STATE PARK AND HISTORIC SITE

Lyndon B. Johnson State Park and Historic Site in Central Texas offers a variety of outstanding activities. The park provides exhibits detailing the life of the President and serves as a reception point for tours of the LBJ Ranch and LBJ Birthplace which are maintained by the National Park Service. A unique attraction at the park is an authentic working farm, where park interpreters dress in period costumes, demonstrating the lifestyles of a typical Hill Country farm between 1915 and 1918. The park is famous for its seasonal wildflowers and rates as a premiere destination for photographers. The many cultural features are complemented by numerous natural attractions such as enclosures with bison, longhorn cattle and white-tailed deer.
