Environmental Protection32
Municipal Enterprises35
Footnotes37

*PLEASE NOTE: Categorical grants-in-aid appearing in the preceding schedule(s) but not listed herein have terminated. Likewise, any previously listed Category of Governmental Responsibility deleted from this schedule is due to the termination of all grants within that respective area. Current grants which underwent revisions in their reported data (e.g. grant period, total project allocation, etc.) since the previous publication(s) have such changes indicated in this issue by the use of footnotes.

PREFACE

This document is a compilation of federal revenue sharing entitlements and federal, state and local agency grants-in-aid awarded to the City of San Antonio. The financial assistance awards presented herein are only those which have been officially accepted by the San Antonio City Council, and were not yet terminated before the time period on the cover of this document.

Each federal revenue sharing entitlement and individual grant-in-aid award is categorized into a general area of governmental responsibility, solely on the basis of its primary objective. Grants whose objectives fall into more than one category have been cross-referenced for clarity and convenience.

The categories of governmental responsibility used in the document are derived primarily from the National Committee on Governmental Accounting publication, Governmental Accounting, Auditing, and Financial Reporting, 1968.

All data shown was provided by the City of San Antonio Department of Finance, and various other City Departments.
