

TEXAS WOMAN'S UNIVERSITY

Annual Financial Report

FOR THE YEAR ENDED
AUGUST 31, 2013

About the Cover:

The photograph on the cover features a work of sculpture titled "She Gave Us Wings", which stands east of the Blagg-Huey Library on the Denton campus of Texas Woman's University. Like the young woman captured in the statue, TWU is reaching for the heavens in its future.

At the November, 2012 meeting of the TWU Board of Regents, Chancellor and President Ann Stuart announced her decision to retire from the university after more than 12 years of service. The Board has hired Korn/Ferry International to screen candidates for the position, and Dr. Stuart has agreed to continue in her position until a replacement is found. It is anticipated that commencement ceremonies in May, 2014 will be Dr. Stuart's last official duties with TWU.

TWU also completed the decennial certification with the Southern Association of Colleges and Schools in 2013. The capstone of the certification process is the implementation of a new Quality Enhancement Plan (QEP).

TWU's Quality Enhancement Plan, Pioneering Pathways: Learn by Doing, is a 5-year plan designed to enhance student learning through student engagement in experiential learning. The purpose of the QEP is to equip students with knowledge, experience, and readiness to lead personally and professionally fulfilling lives. Developed with broad-based input from faculty, staff, students, and alumni, the QEP provides a systematic, institutionally-supported plan for supporting and assessing experiential learning at TWU. Student initiatives, faculty development, and internal and external partnerships are foundational elements of the QEP.

A copy of the full plan presented to SACS is available at:

Honorable Rick Perry, Governor
Honorable Susan Combs, State Comptroller
Ursula M. Parks, Director, Legislative Budget Board
John Keel, CPA, CGAP, CFE, State Auditor

Lady and Gentlemen:

We are pleased to submit the Annual Financial Report of the Texas Woman's University for the year ended August 31, 2013, in compliance with TEX, GOV'T CODE ANN §2101.011 and in accordance with the requirements established by the Comptroller of Public Accounts.

Staff in the TWU Controller's Office have worked diligently to prepare this report of results for our component operating unit of the State Government for consolidation with information from other state agencies and institutions in the State's Comprehensive Annual Financial Report (CAFR).

The financial reports of TWU and other component units will be considered for audit by the State Auditor's Office as part of the audit of the State of Texas. Therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please contact Kelly McCullar at (940) 898-3534. Colette Woods may be contacted at (940) 898-3533 for questions related to the Schedule of Expenditures of Federal Awards.

Respectfully Submitted,

A handwritten signature in cursive script, appearing to read "Ann Stuart", is written over a horizontal line.

Ann Stuart, Ph.D.

Notes to the Financial Statements

NOTE 1: Summary of Significant Accounting Policies

Entity

Texas Woman's University (TWU) was created in 1901 by an Act of the Twenty-Seventh Legislature of the State of Texas, and the enacting statute laid a strong foundation for a multi-purpose institution of higher education. As a publicly funded institution, TWU's financial records comply with state statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' Reporting Requirements for State Agencies and State Colleges and Universities.

Because TWU is a component operating unit of the State Government, the University's financial information is consolidated with other state agencies and institutions in the State's Comprehensive Annual Financial Report (CAFR). The Comptroller of Public Accounts is responsible for preparation of the CAFR, which meets all requirements delineated in Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments* and GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. The Comptroller does not require the annual financial report of TWU or other component units to be in compliance with all requirements of these statements. The financial reports of TWU and other component units will be considered for audit by the State Auditor's Office as part of the audit of the State's CAFR. Therefore, an opinion has not been expressed on the financial statements and related information in this report.

GASB Statement Number 63 amended Statement Number 34, revising the net asset reporting requirements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets. The Board asserts that the new requirements introduced with GASB 63 will improve financial reporting by standardizing the presentation of deferred outflows of resources and deferred inflows of resources and their effects on a government's net position.

As part of the preparation of this financial report, consideration was given to the requirements of Governmental Accounting Standards Board Statement No. 39, *Determining Whether Certain Organizations Are Component Units*. For Texas Woman's University, the results of this consideration show:

Blended Component Units

No component units have been identified which should have been blended into an appropriated fund.

Discrete Component Units

No component units have been identified which should have been included in a discrete presentation in the financial report.

Fund Structure

Texas Woman's University is an Enterprise Fund reported in the State of Texas' Comprehensive Annual Financial Report as a Proprietary Fund Type. Enterprise funds are used to account for any activity in which a fee is charged to external users for goods or services. Activities must be reported as enterprise funds if any one of the following criteria is met:

1. The activity is financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity.
2. Laws or regulations require that the activity's costs of providing services including capital costs (such as depreciation or debt service), be recovered with fees and charges.
3. The pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs.

Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts reported in the financial statements.

Texas Woman's University's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

The University has the option to apply all Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989, unless FASB conflicts with GASB. The University has elected to not apply FASB pronouncements issued after the applicable date.

Assets, Liabilities, and Net Position

ASSETS

Cash and Cash Equivalents

For purposes of the statements of cash flows, the University considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Restricted Assets

Restricted assets include monies or other resources restricted by legal or contractual requirements. These assets include proceeds of enterprise fund general obligation and revenue bonds and revenues set aside for statutory or contractual requirements. Assets held in reserve for guaranteed student loan defaults are also included.

Inventories

Inventories include both merchandise inventories on hand for sale and consumable inventories. Inventories are valued at cost, generally utilizing the last-in, first-out method. The consumption method of accounting is used to account for inventories. The cost of these items is expensed when the items are consumed.

Capital Assets

Assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year should be capitalized. These assets are capitalized at cost or estimated historical cost, if actual historical cost is not available. Donated assets are reported at fair value on the acquisition date. Depreciation is charged to operations over the estimated useful life of the asset using the straight-line method.

Other Receivables

Other receivables include year-end revenue accruals not included in any other receivable category.

LIABILITIES

Accounts Payable

Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

Employees Compensable Leave Balances

Employees' Compensable Leave Balances represent the liability that becomes "due" upon the occurrence of relevant events such as resignations, retirements, and uses of leave balances by covered employees. Liabilities are reported separately as either current or non-current in the statement of net assets.

Bonds Payable-Revenue Bonds

Revenue bonds are reported at par. Payables are reported separately as either current or non-current in the statement of net assets.

NET POSITION

As defined in GASB Statement Number 63, "Net Position" is the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources.

Net assets are divided into three components—invested in capital assets, restricted, and unrestricted.

Invested in Capital Assets, Net of Related Debt

This amount represents the total amount of capital assets, net of accumulated depreciation and net of outstanding balances for bonds and other debt that is attributed to the acquisition, construction, or improvement of those assets.

Restricted

Restricted net position represents resources that are constrained to a particular purpose, and are presented according to the purposes to which they are limited. Grants, Student Loan Funds and Endowment assets are included in this category. Restricted net position results when constraints placed on net position are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation. Generally, when an expense is incurred that can be paid using either restricted or unrestricted resources, the University's policy is to first apply the expense towards the restricted resources and then towards the unrestricted resources.

Unrestricted

This represents all resources not included in the other components. These resources can be considered usable for any purpose, though they may not be in a spendable form, like cash. Unrestricted net position often has constraints on resources, which are imposed by management but can be removed or modified.

CLASSIFICATION OF REVENUE

Operating Revenues

Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances, (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances, and (3) most Federal, state and local grants and contracts.

Non-operating Revenues

Non-operating revenues include activities that have the characteristics of non-exchange transactions such as gifts and contributions, and other revenue sources that are defined as non-operating revenues by GASB No. 9 and GASB No. 34, such as state appropriations and investment income.

Employees' Compensable Leave

A state employee is entitled to be paid for all unused vacation time accrued, in the event of the employee's resignation, dismissal, or separation from State employment, provided the employee has had continuous employment with the State for six months.

Full-time state employees earn annual leave from eight to twenty-one hours per month depending on the respective employees' years of state employment. The State's policy is that an employee may carry his accrued leave forward from one fiscal year to another fiscal year with a maximum number of hours up to 532 for those employees with 35 or more years of state service. Employees with at least six months of state service who terminate their employment are entitled to payment for all accumulated annual leave up to the maximum allowed. The University recognizes the accrued liability for the unpaid annual leave. For the year ended August 31, 2013, the accrued liability totaled \$3,302,095.74.

The University made lump sum payments totaling \$383,727.81 for accrued vacation (and/or compensatory time) to employees who separated from state service during fiscal year ending August 31, 2013.

Sick leave, the accumulation of which is unlimited, is earned at the rate of eight hours per month and is paid only when an employee is off due to illness or to the estate of an employee in the event of his/her death. The maximum sick leave that may be paid an employee's estate is one-half of the employee's accumulated entitlement or 336 hours, whichever is less. The University's policy is to recognize the cost of sick leave when paid and the liability is not shown in the financial statements since experience indicates the expenditure for sick leave to be minimal.

