ANNUAL FINANCIAL REPORT

FISCAL YEAR 2013

(September 1, 2012—August 31, 2013)

**LAMAR
INSTITUTE OF
TECHNOLOGY**

Office
of Vice President
for Finance/Operations

November 16, 2013

Dr. Paul Szuch
President
Lamar Institute of Technology
Beaumont, TX 77710-0043

Dear Dr. Szuch,

Submitted herein is the Annual Financial Report of Lamar Institute of Technology for the fiscal year ended August 31, 2013, in compliance with TEX.GOV'T CODE ANN #2101.011 and in accordance with the requirements established by the Comptroller of Public Accounts.

Due to significant changes related to Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to be in compliance with GAAP.

The Annual Financial Report will be audited by the State Auditor as part of the audit of the Statewide Annual Financial Report; therefore an opinion has not been expressed on the statements and related information contained in this report.

If you have any questions, please contact Jonathan Wolfe at 409 880-7633.

Respectfully Submitted and Approved,

Jonathan Wolfe,
Vice President for Finance and Operations
Lamar Institute of Technology

LAMAR INSTITUTE OF TECHNOLOGY

NOTES TO THE FINANCIAL STATEMENTS

August 31, 2013

NOTE 1: Summary of Significant Accounting Policies

Entity

Lamar Institute of Technology is considered an Institution of Higher Education of the State of Texas, and its financial records comply with state statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' *Reporting Requirements for Annual Financial Reports of State Agencies and Universities*.

Due to the statewide requirements embedded in Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Government*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

Fund Structure

The accompanying financial statements are presented on the basis of funds. A fund is considered a separate accounting entity. The fund designation for institutions of higher education is a Business Type Activity within the Proprietary Fund Type.

Proprietary Funds

Business Type Activity

Business type funds are used for activities that are financed through the charging of fees and sales for goods or services to the ultimate user. Institutions of higher education are required to report their financial activities as business type; because, the predominance of their funding comes through charges to students, sales of goods and services, and grant revenues.

Component Units

The fund types of the individual discrete component units are available from the component units' separately issued financial statements. Additional information about component units can be found in Note 18.

Unaudited

Basis of Accounting

The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

Business activity type funds (proprietary funds) are accounted for using the full accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time liabilities are incurred. Proprietary funds distinguish operating from non-operating items. Operating revenues and expenses result from providing services or producing and delivering goods in connection with the proprietary funds principal ongoing operations. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets.

Budget and Budgetary Accounting

The budget is prepared biennially and represents appropriations authorized by the Legislature and approved by the Governor (the General Appropriations Act). Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

Assets, Liabilities, and Fund Balances/Net Assets

ASSETS

Cash and Cash Equivalents

Short-term highly liquid investments with an original maturity of three months or less are considered cash equivalents.

Securities Lending Collateral

Investments are stated at fair value in all funds except pension trust funds in accordance with GASB Statement 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. For pension trust funds, investments are required to be reported at fair value using the accrual basis of accounting in accordance with GASB Statement 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*.

Securities lent are reported as assets on the balance sheet. The costs of securities lending transactions are reported as expenditures or expenses in the Operating Statement. These costs are reported at gross.

Unaudited

Restricted Assets

Restricted assets include monies or other resources restricted by legal or contractual requirements. These assets include proceeds of enterprise fund general obligation and revenue bonds and revenues set aside for statutory or contractual requirements. Assets held in reserve for guaranteed student loan defaults are also included.

Inventories and Prepaid Items

Inventories include both merchandise inventories on hand for sale and consumable inventories. Inventories are valued at cost, generally utilizing the last-in, first-out method. The consumption method of accounting is used to account for inventories and prepaid items that appear in the proprietary fund types. The cost of these items is expensed when the items are consumed.

Capital Assets

Assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year should be capitalized. These assets are capitalized at cost or, if not purchased, at appraised fair value as of the date of acquisition. Depreciation is reported on all "exhaustible" assets. "Inexhaustible" assets such as works of art and historical treasures are not depreciated. Road and highway infrastructure is reported on the modified basis. Assets are depreciated over the estimated useful life of the asset using the straight-line method.

