Almighty God, our Father and friend, you who love this world, and this nation, and the State of Texas so much that you were willing to die rather than live without us; we pray this day for what we need most as human beings and as legislators: wisdom. Your word—in the letter of James (1:5)—tells us that the only reason we don't have wisdom is because we do not ask. So we ask you now for the wisdom that you so graciously give. At a time when our state is faced with weighty economic and environmental challenges, at a time when these legislators must make difficult and crucial decisions that affect the lives of citizens along with the infrastructure and resources of cities, counties, schools, and businesses, grant wisdom that will lead to the building up of every facet of our state. Grant wisdom that leads us to knowledge of you and of your will for our lives. Don't necessarily make us rich, but make us generous. Don't make us

so much influential as good. Don't make us eloquent as much as truthful and sincere. We can't ask for everything, but we can ask for a good conscience before you, and having that, we will have the courage we need to make those tough decisions that inevitably will come our way.

As legislators working together for the common good of the people and resources of Texas, make this body kind to one another, tender-hearted, forgiving one another even as you, for Christ's sake, have forgiven us. Lord, please bless us and the great State of Texas for your glory and that we might be a blessing to others. All this we ask in Jesus' name. Amen.

The speaker recognized Representative Kleinschmidt who led the house in the pledges of allegiance to the United States and Texas flags.

CSSB 218 - STATEMENT OF LEGISLATIVE INTENT

REPRESENTATIVE V. TAYLOR: So, Representative Dukes, we put an amendment on this bill, did we not?

REPRESENTATIVE DUKES: Yes.

V. TAYLOR: And, to establish legislative intent, can you talk about what that amendment did and why we put that in there in committee?

DUKES: Yes. The amendment is to ensure that the agency works closely with parents in developing parental plans.

V. TAYLOR: So, this amendment establishes parental rights over their children even when they are working with CPS.

DUKES: Absolutely. We want to make sure that there is not a one-sided dictation from the Department of Family and Protective Services, overly burdening families with an inability to work appropriately to reunite with their children.

V. TAYLOR: Would you agree that this amendment came out of problems with CPS giving inappropriate recommendations in their plan, without parents having input into it?

DUKES: Absolutely, as well as not giving consistent information to parents to ensure that they would know their rights, and that they would know exactly what the agency was attempting to do, and misleading some, and taking their children.

REMARKS ORDERED PRINTED

Representative V. Taylor moved to print remarks between Representative Dukes and Representative V. Taylor.

REPRESENTATIVE DUKES: Representative Allen, could you—for many years, it seems like almost every session, we have discussed a monument to commemorate African Americans, and at one point in time there was a monument that had some design to it that was sort of placed on hold. So tell me, what does your bill do?

REPRESENTATIVE ALLEN: This just continues it. This simply—

DUKES: And will it be the same design, same faces, same characters?

ALLEN: No. No, I don't think the intent is that.

DUKES: No, I don't want to know if you think the intent is that, I want to know absolutely what the intent is.

ALLEN: This just continues the process.

DUKES: To create a different design of the statue?

ALLEN: I don't think it has anything to do with the design of the statue, but this just continues the process.

DUKES: Well, if it doesn't have anything to do with the design of the statue, I intend to talk for 10 minutes.

ALLEN: Okay, I understand there's a new design, and it is nothing like the previous one. I understand what you're talking about.

DUKES: It is going to be a new design?

ALLEN: Yes.

(Simpson recorded voting no.)

SB 150 - STATEMENT OF LEGISLATIVE INTENT

REPRESENTATIVE BURNAM: Earlier when we were visiting about this, I was a little incredulous that this was let out on local and consent, but it is on local and consent. Could you explain the four, or answer the four following questions? Which vital officers are we authorizing to arrest for state criminal offenses under this bill?

REPRESENTATIVE S. MILLER: The only one under this bill is the Veterans Affairs Office of Inspector General. It's very specific, very limited.

BURNAM: Does the authority apply to commission of any state criminal offense, or only to certain types of offenses?

S. MILLER: Only felony offenses.

BURNAM: Can you explain to me what change with regard to that authority is a result of the federal Homeland Security Act of 2002?

S. MILLER: Well, the OIG previously had law enforcement authority under the U.S. Marshals Service through being deputized. That changed in '03 with the Homeland Security Act and granted separate law enforcement authority to them.

BURNAM: How does the bill affect the arrest powers of border patrol agents in Texas?

S. MILLER: It doesn't. They're not in it. They're not a part of it.

BURNAM: It doesn't affect that at all?

S. MILLER: No.

BURNAM: We are not increasing the risk of people returning from Mexico and being arrested for public intoxication, or anything like that?

S. MILLER: No, it's limited just to the Veterans Affairs Office of the Inspector General.

(5) "Incremental cost" means the difference between the manufacturer's suggested retail price of a baseline vehicle, the documented dealer price of a baseline vehicle, cost to lease or otherwise commercially finance a baseline vehicle, cost to repower with a baseline engine, or other appropriate baseline cost established by the commission, and the actual cost of the natural gas vehicle purchase, lease, or other commercial financing, or repower.

(6) "Medium-duty motor vehicle" means a motor vehicle with a gross vehicle weight rating of more than 8,500 pounds that:

(A) is certified to the United States Environmental Protection Agency's light-duty emissions standard; or

(B) has an engine certified to the United States Environmental Protection Agency's light-duty emissions standard.

(7) "Motor vehicle" has the meaning assigned by Section 386.151.

(8) "Natural gas vehicle" means a motor vehicle that receives not less than 75 percent of its power from compressed or liquefied natural gas.

(9) "Program" means the Texas natural gas vehicle grant program established under this chapter.

Sec. 394.002. PROGRAM. The commission shall establish and administer the Texas natural gas vehicle grant program to encourage an entity that has a heavy-duty or medium-duty motor vehicle to repower the vehicle with a natural gas engine or replace the vehicle with a natural gas vehicle. Under the program, the commission shall provide grants for eligible heavy-duty motor vehicles and medium-duty motor vehicles to offset the incremental cost for the entity of repowering or replacing the heavy-duty or medium-duty motor vehicle.

Sec. 394.003. QUALIFYING VEHICLES. (a) A vehicle is a qualifying vehicle that may be considered for a grant under the program if during the calendar year the entity:

(1) purchased, leased, or otherwise commercially financed the vehicle as a new on-road heavy-duty or medium-duty motor vehicle that:

(A) is a natural gas vehicle;

(B) is certified to current federal emissions standards;

(C) replaces an on-road heavy-duty or medium-duty motor vehicle of the same weight classification and use; and

(D) is powered by an engine certified to:

(i) emit not more than 0.2 grams of nitrogen oxides per brake horsepower hour; or

(ii) meet or exceed the United States Environmental Protection Agency's Bin 5 standard for light-duty engines when powering the vehicle; or

(2) repowered the on-road motor vehicle to a natural gas vehicle powered by a natural gas engine that:

(A) is certified to current federal emissions standards; and

(B) is:

(i) a heavy-duty engine that is certified to emit not more than 0.2 grams of nitrogen oxides per brake horsepower hour; or

(ii) certified to meet or exceed the United States Environmental Protection Agency's Bin 5 standard for light-duty engines when powering the vehicle.

(b) A heavy-duty or medium-duty motor vehicle is not a qualifying vehicle if the vehicle or the natural gas engine powering the vehicle:

(1) has been awarded a grant under this chapter for a previous reporting period; or

(2) has received a similar grant or tax credit in another jurisdiction if that grant or tax credit program is relied on for credit in the state implementation plan.

Sec. 394.004. APPLICATION FOR GRANT. (a) Only an entity operating in this state that operates a heavy-duty or medium-duty motor vehicle may apply for and receive a grant under this chapter.

(b) An application for a grant under this chapter must be made on a form provided by the commission and must contain the information required by the commission.

(c) The commission, after consulting stakeholders, shall:

(1) simplify the application form; and

(2) minimize, to the maximum extent possible, documentation required for an application.

Sec. 394.005. ELIGIBILITY FOR GRANTS. (a) The commission by rule shall establish criteria for prioritizing qualifying vehicles eligible to receive grants under this chapter. The commission shall review and revise the criteria as appropriate after consultation with the advisory board.

(b) To be eligible for a grant under the program:

(1) the use of the qualifying vehicle must be projected to result in a reduction in emissions of nitrogen oxides of at least 25 percent as compared to the motor vehicle or engine being replaced, based on:

(A) the baseline emission level set by the commission under Subsection (g); and

(B) the certified emission rate of the new vehicle; and

(2) the qualifying vehicle must:

(A) replace a heavy-duty or medium-duty motor vehicle that:

(i) is an on-road vehicle that has been owned, leased, or otherwise commercially financed and registered and operated by the applicant in Texas for at least the two years immediately preceding the submission of a grant application;

(ii) satisfies any minimum average annual mileage or fuel usage requirements established by the commission;

(iii) satisfies any minimum percentage of annual usage requirements established by the commission; and

(iv) is in operating condition and has at least two years of remaining useful life, as determined in accordance with criteria established by the commission; or

(B) be a heavy-duty or medium-duty motor vehicle repowered with a natural gas engine that:

(i) is installed in an on-road vehicle that has been owned, leased, or otherwise commercially financed and registered and operated by the applicant in Texas for at least the two years immediately preceding the submission of a grant application;

(ii) satisfies any minimum average annual mileage or fuel usage requirements established by the commission;

(iii) satisfies any minimum percentage of annual usage requirements established by the commission; and

(iv) is installed in an on-road vehicle that, at the time of the vehicle's repowering, was in operating condition and had at least two years of remaining useful life, as determined in accordance with criteria established by the commission.

(c) As a condition of receiving a grant, the qualifying vehicle must be continuously owned, leased, or otherwise commercially financed and registered and operated in the state by the grant recipient until the earlier of the fourth anniversary of the date of reimbursement of the grant-funded expenses or until the date the vehicle has been in operation for 400,000 miles after the date of reimbursement. Not less than 75 percent of the annual use of the qualifying vehicle, either mileage or fuel use as determined by the commission, must occur in:

(1) the counties any part of which are included in the area described by Section 394.010(a); or

(2) counties designated as nonattainment areas within the meaning of Section 107(d) of the federal Clean Air Act (42 U.S.C. Section 7407).

(d) The commission shall include and enforce the usage provisions in the grant contracts. The commission shall monitor compliance with the ownership, leasing, and usage requirements, including submission of reports on at least an annual basis, or more frequently as determined by the commission.

(e) The commission by contract may require the return of all or a portion of grant funds for a grant recipient's noncompliance with the usage and percentage of use requirements under this section.

(f) A heavy-duty or medium-duty motor vehicle replaced under this program must be rendered permanently inoperable by crushing the vehicle, by making a hole in the engine block and permanently destroying the frame of the vehicle, or by another method approved by the commission that permanently removes the vehicle from operation in this state. The commission shall establish criteria for ensuring the permanent destruction of the engine or vehicle. The commission shall enforce the destruction requirements.

(g) The commission shall establish baseline emission levels for emissions of nitrogen oxides for on-road heavy-duty or medium-duty motor vehicles being replaced by using the emission certification for the engine or vehicle being

replaced. The commission may consider deterioration of the emission performance of the engine of the vehicle being replaced in establishing the baseline emission level. The commission may consider and establish baseline emission rates for additional pollutants of concern, as determined by the commission after consultation with the advisory board.

(h) Mileage or fuel use requirements established by the commission under Subsection (b)(2)(A)(ii) may differ by vehicle weight categories and type of use.

(i) The executive director shall waive the requirements of Subsection (b)(2)(A)(i) on a finding of good cause, which may include short lapses in registration or operation due to economic conditions, seasonal work, or other circumstances.

Sec. 394.006. RESTRICTION ON USE OF GRANT. A recipient of a grant under this chapter shall use the grant to pay the incremental costs of the replacement for which the grant is made, which may include the initial cost of the natural gas vehicle or natural gas engine and the reasonable and necessary expenses incurred for the labor needed to install emissions-reducing equipment. The recipient may not use the grant to pay the recipient's administrative expenses.

Sec. 394.007. AMOUNT OF GRANT. (a) The commission shall develop a grant schedule that:

(1) assigns a standardized grant in an amount between 60 and 90 percent of the incremental cost of a natural gas vehicle purchase, lease, other commercial finance, or repowering;

(2) is based on:

(A) the certified emission level of nitrogen oxides, or other pollutants as determined by the commission, of the engine powering the natural gas vehicle; and

(B) the usage of the natural gas vehicle; and

(3) may take into account the overall emissions reduction achieved by the natural gas vehicle.

(b) Not less than 60 percent of the total amount of grants awarded under this chapter for the purchase and repowering of motor vehicles must be awarded to motor vehicles with a gross vehicle weight rating of at least 33,001 pounds. The minimum grant requirement under this subsection does not apply if the commission does not receive enough grant applications to satisfy the requirement for motor vehicles described by this subsection that are eligible to receive a grant under this chapter.

(c) A person may not receive a grant under this chapter that, when combined with any other grant, tax credit, or other governmental incentive, exceeds the incremental cost of the vehicle for which the grant is awarded. A person shall return to the commission the amount of a grant awarded under this chapter that, when combined with any other grant, tax credit, or other governmental incentive, exceeds the incremental cost of the vehicle for which the grant is awarded.

(d) The commission shall reduce the amount of a grant awarded under this chapter as necessary to keep the combined incentive total at or below the incremental cost of the vehicle for which the grant is awarded if the grant recipient is eligible to receive an automatic incentive at or before the time a grant is awarded under this chapter.

Sec. 394.008. GRANT PROCEDURES. (a) The commission shall adopt procedures for:

(1) awarding grants under this chapter in the form of rebates; and
(2) streamlining the grant application, contracting, reimbursement, and reporting process for qualifying natural gas vehicle purchases or repowers.

(b) Procedures adopted under this section must:

(1) provide for the commission to compile and regularly update a listing of preapproved natural gas vehicles:

(A) powered by natural gas engines certified to emit not more than 0.2 grams of nitrogen oxides per brake horsepower hour; or

(B) certified to the United States Environmental Protection Agency's light-duty Bin 5 standard or better;

(2) if a federal standard for the calculation of emissions reductions exists, provide a method to calculate the reduction in emissions of nitrogen oxides, volatile organic compounds, carbon monoxide, particulate matter, and sulfur compounds for each replacement or repowering;

(3) assign a standardized rebate amount for each qualifying vehicle under Section 394.007;

(4) allow for processing rebates on an ongoing first-come, first-served basis;

(5) provide for contracts between the commission and participating dealers under Section 394.009;

(6) allow grant recipients to assign their grant funds to participating dealers to offset the purchase or lease price;

(7) require grant applicants to identify natural gas fueling stations that are available to fuel the qualifying vehicle in the area of its use;

(8) provide for payment not later than the 30th day after the date the request for reimbursement for an approved grant is received;

(9) provide for application submission and application status checks to be made over the Internet; and

(10) consolidate, simplify, and reduce the administrative work for applicants and the commission associated with grant application, contracting, reimbursement, and reporting requirements.

(c) The commission, or its designee, shall oversee the grant process and is responsible for final approval of any grant.

(d) Grant recipients are responsible for meeting all grant conditions, including reporting and monitoring as required by the commission through the grant contract.

Sec. 394.009. PARTICIPATING DEALERS. (a) In this section, "participating dealer" means a person who:

(1) sells, leases, or otherwise commercially finances on-road heavy-duty or medium-duty natural gas vehicles or heavy-duty or medium-duty natural gas engines; and

(2) has satisfied all requirements established by the commission for participation in the program as a dealer.

(b) A participating dealer must agree to the terms and conditions of a standardized contract developed by the commission.

(c) A participating dealer shall:

(1) provide information regarding natural gas vehicle grants to fleet operators;

(2) assist an applicant who purchases, leases, or otherwise commercially finances a natural gas vehicle or engine from the dealer with the completion of the application; and

(3) submit completed applications and documentation to the commission on behalf of an applicant who purchases, leases, or otherwise commercially finances a natural gas vehicle or engine from the dealer.

(d) A participating dealer may not approve a grant.

(e) The commission shall:

(1) maintain and make available to the public online a list of all qualified dealers; and

(2) establish requirements for participation in the program by sellers of on-road heavy-duty or medium-duty natural gas vehicles and heavy-duty or medium-duty natural gas engines.

Sec. 394.010. CLEAN TRANSPORTATION TRIANGLE. (a) To ensure that natural gas vehicles purchased, leased, or otherwise commercially financed or repowered under the program have access to fuel, and to build the foundation for a self-sustaining market for natural gas vehicles in Texas, the commission shall award grants to support the development of a network of natural gas vehicle fueling stations along the interstate highways connecting Houston, San Antonio, Dallas, and Fort Worth. In awarding the grants, the commission shall provide for:

(1) strategically placed natural gas vehicle fueling stations in and between the Houston, San Antonio, and Dallas-Fort Worth areas to enable a natural gas vehicle to travel along that triangular area relying solely on natural gas fuel;

(2) grants to be dispersed through a competitive bidding process to offset a portion of the cost of installation of the natural gas dispensing equipment;

(3) contracts that require the recipient stations to meet operational, maintenance, and reporting requirements as specified by the commission; and

(4) a listing, to be maintained by the commission and made available to the public online, of all natural gas vehicle fueling stations that have received grant funding, including location and hours of operation.

(b) The commission may not award more than:

(1) three station grants to any entity; or

(2) one grant for each station.

(c) Grants awarded under this section may not exceed:

(1) \$100,000 for a compressed natural gas station;

(2) \$250,000 for a liquefied natural gas station; or

(3) \$400,000 for a station providing both liquefied and compressed natural gas.

(d) Stations funded by grants under this section must be publicly accessible and located not more than three miles from an interstate highway system. The commission shall give preference to:

(1) stations providing both liquefied natural gas and compressed natural gas at a single location; and

(2) stations located not more than one mile from an interstate highway system.

(e) To meet the goals of this section, the commission may solicit grant applications under this section for a new fueling station in a specific area or location.

(f) Grants made under this section are not subject to the requirements of Sections 394.002 through 394.008. The commission shall develop an application package and review applications in accordance with Sections 386.110 and 386.111.

(g) The commission, in consultation with the natural gas industry, shall determine the most efficient use of funding for the station grants under this section to maximize the availability of natural gas fueling stations.

Sec. 394.011. ADMINISTRATION OF PROGRAM. The commission may contract with one or more entities for administration of the program.

Sec. 394.012. EXPIRATION. This chapter expires August 31, 2017.

(6) Add the following appropriately numbered SECTIONS to the bill and renumber subsequent SECTIONS of the bill accordingly:

SECTION ____. The Texas Commission on Environmental Quality shall adopt rules and establish procedures under Chapter 394, Health and Safety Code, as added by this Act, as soon as practicable after the effective date of this Act.

SECTION ____. To the extent of any conflict, this Act prevails over another Act of the 82nd Legislature, Regular Session, 2011, relating to nonsubstantive additions to and corrections in enacted codes.

Amendment No. 1 was adopted.

SECTION _____. (a) Subchapter H, Chapter 418, Government Code, is amended by adding Section 418.192 to read as follows:

Sec. 418.192. COMMUNICATIONS BY PUBLIC SERVICE PROVIDERS DURING DISASTERS AND EMERGENCIES. (a) In this section:

(1) "Emergency" means a temporary, sudden, and unforeseen occurrence that requires action by a public service provider to correct the occurrence, inform others of the occurrence, protect lives or property, or temporarily reduce demand for or allocate supply of the provider's products or services to ensure public safety or preserve the integrity of service delivery mechanisms.

(2) "Public service provider" means any person or entity that provides essential products or services to the public that are regulated under the Natural Resources Code, Utilities Code, or Water Code, including:

(A) common carriers under Section 111.002, Natural Resources Code;

(B) telecommunications providers as defined by Section 51.002, Utilities Code; and

(C) any other person or entity providing or producing heat, light, power, or water.

(b) A public service provider may enter into a contract for an emergency notification system described by this section for use in informing the provider's customers, governmental entities, and other affected persons regarding:

(1) notice of a disaster or emergency; and

(2) any actions a recipient is required to take during a disaster or emergency.

(c) The emergency notification system for which a contract is entered into under Subsection (b) must rely on a dynamic information database that:

(1) is capable of simultaneous transmission of emergency messages to all recipients through at least two industry-standard gateways to one or more telephones or electronic devices owned by a recipient in a manner that does not negatively impact the existing communications infrastructure;

(2) allows the public service provider to:

(A) store prewritten emergency messages in the dynamic information database for subsequent use; and

(B) generate emergency messages in real time based on provider inputs;

(3) allows a recipient to select the language in which the recipient would prefer to receive messages;

(4) transmits the message in the recipient's language of choice to that recipient;

(5) converts text messages to sound files and transmits those sound files to the appropriate device;

(6) assigns recipients to priority groups for notification;

(7) allows for the collection and verification of responses by recipients of emergency messages; and

(8) reads or receives alerts from a commercial mobile alert system established by the Federal Communications Commission or complies with standards adopted for a commercial mobile alert system established by the Federal Communications Commission.

(d) The dynamic information database must comply with:

(1) the Telecommunications Service Priority program established by the Federal Communications Commission; and

(2) the Federal Information Processing Standard 140-2 governing compliant cryptographic modules for encryption and security issued by the National Institute of Standards and Technology.

(e) Before sending a notice described by Subsection (b), a public service provider must:

(1) provide a copy of the notice to the emergency management director designated under Section 418.1015, for each political subdivision for which the public service provider provides services at the time of the notice; and

(2) during a disaster declared by the governor or United States government, obtain approval of the notice from the emergency management director designated under Section 418.1015, for each political subdivision for which the public service provider provides services during the disaster.

(f) A customer of a public service provider may decline to receive the notices described by Subsection (b) by providing written notice of that decision to the public service provider.

(g) A public service provider shall cooperate with emergency management officials of each political subdivision in which the public service provider provides services to survey the number of notification systems in place.

(h) The requirements of this section do not apply to an emergency notification system that is in use by a public service provider on June 1, 2011.

(b) This section takes effect immediately if this Act receives a vote of two-thirds of all the members elected to each house, as provided by Section 39, Article III, Texas Constitution. If this Act does not receive the vote necessary for immediate effect, this section takes effect September 1, 2011.

SB 341 - STATEMENT OF LEGISLATIVE INTENT

REPRESENTATIVE GARZA: Representative Menendez, I just had a couple of questions. In your opinion, do you agree this bill, as amended, was a fair bill?

REPRESENTATIVE MENENDEZ: I do believe the bill is a fair bill. I believe some of the amendments we took, we did in order to save this body over two hours on Saturday afternoon, and I don't know if it will stay on the bill when it comes back.

GARZA: Well, do you agree that the amendments that were added provided adequate protection for rural and suburban ratepayers?

MENENDEZ: I'll repeat what I said. Some of the amendments will survive. Some of them will not survive.

GARZA: Okay. So, do you agree then that the amendments—such as the bifurcated election, the permanent rural advisory committee, the rural infrastructure fund, the declared valuation on the election, the TCEQ complaint process to honor all current contracts, and to have a contract review board—that all of those amendments that were accepted would strengthen the position of rural ratepayers who may lose their right to vote under this bill?

MENENDEZ: Representative Garza, every single ratepayer, whether they live inside the city limits, outside the city limits, in the county, or whichever part you deem to define rural—or not rural—every one of them has an equal vote. Therefore, I believe that this bill, in whatever form it comes back—it's going to go to conference, the senate's going to appoint five conferees, the house will appoint five conferees. We'll debate the value and the worth of the amendments, and we'll bring it back to the body so that the body as a whole can determine its value, up or down.