NOTE 6: Bonded Indebtedness**Bonds Payable**

Detailed supplemental bond information is disclosed in disclosed in Schedule 2-A Miscellaneous Bond Information, Schedule 2-B Changes in Bond Indebtedness, Schedule 2-C Summary of Debt Service Requirements, and Schedule 2-D Analysis of Funds Available for Debt Service.

NOTE 8: Leases

The Agency has entered into long-term leases for financing the purchase of certain fixed assets. Such leases are classified as capital leases for accounting purposes and, therefore, have been recorded at the present value of the future minimum lease payments at the inception of the lease. The following is a summary of original capitalized costs of all such property under lease as well as the accumulated depreciation as of August 31, 2013:

Assets Under Capital Leases	Business-Type Activities
Building Improvements	2,809,509.96
Less: Accumulated Depreciation	1,334,517.03
Total	1,474,992.93

Future minimum lease payments under these capital leases, together with the present value of the net minimum lease payments at fiscal year-end, are as follows:

Future Minimum Lease Payments	Business-Type Activities

NOTE 9: Pension Plans and Optional Retirement Program

The State of Texas has joint contributory retirement plans for substantially all its employees. One of the primary plans in which the University participates is administered by the Teacher Retirement System of Texas (TRS). The contributory percentages of participant salaries for FY 2013 provided by the State and by each participant are 6.0% and 6.4%, respectively, of annual compensation. For FY14, the State's contribution rate is 6.8%. The Teacher Retirement System does not separately account for each of its component government agencies, since the Retirement System itself bears sole responsibility for retirement commitments beyond contributions fixed by the State Legislature. Further information regarding actuarial assumptions and conclusions, together with audited financial statements are included in the Retirement System's annual financial report (*see <http://www.trs.state.tx.us/about/documents/CAFR.pdf>*).

The State has also established an optional retirement program (ORP) for institutions of higher education. For eligible individuals, participation in the ORP is elective in lieu of participation in the TRS. The ORP provides for the purchase of mutual fund and annuity contracts. The contributory percentages on salaries for participants entering the program prior to September 1995 are 8.5% and 6.65% by the state and each participant, respectively. The state's contribution is comprised of 6.0% from the ORP's appropriation and 2.5% from other funding sources. The 6.0% contribution is mandatory with the 2.5% state contribution being at the discretion of the board. TWU's Board of Regents has approved the additional contributions for employees of the University. The contributory percentages on salaries for participants entering the program after August 31, 1995 are 6.0% and 6.65% by the state and each participant, respectively. Since these are individual contracts, the State has no additional or unfunded liability for this program.

The state has established an optional retirement program for institutions of higher education. Participation in ORP is in lieu of participation in the Teacher Retirement System and is available to certain eligible employees. The contributions made by plan members and employers for the fiscal year ended 08/31/13 are:

	Year ended Aug. 31, 2013
Member Contributions	\$ 1,608,110.00
Employer Contributions	\$ 1,714,942.00
Total	\$ 3,323,052.00

NOTE 10: Deferred Compensation

The state of Texas offers a deferred compensation plan to all state employees. This plan is in accordance with Internal Revenue Code Section 457 and permits employees to defer a portion of their salary until future years. The deferred compensation funds are not available to employees until distribution due to termination, retirement, death or unforeseeable emergency. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts and all income attributable to those amounts, property or rights are held in trust by the Employees Retirement System (ERS) Board of Trustees for the exclusive benefit of participants and their beneficiaries and may not be used for, or diverted to, any other expense, except to defray the reasonable expenses of administering the plan.

The Board of Trustees is not liable to participating employees for the diminution in value or loss of all or part of the participating employees' deferred amounts or investment income because of market conditions or the failure, insolvency or bankruptcy of a qualified vendor.

NOTE 12: Interfund Activity and Transactions

Texas Woman’s University experienced routine transfers with other state agencies that were consistent with the activities of the fund making the transfer. Repayment of interfund balances will occur within one year from the date of the financial statement.

NOTE 13: Continuance Subject to Review

Not Applicable.

NOTE 14: Adjustments to Fund Balances and Net Position

During FY 2013, the following adjustments were made which required the restatement of the amounts in fund balances and fund equity as shown and discussed below:

Fund Bal/Equity August 31, 2012	366,945,378.92
Adjust Fund Balance for FY2012 Reporting Issue	1,284,175.40
Adjust Loan Balances for Perkins Nursing Loans	313,125.05
Adjust Grant Receivable Balance	3,130.39
Fund Bal/Equity Sept. 1, 2012, As Restated	368,545,809.76

NOTE 15: Contingencies and Commitments

At August 31, 2013, there were no material pending lawsuits or claims involving Texas Woman’s University. Any claims incurred but not asserted against the University cannot be reasonably estimated at this time, and any such liability, to the extent not provided for by insurance or otherwise, is not likely to have a material effect on the University.