All capital assets acquired by proprietary funds or trust funds are reported at cost or estimated historical cost if actual historical is not available. Donated assets are reported at fair value on the acquisition date. Depreciation is charged to operations over the estimated useful life of each asset using the straight-line method.

Other Receivables – Current and Noncurrent

The disaggregation of other receivables as reported in the financial statements is shown in Note 24, "Disaggregation of Receivables and Payables Balances."

Other receivables include year-end accruals not included in any other receivable category. This account can appear in governmental and proprietary fund types.

LIABILITIES

Accounts Payable

Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

Other Payables – Current and Noncurrent

Other payables are the accrual at year -end of expenditure transactions not included in any of the other payable descriptions. The disaggregation of other payables as reported in the financial statements is shown in Note 24, "Disaggregation of Receivables and Payables Balances."

Employees' Compensable Leave Balances

Employees' Compensable Leave Balances represent the liability that becomes "due" upon the occurrence of relevant events such as resignations, retirements, and uses of leave balances by covered employees. Liabilities are reported separately as either current or noncurrent in the statement of net assets. These obligations are normally paid from the same funding source from which each employee's salary or wage compensation was paid.

Capital Lease Obligations

Capital lease obligations represent the liability for future lease payments under capital lease contracts contingent upon the appropriation of funding by the Legislature. Liabilities are reported separately as either current or noncurrent in the statement of net assets.

Bonds Payable-General Obligation Bonds

General obligation bonds are accounted for in the long-term liabilities adjustment column for governmental activities and in proprietary funds for business-type activities. These payables are reported as long-term liabilities (current for amounts due within one year) and long-term liabilities (noncurrent for amounts due thereafter in the statement of net assets/balance). The bonds are reported at par, net of unamortized premiums, discounts, issuance costs and gains/ (losses) on bond refunding activities.

For governmental activities, bond proceeds are accounted for (when received) as an "other financing source" in the governmental fund receiving the proceeds. Payment of principal and interest is an expenditure recorded in the debt service fund. All bond transactions and balances for business-type activities are reported in proprietary funds.

Bonds Payable-Revenue Bonds

Revenue bonds are generally accounted for in the proprietary funds. The bonds payable are reported at par less unamortized discount or plus unamortized premium. Interest expense is reported on the accrual basis, with

Unaudited

amortization of discount or premium. Payables are reported separately as either current or noncurrent in the statement of net assets.

FUND BALANCE/NET ASSETS

The difference between fund assets and liabilities is "Net Assets" on the government-wide, proprietary and fiduciary fund statements, and the "Fund Balance" is the difference between fund assets and liabilities on the governmental fund statements.

Reservation of Fund Balance

Fund Balances for governmental funds are classified as either reserved or unreserved in the fund financial statements. Reservations are legally restricted to a specific future use or not available for expenditures.

Reserved for Encumbrances

This represents commitments of the value of contracts awarded or assets ordered prior to year-end but not received as of that date. Encumbrances are not included with expenditures or liabilities. They represent current resources designated for specific expenditures in subsequent operating periods.

Reserve for Consumable Inventories

This represents the amount of supplies, postage and prepaid assets to be used in the next fiscal year.

Unreserved/Undesignated

This represents the unappropriated balance at year-end.

Invested in Capital Assets, Net of Related Debt

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bond, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Restricted Net Assets

Restricted net assets result when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Assets

Unrestricted net assets consist of net assets, which do not meet the definition of the two *preceding* categories. Unrestricted net assets often have constraints on resources, which are imposed by management, but can be removed or modified.

INTERFUND ACTIVITY AND TRANSACTIONS

Lamar Institute of Technology has the following types of transactions between funds:

- (1) **Transfers:** Legally required transfers that are reported when incurred as "Transfers In" by the recipient fund and as "Transfers Out" by the disbursing fund.
- (2) **Reimbursements:** Reimbursements are repayments from funds responsible for expenditures or expenses to funds that made the actual payment. Reimbursements of expenditures made by one fund for another that are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund. Reimbursements are not displayed in the financial statements.
- (3) **Interfund receivables and payables:** Interfund loans are reported as interfund receivables and payables. If repayment is due during the current year or soon thereafter it is classified as "Current." Balances for repayment due in two (or more) years are classified as "noncurrent."
- (4) **Interfund Sales and Purchases:** Charges or collections for services rendered by one fund to another that are recorded as revenues of the recipient fund and expenditures or expenses of the disbursing fund. The composition of Lamar Institute of Technology's Interfund activities and balances are presented in Note 12.

Unaudited

NOTE 2: Capital Assets

Revenue Received from the sale of surplus property has been transferred to unappropriated general revenue in accordance with HB7, Sec. 20.

A summary of changes in Capital Assets for the year ended August 31, 2013 is presented below:

	PRIMARY GOVERNMENT						Balance 08/31/13

NOTE 3: Deposits, Investments, & Repurchase Agreements

Lamar Institute of Technology is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256. 001 Texas Government Code). Endowment Funds may be invested in accordance with the Uniform Management of Institutional Funds Act, Property Code Chapter 163. Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

Lamar Institute of Technology is authorized by statute to make investments following the "prudent person rule". There were no significant violations of legal provisions during the period.

Deposits of Cash in Banks

The bank balance for Lamar Institute of Technology has been classified according to the following risk categories.

- Category 1 - Insured or collateralized with securities held by the governmental entity or by its agent in the name of the governmental Entity.
- Category 2 - Collateralized with securities held by the pledging financial institution's trust department or agent in the governmental entity's name.
- Category 3 - Uncollateralized, includes any deposits collateralized with securities held by the pledging financial institutions, or by its trust department, or agent but not in the governmental entity's name.

Unaudited

As of 08/31/13, the carrying amount of deposits was \$666,981.86 as presented below.

Carrying Amount	
Governmental Funds Current Demand Deposits	\$666,981.86
Proprietary Funds Current Demand Deposits	
Proprietary Funds Current Restricted Money Market Accounts	
Fiduciary Funds Current Demand Deposits	
Total Cash in Bank per GL Account	\$ 666,981.86

Governmental Funds Uninvested Cash Collateral disclosed as deposits but reported as Securities Lending Collateral on Financial Statement	
Total Deposits Carrying Amounts	\$666,981.86

<u>Bank Balance</u>	<u>Category 1</u>	<u>Carrying Amount</u>
<u>\$757,165.46</u>	<u>\$ 757,165.46</u>	<u>\$666,981.86</u>
Cash and Cash Equivalents consist of:		
Bank Deposits	\$666,981.86	

These amounts consist of all cash in local banks. These amounts are included on the combined statement of net assets as part of the "cash and cash equivalents" accounts.

Investments

The fair value of investments as of 08/31/13 (both short and long term) are shown below. Investments may be either categorized to give an indication of the level risk assumed by Lamar Institute of Technology or considered uncategorized. All Lamar Institute of Technology's investments are uncategorized.

- **Category 1:** Investments that are insured or registered, or for which the securities are held by the agency, or its agent in the agency's name.
- **Category 2:** Uninsured and unregistered investments for which the securities are held by the broker's or dealer's trust department or agent in the agency's name.
- **Category 3:** Uninsured and unregistered investments for which the securities are held by the broker or dealer, or by its trust department or agent, but not in the agency's name.

Unaudited

As of August 31, 2013, the carrying value and fair value of investments are as presented below:

Categorized Investments:

Governmental and Business-Type Activities	Carrying Value	Fair Value
U.S. Government U.S. Treasury Securities U.S. Treasury Strips U.S. Treasury TIPS	\$	\$
U.S. Government Agency Obligations Federal Home Loan Bank Federal Farm Credit Bank		
Commercial Paper

Miscellaneous Investments		
Total		\$

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The general investment policy of the Institute limits investments in debt securities that are not in the top three investment grade ratings issued by nationally recognized statistical rating organizations to five percent of total investments. As of August 31, 2013, Lamar Institute of Technology's credit quality distribution for securities with credit risk exposure was as follows:

Standard & Poor's

Fund Type	GAAP Fund	Investment Type	AAA	AA	A	BAA
		U.S. Government Agency Obligations (Texas Treasury Safekeeping Trust Co)				
		Commercial Paper

NOTE 4: Short Term Debt

Lamar Institute of Technology has no short term debt as of August 31, 2013.