GARZA: So, in your opinion, do you agree with me that stripping these amendments will weaken the bill?

MENENDEZ: No. You know, representative, I do not believe that we're going to weaken the bill by removing any one amendment, or any two amendments, or any three amendments. There were 11 amendments left on the table when I chose to accept all the amendments because it was Saturday afternoon at 2:15, and I did not want to waste two hours of the membership's, of the body's, time.

GARZA: So do you, in your opinion, agree to support this bill, as amended, in conference committee, if we should have one?

MENENDEZ: Well, I do believe that this will have a conference committee, and I plan to bring this bill back. So I will support this bill in whatever shape the conferees choose as the best form of this bill. I don't make any commitments to any of the amendments that were made.

REMARKS ORDERED PRINTED

Representative Garza moved to print remarks between Representative Menendez and Representative Garza.

The motion prevailed.

REPRESENTATIVE MARTINEZ FISCHER: Representative Menendez, I know that this is a big bill that we've dealt with many sessions, and there's been draft, after draft, after draft, after draft. And would you agree with me that the bill that you brought to the floor un-amended represents the best work product that the delegation has been able to bring together, only bringing some finality to the ratepayers—Bexar Metropolitan Water District?

MENENDEZ: I definitely would agree that after hours and hours of having input from the public at large, from every one of our colleagues, that we have brought together a bill that represents good protections for all the ratepayers, and I do believe it was a good work product. There was an amendment by Representative Larson that was going to take into consideration some protections that we accepted early on in the process, and I had an amendment that was also made in order to provide all protections, as far as voting rights are concerned. And I do plan to make sure that those two amendments remain on the bill.

MARTINEZ FISCHER: At the committee level, I offered language concerning voting rights and it was adopted, and it was adopted in the committee substitute.

MENENDEZ: Correct.

MARTINEZ FISCHER: And so, I guess my point is, I mean, anybody that wanted to have meaningful input on this bill had the opportunity to do that at the member level, dealing with you directly, at the committee level in both the house and the senate. And so the amendments that were left on the table weren't the last resort. I mean, anybody could have talked to you in good faith about making the bill better. You taking those amendments is not your commitment to accepting those amendments. It was really a courtesy to the body that's had to deal with this issue, not just this session, but the last three or four.

MENENDEZ: Without a doubt. And as you know, Representative Martinez Fischer, we took a vote on the first amendment, and the first amendment that we took a vote on that was not acceptable went down with over 80 votes against it. But instead of having a two-hour debate on every single one of the amendments, I made the decision to take every amendment in order to save this body over two hours on a Saturday afternoon.

MARTINEZ FISCHER: That's my recollection. I just wanted to make sure that we're clear on that.

Representative Martinez Fischer moved to print remarks between Representative Menendez and Representative Martinez Fischer.

The motion prevailed.

(b) The extended jurisdiction of the court under this section terminates on the earlier of:

(1) the young adult's 21st birthday; or

(2) the date the young adult withdraws consent to the extension of the court's jurisdiction in writing or in court.

(c) At the request of a young adult who is receiving transitional living services from the department and who consents to voluntary extension of the court's jurisdiction under this section, the court may hold a hearing to review the services the young adult is receiving.

(d) Before a review hearing scheduled under this section, the department must file with the court a report summarizing the young adult's transitional living services plan, services being provided to the young adult under that plan, and the young adult's progress in achieving independence.

(e) If, after reviewing the report and any additional testimony and evidence presented at the hearing, the court determines that the young adult is entitled to additional services, the court may order the department to take appropriate action to ensure that the young adult receives those services.

SECTION ____.04. Subsections (a) and (c), Section 263.603, Family Code, are amended to read as follows:

(a) Notwithstanding Section 263.6021 [~~263.602~~], if the court believes that a young adult may be incapacitated as defined by Section 601(14)(B), Texas Probate Code, the court may extend its jurisdiction on its own motion without the young adult's consent to allow the department to refer the young adult to the Department of Aging and Disability Services for guardianship services as required by Section 48.209, Human Resources Code.

SECTION ____ .05. Section 263.609, Family Code, is repealed.

AMENDMENT NO. 7 - STATEMENT OF LEGISLATIVE INTENT

(b) Notwithstanding Section 12.052, in accordance with this subchapter, the board of trustees of a school district shall, with the approval of the commissioner, grant a charter for a campus to an entity that is a charter holder under Subchapter D or E and is eligible under Subsection (c), if the board is presented with a petition signed by the parents of a majority of the students at the campus. Such approval by the district shall not be conditionally approved or withheld. Such an entity granted a charter for a campus under this subsection has the same authority over the operations of the campus for which the charter is granted as a charter holder has under Subchapter D or E, as applicable. For purposes of this subsection, the signature of only one parent of a student is required. Such approval by the district shall not be conditionally approved or withheld.

(c) An entity that holds a charter under Subchapter D or E is eligible under this section to be granted a charter for a campus if:

(g) The amount of operations and maintenance funding provided each year to a campus granted a charter under this section must equal the product of the total amount of operations and maintenance funding for that school year for the school district in which the campus is located, multiplied by the quotient of the campus weighted average daily attendance divided by the total district weighted average daily attendance.

(h) A school district shall provide to the campus equal access to capital investments made by the school district that are payable from a tax imposed for payment of principal and interest on bonds issued under Section 45.001(a)(1)(A), (B), or (C).

CSHB 268, A bill to be entitled An Act relating to the exemption from sales and use taxes, including the motor vehicle sales and use tax, for timber and certain items used in or on a farm, ranch, timber operation, or agricultural aircraft operation.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Subchapter E, Chapter 151, Tax Code, is amended by adding Section 151.1551 to read as follows:

Sec. 151.1551. REGISTRATION NUMBER REQUIRED FOR TIMBER AND CERTAIN AGRICULTURAL ITEMS. (a) This section applies to an exemption provided by:

(1) Sections 151.316(a)(6), (7), (8), (10), (11), and (12);

(2) Section 151.316(b) for tangible personal property used in the production of agricultural products for sale;

(3) Section 151.3162(b) for tangible personal property used in the production of timber for sale;

(4) Sections 151.317(a)(5) and (10) for electricity used in agriculture or timber operations; and

(5) Section 151.3111 for services performed on tangible personal property exempted under Section 151.316(a)(6), (7), (8), (10), (11), or (12), 151.316(b), or 151.3162(b).

(b) To claim an exemption to which this section applies, a registration number issued by the comptroller must be stated on the exemption certificate provided by the purchaser of the item.

(c) A person is eligible to apply for a registration number if the person is engaged in the production of agricultural products or timber for sale or in an agricultural aircraft operation as defined by 14 C.F.R. Section 137.3.

(d) A person who is eligible may apply to the comptroller for a registration number. The application must:

(1) be on a form prescribed by the comptroller;

(2) if applicable, state the types of crops, livestock, or other agricultural products that are produced for sale on the farm or ranch on which the applicant will use or employ the item described by Subsection (a) or state that the item will be used in relation to a timber operation or an agricultural aircraft operation as defined by 14 C.F.R. Section 137.3;

(3) as applicable, state the name and address of the farm, ranch, timber operation, or other business owned or operated by the applicant in relation to which the applicant will use the item; and

(4) contain any other information required by the comptroller.

(e) The comptroller shall develop and implement a procedure by which an applicant may submit an application described by Subsection (d) electronically.

(f) The comptroller by rule shall establish a uniform date on which all registration numbers issued under this section must be renewed, regardless of the date on which a registration number is initially issued. The rules must require registration numbers to be renewed every four years.

(g) The comptroller may not issue a registration number that contains an individual's social security number.

(h) The comptroller, after written notice and a hearing, may revoke the registration number issued to a person who fails to comply with this chapter or with a rule adopted under this chapter. A person whose registration number the comptroller proposes to revoke under this section is entitled to 20 days' written

notice of the time and place of the hearing on the revocation. The notice must state the reason the comptroller is seeking to revoke the person's registration number. At the hearing the person must show cause why the person's registration number should not be revoked.

(i) The comptroller shall give written notice of the revocation of a registration number under Subsection (h) to the person to whom the number was issued. The notice may be personally served on the person or sent by mail to the person's address as shown in the comptroller's records.

(j) If the comptroller revokes a person's registration number under Subsection (h), the comptroller may not revive the registration number unless the comptroller is satisfied that the person will comply with this chapter and the rules adopted under this chapter. The comptroller may prescribe the terms under which a revoked registration number may be revived.

(k) Following the revocation of a registration number by the comptroller, the person who held the registration number must, on the next transaction with each seller to whom the person previously issued a claim for exemption with a registration number, notify that seller that the person's registration number is no longer valid. The failure of a person to notify a seller as required by this subsection is considered a failure and refusal to pay the taxes imposed by this chapter by the person required to make the notification.

(l) The comptroller shall develop and operate an online system to enable a seller of an item described by Subsection (a) to search and verify the validity of the registration number stated on an exemption certificate. A seller is not required to use the online system.

(m) An exemption certificate that states a registration number issued by the comptroller to claim an exemption to which this section applies is sufficient documentation of the seller's receipt of the certificate in good faith for purposes of Sections 151.054 and 151.104.

(n) The comptroller by rule shall establish procedures by which a seller may accept a blanket exemption certificate with a registration number issued by the comptroller to claim exemptions to which this section applies.

(o) A use of an item purchased using an exemption certificate with a registration number issued under this section in a manner or for a purpose other than the manner or purpose that qualified the sale, lease, rental, or other consumption of the item for the exemption may result in the revocation of the number.

(p) A person eligible for a registration number who, at the time of purchasing, leasing, renting, or otherwise consuming an item for which the person may otherwise claim an exemption to which this section applies, has not obtained a registration number from the comptroller must pay the tax on the item to the seller at the time of the transaction. The person may then apply for a registration number and, on receipt of the number, may apply to the comptroller for a refund of the tax paid, subject to the statute of limitations. The comptroller by rule shall establish procedures for processing the refund requests. Tax collected by a seller under this subsection is not tax collected in error, and Section 111.104 does not apply to a refund request submitted under this subsection.

If the authorized commission employee or designated person determines that the organization report does not qualify for renewal because the operator has continued to fail to comply with the requirements of this subchapter, the operator, not later than the 30th day after the date of the determination, may request a hearing regarding the determination. The operator shall pay the costs associated with a hearing requested under this subsection.

(f) If the commission determines following the hearing that the operator has failed to comply with the requirements of this subchapter or the operator fails to file a timely request for a hearing, the commission by order shall refuse to renew the organization report. (2) a reasonable expectation of being restored to a beneficial use that will prevent waste of oil or gas resources that otherwise would not be produced if the well were plugged; and

(b) appropriate documentation demonstrating the basis for the affirmation of the well's future utility; and

(iii) specifies the field and the covered wells within that field in a format prescribed by the commission;

(C) a statement that the well is part of an enhanced oil recovery project;

(D) if the operator of the well is not currently otherwise required by commission rule or order to conduct a fluid level or hydraulic pressure test of the well, documentation of the results of a successful fluid level or hydraulic pressure test of the well conducted in accordance with the commission's rules in effect at the time the test is conducted;

(E) a supplemental bond, letter of credit, or cash deposit sufficient for each well specified in the application that:

(i) complies with the requirements of Chapter 91; and

(ii) is of an amount at least equal to the cost calculation for plugging an inactive well for each well specified in the application;

(F) documentation of the deposit with the commission each time the operator files an application of an amount of escrow funds as prescribed by commission rule that equal at least 10 percent of the total cost calculation for plugging an inactive well for each well specified in the application; or

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Section 56.031, Utilities Code, is amended to read as follows:

Sec. 56.031. ADJUSTMENTS: TEXAS HIGH COST UNIVERSAL SERVICE PLAN. The commission may revise the monthly per line support amounts to be made available from the Texas High Cost Universal Service Plan [~~and from the Small and Rural Incumbent Local Exchange Company Universal Service Plan at any time after September 1, 2007,~~] after notice and an opportunity for hearing. In determining appropriate monthly per line support amounts, the commission shall consider the adequacy of basic rates to support universal service.

SECTION 2. Subchapter B, Chapter 56, Utilities Code, is amended by adding Section 56.032 to read as follows:

Sec. 56.032. ADJUSTMENTS: SMALL AND RURAL INCUMBENT LOCAL EXCHANGE COMPANY UNIVERSAL SERVICE PLAN. (a) For purposes of this section, "consumer price index" means the Consumer Price Index for All Urban Consumers, as published by the federal Bureau of Labor Statistics of the United States Department of Labor.

(b) Except as provided by Subsections (c), (d), (e), and (f), the commission may revise the monthly support amounts to be made available from the Small and Rural Incumbent Local Exchange Company Universal Service Plan by revising

the monthly per line support amounts, after notice and an opportunity for hearing. In determining appropriate monthly per line support amounts, the commission shall consider the adequacy of basic rates to support universal service.

(c) On the written request of a small or rural incumbent local exchange company that receives monthly per line support amounts, the commission shall disburse funds to the company in fixed monthly amounts based on the company's annualized amount of recovery for the calendar year ending on December 31, 2010. A company may submit only one request under this subsection and must submit the request on or before December 31, 2011.

(d) On the written request of a small or rural incumbent local exchange company that is not an electing company under Chapter 58 or 59, the commission annually shall set the company's monthly support amounts for the following 12 months by dividing by 12 the annualized support amount calculated under this subsection. The commission shall calculate the annualized amount:

(1) for the initial 12-month period for which a company makes an election under this subsection, by:

(A) determining the annualized support amount calculated for the requestor in the final order issued by the commission in Docket No. 18516; and

(B) adjusting the support amount determined under Paragraph (A) at the beginning of each calendar year by a factor equal to the most recent consumer price index published at that time, beginning with the 1999 calendar year and ending in the year the company makes an election under this subsection; and

(2) for the 12-month period following the initial period for which a company made an election under this subsection and for subsequent 12-month periods, by adjusting the most recent annualized support amount calculated by the commission by a factor equal to the percentage change in the consumer price index for the most recent 12-month period.

(e) If a company elects to receive monthly support amounts under Subsection (d), the commission, on its own motion or on the written request of the company, may initiate a proceeding to recalculate the most recent annualized support amount to be used as the basis for adjustment for a subsequent 12-month period under Subsection (d)(2). If, based on the recalculation, the commission by order adjusts a company's most recent annualized support amount, the adjusted support amount supersedes the annualized support amount calculated in accordance with Subsection (d).

(f) The commission shall administratively review requests filed under Subsections (c) and (d). Except for good cause, the commission shall approve the request not later than the 60th day after the date the commission determines the company is eligible and has met all the procedural requirements under this subchapter.

(g) This section does not affect the commission's authority under Chapter 53 or this chapter.

(h) This section and any monthly support amount approved under this section expire on September 1, 2013.

SECTION 3. Effective September 1, 2013, Section 56.031, Utilities Code, is amended to read as follows:

Sec. 56.031. ADJUSTMENTS. The commission may revise the monthly per line support amounts to be made available from the Texas High Cost Universal Service Plan and from the Small and Rural Incumbent Local Exchange Company Universal Service Plan at any time after September 1, 2007, after notice and an opportunity for hearing. In determining appropriate monthly per line support amounts, the commission shall consider the adequacy of basic rates to support universal service.

SECTION 4. Except as otherwise provided by this Act, this Act takes effect September 1, 2011.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Section 49-b(h), Article III, Texas Constitution, is amended to read as follows:

(h) Lands purchased and comprising a part of the Veterans' Land Fund are declared to be held for a governmental purpose, but the individual purchasers of those lands shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent ~~[Free Public]~~ School Fund. The lands shall be sold to veterans in quantities, on terms, at prices, and at fixed, variable, floating, or other rates of interest, determined by the Board and in accordance with rules of the Board. Notwithstanding any provisions of this section to the contrary, lands in the Veterans' Land Fund that are offered for sale to veterans and that are not sold may be sold or resold to the purchasers in quantities, on terms, at prices, and at rates of interest determined by the Board and in accordance with rules of the Board.

SECTION 2. Sections 2 and 4, Article VII, Texas Constitution, are amended to read as follows:

Sec. 2. All funds, lands and other property heretofore set apart and appropriated for the support of public schools; all the alternate sections of land reserved by the State out of grants heretofore made or that may hereafter be made to railroads or other corporations of any nature whatsoever; one half of the public domain of the State; and all sums of money that may come to the State from the sale of any portion of the same, shall constitute a permanent ~~[perpetual public]~~ school fund.

Sec. 4. The lands herein set apart to the Permanent ~~[Public Free]~~ School fund, shall be sold under such regulations, at such times, and on such terms as may be prescribed by law; and the Legislature shall not have power to grant any relief to purchasers thereof. The proceeds of such sales must be used to acquire other land for the Permanent ~~[Public Free]~~ School fund as provided by law or the proceeds shall be invested by the comptroller of public accounts, as may be directed by the Board of Education herein provided for, in the bonds of the United States, the State of Texas, or counties in said State, or in such other securities, and under such restrictions as may be prescribed by law; and the State shall be responsible for all investments.

SECTION 3. Section 5, Article VII, Texas Constitution, is amended by amending Subsection (a) and adding Subsection (g) to read as follows:

(a) The permanent school fund consists of all land appropriated for public schools by this constitution or the other laws of this state, other properties belonging to the permanent school fund, and all revenue derived from the land or other properties. The total amount distributed from the permanent school fund to the available school fund:

(A) a vote of two-thirds of the total membership of the State Board of Education, taken before the regular session of the legislature convenes; or

(B) the legislature by general law or appropriation, if the State Board of Education does not adopt a rate as provided by Paragraph (A) of this subdivision; and

Sec. 92.251. DEFINITIONS [~~DEFINITION~~]. In this subchapter:

(1) "Bedroom" means a room designed with the intent that it be used for sleeping purposes.

(2) "Dwelling [~~-,~~ "dwelling] unit" means a home, mobile home, duplex unit, apartment unit, condominium unit, or any dwelling unit in a multiunit residential structure. It also means a "dwelling" as defined by Section 92.001.

(3) "Smoke alarm" means a device designed to detect and to alert occupants of a dwelling unit to the visible and invisible products of combustion by means of an audible alarm.

Sec. 92.252. APPLICATION OF OTHER LAW; MUNICIPAL REGULATION. (a) The duties of a landlord and the remedies of a tenant under this subchapter are in lieu of common law, other statutory law, and local ordinances regarding a residential landlord's duty to install, inspect, or repair a fire extinguisher or smoke alarm [~~detector~~] in a dwelling unit. However, this subchapter does not:

(1) affect a local ordinance adopted before September 1, 1981, that requires landlords to install smoke alarms [~~detectors~~] in new or remodeled dwelling units before September 1, 1981, if the ordinance conforms with or is amended to conform with this subchapter;

(2) limit or prevent adoption or enforcement of a local ordinance relating to fire safety as a part of a building, fire, or housing code, including any requirements relating to the installation of smoke alarms [~~detectors~~] or the type of smoke alarms [~~detectors~~];

(3) otherwise limit or prevent the adoption of a local ordinance that conforms to this subchapter but which contains additional enforcement provisions, except as provided by Subsection (b); or

(4) affect a local ordinance that requires regular inspections by local officials of smoke alarms [~~detectors~~] in dwelling units and that requires smoke alarms [~~detectors~~] to be operational at the time of inspection.

(b) If a smoke alarm [~~detector~~] powered by battery has been installed in a dwelling unit built before September 1, 1987, in compliance with this subchapter and local ordinances, a local ordinance may not require that a smoke alarm [~~detector~~] powered by alternating current be installed in the unit unless:

(1) the interior of the unit is repaired, remodeled, or rebuilt at a projected cost of more than \$5,000 [~~\$2,500~~] and:

(A) the repair, remodeling, or rebuilding requires a municipal building permit; and

(B) either:

(i) the repair, remodeling, or rebuilding results in the removal of interior walls or ceiling finishes exposing the structure; or

(ii) the interior of the unit provides access for building wiring through an attic, crawl space, or basement without the removal of interior walls or ceiling finishes;

(2) an addition occurs to the unit at a projected cost of more than \$5,000 [~~\$2,500~~];

(3) a smoke alarm [~~detector~~] powered by alternating current was actually installed in the unit at any time prior to September 1, 1987; or

(4) a smoke alarm [~~detector~~] powered by alternating current was required by lawful city ordinance at the time of initial construction of the unit.

~~[(5) in good working order.]~~

(a-1) If requested by a tenant as an accommodation for a person with a hearing-impairment disability or as required by law as a reasonable accommodation for a person with a hearing-impairment disability, a smoke alarm ~~[detector]~~ must, in addition to complying with Subsection (a), be capable of alerting a hearing-impaired person in the bedrooms it serves.

(b) Except as provided by Section 92.255(b), a smoke alarm may be powered by battery, alternating current, or other power source as required by local ordinance. The power system and installation procedure of a security device that is electrically operated rather than battery operated must comply with applicable local ordinances.

(c) During the term of a lease or during a renewal or extension, the landlord has a duty to inspect and repair a smoke alarm [~~detector~~], but only if the tenant gives the landlord notice of a malfunction or requests to the landlord that the smoke alarm [~~detector~~] be inspected or repaired. This duty does not exist with respect to damage or a malfunction caused by the tenant, the tenant's family, or the tenant's guests or invitees during the term of the lease or a renewal or extension, except that the landlord has a duty to repair or replace the smoke alarm [~~detector~~] if the tenant pays in advance the reasonable repair or replacement cost, including labor, materials, taxes, and overhead.

(d) The landlord must comply with the tenant's request for inspection or repair of a smoke alarm within a reasonable time, considering the availability of material, labor, and utilities.

(e) The landlord has met the duty to inspect and repair if the smoke alarm [~~detector~~] is in good working order after the landlord tests the smoke alarm [~~detector~~] with smoke, operates the testing button on the smoke alarm [~~detector~~], or follows other recommended test procedures of the manufacturer for the particular model.

(f) The landlord is not obligated to provide batteries for a battery-operated smoke alarm [~~detector~~] after a tenant takes possession if the smoke alarm [~~detector~~] was in good working order at the time the tenant took possession.

(c) A tenant is not liable for damages suffered by the landlord if the damage is caused by the landlord's failure to repair the smoke alarm [~~detector~~] within a reasonable time after the tenant requests it to be repaired, considering the availability of material, labor, and utilities.

(d) A landlord of a tenant who is liable under Subsection (a) may obtain or exercise one or more of the remedies in Subsection (e) if:

(1) a lease between the landlord and tenant contains a notice, in underlined or boldfaced print, which states in substance that the tenant must not disconnect or intentionally damage a smoke alarm [~~detector~~] or remove the battery without immediately replacing it with a working battery and that the tenant may be subject to damages, civil penalties, and attorney's fees under Section 92.2611 of the Property Code for not complying with the notice; and

(2) the landlord has given notice to the tenant that the landlord intends to exercise the landlord's remedies under this subchapter if the tenant does not reconnect, repair, or replace the smoke alarm [~~detector~~] or replace the removed battery within seven days after being notified by the landlord to do so.

(d-1) The notice in Subsection (d)(2) [~~Subdivision (2)~~] must be in a separate document furnished to the tenant after the landlord has discovered that the tenant has disconnected or damaged the smoke alarm [~~detector~~] or removed a battery from it.

(f) A tenant's guest or invitee who suffers damage because of a landlord's failure to install, inspect, or repair a smoke alarm ~~[detector]~~ as required by this subchapter may recover a judgment against the landlord for the damage. (Ritter - House Sponsor)**

CSSB 332, A bill to be entitled An Act relating to the ownership of groundwater below the surface of land, the right to produce that groundwater, and the management of groundwater in this state.

CSSB 332 - POINT OF ORDER

Representative Farrar raised a point of order against further consideration of **CSSB 332** under Rule 4, Section 32(c) of the House Rules on the grounds that the bill analysis is incorrect.

The speaker overruled the point of order.

CSSB 332 - STATEMENT OF LEGISLATIVE INTENT

REPRESENTATIVE PRICE: Mr. Chairman, you know I support this bill, and we worked hard in our committee to get this to the point where it is. But, I have a few questions I wanted to ask you for legislative intent. First, I wanted to ask you and clarify that water rights can be severed by the landowner and lease transferred or conveyed under current law, correct?

REPRESENTATIVE RITTER: Yes. That's true.

PRICE: So, this bill will not and is not intended to change the right to sever groundwater rights, is it?

RITTER: No, it does not.

PRICE: So, even though this bill refers to a landowner who owns groundwater below the surface of his land, it does not preclude an owner of water rights who is not also the surface owner from transferring, leasing, reserving, or conveying his water?

RITTER: No, it does not.

PRICE: Finally, there was a sentence in an earlier version of the bill that stated, "Groundwater ownership and rights may be transferred, conveyed, or leased in the same manner and by the same means as any other ownership interest in real property." That was removed in the final committee substitute as a redundant statement since the bill already states the landowner owns the groundwater below the surface as real property. Is that correct?

RITTER: That's correct.

PRICE: So, by removing that text I just read, there's no implication that one who owns groundwater rights, whether severed previously or not, is in any way precluded from transferring, conveying, or leasing their water rights. Is that accurate?

RITTER: That's accurate, Mr. Price.

REMARKS ORDERED PRINTED

Representative Price moved to print remarks between Representative Ritter and Representative Price.

The motion prevailed.

CSSB 332, as amended, was passed to third reading.

SB 1714 ON THIRD READING (Chisum - House Sponsor)

SB 1714, A bill to be entitled An Act relating to certain actions against an employer by an employee who is not covered by workers' compensation insurance.

SB 1714 - STATEMENT OF LEGISLATIVE INTENT

REPRESENTATIVE BRANCH: Is the reference in the new language in 406.034(d) to an "agreement" intended to cover any agreement, plan, or practice by an employer to provide benefits outside of workers' compensation to employees that waive workers' compensation coverage?

REPRESENTATIVE CHISUM: Yes.

BRANCH: Is the intent in Section 3 of the bill, relating to the applicability section, that Section (3)(a)(2)(B) only refers to those benefits payable by an employer in exchange for a pre-injury waiver of the employee's right of action?

CHISUM: Yes.

REMARKS ORDERED PRINTED

Representative Chisum moved to print remarks between Representative Branch and Representative Chisum.

The motion prevailed.

REPRESENTATIVE GIDDINGS: Mr. Chisum, I'm sorry, I'm trying to figure out exactly—in a thumbnail sketch—what your bill does. Does this affect nonsubscribers?

CHISUM: This only affects one nonsubscriber, and I'll just tell you their name is Cargill, they're a very large employer in my and Mr. Smithee's district and around Lubbock, Texas, all the way up to the northern parts of the Panhandle. It allows them, because they have an agreement with their employees, to be a nonsubscriber. We grandfather them in and we just say that you cannot any longer have an alternative to workers' comp that requires the employee to waive their right to sue, and so, we don't want to continue those because that's a very large place where they could abuse the privilege. This company has not abused it—their employee representatives are just fine with the way we—so we did not want to change that at all. We want them to be allowed to go forward, but we don't want to proliferate this with some bad actors, so that's—but if you want to be a nonsubscriber, you can do that.

GIDDINGS: Okay. So, to be sure I get this correct, your bill is only intended to affect this one employer in your area, and you're grandfathering them?

CHISUM: We are grandfathering them in, yes.

GIDDINGS: They have an agreement—a non-sue agreement with their workers?

CHISUM: They do.

GIDDINGS: And so, what is their history? Have their workers been taken care of—you know—

CHISUM: They have a long history. They've had only one complaint that we're aware of, and it seems to be a program that is working for them, and they continue to be a large employer in that area of the state.

GIDDINGS: Okay, so this is just grandfathering this one particular company in your area and has no effect on the rest of the state?

CHISUM: Absolutely.

REMARKS ORDERED PRINTED

Representative Giddings moved to print remarks between Representative Chisum and Representative Giddings.

The motion prevailed.

(2) In SECTION 2 of the bill, strike amended Section 232.022(a), Local Government Code.

(3) Add the following appropriately numbered SECTIONS to the bill:

SECTION _____. Section 232.0031, Local Government Code, is amended to read as follows:

Sec. 232.0031. STANDARD FOR ROADS IN SUBDIVISION. A county may not impose under Section 232.003 a higher standard for streets or roads in a subdivision than the county imposes on itself for the construction of new streets or roads with a similar type and amount of traffic.

SECTION _____. Section 232.033, Local Government Code, is amended by amending Subsections (a) and (h) and adding Subsections (a-1), (a-2), (a-3), (a-4), and (a-5) to read as follows:

(a) Brochures, publications, ~~and~~ advertising of any form, and earnest money contracts relating to ~~[subdivided]~~ land required to be platted under this subchapter:

(1) may not contain any misrepresentation; ~~and~~

(2) except for a for-sale sign posted on the property that is no larger than three feet by three feet, must accurately describe the availability of water and sewer service facilities and electric and gas utilities; and

(3) if a plat for the land has not been finally approved and recorded, must include a notice that:

(A) subject to Subsection (a-1), a contract for the sale of any portion of the land may not be entered into until the land receives final plat approval under Section 232.024; and

(B) the land may not be possessed or occupied until:

(i) the land receives final plat approval under Section 232.024;
and

(ii) all water and sewer service facilities for the lot are connected or installed in compliance with the model rules adopted under Section 16.343, Water Code.

(a-1) This subsection applies in addition to other applicable law and prevails to the extent of a conflict with that other law. This subsection applies only to a person who is a seller or subdivider and who is a licensed, registered, or otherwise credentialed residential mortgage loan originator under applicable state law, federal law, and the Nationwide Mortgage Licensing System and Registry. A person may, before a plat has been finally approved and recorded for the land:

(1) enter into an earnest money contract with a potential purchaser and accept payment under the contract in an amount of \$250 or less; and

(2) advertise in accordance with this section.

(a-2) An earnest money contract entered into under Subsection (a-1) is void if the plat for the land has not been finally approved and recorded before the 91st day after the date the earnest money contract is signed by the potential purchaser, unless the potential purchaser agrees in writing to extend the period for plat approval and recording for an additional 90-day period. Only one extension may be granted under this subsection.

(a-3) If an earnest money contract is void under Subsection (a-2), the seller shall refund all earnest money paid to the potential purchaser not later than the 30th day after the date the earnest money contract becomes void under Subsection (a-2). (a-4) Before entering into an earnest money contract with a potential purchaser and before a plat has been finally approved and recorded for the land as permitted under Subsection (a-1), a person must provide written notice to the attorney general and to the local government responsible for approving the plat. The notice must include:

(3) each county in which all or part of the subdivision is located; and

(4) the number of proposed individual lots to be included in the subdivision.

(a-5) The attorney general may adopt rules regarding the notice to be provided under Subsection (a-4).

(h) A person who is a seller of lots for which a plat is required under this subchapter [in a subdivision], or a subdivider or an agent of a seller or subdivider, commits an offense if the person knowingly authorizes or assists in the

AMENDMENT NO. 1 - STATEMENT OF LEGISLATIVE INTENT

REPRESENTATIVE HANCOCK: Yes, Representative Guillen, we talked about it a little bit. You brought up the fact that this bill did pass the house, but this bill actually failed the house originally, did it not?

REPRESENTATIVE GUILLEN: I don't remember.

HANCOCK: The amendment.

GUILLEN: Yes.

HANCOCK: And then it was brought back up—

GUILLEN: Back up, and we added, I think—well, we amended it, and it failed. It was brought back up in the same form and passed.

HANCOCK: Okay. My question is, as you bring this as an amendment to this bill, did you address in this amendment the concerns with the original bill?

GUILLEN: Oh yes. We included the exact amendment that we applied on the house floor at that time.

HANCOCK: So, this is the amended version of the original bill, corrected, and no changes from that.

GUILLEN: Right.

An owner is entitled to obtain from the association copies of information contained in the books and records [Section B, Article 2.23, Texas Non-Profit Corporation Act (Article 1396.2.23, Vernon's Texas Civil Statutes)].

(d) Except as provided by this subsection, an [(a-1) A property owners' association described by Section 552.0036(2), Government Code, shall make the books and records of the association, including financial records, reasonably available to any person requesting access to the books or records in accordance with Chapter 552, Government Code. [(2) subject to inspection by the owner[;] or

[(3) subject to] production in a legal proceeding. If a document in an attorney's files and records relating to the association would be responsive to a legally authorized request to inspect or copy association documents, the document shall be produced by using the copy from the attorney's files and records if the association has not maintained a separate copy of the document. This subsection does not require production of a document that constitutes attorney work product or that is privileged as an attorney-client communication.

(e) An owner or the owner's authorized representative described by Subsection (c) must submit a written request for access or information under Subsection (c) by certified mail, with sufficient detail describing the property owners' association's books and records requested, to the mailing address of the association or authorized representative as reflected on the most current

management certificate filed under Section 209.004. The request must contain an election either to inspect the books and records before obtaining copies or to have the property owners' association forward copies of the requested books and records and:

(1) if an inspection is requested, the association, on or before the 10th business day after the date the association receives the request, shall send written notice of dates during normal business hours that the owner may inspect the requested books and records to the extent those books and records are in the possession, custody, or control of the association; or

(2) if copies of identified books and records are requested, the association shall, to the extent those books and records are in the possession, custody, or control of the association, produce the requested books and records for the requesting party on or before the 10th business day after the date the association receives the request, except as otherwise provided by this section.

(f) If the property owners' association is unable to produce the books or records requested under Subsection (e) on or before the 10th business day after the date the association receives the request, the association must provide to the requestor written notice that:

(1) informs the requestor that the association is unable to produce the information on or before the 10th business day after the date the association received the request; and

(2) states a date by which the information will be sent or made available for inspection to the requesting party that is not later than the 15th business day after the date notice under this subsection is given.

(g) If an inspection is requested or required, the inspection shall take place at a mutually agreed on time during normal business hours, and the requesting party shall identify the books and records for the property owners' association to copy and forward to the requesting party.

(h) A property owners' association may produce books and records requested under this section in hard copy, electronic, or other format reasonably available to the association.

(i) A property owners' association board must adopt a records production and copying policy that prescribes the costs the association will charge for the compilation, production, and reproduction of information requested under this section. The prescribed charges may include all reasonable costs of materials, labor, and overhead but may not exceed costs that would be applicable for an item under 1 T.A.C. Section 70.3. The policy required by this subsection must be recorded as a dedicatory instrument in accordance with Section 202.006. An association may not charge an owner for the compilation, production, or reproduction of information requested under this section unless the policy prescribing those costs has been recorded as required by this subsection. An owner is responsible for costs related to the compilation, production, and reproduction of the requested information in the amounts prescribed by the policy adopted under this subsection. The association may require advance payment of the estimated costs of compilation, production, and reproduction of the requested information. If the estimated costs are lesser or greater than the actual costs, the

association shall submit a final invoice to the owner on or before the 30th business day after the date the information is delivered. If the final invoice includes additional amounts due from the owner, the additional amounts, if not reimbursed to the association before the 30th business day after the date the invoice is sent to the owner, may be added to the owner's account as an assessment. If the estimated costs exceeded the final invoice amount, the owner is entitled to a refund, and the refund shall be issued to the owner not later than the 30th business day after the date the invoice is sent to the owner.

(j) A property owners' association must estimate costs under this section using amounts prescribed by the policy adopted under Subsection (i).

(k) Except as provided by Subsection (l) and to the extent the information is provided in the meeting minutes, the property owners' association is not required to release or allow inspection of any books or records that identify the dedicatory instrument violation history of an individual owner of an association, an owner's personal financial information, including records of payment or nonpayment of amounts due the association, an owner's contact information, other than the owner's address, or information related to an employee of the association, including personnel files. Information may be released in an aggregate or summary manner that would not identify an individual property owner.

(l) The books and records described by Subsection (k) shall be released or made available for inspection if:

(1) the express written approval of the owner whose records are the subject of the request for inspection is provided to the property owners' association; or

(2) a court orders the release of the books and records or orders that the books and records be made available for inspection.

(m) A property owners' association composed of more than 14 lots shall adopt and comply with a document retention policy that includes, at a minimum, the following requirements:

(6) tax returns and audit records shall be retained for seven years.

(n) A member of a property owners' association who is denied access to or copies of association books or records to which the member is entitled under this section may file a petition with the justice of the peace of a justice precinct in which all or part of the property that is governed by the association is located requesting relief in accordance with this subsection. If the justice of the peace finds that the member is entitled to access to or copies of the records, the justice of the peace may grant one or more of the following remedies:

(1) a judgment ordering the property owners' association to release or allow access to the books or records;

(2) a judgment against the property owners' association for court costs and attorney's fees incurred in connection with seeking a remedy under this section; or

(3) a judgment authorizing the owner or the owner's assignee to deduct the amounts awarded under Subdivision (2) from any future regular or special assessments payable to the property owners' association.

(o) If the property owners' association prevails in an action under Subsection (n), the association is entitled to a judgment for court costs and attorney's fees incurred by the association in connection with the action.

(p) On or before the 10th business day before the date a person brings an action against a property owners' association under this section, the person must send written notice to the association of the person's intent to bring the action.

The notice must:

(1) be sent certified mail, return receipt requested, or delivered by the United States Postal Service with signature confirmation service to the mailing address of the association or authorized representative as reflected on the most current management certificate filed under Section 209.004; and

(2) describe with sufficient detail the books and records being requested.

(q) For the purposes of this section, "business day" means a day other than Saturday, Sunday, or a state or federal holiday.

SECTION 15. Chapter 209, Property Code, is amended by adding Sections 209.0051, 209.0056, 209.0057, 209.0058, 209.0059, 209.00591, 209.00592, and 209.00593 to read as follows:

Sec. 209.0051. OPEN BOARD MEETINGS. (a) This section does not apply to a property owners' association that is subject to Chapter 551, Government Code, by application of Section 551.0015, Government Code.

(b) In this section, "board meeting" means a deliberation between a quorum of the voting board of the property owners' association, or between a quorum of the voting board and another person, during which property owners' association business is considered and the board takes formal action. The term does not include the gathering of a quorum of the board at a social function unrelated to the business of the association or the attendance by a quorum of the board at a regional, state, or national convention, ceremonial event, or press conference, if formal action is not taken and any discussion of association business is incidental to the social function, convention, ceremonial event, or press conference.

(c) Regular and special board meetings must be open to owners, subject to the right of the board to adjourn a board meeting and reconvene in closed executive session to consider actions involving personnel, pending or threatened litigation, contract negotiations, enforcement actions, confidential communications with the property owners' association's attorney, matters involving the invasion of privacy of individual owners, or matters that are to remain confidential by request of the affected parties and agreement of the board. Following an executive session, any decision made in the executive session must

be summarized orally and placed in the minutes, in general terms, without breaching the privacy of individual owners, violating any privilege, or disclosing information that was to remain confidential at the request of the affected parties. The oral summary must include a general explanation of expenditures approved in executive session.

(c-1) Except for a meeting held by electronic or telephonic means under Subsection (h), a board meeting must be held in a county in which all or part of the property in the subdivision is located or in a county adjacent to that county.

(d) The board shall keep a record of each regular or special board meeting in the form of written minutes of the meeting. The board shall make meeting records, including approved minutes, available to a member for inspection and copying on the member's written request to the property owners' association's managing agent at the address appearing on the most recently filed management certificate or, if there is not a managing agent, to the board.

(e) Members shall be given notice of the date, hour, place, and general subject of a regular or special board meeting, including a general description of any matter to be brought up for deliberation in executive session. The notice shall be:

(1) mailed to each property owner not later than the 10th day or earlier than the 60th day before the date of the meeting; or

(2) provided at least 72 hours before the start of the meeting by:

(A) posting the notice in a conspicuous manner reasonably designed to provide notice to property owners' association members:

(i) in a place located on the association's common property or, with the property owner's consent, on other conspicuously located privately owned property within the subdivision; or

(ii) on any Internet website maintained by the association or other Internet media; and

(B) sending the notice by e-mail to each owner who has registered an e-mail address with the association.

(f) It is an owner's duty to keep an updated e-mail address registered with the property owners' association under Subsection (e)(2)(B).

(g) If the board recesses a regular or special board meeting to continue the following regular business day, the board is not required to post notice of the continued meeting if the recess is taken in good faith and not to circumvent this section. If a regular or special board meeting is continued to the following regular business day, and on that following day the board continues the meeting to another day, the board shall give notice of the continuation in at least one manner prescribed by Subsection (e)(2)(A) within two hours after adjourning the meeting being continued.

(h) A board may meet by any method of communication, including electronic and telephonic, without prior notice to owners under Subsection (e), if each director may hear and be heard by every other director, or the board may take action by unanimous written consent to consider routine and administrative matters or a reasonably unforeseen emergency or urgent necessity that requires immediate board action. Any action taken without notice to owners under

Subsection (e) must be summarized orally, including an explanation of any known actual or estimated expenditures approved at the meeting, and documented in the minutes of the next regular or special board meeting. The board may not, without prior notice to owners under Subsection (e), consider or vote on:

- (1) fines;
- (2) damage assessments;
- (3) initiation of foreclosure actions;
- (4) initiation of enforcement actions, excluding temporary restraining orders or violations involving a threat to health or safety;
- (5) increases in assessments;
- (6) levying of special assessments;
- (7) appeals from a denial of architectural control approval; or
- (8) a suspension of a right of a particular owner before the owner has an opportunity to attend a board meeting to present the owner's position, including any defense, on the issue.

(i) This section applies to a meeting of a property owners' association board during the development period, as defined by Section 202.011, only if the meeting is conducted for the purpose of:

- (1) adopting or amending the governing documents, including declarations, bylaws, rules, and regulations of the association;
- (2) increasing the amount of regular assessments of the association or adopting or increasing a special assessment;
- (3) electing non-developer board members of the association or establishing a process by which those members are elected; or
- (4) changing the voting rights of members of the association.

Sec. 209.0056. NOTICE OF ELECTION OR ASSOCIATION VOTE.

(a) Not later than the 10th day or earlier than the 60th day before the date of an election or vote, a property owners' association shall give written notice of the election or vote to:

- (1) each owner of property in the property owners' association, for purposes of an association-wide election or vote; or
- (2) each owner of property in the property owners' association entitled under the dedicatory instruments to vote in a particular representative election, for purposes of a vote that involves election of representatives of the association who are vested under the dedicatory instruments of the property owners' association with the authority to elect or appoint board members of the property owners' association.

(b) This section supersedes any contrary requirement in a dedicatory instrument.

(c) This section does not apply to a property owners' association that is subject to Chapter 552, Government Code, by application of Section 552.0036, Government Code.

Sec. 209.0057. RECOUNT OF VOTES. (a) This section does not apply to a property owners' association that is subject to Chapter 552, Government Code, by application of Section 552.0036, Government Code.

(b) Any owner may, not later than the 15th day after the date of the meeting at which the election was held, require a recount of the votes. A demand for a recount must be submitted in writing either:

(1) by certified mail, return receipt requested, or by delivery by the United States Postal Service with signature confirmation service to the property owners' association's mailing address as reflected on the most current management certificate filed under Section 209.004; or

(2) in person to the property owners' association's managing agent as reflected on the most current management certificate filed under Section 209.004 or to the address to which absentee and proxy ballots are mailed.

(c) The property owners' association shall, at the expense of the owner requesting the recount, retain for the purpose of performing the recount, the services of a person qualified to tabulate votes under this subsection. The association shall enter into a contract for the services of a person who:

(1) is not a member of the association or related to a member of the association board within the third degree by consanguinity or affinity, as determined under Chapter 573, Government Code; and

(2) is:

(A) a current or former:

(i) county judge;

(ii) county elections administrator;

(iii) justice of the peace; or

(iv) county voter registrar; or

(B) a person agreed on by the association and the persons requesting the recount.

(d) Any recount under Subsection (b) must be performed on or before the 30th day after the date of receipt of a request and payment for a recount in accordance with Subsections (b) and (c). If the recount changes the results of the election, the property owners' association shall reimburse the requesting owner for the cost of the recount. The property owners' association shall provide the results of the recount to each owner who requested the recount. Any action taken by the board in the period between the initial election vote tally and the completion of the recount is not affected by any recount.

Sec. 209.0058. BALLOTS. (a) Any vote cast in an election or vote by a member of a property owners' association must be in writing and signed by the member.

(b) Electronic votes cast under Section 209.00592 constitute written and signed ballots.

(c) In an association-wide election, written and signed ballots are not required for uncontested races.

Sec. 209.0059. RIGHT TO VOTE. (a) A provision in a dedicatory instrument that would disqualify a property owner from voting in a property owners' association election of board members or on any matter concerning the rights or responsibilities of the owner is void.

(b) This section does not apply to a property owners' association that is subject to Chapter 552, Government Code, by application of Section 552.0036, Government Code.

Sec. 209.00591. BOARD MEMBERSHIP. (a) Except as provided by this section, a provision in a dedicatory instrument that restricts a property owner's right to run for a position on the board of the property owners' association is void.

(b) If a board is presented with written, documented evidence from a database or other record maintained by a governmental law enforcement authority that a board member has been convicted of a felony or crime involving moral turpitude, the board member is immediately ineligible to serve on the board of the property owners' association, automatically considered removed from the board, and prohibited from future service on the board.

(c) The declaration may provide for a period of declarant control of the association during which a declarant, or persons designated by the declarant, may appoint and remove board members and the officers of the association, other than board members or officers elected by members of the property owners' association. Regardless of the period of declarant control provided by the declaration, on or before the 120th day after the date 75 percent of the lots that may be created and made subject to the declaration are conveyed to owners other than a declarant, at least one-third of the board members must be elected by owners other than the declarant. If the declaration does not include the number of lots that may be created and made subject to the declaration, at least one-third of the board members must be elected by owners other than the declarant not later than the 10th anniversary of the date the declaration was recorded.

Sec. 209.00592. VOTING; QUORUM. (a) The voting rights of an owner may be cast or given:

(1) in person or by proxy at a meeting of the property owners' association;

(2) by absentee ballot in accordance with this section;

(3) by electronic ballot in accordance with this section; or

(4) by any method of representative or delegated voting provided by a dedicatory instrument.

(b) An absentee or electronic ballot:

(1) may be counted as an owner present and voting for the purpose of establishing a quorum only for items appearing on the ballot;

(2) may not be counted, even if properly delivered, if the owner attends any meeting to vote in person, so that any vote cast at a meeting by a property owner supersedes any vote submitted by absentee or electronic ballot previously submitted for that proposal; and

(3) may not be counted on the final vote of a proposal if the motion was amended at the meeting to be different from the exact language on the absentee or electronic ballot.

(c) A solicitation for votes by absentee ballot must include:

(1) an absentee ballot that contains each proposed action and provides an opportunity to vote for or against each proposed action;

(2) instructions for delivery of the completed absentee ballot, including the delivery location; and

(3) the following language: "By casting your vote via absentee ballot you will forgo the opportunity to consider and vote on any action from the floor on these proposals, if a meeting is held. This means that if there are amendments to these proposals your votes will not be counted on the final vote on these measures. If you desire to retain this ability, please attend any meeting in person. You may submit an absentee ballot and later choose to attend any meeting in person, in which case any in-person vote will prevail."

(d) For the purposes of this section, "electronic ballot" means a ballot:

(1) given by:

(A) e-mail;

(B) facsimile; or

(C) posting on an Internet website;

(2) for which the identity of the property owner submitting the ballot can be confirmed; and

(3) for which the property owner may receive a receipt of the electronic transmission and receipt of the owner's ballot.

(e) If an electronic ballot is posted on an Internet website, a notice of the posting shall be sent to each owner that contains instructions on obtaining access to the posting on the website.

(f) This section supersedes any contrary provision in a dedicatory instrument.

(g) This section does not apply to a property owners' association that is subject to Chapter 552, Government Code, by application of Section 552.0036, Government Code.

Sec. 209.00593. ELECTION OF BOARD MEMBERS.

(a) Notwithstanding any provision in a dedicatory instrument, any board member whose term has expired must be elected by owners who are members of the property owners' association. A board member may be appointed by the board only to fill a vacancy caused by a resignation, death, or disability. A board member appointed to fill a vacant position shall serve the unexpired term of the predecessor board member.

(b) The board of a property owners' association may amend the bylaws of the property owners' association to provide for elections to be held as required by Subsection (a).

(c) The appointment of a board member in violation of this section is void.

(d) This section does not apply to the appointment of a board member during a development period, as defined by Section 202.011.

(e) This section does not apply to a representative board whose members or delegates are elected or appointed by representatives of a property owners' association who are elected by owner members of a property owners' association.

SECTION 16. Subsection (b), Section 209.006, Property Code, is amended to read as follows:

(b) The notice must:

(1) describe the violation or property damage that is the basis for the suspension action, charge, or fine and state any amount due the association from the owner; and

(2) inform the owner that the owner:

(A) is entitled to a reasonable period to cure the violation and avoid the fine or suspension unless the owner was given notice and a reasonable opportunity to cure a similar violation within the preceding six months; and

(B) may request a hearing under Section 209.007 on or before the 30th day after the date notice was delivered to the owner [~~receives the notice~~].

SECTION 17. Chapter 209, Property Code, is amended by adding Sections 209.0061, 209.0062, 209.0063, and 209.0064 to read as follows:

Sec. 209.0061. ASSESSMENT OF FINES. (a) A fine assessed by the property owners' association must be reasonable in the context of the nature and frequency of the violation and the effect of the violation on the subdivision as a whole. If the association allows fines for a continuing violation to accumulate against a lot or an owner, the association must establish a reasonable maximum fine amount for a continuing violation at which point the total fine amount is capped.

(b) If a lot occupant other than the owner violates a provision of the dedicatory instrument, the property owners' association, in addition to exercising any of the association's powers against the owner, may assess a fine directly against the nonowner occupant in the same manner as provided for an owner but may not require payment from both the owner and a nonowner occupant for the same violation.

(c) If the property owners' association assesses a fine against a nonowner occupant under this section, the notice provisions of Section 209.006 and the hearing provisions of Section 209.007 apply to the nonowner occupant in the same manner as those provisions apply to an owner.

Sec. 209.0062. ALTERNATIVE PAYMENT SCHEDULE FOR CERTAIN ASSESSMENTS. (a) A property owners' association composed of more than 14 lots shall adopt reasonable guidelines to establish an alternative payment schedule by which an owner may make partial payments to the property owners' association for delinquent regular or special assessments or any other amount owed to the association without accruing additional monetary penalties. For purposes of this section, monetary penalties do not include reasonable costs associated with administering the payment plan or interest.

(b) The minimum term for a payment plan offered by a property owners' association is three months.

(c) A property owners' association is not required to enter into a payment plan with an owner who failed to honor the terms of a previous payment plan during the two years following the owner's default under the previous payment plan.

(d) A property owners' association shall file the association's guidelines under this section in the real property records of each county in which the subdivision is located.

(e) A property owners' association's failure to file as required by this section the association's guidelines in the real property records of each county in which the subdivision is located does not prohibit a property owner from receiving an alternative payment schedule by which the owner may make partial payments to the property owners' association for delinquent regular or special assessments or any other amount owed to the association without accruing additional monetary penalties, as defined by Subsection (a).

Sec. 209.0063. PRIORITY OF PAYMENTS. (a) Except as provided by Subsection (b), a payment received by a property owners' association from the owner shall be applied to the owner's debt in the following order of priority:

(1) any delinquent assessment;

(2) any current assessment;

(3) any attorney's fees or third party collection costs incurred by the association associated solely with assessments or any other charge that could provide the basis for foreclosure;

(4) any attorney's fees incurred by the association that are not subject to Subdivision (3);

(5) any fines assessed by the association; and

(6) any other amount owed to the association.

(b) If, at the time the property owners' association receives a payment from a property owner, the owner is in default under a payment plan entered into with the association:

(1) the association is not required to apply the payment in the order of priority specified by Subsection (a); and

(2) in applying the payment, a fine assessed by the association may not be given priority over any other amount owed to the association.

Sec. 209.0064. THIRD PARTY COLLECTIONS. (a) In this section:

(1) "Collection agent" means a debt collector, as defined by Section 803 of the federal Fair Debt Collection Practices Act (15 U.S.C. Section 1692a).

(2) "Financial institution" means:

(A) a bank, savings bank, or savings and loan association or a wholly owned subsidiary or affiliate of a bank, savings bank, or savings and loan association;

(B) a state or federal credit union or a wholly owned subsidiary, affiliate, or credit union service organization of a state or federal credit union; or

(C) an insurance company licensed or authorized to engage in business in this state under the Insurance Code.

(b) An owner is not liable for fees of a collection agent retained by the property owners' association or the association's agent unless the association first provides written notice to the owner by certified mail, return receipt requested, or by the United States Postal Service with signature confirmation service or delivery confirmation, that:

(1) specifies each delinquent amount and the total amount of the payment required to make the account current;

(2) describes the options the owner has to avoid liability for collection agent fees or other costs related to collection of those amounts, including information regarding availability of a payment plan through the association; and

(3) provides a period of at least 30 days for the owner to cure the delinquency before further action is taken by the association.

(c) An owner is not liable for fees of a collection agent retained by the property owners' association or the association's agent if:

(1) the obligation for payment by the association or the association's agent to the collection agent for fees or costs associated with a collection action is in any way dependent or contingent on amounts recovered; or

(2) the payment agreement between the association or the association's agent and the collection agent does not require payment by the association or the association's agent of all fees to the collection agent for the action undertaken by the collection agent.

(d) The agreement between the property owners' association or the association's agent and a collection agent may not prohibit the owner from contacting the association board or the association's managing agent regarding the owner's delinquency.

(e) A property owners' association may not sell or otherwise transfer any interest in the association's accounts receivables for a purpose other than as collateral for a loan to the association by a financial institution.

SECTION 18. Section 209.009, Property Code, is amended to read as follows:

(2) In SECTION 1 of the bill, in amended Section 13.254, Water Code (page 2, between lines 11 and 12), insert the following:

(a-1) As an alternative to decertification under Subsection (a), the owner of a tract of land that is at least 50 acres and that is not in a platted subdivision actually receiving water or sewer service may petition the commission under this subsection for expedited release of the area from a certificate of public convenience and necessity so that the area may receive service from another retail public utility. The fact that a certificate holder is a borrower under a federal loan program is not a bar to a request under this subsection for the release of the petitioner's land and the receipt of services from an alternative provider. On the day the petitioner submits the petition to the commission, the [The] petitioner shall send [deliver], via certified mail, a copy of the petition to the certificate holder, who may submit information to the commission to controvert information submitted by the petitioner. The petitioner must demonstrate that:

(1) a written request for service, other than a request for standard residential or commercial service, has been submitted to the certificate holder, identifying:

(A) the area for which service is sought;

(B) the timeframe within which service is needed for current and projected service demands in the area;

(C) the level and manner of service needed for current and projected service demands in the area;

(D) the approximate cost for the alternative provider to provide the service at the same level and manner that is requested from the certificate holder;

(E) the flow and pressure requirements and specific infrastructure needs, including line size and system capacity for the required level of fire protection requested; and

(F) [(F)] any additional information requested by the certificate holder that is reasonably related to determination of the capacity or cost for providing the service;

(3) the certificate holder:

(A) has refused to provide the service;

(B) is not capable of providing the service on a continuous and adequate basis within the timeframe, at the level, at the approximate cost that the alternative provider is capable of providing for a comparable level of service, or in the manner reasonably needed or requested by current and projected service demands in the area; or

(C) conditions the provision of service on the payment of costs not properly allocable directly to the petitioner's service request, as determined by the commission; and

(4) the alternate retail public utility from which the petitioner will be requesting service possesses the financial, managerial, and technical capability to provide ~~[is capable of providing]~~ continuous and adequate service within the timeframe, at the level, at the cost, and in the manner reasonably needed or requested by current and projected service demands in the area.

(3) In SECTION 1 of the bill, in amended Section 13.254, Water Code (page 2, between lines 22 and 23), insert the following:

(a-3) Within 60 ~~[90]~~ calendar days from the date the commission determines the petition filed pursuant to Subsection (a-1) to be administratively complete, the commission shall grant the petition unless the commission makes an express finding that the petitioner failed to satisfy the elements required in Subsection (a-1) and supports its finding with separate findings and conclusions for each element based solely on the information provided by the petitioner and the certificate holder. The commission may grant or deny a petition subject to terms and conditions specifically related to the service request of the petitioner and all relevant information submitted by the petitioner and the certificate holder. In addition, the commission may require an award of compensation as otherwise provided by this section. If the certificate holder has never made service available through planning, design, construction of facilities, or contractual obligations to serve the area the petitioner seeks to have released, the commission is not required to find that the proposed alternative provider is capable of providing better service than the certificate holder, but only that the proposed alternative provider is capable of providing the requested service.

(4) In SECTION 1 of the bill, in amended Section 13.254, Water Code (page 3, between lines 13 and 14), insert the following:

(5) Add the following appropriately numbered SECTIONS to the bill and renumber the subsequent SECTIONS of the bill accordingly:

SECTION _____. Section 13.245, Water Code, is amended by amending Subsection (b) and adding Subsections (c-1), (c-2), and (c-3) to read as follows:

(b) Except as provided by Subsections [Subsection] (c), (c-1), and (c-2), the commission may not grant to a retail public utility a certificate of public convenience and necessity for a service area within the boundaries or extraterritorial jurisdiction of a municipality without the consent of the municipality. The municipality may not unreasonably withhold the consent. As a condition of the consent, a municipality may require that all water and sewer facilities be designed and constructed in accordance with the municipality's standards for facilities.

(c-1) If a municipality has not consented under Subsection (b) before the 180th day after the date a landowner or a retail public utility submits to the municipality a formal request for service according to the municipality's application requirements and standards for facilities on the same or substantially similar terms as provided by the retail public utility's application to the commission, including a capital improvements plan required by Section 13.244(d)(3) or a subdivision plat, the commission may grant the certificate of public convenience and necessity without the consent of the municipality if:

(1) the commission makes the findings required by Subsection (c);

(2) the municipality has not entered into a binding commitment to serve the area that is the subject of the retail public utility's application to the commission before the 180th day after the date the formal request was made; and

(3) the landowner or retail public utility that submitted the formal request has not unreasonably refused to:

(A) comply with the municipality's service extension and development process; or

(B) enter into a contract for water or sewer services with the municipality.

(c-2) If a municipality refuses to provide service in the proposed service area, as evidenced by a formal vote of the municipality's governing body or an official notification from the municipality, the commission is not required to make the findings otherwise required by this section and may grant the certificate of public convenience and necessity to the retail public utility at any time after the date of the formal vote or receipt of the official notification.

(c-3) The commission must include as a condition of a certificate of public convenience and necessity granted under Subsection (c-1) or (c-2) that all water and sewer facilities be designed and constructed in accordance with the municipality's standards for water and sewer facilities.

SECTION _____. Sections 13.2451(a) and (b), Water Code, are amended to read as follows:

(a) Except as provided by Subsection (b), if [H] a municipality extends its extraterritorial jurisdiction to include an area certificated to a retail public utility, the retail public utility may continue and extend service in its area of public convenience and necessity under the rights granted by its certificate and this chapter.

(b) The commission may not extend a municipality's certificate of public convenience and necessity beyond its extraterritorial jurisdiction if an owner of land that is located wholly or partly outside the extraterritorial jurisdiction elects

to exclude some or all of the landowner's property within a proposed service area in accordance with Section 13.246(h). This subsection does not apply to a transfer of a certificate as approved by the commission. [A municipality that seeks to extend a certificate of public convenience and necessity beyond the municipality's extraterritorial jurisdiction must ensure that the municipality complies with Section 13.241 in relation to the area covered by the portion of the certificate that extends beyond the municipality's extraterritorial jurisdiction.]

SECTION ____ . Section 13.246(h), Water Code, is amended to read as follows:

(h) Except as provided by Subsection (i), a landowner who owns a tract of land that is at least 25 acres and that is wholly or partially located within the proposed service area may elect to exclude some or all of the landowner's property from the proposed service area by providing written notice to the commission before the 30th day after the date the landowner receives notice of a new application for a certificate of public convenience and necessity or for an amendment to an existing certificate of public convenience and necessity. The landowner's election is effective without a further hearing or other process by the commission. If a landowner makes an election under this subsection, the application shall be modified so that the electing landowner's property is not included in the proposed service area. An applicant for a certificate of public convenience and necessity that has land removed from its proposed certificated service area because of a landowner's election under this subsection may not be required to provide service to the removed land for any reason, including the violation of law or commission rules by the water or sewer system of another person.

SECTION ____ . The changes made by this Act to Sections 13.245, 13.2451, 13.246, and 13.254, Water Code, apply only to:

- (1) a retail public utility's application for a certificate of public convenience and necessity for a service area in the extraterritorial jurisdiction of a municipality that is made on or after the effective date of this Act;
- (2) an extension of a municipality's certificate of public convenience and necessity for a service area in the extraterritorial jurisdiction of the municipality on or after the effective date of this Act; and

CSSB 573 - (consideration continued)**CSSB 573 - STATEMENT OF LEGISLATIVE INTENT**

REPRESENTATIVE D. MILLER: I appreciate you bringing this measure before the house and letting us have some debate on it for consideration. Let me just ask you, do you believe that this bill will have a detrimental effect, or a detrimental impact should I say, on water or water and sewer systems' ability to obtain financing for new infrastructure?

REPRESENTATIVE CREIGHTON: I don't. I don't believe there will be a negative impact. You know, I understand, Representative Miller—you and I have had some conversations about federal loans that are in place to be able to assist water supply corporations and water providers within CCNs to be able to finance these projects—and no, I don't believe this bill will have any negative effect. In fact, current law, which this bill does not change, allows for CCN holders that have a federal loan to be compensated if they show that they've got pipes in the ground and they've got infrastructure in place. In fact, under the decertification process and guidelines under the Water Code, Section 13.254, the very first provision that's considered on a decertification application is the amount of the retail public utility's debt. So, if the property owner wants out of the CCN—their 25 acres or more—there's a federal loan that's assisting the CCN holder, but the pipes are over here and the property owner is well in another location that's not going to receive service. They're unable to get them service. That debt, as well as the impact on the future consumer base, would be considered.

D. MILLER: Well, Chairman Creighton—and I certainly don't disagree with you and your knowledge of the law as far as people being able to go through the process and decertify—but are you aware, and I think you may be, of a letter from the U.S. Department of Agriculture-Rural Development to Chairman Ritter?

CREIGHTON: Yes, I am.

D. MILLER: And, in that letter, the state director says that in the last three years there has been an investment of \$94 million in low-interest loans and grants to finance these programs that helped over 200,000 Texans. Are you aware of that?

CREIGHTON: Yes, I am. It's a very valuable resource for water providers and their customers.

D. MILLER: Now, are you also aware that they take a lien on the entire service area for which the debtor has a certificate?

CREIGHTON: Yes, I'm aware of that.

D. MILLER: And are you also aware that when they take into consideration, before they make that loan for that CCN, that that whole area is part of the asset that they're taking a lien on?

CREIGHTON: Yes, I'm aware of that, as well. The federal loan, of course, takes into consideration, within the CCN, and they consider that collateral—the entire area—but they also consider, on the front end, the current ability to pay and the financial wherewithal of the CCN applicant or the federal loan applicant that has the CCN. And so they've got to prove up their financial ability on the front end, and it's up to good planning and good rates and providing a good marketplace for whether or not those customers stay in that area.

D. MILLER: And are you aware that under Title 7, Section 1926(b), that the federal law protects the federal government's interest in that property?

CREIGHTON: I am, Representative Miller—and it's a good point. The federal statute is there for a reason and it protects the CCN holder that has a federal loan in place. I agree, again, that that's collateral for that loan, but keep in mind, under the holding in Creedmoor, which is a very recent holding, there was a three-part test that had to do with whether or not that statute trumped a decertification process. And the reason why it did not is, under that three-part test, the third part of the test, or the third step, was whether or not there were pipes in the ground.

D. MILLER: I agree, and that's the point I wanted to come to, the fact that they are making a decision about loaning the money or not loaning the money, which is not a federal mandate. But would you agree that that is a factor—that will be a factor going forward if we pass this statute?

CREIGHTON: It very much is a factor going forward, and this bill protects CCNs in the sense that it does not change the current compensation process. And so any infrastructure that's in place, to serve a plat in a CCN that is backed by a federal loan where a tract is to be decertified, or the CCNs to be certified, or part of that land—or opted out—that CCN holder carrying that federal loan will be compensated under current statute, and this bill does nothing to change that.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Section 2651.012(a)(2), Insurance Code, is amended to read as follows:

(2) "Unencumbered assets" means:

(A) cash or cash equivalents;

(B) liquid assets that have a readily determinable market value and that do not have any lien against them;

(C) real estate, in excess of any encumbrances;

(D) investments, such as mutual funds, certificates of deposit, and stocks and bonds;

(E) a surety bond, the form and content of which shall be prescribed by the commissioner in accordance with this code;

(F) a deposit made in accordance with Section 2651.102; ~~and~~

(G) a letter of credit that meets the requirements of Section 493.104(b)(2)(C); and

SECTION 2. Section 2651.012(b), Insurance Code, is amended to read as follows as follows:

(b) The unencumbered assets required under this section are reserves for contingencies. The reserves must be deducted from premiums for purposes of proceedings conducted under Subchapter D, Chapter 2703. The reserves may only be spent or released:

(1) as permitted by the commissioner if the agent is declared impaired;

(2) if the agent merges or consolidates with another agent who maintains the amount of unencumbered assets that would be required for the survivor of the merger or consolidation;

(3) if the agent surrenders the agent's license under Section 2651.201 ~~[and the rules adopted under that section]; [or]~~

(4) if the agent is liquidated; or

(5) if the agent's license is revoked.

SECTION 3. Subchapter A, Chapter 2651, Insurance Code, is amended by adding Section 2651.0121 to read as follows:

Sec. 2651.0121. SOLVENCY ACCOUNT. (a) An agent may maintain a solvency account to accrue and hold unencumbered assets as provided by this section.

(b) An account under this section must be:

(1) in a financial institution in this state that is insured by an agency of the United States;

(2) accessible only to the department, on order of the commissioner; and

(3) audited in the same manner provided for trust funds by Section 2651.151.

(c) Subject to Subsection (d), an account under this section may be established by an initial deposit in an amount less than the amount provided by Section 2651.012(c).

(d) An account established by an initial deposit of an amount less than the amount provided by Section 2651.012(c) must be funded with a minimum deposit in the amount for each policy of title insurance issued by the agent that is equal to the greater of \$5 or one percent of the agent's portion of the retained premium received by the agent rounded to the nearest whole dollar.

(e) Deposits to the account must be made at least quarterly and must be made from and based on the agent's portion of retained premiums collected during the calendar quarter during which premiums were collected.

(f) Interest that accrues in an account the principal balance of which is less than the amount provided by Section 2651.012(c) must be retained in the account. Interest that accrues in an account the principal balance of which is greater than the amount provided by Section 2651.012(c) shall be paid to the agent maintaining the account.

(g) The commissioner may issue an order to access or release funds held in an account under this section if any of the events described by Section 2651.012(b) occur.

(h) The commissioner by rule shall adopt procedures and requirements for the release, transfer, or expenditure of the funds held in an account. The rules must establish the procedures and requirements by which the department shall account for any expenditures that the department makes from an account or funds transferred by the department to a third party.

(i) If an agent or an agent's principal office voluntarily ceases to engage in business, surrenders the agent's license, and liquidates the agent's assets, the agent may apply to the department in a form prescribed by the commissioner by rule for the release of the agent's solvency account.

(j) Not later than the 60th day after the date the department receives an application under Subsection (i), provided that the title agent complied with all applicable rules adopted under Subsection (h), the commissioner shall enter an order authorizing the financial institution in which the solvency account is held to release all or part of the account balance to the agent or the agent's principal office. If the commissioner does not enter the order within that 60-day period, the application is denied.

(k) An agent may appeal an order of the commissioner or denial of an application without an order by filing a petition in a district court of Travis County to seek injunctive or other relief against the commissioner.

(l) An account established, funded, and maintained as provided by this section complies with the requirement for maintenance of unencumbered assets under Section 2651.012(c), regardless of whether the amount required by that section is fully accrued. The amount required by Section 2651.012(c) may be accrued in an account as provided by this section according to the schedule established by Section 2651.012(g) or as provided by the commissioner by rule under Section 2651.012(j).

(m) In a home office issue transaction in which a title insurance company issues a policy of title insurance, an agent who closes the transaction and remits premium to the title insurance company shall make the deposit required by this section. Sec. 2651.158. CERTIFICATION OF UNENCUMBERED ASSETS. (a) Unless the agent has elected to make a deposit with the department under Section 2651.012(f), the annual audit of escrow accounts must be accompanied by a certification by the title insurance agent or direct operation ~~[a certified public accountant]~~ that the title insurance agent has the appropriate unencumbered assets in excess of liabilities, exclusive of the value of its abstract plants, as required by Section 2651.012.

(b) The commissioner by rule shall establish[-

~~[(1) a procedure to be used to determine the value of categories of assets; and~~

~~[(2) the method by which the certification required by this section must be made, which shall not include an audit of operating accounts or a certification by a certified public accountant.~~

SECTION 2.08. Subsections (a), (b), (c), (e), (f), (g), and (j), Section 13.043, Water Code, are amended to read as follows:

(a) Any party to a rate proceeding before the governing body of a municipality may appeal the decision of the governing body to the utility commission. This subsection does not apply to a municipally owned utility. An appeal under this subsection must be initiated within 90 days after the date of

notice of the final decision by the governing body by filing a petition for review with the utility commission and by serving copies on all parties to the original rate proceeding. The utility commission shall hear the appeal de novo and shall fix in its final order the rates the governing body should have fixed in the action from which the appeal was taken and may include reasonable expenses incurred in the appeal proceedings. The utility commission may establish the effective date for the utility commission's rates at the original effective date as proposed by the utility provider and may order refunds or allow a surcharge to recover lost revenues. The utility commission may consider only the information that was available to the governing body at the time the governing body made its decision and evidence of reasonable expenses incurred in the appeal proceedings.

(b) Ratepayers of the following entities may appeal the decision of the governing body of the entity affecting their water, drainage, or sewer rates to the utility commission:

(1) a nonprofit water supply or sewer service corporation created and operating under Chapter 67;

(2) a utility under the jurisdiction of a municipality inside the corporate limits of the municipality;

(3) a municipally owned utility, if the ratepayers reside outside the corporate limits of the municipality;

(4) a district or authority created under Article III, Section 52, or Article XVI, Section 59, of the Texas Constitution that provides water or sewer service to household users; and

(5) a utility owned by an affected county, if the ratepayer's rates are actually or may be adversely affected. For the purposes of this section ratepayers who reside outside the boundaries of the district or authority shall be considered a separate class from ratepayers who reside inside those boundaries.

(c) An appeal under Subsection (b) [~~of this section~~] must be initiated by filing a petition for review with the utility commission and the entity providing service within 90 days after the effective day of the rate change or, if appealing under Subdivision (b)(2) or (5) [~~of this section~~], within 90 days after the date on which the governing body of the municipality or affected county makes a final decision. The petition must be signed by the lesser of 10,000 or 10 percent of those ratepayers whose rates have been changed and who are eligible to appeal under Subsection (b) [~~of this section~~].

(e) In an appeal under Subsection (b) [~~of this section~~], the utility commission shall hear the appeal de novo and shall fix in its final order the rates the governing body should have fixed in the action from which the appeal was taken. The utility commission may establish the effective date for the utility commission's rates at the original effective date as proposed by the service provider, may order refunds or allow a surcharge to recover lost revenues, and may allow recovery of reasonable expenses incurred by the retail public utility in the appeal proceedings. The utility commission may consider only the information that was available to the governing body at the time the governing body made its decision and evidence of reasonable expenses incurred by the retail public utility in the appeal proceedings. The rates established by the utility

commission in an appeal under Subsection (b) [~~of this section~~] remain in effect until the first anniversary of the effective date proposed by the retail public utility for the rates being appealed or until changed by the service provider, whichever date is later, unless the utility commission determines that a financial hardship exists.

(f) A retail public utility that receives water or sewer service from another retail public utility or political subdivision of the state, including an affected county, may appeal to the utility commission a decision of the provider of water or sewer service affecting the amount paid for water or sewer service. An appeal under this subsection must be initiated within 90 days after the date of notice of the decision is received from the provider of water or sewer service by the filing of a petition by the retail public utility.

(g) An applicant for service from an affected county or a water supply or sewer service corporation may appeal to the utility commission a decision of the county or water supply or sewer service corporation affecting the amount to be paid to obtain service other than the regular membership or tap fees. In addition to the factors specified under Subsection (j), in an appeal brought under this subsection the utility commission shall determine whether the amount paid by the applicant is consistent with the tariff of the water supply or sewer service corporation and is reasonably related to the cost of installing on-site and off-site facilities to provide service to that applicant. If the utility commission finds the amount charged to be clearly unreasonable, it shall establish the fee to be paid for that applicant. An appeal under this subsection must be initiated within 90 days after the date written notice is provided to the applicant or member of the decision of an affected county or water supply or sewer service corporation relating to the applicant's initial request for that service. A determination made by the utility commission on an appeal under this subsection is binding on all similarly situated applicants for service, and the utility commission may not consider other appeals on the same issue until the applicable provisions of the tariff of the water supply or sewer service corporation are amended.

(j) In an appeal under this section, the utility commission shall ensure that every rate made, demanded, or received by any retail public utility or by any two or more retail public utilities jointly shall be just and reasonable. Rates shall not be unreasonably preferential, prejudicial, or discriminatory but shall be sufficient, equitable, and consistent in application to each class of customers. The utility commission shall use a methodology that preserves the financial integrity of the retail public utility. For agreements between municipalities the utility commission shall consider the terms of any wholesale water or sewer service agreement in an appellate rate proceeding.

SECTION 2.09. Subsection (b), Section 13.044, Water Code, is amended to read as follows:

(b) Notwithstanding the provisions of any resolution, ordinance, or agreement, a district may appeal the rates imposed by the municipality by filing a petition with the utility commission. The utility commission shall hear the appeal de novo and the municipality shall have the burden of proof to establish that the

rates are just and reasonable. The utility commission shall fix the rates to be charged by the municipality and the municipality may not increase such rates without the approval of the utility commission.

SECTION 2.10. Section 13.046, Water Code, is amended to read as follows:

Sec. 13.046. TEMPORARY RATES FOR SERVICES PROVIDED FOR NONFUNCTIONING SYSTEM; SANCTIONS FOR NONCOMPLIANCE.

(a) The utility commission by rule shall establish a procedure that allows a retail public utility that takes over the provision of services for a nonfunctioning retail water or sewer utility service provider to charge a reasonable rate for the services provided to the customers of the nonfunctioning system and to bill the customers for the services at that rate immediately to recover service costs.

(b) The rules must provide a streamlined process that the retail public utility that takes over the nonfunctioning system may use to apply to the utility commission for a ruling on the reasonableness of the rates the utility is charging under Subsection (a). The process must allow for adequate consideration of costs for interconnection or other costs incurred in making services available and of the costs that may necessarily be incurred to bring the nonfunctioning system into compliance with utility commission and commission rules.

(c) The utility commission shall provide a reasonable period for the retail public utility that takes over the nonfunctioning system to bring the nonfunctioning system into compliance with utility commission and commission rules during which the utility commission or the commission may not impose a penalty for any deficiency in the system that is present at the time the utility takes over the nonfunctioning system. The utility commission must consult with the utility before determining the period and may grant an extension of the period for good cause.

SECTION 2.11. Subchapter C, Chapter 13, Water Code, is amended by adding Section 13.047 to read as follows:

Sec. 13.047. REVIEW AND ORDER FOR CERTAIN WHOLESAL WATER RATES. (a) A conservation and reclamation district that provides potable water service to district customers may file an application with the utility commission requesting a review of the rate a supplier of raw or treated surface water or groundwater charges the district to determine whether the rate adversely affects the public interest.

(b) The utility commission shall presume that the rate adversely affects the public interest if it is shown on hearing that the rate the supplier charges the district at the time the application is made is at least 50 percent higher than the rate charged at any time during the 36-month period before the date of the application. The utility commission shall determine the rate the supplier charges the district adversely affects the public interest if the utility commission determines:

(1) the protested rate impairs the district's ability to continue to provide service to its retail customers, based on the district's financial integrity and operational capability;

(2) the rate evidences the supplier's abuse of monopoly power in the supplier's provision of water to the district after weighing all relevant factors, including:

(A) the disparate bargaining power of the parties, including the district's alternative means, alternative costs, environmental impact, regulatory issues, and problems of obtaining alternative supplies of water;

(B) whether the supplier failed to reasonably demonstrate the changed conditions that are the basis for a change in rates;

(C) whether the supplier changed the computation of the revenue requirement or rate from one methodology to another;

(D) where the supplier demands the rate in accordance with a contract, whether other valuable consideration was paid or received by a party incident to that contract;

(E) incentives necessary to encourage regional projects or water conservation measures;

(F) the supplier's obligation to meet federal and state wastewater discharge and drinking water standards;

(G) the rates charged in this state by other similarly situated suppliers of water for resale; and

(H) the supplier's rates for water charged to the supplier's retail customers, if any, compared to the retail rates the district charges the district's retail customers as a result of the wholesale rate the supplier demands from the district; or

(3) the rate is unreasonably preferential, prejudicial, or discriminatory, compared to the wholesale rates the supplier charges other wholesale customers.

(c) If the utility commission finds on hearing the application that the rate adversely affects the public interest or if the rate is presumed to adversely affect the public interest as provided by Subsection (b), the utility commission by order shall fix a just and reasonable rate at which the supplier may charge the district. In fixing the rate, the utility commission shall use a methodology that preserves the financial integrity of the supplier.

SECTION 2.12. Section 13.081, Water Code, is amended to read as follows:

Sec. 13.081. FRANCHISES. This chapter may not be construed as in any way limiting the rights and powers of a municipality to grant or refuse franchises to use the streets and alleys within its limits and to make the statutory charges for their use, but no provision of any franchise agreement may limit or interfere with any power conferred on the utility commission by this chapter. If a municipality performs regulatory functions under this chapter, it may make such other charges as may be provided in the applicable franchise agreement, together with any other charges permitted by this chapter.

SECTION 2.13. Section 13.082, Water Code, is amended to read as follows:

Sec. 13.082. LOCAL UTILITY SERVICE; EXEMPT AND NONEXEMPT AREAS. (a) Notwithstanding any other provision of this section, municipalities shall continue to regulate each kind of local utility service inside their boundaries until the utility commission has assumed jurisdiction over the respective utility pursuant to this chapter.

(b) If a municipality does not surrender its jurisdiction, local utility service within the boundaries of the municipality shall be exempt from regulation by the utility commission under this chapter to the extent that this chapter applies to local service, and the municipality shall have, regarding service within its boundaries, the right to exercise the same regulatory powers under the same standards and rules as the utility commission or other standards and rules not inconsistent with them. The utility commission's rules relating to service and response to requests for service for utilities operating within a municipality's corporate limits apply unless the municipality adopts its own rules.

(c) Notwithstanding any election, the utility commission may consider water and sewer utilities' revenues and return on investment in exempt areas in fixing rates and charges in nonexempt areas and may also exercise the powers conferred necessary to give effect to orders under this chapter for the benefit of nonexempt areas. Likewise, in fixing rates and charges in the exempt area, the governing body may consider water and sewer utilities' revenues and return on investment in nonexempt areas.

(d) Utilities serving exempt areas are subject to the reporting requirements of this chapter. Those reports and tariffs shall be filed with the governing body of the municipality as well as with the utility commission.

(e) This section does not limit the duty and power of the utility commission to regulate service and rates of municipally regulated water and sewer utilities for service provided to other areas in Texas.

SECTION 2.14. Section 13.085, Water Code, is amended to read as follows:

Sec. 13.085. ASSISTANCE BY UTILITY COMMISSION. On request, the utility commission may advise and assist a municipality, an affected county, and a county with a population of more than four million [~~municipalities and affected counties~~] in connection with questions and proceedings arising under this chapter. This assistance may include aid [~~to municipalities or an affected county~~] in connection with matters pending before the utility commission, the courts, the governing body of any municipality, [~~or~~] the commissioners court of an affected county, or the commissioners court of a county with a population of more than four million, including making members of the staff available to them as witnesses and otherwise providing evidence.

SECTION 2.15. Subsection (c), Section 13.087, Water Code, is amended to read as follows:

(c) Notwithstanding any other provision of this chapter, the utility commission has jurisdiction to enforce this section.

SECTION 2.16. Subsections (a), (b), (c), and (e), Section 13.131, Water Code, are amended to read as follows:

(a) Every water and sewer utility shall keep and render to the regulatory authority in the manner and form prescribed by the utility commission uniform accounts of all business transacted. The utility commission may also prescribe forms of books, accounts, records, and memoranda to be kept by those utilities, including the books, accounts, records, and memoranda of the rendition of and capacity for service as well as the receipts and expenditures of money, and any other forms, records, and memoranda that in the judgment of the utility commission may be necessary to carry out this chapter.

(b) In the case of a utility subject to regulation by a federal regulatory agency, compliance with the system of accounts prescribed for the particular class of utilities by that agency may be considered a sufficient compliance with the system prescribed by the utility commission. However, the utility commission may prescribe forms of books, accounts, records, and memoranda covering information in addition to that required by the federal agency. The system of accounts and the forms of books, accounts, records, and memoranda prescribed by the utility commission for a utility or class of utilities may not conflict or be inconsistent with the systems and forms established by a federal agency for that utility or class of utilities.

(c) The utility commission shall fix proper and adequate rates and methods of depreciation, amortization, or depletion of the several classes of property of each utility and shall require every utility to carry a proper and adequate depreciation account in accordance with those rates and methods and with any other rules the utility commission prescribes. Rules adopted under this subsection must require the book cost less net salvage of depreciable utility plant retired to be charged in its entirety to the accumulated depreciation account in a manner consistent with accounting treatment of regulated electric and gas utilities in this state. Those rates, methods, and accounts shall be utilized uniformly and consistently throughout the rate-setting and appeal proceedings.

(e) Every utility is required to keep and render its books, accounts, records, and memoranda accurately and faithfully in the manner and form prescribed by the utility commission and to comply with all directions of the regulatory authority relating to those books, accounts, records, and memoranda. The regulatory authority may require the examination and audit of all accounts.

SECTION 2.17. Section 13.132, Water Code, is amended to read as follows:

Sec. 13.132. POWERS OF UTILITY COMMISSION. (a) The utility commission may:

(1) require that water and sewer utilities report to it any information relating to themselves and affiliated interests both inside and outside this state that it considers useful in the administration of this chapter;

(2) establish forms for all reports;

(3) determine the time for reports and the frequency with which any reports are to be made;

(4) require that any reports be made under oath;

(5) require that a copy of any contract or arrangement between any utility and any affiliated interest be filed with it and require that such a contract or arrangement that is not in writing be reduced to writing;

(6) require that a copy of any report filed with any federal agency or any governmental agency or body of any other state be filed with it; and

(7) require that a copy of annual reports showing all payments of compensation, other than salary or wages subject to the withholding of federal income tax, made to residents of Texas, or with respect to legal, administrative, or legislative matters in Texas, or for representation before the Texas Legislature or any governmental agency or body be filed with it.

(b) On the request of the governing body of any municipality, the utility commission may provide sufficient staff members to advise and consult with the municipality on any pending matter.

SECTION 2.18. Subsection (b), Section 13.133, Water Code, is amended to read as follows:

(b) The regulatory authority may require, by order or subpoena served on any utility, the production within this state at the time and place it may designate of any books, accounts, papers, or records kept by that utility outside the state or verified copies of them if the regulatory authority [~~commission~~] so orders. A utility failing or refusing to comply with such an order or subpoena violates this chapter.

SECTION 2.19. Subsections (b) and (c), Section 13.136, Water Code, are amended to read as follows:

(b) Each utility annually shall file a service and financial report in a form and at times specified by utility commission rule.

(c) Every water supply or sewer service corporation shall file with the utility commission tariffs showing all rates that are subject to the appellate jurisdiction of the utility commission and that are in force at the time for any utility service, product, or commodity offered. Every water supply or sewer service corporation shall file with and as a part of those tariffs all rules and regulations relating to or affecting the rates, utility service, product, or commodity furnished. The filing required under this subsection shall be for informational purposes only.

SECTION 2.20. Section 13.137, Water Code, is amended to read as follows:

Sec. 13.137. OFFICE AND OTHER BUSINESS LOCATIONS OF UTILITY; RECORDS; REMOVAL FROM STATE. (a) Every utility shall:

(1) make available and notify its customers of a business location where its customers may make payments to prevent disconnection of or to restore service:

(A) in each county in which the utility provides service; or

(B) not more than 20 miles from the residence of any residential customer if there is no location to receive payments in the county; and

(2) have an office in a county of this state or in the immediate area in which its property or some part of its property is located in which it shall keep all books, accounts, records, and memoranda required by the utility commission to be kept in this state.

(b) The utility commission by rule may provide for waiving the requirements of Subsection (a)(1) for a utility for which meeting those requirements would cause a rate increase or otherwise harm or inconvenience customers. The rules must provide for an additional 14 days to be given for a customer to pay before a utility that is granted a waiver may disconnect service for late payment.

(c) Books, accounts, records, or memoranda required by the regulatory authority to be kept in the state may not be removed from the state, except on conditions prescribed by the utility commission.

SECTION 2.21. Subsection (b), Section 13.139, Water Code, is amended to read as follows:

(b) The governing body of a municipality, as the regulatory authority for public utilities operating within its corporate limits, and the utility commission or the commission as the regulatory authority for public utilities operating outside the corporate limits of any municipality, after reasonable notice and hearing on its own motion, may:

(1) ascertain and fix just and reasonable standards, classifications, regulations, service rules, minimum service standards or practices to be observed and followed with respect to the service to be furnished;

(2) ascertain and fix adequate and reasonable standards for the measurement of the quantity, quality, pressure, or other condition pertaining to the supply of the service;

(3) prescribe reasonable regulations for the examination and testing of the service and for the measurement of service; and

(4) establish or approve reasonable rules, regulations, specifications, and standards to secure the accuracy of all meters, instruments, and equipment used for the measurement of any utility service.

SECTION 2.22. Section 13.1395, Water Code, is amended by adding Subsection (m) to read as follows:

(m) The commission shall coordinate with the utility commission in the administration of this section.

SECTION 2.23. Subsection (b), Section 13.142, Water Code, is amended to read as follows:

(b) The utility commission shall adopt rules concerning payment of utility bills that are consistent with Chapter 2251, Government Code.

SECTION 2.24. Section 13.144, Water Code, is amended to read as follows:

Sec. 13.144. NOTICE OF WHOLESALE WATER SUPPLY CONTRACT. A district or authority created under Section 52, Article III, or Section 59, Article XVI, Texas Constitution, a retail public utility, a wholesale water service, or other person providing a retail public utility with a wholesale water supply shall provide the utility commission and the commission with a certified copy of any

wholesale water supply contract with a retail public utility within 30 days after the date of the execution of the contract. The submission must include the amount of water being supplied, term of the contract, consideration being given for the water, purpose of use, location of use, source of supply, point of delivery, limitations on the reuse of water, a disclosure of any affiliated interest between the parties to the contract, and any other condition or agreement relating to the contract.

SECTION 2.25. Subsection (a), Section 13.147, Water Code, is amended to read as follows:

(a) A retail public utility providing water service may contract with a retail public utility providing sewer service to bill and collect the sewer service provider's fees and payments as part of a consolidated process with the billing and collection of the water service provider's fees and payments. The water service provider may provide that service only for customers who are served by both providers in an area covered by both providers' certificates of public convenience and necessity. If the water service provider refuses to enter into a contract under this section or if the water service provider and sewer service provider cannot agree on the terms of a contract, the sewer service provider may petition the utility commission to issue an order requiring the water service provider to provide that service.

SECTION 2.26. Subsection (b), Section 13.181, Water Code, is amended to read as follows:

(b) Subject to this chapter, the utility commission has all authority and power of the state to ensure compliance with the obligations of utilities under this chapter. For this purpose the regulatory authority may fix and regulate rates of utilities, including rules and regulations for determining the classification of customers and services and for determining the applicability of rates. A rule or order of the regulatory authority may not conflict with the rulings of any federal regulatory body. The utility commission may adopt rules which authorize a utility which is permitted under Section 13.242(c) to provide service without a certificate of public convenience and necessity to request or implement a rate increase and operate according to rules, regulations, and standards of service other than those otherwise required under this chapter provided that rates are just and reasonable for customers and the utility and that service is safe, adequate, efficient, and reasonable.

SECTION 2.27. Subsections (c) and (d), Section 13.182, Water Code, are amended to read as follows:

(c) For ratemaking purposes, the utility commission may treat two or more municipalities served by a utility as a single class wherever the utility commission considers that treatment to be appropriate.

(d) The utility commission by rule shall establish a preference that rates under a consolidated tariff be consolidated by region. The regions under consolidated tariffs must be determined on a case-by-case basis.

SECTION 2.28. Subsection (d), Section 13.183, Water Code, is amended to read as follows:

(d) A regulatory authority other than the utility commission may not approve an acquisition adjustment for a system purchased before the effective date of an ordinance authorizing acquisition adjustments.

SECTION 2.29. Subsection (a), Section 13.184, Water Code, is amended to read as follows:

(a) Unless the utility commission establishes alternate rate methodologies in accordance with Section 13.183(c), the utility commission may not prescribe any rate that will yield more than a fair return on the invested capital used and useful in rendering service to the public. The governing body of a municipality exercising its original jurisdiction over rates and services may use alternate ratemaking methodologies established by ordinance or by utility commission rule in accordance with Section 13.183(c). Unless the municipal regulatory authority uses alternate ratemaking methodologies established by ordinance or by utility commission rule in accordance with Section 13.183(c), it may not prescribe any rate that will yield more than a fair return on the invested capital used and useful in rendering service to the public.

SECTION 2.30. Subsections (d), (k), and (o), Section 13.187, Water Code, are amended to read as follows:

(d) Except as provided by Subsection (d-1), if the application or the statement of intent is not substantially complete or does not comply with the regulatory authority's rules, it may be rejected and the effective date of the rate change may be suspended until a properly completed application is accepted by the regulatory authority and a proper statement of intent is provided. The utility commission may also suspend the effective date of any rate change if the utility does not have a certificate of public convenience and necessity or a completed application for a certificate or to transfer a certificate pending before the utility commission or if the utility is delinquent in paying the assessment and any applicable penalties or interest required by Section 5.701(n) [~~of this code~~].

(k) If the regulatory authority receives at least the number of complaints from ratepayers required for the regulatory authority to set a hearing under Subsection (e), the regulatory authority may, pending the hearing and a decision, suspend the date the rate change would otherwise be effective. Except as provided by Subsection (d-1), the proposed rate may not be suspended for longer than:

- (1) 90 days by a local regulatory authority; or
- (2) 150 days by the utility commission.

(o) If a regulatory authority other than the utility commission establishes interim rates or an escrow account, the regulatory authority must make a final determination on the rates not later than the first anniversary of the effective date of the interim rates or escrowed rates or the rates are automatically approved as requested by the utility.

SECTION 2.31. Subsection (a), Section 13.188, Water Code, is amended to read as follows:

(a) Notwithstanding any other provision in this chapter, the utility commission by rule shall adopt a procedure allowing a utility to file with the utility commission an application to timely adjust the utility's rates to reflect an

increase or decrease in documented energy costs in a pass through clause. The utility commission, by rule, shall require the pass through of documented decreases in energy costs within a reasonable time. The pass through, whether a decrease or increase, shall be implemented on no later than an annual basis, unless the utility commission determines a special circumstance applies.

SECTION 2.32. Subsections (a) and (d), Section 13.241, Water Code, are amended to read as follows:

(a) In determining whether to grant or amend a certificate of public convenience and necessity, the utility commission shall ensure that the applicant possesses the financial, managerial, and technical capability to provide continuous and adequate service.

(d) Before the utility commission grants a new certificate of convenience and necessity for an area which would require construction of a physically separate water or sewer system, the applicant must demonstrate to the utility commission that regionalization or consolidation with another retail public utility is not economically feasible.

SECTION 2.33. Subsection (a), Section 13.242, Water Code, is amended to read as follows:

(a) Unless otherwise specified, a utility, a utility operated by an affected county, or a water supply or sewer service corporation may not in any way render retail water or sewer utility service directly or indirectly to the public without first having obtained from the utility commission a certificate that the present or future public convenience and necessity will require that installation, operation, or extension, and except as otherwise provided by this subchapter, a retail public utility may not furnish, make available, render, or extend retail water or sewer utility service to any area to which retail water or sewer utility service is being lawfully furnished by another retail public utility without first having obtained a certificate of public convenience and necessity that includes the area in which the consuming facility is located.

SECTION 2.34. Section 13.244, Water Code, is amended to read as follows:

Sec. 13.244. APPLICATION; MAPS AND OTHER INFORMATION; EVIDENCE AND CONSENT. (a) To obtain a certificate of public convenience and necessity or an amendment to a certificate, a public utility or water supply or sewer service corporation shall submit to the utility commission an application for a certificate or for an amendment as provided by this section.

(b) Each public utility and water supply or sewer service corporation shall file with the utility commission a map or maps showing all its facilities and illustrating separately facilities for production, transmission, and distribution of its services, and each certificated retail public utility shall file with the utility commission a map or maps showing any facilities, customers, or area currently being served outside its certificated areas.

(c) Each applicant for a certificate or for an amendment shall file with the utility commission evidence required by the commission to show that the applicant has received the required consent, franchise, or permit of the proper municipality or other public authority.

(d) An application for a certificate of public convenience and necessity or for an amendment to a certificate must contain:

(1) a description of the proposed service area by:

(A) a metes and bounds survey certified by a licensed state land surveyor or a registered professional land surveyor;

(B) the Texas State Plane Coordinate System;

(C) verifiable landmarks, including a road, creek, or railroad line;

or

(D) if a recorded plat of the area exists, lot and block number;

(2) a description of any requests for service in the proposed service area;

(3) a capital improvements plan, including a budget and estimated timeline for construction of all facilities necessary to provide full service to the entire proposed service area;

(4) a description of the sources of funding for all facilities;

(5) to the extent known, a description of current and projected land uses, including densities;

(6) a current financial statement of the applicant;

(7) according to the tax roll of the central appraisal district for each county in which the proposed service area is located, a list of the owners of each tract of land that is:

(A) at least 50 acres; and

(B) wholly or partially located within the proposed service area;

and

(8) any other item required by the utility commission.

SECTION 2.35. Subsections (b), (c), and (e), Section 13.245, Water Code, are amended to read as follows:

(b) Except as provided by Subsection (c), the utility commission may not grant to a retail public utility a certificate of public convenience and necessity for a service area within the boundaries or extraterritorial jurisdiction of a municipality without the consent of the municipality. The municipality may not unreasonably withhold the consent. As a condition of the consent, a municipality may require that all water and sewer facilities be designed and constructed in accordance with the municipality's standards for facilities.

(c) If a municipality has not consented under Subsection (b) before the 180th day after the date the municipality receives the retail public utility's application, the utility commission shall grant the certificate of public convenience and necessity without the consent of the municipality if the utility commission finds that the municipality:

(1) does not have the ability to provide service; or

(2) has failed to make a good faith effort to provide service on reasonable terms and conditions.

(e) If the utility commission makes a decision under Subsection (d) regarding the grant of a certificate of public convenience and necessity without the consent of the municipality, the municipality or the retail public utility may

appeal the decision to the appropriate state district court. The court shall hear the petition within 120 days after the date the petition is filed. On final disposition, the court may award reasonable fees to the prevailing party.

SECTION 2.36. Subsection (c), Section 13.2451, Water Code, is amended to read as follows:

(c) The utility commission, after notice to the municipality and an opportunity for a hearing, may decertify an area outside a municipality's extraterritorial jurisdiction if the municipality does not provide service to the area on or before the fifth anniversary of the date the certificate of public convenience and necessity was granted for the area. This subsection does not apply to a certificate of public convenience and necessity for an area:

(1) that was transferred to a municipality on approval of the utility commission; and

(2) in relation to which the municipality has spent public funds.

SECTION 2.37. Subsections (a), (a-1), (b), (c), (d), (f), (h), and (i), Section 13.246, Water Code, are amended to read as follows:

(a) If an application for a certificate of public convenience and necessity or for an amendment to a certificate is filed, the utility commission shall cause notice of the application to be given to affected parties and to each county and groundwater conservation district that is wholly or partly included in the area proposed to be certified. If requested, the utility commission shall fix a time and place for a hearing and give notice of the hearing. Any person affected by the application may intervene at the hearing.

(a-1) Except as otherwise provided by this subsection, in addition to the notice required by Subsection (a), the utility commission shall require notice to be mailed to each owner of a tract of land that is at least 25 acres and is wholly or partially included in the area proposed to be certified. Notice required under this subsection must be mailed by first class mail to the owner of the tract according to the most current tax appraisal rolls of the applicable central appraisal district at the time the utility commission received the application for the certificate or amendment. Good faith efforts to comply with the requirements of this subsection shall be considered adequate notice to landowners. Notice under this subsection is not required for a matter filed with the utility commission or the commission under:

(1) Section 13.248 or 13.255; or

(2) Chapter 65.

(b) The utility commission may grant applications and issue certificates and amendments to certificates only if the utility commission finds that a certificate or amendment is necessary for the service, accommodation, convenience, or safety of the public. The utility commission may issue a certificate or amendment as requested, or refuse to issue it, or issue it for the construction of only a portion of the contemplated system or facility or extension, or for the partial exercise only of the right or privilege and may impose special conditions necessary to ensure that continuous and adequate service is provided.

(c) Certificates of public convenience and necessity and amendments to certificates shall be granted by the utility commission on a nondiscriminatory basis after consideration by the utility commission of:

- (1) the adequacy of service currently provided to the requested area;
- (2) the need for additional service in the requested area, including whether any landowners, prospective landowners, tenants, or residents have requested service;
- (3) the effect of the granting of a certificate or of an amendment on the recipient of the certificate or amendment, on the landowners in the area, and on any retail public utility of the same kind already serving the proximate area;
- (4) the ability of the applicant to provide adequate service, including meeting the standards of the commission, taking into consideration the current and projected density and land use of the area;
- (5) the feasibility of obtaining service from an adjacent retail public utility;
- (6) the financial ability of the applicant to pay for the facilities necessary to provide continuous and adequate service and the financial stability of the applicant, including, if applicable, the adequacy of the applicant's debt-equity ratio;
- (7) environmental integrity;
- (8) the probable improvement of service or lowering of cost to consumers in that area resulting from the granting of the certificate or amendment; and
- (9) the effect on the land to be included in the certificated area.

(d) The utility commission may require an applicant for a certificate or for an amendment to provide a bond or other financial assurance in a form and amount specified by the utility commission to ensure that continuous and adequate utility service is provided.

(f) If two or more retail public utilities or water supply or sewer service corporations apply for a certificate of public convenience and necessity to provide water or sewer utility service to an uncertificated area located in an economically distressed area and otherwise meet the requirements for obtaining a new certificate, the utility commission shall grant the certificate to the retail public utility or water supply or sewer service corporation that is more capable financially, managerially, and technically of providing continuous and adequate service.

(h) Except as provided by Subsection (i), a landowner who owns a tract of land that is at least 25 acres and that is wholly or partially located within the proposed service area may elect to exclude some or all of the landowner's property from the proposed service area by providing written notice to the utility commission before the 30th day after the date the landowner receives notice of a new application for a certificate of public convenience and necessity or for an amendment to an existing certificate of public convenience and necessity. The landowner's election is effective without a further hearing or other process by the

utility commission. If a landowner makes an election under this subsection, the application shall be modified so that the electing landowner's property is not included in the proposed service area.

(i) A landowner is not entitled to make an election under Subsection (h) but is entitled to contest the inclusion of the landowner's property in the proposed service area at a hearing held by the utility commission regarding the application if the proposed service area is located within the boundaries or extraterritorial jurisdiction of a municipality with a population of more than 500,000 and the municipality or a utility owned by the municipality is the applicant.

SECTION 2.38. Subsection (a), Section 13.247, Water Code, is amended to read as follows:

(a) If an area is within the boundaries of a municipality, all retail public utilities certified or entitled to certification under this chapter to provide service or operate facilities in that area may continue and extend service in its area of public convenience and necessity within the area pursuant to the rights granted by its certificate and this chapter, unless the municipality exercises its power of eminent domain to acquire the property of the retail public utility under Subsection (d). Except as provided by Section 13.255, a municipally owned or operated utility may not provide retail water and sewer utility service within the area certificated to another retail public utility without first having obtained from the utility commission a certificate of public convenience and necessity that includes the areas to be served.

SECTION 2.39. Section 13.248, Water Code, is amended to read as follows:

Sec. 13.248. CONTRACTS VALID AND ENFORCEABLE. Contracts between retail public utilities designating areas to be served and customers to be served by those retail public utilities, when approved by the utility commission or the executive director of the utility commission after public notice [~~and hearing~~], are valid and enforceable and are incorporated into the appropriate areas of public convenience and necessity.

SECTION 2.40. Subsections (b), (c), and (e), Section 13.250, Water Code, are amended to read as follows:

(b) Unless the utility commission issues a certificate that neither the present nor future convenience and necessity will be adversely affected, the holder of a certificate or a person who possesses facilities used to provide utility service shall not discontinue, reduce, or impair service to a certified service area or part of a certified service area except for:

(1) nonpayment of charges for services provided by the certificate holder or a person who possesses facilities used to provide utility service;

(2) nonpayment of charges for sewer service provided by another retail public utility under an agreement between the retail public utility and the certificate holder or a person who possesses facilities used to provide utility service or under a utility commission-ordered arrangement between the two service providers;

(3) nonuse; or

(4) other similar reasons in the usual course of business.

(c) Any discontinuance, reduction, or impairment of service, whether with or without approval of the utility commission, shall be in conformity with and subject to conditions, restrictions, and limitations that the utility commission prescribes.

(e) Not later than the 48th hour after the hour in which a utility files a bankruptcy petition, the utility shall report this fact to the utility commission and the commission in writing.

SECTION 2.41. Subsection (d), Section 13.2502, Water Code, is amended to read as follows:

(d) This section does not limit or extend the jurisdiction of the utility commission under Section 13.043(g).

SECTION 2.42. Section 13.251, Water Code, is amended to read as follows:

Sec. 13.251. SALE, ASSIGNMENT, OR LEASE OF CERTIFICATE. Except as provided by Section 13.255 [~~of this code~~], a utility or a water supply or sewer service corporation may not sell, assign, or lease a certificate of public convenience and necessity or any right obtained under a certificate unless the commission has determined that the purchaser, assignee, or lessee is capable of rendering adequate and continuous service to every consumer within the certified area, after considering the factors under Section 13.246(c) [~~of this code~~]. The sale, assignment, or lease shall be on the conditions prescribed by the utility commission.

SECTION 2.43. Section 13.252, Water Code, is amended to read as follows:

Sec. 13.252. INTERFERENCE WITH OTHER RETAIL PUBLIC UTILITY. If a retail public utility in constructing or extending a line, plant, or system interferes or attempts to interfere with the operation of a line, plant, or system of any other retail public utility, or furnishes, makes available, renders, or extends retail water or sewer utility service to any portion of the service area of another retail public utility that has been granted or is not required to possess a certificate of public convenience and necessity, the utility commission may issue an order prohibiting the construction, extension, or provision of service or prescribing terms and conditions for locating the line, plant, or system affected or for the provision of the service.

SECTION 2.44. Section 13.253, Water Code, is amended to read as follows:

Sec. 13.253. IMPROVEMENTS IN SERVICE; INTERCONNECTING SERVICE. (a) After notice and hearing, the utility commission or the commission may:

(1) order any retail public utility that is required by law to possess a certificate of public convenience and necessity or any retail public utility that possesses a certificate of public convenience and necessity and is located in an affected county as defined in Section 16.341 to:

(A) provide specified improvements in its service in a defined area if service in that area is inadequate or is substantially inferior to service in a comparable area and it is reasonable to require the retail public utility to provide the improved service; or

(B) develop, implement, and follow financial, managerial, and technical practices that are acceptable to the utility commission to ensure that continuous and adequate service is provided to any areas currently certificated to the retail public utility if the retail public utility has not provided continuous and adequate service to any of those areas and, for a utility, to provide financial assurance of the utility's ability to operate the system in accordance with applicable laws and rules, in the form of a bond or other financial assurance in a form and amount specified by the utility commission;

(2) order two or more public utilities or water supply or sewer service corporations to establish specified facilities for interconnecting service;

(3) order a public utility or water supply or sewer service corporation that has not demonstrated that it can provide continuous and adequate service from its drinking water source or sewer treatment facility to obtain service sufficient to meet its obligation to provide continuous and adequate service on at least a wholesale basis from another consenting utility service provider; or

(4) issue an emergency order, with or without a hearing, under Section 13.041.

(b) If the utility commission has reason to believe that improvements and repairs to a water or sewer service system are necessary to enable a retail public utility to provide continuous and adequate service in any portion of its service area and the retail public utility has provided financial assurance under Section 341.0355, Health and Safety Code, or under this chapter, the utility commission, after providing to the retail public utility notice and an opportunity to be heard by the commissioners at a [~~commission~~] meeting of the utility commission, may immediately order specified improvements and repairs to the water or sewer system, the costs of which may be paid by the bond or other financial assurance in an amount determined by the utility commission not to exceed the amount of the bond or financial assurance. The order requiring the improvements may be an emergency order if it is issued after the retail public utility has had an opportunity to be heard [~~by the commissioners~~] at a [~~commission~~] meeting of the utility commission. After notice and hearing, the utility commission may require a retail public utility to obligate additional money to replace the financial assurance used for the improvements.

SECTION 2.45. Section 13.254, Water Code, is amended to read as follows:

Sec. 13.254. REVOCATION OR AMENDMENT OF CERTIFICATE. (a) The utility commission at any time after notice and hearing may [~~on its own motion or on receipt of a petition described by Subsection (a-1);~~] revoke or amend any certificate of public convenience and necessity with the written consent of the certificate holder or if the utility commission [~~it~~] finds that:

(1) the certificate holder has never provided, is no longer providing, is incapable of providing, or has failed to provide continuous and adequate service in the area, or part of the area, covered by the certificate;

(2) in an affected county as defined in Section 16.341, the cost of providing service by the certificate holder is so prohibitively expensive as to constitute denial of service, provided that, for commercial developments or for residential developments started after September 1, 1997, in an affected county as defined in Section 16.341, the fact that the cost of obtaining service from the currently certificated retail public utility makes the development economically unfeasible does not render such cost prohibitively expensive in the absence of other relevant factors;

(3) the certificate holder has agreed in writing to allow another retail public utility to provide service within its service area, except for an interim period, without amending its certificate; or

(4) the certificate holder has failed to file a cease and desist action pursuant to Section 13.252 within 180 days of the date that it became aware that another retail public utility was providing service within its service area, unless the certificate holder demonstrates good cause for its failure to file such action within the 180 days.

(a-1) As an alternative to decertification under Subsection (a), the owner of a tract of land that is at least 50 acres and that is not in a platted subdivision actually receiving water or sewer service may petition the utility commission under this subsection for expedited release of the area from a certificate of public convenience and necessity so that the area may receive service from another retail public utility. The petitioner shall deliver, via certified mail, a copy of the petition to the certificate holder, who may submit information to the utility commission to controvert information submitted by the petitioner. The petitioner must demonstrate that:

(1) a written request for service, other than a request for standard residential or commercial service, has been submitted to the certificate holder, identifying:

(A) the area for which service is sought;

(B) the timeframe within which service is needed for current and projected service demands in the area;

(C) the level and manner of service needed for current and projected service demands in the area; and

(D) any additional information requested by the certificate holder that is reasonably related to determination of the capacity or cost for providing the service;

(2) the certificate holder has been allowed at least 90 calendar days to review and respond to the written request and the information it contains;

(3) the certificate holder:

(A) has refused to provide the service;

(B) is not capable of providing the service on a continuous and adequate basis within the timeframe, at the level, or in the manner reasonably needed or requested by current and projected service demands in the area; or

(C) conditions the provision of service on the payment of costs not properly allocable directly to the petitioner's service request, as determined by the utility commission; and

(4) the alternate retail public utility from which the petitioner will be requesting service is capable of providing continuous and adequate service within the timeframe, at the level, and in the manner reasonably needed or requested by current and projected service demands in the area.

(a-2) A landowner is not entitled to make the election described in Subsection (a-1) or (a-5) but is entitled to contest under Subsection (a) the involuntary certification of its property in a hearing held by the utility commission if the landowner's property is located:

(1) within the boundaries of any municipality or the extraterritorial jurisdiction of a municipality with a population of more than 500,000 and the municipality or retail public utility owned by the municipality is the holder of the certificate; or

(2) in a platted subdivision actually receiving water or sewer service.

(a-3) Within 90 calendar days from the date the utility commission determines the petition filed pursuant to Subsection (a-1) to be administratively complete, the utility commission shall grant the petition unless the utility commission makes an express finding that the petitioner failed to satisfy the elements required in Subsection (a-1) and supports its finding with separate findings and conclusions for each element based solely on the information provided by the petitioner and the certificate holder. The utility commission may grant or deny a petition subject to terms and conditions specifically related to the service request of the petitioner and all relevant information submitted by the petitioner and the certificate holder. In addition, the utility commission may require an award of compensation as otherwise provided by this section.

(a-4) Chapter 2001, Government Code, does not apply to any petition filed under Subsection (a-1). The decision of the utility commission on the petition is final after any reconsideration authorized by the utility commission's rules and may not be appealed.

(a-5) As an alternative to decertification under Subsection (a) and expedited release under Subsection (a-1), the owner of a tract of land that is at least 25 acres and that is not receiving water or sewer service may petition for expedited release of the area from a certificate of public convenience and necessity and is entitled to that release if the landowner's property is located in a county with a population of at least one million, a county adjacent to a county with a population of at least one million, or a county with a population of more than 200,000 and less than 220,000.

(a-6) The utility commission shall grant a petition received under Subsection (a-5) not later than the 60th day after the date the landowner files the petition. The utility commission may not deny a petition received under Subsection (a-5) based on the fact that a certificate holder is a borrower under a federal loan program. The utility commission may require an award of

compensation by the petitioner to a decertified retail public utility that is the subject of a petition filed under Subsection (a-5) as otherwise provided by this section.

(b) Upon written request from the certificate holder, the utility commission [~~executive director~~] may cancel the certificate of a utility or water supply corporation authorized by rule to operate without a certificate of public convenience and necessity under Section 13.242(c).

(c) If the certificate of any retail public utility is revoked or amended, the utility commission may require one or more retail public utilities with their consent to provide service in the area in question. The order of the utility commission shall not be effective to transfer property.

(d) A retail public utility may not in any way render retail water or sewer service directly or indirectly to the public in an area that has been decertified under this section without providing compensation for any property that the utility commission determines is rendered useless or valueless to the decertified retail public utility as a result of the decertification.

(e) The determination of the monetary amount of compensation, if any, shall be determined at the time another retail public utility seeks to provide service in the previously decertified area and before service is actually provided. The utility commission shall ensure that the monetary amount of compensation is determined not later than the 90th calendar day after the date on which a retail public utility notifies the utility commission of its intent to provide service to the decertified area.

(f) The monetary amount shall be determined by a qualified individual or firm serving as independent appraiser agreed upon by the decertified retail public utility and the retail public utility seeking to serve the area. The determination of compensation by the independent appraiser shall be binding on the utility commission. The costs of the independent appraiser shall be borne by the retail public utility seeking to serve the area.

(g) For the purpose of implementing this section, the value of real property owned and utilized by the retail public utility for its facilities shall be determined according to the standards set forth in Chapter 21, Property Code, governing actions in eminent domain and the value of personal property shall be determined according to the factors in this subsection. The factors ensuring that the compensation to a retail public utility is just and adequate shall include: the amount of the retail public utility's debt allocable for service to the area in question; the value of the service facilities of the retail public utility located within the area in question; the amount of any expenditures for planning, design, or construction of service facilities that are allocable to service to the area in question; the amount of the retail public utility's contractual obligations allocable to the area in question; any demonstrated impairment of service or increase of cost to consumers of the retail public utility remaining after the decertification; the impact on future revenues lost from existing customers; necessary and reasonable legal expenses and professional fees; and other relevant factors. The utility commission shall adopt rules governing the evaluation of these factors.

(g-1) If the retail public utilities cannot agree on an independent appraiser within 10 calendar days after the date on which the retail public utility notifies the utility commission of its intent to provide service to the decertified area, each retail public utility shall engage its own appraiser at its own expense, and each appraisal shall be submitted to the utility commission within 60 calendar days. After receiving the appraisals, the utility commission shall appoint a third appraiser who shall make a determination of the compensation within 30 days. The determination may not be less than the lower appraisal or more than the higher appraisal. Each retail public utility shall pay half the cost of the third appraisal.

SECTION 2.46. Subsections (a), (b), (c), (d), (e), (g-1), (k), (l), and (m), Section 13.255, Water Code, are amended to read as follows:

(a) In the event that an area is incorporated or annexed by a municipality, either before or after the effective date of this section, the municipality and a retail public utility that provides water or sewer service to all or part of the area pursuant to a certificate of convenience and necessity may agree in writing that all or part of the area may be served by a municipally owned utility, by a franchised utility, or by the retail public utility. In this section, the phrase "franchised utility" shall mean a retail public utility that has been granted a franchise by a municipality to provide water or sewer service inside municipal boundaries. The agreement may provide for single or dual certification of all or part of the area, for the purchase of facilities or property, and for such other or additional terms that the parties may agree on. If a franchised utility is to serve the area, the franchised utility shall also be a party to the agreement. The executed agreement shall be filed with the utility commission, and the utility commission, on receipt of the agreement, shall incorporate the terms of the agreement into the respective certificates of convenience and necessity of the parties to the agreement.

(b) If an agreement is not executed within 180 days after the municipality, in writing, notifies the retail public utility of its intent to provide service to the incorporated or annexed area, and if the municipality desires and intends to provide retail utility service to the area, the municipality, prior to providing service to the area, shall file an application with the utility commission to grant single certification to the municipally owned water or sewer utility or to a franchised utility. If an application for single certification is filed, the utility commission shall fix a time and place for a hearing and give notice of the hearing to the municipality and franchised utility, if any, and notice of the application and hearing to the retail public utility.

(c) The utility commission shall grant single certification to the municipality. The utility commission shall also determine whether single certification as requested by the municipality would result in property of a retail public utility being rendered useless or valueless to the retail public utility, and shall determine in its order the monetary amount that is adequate and just to compensate the retail public utility for such property. If the municipality in its application has requested the transfer of specified property of the retail public utility to the municipality or to a franchised utility, the utility commission shall

also determine in its order the adequate and just compensation to be paid for such property pursuant to the provisions of this section, including an award for damages to property remaining in the ownership of the retail public utility after single certification. The order of the utility commission shall not be effective to transfer property. A transfer of property may only be obtained under this section by a court judgment rendered pursuant to Subsection (d) or (e) ~~[of this section]~~. The grant of single certification by the utility commission shall go into effect on the date the municipality or franchised utility, as the case may be, pays adequate and just compensation pursuant to court order, or pays an amount into the registry of the court or to the retail public utility under Subsection (f). If the court judgment provides that the retail public utility is not entitled to any compensation, the grant of single certification shall go into effect when the court judgment becomes final. The municipality or franchised utility must provide to each customer of the retail public utility being acquired an individual written notice within 60 days after the effective date for the transfer specified in the court judgment. The notice must clearly advise the customer of the identity of the new service provider, the reason for the transfer, the rates to be charged by the new service provider, and the effective date of those rates.

(d) In the event the final order of the utility commission is not appealed within 30 days, the municipality may request the district court of Travis County to enter a judgment consistent with the order of the utility commission. In such event, the court shall render a judgment that:

(1) transfers to the municipally owned utility or franchised utility title to property to be transferred to the municipally owned utility or franchised utility as delineated by the utility commission's final order and property determined by the utility commission to be rendered useless or valueless by the granting of single certification; and

(2) orders payment to the retail public utility of adequate and just compensation for the property as determined by the utility commission in its final order.

(e) Any party that is aggrieved by a final order of the utility commission under this section may file an appeal with the district court of Travis County within 30 days after the order becomes final. The hearing in such an appeal before the district court shall be by trial de novo on all issues. After the hearing, if the court determines that the municipally owned utility or franchised utility is entitled to single certification under the provisions of this section, the court shall enter a judgment that:

(1) transfers to the municipally owned utility or franchised utility title to property requested by the municipality to be transferred to the municipally owned utility or franchised utility and located within the singly certificated area and property determined by the court or jury to be rendered useless or valueless by the granting of single certification; and

(2) orders payment in accordance with Subsection (g) ~~[of this section]~~ to the retail public utility of adequate and just compensation for the property transferred and for the property damaged as determined by the court or jury.

(g-1) The utility commission shall adopt rules governing the evaluation of the factors to be considered in determining the monetary compensation under Subsection (g). The utility commission by rule shall adopt procedures to ensure that the total compensation to be paid to a retail public utility under Subsection (g) is determined not later than the 90th calendar day after the date on which the utility commission determines that the municipality's application is administratively complete.

(k) The following conditions apply when a municipality or franchised utility makes an application to acquire the service area or facilities of a retail public utility described in Subsection (j)(2):

(1) the utility commission or court must determine that the service provided by the retail public utility is substandard or its rates are unreasonable in view of the reasonable expenses of the utility;

(2) if the municipality abandons its application, the court or the utility commission is authorized to award to the retail public utility its reasonable expenses related to the proceeding hereunder, including attorney fees; and

(3) unless otherwise agreed by the retail public utility, the municipality must take the entire utility property of the retail public utility in a proceeding hereunder.

(l) For an area incorporated by a municipality, the compensation provided under Subsection (g) shall be determined by a qualified individual or firm to serve as independent appraiser, who shall be selected by the affected retail public utility, and the costs of the appraiser shall be paid by the municipality. For an area annexed by a municipality, the compensation provided under Subsection (g) shall be determined by a qualified individual or firm to which the municipality and the retail public utility agree to serve as independent appraiser. If the retail public utility and the municipality are unable to agree on a single individual or firm to serve as the independent appraiser before the 11th day after the date the retail public utility or municipality notifies the other party of the impasse, the retail public utility and municipality each shall appoint a qualified individual or firm to serve as independent appraiser. On or before the 10th business day after the date of their appointment, the independent appraisers shall meet to reach an agreed determination of the amount of compensation. If the appraisers are unable to agree on a determination before the 16th business day after the date of their first meeting under this subsection, the retail public utility or municipality may petition the utility commission or a person the utility commission designates for the purpose to appoint a third qualified independent appraiser to reconcile the appraisals of the two originally appointed appraisers. The determination of the third appraiser may not be less than the lesser or more than the greater of the two original appraisals. The costs of the independent appraisers for an annexed area shall be shared equally by the retail public utility and the municipality. The determination of compensation under this subsection is binding on the utility commission.

(m) The utility commission shall deny an application for single certification by a municipality that fails to demonstrate compliance with the commission's minimum requirements for public drinking water systems.

SECTION 2.47. Section 13.2551, Water Code, is amended to read as follows:

Sec. 13.2551. COMPLETION OF DECERTIFICATION. (a) As a condition to decertification or single certification under Section 13.254 or 13.255, and on request by an affected retail public utility, the utility commission may order:

(1) the retail public utility seeking to provide service to a decertified area to serve the entire service area of the retail public utility that is being decertified; and

(2) the transfer of the entire certificate of public convenience and necessity of a partially decertified retail public utility to the retail public utility seeking to provide service to the decertified area.

(b) The utility commission shall order service to the entire area under Subsection (a) if the utility commission finds that the decertified retail public utility will be unable to provide continuous and adequate service at an affordable cost to the remaining customers.

(c) The utility commission shall require the retail public utility seeking to provide service to the decertified area to provide continuous and adequate service to the remaining customers at a cost comparable to the cost of that service to its other customers and shall establish the terms under which the service must be provided. The terms may include:

(1) transferring debt and other contract obligations;

(2) transferring real and personal property;

(3) establishing interim service rates for affected customers during specified times; and

(4) other provisions necessary for the just and reasonable allocation of assets and liabilities.

(d) The retail public utility seeking decertification shall not charge the affected customers any transfer fee or other fee to obtain service other than the retail public utility's usual and customary rates for monthly service or the interim rates set by the utility commission, if applicable.

(e) The utility commission shall not order compensation to the decertificated retail utility if service to the entire service area is ordered under this section.

SECTION 2.48. Subsections (e), (i), (r), and (s), Section 13.257, Water Code, are amended to read as follows:

(e) The notice must be given to the prospective purchaser before the execution of a binding contract of purchase and sale. The notice may be given separately or as an addendum to or paragraph of the contract. If the seller fails to provide the notice required by this section, the purchaser may terminate the contract. If the seller provides the notice at or before the closing of the purchase and sale contract and the purchaser elects to close even though the notice was not timely provided before the execution of the contract, it is conclusively presumed that the purchaser has waived all rights to terminate the contract and recover damages or pursue other remedies or rights under this section. Notwithstanding any provision of this section to the contrary, a seller, title insurance company, real

estate broker, or examining attorney, or an agent, representative, or person acting on behalf of the seller, company, broker, or attorney, is not liable for damages under Subsection (m) or (n) or liable for any other damages to any person for:

(1) failing to provide the notice required by this section to a purchaser before the execution of a binding contract of purchase and sale or at or before the closing of the purchase and sale contract if:

(A) the utility service provider did not file the map of the certificated service area in the real property records of the county in which the service area is located and with the utility commission depicting the boundaries of the service area of the utility service provider as shown in the real property records of the county in which the service area is located; and

(B) the utility commission did not maintain an accurate map of the certificated service area of the utility service provider as required by this chapter; or

(2) unintentionally providing a notice required by this section that is incorrect under the circumstances before the execution of a binding contract of purchase and sale or at or before the closing of the purchase and sale contract.

(i) If the notice is given at closing as provided by Subsection (g), a purchaser, or the purchaser's heirs, successors, or assigns, may not maintain an action for damages or maintain an action against a seller, title insurance company, real estate broker, or lienholder, or any agent, representative, or person acting on behalf of the seller, company, broker, or lienholder, by reason of the seller's use of the information filed with the utility commission by the utility service provider or the seller's use of the map of the certificated service area of the utility service provider filed in the real property records to determine whether the property to be purchased is within the certificated service area of the utility service provider. An action may not be maintained against a title insurance company for the failure to disclose that the described real property is included within the certificated service area of a utility service provider if the utility service provider did not file in the real property records or with the utility commission the map of the certificated service area.

(r) A utility service provider shall:

(1) record in the real property records of each county in which the service area or a portion of the service area is located a certified copy of the map of the certificate of public convenience and necessity and of any amendment to the certificate as contained in the utility commission's records, and a boundary description of the service area by:

(A) a metes and bounds survey certified by a licensed state land surveyor or a registered professional land surveyor;

(B) the Texas State Plane Coordinate System;

(C) verifiable landmarks, including a road, creek, or railroad line;

or

(D) if a recorded plat of the area exists, lot and block number; and

(2) submit to the executive director of the utility commission evidence of the recording.

(s) Each county shall accept and file in its real property records a utility service provider's map presented to the county clerk under this section if the map meets filing requirements, does not exceed 11 inches by 17 inches in size, and is accompanied by the appropriate fee. The recording required by this section must be completed not later than the 31st day after the date a utility service provider receives a final order from the utility commission granting an application for a new certificate or for an amendment to a certificate that results in a change in the utility service provider's service area.

SECTION 2.49. Subsections (a) through (g), Section 13.301, Water Code, are amended to read as follows:

(a) A utility or a water supply or sewer service corporation, on or before the 120th day before the effective date of a sale, acquisition, lease, or rental of a water or sewer system that is required by law to possess a certificate of public convenience and necessity or the effective date of a merger or consolidation with such a utility or water supply or sewer service corporation, shall:

(1) file a written application with the utility commission; and

(2) unless public notice is waived by the executive director of the utility commission for good cause shown, give public notice of the action.

(b) The utility commission may require that the person purchasing or acquiring the water or sewer system demonstrate adequate financial, managerial, and technical capability for providing continuous and adequate service to the requested area and any areas currently certificated to the person.

The penalty may be in an amount not to exceed \$500 a day. Each day a violation continues may be considered a separate violation.

(b) In determining the amount of the penalty, the utility commission or the commission shall consider:

(1) the nature, circumstances, extent, duration, and gravity of the prohibited acts or omissions;

(2) with respect to the alleged violator:

(A) the history and extent of previous violations;

(B) the degree of culpability, including whether the violation was attributable to mechanical or electrical failures and whether the violation could have been reasonably anticipated and avoided;

(C) the demonstrated good faith, including actions taken by the person, affiliated interest, or entity to correct the cause of the violation;

(D) any economic benefit gained through the violation; and

(E) the amount necessary to deter future violations; and

(3) any other matters that justice requires.

(c) If, after examination of a possible violation and the facts surrounding that possible violation, the executive director of the utility commission or the executive director of the commission concludes that a violation has occurred, the executive director of the utility commission or the executive director of the commission may issue a preliminary report stating the facts on which that conclusion is based, recommending that a penalty under this section be imposed on the person, affiliated interest, or retail public utility charged, and recommending the amount of that proposed penalty. The executive director of the utility commission or the executive director of the commission shall base the recommended amount of the proposed penalty on the factors provided by Subsection (b) [of this section], and shall analyze each factor for the benefit of the agency [commission].

(d) Not later than the 10th day after the date on which the report is issued, the executive director of the utility commission or the executive director of the commission shall give written notice of the report to the person, affiliated interest, or retail public utility charged with the violation. The notice shall include a brief summary of the charges, a statement of the amount of the penalty recommended, and a statement of the right of the person, affiliated interest, or retail public utility charged to a hearing on the occurrence of the violation, the amount of the penalty, or both.

(e) Not later than the 20th day after the date on which notice is received, the person, affiliated interest, or retail public utility charged may give the agency [commission] written consent to the [executive director's] report described by Subsection (c), including the recommended penalty, or may make a written request for a hearing.

(f) If the person, affiliated interest, or retail public utility charged with the violation consents to the penalty recommended in the report described by Subsection (c) [by the executive director] or fails to timely respond to the notice, the utility commission or the commission by order shall assess that penalty or order a hearing to be held on the findings and recommendations in the [executive director's] report. If the utility commission or the commission assesses the penalty recommended by the report, the utility commission or the commission shall give written notice to the person, affiliated interest, or retail public utility charged of its decision.

(g) If the person, affiliated interest, or retail public utility charged requests or the utility commission or the commission orders a hearing, the agency [commission] shall call a hearing and give notice of the hearing. As a result of the hearing, the agency [commission] by order may find that a violation has occurred

and may assess a civil penalty, may find that a violation has occurred but that no penalty should be assessed, or may find that no violation has occurred. All proceedings under this subsection are subject to Chapter 2001, Government Code. In making any penalty decision, the agency [~~commission~~] shall analyze each of the factors provided by Subsection (b) [~~of this section~~].

(h) The utility commission or the commission shall give notice of its decision to the person, affiliated interest, or retail public utility charged, and if the agency [~~commission~~] finds that a violation has occurred and has assessed a penalty, the agency [~~commission~~] shall give written notice to the person, affiliated interest, or retail public utility charged of its findings, of the amount of the penalty, and of the person's, affiliated interest's, or retail public utility's right to judicial review of the agency's [~~commission's~~] order. If the agency [~~commission~~] is required to give notice of a penalty under this subsection or Subsection (f) [~~of this section~~], the agency [~~commission~~] shall file notice of the agency's [~~its~~] decision in the Texas Register not later than the 10th day after the date on which the decision is adopted.

(i) Within the 30-day period immediately following the day on which the agency's [~~commission's~~] order is final, as provided by Subchapter F, Chapter 2001, Government Code, the person, affiliated interest, or retail public utility charged with the penalty shall:

- (1) pay the penalty in full; or
- (2) if the person, affiliated interest, or retail public utility seeks judicial review of the fact of the violation, the amount of the penalty, or both:
 - (A) forward the amount of the penalty to the agency [~~commission~~] for placement in an escrow account; or
 - (B) post with the agency [~~commission~~] a supersedeas bond in a form approved by the agency [~~commission~~] for the amount of the penalty to be effective until all judicial review of the order or decision is final.

(j) Failure to forward the money to or to post the bond with the agency [~~commission~~] within the time provided by Subsection (i) [~~of this section~~] constitutes a waiver of all legal rights to judicial review. If the person, affiliated interest, or retail public utility charged fails to forward the money or post the bond as provided by Subsection (i) [~~of this section~~], the agency [~~commission~~] or the executive director of the agency may forward the matter to the attorney general for enforcement.

(k) Judicial review of the order or decision of the agency [~~commission~~] assessing the penalty shall be under the substantial evidence rule and may be instituted by filing a petition with a district court in Travis County, as provided by Subchapter G, Chapter 2001, Government Code.

(m) Notwithstanding any other provision of law, the agency [~~commission~~] may compromise, modify, extend the time for payment of, or remit, with or without condition, any penalty imposed under this section.

(1) that the person [~~he~~] is entitled to receive or use the water;

(2) that the person [~~he~~] is willing and able to pay a just and reasonable price for the water;

(3) that the party owning or controlling the water supply has water not contracted to others and available for the petitioner's use; and

(4) that the party owning or controlling the water supply fails or refuses to supply the available water to the petitioner, or that the price or rental demanded for the available water is not reasonable and just or is discriminatory.

(b) If the petition is accompanied by a deposit of \$25, the executive director of the utility commission shall have a preliminary investigation of the complaint made and determine whether or not there are probable grounds for the complaint.

(c) If, after preliminary investigation, the executive director of the utility commission determines that probable grounds exist for the complaint, the utility commission shall enter an order setting a time and place for a hearing on the petition.

(d) The utility commission may require the complainant to make an additional deposit or execute a bond satisfactory to the utility commission in an amount fixed by the utility commission conditioned on the payment of all costs of the proceeding.

(e) At least 20 days before the date set for the hearing, the utility commission shall transmit by registered mail a certified copy of the petition and a certified copy of the hearing order to the person against whom the complaint is made.

(f) The utility commission shall hold a hearing on the complaint at the time and place stated in the order. It may hear evidence orally or by affidavit in support of or against the complaint, and it may hear arguments. The commission may

participate in the hearing for the purpose of presenting evidence on the availability of the water requested by the petitioner. On completion of the hearing, the utility commission shall render a written decision.

(d) The utility commission's jurisdiction under this section relating to incorporated cities, towns, or villages shall be limited to water furnished by such city, town, or village to another political subdivision on a wholesale basis.

(e) The utility commission may establish interim rates and compel continuing service during the pendency of any rate proceeding.

(f) The utility commission may order a refund or assess additional charges from the date a petition for rate review is received by the utility commission of the difference between the rate actually charged and the rate fixed by the utility commission, plus interest at the statutory rate.

Amend **CSSB 635** (house committee printing) by adding the following appropriately numbered SECTION to the bill and renumbering subsequent SECTIONS accordingly:

SECTION _____. Subchapter B, Chapter 11, Water Code, is amended by adding Section 11.0392 to read as follows:

Sec. 11.0392. COMMISSION REVIEW OF CERTAIN RIVER AUTHORITY WATER MANAGEMENT PLANS. (a) In this section:

(1) "Authority" means a river authority to which this section applies under Subsection (b).

(2) "Firm water" means a supply of stored water that could be supplied without shortage during each year of a simulated repeat of the drought of record, while honoring all senior water rights. During a drought of record, the supply of water for firm water customers has a higher priority than that of interruptible water customers.

(3) "Interruptible water" means a stored supply of water for customers of an authority that must be curtailed before the authority curtails firm water supplies.

(b) This section applies only to a river authority whose water management plan consists of a reservoir operation plan for the operation of two water supply reservoirs and was:

(1) developed by an applicant for a permit under this chapter; and

(2) originally required by a court order adjudicating the water rights for those reservoirs.

(c) Before approving an authority's water management plan, the commission shall require that the plan:

(1) ensures that adequate firm water supplies are available to meet the existing and projected demands of firm water customers to the extent:

(A) provided by previously adjudicated water rights; and

(B) other supplies are not available to the authority to meet those firm water customer demands; and

(2) provides for curtailing water supplies under interruptible commitments before requesting that firm water customers institute voluntary drought contingency measures.

The invocation was offered by Reverend Estee Valendy, pastor, First United Methodist Church, Arlington, as follows:

Creator God, ruler of the universe, in you we find the way of peace and reconciliation and hope. We give you thanks for the privilege and freedom of selecting those who govern us. I pray this morning for these members who have been elected to the task of representing your people. Theirs is a large responsibility. The issues they face are complex and challenging. Guide them, O God, to see their decisions in the light of your purpose. Illuminate for them the ways of justice and compassion. Grant them insight to recognize the needs of those they represent and remove their suspicions and misunderstandings, that they may honor all people. In this final week of anxiety and stress, sustain and empower them to work swiftly and diligently to serve the common good.

As we prepare for the work of this day, we lift to you our state and its citizens. Look graciously, O Lord, upon this land. Where it is in pride, subdue it. Where it is in need, supply it. SB 981 ON THIRD READING (Anchia and Gallego - House Sponsors)

SB 981, A bill to be entitled An Act relating to the regulation of distributed renewable generation of electricity.

Amendment No. 1

Representative Christian offered the following amendment to **SB 981**:

Amend **SB 981** (house committee printing) by adding the following new section, appropriately numbered, and renumbering subsequent sections accordingly:

SECTION ____ . Section 39.904(a), Utilities Code, is amended to read as follows:

(a) It is the intent of the legislature that by January 1, 2015, an additional 5,000 megawatts of generating capacity from renewable energy technologies will have been installed in this state. The cumulative installed renewable capacity in this state shall total 5,880 megawatts by January 1, 2015, and the commission shall establish a goal [target] of 10,000 megawatts of installed renewable capacity by January 1, 2025. The cumulative installed renewable capacity in this state shall total 2,280 megawatts by January 1, 2007, 3,272 megawatts by January 1, 2009, 4,264 megawatts by January 1, 2011, 5,256 megawatts by January 1, 2013, and 5,880 megawatts by January 1, 2015. Of the renewable energy technology generating capacity installed to meet the goal of this subsection after September 1, 2011 [2005], the commission shall establish a goal [target] of having at least 500 megawatts of capacity from a renewable energy technologies [technology] other than a source using wind energy.

Amendment No. 1 was withdrawn.

SB 981 - STATEMENT OF LEGISLATIVE INTENT

REPRESENTATIVE CHRISTIAN: Mr. Anchia, I offer this amendment because it's my understanding that there's some uncertainty at the PUC as to the legislature's intent regarding the state's goal for solar and other non-wind renewable energy. Is that an issue that needs to be addressed in this legislation?

REPRESENTATIVE ANCHIA: Representative Christian, I believe this body voted on that issue in 2005 with **SB 20** and further clarified the issue for the PUC in 2007. So, I believe the legislature's intent has been clear—that we want the PUC to develop a 500 megawatt nonrenewable energy rule.

CHRISTIAN: So there is no reason to consider attempting to amend this bill to clarify that issue with the PUC?

ANCHIA: That is correct. I do not believe that amendment is necessary. The PUC issued a proposed rule on this issue at the beginning of the legislative session, and I fully expect them to complete that rulemaking by developing a program from non-wind renewable as soon as practicable. So I believe the legislature's intent that the PUC complete this rulemaking is already clear.

REMARKS ORDERED PRINTED

Representative Christian moved to print remarks between Representative Anchia and Representative Christian.

The motion prevailed.

REASONS FOR VOTE

I voted in favor of **SB 981** on final passage, but I respectfully disagree with the exchange between Representative Anchia and Representative Christian regarding Section 39.904, Public Utility Regulatory Act.

The current language in PURA Section 39.904(a), which specifies that the 500 MW non-wind "target" is not mandatory, is clear from the plain language of the provision. The only part of Section 39.904 that is mandatory is the 5,000 MW of renewable capacity, which is not limited to any renewable technology. This is reflected in the interim amounts by year that must be achieved. In contrast, both the 500 MW non-wind "target," and the 10,000 MW "target" are aspirational and not mandatory, as the language makes clear.

REASONS FOR VOTE

I supported the original Fraser/Hancock bill. However, Mr. Bonnen added an amendment, essentially a new bill, that was apparently purposefully never exposed to a public hearing. The Bonnen amendment basically gave immunity to a permit holder for damaging someone's property.

Eiland

I voted against **SB 875** on final passage because I wanted to remove the Bonnen amendment in conference. I supported the original **SB 875**.

Parker

I voted no, but only because of an amendment that raised questions which I do not believe had been adequately vetted, and because local county leaders were opposed to the amendment.

SECTION _____. Chapter 209, Property Code, is amended by adding Section 209.0041 to read as follows:

Sec. 209.0041. ADOPTION OR AMENDMENT OF CERTAIN DEDICATORY INSTRUMENTS. (a) In this section, "development period" means a period stated in a declaration during which a declarant reserves:

(1) a right to facilitate the development, construction, and marketing of the subdivision; and

(2) a right to direct the size, shape, and composition of the subdivision.

(b) This section applies to a residential subdivision in which property owners are subject to mandatory membership in a property owners' association.

(c) This section does not apply to a property owners' association that is subject to Chapter 552, Government Code, by application of Section 552.0036, Government Code.

(d) This section does not apply to the amendment of a declaration during a development period.

(e) This section applies to a dedicatory instrument regardless of the date on which the dedicatory instrument was created.

(f) This section supersedes any contrary requirement in a dedicatory instrument.

(g) To the extent of any conflict with another provision of this title, this section prevails.

(h) Except as provided by this subsection, a declaration may be amended only by a vote of 67 percent of the total votes allocated to property owners in the property owners' association, in addition to any governmental approval required by law. POSTPONED BUSINESS

The following bills were laid before the house as postponed business:

SB 8 ON THIRD READING **(Kolkhorst - House Sponsor)**

SB 8, A bill to be entitled An Act relating to improving the quality and efficiency of health care.

SB 8 was read third time earlier today and was postponed until this time.

Amendment No. 1

Representative Kolkhorst offered the following amendment to **SB 8**:

Amend **SB 8** on third reading by adding the following appropriately numbered ARTICLE to the bill and renumbering the subsequent ARTICLES of the bill accordingly:

ARTICLE ____ INTERSTATE HEALTH CARE COMPACT

SECTION ____ .01. Title 15, Insurance Code, is amended by adding Chapter 5002 to read as follows:

CHAPTER 5002. INTERSTATE HEALTH CARE COMPACT

Sec. 5002.001. EXECUTION OF COMPACT. This state enacts the Interstate Health Care Compact and enters into the compact with all other states legally joining in the compact in substantially the following form:

Whereas, the separation of powers, both between the branches of the Federal government and between Federal and State authority, is essential to the preservation of individual liberty;

Whereas, the Constitution creates a Federal government of limited and enumerated powers, and reserves to the States or to the people those powers not granted to the Federal government;

Whereas, the Federal government has enacted many laws that have preempted State laws with respect to Health Care, and placed increasing strain on State budgets, impairing other responsibilities such as education, infrastructure, and public safety;

Whereas, the Member States seek to protect individual liberty and personal control over Health Care decisions, and believe the best method to achieve these ends is by vesting regulatory authority over Health Care in the States;

Whereas, by acting in concert, the Member States may express and inspire confidence in the ability of each Member State to govern Health Care effectively; and

Whereas, the Member States recognize that consent of Congress may be more easily secured if the Member States collectively seek consent through an interstate compact;

NOW THEREFORE, the Member States hereto resolve, and by the adoption into law under their respective State Constitutions of this Health Care Compact, agree, as follows:

Sec. 1. Definitions. As used in this Compact, unless the context clearly indicates otherwise:

"Commission" means the Interstate Advisory Health Care Commission.

"Effective Date" means the date upon which this Compact shall become effective for purposes of the operation of State and Federal law in a Member State, which shall be the later of:

a) the date upon which this Compact shall be adopted under the laws of the Member State, and

b) the date upon which this Compact receives the consent of Congress pursuant to Article I, Section 10, of the United States Constitution, after at least two Member States adopt this Compact.

"Health Care" means care, services, supplies, or plans related to the health of an individual and includes but is not limited to:

(a) preventive, diagnostic, therapeutic, rehabilitative, maintenance, or palliative care and counseling, service, assessment, or procedure with respect to the physical or mental condition or functional status of an individual or that affects the structure or function of the body, and

(b) sale or dispensing of a drug, device, equipment, or other item in accordance with a prescription, and

(c) an individual or group plan that provides, or pays the cost of, care, services, or supplies related to the health of an individual, except any care, services, supplies, or plans provided by the United States Department of Defense and United States Department of Veteran Affairs, or provided to Native Americans.

"Member State" means a State that is signatory to this Compact and has adopted it under the laws of that State.

"Member State Base Funding Level" means a number equal to the total Federal spending on Health Care in the Member State during Federal fiscal year 2010. On or before the Effective Date, each Member State shall determine the Member State Base Funding Level for its State, and that number shall be binding upon that Member State.

"Member State Current Year Funding Level" means the Member State Base Funding Level multiplied by the Member State Current Year Population Adjustment Factor multiplied by the Current Year Inflation Adjustment Factor.

"Member State Current Year Population Adjustment Factor" means the average population of the Member State in the current year less the average population of the Member State in Federal fiscal year 2010, divided by the average population of the Member State in Federal fiscal year 2010, plus 1. Average population in a Member State shall be determined by the United States Census Bureau.

"Current Year Inflation Adjustment Factor" means the Total Gross Domestic Product Deflator in the current year divided by the Total Gross Domestic Product Deflator in Federal fiscal year 2010. Total Gross Domestic Product Deflator shall be determined by the Bureau of Economic Analysis of the United States Department of Commerce.

Sec. 2. Pledge. The Member States shall take joint and separate action to secure the consent of the United States Congress to this Compact in order to return the authority to regulate Health Care to the Member States consistent with the goals and principles articulated in this Compact. The Member States shall improve Health Care policy within their respective jurisdictions and according to the judgment and discretion of each Member State.

Sec. 3. Legislative Power. The legislatures of the Member States have the primary responsibility to regulate Health Care in their respective States.

Sec. 4. State Control. Each Member State, within its State, may suspend by legislation the operation of all federal laws, rules, regulations, and orders regarding Health Care that are inconsistent with the laws and regulations adopted by the Member State pursuant to this Compact. Federal and State laws, rules,

regulations, and orders regarding Health Care will remain in effect unless a Member State expressly suspends them pursuant to its authority under this Compact. For any federal law, rule, regulation, or order that remains in effect in a Member State after the Effective Date, that Member State shall be responsible for the associated funding obligations in its State.

Sec. 5. Funding. (a) Each Federal fiscal year, each Member State shall have the right to Federal monies up to an amount equal to its Member State Current Year Funding Level for that Federal fiscal year, funded by Congress as mandatory spending and not subject to annual appropriation, to support the exercise of Member State authority under this Compact. This funding shall not be conditional on any action of or regulation, policy, law, or rule being adopted by the Member State.

(b) By the start of each Federal fiscal year, Congress shall establish an initial Member State Current Year Funding Level for each Member State, based upon reasonable estimates. The final Member State Current Year Funding Level shall be calculated, and funding shall be reconciled by the United States Congress based upon information provided by each Member State and audited by the United States Government Accountability Office.

Sec. 6. Interstate Advisory Health Care Commission. (a) The Interstate Advisory Health Care Commission is established. The Commission consists of members appointed by each Member State through a process to be determined by each Member State. A Member State may not appoint more than two members to the Commission and may withdraw membership from the Commission at any time. Each Commission member is entitled to one vote. The Commission shall not act unless a majority of the members are present, and no action shall be binding unless approved by a majority of the Commission's total membership.

(b) The Commission may elect from among its membership a Chairperson. The Commission may adopt and publish bylaws and policies that are not inconsistent with this Compact. The Commission shall meet at least once a year, and may meet more frequently.

(c) The Commission may study issues of Health Care regulation that are of particular concern to the Member States. The Commission may make non-binding recommendations to the Member States. The legislatures of the Member States may consider these recommendations in determining the appropriate Health Care policies in their respective States.

(d) The Commission shall collect information and data to assist the Member States in their regulation of Health Care, including assessing the performance of various State Health Care programs and compiling information on the prices of Health Care. The Commission shall make this information and data available to the legislatures of the Member States. Notwithstanding any other provision in this Compact, no Member State shall disclose to the Commission the health information of any individual, nor shall the Commission disclose the health information of any individual.

(e) The Commission shall be funded by the Member States as agreed to by the Member States. The Commission shall have the responsibilities and duties as may be conferred upon it by subsequent action of the respective legislatures of the Member States in accordance with the terms of this Compact.

(f) The Commission shall not take any action within a Member State that contravenes any State law of that Member State.

Sec. 7. Congressional Consent. This Compact shall be effective on its adoption by at least two Member States and consent of the United States Congress. This Compact shall be effective unless the United States Congress, in consenting to this Compact, alters the fundamental purposes of this Compact, which are:

(a) To secure the right of the Member States to regulate Health Care in their respective States pursuant to this Compact and to suspend the operation of any conflicting federal laws, rules, regulations, and orders within their States; and

(b) To secure Federal funding for Member States that choose to invoke their authority under this Compact, as prescribed by Section 5 above.

Sec. 8. Amendments. The Member States, by unanimous agreement, may amend this Compact from time to time without the prior consent or approval of Congress and any amendment shall be effective unless, within one year, the Congress disapproves that amendment. Any State may join this Compact after the date on which Congress consents to the Compact by adoption into law under its State Constitution.

Sec. 9. Withdrawal; Dissolution. Any Member State may withdraw from this Compact by adopting a law to that effect, but no such withdrawal shall take effect until six months after the Governor of the withdrawing Member State has given notice of the withdrawal to the other Member States. A withdrawing State shall be liable for any obligations that it may have incurred prior to the date on which its withdrawal becomes effective. This Compact shall be dissolved upon the withdrawal of all but one of the Member States.

SECTION ____ .02. This article takes effect immediately if the Act receives a vote of two-thirds of all the members elected to each house, as provided by Section 39, Article III, Texas Constitution. If this Act does not receive the vote necessary for immediate effect, this article takes effect September 1, 2011.

(b) If physical modalities and procedures are covered services under a health insurance policy and within the scope of the license of a chiropractor and one or more other type of practitioner, a health insurance policy issuer may not:

(1) deny payment or reimbursement for physical modalities and procedures provided by a chiropractor if:

(A) the chiropractor provides the modalities and procedures in strict compliance with laws and rules relating to a chiropractor's license; and

(B) the health insurance policy issuer allows payment or reimbursement for the same physical modalities and procedures performed by another type of practitioner;

(2) make payment or reimbursement for particular covered physical modalities and procedures within the scope of a chiropractor's practice contingent on treatment or examination by a practitioner that is not a chiropractor; or

SB 8 - STATEMENT OF LEGISLATIVE INTENT

REPRESENTATIVE CASTRO: I know that this bill is—the intention of this bill is to make health care more efficient in Texas and make sure patients get good coverage, but you acknowledge that we're in a very tough time for health care in Texas right now both with the economy and with the budget that's being passed?

REPRESENTATIVE KOLKHORST: It is.

CASTRO: And, I just want to bring your attention—for one example, in San Antonio, it looks like The University of Texas Health Science Center at San Antonio is going to take about a 10 percent cut to GME funding. And at the same time, the county—the hospital—is going to take about an eight percent cut for Medicaid waivers. And so, how does your bill—how does this all work in the background of what we have going on with our budget?

KOLKHORST: Well, **SB 8** deals mainly with, kind of, payment processes to the doctors, and what we're looking at doing is creating more of a system that pays on outcome instead of a fee for service. And, as you look at our budget, certainly, we are very limited on our funds right now. I had the pleasure of doing Article III for two sessions in conferencing on that article, and our health-related institutions are funded through that. We have asked for a long time, through many administrations, for Medicare to increase our GME slots. We've not been successful in that, even from other states that have lost population. They continue to have the slots and they don't reapportion those.

Having said that, one of the things that we're going to have to find a mechanism to do is to create more GME slots. Translated, that is residency slots. Chairman Coleman has done a lot of work on that. I've tried to do it in a different kind of way. And incentivizing the hospitals to create those slots when everyone else out here wants a new med school—let me say to you, we can't build any more med schools until our GME slots, our residency slots, match those

graduating slots. That will help us offset some of the health care shortages that we're seeing. As far as money goes, I think this bill works to get better at how we deliver the health care.

And I just have to tell you, we can't sustain the path that we're on. Everyone complains about the Medicaid cost to our systems and everything else, and Chairman Coleman would argue we've underfunded different things. It's just the cost of the health care delivery system has gotten to the point that none of us can afford it, and so we're going to all look at this as a beginning. I don't think that this is a cure-all, but it's certainly a step in the right direction. We have to have a system that is integrated where we have health care providers working with hospitals on an outcome base instead of a fee for service. We shouldn't say the more services that you order the more you get paid. It's really perverse to what we're trying to accomplish.

REMARKS ORDERED PRINTED

Representative Castro moved to print remarks between Representative Kolkhorst and Representative Castro.

The motion prevailed.

(d) An attorney who serves as legal counsel for an appraisal review board may not act as an advocate in a hearing or proceeding conducted by the board. The attorney may provide advice to the board or a panel of the board during a

hearing or proceeding and shall disclose to the board all legal authority in the controlling jurisdiction known to the attorney to be relevant to the matter and not disclosed by the parties. The attorney shall disclose to the board a material fact that may assist the board or panel in making an informed decision regardless of whether the fact is adverse to the position of a party.

(e) An appraisal district may specify in its budget whether the appraisal review board may employ legal counsel or must use the services of the county attorney. If the budget authorizes the board to employ legal counsel, the budget must provide for reasonable compensation to be paid to the attorney serving as legal counsel. An appraisal district may not require the board to employ a specific attorney as legal counsel.

(f) The appraisal office may provide clerical assistance to the appraisal review board, including assisting the board with the scheduling and arranging of hearings.

SECTION 6. Sections 25.25(c), (e), and (g), Tax Code, are amended to read as follows:

(c) The appraisal review board, on motion of the chief appraiser or of a property owner, may direct by written order changes in the appraisal roll for any of the five preceding years to correct:

(1) clerical errors that affect a property owner's liability for a tax imposed in that tax year;

(2) multiple appraisals of a property in that tax year; ~~or~~

(3) the inclusion of property that does not exist in the form or at the location described in the appraisal roll; or

(4) an error in which property is shown as owned by a person who did not own the property on January 1 of that tax year.

(e) If the chief appraiser and the property owner do not agree to the correction before the 15th day after the date the motion is filed, a party bringing a motion under Subsection (c) or (d) is entitled on request to a hearing on and a determination of the motion by the appraisal review board. A party bringing a motion under this section must describe the error or errors that the motion is seeking to correct. Not later than 15 days before the date of the hearing, the board shall deliver written notice of the date, time, and place of the hearing to the chief appraiser, the property owner, and the presiding officer of the governing body of each taxing unit in which the property is located. The chief appraiser, the property owner, and each taxing unit are entitled to present evidence and argument at the hearing and to receive written notice of the board's determination of the motion. (g) Within 60 [45] days after receiving notice of the appraisal review board's determination of a motion under this section or of a determination of the appraisal review board that the property owner has forfeited the right to a final determination of a motion under this section for failing to comply with the

prepayment requirements of Section 25.26, the property owner or the chief appraiser may file suit to compel the board to order a change in the appraisal roll as required by this section.

SECTION 7. Chapter 25, Tax Code, is amended by adding Section 25.26 to read as follows:

Sec. 25.26. FORFEITURE OF REMEDY FOR NONPAYMENT OF TAXES. (a) The pendency of a motion filed under Section 25.25 does not affect the delinquency date for the taxes on the property that is the subject of the motion. However, that delinquency date applies only to the amount of taxes required to be paid under Subsection (b). If the property owner complies with Subsection (b), the delinquency date for any additional amount of taxes due on the property is determined in the manner provided by Section 42.42(c) for the determination of the delinquency date for additional taxes finally determined to be due in an appeal under Chapter 42, and that additional amount is not delinquent before that date.

(b) Except as provided by Subsection (d), a property owner who files a motion under Section 25.25 must pay the amount of taxes due on the portion of the taxable value of the property that is the subject of the motion that is not in dispute before the delinquency date or the property owner forfeits the right to proceed to a final determination of the motion.

(c) A property owner who pays an amount of taxes greater than that required by Subsection (b) does not forfeit the property owner's right to a final determination of the motion by making the payment. If the property owner files a timely motion under Section 25.25, taxes paid on the property are considered paid under protest, even if paid before the motion is filed.

(d) After filing an oath of inability to pay the taxes at issue, a property owner may be excused from the requirement of prepayment of tax as a prerequisite to the determination of a motion if the appraisal review board, after notice and hearing, finds that such prepayment would constitute an unreasonable restraint on the property owner's right of access to the board. On the motion of a party, the board shall determine compliance with this section in the same manner and by the same procedure as provided by Section 41.4115(d) and may set such terms and conditions on any grant of relief as may be reasonably required by the circumstances.

SECTION 8. Section 41.411(c), Tax Code, is amended to read as follows:

(c) A property owner who protests as provided by this section must comply with the payment requirements of Section 41.4115 [42.08] or the property owner forfeits the property owner's right to a final determination of the protest. [The delinquency date for purposes of Section 42.08(b) for the taxes on the property subject to a protest under this section is postponed to the 125th day after the date that one or more taxing units first delivered written notice of the taxes due on the property, as determined by the appraisal review board at a hearing under Section 41.44(e-3).]

SECTION 9. Subchapter C, Chapter 41, Tax Code, is amended by adding Section 41.4115 to read as follows:

Sec. 41.4115. FORFEITURE OF REMEDY FOR NONPAYMENT OF TAXES. (a) The pendency of a protest under Section 41.411 does not affect the delinquency date for the taxes on the property subject to the protest. However, that delinquency date applies only to the amount of taxes required to be paid under Subsection (b) and, for purposes of Subsection (b), that delinquency date is postponed to the 125th day after the date one or more taxing units first delivered written notice of the taxes due on the property, as determined by the appraisal review board at a hearing under Section 41.44(c-3). If the property owner complies with Subsection (b), the delinquency date for any additional amount of taxes due on the property is determined in the manner provided by Section 42.42(c) for the determination of the delinquency date for additional taxes finally determined to be due in an appeal under Chapter 42, and that additional amount is not delinquent before that date.

(b) Except as provided in Subsection (d), a property owner who files a protest under Section 41.411 must pay the amount of taxes due on the portion of the taxable value of the property subject to the protest that is not in dispute before the delinquency date or the property owner forfeits the right to proceed to a final determination of the protest.

(c) A property owner who pays an amount of taxes greater than that required by Subsection (b) does not forfeit the property owner's right to a final determination of the protest by making the payment. If the property owner files a timely protest under Section 41.411, taxes paid on the property are considered paid under protest, even if paid before the protest is filed.

(d) After filing an oath of inability to pay the taxes at issue, a property owner may be excused from the requirement of prepayment of tax as a prerequisite to the determination of a protest if the appraisal review board, after notice and hearing, finds that such prepayment would constitute an unreasonable restraint on the property owner's right of access to the board. On the motion of a party, the board shall hold a hearing to review and determine compliance with this section, and the reviewing board may set such terms and conditions on any grant of relief as may be reasonably required by the circumstances. If the board determines that the property owner has not substantially complied with this section, the board shall dismiss the pending protest. If the board determines that the property owner has substantially but not fully complied with this section, the board shall dismiss the pending protest unless the property owner fully complies with the board's determination within 30 days of the determination.

SECTION 10. Section 41.44, Tax Code, is amended by adding Subsection (e) to read as follows:

(e) Notwithstanding any other provision of this section, a notice of protest may not be found to be untimely or insufficient based on a finding of incorrect ownership if the notice:

(1) identifies as the property owner a person who is, for the tax year at issue:

(A) an owner of the property at any time during the tax year;

(B) the person shown on the appraisal records as the owner of the property, if that person filed the protest;

(C) a lessee authorized to file a protest; or

(D) an affiliate of or entity related to a person described by this subdivision; or

(2) uses a misnomer of a person described by Subdivision (1).

SECTION 11. Section 41.47, Tax Code, is amended by adding Subsection (c) to read as follows:

(c) If the protest is of the determination of the appraised value of the owner's property, the appraisal review board must state in the order the appraised value of the property:

(1) as shown in the appraisal records submitted to the board by the chief appraiser under Section 25.22 or 25.23; and

(2) as finally determined by the board.

SECTION 12. Section 42.01, Tax Code, is amended to read as follows:

Sec. 42.01. RIGHT OF APPEAL BY PROPERTY OWNER. (a) A property owner is entitled to appeal:

(1) an order of the appraisal review board determining:

(A) a protest by the property owner as provided by Subchapter C of Chapter 41; ~~or~~

(B) a determination of an appraisal review board on a motion filed under Section 25.25; or

(C) a determination of an appraisal review board that the property owner has forfeited the right to a final determination of a motion filed under Section 25.25 or of a protest under Section 41.411 for failing to comply with the prepayment requirements of Section 25.26 or 41.4115, as applicable; or

(2) an order of the comptroller issued as provided by Subchapter B, Chapter 24, apportioning among the counties the appraised value of railroad rolling stock owned by the property owner.

(b) A property owner who establishes that the owner did not forfeit the right to a final determination of a motion or of a protest in an appeal under Subsection (a)(1)(C) is entitled to a final determination of the court, as applicable:

(1) of the motion filed under Section 25.25; or

(2) of the protest under Section 41.411 of the failure of the chief appraiser or appraisal review board to provide or deliver a notice to which the property owner is entitled, and, if failure to provide or deliver the notice is established, of a protest made by the property owner on any other grounds of protest authorized by this title relating to the property to which the notice applies.

SECTION 13. Subchapter A, Chapter 42, Tax Code, is amended by adding Section 42.016 to read as follows:

Sec. 42.016. INTERVENTION IN APPEAL BY CERTAIN PERSONS. A person is entitled to intervene in an appeal brought under this chapter and the person has standing and the court has jurisdiction in the appeal if the property that is the subject of the appeal was also the subject of a protest hearing and the person:

(1) owned the property at any time during the tax year at issue;

(2) leased the property at any time during the tax year at issue and the person filed the protest that resulted in the issuance of the order under appeal; or

(3) is shown on the appraisal roll as the owner of the property or as a lessee authorized to file a protest and the person filed the protest that resulted in the issuance of the order under appeal.

SECTION 14. Section 42.21(b), Tax Code, is amended to read as follows:

(b) A petition for review brought under Section 42.02 must be brought against the owner of the property involved in the appeal. A petition for review brought under Section 42.031 must be brought against the appraisal district and against the owner of the property involved in the appeal. A petition for review brought under Subdivision (2) [~~or (3)~~] of Section 42.01 or under Section 42.03 must be brought against the comptroller. Any other petition for review under this chapter must be brought against the appraisal district. A petition for review may [~~is~~] not [~~required to~~] be brought against the appraisal review board [~~, but may be brought against the appraisal review board in addition to any other required party, if appropriate~~]. An appraisal district may hire an attorney that represents the district to represent the appraisal review board established for the district to file an answer and obtain a dismissal of a suit filed against the appraisal review board in violation of this subsection.

SECTION 15. Subchapter B, Chapter 42, Tax Code, is amended by adding Section 42.226 to read as follows:

Sec. 42.226. MEDIATION. On motion by a party to an appeal under this chapter, the court shall enter an order requiring the parties to attend mediation. The court may enter an order requiring the parties to attend mediation on its own motion.

SECTION 16. Section 42.23, Tax Code, is amended by adding Subsections (f) and (g) to read as follows:

(f) For purposes of a no-evidence motion for summary judgment filed by a party to an appeal under this chapter, the offer of evidence, including an affidavit or testimony, by any person, including the appraisal district, the property owner, or the owner's agent, that was presented at the hearing on the protest before the appraisal review board constitutes sufficient evidence to deny the motion.

(g) For the sole purpose of admitting expert testimony to determine the value of chemical processing property or utility property in an appeal brought under this chapter and for no other purpose under this title, including the rendition of property under Chapter 22, the property is considered to be personal property.

SECTION 17. Subchapter B, Chapter 42, Tax Code, is amended by adding Section 42.30 to read as follows:

Sec. 42.30. ATTORNEY NOTICE OF CERTAIN ENGAGEMENTS. (a) An attorney who accepts an engagement or compensation from a third party to represent a person in an appeal under this chapter shall provide notice to the person represented:

(1) informing the person that the attorney has been retained by a third party to represent the person;

(2) explaining the attorney's ethical obligations to the person in relation to the third party, including the obligation to ensure that the third party does not interfere with the attorney's independent judgment or the attorney-client relationship;

(3) describing the general activities the third party may perform in the appeal;

(4) explaining that compensation will be received by the attorney from the third party; and

(b) The attorney shall mail the notice by certified mail to the person represented by the attorney not later than the 30th day after the date the attorney accepts the engagement from the third party.

(c) Notwithstanding the other provisions of this section, an engagement complies with this section if each party related to the engagement, including the person represented in the appeal, the third party, and the attorney, enters into an agreement not later than the 30th day after the date of the filing of the appeal by the attorney that contains the information required by Subsection (a).

(d) A person may void an engagement that does not comply with this section. An attorney who does not comply with this section is presumed to have violated Rules 1.08 and 8.04(a)(9), Texas Disciplinary Rules of Professional Conduct.

SECTION 18. Section 42.43(h), Tax Code, is amended to read as follows:

(h) A separate form must be filed with a taxing unit under Subsection (g) for each appeal to which the property owner is a party. A form may be ~~remains in effect for all subsequent refunds required by this section until~~ revoked in a written revocation filed with the taxing unit by the property owner.

SECTION 19. (a) Section 6.411, Tax Code, as amended by this Act, applies only to an offense committed on or after the effective date of this Act. An offense committed before the effective date of this Act is governed by the law in effect on the date the offense was committed, and the former law is continued in effect for that purpose. (a) In this chapter:

(1) "Additional municipal sales and use tax" means only the additional tax authorized by Section 321.101(b).

(2) "Municipality" includes any incorporated city, town, or village.

(3) "Place of business of the retailer" means an established outlet, office, or location operated by the retailer or the retailer's agent or employee for the purpose of receiving orders for taxable items and includes any location at which three or more orders are received by the retailer during a calendar year. A warehouse, storage yard, or manufacturing plant is not a "place of business of the retailer" unless at last three orders are received by the retailer during the calendar year at the warehouse, storage yard, or manufacturing plant. An outlet, office, facility, or any location that contracts with a retail or commercial business [engaged in activities to which this chapter applies] to process for that business invoices, purchase orders, [or] bills of lading, or other equivalent records on which sales tax is added, including an office operated for the purpose of buying and selling taxable goods to be used or consumed by the retail or commercial business, is not a "place of business of the retailer" if the comptroller determines that the outlet, office, facility, or location functions or exists to avoid the tax imposed by this chapter or to rebate a portion of the tax imposed by this chapter to the contracting business. Notwithstanding any other provision of this subdivision, a kiosk is not a "place of business of the retailer." In this subdivision, "kiosk" means a small stand-alone area or structure that:

(A) is used solely to display merchandise or to submit orders for taxable items from a data entry device, or both;

(B) is located entirely within a location that is a place of business of another retailer, such as a department store or shopping mall; and

(C) at which taxable items are not available for immediate delivery to a customer.
