April 2008

The following is an official report showing the amount of monetary benefits paid by the U.S. Department of Veterans Affairs (VA) to veterans, dependents and survivors in Texas during Federal Fiscal Year 2007. The report is broken down by county.

This information is important, as it is an excellent barometer of the effectiveness of the valuable service performed for Texas veterans, their dependents and survivors by the County Veterans Service Officers and Veterans Counselors in the State. Most of the monetary benefits paid are placed in immediate circulation, thereby providing a significant economic stimulus to the Texas economy.

Please share this information with the County Commissioners Court and the residents of the county in which the service is provided.

Congratulations to all of you for a job well done for the State's veterans, their dependents and survivors.

Sincerely yours,

JAMES E. NIER
Executive Director

NOTES:

*Veteran population estimate as of September 30, 2007 by the VA Office of the Actuary (VetPop 2007).

1. Expenditures are rounded to the nearest thousand dollars: "\$1" = \$1,000; "\$0" < \$500; and "\$-" = 0.
2. Expenditures presented at the county level for compensation, pension, education and vocational rehabilitation reflect the dollar values of actual payments made to individuals.
3. The Compensation & Pension category includes expenditures for the following programs: veterans' compensation for service-connected disability; dependency and indemnity compensation for service-connected deaths; veterans' pension for nonservice-connected.
4. Medical Care category includes medical services, medical administration, facility maintenance, educational support, research support, and other overhead items. Medical Care does not include construction or other non-medical support expenditures.
5. Total expenditures by sum of counties may be slightly different from those calculated by sum of 110th Congressional Districts. The differences are resulted from rounding.