NOTE 5: Long Term Liabilities

Changes in Long-term Liabilities

During the year ended August 31, 2013 the following changes occurred in long-term liabilities.

Business Type Activities	Balance 09/01/12	Additions	Reductions	Balance 08/31/13	Due Within One Year
Employees' Compensable Leave	293,587.61	17,764.46		311,352.07	46,702.81

Compensable Leave

A state employee is entitled to be paid for any unused vacation time accrued in the event of the employee's resignation, dismissal, or separation from State employment, provided the employee has had continuous employment with the state for at least six months. Both an expense and a liability for business-type activities are recorded in the accounts as the benefits accrue to employees. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

Bonds Payable

See Note 6 for a discussion of Bonds Payable.

NOTE 6: Bonded Indebtedness

All bonded indebtedness for Lamar Institute of Technology is issued by System Administration through the Texas State University System Revenue Financing System. System Administration and each component institution within the system are members of the Revenue Financing System. The Board of Regents pledged all of the funds (revenues) and balances derived or attributable to any member of the Revenue Financing System that are lawfully available to the Board for payments on Parity Debt.

System Administration issued the debt; therefore, the bonds payable attributable to the institution are included with the Bonds Payable reported by System Administration. The institution must repay the debt that was issued on its behalf; consequently, the following debt amortization schedule is presented for informational purposes only.

Unaudited
**DEBT SERVICE REQUIREMENTS ATTRIBUTABLE
 TO LAMAR INSTITUTE OF TECHNOLOGY**

Description	Year	Principal	Interest	Total
All Series	2014	\$ 362,943.27	\$ 164,081.02	\$ 527,024.29
	2015	382,814.37	146,042.52	528,856.89
	2016	400,384.24	127,180.96	527,565.20
	2017-2021	1,822,933.39	339,388.86	2,162,322.75
	2022-2026	332,192.80	16,609.64	348,802.44
	TOTALS	\$ 3,301,268.57	\$ 793,303.00	\$ 4,094,571.57

A portion of the debt represents Tuition Revenue Bonds historically funded by the Texas Legislature through General Revenue Appropriations. The institution was appropriated \$544,969 during the current fiscal year for Tuition Revenue Bond debt service. The institution expects future Legislative appropriations to meet debt service requirements for Tuition Revenue Bonds.

NOTE 7: Derivative Instruments

Lamar Institute of Technology has no derivative instruments of August 31, 2013.

NOTE 8: Leases

Lamar Institute of Technology has no operating lease obligations as of August 31, 2013.

NOTE 9: Employees Retirement Plans

The State of Texas has joint contributory retirement plans for substantially all its employees. One plan in which Lamar Institute of Technology participates is administered by the Teachers Retirement System of Texas. Future pension costs are the liabilities of the Retirement System. The System does not account for each State agency separately.

The State has also established an optional retirement program for institutions of higher education. Participation in the optional retirement program is in lieu of participation in the Teacher Retirement System. The optional retirement program provides for the purchase of annuity contracts. Since these are individual annuity contracts, the State has no additional or unfunded liability for this program.

Unaudited

NOTE 10: Deferred Compensation

State employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in the TEX. GOV'T. CODE ANN., Sec. 609.001. Two plans are available for employees' participation. Both plans are administered by the Employees Retirement System.

The State also administers another plan: "TexaSaver" created in accordance with Internal Revenue Code Sec. 401 (k). The assets of this plan do not belong to the State. The State has no liability related to this plan.

NOTE 11: Post Employment Health Care and Life Insurance Benefits- Not Applicable

NOTE 12: Interfund Activity and Transactions

As explained in Note 1 on Interfund Activity and Transactions are numerous transactions between funds and agencies. At year end amounts to be received or paid are reported as:

- Interfund Receivables or Interfund Payables
- Due From Other Agencies or Due to Other Agencies
- Due From Other Funds or Due to Other Funds
- Transfers In or Transfers Out
- Legislative Transfers In or Legislative Transfers Out

Lamar Institute of Technology experience routine transfers with other state agencies, which were consistent with the activities of the fund making the transfer. Repayment of interfund balances will occur within one year from the date of the financial statement.

Individual balances and activity at August 31, 2013 follows:

	Due From	Due To	Source
Agency 734, D23, Fund 7999		533,437.43	Local Funds
Agency 734, D23, Fund 0287	8,562.02	22,928.65	GR – Dedicated
Agency 788, D23, Fund 7999		11,710.00	Local Funds
Total Due From/To Other Agencies (Exh A)	8,562.02	568,076.08	

	Legislative TRANSFERS IN	Legislative TRANSFERS OUT
General Revenue (01) TRB to Agency 758		523,826.96
Total Legislative Transfers		523,826.96

Unaudited

	TRANSFERS IN	TRANSFERS OUT	SOURCE
Agency 758 , D23, Fund 7999		4,670.64	Designated Funds
Agency 781, D23, Fund 0287		1,139.00	E & G Funds
Agency 758, D23, Fund 7999		112,085.00	Designated Funds
Total Transfers		117,894.64	

NOTE 13: Continuance Subject to Review

Lamar Institute of Technology is not subject to a review of continuance.

NOTE 14: Adjustments to Fund Balances/Net Assets

Lamar Institute of Technology had no adjustments to Fund Balances/Net Assets.

NOTE 15: Contingent Liabilities

At August 31, 2013 various lawsuits and claims involving Lamar Institute of Technology were pending. While the ultimate liability with respect to litigation and other claims asserted against the Institute or the Board of Regents cannot be reasonably estimated at this time, such liability, to the extent not provided for by insurance or otherwise, is not likely to have a material effect on the Institute.

NOTE 16: Subsequent Events

Lamar Institute of Technology does not have any subsequent events for fiscal year August 31, 2013.

NOTE 17: Risk Management

Lamar Institute of Technology is exposed to a variety of civil claims resulting from the performance of its duties. It is Institute policy to periodically assess the proper

Unaudited

combination of commercial insurance and retention of risk to cover losses to which it may be exposed.

The Institute assumes substantially all risks associated with tort and liability claims due to the performance of its duties. Currently there is no purchase of commercial insurance, nor is the Institute involved in any risk pool with other government entities for these risks. Lamar Institute of Technology incurred no losses during the fiscal year ended August 31, 2013 and no claims were pending at that date.

The Institute is required by certain bond covenants and FEMA to carry Fire and Extended Coverage and Boiler insurance on buildings financed through the issuance of bonds using pledged Auxiliary Enterprise or other non-Educational and General Funds. The insurance protects the bond holders from a disruption to the revenue stream that is being utilized to make the bond interest and principal payments and the federal government for storm damage.

The Texas Motor Vehicle Safety Responsibility Act requires that every non-governmental vehicle operated on a state highway be insured for minimum liability in the amount of \$20,000/\$40,000 bodily injury and \$15,000 property damage. However, the Institute has chosen to carry liability insurance on its licensed vehicles in the amount of \$1,000,000 combined single liability. The coverage exceeds the extent of the waivers of state immunity specified in the tort claims act.

NOTE 18: Management Discussion and Analysis

Management Discussion and Analysis is a required part of the basic financial statements. Management Discussion and Analysis is omitted because Lamar Institute of Technology is reported in a consolidated format with Texas State University System which is reported as a component of the State of Texas. Management Discussion and Analysis as it relates to Texas State University System can be found in the State of Texas basic financial statements.

NOTE 19: The Financial Reporting Entity

The Lamar Institute of Technology Foundation is a nonprofit organization with the sole purpose of supporting educational activities of Lamar Institute of Technology. The Foundation solicits donations and acts as coordinator of gifts made by other parties. The Foundation remitted restricted gifts of \$67,002.58 to the Institute during the year ended August 31, 2013.

NOTE 20: Stewardship, Compliance and Accountability – Not Applicable

NOTE 21: N/A- Not Applicable to the Reporting Requirement Process