The University has received several grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to a request for reimbursements to grantor agencies for expenditures disallowed under the terms of the grant. Based on prior experience, management believes such disallowance’s if any, will be immaterial.

The University has no investment commitments.

NOTE 16: Subsequent Events

None.

NOTE 17: Risk Management

The state utilizes an allocation program that funds both workers' compensation benefits and risk management costs through annual assessments that participating agencies pay to the State Office of Risk Management (SORM).

The University is required by certain bond covenants to carry fire and extended coverage and boiler insurance on buildings financed through the issuance of bonds using pledged Auxiliary Enterprise or other non-Educational and General Funds. The insurance protects the bondholders from a disruption to the revenue stream that is being utilized to make the bond interest and principal payments. This coverage is also purchased for buildings that are not financed with bonds. The total limit of liability is \$400,000,000 and the carrier is Zurich American Insurance Company.

The University carries a Commercial General Liability Policy through Travelers Insurance Company which provides insurance protection to pay for bodily injury or property damages. The policy provides coverage for liability arising from personal injury and advertising injury. While the general total limit of coverage is \$1,000,000 for each occurrence and \$2,000,000 general aggregate, an Umbrella Excess Liability Protection Policy provides additional \$10,000,000 coverage.

The Texas Motor Vehicle Safety Responsibility Act requires that every non-governmental vehicle operated on a state highway be insured for minimum limits of liability in the amount of \$20,000/\$40,000 bodily injury and \$15,000 property damage. However, Texas Woman's University has chosen to carry liability insurance on its licensed vehicles in the amount of \$1,000,000 combined bodily injury and property damage. This coverage is provided by Travelers Insurance Company and the University carries the same coverage for leased vehicles.

A Medical Professional Liability Policy is carried to cover Officers of the University, and employees of the Student Health Services Clinic, the University Family Counseling Clinic, the University Dental Hygiene Clinic, the Speech and Hearing Clinic, the TWU Counseling Center, the Stroke Center, the Fitness & Recreation Center, the Dysphagia Clinic, and the Exercise & Sports Nutrition Clinic.

The University participates in the United Educators Insurance Risk Retention Group, Inc., with a limit of liability of \$5,000,000 for each claim. This legal liability policy covers Directors, Trustee, or Officers of the University.

In addition, the University carries crime coverage through Travelers Insurance as follows:

\$1,000,000	Employee Dishonesty
\$1,000,000	Forgery and Alteration
\$1,000,000	Computer Fraud
\$1,000,000	Funds Transfer Fraud

NOTE 18: Management's Discussion and Analysis**Financial Position of the University**

Texas Woman's University continues to maintain a strong financial position as a result of a long-standing tradition for conservative management of fiscal resources. The Annual Financial Report for Fiscal Year 2013 provides evidence of that enduring financial strength, as shown by the year to year comparison below:

Fiscal Year Comparison**Statement of Net Position**

NOTE 19: The Financial Reporting Entity

Texas Woman's University is an Enterprise Fund reported in the State of Texas' Comprehensive Annual Financial Report as a Proprietary Fund Type. The University does not have any component units or related parties to be included in its financial statements. Because the University is considered a component unit of the State of Texas, and because its financial information is included in the State's audited Annual Financial Report, the University's financial statements are not independently audited.

NOTE 20: Stewardship, Compliance & Accountability

Not applicable.

NOTE 22: Donor – Restricted Endowments

	Amounts of Net Appreciation	Reported in Net Assets
True Endowment Earnings	1,213,029.17	Restricted for Expendable
Term Endowments	0	Restricted for Expendable
	<u>1,213,029.17</u>	

The net appreciation (cumulative and unexpended) on earnings from donor-restricted endowments presented above is available for authorization and expenditure by Texas Woman’s University for the support of students and programs.

Endowments are established at Texas Woman’s University for the support of students and programs in the various colleges and schools. When initially created, the endowment contract legally specifies the purpose of the fund and how investment income is to be distributed. The University restricts the expenditure of the annual income based upon terms of the agreement. For each endowment, a separate scholarship account is established and funded annually by the interest income generated from investments of the endowment principal.

The current University policy for distributions permits annual distributions of up to 5% of a trailing five-year average of the investment fund’s total market value.

There was a positive fair value adjustment totaling \$711,066.95 for FY’13.

NOTE 24: Disaggregation of Receivable and Payable Balances

Net other receivables at 08/31/13, are detailed by type as follows:
