) Subsection (d) does not apply to an examination that has an administration date that is established by an entity other than the school district.

(f) A student may not attempt more than two times to receive credit for a particular subject on the basis of an examination for credit in that subject.

(g) If a student fails to achieve the designated score described by Subsection (c) or (c-1) on an applicable examination described by Subsection (c) or (c-1) for a subject before the beginning of the school year in which the student would ordinarily be required to enroll in a course in that subject in accordance with the school district's prescribed course sequence, the student must satisfactorily complete the course to receive credit for the course.

(b-3) In adopting rules for purposes of Subsection (b-2), the State Board of Education must approve a variety of advanced English, mathematics, and science courses that may be taken to comply with the foundation high school program requirements, provided that each approved course prepares students to enter the workforce successfully or postsecondary education without remediation.

(b-4) A school district may offer the curriculum described in Subsections (b-1)(1) through (4) in an applied manner. Courses delivered in an applied manner must cover the essential knowledge and skills, and the student shall be administered the applicable end-of-course assessment instrument as provided by Sections 39.023(c) and 39.025.

A course approved under this subsection must be endorsed by an institution of higher education as a course for which the institution would award course credit or as a prerequisite for a course for which the institution would award course credit.

(b-6) **[Repealed September 1, 2014]** Before a student's parent or other person standing in parental relation to the student may agree that the student be permitted to take courses under the minimum high school program as provided by Subsection (b), a school district must provide written notice to the parent or person standing in parental relation explaining the benefits of the recommended high school program. Notwithstanding Subsection (b-15) or (c) of this section, Section 39.025, or any other provision of this code and notwithstanding any school district policy, a student who has completed the core curriculum of an institution of higher education under Section 61.822, as certified by the institution in accordance with commissioner rule, is considered to have earned a distinguished level of achievement under the foundation high school program and is entitled to receive a high school diploma from the appropriate high school as that high school is determined in accordance with commissioner rule. A student who is considered to have earned a distinguished level of achievement under the foundation high school program under this subsection may apply for admission to an institution of higher education for the first semester or other academic term after the semester or other academic term in which the student completes the core curriculum.

(b-8) **[Repealed September 1, 2014]** A student agreeing to take courses under the minimum high school program as provided by Subsection (b) may, upon request, resume taking courses under the recommended high school program.

(b-9) A school district, with the approval of the commissioner, may allow a student to satisfy the fine arts credit required under Subsection (b-1)(7) by participating in a community-based fine arts program not provided by the school district in which the student is enrolled. The fine arts program must provide instruction in the essential knowledge and skills identified for fine arts by the State Board of Education under Section 28.002(c). The fine arts program may be provided on or off a school campus and outside the regular school day.

(b-10) A school district, with the approval of the commissioner, may allow a student to comply with the curriculum requirements for the physical education credit required under Subsection (b-1)(8) by participating in a private or commercially sponsored physical activity program provided on or off a school campus and outside the regular school day.

(b-11) In adopting rules under Subsection (b-1), the State Board of Education shall allow a student who is unable to participate in physical activity due to disability or illness to substitute one credit in English language arts, mathematics, science, or social studies, one credit in a course that is offered for credit as provided by Section 28.002(g-1), or one academic elective credit for the physical education credit required under Subsection (b-1)(8). A credit allowed to be substituted under this subsection may not also be used by the student to satisfy a graduation requirement other than completion of the physical education credit. The rules must provide that the determination regarding a student's ability to participate in physical activity will be made by:

(1) if the student receives special education services under Subchapter A, Chapter 29, the

student's admission, review, and dismissal committee;

(2) if the student does not receive special education services under Subchapter A, Chapter 29, but is covered by Section 504, Rehabilitation Act of 1973 (29 U.S.C. Section 794), the committee established for the student under that Act; or

(3) if each of the committees described by Subdivisions (1) and (2) is inapplicable, a committee established by the school district of persons with appropriate knowledge regarding the student.

(b-12) In adopting rules under Subsection (b-1), the State Board of Education shall adopt criteria to allow a student to comply with the curriculum requirements for the two credits in a language other than English required under Subsection (b-1)(5) by substituting two credits in computer programming languages.

(b-13) In adopting rules under Subsection (b-1), the State Board of Education shall allow a student to substitute credit in another appropriate course for the second credit in the same language in a language other than English otherwise required by Subsection (b-1)(5) if the student, in completing the first credit required under Subsection (b-1)(5), demonstrates that the student is unlikely to be able to complete the second credit. The board rules must establish:

(1) the standards and, as applicable, the appropriate school personnel for making a determination under this subsection; and

(2) appropriate substitute courses for purposes of this subsection.

(b-14) In adopting rules under Subsection (b-1), the State Board of Education shall allow a student who, due to disability, is unable to complete two courses in the same language in a language other than English, as provided under Subsection (b-1)(5), to substitute for those credits two credits in English language arts, mathematics, science, or social studies or two credits in career and technology education, technology applications, or other academic electives. A credit allowed to be substituted under this subsection may not also be used by the student to satisfy a graduation credit requirement other than credit for completion of a language other than English. The rules must provide that the determination regarding a student's ability to participate in language-other-than-English courses will be made by:

(1) if the student receives special education services under Subchapter A, Chapter 29, the student's admission, review, and dismissal committee; or

(2) if the student does not receive special education services under Subchapter A, Chapter 29, but is covered by Section 504, Rehabilitation Act of 1973 (29 U.S.C. Section 794), the committee established for the student under that Act.

(b-15) A student may earn a distinguished level of achievement under the foundation high school program by successfully completing:

(1) four credits in mathematics, which must include Algebra II and the courses described by Subsection (b-1)(2);

(2) four credits in science, which must include the courses described by Subsection (b-1)(3);

(3) the remaining curriculum requirements under Subsection (b-1); and

(4) the curriculum requirements for at least one endorsement under Subsection (c-1).

(b-16) A student may satisfy an elective credit required under Subsection (b-1)(6) with a credit earned to satisfy the additional curriculum requirements for the distinguished level of achievement under the foundation high school program or an endorsement under Subsection (c-1). This subsection may apply to more than one elective credit.

(b-17) The State Board of Education shall adopt rules to ensure that a student may comply with the curriculum requirements under Subsection (b-1)(6) by successfully completing an advanced career and technical course, including a course that may lead to an industry-recognized credential or certificate or an associate degree.

(b-18) In adopting rules under Subsection (b-1), the State Board of Education shall allow a student to comply with the curriculum requirements under Subsection (b-1) by successfully completing a dual credit course.

(b-19) In adopting rules under Subsection (b-1), the State Board of Education shall adopt criteria to allow a student to comply with curriculum requirements for the world geography or world history credit under Subsection (b-1)(4) by successfully completing a combined world history and world geography course developed by the State Board of Education.

(c) A person may receive a diploma if the person is eligible for a diploma under Section 28.0251. In other cases, a student may graduate and receive a diploma only if:

(1) the student successfully completes the curriculum requirements identified by the State Board of Education under Subsection (a) and complies with Section 39.025; or

(2) the student successfully completes an individualized education program developed under Section 29.005.

(c-1) A student may earn an endorsement on the student's diploma and transcript by successfully completing curriculum requirements for that endorsement adopted by the State Board of Education

by rule. The State Board of Education by rule shall provide students with multiple options for earning each endorsement, including, to the greatest extent possible, coherent sequences of courses. The State Board of Education by rule must permit a student to enroll in courses under more than one endorsement curriculum before the student's junior year. An endorsement under this subsection may be earned in any of the following categories:

(1) science, technology, engineering, and mathematics (STEM), which includes courses directly related to science, including environmental science, technology, including computer science, engineering, and advanced mathematics;

(2) business and industry, which includes courses directly related to database management, information technology, communications, accounting, finance, marketing, graphic design, architecture, construction, welding, logistics, automotive technology, agricultural science, and heating, ventilation, and air conditioning;

(3) public services, which includes courses directly related to health sciences and occupations, education and training, law enforcement, and culinary arts and hospitality;

(4) arts and humanities, which includes courses directly related to political science, world languages, cultural studies, English literature, history, and fine arts; and

(5) multidisciplinary studies, which allows a student to:

(A) select courses from the curriculum of each endorsement area described by Subdivisions (1) through (4); and

(B) earn credits in a variety of advanced courses from multiple content areas sufficient to complete the distinguished level of achievement under the foundation high school program.

(c-2) In adopting rules under Subsection (c-1), the State Board of Education shall:

(1) require a student in order to earn any endorsement to successfully complete:

(A) four credits in mathematics, which must include:

(i) the courses described by Subsection (b-1)(2); and

(ii) an additional advanced mathematics course authorized under Subsection (b-2) or an advanced career and technology course designated by the State Board of Education;

(B) four credits in science, which must include:

(i) the courses described by Subsection (b-1)(3); and

(ii) an additional advanced science course authorized under Subsection (b-2) or an advanced career and technology course designated by the State Board of Education; and

(C) two elective credits in addition to the elective credits required under Subsection (b-1)(6); and

(2) develop additional curriculum requirements for each endorsement with the direct participation of educators and business, labor, and industry representatives, and shall require each school district to report to the agency the categories of endorsements under Subsection (c-1) for which the district offers all courses for curriculum requirements, as determined by board rule.

(c-3) In adopting rules under Subsection (c-1), the State Board of Education shall adopt criteria to allow a student participating in the arts and humanities endorsement under Subsection (c-1)(4), with the written permission of the student's parent or a person standing in parental relation to the student, to comply with the curriculum requirements for science required under Subsection (c-2)(1)(B)(ii) by substituting for an advanced course requirement a course related to that endorsement.

(c-4) Each school district must make available to high school students courses that allow a student to complete the curriculum requirements for at least one endorsement under Subsection (c-1). A school district that offers only one endorsement curriculum must offer the multidisciplinary studies endorsement curriculum.

(c-5) A student may earn a performance acknowledgment on the student's diploma and transcript by satisfying the requirements for that acknowledgment adopted by the State Board of Education by rule. An acknowledgment under this subsection may be earned:

(1) for outstanding performance:

(A) in a dual credit course;

(B) in bilingualism and biliteracy;

(C) on a college advanced placement test or international baccalaureate examination; or

(D) on the PSAT, the ACT-Plan, the SAT, or the ACT; or

(2) for earning a nationally or internationally recognized business or industry certification or license.

(d) A school district may issue a certificate of coursework completion to a student who successfully completes the curriculum requirements identified by the State Board of Education under Subsection (a) but who fails to comply with Section 39.025. A school district may allow a student who receives a certificate to participate in a graduation ceremony with students receiving high school diplomas.

(e) Each school district shall report the academic achievement record of students who have completed

the foundation high school program on transcript forms adopted by the State Board of Education. The transcript forms adopted by the board must be designed to clearly identify whether a student received a diploma or a certificate of coursework completion.

(e-1) A school district shall clearly indicate a distinguished level of achievement under the foundation high school program as described by Subsection (b-15), an endorsement described by Subsection (c-1), and a performance acknowledgment described by Subsection (c-5) on the diploma and transcript of a student who satisfies the applicable requirements. The State Board of Education shall adopt rules as necessary to administer this subsection.

(e-2) At the end of each school year, each school district shall report through the Public Education Information Management System (PEIMS) the number of district students who, during that school year, were:

(1) enrolled in the foundation high school program;

(2) pursuing the distinguished level of achievement under the foundation high school program as provided by Subsection (b-15); and

(3) enrolled in a program to earn an endorsement described by Subsection (c-1).

(e-3) Information reported under Subsection (e-2) must be disaggregated by all student groups served by the district, including categories of race, ethnicity, socioeconomic status, sex, and populations served by special programs, including students in special education programs under Subchapter A, Chapter 29.

(f) A school district shall issue a certificate of attendance to a student who receives special education services under Subchapter A, Chapter 29, and who has completed four years of high school but has not completed the student's individualized education program. A school district shall allow a student who receives a certificate to participate in a graduation ceremony with students receiving high school diplomas. A student may participate in only one graduation ceremony under this subsection. This subsection does not preclude a student from receiving a diploma under Subsection (c)(2).

(g) **[Repealed September 1, 2014]** If a student, other than a student permitted to take courses under the minimum high school program as provided by Subsection (b), is unable to complete the recommended or advanced high school program solely because necessary courses were unavailable to the student at the appropriate times in the student's high school career as a result of course scheduling, lack of enrollment capacity, or another cause not within the student's control, the school district shall indicate that fact on the student's transcript form described by Subsection (e).

(h) **[Expires September 1, 2018]** The commissioner by rule shall adopt a transition plan to implement and administer the amendments made by H.B. No. 5, 83rd Legislature, Regular Session, 2013, replacing the minimum, recommended, and advanced high school programs with the foundation high school program beginning with the 2014-2015 school year. Under the transition plan, a student who entered the ninth grade before the 2014-2015 school year must be permitted to complete the curriculum requirements required for high school graduation under:

(1) the foundation high school program, if the student chooses during the 2014-2015 school year to take courses under this program;

(2) the minimum high school program, as that program existed before the adoption of H.B. No. 5, 83rd Legislature, Regular Session, 2013, if the student was participating in that program before the 2014-2015 school year;

(3) the recommended high school program, as that program existed before the adoption of H.B. No. 5, 83rd Legislature, Regular Session, 2013, if the student was participating in that program before the 2014-2015 school year; or

(4) the advanced high school program, as that program existed before the adoption of H.B. No. 5, 83rd Legislature, Regular Session, 2013, if the student was participating in that program before the 2014-2015 school year.

(h-1) **[Expires September 1, 2018]** This subsection and Subsection (h) expire September 1, 2018.

(h-2) **[Expires September 1, 2015]** This subsection applies only to a student participating in the minimum, recommended, or advanced high school program who is completing the fourth year of high school during the 2013-2014 school year. The commissioner by rule shall permit a student who does not satisfy the curriculum requirements of the high school program in which the student is participating to graduate if the student satisfies the curriculum requirements established for the foundation high school program under this section as amended by H.B. No. 5, 83rd Legislature, Regular Session, 2013, and any other requirement required for graduation. This subsection expires September 1, 2015.

(i) If an 11th or 12th grade student in the conservatorship of the Department of Family and Protective Services transfers to a different school district and the student is ineligible to graduate from the district to which the student transfers, the district from which the student transferred shall award a diploma at the student's request, if the student

meets the graduation requirements of the district from which the student transferred.

Sec. 28.0253. Pilot Program: High School Diplomas for Students Who Demonstrate Early Readiness for College.

(a) In this section:

(1) "Institution of higher education" has the meaning assigned by Section 61.003.

(2) "Research university" means an institution of higher education that is designated as a research university under the Texas Higher Education Coordinating Board's accountability system.

(b) A research university that chooses to participate in the pilot program shall:

(1) not later than September 1 of each year, make available on the university's Internet website detailed standards for use in the program regarding:

(A) the specific competencies that demonstrate a student's mastery of each subject area for which the Texas Higher Education Coordinating Board and the commissioner have adopted college readiness standards;

(B) the specific competencies that demonstrate a student's mastery of a language other than English; and

(C) acceptable assessments or other means by which a student may demonstrate the student's early readiness for college with respect to each subject area and the language described by this subdivision, subject to Subsection (c);

(2) partner with at least 10 school districts that reflect the geographic diversity of this state and the student compositions of which reflect the socioeconomic diversity of this state; and

(3) assist school administrators, school counselors, and other educators in each of those school districts in designing the specific requirements of and implementing the program in the district.

(c) The assessments or other means filed by a research university under Subsection (b)(1)(C) must be equivalent to the assessments or other means the university uses to place students at the university in courses that may be credited toward a degree requirement.

(d) A research university that partners with a school district under this section shall enter into an agreement with the district under which the university and district agree that the district will assess a student's mastery of the subject areas described by Subsection (b)(1) and a language other than English in accordance with the standards the university filed under Subsection (b)(1). The district may issue a high school diploma to a student under the program if, using the standards, the student demonstrates mastery of and early readiness for college in each of those subject areas and in a language other than English, notwithstanding any other local or state requirements.

(e) A student who receives a high school diploma through the pilot program is considered to have earned a distinguished level of achievement under the foundation high school program adopted under Section 28.025. The student is not guaranteed admission to any institution of higher education or to any academic program at an institution of higher education solely on the basis of having received the diploma through the program. The student may apply for admission to an institution of higher education for the first semester or other academic term after the semester or other academic term in which the student earns a diploma through the pilot program.

(f) A research university that participates in the pilot program shall enter into an agreement with an education research center established under Section 1.005 to conduct an evaluation of the program with respect to that university and the school districts with which the university partners. Not later than January 1, 2013, the education research center shall provide a written report of the evaluation to the commissioner and the commissioner of higher education and make the report available on the center's Internet website. STATUTORY NOTES

Sec. 28.0254. Posthumous High School Diploma for Certain Students.

(a) Notwithstanding any other provision of this code, but subject to Subsection (b), on request of the student's parent, a school district shall issue a high school diploma posthumously to each student who died while enrolled in the district at grade level 12, provided that the student was academically on track at the time of death to receive a diploma at the end of the school year in which the student died. For purposes of this subsection, "school year" includes any summer session following the spring semester.

(b) A school district is not required to issue a high school diploma to a student described by Subsection (a) if the student at any time before the student's death was convicted of a felony offense under Title 5 or 6, Penal Code, or adjudicated as having engaged in conduct constituting a felony offense under Title 5 or 6, Penal Code.

(Enacted by Acts 2007, 80th Leg., ch. 871 (H.B. 1563), § 1, effective June 15, 2007.)

Sec. 28.0255. [Expires September 1, 2023] Pilot Program: Three-Year High School Diploma Plan.

(a) In this section, "certificate program," "public junior college," "public state college," and "public technical institute" have the meanings assigned by Section 61.003.

(b) This section applies only to a school district:

(1) with an enrollment of more than 150,000 students; and

(2) located primarily in a county that has a population of 2.2 million or more and that is adjacent to a county with a population of more than 600,000.

(c) A school district to which this section applies may develop and implement a pilot program for students who wish to obtain a high school diploma after completion of three years of secondary school attendance as an alternative to the traditional four-year period of attendance. The program must include partnerships between the school district and public junior colleges, public technical institutes, public state colleges, and any other public postsecondary institutions in this state offering academic or technical education or vocational training under a certificate program or an associate degree program to facilitate the prompt enrollment of students in those institutions after high school graduation under the program.

(d) Participation by a student in the program must be voluntary, with approval of the student's parent. A student who agrees to participate in the program may, on request, discontinue participation and resume taking courses under a high school program based on a traditional four-year period of attendance.

(e) Notwithstanding Section 28.025, the school district shall specify the curriculum requirements for receiving a high school diploma under the program. The curriculum requirements must ensure that a student who graduates under the program possesses sufficient knowledge and skills in English language arts and mathematics to be capable of performing successfully in public junior college-level courses.

(f) The school district shall submit to the commissioner for approval the district's proposal regarding the scope of the program and the program curriculum requirements. The school district shall also submit the proposed curriculum requirements to the State Board of Education for comment. The district may not implement the program before obtaining the commissioner's approval of the scope of the program and the program curriculum requirements.

(g) A student is entitled to a high school diploma if the student:

(1) successfully complies with the curriculum requirements specified under Subsection (e); and

(2) performs satisfactorily, as determined by the commissioner under Subsection (h), on end-of-course assessment instruments listed under Section 39.023(c) for courses in which the student was enrolled.

(h) For purposes of Subsection (g)(2), the commissioner shall determine the level of satisfactory performance on applicable end-of-course assessment instruments administered to a student.

(i) The school district shall report the academic achievement record of students who have completed the program on a transcript that clearly identifies the program and distinguishes the program from the other high school programs based on a traditional four-year period of attendance.

(j) A student who has received a diploma under the program is exempt from the compulsory school attendance requirements under Section 25.085.

(k) To the extent this section conflicts with any other provision of this code or rule adopted under this code, this section prevails.

(*l*) This section expires September 1, 2023.

(Enacted by Acts 2013, 83rd Leg., ch. 660 (H.B. 1122), § 1, effective September 1, 2013.)

(a) The board of trustees of a school district and the governing body of each open-enrollment charter school that provides a high school shall require each high school in the district or provided by the charter school, as applicable, to post appropriate signs in each school counselor's office, in each principal's office, and in each administrative building indicating the substance of Section 51.803 regarding automatic college admission and stating the curriculum requirements for financial aid authorized under Title 3. To assist in the dissemination of that information, the district or charter school shall:

(1) require that each school counselor and class advisor at a high school be provided a detailed explanation of the substance of Section 51.803 and the curriculum requirements for financial aid authorized under Title 3;

(2) provide each district or school student, at the time the student first registers for one or more classes required for high school graduation, with a written notification, including a detailed explanation in plain language, of the substance of Section 51.803, the curriculum requirements for financial aid authorized under Title 3, and the benefits of completing the requirements for that automatic admission and financial aid;

(3) require that each school counselor and senior class advisor at a high school explain to eligible students the substance of Section 51.803; and

(4) not later than the 14th day after the last day of classes for the fall semester or an equivalent date in the case of a school operated on a year-round system under Section 25.084, provide each senior student eligible under Section 51.803 and each student enrolled in the junior year of high school who has a grade point average in the top 10 percent of the student's high school class, and the student's parent or guardian, with a written notification of the student's eligibility with a detailed explanation in plain language of the substance of Section 51.803.

(b) The commissioner shall adopt forms, including specific language, to use in providing notice under Subsections (a)(2) and (4). In providing notice under Subsection (a)(2) or (4), a school district or open-enrollment charter school shall use the appropriate form adopted by the commissioner. The notice to a student and the student's parent or guardian under Subsections (a)(2) and (4) must be on a single form that contains signature lines to indicate receipt of notice by the student and the student's parent or guardian. The notice under Subsection (a)(2) must be signed by the student's counselor in addition to being signed by the student and the student's parent or guardian.

(b) The State Board of Education shall establish a process under which an applied STEM course may be reviewed and approved for purposes of satisfying the mathematics and science curriculum requirements for the foundation high school program under Section 28.025 through substitution of the applied STEM course for a specific mathematics or science course otherwise required under the foundation high school program. The State Board of Education may only approve a course to substitute for a science course taken after successful completion of biology.

(c) The process must provide that an applied STEM course is entitled to be approved for the purpose described by Subsection (b) if the course meets the following requirements:

(1) the applied STEM course is part of a curriculum created by a recognized national or international business and industry group to prepare a student for a national or international business and industry certification or license;

(2) the applied STEM course qualifies as:

(A) a dual credit course; or

(B) an articulated postsecondary course provided for local credit or articulated postsecondary advanced technical credit course provided for state credit;

(3) the essential knowledge and skills covered in the applied STEM course are equivalent to the essential knowledge and skills covered in the mathematics or science course for which the applied STEM course is proposed to be approved for substitution; and

(4) the applied STEM course:

(B) incorporates college and career readiness skills.

(d) If an applied STEM course approved under this section is part of a coherent sequence of career and technology courses, a student is eligible to enroll in the applied STEM course for the purpose described in Subsection (b) only if the student has completed the prerequisite course work, if any, for the applied STEM course.

Subchapter A. Special Education Program

SUBCHAPTER A
SPECIAL EDUCATION PROGRAM

Sec. 29.001. Statewide Plan.

The agency shall develop, and modify as necessary, a statewide design, consistent with federal law, for the delivery of services to children with disabilities in this state that includes rules for the administration and funding of the special education program so that a free appropriate public education is available to all of those children between the ages of three and 21. The statewide design shall include the provision of services primarily through school districts and shared services arrangements, supplemented by regional education service centers. The agency shall also develop and implement a statewide plan with programmatic content that includes procedures designed to:

(1) ensure state compliance with requirements for supplemental federal funding for all state-administered programs involving the delivery of instructional or related services to students with disabilities;

(2) facilitate interagency coordination when other state agencies are involved in the delivery of instructional or related services to students with disabilities;

(3) periodically assess statewide personnel needs in all areas of specialization related to special education and pursue strategies to meet those needs through a consortium of representatives from regional education service centers, local education agencies, and institutions of higher education and through other available alternatives;

(4) ensure that regional education service centers throughout the state maintain a regional support function, which may include direct service delivery and a component designed to facilitate the placement of students with disabilities who cannot be appropriately served in their resident districts;

(5) allow the agency to effectively monitor and periodically conduct site visits of all school districts to ensure that rules adopted under this section are applied in a consistent and uniform manner, to ensure that districts are complying with those rules, and to ensure that annual statistical reports filed by the districts and not otherwise available through the Public Education Information Management System under Section 42.006, are accurate and complete;

(6) ensure that appropriately trained personnel are involved in the diagnostic and evaluative procedures operating in all districts and that those personnel routinely serve on district admissions, review, and dismissal committees;

(7) ensure that an individualized education program for each student with a disability is properly developed, implemented, and maintained in the least restrictive environment that is appropriate to meet the student's educational needs;

(8) ensure that, when appropriate, each student with a disability is provided an opportunity to participate in career and technology and physical education classes, in addition to participating in regular or special classes;

(9) ensure that each student with a disability is provided necessary related services;

(10) ensure that an individual assigned to act as a surrogate parent for a child with a disability, as provided by 20 U.S.C. Section 1415(b), is required to:

(A) complete a training program that complies with minimum standards established by agency rule;

(B) visit the child and the child's school;

(C) consult with persons involved in the child's education, including teachers, caseworkers, court-appointed volunteers, guardians ad litem, attorneys ad litem, foster parents, and caretakers;

(D) review the child's educational records;

(E) attend meetings of the child's admission, review, and dismissal committee;

(F) exercise independent judgment in pursuing the child's interests; and

(G) exercise the child's due process rights under applicable state and federal law; and

(11) ensure that each district develops a process to be used by a teacher who instructs a student with a disability in a regular classroom setting:

(A) to request a review of the student's individualized education program;

(B) that provides for a timely district response to the teacher's request; and

(C) that provides for notification to the student's parent or legal guardian of that response.

Instruction shall be supplemented by the provision of related services when appropriate.

(a) A written report of a full individual and initial evaluation of a student for purposes of special education services shall be completed as follows, except as otherwise provided by this section:

(1) not later than the 45th school day following the date on which the school district, in accordance with 20 U.S.C. Section 1414(a), as amended, receives written consent for the evaluation, signed by the student's parent or legal guardian, except that if a student has been absent from school during that period on three or more days, that period must be extended by a number of school days equal to the number of school days during that period on which the student has been absent; or

(2) for students under five years of age by September 1 of the school year and not enrolled in public school and for students enrolled in a private or home school setting, not later than the 45th school day following the date on which the school district receives written consent for the evaluation, signed by a student's parent or legal guardian.

The student's admission, review, and dismissal committee shall meet not later than the 15th school day of the following school year to consider the evaluation. If a district receives written consent signed by a student's parent or legal guardian less than 35 school days before the last instructional day of the school year or if the district receives the written consent at least 35 but less than 45 school days before the last instructional day of the school year but the student is absent from school during that period on three or more days, Subsection (a)(1) applies to the date the written report of the full individual and initial evaluation is required.

(a-2) For purposes of this section, "school day" does not include a day that falls after the last instructional day of the spring school term and before the first instructional day of the subsequent fall school term. The commissioner by rule may determine days during which year-round schools are recessed that, consistent with this subsection, are not considered to be school days for purposes of this section.

(b) The evaluation shall be conducted using procedures that are appropriate for the student's most proficient method of communication.

(c) If a parent or legal guardian makes a written request to a school district's director of special education services or to a district administrative employee for a full individual and initial evaluation of a student, the district shall, not later than the 15th school day after the date the district receives the request:

(1) provide an opportunity for the parent or legal guardian to give written consent for the evaluation; or

Section 1414 for the administration of any psychological examination or test to the child that is included as part of the evaluation of the child's need for special education, a school district shall provide to the child's parent:

(1) the name and type of the examination or test; and

(2) an explanation of how the examination or test will be used to develop an appropriate individualized education program for the child.

(b) If the district determines that an additional examination or test is required for the evaluation of a child's need for special education after obtaining consent from the child's parent under Subsection (a), the district shall provide the information described by Subsections (a)(1) and (2) to the child's parent regarding the additional examination or test and shall obtain additional consent for the examination or test.

(c) The time required for the district to provide information and seek consent under Subsection (b) may not be counted toward the 60 calendar days for completion of an evaluation under Section 29.004. If a parent does not give consent under Subsection (b) within 20 calendar days after the date the district provided to the parent the information required by that subsection, the parent's consent is considered denied.

(b) The committee shall develop the individualized education program by agreement of the committee members or, if those persons cannot agree, by an alternate method provided by the agency. Majority vote may not be used to determine the individualized education program.

(c) If the individualized education program is not developed by agreement, the written statement of the program required under 20 U.S.C. Section 1401(11) must include the basis of the disagreement.

(d) If the child's parent is unable to speak English, the district shall:

(1) provide the parent with a written or audiotaped copy of the child's individualized education program translated into Spanish if Spanish is the parent's native language; or

(2) if the parent's native language is a language other than Spanish, make a good faith effort to provide the parent with a written or audiotaped copy of the child's individualized education program translated into the parent's native language.

(e) The commissioner by rule may require a school district to include in the individualized education program of a student with autism or another pervasive developmental disorder any information or requirement determined necessary to ensure the student receives a free appropriate public education as required under the Individuals with Disabilities Education Act (20 U.S.C. Section 1400 et seq.).

(f) The written statement of a student's individualized education program may be required to include only information included in the model form developed under Section 29.0051(a).

(g) The committee may determine that a behavior improvement plan or a behavioral intervention plan is appropriate for a student for whom the committee has developed an individualized education program. If the committee makes that determination, the behavior improvement plan or the behavioral intervention plan shall be included as part of the student's individualized education program and provided to each teacher with responsibility for educating the student.

(2) a state-imposed requirement relevant to an individualized education program not required under federal law; and

(3) the requirements identified under 20 U.S.C. Section 1407(a)(2).

(b) The agency shall post on the agency's Internet website the form developed under Subsection (a).

(c) A school district may use the form developed under Subsection (a) to comply with the requirements for an individualized education program under 20 U.S.C. Section 1414(d).

(Enacted by Acts 2011, 82nd Leg., ch. 1250 (S.B. 1788), § 2, effective June 17, 2011.)

Sec. 29.006. Continuing Advisory Committee.

(a) The governor shall appoint a continuing advisory committee, composed of 17 members, under 20 U.S.C. Section 1412(a)(21). At least one member appointed under this subsection must be a director of special education programs for a school district or for a shared services arrangement of multiple school districts as provided by Section 29.007.

(b) The appointments are not subject to confirmation by the senate.

(c) Members of the committee are appointed for staggered terms of four years with the terms of eight or nine members expiring on February 1 of each odd-numbered year.

School districts may enter into a written contract to jointly operate their special education programs. The contract must be approved by the commissioner. Funds to which the cooperating districts are entitled may be allocated to the districts jointly as shared services arrangement units or shared services arrangement funds in accordance with the shared services arrangement districts' agreement.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 29.008. Contracts for Services; Residential Placement.

(a) A school district, shared services arrangement unit, or regional education service center may contract with a public or private facility, institution, or agency inside or outside of this state for the provision of services to students with disabilities. Each contract for residential placement must be approved by the commissioner. The commissioner may approve a residential placement contract only after at least a programmatic evaluation of personnel qualifications, adequacy of physical plant and equipment, and curriculum content. The commissioner may approve either the whole or a part of a facility or program.

(b) Except as provided by Subsection (c), costs of an approved contract for residential placement may be paid from a combination of federal, state, and local funds. The local share of the total contract cost for each student is that portion of the local tax effort that exceeds the district's local fund assignment under Section 42.252, divided by the average daily attendance in the district. If the contract involves a private facility, the state share of the total contract cost is that amount remaining after subtracting the local share. If the contract involves a public facility, the state share is that amount remaining after subtracting the local share from the portion of the contract that involves the costs of instructional and related services. For purposes of this subsection, "local tax effort" means the total amount of money generated by taxes imposed for debt service and maintenance and operation less any amounts paid into a tax increment fund under Chapter 311, Tax Code.

(c) When a student, including one for whom the state is managing conservator, is placed primarily for care or treatment reasons in a private residential facility that operates its own private education program, none of the costs may be paid from public education funds. If a residential placement primarily for care or treatment reasons involves a private residential facility in which the education program is provided by the school district, the portion of the costs that includes appropriate education services, as determined by the school district's admission, review, and dismissal committee, shall be paid from state and federal education funds.

(d) A district that contracts for the provision of education services rather than providing the services itself shall oversee the implementation of the student's individualized education program and shall annually reevaluate the appropriateness of the arrangement. An approved facility, institution, or agency with whom the district contracts shall periodically report to the district on the services the student has received or will receive in accordance with the contract as well as diagnostic or other evaluative information that the district requires in order to fulfill its obligations under this subchapter.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1997, 75th Leg., ch. 1071 (S.B. 1873), § 3, effective September 1, 1997.)

Sec. 29.009. Public Notice Concerning Preschool Programs for Students with Disabilities.

Each school district shall develop a system to notify the population in the district with children who are at least three years of age but younger than six years of age and who are eligible for enrollment in a special education program of the availability of the program.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 29.010. Compliance.

(a) The agency shall adopt and implement a comprehensive system for monitoring school district compliance with federal and state laws relating to special education. The monitoring system must provide for ongoing analysis of district special education data and of complaints filed with the agency concerning special education services and for inspections of school districts at district facilities. The agency shall use the information obtained through analysis of district data and from the complaints management system to determine the appropriate schedule for and extent of the inspection.

(b) To complete the inspection, the agency must obtain information from parents and teachers of students in special education programs in the district.

(c) The agency shall develop and implement a system of sanctions for school districts whose most recent monitoring visit shows a failure to comply with major requirements of the Individuals with Disabilities Education Act (20 U.S.C. Section 1400 et seq.), federal regulations, state statutes, or agency requirements necessary to carry out federal law or regulations or state law relating to special education.

(d) For districts that remain in noncompliance for more than one year, the first stage of sanctions shall begin with annual or more frequent monitoring visits. Subsequent sanctions may range in severity up to the withholding of funds. If funds are withheld, the agency may use the funds to provide, through alternative arrangements, services to students and staff members in the district from which the funds are withheld.

(e) The agency's complaint management division shall develop a system for expedited investigation and resolution of complaints concerning a district's failure to provide special education or related services to a student eligible to participate in the district's special education program.

(f) This section does not create an obligation for or impose a requirement on a school district or open-enrollment charter school that is not also created or imposed under another state law or a federal law.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1999, 76th Leg., ch. 1417 (H.B. 2172), § 1, effective June 19, 1999.)

Sec. 29.011. Transition Planning.

(a) The commissioner shall by rule adopt procedures for compliance with federal requirements relating to transition services for students who are enrolled in special education programs under this subchapter. The procedures must specify the manner in which a student's admission, review, and dismissal committee must consider, and if appropriate, address the following issues in the student's individualized education program:

(1) appropriate student involvement in the student's transition to life outside the public school system;

(2) if the student is younger than 18 years of age, appropriate parental involvement in the student's transition;

(3) if the student is at least 18 years of age, appropriate parental involvement in the student's transition, if the parent is invited to participate by the student or the school district in which the student is enrolled;

(4) any postsecondary education options;

(5) a functional vocational evaluation;

(6) employment goals and objectives;

(7) if the student is at least 18 years of age, the availability of age-appropriate instructional environments;

(8) independent living goals and objectives; and

(9) appropriate circumstances for referring a student or the student's parents to a governmental agency for services.

(b) The commissioner shall require each school district or shared services arrangement to designate at least one employee to serve as the district's or shared services arrangement's designee on transition and employment services for students enrolled in special education programs under this subchapter. Specifically, services provided under this section may not be used for a student with disabilities who is currently placed or who needs to be placed in a residential facility primarily for noneducational reasons.

(1) is temporarily classified as eligible for participation in a special education program because of the student's confinement in a hospital; and

(2) the student's education is provided by a district to which this section applies.

(d) The use of any alternative dispute resolution method, including individualized education program facilitation, must be voluntary on the part of the participants, and the use or availability of any such method may not in any manner be used to deny or delay the right to pursue a special education complaint, mediation, or due process hearing in accordance with federal law.

(e) Nothing in this section prohibits a school district from using individualized education program facilitation as the district's preferred method of conducting initial and annual admission, review, and dismissal committee meetings.

(f) The commissioner shall adopt rules necessary to implement this section.

SUBCHAPTER B
BILINGUAL EDUCATION AND SPECIAL LANGUAGE PROGRAMS

Sec. 29.051. State Policy.

English is the basic language of this state. Public schools are responsible for providing a full opportunity for all students to become competent in speaking, reading, writing, and comprehending the English language. Large numbers of students in the state come from environments in which the primary language is other than English. Experience has shown that public school classes in which instruction is given only in English are often inadequate for the education of those students. The mastery of basic English language skills is a prerequisite for effective participation in the state's educational program. Bilingual education and special language programs can meet the needs of those students and facilitate their integration into the regular school curriculum. Therefore, in accordance with the policy of the state to ensure equal educational opportunity to every student, and in recognition of the educational needs of students of limited English proficiency, this subchapter provides for the establishment of bilingual education and special language programs in the public schools and provides supplemental financial assistance to help school districts meet the extra costs of the programs.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 29.052. Definitions.

In this subchapter:

(1) "Student of limited English proficiency" means a student whose primary language is other than English and whose English language skills are such that the student has difficulty performing ordinary classwork in English.

(2) "Parent" includes a legal guardian of a student.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 29.053. Establishment of Bilingual Education and Special Language Programs.

(a) The agency shall establish a procedure for identifying school districts that are required to offer bilingual education and special language programs in accordance with this subchapter.

(b) Within the first four weeks following the first day of school, the language proficiency assessment committee established under Section 29.063 shall determine and report to the board of trustees of the district the number of students of limited English proficiency on each campus and shall classify each student according to the language in which the student possesses primary proficiency. The board shall report that information to the agency before November 1 each year.

(c) Each district with an enrollment of 20 or more students of limited English proficiency in any language classification in the same grade level shall offer a bilingual education or special language program.

(d) Each district that is required to offer bilingual education and special language programs under this section shall offer the following for students of limited English proficiency:

(1) bilingual education in kindergarten through the elementary grades;

(2) bilingual education, instruction in English as a second language, or other transitional language instruction approved by the agency in post-elementary grades through grade 8; and

(3) instruction in English as a second language in grades 9 through 12.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 29.054. Exception.

(a) If a program other than bilingual education must be used in kindergarten through the elementary grades, documentation for the exception must be filed with and approved by the agency.

(b) An application for an exception may be filed with the agency when a district is unable to hire a sufficient number of teachers with teaching certificates appropriate for bilingual education instruction to staff the required program. The application must be accompanied by:

(1) documentation showing that the district has taken all reasonable affirmative steps to secure teachers with teaching certificates appropriate for bilingual education instruction and has failed;

(2) documentation showing that the district has affirmative hiring policies and procedures consistent with the need to serve limited English proficiency students;

(3) documentation showing that, on the basis of district records, no teacher having a teaching certificate appropriate for bilingual instruction or emergency credentials has been unjustifiably denied employment by the district within the past 12 months; and

(4) a plan detailing specific measures to be used by the district to eliminate the conditions that created the need for an exception.

(c) An exception shall be granted under this section on an individual district basis and is valid for only one year. Application for an exception for a second or succeeding year must be accompanied by the documentation prescribed by Subsection (b).

(d) During the period for which a district is granted an exception under this section, the district must use alternative methods approved by the agency to meet the needs of its students of limited English proficiency, including hiring teaching personnel under a bilingual emergency permit.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 29.055. Program Content; Method of Instruction.

(a) A bilingual education program established by a school district shall be a full-time program of dual-language instruction that provides for learning basic skills in the primary language of the students enrolled in the program and for carefully structured and sequenced mastery of English language skills. A program of instruction in English as a second language established by a school district shall be a program of intensive instruction in English from teachers trained in recognizing and dealing with language differences.

(b) A program of bilingual education or of instruction in English as a second language shall be designed to consider the students' learning experiences and shall incorporate the cultural aspects of the students' backgrounds.

(c) In subjects such as art, music, and physical education, students of limited English proficiency shall participate fully with English-speaking students in regular classes provided in the subjects.

(d) Elective courses included in the curriculum may be taught in a language other than English.

(e) Each school district shall provide students enrolled in the program a meaningful opportunity to participate fully with other students in all extracurricular activities.

(f) If money is appropriated for the purpose, the agency shall establish a limited number of pilot programs for the purpose of examining alternative methods of instruction in bilingual education and special language programs.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 29.056. Enrollment of Students in Program.

(a) The agency shall establish standardized criteria for the identification, assessment, and classification of students of limited English proficiency eligible for entry into the program or exit from the program. The student's parent must approve a student's entry into the program, exit from the program, or placement in the program. The school district or parent may appeal the decision under Section 29.064. The criteria for identification, assessment, and classification may include:

(1) results of a home language survey conducted within four weeks of each student's enrollment to determine the language normally used in the home and the language normally used by the student, conducted in English and the home language, signed by the student's parents if the student is in kindergarten through grade 8 or by the student if the student is in grades 9 through 12, and kept in the student's permanent folder by the language proficiency assessment committee;

(2) the results of an agency-approved English language proficiency test administered to all students identified through the home survey as normally speaking a language other than English to determine the level of English language proficiency, with students in kindergarten or grade 1 being administered an oral English proficiency test and students in grades 2 through 12 being administered an oral and written English proficiency test; and

(3) the results of an agency-approved proficiency test in the primary language administered to all students identified under Subdivision (2) as being of limited English proficiency to determine the level of primary language proficiency, with students in kindergarten or grade 1 being administered an oral primary language proficiency test and students in grades 2 through 12 being administered an oral and written primary language proficiency test.

(b) Tests under Subsection (a) shall be administered by professionals or paraprofessionals with the appropriate English and primary language skills and the training required by the test publisher.

(c) The language proficiency assessment committee may classify a student as limited English proficiency if:

(1) the student's ability in English is so limited or the student's disabilities are so severe that assessment procedures cannot be administered;

(2) the student's score or relative degree of achievement on the agency-approved English proficiency test is below the levels established by the agency as indicative of reasonable proficiency;

(3) the student's primary language proficiency score as measured by an agency-approved test is greater than the student's proficiency in English; or

(4) the language proficiency assessment committee determines, based on other information, including a teacher evaluation, parental viewpoint, or student interview, that the student's primary language proficiency is greater than the student's proficiency in English or that the student is not reasonably proficient in English.

(d) Not later than the 10th day after the date of the student's classification as a student of limited English proficiency, the language proficiency assessment committee shall give written notice of the classification to the student's parent. The notice must be in English and the parent's primary language. The parents of students eligible to participate in the required bilingual education program shall be informed of the benefits of the bilingual education or special language program and that it is an integral part of the school program.

(e) The language proficiency assessment committee may retain, for documentation purposes, all records obtained under this section.

(f) The district may not refuse to provide instruction in a language other than English to a student solely because the student has a disability.

(g) A district may transfer a student of limited English proficiency out of a bilingual education or special language program for the first time or a subsequent time if the student is able to participate equally in a regular all-English instructional program as determined by:

(1) agency-approved tests administered at the end of each school year to determine the extent to which the student has developed oral and written language proficiency and specific language skills in English;

(2) satisfactory performance on the reading assessment instrument under Section 39.023(a) or an English language arts assessment instrument under Section 39.023(c), as applicable, with the assessment instrument administered in English, or, if the student is enrolled in the first or second grade, an achievement score at or above the 40th percentile in the reading and language arts sections of an English standardized test approved by the agency; and

(3) agency-approved criterion-referenced tests and the results of a subjective teacher evaluation.

(h) If later evidence suggests that a student who has been transferred out of a bilingual education or special language program has inadequate English proficiency and achievement, the language proficiency assessment committee may reenroll the student in the program. Classification of students for reenrollment must be based on the criteria required by this section.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2006, 79th Leg., 3rd C.S., ch. 5 (H.B. 1), § 3.06, effective May 31, 2006.)

Sec. 29.0561. Evaluation of Transferred Students; Reenrollment.

(a) The language proficiency assessment committee shall reevaluate a student who is transferred out of a bilingual education or special language program under Section 29.056(g) if the student earns a failing grade in a subject in the foundation curriculum under Section 28.002(a)(1) during any grading period in the first two school years after the student is transferred to determine whether the student should be reenrolled in a bilingual education or special language program.

SUBCHAPTER C
COMPENSATORY EDUCATION PROGRAMS

Sec. 29.081. Compensatory, Intensive, and Accelerated Instruction.

(a) Each school district shall use the student performance data resulting from the basic skills assessment instruments and achievement tests administered under Subchapter B, Chapter 39, to design and implement appropriate compensatory, intensive, or accelerated instructional services for students in the district's schools that enable the students to be performing at grade level at the conclusion of the next regular school term.

(b) Each district shall provide accelerated instruction to a student enrolled in the district who has taken an end-of-course assessment instrument administered under Section 39.023(c) and has not performed satisfactorily on the assessment instrument or who is at risk of dropping out of school.

(b-1) Each school district shall offer before the next scheduled administration of the assessment instrument, without cost to the student, additional accelerated instruction to each student in any subject in which the student failed to perform satisfactorily on an end-of-course assessment instrument required for graduation.

(b-2) A district that is required to provide accelerated instruction under Subsection (b-1) shall separately budget sufficient funds, including funds under Section 42.152, for that purpose. A district may not budget funds received under Section 42.152 for any other purpose until the district adopts a budget to support additional accelerated instruction under Subsection (b-1).

(b-3) A district shall evaluate the effectiveness of accelerated instruction programs under Subsection (b-1) and annually hold a public hearing to consider the results.

(c) Each school district shall evaluate and document the effectiveness of the accelerated instruction in reducing any disparity in performance on assessment instruments administered under Subchapter B, Chapter 39, or disparity in the rates of high school completion between students at risk of dropping out of school and all other district students.

(d) For purposes of this section, "student at risk of dropping out of school" includes each student who is under 26 years of age and who:

(1) was not advanced from one grade level to the next for one or more school years;

(2) if the student is in grade 7, 8, 9, 10, 11, or 12, did not maintain an average equivalent to 70 on a scale of 100 in two or more subjects in the foundation curriculum during a semester in the preceding or current school year or is not maintaining such an average in two or more subjects in the foundation curriculum in the current semester;

(3) did not perform satisfactorily on an assessment instrument administered to the student under Subchapter B, Chapter 39, and who has not in the previous or current school year subsequently performed on that instrument or another appropriate instrument at a level equal to at least 110 percent of the level of satisfactory performance on that instrument;

(4) if the student is in prekindergarten, kindergarten, or grade 1, 2, or 3, did not perform satisfactorily on a readiness test or assessment instrument administered during the current school year;

(13) resided in the preceding school year or resides in the current school year in a residential placement facility in the district, including a detention facility, substance abuse treatment facility, emergency shelter, psychiatric hospital, halfway house, or foster group home.

(d-1) Notwithstanding Subsection (d)(1), a student is not considered a student at risk of dropping out of school if the student did not advance from prekindergarten or kindergarten to the next grade level only as the result of the request of the student's parent.

(e) A school district may use a private or public community-based dropout recovery education program to provide alternative education programs for

students at risk of dropping out of school. The programs must:

(1) provide not less than four hours of instructional time per day;

(2) employ as faculty and administrators persons with baccalaureate or advanced degrees;

Sec. 29.082. Optional Extended Year Program.

(a) A school district may set aside an amount from the district's allotment under Section 42.152 or may apply to the agency for funding of an extended year program for a period not to exceed 30 instructional days for students in:

(1) kindergarten through grade 11 who are identified as likely not to be promoted to the next grade level for the succeeding school year; or

(2) grade 12 who are identified as likely not to graduate from high school before the beginning of the succeeding school year.

(c) A school district may not enroll more than 16 students in a class provided under this section.

(d) Each class provided under this section shall be taught by a teacher who has completed successfully a program that provides training to teach a class under this section and that satisfies standards the commissioner establishes.

(e) A student who attends at least 90 percent of the program days of a program under this section and who satisfies the requirements for promotion prescribed by Section 28.021 shall be promoted to the next grade level at the beginning of the next school year unless a parent of the student presents a written request to the school principal that the student not be promoted to the next grade level. As soon as practicable after receiving the request from a parent, the principal shall hold a formal meeting with the student's parent, extended year program teacher, and school counselor. During the meeting, the principal, teacher, or school counselor shall explain the longitudinal statistics on the academic performance of students who are not promoted to the next grade level and provide information on the effect of retention on a student's self-esteem and on the likelihood of a student dropping out of school. After the meeting, the parent may withdraw the request that the student not be promoted to the next grade level. If the parent of a student eligible for promotion under this subsection withdraws the request, the student shall be promoted. If a student is promoted under this subsection, the school district shall continue to use innovative practices to ensure that the student is successful in school in succeeding years.

(f) A school district that provides a program under this section shall adopt a policy designed to lead to immediate reduction and ultimate elimination of student retention.

(g) A school district shall provide transportation to each student who is required to attend a program under this section and who is eligible for regular transportation services.

(h) The commissioner shall give priority to applications for extended year programs to districts with high concentrations of educationally disadvantaged students.

Acts 2013, 83rd Leg., ch. 443 (S.B. 715), § 22, effective June 14, 2013.)

Sec. 29.0821. Optional Flexible Year Program.

(a) A school district may provide a flexible year program for students who did not or are likely not to perform successfully on an assessment instrument administered under Section 39.023 or who would not otherwise be promoted to the next grade level.

(b) To enable a school district to provide additional instructional days for a program under this section, with the approval of the commissioner, a school district may:

(1) provide a number of days of instruction during the regular school year that is not more than 10 days fewer than the number required under Section 25.081(a); and

(2) use for instructional purposes not more than five days that would otherwise be used for staff development or teacher preparation.

(c) Notwithstanding any reduction in the number of instructional days in the regular school year or in the number of staff development days, each educator employed under a 10-month contract must provide the minimum days of service required under Section 21.401.

(d) A school district may require educational support personnel to provide service as necessary for an optional flexible year program.

(e) The commissioner may adopt rules for the administration of programs provided under this section.

(Enacted by Acts 2003, 78th Leg., ch. 824 (S.B. 346), § 1, effective June 20, 2003.)

(b) To enable a school district to provide a program under this section that meets the needs of students described by Subsection (a), a school district that meets application requirements may:

(1) provide flexibility in the number of hours each day a student attends;

(2) provide flexibility in the number of days each week a student attends; or

(3) allow a student to enroll in less than or more than a full course load.

(c) Except in the case of a course designed for a student described by Subsection (a)(3), a course offered in a program under this section must provide for at least the same number of instructional hours as required for a course offered in a program that meets the required minimum number of instructional days under Section 25.081 and the required length of school day under Section 25.082.

(d) The commissioner may adopt rules for the administration of this section, including rules establishing application requirements. The commissioner shall calculate average daily attendance for students served under this section. The commissioner shall allow accumulations of hours of instruction for students whose schedule would not otherwise allow full state funding. Funding under this subsection shall be determined based on the number of instructional days in the school district calendar and a seven-hour school day, but attendance may be cumulated over a school year, including any summer or vacation session. The attendance of students who accumulate less than the number of attendance hours required under this subsection shall be proportionately reduced for funding purposes. The commissioner may:

(1) set maximum funding amounts for an individual course under this section; and

(2) limit funding for the attendance of a student described by Subsection (a)(3) in a course under this section to funding only for the attendance necessary for the student to earn class credit that, as a result of attendance requirements under Section 25.092, the student would not otherwise be able to receive without retaking the class.

(e) A student described by Subsection (a)(3) may enroll in a course in a program under this section offered during the school year or during the period in which school is recessed for the summer to enable the student to earn class credit that, as a result of attendance requirements under Section 25.092, the student would not otherwise be able to receive without retaking the class.

(Acts 2006, 79th Leg., 3rd C.S., ch. 5 (H.B. 1), § 5.03, effective May 31, 2006; am. Acts 2009, 81st Leg., ch. 364 (H.B. 1297), § 1, effective June 19, 2009; am. Acts 2009, 81st Leg., ch. 1328 (H.B. 3646), § 18, effective September 1, 2009.)

(1) annually evaluate the progress of students in the program; and

(2) submit the results of the evaluation to the commissioner at the end of the school year.

(d) The commissioner shall establish minimum levels of student enrollment and standards of student progress required for continued funding of a

(2) a statement of the student club's goals, intent, and activities;

(3) a statement of the source of funds to be used to match the grant;

(4) a budget for the student club;

(5) a statement showing that the student club's finances are sustainable; and

(6) any other information the council requires.

(e) The commissioner shall establish the minimum requirements for a local grant agreement, including requiring:

(1) the agreement to be signed by the sponsor of a student club receiving a grant and another authorized school district officer; and

(2) the district and the student club to participate in an evaluation, as determined by the council, of the club's program and the program's effect on student achievement and dropout rates.

(f) A student club may use funds awarded under this section to support academic or co-curricular club activities, other than athletics, in which at least 50 percent of the participating students have been identified as students at risk of dropping out of school. A student club may use funds for materials, sponsor stipends, and other needs that directly support the club's activities. A student club may not use more than 50 percent of a grant to pay sponsor stipends.

(g) The school district board of trustees shall ensure that funds awarded under this section are expended in compliance with Subsection (f). At the end of the school year, a student club that receives a grant must submit a report to the board of trustees summarizing the club's activities and the extent to which the club met the club's goals and achieved the club's intent. (c) A school district or open-enrollment charter school is eligible to participate and receive a grant under this section under the eligibility criteria established under Section 39.408.

(d) The commissioner shall establish application criteria for receiving a grant under this section. The criteria must require a school district or open-enrollment charter school that applies for a grant to collaborate with local businesses, other local governments or law enforcement agencies, nonprofit organizations, faith-based organizations, and institutions of higher education to deliver proven, research-based intervention services. The goal of the program is to coordinate services and programs among local entities to:

(1) comprehensively reduce the number of students who drop out of school in that community; and

(2) increase the job skills, employment opportunities, and continuing education opportunities of students who might otherwise have dropped out of school.

(e) The commissioner shall establish minimum standards for a local collaborative agreement, including a requirement that the agreement must be signed by an authorized school district or open-enrollment charter school officer and an authorized representative of each of the other participating entities that is a partner in the collaboration. The program must:

(1) limit participation in the program to students authorized to participate by a parent or other person standing in parental relationship;

(2) have as a primary goal graduation from high school;

(3) provide for local businesses or other employers to offer paid employment or internship opportunities and advanced career and vocational training;

(5) serve a population of students of which at least 50 percent are identified as students at risk of dropping out of school, as described by Section 29.081(d);

(6) allocate not more than 15 percent of grant funds and matching funds, as determined by the commissioner, to administrative expenses;

(7) include matching funds from any of the participating entities; and

(8) include any other requirements as determined by the council.

(f) A local collaborative agreement under this section may:

(1) be coordinated with other services provided to students or their families by public or private entities;

(2) provide for local businesses to support the program, including:

(A) encouraging employees to engage in mentoring students and other school-related volunteer activities; and

(B) using matching funds to provide paid time off for volunteer activities under Paragraph (A) and other activities related to encouraging school involvement of parents of students enrolled in the program;

(3) allow grant funds to reimburse reasonable costs of participating entities;

(4) provide for electronic course delivery by a school district, an open-enrollment charter school, or an institution of higher education; and

(5) be hosted or housed by a chamber of commerce, local workforce agency, local employer, or other public or private participating entity.

(g) The commissioner may approve innovative instructional techniques for courses in the enrichment curriculum leading to high school graduation under a local collaborative dropout reduction program and shall develop accountability measures appropriate to those programs. From funds appropriated, the commissioner may fund electronic courses that are part of a collaborative program and that are otherwise eligible for state funds. Funding for an electronic course may not exceed the total amount of state and local funding for a student to which the school district or open-enrollment charter school would otherwise be entitled.

(h) Nothing in this section authorizes the award of a high school diploma other than in compliance with Section 28.025.

(i) The commissioner shall adopt rules necessary to administer the pilot program under this section. (Enacted by Acts 2007, 80th Leg., ch. 1058 (H.B. 2237), § 11, effective June 15, 2007; am. (Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 29.202. Eligibility.

(a) A student is eligible to receive a public education grant or to attend another public school in the district in which the student resides under this subchapter if the student is assigned to attend a public school campus:

(1) at which 50 percent or more of the students did not perform satisfactorily on an assessment instrument administered under Section 39.023(a) or (c) in any two of the preceding three years; or

(2) that, at any time in the preceding three years, failed to satisfy any standard under Section 39.054(e).

(b) After a student has used a public education grant to attend a school in a district other than the district in which the student resides:

A school district that has more acceptable applicants for attendance under this subchapter than available positions must give priority to students at risk of dropping out of school as defined by Section 29.081 and must fill the available positions by lottery. However, to achieve continuity in education, a school district may give preference over at-risk students to enrolled students and to the siblings of enrolled students residing in the same household or other children residing in the same household as enrolled students for the convenience of parents, guardians, or custodians of those children.

(e) A school district chosen by a student's parent under Section 29.201 may not charge the student tuition.

(f) The school district in which a student resides shall provide each student attending a school in another district under this subchapter transportation free of charge to and from the school the student would otherwise attend.

(2) use the results of those programs to inform the governor, legislature, and commissioner concerning methods for transforming public education and higher education in this state by improving student learning and career preparedness.

(c) To apply to participate in the program, a school district, public institution of higher education, or private or independent institution of higher education must use the form and apply in the time and manner established by commissioner rule. (a) The agency shall develop and administer a comprehensive statewide plan for the education of children with visual impairments who are under 21 years of age that will ensure that the children have an opportunity for achievement equal to the opportunities afforded their peers with normal vision.

(b) The agency shall:

(1) develop standards and guidelines for all special education services for children with visual impairments that it is authorized to provide or support under this code;

(2) supervise regional education service centers and other entities in assisting school districts in serving children with visual impairments more effectively;

(3) develop and administer special education services for students with both serious visual and auditory impairments;

(c) The comprehensive statewide plan for the education of children with visual impairments must:

(1) adequately provide for comprehensive diagnosis and evaluation of each school-age child with a serious visual impairment;

(2) include the procedures, format, and content of the individualized education program for each child with a visual impairment;

(3) emphasize providing educational services to children with visual impairments in their home communities whenever possible;

(4) include methods to ensure that children with visual impairments receiving special education services in school districts receive, before being placed in a classroom setting or within a reasonable time after placement:

(A) evaluation of the impairment; and

(B) instruction in an expanded core curriculum, which is required for students with visual impairments to succeed in classroom settings and to derive lasting, practical benefits from the education provided by school districts, including instruction in:

(i) compensatory skills, such as braille and concept development, and other skills needed to access the rest of the curriculum;

(ii) orientation and mobility;

(iii) social interaction skills;

(iv) career planning;

(v) assistive technology, including optical devices;

(vi) independent living skills;

(vii) recreation and leisure enjoyment;

(E) other instructional and service arrangements approved by the agency;

(6) include a statewide admission, review, and dismissal process;

(7) provide for effective interaction between the visually impaired child's classroom setting and the child's home environment, including providing for parental training and counseling either by school district staff or by representatives of other organizations directly involved in the development and implementation of the individualized education program for the child;

(8) require the continuing education and professional development of school district staff providing special education services to children with visual impairments;

(9) provide for adequate monitoring and precise evaluation of special education services provided

to children with visual impairments through school districts; and

(10) require that school districts providing special education services to children with visual impairments develop procedures for assuring that staff assigned to work with the children have prompt and effective access directly to resources available through:

(A) cooperating agencies in the area;

(B) the Texas School for the Blind and Visually Impaired;

(C) the Central Media Depository for specialized instructional materials and aids made specifically for use by students with visual impairments;

(D) sheltered workshops participating in the state program of purchases of blind-made goods and services; and

(E) related sources.

(c-1) To implement Subsection (c)(1) and to determine a child's eligibility for a school district's special education program on the basis of a visual impairment, the full individual and initial evaluation of the student required by Section 29.004 must, in accordance with commissioner rule:

(1) include an orientation and mobility evaluation conducted:

(A) by a person who is appropriately certified as an orientation and mobility specialist, as determined under commissioner rule; and

(B) in a variety of lighting conditions and in a variety of settings, including in the student's home, school, and community and in settings unfamiliar to the student; and

(2) provide for a person who is appropriately certified as an orientation and mobility specialist to participate, as part of a multidisciplinary team, in evaluating data on which the determination of the child's eligibility is based.

(c-2) The scope of any reevaluation by a school district of a student who has been determined, after the full individual and initial evaluation, to be eligible for the district's special education program on the basis of a visual impairment shall be determined, in accordance with 34 C.F.R. Sections 300.122 and 300.303 through 300.311, by a multidisciplinary team that includes, as provided by commissioner rule, a person described by Subsection (c-1)(1)(A).

(d) In developing, administering, and coordinating the statewide plan, the agency shall encourage the use of all pertinent resources, whether those resources exist in special education programs or in closely related programs operated by other public or private agencies, through encouraging the development of shared services arrangement working relationships and by assisting in the development of contractual arrangements between school districts and other organizations. The agency shall discourage interagency competition, overlap, and duplication in the development of specialized resources and the delivery of services.

(e) Each eligible blind or visually impaired student is entitled to receive educational programs according to an individualized education program that:

(1) is developed in accordance with federal and state requirements for providing special education services;

(2) is developed by a committee composed as required by federal law;

(3) reflects that the student has been provided a detailed explanation of the various service resources available to the student in the community and throughout the state;

(4) provides a detailed description of the arrangements made to provide the student with the evaluation and instruction required under Subsection (c)(4); and

(5) sets forth the plans and arrangements made for contacts with and continuing services to the student beyond regular school hours to ensure the student learns the skills and receives the instruction required under Subsection (c)(4)(B).

(f) In the development of the individualized education program for a functionally blind student, proficiency in braille reading and writing is presumed to be essential for the student's satisfactory educational progress. Each functionally blind student is entitled to braille reading and writing instruction that is sufficient to enable the student to communicate with the same level of proficiency as other students of comparable ability who are at the same grade level. Braille instruction may be used in combination with other special education services appropriate to the student's educational needs. The assessment of each functionally blind student for the purpose of developing the student's individualized education program must include documentation of the student's strengths and weaknesses in braille skills. Each person assisting in the development of a functionally blind student's individualized education program shall receive information describing the benefits of braille instruction. Each functionally blind student's individualized education program must specify the appropriate learning medium based on the assessment report and ensure that instruction in braille will be provided by a teacher certified to teach students with visual impairments. For purposes of this subsection, the agency shall determine the criteria for a student to be classified as functionally blind.

(g) To facilitate implementation of this section, the commissioner shall develop a system to distribute from the foundation school fund to school districts or regional education service centers a special supplemental allowance for each student with a visual impairment and for each student with a serious visual disability and another medically diagnosed disability of a significantly limiting nature who is receiving special education services through any approved program. The supplemental allowance may be spent only for special services uniquely required by the nature of the student's disabilities and may not be used in lieu of educational funds otherwise available under this code or through state or local appropriations.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2013, 83rd Leg., ch. 505 (S.B. 39), § 1, effective June 14, 2013; am. Acts 2013, 83rd Leg., ch. 637 (H.B. 590), § 1, effective September 1, 2013.)

STATUTORY NOTES

Applicability. — Acts 2013, 83rd Leg., ch. 505 (S.B. 39), § 2 provides: "Subsection (e), Section 30.002, Education Code, as amended by this Act, applies beginning with the 2013-2014 school year."

Sec. 30.003. Support of Students Enrolled in Texas School for the Blind and Visually Impaired or Texas School for the Deaf.

(a) For each student enrolled in the Texas School for the Blind and Visually Impaired or the Texas School for the Deaf, the school district that is responsible for providing appropriate special education services to the student shall share the cost of the student's education as provided by this section.

(b) If the student is admitted to the school for a full-time program for the equivalent of two long semesters, the district's share of the cost is an amount equal to the dollar amount of maintenance and debt service taxes imposed by the district for that year divided by the district's average daily attendance for the preceding year.

(c) If the student is admitted for a program less than two complete semesters in duration, other than a summer program, the district's share of the cost is an amount equal to the amount that would be the district's share under Subsection (b) for a full-time program multiplied by the quotient resulting from the number of full-time equivalent days in the program divided by the minimum number of days of instruction for students as provided by Section 25.081.

(d) Each school district and state institution shall provide to the commissioner the necessary information to determine the district's share under this section. The information must be reported to the commissioner on or before a date set by rule of the State Board of Education. After determining the amount of a district's share for all students for which the district is responsible, the commissioner shall deduct that amount from the payments of foundation school funds payable to the district. Each deduction shall be in the same percentage of the total amount of the district's share as the percentage of the total foundation school fund entitlement being paid to the district at the time of the deduction, except that the amount of any deduction may be modified to make necessary adjustments or to correct errors. The commissioner shall provide for remitting the amount deducted to the appropriate school at the same time at which the remaining funds are distributed to the district. If a district does not receive foundation school funds or if a district's foundation school entitlement is less than the amount of the district's share under this section, the commissioner shall direct the district to remit payment to the commissioner, and the commissioner shall remit the district's share to the appropriate school.

(e) For each student enrolled in the Texas School for the Blind and Visually Impaired or the Texas School for the Deaf, the appropriate school is entitled to the state available school fund apportionment.

(f) The commissioner, with the assistance of the comptroller, shall determine the amount that the Texas School for the Blind and Visually Impaired and the Texas School for the Deaf would have received from the available school fund if Chapter 28, Acts of the 68th Legislature, 2nd Called Session, 1984, had not transferred statutorily dedicated taxes from the available school fund to the foundation school fund. That amount, minus any amount the schools do receive from the available school fund, shall be set apart as a separate account in the foundation school fund and appropriated to those schools for educational purposes.

(f-1) The commissioner shall determine the total amount that the Texas School for the Blind and Visually Impaired and the Texas School for the Deaf would have received from school districts in accordance with this section if H.B. No. 1, Acts of the 79th Legislature, 3rd Called Session, 2006, had not reduced the districts' share of the cost of providing education services. That amount, minus any amount the schools do receive from school districts, shall be set aside as a separate account in the foundation school fund and appropriated to those schools for educational purposes.

(g) The State Board of Education may adopt rules as necessary to implement this section.

(h) [Expired pursuant to Acts 1997, 75th Leg., ch. 1071 (S.B. 1873), § 6, effective September 1, 1999.] (Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1997, 75th Leg., ch. 1071 (S.B. 1873), § 6, effective September 1, 1997; am. Acts 2006, 79th Leg., 3rd C.S., ch. 5 (H.B. 1), § 1.10, effective May 31, 2006.)

Sec. 30.004. Information Concerning Programs.

(a) Each school district shall provide each parent or other person having lawful control of a student with written information about:

(1) the availability of programs offered by state institutions for which the district's students may be eligible;

(2) the eligibility requirements and admission conditions imposed by each of those state institutions; and

(3) the rights of students in regard to admission to those state institutions and in regard to appeal of admission decisions.

(b) The State Board of Education shall adopt rules prescribing the form and content of information required by Subsection (a).

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 30.005. Texas School for the Blind and Visually Impaired Memorandum of Understanding.

The Texas Education Agency and the Texas School for the Blind and Visually Impaired shall develop, agree to, and by commissioner rule adopt a memorandum of understanding to establish:

(1) the method for developing and reevaluating a set of indicators of the quality of learning at the Texas School for the Blind and Visually Impaired;

(2) the process for the agency to conduct and report on an annual evaluation of the school's performance on the indicators;

(3) the requirements for the school's board to publish, discuss, and disseminate an annual report describing the educational performance of the school;

(4) the process for the agency to:

(A) assign an accreditation status to the school;

(B) reevaluate the status on an annual basis; and

(C) if necessary, make on-site accreditation investigations; and

(5) the type of information the school shall be required to provide through the Public Education Information Management System (PEIMS).

(Enacted by Acts 1997, 75th Leg., ch. 1341 (S.B. 1919), § 5, effective September 1, 1997; am. Acts 2005, 79th Leg., ch. 679 (S.B. 188), § 1, effective June 17, 2005.)

SUBCHAPTER B
TEXAS SCHOOL FOR THE BLIND AND VISUALLY IMPAIRED

Sec. 30.021. Purpose of Texas School for the Blind and Visually Impaired.

(a) The Texas School for the Blind and Visually Impaired is a state agency established to serve as a special school in the continuum of statewide alternative placements for students who are 21 years of age or younger on September 1 of any school year and who have a visual impairment and who may have one or more other disabilities. The school is intended to serve students who require specialized or intensive educational or related services related to the visual impairment. The school is not intended to serve:

(1) students whose needs are appropriately addressed in a home or hospital setting or in a residential treatment facility; or

(2) students whose primary, ongoing needs are related to a severe or profound emotional, behavioral, or cognitive deficit.

(b) The school district in which a student resides is responsible for assuring that a free appropriate public education is provided to each district student placed in the regular school year program of the school and that all legally required meetings for the purpose of developing and reviewing the student's individualized educational program are conducted. If the school disagrees with a district's individualized education program committee recommendation that a student be evaluated for placement, initially placed, or continued to be placed at the school, the district or the school may seek resolution according to a procedure established by the commissioner or through any due process hearing to which the district or school is entitled under the Individuals with Disabilities Education Act (20 U.S.C. Section 1400 et seq.).

(c) The school shall conduct supplemental programs, such as summer programs and student exchange programs, and shall consider information from sources throughout the state regarding the nature of those programs and students to be served.

(d) The school shall provide statewide services to parents of students with visual impairments, school districts, regional education service centers, and other agencies serving students with visual impairments, including students who have one or more

disabilities in addition to the visual impairment, such as students who are deaf-blind. Those services must include:

(1) developing and providing local, regional, and statewide training for parents of students with visual impairments and professionals who work with persons with visual impairments;

(2) providing consultation and technical assistance to parents and professionals related to special education and related services for students;

(3) developing and disseminating reference materials including materials in the areas of curriculum, instructional methodology, and educational technology;

(4) providing information related to library resources, adapted materials, current research, technology resources, and teaching, assessment, and transition of students with visual impairments;

(5) operating programs for lending educational and technological materials to school districts and regional education service centers; and

(6) facilitating the preparation of teachers for visually impaired students by providing assistance to colleges and universities as well as other teacher preparation programs.

(e) The school shall cooperate with public and private agencies and organizations serving students and other persons with visual impairments in the planning, development, and implementation of effective educational and rehabilitative service delivery systems associated with educating students with visual impairments. To maximize and make efficient use of state facilities, funding, and resources, the services provided in this area may include conducting a cooperative program with other agencies to serve students who have graduated from high school by completing all academic requirements applicable to students in regular education, excluding satisfactory performance under Section 39.025, who are younger than 22 years of age on September 1 of the school year and who have identified needs related to vocational training, independent living skills, orientation and mobility, social and leisure skills, compensatory skills, or remedial academic skills.

(f) The school may operate an on-campus canteen to offer food service at mealtimes and during other times of the day.

(g) If a school district or another educational entity requests an assessment of a student's educational or related needs related to visual impairment, the school may conduct an assessment and charge a reasonable fee for the assessment.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1997, 75th Leg., ch. 1341 (S.B. 1919), § 1, effective September 1, 1997; am. Acts 2005, 79th Leg., ch. 680 (S.B. 189), § 1, effective June 17, 2005; am. Acts 2007, 80th Leg., ch. 1312 (S.B. 1031), § 6, effective September 1, 2007.)

Sec. 30.022. Governance of the Texas School for the Blind and Visually Impaired.

(a) The Texas School for the Blind and Visually Impaired is governed by a nine-member board appointed by the governor in accordance with this section and confirmed by the senate. A person may not serve simultaneously on the school's governing board and the board of the Texas Commission for the Blind. The board shall be composed of:

(1) three members who are blind or visually impaired, at least one of whom has received educational services related to the blindness or visual impairment;

(2) three members who are working or have worked as professionals in the field of delivering services to persons who are blind or visually impaired; and

(3) three members, each of whom is the parent of a child who is blind or visually impaired, and at least one of whom is the parent of a child who, at the time of the parent's appointment, is receiving educational services related to the blindness or visual impairment.

(b) Members of the board serve for terms of six years, with the terms of three members expiring on January 31 of each odd-numbered year.

(c) Members of the board serve without salary but are entitled to reimbursement for actual and necessary expenses incurred in carrying out official duties.

(d) The board shall organize and conduct itself in the same manner as an independent school district board of trustees to the extent that the organization and conduct do not conflict with the board's responsibilities relating to the status of the school as a state agency.

(e) The board shall prepare or provide for preparation of a biennial budget request for the school for presentation to the legislature.

(f) Before the beginning of each fiscal year, the board shall adopt a calendar for the school's operation that provides for at least:

(b) The director of services may establish separate programs to accommodate diverse communication methodologies.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 30.102. Allocation.

(b-1) [Expired pursuant to Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective January 1, 1997.]

(c) The commissioner, with the assistance of the comptroller, shall determine the amount that the commission would have received from the available school fund if Chapter 28, Acts of the 68th Legislature, 2nd Called Session, 1984, had not transferred statutorily dedicated taxes from the available school fund to the foundation school fund. That amount, minus any amount the schools do receive from the available school fund, shall be set apart as a separate account in the foundation school fund and appropriated to the commission for educational purposes.

Sec. 30.103. Memorandum of Understanding.

The Texas Youth Commission with the assistance of the Texas Workforce Commission and the Texas Workforce Investment Council shall by rule adopt a memorandum of understanding that establishes the respective responsibility of those entities to provide through local workforce development boards job training and employment assistance programs to children committed or formerly sentenced to the Texas Youth Commission. (b) To improve the reading skills of students in Texas Youth Commission educational programs, the commission shall:

(4) require each teacher in a commission regular or special educational program who teaches English language arts, reading, mathematics, science, social studies, or career and technology education to be trained in incorporating content area reading instruction using empirically validated instructional methods that are appropriate for struggling adolescent readers; and

(5) evaluate the effectiveness of the commission's plan to increase reading skills according to the following criteria:

(A) an adequate rate of improvement in reading performance, as measured by monthly progress monitoring using curricular-based assessments in each of the essential components of effective reading instruction, including phonemic awareness, phonics, fluency, vocabulary, and comprehension;

(B) a significant annual rate of improvement in reading performance, disaggregated by subgroups designated under commission rule, as measured using the battery of reading assessments adopted under Subdivision (1); and

(C) student ratings of the quality and impact of the reading plan under this subsection, as measured on a student self-reporting instrument.

(c) To increase the positive social behaviors of students in Texas Youth Commission educational programs and to create an educational environment that facilitates learning, the commission shall:

(1) adopt system-wide classroom and individual positive behavior supports that incorporate a continuum of prevention and intervention strategies that:

(A) are based on current behavioral research; and

(C) validated measurement of systemic positive behavioral support interventions; and

(D) the number of minutes students are out of the regular classroom because of disciplinary reasons.

(d) The Texas Youth Commission shall consult with faculty from institutions of higher education who have expertise in reading instruction for adolescents, in juvenile corrections, and in positive behavior supports to develop and implement the plan under Subsections (b) and (c).

(e) A student in a Texas Youth Commission educational program may not be released on parole from the commission unless the student participates, to the extent required by commission rule, in the positive behavior support system under Subsection (c). A student in a commission educational program who exhibits deficits in reading on the assessments adopted under Subsection (b)(1) must also participate in reading instruction to the extent required by this section and by commission rule before the student may be released on parole.

The agreement may not require a school district or open-enrollment charter school to pay the provider the full amount until the student has successfully completed the electronic course, and the full amount may not exceed the limits specified by Section 30A.105(b).

(c) A school district or open-enrollment charter school shall use the standard agreement adopted under Subsection (b) unless:

(1) the district or school requests from the commissioner permission to modify the standard agreement; and

The commissioner shall adopt rules regarding the documentation a school district must submit to receive funds under this subsection.

(d) Money deposited in a school district's instructional materials account during each state fiscal biennium remains in the account and available for use by the district for the entire biennium. At the end of each biennium, a district with unused money in the district's account may carry forward any remaining balance to the next biennium.

(b) The commissioner may allow a school district or open-enrollment charter school to place an order for instructional materials before the beginning of a fiscal year and to receive instructional materials before payment. The commissioner shall limit the cost of an order placed under this section to 80 percent of the estimated amount to which a school district or open-enrollment charter school is estimated to be entitled as provided by Subsection (a) and shall first credit any balance in a district or charter school instructional materials account to pay for an order placed under this section.

(c) The commissioner shall make payments for orders placed under this section as funds become available to the instructional materials fund and shall prioritize payment of orders placed under this section over reimbursement of purchases made directly by a school district or open-enrollment charter school.

(f) The board shall amend any request for production issued for the purchase of instructional materials to conform to the instructional materials funding levels provided by the General Appropriations Act for the year of implementation.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 2007, 80th Leg., ch. 445 (H.B. 188), § 2, effective June 15, 2007; am. SUBCHAPTER D
EXTRACURRICULAR ACTIVITIES

Sec. 33.081. Extracurricular Activities.

(a) The State Board of Education by rule shall limit participation in and practice for extracurricular activities during the school day and the school week. The rules must, to the extent possible, preserve the school day for academic activities without interruption for extracurricular activities. In scheduling those activities and practices, a school district must comply with the rules of the board.

(b) A student enrolled in a school district in this state or who participates in an extracurricular activity or a University Interscholastic League competition is subject to school district policy and University Interscholastic League rules regarding participation only when the student is under the direct supervision of an employee of the school or district in which the student is enrolled or at any other time specified by resolution of the board of trustees of the district.

(c) A student who is enrolled in a school district in this state or who participates in a University Interscholastic League competition shall be suspended from participation in any extracurricular activity sponsored or sanctioned by the school district or the University Interscholastic League after a grade evaluation period in which the student received a grade lower than the equivalent of 70 on a scale of 100 in any academic class other than a course described by Subsection (d-1). A suspension continues for at least three school weeks and is not removed during the school year until the conditions of Subsection (d) are met. A suspension does not last beyond the end of a school year. For purposes of this subsection, "grade evaluation period" means:

(1) the six-week grade reporting period; or

(2) the first six weeks of a semester and each grade reporting period thereafter, in the case of a district with a grade reporting period longer than six weeks.

(d) Until the suspension is removed under this subsection or the school year ends, a school district shall review the grades of a student suspended under Subsection (c) at the end of each three-week period following the date on which the suspension began. At the time of a review, the suspension is removed if the student's grade in each class, other than a course described by Subsection (d-1), is equal to or greater than the equivalent of 70 on a scale of 100. The principal and each of the student's teachers shall make the determination concerning the student's grades.

(d-1) Subsections (c) and (d) do not apply to an advanced placement or international baccalaureate course, or to an honors or dual credit course in the subject areas of English language arts, mathematics, science, social studies, economics, or a language other than English. The agency shall review on a biennial basis courses described by this subsection to determine if other courses should be excluded from the requirement that a student be suspended from participation in an extracurricular activity under Subsection (c). Not later than January 1 of each odd-numbered year, the agency shall report the findings under this subsection to the legislature.

(e) Suspension of a student with a disability that significantly interferes with the student's ability to meet regular academic standards must be based on the student's failure to meet the requirements of the

student's individualized education program. The determination of whether a disability significantly interferes with a student's ability to meet regular academic standards must be made by the student's admission, review, and dismissal committee. For purposes of this subsection, "student with a disability" means a student who is eligible for a district's special education program under Section 29.003(b).

(f) A student suspended under this section may practice or rehearse with other students for an extracurricular activity but may not participate in a competition or other public performance.

(g) An appeal to the commissioner is not a contested case under Chapter 2001, Government Code, if the issues presented relate to a student's eligibility to participate in extracurricular activities, including issues related to the student's grades or the school district's grading policy as applied to the student's eligibility. The commissioner may delegate the matter for decision to a person the commissioner designates. The decision of the commissioner or the commissioner's designee in a matter governed by this subsection may not be appealed except on the grounds that the decision is arbitrary or capricious. Evidence may not be introduced on appeal other than the record of the evidence before the commissioner.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1999, 76th Leg., ch. 1482 (H.B. 3573), § 2, effective September 1, 1999; am. Acts 2007, 80th Leg., ch. 1327 (S.B. 1517), § 1, effective June 15, 2007.)

Sec. 33.0811. School District Policy on Absences to Participate in Extracurricular Activities.

(a) Notwithstanding Section 33.081(a), the board of trustees of a school district may adopt a policy establishing the number of times a student who is otherwise eligible to participate in an extracurricular activity under Section 33.081 may be absent from class to participate in an extracurricular activity sponsored or sanctioned by the district or the University Interscholastic League or by an organization sanctioned by resolution of the board of trustees of the district.

(b) A policy adopted by the board of trustees of a district under this section:

(1) prevails over a conflicting policy adopted under Section 33.081(a); and

(2) must permit a student to be absent from class at least 10 times during the school year.

(Enacted by Acts 1999, 76th Leg., ch. 1482 (H.B. 3573), § 3, effective June 19, 1999.)

(a) The State Board of Education by rule shall prohibit participation in a University Interscholastic League area, regional, or state competition:

(1) on Monday through Thursday of the school week in which the primary administration of assessment instruments under Section 39.023(a), (c), or (*l*) occurs; or

(2) if the primary administration of the assessment instruments is completed before Thursday of the school week, beginning on Monday and ending on the last school day on which the assessment instruments are administered.

(b) The commissioner shall determine the school week during the school year in which the primary administration of assessment instruments occurs for purposes of Subsection (a).

(c) The commissioner shall adopt rules to provide the University Interscholastic League with a periodic calendar of dates reserved for testing for planning purposes under this section. The periodic calendar must be provided at least every three years on or before May 1 of the year preceding the three-year cycle of reserved testing dates.

(d) In adopting rules under this section, the commissioner shall:

(1) include a procedure for changing, in exceptional circumstances, testing dates reserved under the periodic calendar;

(2) define circumstances that constitute exceptional circumstances under Subdivision (1) as unforeseen events, including a natural disaster, severe weather, fire, explosion, or similar circumstances beyond the control of school districts or the agency; and

(3) establish criteria for determining whether a University Interscholastic League area, regional, or state competition must be canceled if that event conflicts with a changed testing date.

(e) This section does not apply to testing dates on which assessment instruments are administered only to students retaking assessment instruments.

(Enacted by Acts 2005, 79th Leg., ch. 812 (S.B. 658), § 1, effective June 17, 2005.)

Sec. 33.082. Extracurricular Activities; Use of Discriminatory Athletic Club.

(a) An extracurricular activity sponsored or sanctioned by a school district, including an athletic event or an athletic team practice, may not take place at an athletic club located in the United States that denies any person full and equal enjoyment of equipment or facilities provided by the athletic club because of the race, color, religion, creed, national origin, or sex of the person.

(b) In this section, "athletic club" means an entity that provides sports or exercise equipment or facilities to its customers or members or to the guests of its customers or members.
(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.)

Sec. 33.083. Interscholastic Leagues.

(a) The rules and procedures of an organization sanctioning or conducting interscholastic competition, including rules providing penalties for rules violations by school district personnel, must be consistent with State Board of Education rules.

(b) The University Interscholastic League is a part of The University of Texas at Austin and must submit its rules and procedures to the commissioner for approval or disapproval. The funds belonging to the University Interscholastic League shall be deposited with The University of Texas at Austin for the benefit of the league and shall be subject to audits by The University of Texas at Austin, The University of Texas System, and the state auditor. Copies of annual audits shall be furnished, on request, to members of the legislature.

(c) The State Board of Education may seek an injunction to enforce this section.

(d) The University Interscholastic League shall file annually with the governor and the presiding officer of each house of the legislature a complete and detailed written report accounting for all funds received and disbursed by the University Interscholastic League during the preceding fiscal year. The form of the annual report and the reporting time are as provided by the General Appropriations Act.

(e) **[Expires September 1, 2015]** The University Interscholastic League is subject to review under Chapter 325, Government Code (Texas Sunset Act), but is not abolished under that chapter. The University Interscholastic League shall be reviewed during the period in which state agencies abolished in 2015 are reviewed. The University Interscholastic League shall pay the costs incurred by the Sunset Advisory Commission in performing the review under this subsection. The Sunset Advisory Commission shall determine the costs of the review performed under this subsection, and the University Interscholastic League shall pay the amount of those costs promptly on receipt of a statement from the Sunset Advisory Commission regarding those costs. This subsection expires September 1, 2015.

Sec. 33.0831. University Interscholastic League Rules: Fiscal Impact Statement.

(a) The legislative council of the University Interscholastic League may not take final action on a new or amended rule that would result in additional costs for a member school unless a fiscal impact statement regarding the rule has been completed in accordance with this section.

(b) For purposes of Subsection (a), final action by the legislative council means:

(1) submitting a rule to school superintendents, if the submission is required under the legislative council's procedures; or

(2) submitting a rule approved by the council to the commissioner for the commissioner's approval under Section 33.083(b), if the rule does not require submission to school superintendents under the legislative council's procedures.

(c) A fiscal impact statement regarding a rule must include:

(1) a projection of the costs to member schools of complying with the rule during the five-year period following the effective date of the rule; and

(2) an explanation of the methodology used to analyze the fiscal impact of the rule and determine the costs projection required by Subdivision (1).

(d) If a fiscal impact statement is prepared for a rule, a copy of the statement must be attached to the rule when it is submitted for approval to school superintendents, if applicable, and when it is submitted to the commissioner for approval.

The term includes a referee, umpire, linesman, judge, or any other person similarly involved in supervising competitive play. The term does not include a league board member or a league official who is acting in an official capacity to supervise, administer, or enforce the league constitution or league contest rules.

The State Board of Education by rule shall establish guidelines and objectives that the agency shall use in making evaluations for funding determination purposes. A school district is not entitled to administrative or judicial review of

the agency's funding determination, except to the extent that the State Board of Education by rule provides for administrative review.

A school district shall use state funds awarded under this section to benefit educationally disadvantaged children before using those funds for the care of other children.

(i) A school district may not use funds awarded under this section for student transportation unless that transportation is incident to an activity related to the curriculum of the child care program.

(j) A school district may use funds awarded under this section to contract with a private entity for providing child care services. Each of those entities shall adhere to the requirements of this section. A contract under this subsection is not effective until approved by the agency. The agency shall review each contract to ensure that the services to be delivered comply with this section. Each contract shall be awarded without regard to the race or gender of the contracting party, notwithstanding any other law.

(k) Each school district receiving funds under this section shall adopt minimum training and skills requirements that each individual providing child care or staff assistance for a district program under this section must satisfy. The agency shall determine whether those minimum requirements fulfill the aims and policies of this section and shall suspend the payment of funds to any district whose minimum requirements fail to fulfill the aims and policies of this section. (e) In determining whether there is a reasonable belief that a student has engaged in conduct defined as a felony offense by the Penal Code, the superintendent or the superintendent's designee may consider all available information, including the information furnished under Article 15.27, Code of Criminal Procedure.

(f) Subject to Section 37.007(e), a student who is younger than 10 years of age shall be removed from class and placed in a disciplinary alternative education program under Section 37.008 if the student engages in conduct described by Section 37.007. An elementary school student may not be placed in a disciplinary alternative education program with any other student who is not an elementary school student.

(g) The terms of a placement under this section must prohibit the student from attending or participating in a school-sponsored or school-related activity.

(h) On receipt of notice under Article 15.27(g), Code of Criminal Procedure, the superintendent or the superintendent's designee shall review the student's placement in the disciplinary alternative education program. The student may not be returned to the regular classroom pending the review. The superintendent or the superintendent's designee shall schedule a review of the student's placement with the student's parent or guardian not later than the third class day after the superintendent or superintendent's designee receives notice from the office or official designated by the court. After reviewing the notice and receiving information from the student's parent or guardian, the superintendent or the superintendent's designee may continue the student's placement in the disciplinary alternative education program if there is reason to believe that the presence of the student in the regular

classroom threatens the safety of other students or teachers.

(i) The student or the student's parent or guardian may appeal the superintendent's decision under Subsection (h) to the board of trustees. The student may not be returned to the regular classroom pending the appeal. The board shall, at the next scheduled meeting, review the notice provided under Article 15.27(g), Code of Criminal Procedure, and receive information from the student, the student's parent or guardian, and the superintendent or superintendent's designee and confirm or reverse the decision under Subsection (h). The board shall make a record of the proceedings. If the board confirms the decision of the superintendent or superintendent's designee, the board shall inform the student and the student's parent or guardian of the right to appeal to the commissioner under Subsection (j).

(j) Notwithstanding Section 7.057(e), the decision of the board of trustees under Subsection (i) may be appealed to the commissioner as provided by Sections 7.057(b), (c), (d), and (f). The student may not be returned to the regular classroom pending the appeal.

(k) Subsections (h), (i), and (j) do not apply to placements made in accordance with Subsection (a).

(*l*) Notwithstanding any other provision of this code, other than Section 37.007(e)(2), a student who is younger than six years of age may not be removed from class and placed in a disciplinary alternative education program.

(m) Removal to a disciplinary alternative education program under Subsection (a) is not required if the student is expelled under Section 37.007 for the same conduct for which removal would be required.

(n) A principal or other appropriate administrator may but is not required to remove a student to a disciplinary alternative education program for off-campus conduct for which removal is required under this section if the principal or other appropriate administrator does not have knowledge of the conduct before the first anniversary of the date the conduct occurred.

(o) In addition to any notice required under Article 15.27, Code of Criminal Procedure, a principal or a principal's designee shall inform each educator who has responsibility for, or is under the direction and supervision of an educator who has responsibility for, the instruction of a student who has engaged in any violation listed in this section of the student's misconduct. Each educator shall keep the information received under this subsection confidential from any person not entitled to the information under this subsection, except that the educator may share the information with the student's parent or guardian as provided for by state or federal law. The State Board for Educator Certification may revoke or suspend the certification of an educator who intentionally violates this subsection.

(1) a different campus;

(2) a school-community guidance center; or

(3) a community-based alternative school.

(d) A school district may provide a disciplinary alternative education program jointly with one or more other districts.

(e) Each school district shall cooperate with government agencies and community organizations that provide services in the district to students placed in a disciplinary alternative education program.

(f) A student removed to a disciplinary alternative education program is counted in computing the average daily attendance of students in the district for the student's time in actual attendance in the program.

(g) A school district shall allocate to a disciplinary alternative education program the same expenditure per student attending the disciplinary alternative education program, including federal, state, and local funds, that would be allocated to the student's school if the student were attending the student's regularly assigned education program, including a special education program.

(h) A school district may not place a student, other than a student suspended as provided under Section 37.005 or expelled as provided under Section 37.007, in an unsupervised setting as a result of conduct for which a student may be placed in a disciplinary alternative education program.

(i) On request of a school district, a regional education service center may provide to the district information on developing a disciplinary alternative education program that takes into consideration the district's size, wealth, and existing facilities in determining the program best suited to the district.

(j) If a student placed in a disciplinary alternative education program enrolls in another school district before the expiration of the period of placement, the board of trustees of the district requiring the placement shall provide to the district in which the student enrolls, at the same time other records of the student are provided, a copy of the placement order. The district in which the student enrolls shall inform each educator who will have responsibility for, or will be under the direction and supervision of an educator who will have responsibility for, the instruction of the student of the contents of the placement order. Each educator shall keep the information received under this subsection confidential from any person not entitled to the information under this subsection, except that the educator may share the information with the student's parent or guardian as provided for by state or federal law. The district in which the student enrolls may continue the disciplinary alternative education program placement under the terms of the order or may allow the student to attend regular classes without completing the period of placement. A district may take any action permitted by this subsection if:

(1) the student was placed in a disciplinary alternative education program by an open-enrollment charter school under Section 12.131 and the charter school provides to the district a copy of the placement order; or

(2) extended placement is in the best interest of the student.

(k) A program of educational and support services may be provided to a student and the student's parents when the offense involves drugs or alcohol as specified under Section 37.006 or 37.007. A disciplinary alternative education program that provides chemical dependency treatment services must be licensed under Chapter 464, Health and Safety Code.

The school district may provide the student an opportunity to complete coursework through any method available, including a correspondence course, distance learning, or summer school. The district may not charge the student for a course provided under this subsection.

(*l*-1) A school district shall provide the parents of a student removed to a disciplinary alternative

education program with written notice of the district's obligation under Subsection (*l*) to provide the student with an opportunity to complete coursework required for graduation. The notice must:

(1) include information regarding all methods available for completing the coursework; and

(2) state that the methods are available at no cost to the student.

(m) The commissioner shall adopt rules necessary to evaluate annually the performance of each district's disciplinary alternative education program established under this subchapter. The evaluation required by this section shall be based on indicators defined by the commissioner, but must include student performance on assessment instruments required under Sections 39.023(a) and (c). Academically, the mission of disciplinary alternative education programs shall be to enable students to perform at grade level.

(m-1) The commissioner shall develop a process for evaluating a school district disciplinary alternative education program electronically. The commissioner shall also develop a system and standards for review of the evaluation or use systems already available at the agency. The system must be designed to identify districts that are at high risk of having inaccurate disciplinary alternative education program data or of failing to comply with disciplinary alternative education program requirements. The commissioner shall notify the board of trustees of a district of any objection the commissioner has to the district's disciplinary alternative education program data or of a violation of a law or rule revealed by the data, including any violation of disciplinary alternative education program requirements, or of any recommendation by the commissioner concerning the data. If the data reflect that a penal law has been violated, the commissioner shall notify the county attorney, district attorney, or criminal district attorney, as appropriate, and the attorney general. The commissioner is entitled to access to all district records the commissioner considers necessary or appropriate for the review, analysis, or approval of disciplinary alternative education program data.

(E) has received probation or deferred adjudication for a felony offense under Title 5, Penal Code, or the felony offense of aggravated robbery under Section 29.03, Penal Code;

(F) has been convicted of a felony offense under Title 5, Penal Code, or the felony offense of aggravated robbery under Section 29.03, Penal Code; or

(G) has been arrested for or charged with a felony offense under Title 5, Penal Code, or the felony offense of aggravated robbery under Section 29.03, Penal Code; and

(2) the board or the board's designee determines that the student's presence in the regular classroom:

(A) threatens the safety of other students or teachers;

(B) will be detrimental to the educational process; or

(C) is not in the best interests of the district's students.

(a-1) The student must be placed in:

(1) a juvenile justice alternative education program, if the school district is located in a county that operates a juvenile justice alternative education program or the school district contracts with the juvenile board of another county for the provision of a juvenile justice alternative education program; or

(2) a disciplinary alternative education program.

(b) Any decision of the board of trustees or the board's designee under this section is final and may not be appealed.

(c) The board of trustees or the board's designee may expel the student and order placement in accordance with this section regardless of:

(1) the date on which the student's conduct occurred;

(2) the location at which the conduct occurred;

(3) whether the conduct occurred while the student was enrolled in the district; or

(4) whether the student has successfully completed any court disposition requirements imposed in connection with the conduct.

(d) Notwithstanding Section 37.009(c) or (d) or any other provision of this subchapter, a student expelled and ordered placed in an alternative setting by the board of trustees or the board's designee is subject to that placement until:

(1) the student graduates from high school;

(2) the charges described by Subsection (a)(1) are dismissed or reduced to a misdemeanor offense; or

(3) the student completes the term of the placement or is assigned to another program.

(e) A student placed in an alternative setting in accordance with this section is entitled to the periodic review prescribed by Section 37.009(e).

(f) Subsection (d) continues to apply to the student if the student transfers to another school district in the state.

(g) The board of trustees shall reimburse a juvenile justice alternative education program in which a student is placed under this section for the actual cost incurred each day for the student while the student is enrolled in the program. For purposes of this subsection:

(1) the actual cost incurred each day for the student is determined by the juvenile board of the county operating the program; and

(2) the juvenile board shall determine the actual cost each day of the program based on the board's annual audit.

(h) To the extent of a conflict between this section and Section 37.007, Section 37.007 prevails.

STATUTORY NOTES

Applicability. — Acts 2011, 82nd Leg., ch. 948 (H.B. 968), § 5(a) provides: "Except as provided by Subsection (b) of this section, this Act applies beginning with the 2011-2012 school year."

Sec. 37.0082. Assessment of Academic Growth of Students in Disciplinary Alternative Education Programs.

(a) To assess a student's academic growth during placement in a disciplinary alternative education program, a school district shall administer to a student placed in a program for a period of 90 school days or longer an assessment instrument approved by the commissioner for that purpose. The instrument shall be administered:

(1) initially on placement of the student in the program; and

(2) subsequently on the date of the student's departure from the program, or as near that date as possible.

(b) The assessment instrument required by this section:

(1) must be designed to assess at least a student's basic skills in reading and mathematics;

(2) may be:

(A) comparable to any assessment instrument generally administered to students placed in juvenile justice alternative education programs for a similar purpose; or

(B) based on an appropriate alternative assessment instrument developed by the agency to measure student academic growth; and

(3) is in addition to the assessment instruments required to be administered under Chapter 39.

(c) The commissioner shall adopt rules necessary to implement this section.

(Enacted by Acts 2007, 80th Leg., ch. 1240 (H.B. 2532), § 2, effective June 15, 2007.)

Sec. 37.009. Conference; Hearing; Review.

(a) Not later than the third class day after the day on which a student is removed from class by the teacher under Section 37.002(b) or (d) or by the school principal or other appropriate administrator

under Section 37.001(a)(2) or 37.006, the principal or other appropriate administrator shall schedule a conference among the principal or other appropriate administrator, a parent or guardian of the student, the teacher removing the student from class, if any, and the student. At the conference, the student is entitled to written or oral notice of the reasons for the removal, an explanation of the basis for the removal, and an opportunity to respond to the reasons for the removal. The student may not be returned to the regular classroom pending the conference. Following the conference, and whether or not each requested person is in attendance after valid attempts to require the person's attendance, the principal shall order the placement of the student for a period consistent with the student code of conduct. If school district policy allows a student to appeal to the board of trustees or the board's designee a decision of the principal or other appropriate administrator, other than an expulsion under Section 37.007, the decision of the board or the board's designee is final and may not be appealed. If the period of the placement is inconsistent with the guidelines included in the student code of conduct under Section 37.001(a)(5), the order must give notice of the inconsistency. The period of the placement may not exceed one year unless, after a review, the district determines that:

(1) the student is a threat to the safety of other students or to district employees; or

(2) extended placement is in the best interest of the student.

(b) If a student's placement in a disciplinary alternative education program is to extend beyond 60 days or the end of the next grading period, whichever is earlier, a student's parent or guardian is entitled to notice of and an opportunity to participate in a proceeding before the board of trustees of the school district or the board's designee, as provided by policy of the board of trustees of the district. Any decision of the board or the board's designee under this subsection is final and may not be appealed.

(c) Before it may place a student in a disciplinary alternative education program for a period that extends beyond the end of the school year, the board or the board's designee must determine that:

(1) the student's presence in the regular classroom program or at the student's regular campus presents a danger of physical harm to the student or to another individual; or

(2) the student has engaged in serious or persistent misbehavior that violates the district's student code of conduct.

(d) The board or the board's designee shall set a term for a student's placement in a disciplinary alternative education program. If the period of the placement is inconsistent with the guidelines included in the student code of conduct under Section 37.001(a)(5), the order must give notice of the inconsistency. The period of the placement may not exceed one year unless, after a review, the district determines that:

(1) the student is a threat to the safety of other students or to district employees; or

(2) extended placement is in the best interest of the student.

(e) A student placed in a disciplinary alternative education program shall be provided a review of the student's status, including a review of the student's academic status, by the board's designee at intervals not to exceed 120 days. In the case of a high school student, the board's designee, with the student's parent or guardian, shall review the student's progress towards meeting high school graduation requirements and shall establish a specific graduation plan for the student. The district is not required under this subsection to provide a course in the district's disciplinary alternative education program except as required by Section 37.008(*l*). At the review, the student or the student's parent or guardian must be given the opportunity to present arguments for the student's return to the regular classroom or campus. The student may not be returned to the classroom of the teacher who removed the student without that teacher's consent. The teacher may not be coerced to consent.

(f) Before a student may be expelled under Section 37.007, the board or the board's designee must provide the student a hearing at which the student is afforded appropriate due process as required by the federal constitution and which the student's parent or guardian is invited, in writing, to attend. At the hearing, the student is entitled to be represented by the student's parent or guardian or another adult who can provide guidance to the student and who is not an employee of the school district. If the school district makes a good-faith effort to inform the student and the student's parent or guardian of the time and place of the hearing, the district may hold the hearing regardless of whether the student, the student's parent or guardian, or another adult representing the student attends. If the decision to expel a student is made by the board's designee, the decision may be appealed to the board. The decision of the board may be appealed by trial de novo to a district court of the county in which the school district's central administrative office is located.

(g) The board or the board's designee shall deliver to the student and the student's parent or guardian a copy of the order placing the student in a disciplin-

ary alternative education program under Section 37.001, 37.002, or 37.006 or expelling the student under Section 37.007.

(h) If the period of an expulsion is inconsistent with the guidelines included in the student code of conduct under Section 37.001(a)(5), the order must give notice of the inconsistency. The period of an expulsion may not exceed one year unless, after a review, the district determines that:

(1) the student is a threat to the safety of other students or to district employees; or

(2) extended placement is in the best interest of the student. After a school district notifies the parents or guardians of a student that the student has been expelled, the parent or guardian shall provide adequate supervision of the student during the period of expulsion.

(i) If a student withdraws from the district before an order for placement in a disciplinary alternative education program or expulsion is entered under this section, the principal or board, as appropriate, may complete the proceedings and enter an order. If the student subsequently enrolls in the district during the same or subsequent school year, the district may enforce the order at that time except for any period of the placement or expulsion that has been served by the student on enrollment in another district that honored the order. If the principal or board fails to enter an order after the student withdraws, the next district in which the student enrolls may complete the proceedings and enter an order.

(j) If, during the term of a placement or expulsion ordered under this section, a student engages in additional conduct for which placement in a disciplinary alternative education program or expulsion is required or permitted, additional proceedings may be conducted under this section regarding that conduct and the principal or board, as appropriate, may enter an additional order as a result of those proceedings.

(Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1997, 75th Leg., ch. 1015 (S.B. 133), § 7, effective June 19, 1997; am. Acts 2003, 78th Leg., ch. 1055 (H.B. 1314), § 13, effective June 20, 2003.)

Sec. 37.0091. Notice to Noncustodial Parent.

(a) A noncustodial parent may request in writing that a school district or school, for the remainder of the school year in which the request is received, provide that parent with a copy of any written notification relating to student misconduct under Section 37.006 or 37.007 that is generally provided by the district or school to a student's parent or guardian.

(b) A school district or school may not unreasonably deny a request authorized by Subsection (a).

(c) Notwithstanding any other provision of this section, a school district or school shall comply with any applicable court order of which the district or school has knowledge.

(Enacted by Acts 2003, 78th Leg., ch. 1055 (H.B. 1314), § 14, effective June 20, 2003.)

Sec. 37.010. Court Involvement.

(a) Not later than the second business day after the date a hearing is held under Section 37.009, the board of trustees of a school district or the board's designee shall deliver a copy of the order placing a student in a disciplinary alternative education program under Section 37.006 or expelling a student under Section 37.007 and any information required under Section 52.04, Family Code, to the authorized officer of the juvenile court in the county in which the student resides. In a county that operates a program under Section 37.011, an expelled student shall to the extent provided by law or by the memorandum of understanding immediately attend the educational program from the date of expulsion, except that in a county with a population greater than 125,000, every expelled student who is not detained or receiving treatment under an order of the juvenile court must be enrolled in an educational program.

(b) If a student is expelled under Section 37.007(c), the board or its designee shall refer the student to the authorized officer of the juvenile court for appropriate proceedings under Title 3, Family Code.

(c) Unless the juvenile board for the county in which the district's central administrative office is located has entered into a memorandum of understanding with the district's board of trustees concerning the juvenile probation department's role in supervising and providing other support services for students in disciplinary alternative education programs, a court may not order a student expelled under Section 37.007 to attend a regular classroom, a regular campus, or a school district disciplinary alternative education program as a condition of probation.

(d) Unless the juvenile board for the county in which the district's central administrative office is located has entered into a memorandum of understanding as described by Subsection (c), if a court orders a student to attend a disciplinary alternative education program as a condition of probation once during a school year and the student is referred to juvenile court again during that school year, the

juvenile court may not order the student to attend a disciplinary alternative education program in a district without the district's consent until the student has successfully completed any sentencing requirements the court imposes.

(e) Any placement in a disciplinary alternative education program by a court under this section must prohibit the student from attending or participating in school-sponsored or school-related activities.

(f) If a student is expelled under Section 37.007, on the recommendation of the committee established under Section 37.003 or on its own initiative, a district may readmit the student while the student is completing any court disposition requirements the court imposes. After the student has successfully completed any court disposition requirements the court imposes, including conditions of a deferred prosecution ordered by the court, or such conditions required by the prosecutor or probation department, if the student meets the requirements for admission into the public schools established by this title, a district may not refuse to admit the student, but the district may place the student in the disciplinary alternative education program. Notwithstanding Section 37.002(d), the student may not be returned to the classroom of the teacher under whose supervision the offense occurred without that teacher's consent. The teacher may not be coerced to consent.

(g) If an expelled student enrolls in another school district, the board of trustees of the district that expelled the student shall provide to the district in which the student enrolls, at the same time other records of the student are provided, a copy of the expulsion order and the referral to the authorized officer of the juvenile court. The district in which the student enrolls may continue the expulsion under the terms of the order, may place the student in a disciplinary alternative education program for the period specified by the expulsion order, or may allow the student to attend regular classes without completing the period of expulsion. A district may take any action permitted by this subsection if the student was expelled by a school district in another state if:

(1) the out-of-state district provides to the district a copy of the expulsion order; and

(2) the grounds for the expulsion are also grounds for expulsion in the district in which the student is enrolling.

(g-1) If a student was expelled by a school district in another state for a period that exceeds one year and a school district in this state continues the expulsion or places the student in a disciplinary alternative education program under Subsection (g), the district shall reduce the period of the expulsion or placement so that the aggregate period does not exceed one year unless, after a review, the district determines that:

(1) the student is a threat to the safety of other students or to district employees; or

(2) extended placement is in the best interest of the student.

(h) A person is not liable in civil damages for a referral to juvenile court as required by this section. (Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1997, 75th Leg., ch. 1015 (S.B. 133), § 8, effective June 19, 1997; am. Acts 2003, 78th Leg., ch. 1055 (H.B. 1314), § 15, effective June 20, 2003.)

Sec. 37.011. Juvenile Justice Alternative Education Program.

(a) The juvenile board of a county with a population greater than 125,000 shall develop a juvenile justice alternative education program, subject to the approval of the Texas Juvenile Probation Commission. The juvenile board of a county with a population of 125,000 or less may develop a juvenile justice alternative education program. For the purposes of this subchapter, only a disciplinary alternative education program operated under the authority of a juvenile board of a county is considered a juvenile justice alternative education program. A juvenile justice alternative education program in a county with a population of 125,000 or less:

(1) is not required to be approved by the Texas Juvenile Probation Commission; and

(2) is not subject to Subsection (c), (d), (f), or (g).

(a-1) For purposes of this section and Section 37.010(a), a county with a population greater than 125,000 is considered to be a county with a population of 125,000 or less if:

(1) the county had a population of 125,000 or less according to the 2000 federal census; and

(2) the juvenile board of the county enters into, with the approval of the Texas Juvenile Probation Commission, a memorandum of understanding with each school district within the county that:

(A) outlines the responsibilities of the board and school districts in minimizing the number of students expelled without receiving alternative educational services; and

(B) includes the coordination procedures required by Section 37.013.

(a-2) For purposes of this section and Section 37.010(a), a county with a population greater than 125,000 is considered to be a county with a population of 125,000 or less if the county:

(1) has a population of 180,000 or less;

(2) is adjacent to two counties, each of which has a population of more than 1.7 million; and

(3) has seven or more school districts located wholly within the county's boundaries.

(a-3) For purposes of this section and Section 37.010(a), a county with a population greater than 125,000 is considered to be a county with a population of 125,000 or less if the county:

(1) has a population of more than 200,000 and less than 220,000;

(2) has five or more school districts located wholly within the county's boundaries; and

(3) has located in the county a juvenile justice alternative education program that, on May 1, 2011, served fewer than 15 students.

(a-4) A school district located in a county considered to be a county with a population of 125,000 or less under Subsection (a-3) shall provide educational services to a student who is expelled from school under this chapter. The district is entitled to count the student in the district's average daily attendance for purposes of receipt of state funds under the Foundation School Program. An educational placement under this section may include:

(1) the district's disciplinary alternative education program; or

(2) a contracted placement with:

(A) another school district;

(B) an open-enrollment charter school;

(C) an institution of higher education;

(D) an adult literacy council; or

(E) a community organization that can provide an educational program that allows the student to complete the credits required for high school graduation.

(a-5) For purposes of Subsection (a-4), an educational placement other than a school district's disciplinary alternative education program is subject to the educational and certification requirements applicable to an open-enrollment charter school under Subchapter D, Chapter 12.

(b) If a student admitted into the public schools of a school district under Section 25.001(b) is expelled from school for conduct for which expulsion is required under Section 37.007(a), (d), or (e), the juvenile court, the juvenile board, or the juvenile board's designee, as appropriate, shall:

(1) if the student is placed on probation under Section 54.04, Family Code, order the student to attend the juvenile justice alternative education program in the county in which the student resides from the date of disposition as a condition of probation, unless the child is placed in a post-adjudication treatment facility;

(2) if the student is placed on deferred prosecution under Section 53.03, Family Code, by the court, prosecutor, or probation department, require the student to immediately attend the juvenile justice alternative education program in the county in which the student resides for a period not to exceed six months as a condition of the deferred prosecution;

(3) in determining the conditions of the deferred prosecution or court-ordered probation, consider the length of the school district's expulsion order for the student; and

(4) provide timely educational services to the student in the juvenile justice alternative education program in the county in which the student resides, regardless of the student's age or whether the juvenile court has jurisdiction over the student.

(b-1) Subsection (b)(4) does not require that educational services be provided to a student who is not entitled to admission into the public schools of a school district under Section 25.001(b).

(c) A juvenile justice alternative education program shall adopt a student code of conduct in accordance with Section 37.001.

(d) A juvenile justice alternative education program must focus on English language arts, mathematics, science, social studies, and self-discipline. Each school district shall consider course credit earned by a student while in a juvenile justice alternative education program as credit earned in a district school. Each program shall administer assessment instruments under Subchapter B, Chapter 39, and shall offer a high school equivalency program. The juvenile board or the board's designee, with the parent or guardian of each student, shall regularly review the student's academic progress. In the case of a high school student, the board or the board's designee, with the student's parent or guardian, shall review the student's progress towards meeting high school graduation requirements and shall establish a specific graduation plan for the student. The program is not required to provide a course necessary to fulfill a student's high school graduation requirements other than a course specified by this subsection.

(e) A juvenile justice alternative education program may be provided in a facility owned by a school district. A school district may provide personnel and services for a juvenile justice alternative education program under a contract with the juvenile board.

(f) A juvenile justice alternative education program must operate at least seven hours per day and 180 days per year, except that a program may apply to the Texas Juvenile Probation Commission for a waiver of the 180-day requirement. The commission may not grant a waiver to a program under this subsection for a number of days that exceeds the highest number of instructional days waived by the

commissioner during the same school year for a school district served by the program.

(g) A juvenile justice alternative education program shall be subject to a written operating policy developed by the local juvenile justice board and submitted to the Texas Juvenile Probation Commission for review and comment. A juvenile justice alternative education program is not subject to a requirement imposed by this title, other than a reporting requirement or a requirement imposed by this chapter or by Chapter 39.

(h) Academically, the mission of juvenile justice alternative education programs shall be to enable students to perform at grade level. For purposes of accountability under Chapter 39, a student enrolled in a juvenile justice alternative education program is reported as if the student were enrolled at the student's assigned campus in the student's regularly assigned education program, including a special education program. Annually the Texas Juvenile Probation Commission, with the agreement of the commissioner, shall develop and implement a system of accountability consistent with Chapter 39, where appropriate, to assure that students make progress toward grade level while attending a juvenile justice alternative education program. The Texas Juvenile Probation Commission shall adopt rules for the distribution of funds appropriated under this section to juvenile boards in counties required to establish juvenile justice alternative education programs. Except as determined by the commissioner, a student served by a juvenile justice alternative education program on the basis of an expulsion required under Section 37.007(a), (d), or (e) is not eligible for Foundation School Program funding under Chapter 42 or 31 if the juvenile justice alternative education program receives funding from the Texas Juvenile Probation Commission under this subchapter.

(i) A student transferred to a juvenile justice alternative education program must participate in the program for the full period ordered by the juvenile court unless the student's school district agrees to accept the student before the date ordered by the juvenile court. The juvenile court may not order a period of transfer under this section that exceeds the term of any probation ordered by the juvenile court.

(j) In relation to the development and operation of a juvenile justice alternative education program, a juvenile board and a county and a commissioners court are immune from liability to the same extent as a school district, and the juvenile board's or county's professional employees and volunteers are immune from liability to the same extent as a school district's professional employees and volunteers.

(k) Each school district in a county with a population greater than 125,000 and the county juvenile board shall annually enter into a joint memorandum of understanding that:

(1) outlines the responsibilities of the juvenile board concerning the establishment and operation of a juvenile justice alternative education program under this section;

(2) defines the amount and conditions on payments from the school district to the juvenile board for students of the school district served in the juvenile justice alternative education program whose placement was not made on the basis of an expulsion required under Section 37.007(a), (d), or (e);

(3) establishes that a student may be placed in the juvenile justice alternative education program if the student engages in serious misbehavior, as defined by Section 37.007(c);

(4) identifies and requires a timely placement and specifies a term of placement for expelled students for whom the school district has received a notice under Section 52.041(d), Family Code;

(5) establishes services for the transitioning of expelled students to the school district prior to the completion of the student's placement in the juvenile justice alternative education program;

(6) establishes a plan that provides transportation services for students placed in the juvenile justice alternative education program;

(7) establishes the circumstances and conditions under which a juvenile may be allowed to remain in the juvenile justice alternative education program setting once the juvenile is no longer under juvenile court jurisdiction; and

(8) establishes a plan to address special education services required by law.

(*l*) The school district shall be responsible for providing an immediate educational program to students who engage in behavior resulting in expulsion under Section 37.007(b) and (f) but who are not eligible for admission into the juvenile justice alternative education program in accordance with the memorandum of understanding required under this section. The school district may provide the program or the school district may contract with a county juvenile board, a private provider, or one or more other school districts to provide the program. The memorandum of understanding shall address the circumstances under which such students who continue to engage in serious misbehavior, as defined by Section 37.007(c), shall be admitted into the juvenile justice alternative education program.

(m) Each school district in a county with a population greater than 125,000 and the county juvenile board shall adopt a joint memorandum of under-

standing as required by this section not later than September 1 of each school year.

(n) If a student who is ordered to attend a juvenile justice alternative education program moves from one county to another, the juvenile court may request the juvenile justice alternative education program in the county to which the student moves to provide educational services to the student in accordance with the local memorandum of understanding between the school district and juvenile board in the receiving county.

(o) In relation to the development and operation of a juvenile justice alternative education program, a juvenile board and a county and a commissioners court are immune from liability to the same extent as a school district, and the juvenile board's or county's employees and volunteers are immune from liability to the same extent as a school district's employees and volunteers.

(p) If a district elects to contract with the juvenile board for placement in the juvenile justice alternative education program of students expelled under Section 37.007(b), (c), and (f) and the juvenile board and district are unable to reach an agreement in the memorandum of understanding, either party may request that the issues of dispute be referred to a binding arbitration process that uses a qualified alternative dispute resolution arbitrator in which each party will pay its pro rata share of the arbitration costs. Each party must submit its final proposal to the arbitrator. If the parties cannot agree on an arbitrator, the juvenile board shall select an arbitrator, the school districts shall select an arbitrator, and those two arbitrators shall select an arbitrator who will decide the issues in dispute. An arbitration decision issued under this subsection is enforceable in a court in the county in which the juvenile justice alternative education program is located. Any decision by an arbitrator concerning the amount of the funding for a student who is expelled and attending a juvenile justice alternative education program must provide an amount sufficient based on operation of the juvenile justice alternative education program in accordance with this chapter. In determining the amount to be paid by a school district for an expelled student enrolled in a juvenile justice alternative education program, the arbitrator shall consider the relevant factors, including evidence of:

(1) the actual average total per student expenditure in the district's alternative education setting;

(2) the expected per student cost in the juvenile justice alternative education program as described and agreed on in the memorandum of understanding and in compliance with this chapter; and

(3) the costs necessary to achieve the accountability goals under this chapter.

(q) In accordance with rules adopted by the board of trustees for the Teacher Retirement System of Texas, a certified educator employed by a juvenile board in a juvenile justice alternative education program shall be eligible for membership and participation in the system to the same extent that an employee of a public school district is eligible. The juvenile board shall make any contribution that otherwise would be the responsibility of the school district if the person were employed by the school district, and the state shall make any contribution to the same extent as if the person were employed by a school district.

(a-1) **[3 Versions: Effective until on or before September 1, 2015; see Editor's note for effective date information]** The agency shall develop assessment instruments required under Subsection (a) in a manner that allows, to the extent practicable:

(1) the score a student receives to provide reliable information relating to a student's satisfactory performance for each performance standard under Section 39.0241; and

(2) an appropriate range of performances to serve as a valid indication of growth in student achievement.

(a-1) **[Effective on or before September 1, 2015; see Editor's note for effective date information; effective until September 1, 2017]** The agency shall develop assessment instruments required under Subsections (a), (a-4), (a-5), and (a-6) in a manner that allows, to the extent practicable:

(1) the score a student receives to provide reliable information relating to a student's satisfactory performance for each performance standard under Section 39.0241; and

(2) an appropriate range of performances to serve as a valid indication of growth in student achievement.

(a-1) **[3 Versions: Effective September 1, 2017]** The agency shall develop assessment instruments required under Subsection (a) in a manner that allows, to the extent practicable:

(1) the score a student receives to provide reliable information relating to a student's satisfactory performance for each performance standard under Section 39.0241; and

(a-2) **[3 Versions: Effective until on or before September 1, 2015; see Editor's note for effective date information]** Except as required by federal law, a student is not required to be assessed in a subject otherwise assessed at the student's grade level under Subsection (a) if the student:

(1) is enrolled in a course in the subject intended for students above the student's grade level and will be administered an assessment instrument adopted or developed under Subsection (a) that aligns with the curriculum for the course in which the student is enrolled; or

(2) is enrolled in a course in the subject for which the student will receive high school academic credit and will be administered an end-of-course assessment instrument adopted under Subsection (c) for the course.

(a-2) **[3 Versions: Effective on or before September 1, 2015; see Editor's note for effective date information; effective until September 1, 2017]** Except as required by federal law, a student is not required to be assessed in a subject otherwise assessed at the student's grade level under Subsection (a) if the student:

(2) is enrolled in a course in the subject for which the student will receive high school academic credit and will be administered an end-of-course assessment instrument adopted under Subsection (c) for the course.

(2) is enrolled in a course in the subject for which the student will receive high school academic credit and will be administered an end-of-course assessment instrument adopted under Subsection (c) for the course.

(a-3) **[2 Versions: As added by Acts 2013, 83rd Leg., ch. 861]** The agency may not adopt or develop a criterion-referenced assessment instrument under this section based on common core state standards as defined by Section 28.002(b-1). This subsection does not prohibit the use of college advanced placement tests or international baccalaureate examinations as those terms are defined by Section 28.051.

(a-3) **[2 Versions: As added by Acts 2013, 83rd Leg., ch. 1267, effective on or before September 1, 2015; see Editor's note for effective date information, expires September 1, 2017]** For each assessment instrument administered under Subsection (a) or (a-5), the agency shall determine, based on available information for that assessment instrument, the minimum satisfactory adjusted

scale score. The minimum satisfactory adjusted scale score is the sum of the scale score that indicates satisfactory performance on that assessment instrument, as determined by the commissioner under Section 39.0241(a), plus the minimum number of points that when added to the scale score produces a score that, within a three percent margin of error, is predictive that a student achieving that score would achieve satisfactory performance on an assessment instrument in the same subject administered to the student during the following school year.

(a-4) **[Effective on or before September 1, 2015; see Editor's note for effective date information, expires September 1, 2017]** A student shall be assessed in grade four in a subject for which an assessment instrument is administered under Subsection (a) in grade three if, on the final assessment instrument in that subject administered under Subsection (a) to the student in grade three during the preceding school year, the student did not achieve a score equal to or greater than the minimum satisfactory adjusted scale score for that assessment instrument, as determined under Subsection (a-3).

(a-5) **[Effective on or before September 1, 2015; see Editor's note for effective date information, expires September 1, 2017]** A student shall be assessed in grade six in a subject for which an assessment instrument is administered under Subsection (a) in grade five if, on the final assessment instrument in that subject administered under Subsection (a) to the student in grade five during the preceding school year, the student did not achieve a score equal to or greater than the minimum satisfactory adjusted scale score for that assessment instrument, as determined under Subsection (a-3).

(a-6) **[Effective on or before September 1, 2015; see Editor's note for effective date information, expires September 1, 2017]** A student shall be assessed in grade seven in a subject for which an assessment instrument was administered under Subsection (a-5) to the student in grade six if, on the final assessment instrument in that subject administered to the student in grade six during the preceding school year, the student did not achieve a score equal to or greater than the minimum satisfactory adjusted scale score for that assessment instrument, as determined under Subsection (a-3).

(a-7) **[Effective on or before September 1, 2015; see Editor's note for effective date information, expires September 1, 2017]** A student assessed in mathematics under Subsection (a-4), (a-5), or (a-6) shall be assessed without the aid of technology.

(a-8) **[Effective on or before September 1, 2015; see Editor's note for effective date information, expires September 1, 2017]** A school district or open-enrollment charter school may, for its own use in determining whether students are performing at a satisfactory level, administer to a student at the appropriate grade level, other than a student required to be assessed, an assessment instrument developed for purposes of Subsection (a-4), (a-5), or (a-6). At the request of a district or open-enrollment charter school, the agency shall provide, allow for the administration of, and score each assessment instrument administered under this subsection in the same manner and at the same cost as for assessment instruments required to be administered under the applicable subsection. The results of an assessment instrument administered under this subsection may not be included as an indicator of student achievement under Section 39.053 or any other provision.

(a-9) **[Effective on or before September 1, 2015; see Editor's note for effective date information, expires September 1, 2017]** If there is a conflict between this section and a federal law or regulation as a result of forgoing under this section certain administration of assessment instruments to students who have recently performed successfully on assessment instruments assessing the same subject, the commissioner shall seek a waiver from the application of the conflicting federal law or regulation. In seeking a waiver, the commissioner shall submit all relevant data, including data relating to:

(1) the likelihood that a student who achieves a score on an assessment instrument equal to or greater than the minimum satisfactory adjusted scale score for that assessment instrument, as determined under Subsection (a-3), will, in subsequent years, perform satisfactorily on assessment instruments in the same subject;

(2) the costs associated with ongoing assessment of students who have proven likely to perform successfully on subsequent assessment instruments; and

(3) the benefit of redirecting resources from assessment of students who have proven likely to perform successfully on subsequent assessment instruments toward enabling lower performing students to perform successfully on assessment instruments after one school year.

(a-10) **[Effective on or before September 1, 2015; see Editor's note for effective date information, expires September 1, 2017]** This subsection and Subsections (a-3), (a-4), (a-5), (a-6), (a-7), (a-8), and (a-9) expire September 1, 2017.

(b) **[4 Versions: As amended by Acts 2013, 83rd Leg., ch. 211]** The agency shall develop or

adopt appropriate criterion-referenced alternative assessment instruments to be administered to each student in a special education program under Subchapter A, Chapter 29, for whom an assessment instrument adopted under Subsection (a), even with allowable accommodations, would not provide an appropriate measure of student achievement, as determined by the student's admission, review, and dismissal committee, including assessment instruments approved by the commissioner that measure growth. The assessment instruments developed or adopted under this subsection, including the assessment instruments approved by the commissioner, must, to the extent allowed under federal law, provide a district with options for the assessment of students under this subsection.

(b) **[4 Versions: As amended by Acts 2013, 83rd Leg., ch. 590]** The agency shall develop or adopt appropriate criterion-referenced alternative assessment instruments to be administered to each student in a special education program under Subchapter A, Chapter 29, for whom an assessment instrument adopted under Subsection (a), even with allowable accommodations, would not provide an appropriate measure of student achievement, as determined by the student's admission, review, and dismissal committee. The agency may not adopt a performance standard that indicates that a student's performance on the alternate assessment does not meet standards if the lowest level of the assessment accurately represents the student's developmental level as determined by the student's admission, review, and dismissal committee.

(b) **[4 Versions: Effective on or before September 1, 2015; see Editor's note for effective date information; effective until September 1, 2017]** The agency shall develop or adopt appropriate criterion-referenced alternative assessment instruments to be administered to a student in a special education program under Subchapter A, Chapter 29, for whom an assessment instrument adopted under Subsection (a) or, to the extent applicable, Subsection (a-4), (a-5), or (a-6), even with allowable accommodations, would not provide an appropriate measure of student achievement, as determined by the student's admission, review, and dismissal committee.

(b) **[4 Versions: Effective September 1, 2017]** The agency shall develop or adopt appropriate criterion-referenced alternative assessment instruments to be administered to each student in a special education program under Subchapter A, Chapter 29, for whom an assessment instrument adopted under Subsection (a), even with allowable accommodations, would not provide an appropriate measure of student achievement, as determined by the student's admission, review, and dismissal committee.

(b-1) The agency, in conjunction with appropriate interested persons, shall redevelop assessment instruments adopted or developed under Subsection (b) for administration to significantly cognitively disabled students in a manner consistent with federal law. An assessment instrument under this subsection may not require a teacher to prepare tasks or materials for a student who will be administered such an assessment instrument. Assessment instruments adopted or developed under this subsection shall be administered not later than the 2014-2015 school year.

(c) The agency shall also adopt end-of-course assessment instruments for secondary-level courses in Algebra I, biology, English I, English II, and United States istory. The Algebra I end-of-course assessment instrument must be administered with the aid of technology. The English I and English II end-of-course assessment instruments must each assess essential knowledge and skills in both reading and writing in the same assessment instrument and must provide a single score. A school district shall comply with State Board of Education rules regarding administration of the assessment instruments listed in this subsection. If a student is in a special education program under Subchapter A, Chapter 29, the student's admission, review, and dismissal committee shall determine whether any allowable modification is necessary in administering to the student an assessment instrument required under this subsection. The State Board of Education shall administer the assessment instruments. The State Board of Education shall adopt a schedule for the administration of end-of-course assessment instruments that complies with the requirements of Subsection (c-3).

(c-1) **[3 Versions: Effective until on or before September 1, 2015; see Editor's note for effective date information]** The agency shall develop any assessment instrument required under this section in a manner that allows for the measurement of annual improvement in student achievement as required by Sections 39.034(c) and (d).

(c-1) **[3 Versions: Effective on or before September 1, 2015; see Editor's note for effective date information; effective until September 1, 2017]** To the greatest extent practicable, the agency shall develop any assessment instrument required under this section in a manner that allows for the measurement of annual improvement in student achievement as required by Sections 39.034(c) and (d).

(c-1) **[3 Versions: Effective September 1, 2017]** The agency shall develop any assessment

instrument required under this section in a manner that allows for the measurement of annual improvement in student achievement as required by Sections 39.034(c) and (d).

(c-2) The agency may adopt end-of-course assessment instruments for courses not listed in Subsection (c). A student's performance on an end-of-course assessment instrument adopted under this subsection is not subject to the performance requirements established under Subsection (c) or Section 39.025.

(c-3) **[3 Versions: Effective until on or before September 1, 2015; see Editor's note for effective date information]** In adopting a schedule for the administration of assessment instruments under this section, the State Board of Education shall require:

(1) assessment instruments administered under Subsection (a) to be administered on a schedule so that the first assessment instrument is administered at least two weeks later than the date on which the first assessment instrument was administered under Subsection (a) during the 2006-2007 school year; and

(2) the spring administration of end-of-course assessment instruments under Subsection (c) to occur in each school district not earlier than the first full week in May, except that the spring administration of the end-of-course assessment instruments in English I and English II must be permitted to occur at an earlier date.

(c-3) **[3 Versions: Effective on or before September 1, 2015; see Editor's note for effective date information; effective until September 1, 2017]** In adopting a schedule for the administration of assessment instruments under this section, the State Board of Education shall require:
