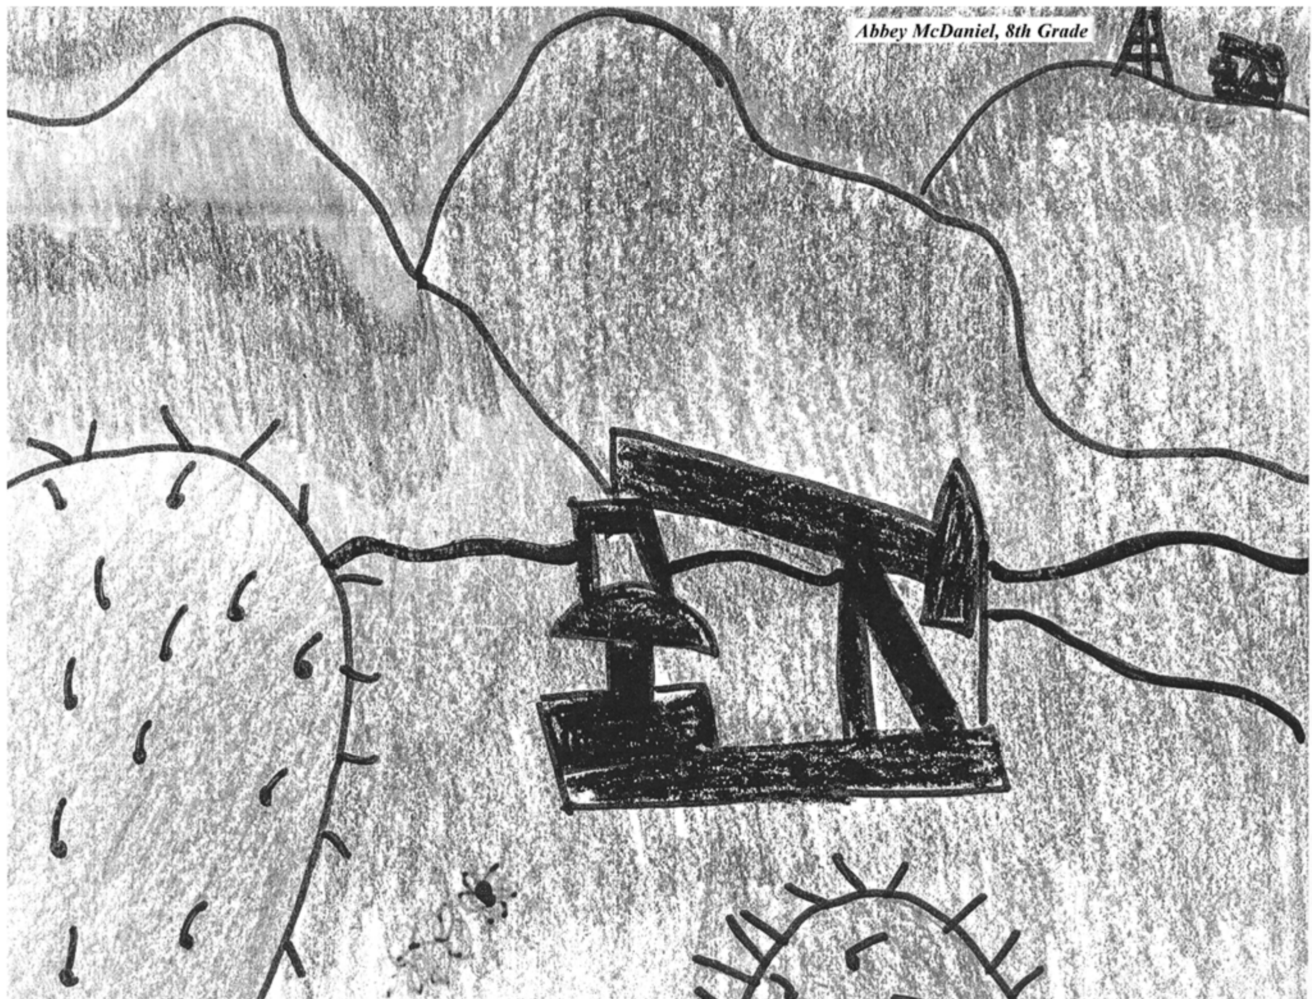
Texas Register

Volume 41 Number 25 *June 17, 2016* *Pages 4355 - 4528*



School children's artwork is used to decorate the front cover and blank filler pages of the *Texas Register*. Teachers throughout the state submit the drawings for students in grades K-12. The drawings dress up the otherwise gray pages of the *Texas Register* and introduce students to this obscure but important facet of state government.

The artwork featured on the front cover is chosen at random. Inside each issue, the artwork is published on what would otherwise be blank pages in the *Texas Register.* These blank pages are caused by the production process used to print the *Texas Register.*

Texas Register, **(ISSN 0362-4781, USPS 12-0090),** is published weekly (52 times per year) for $259.00 ($382.00 for first class mail delivery) by Matthew Bender & Co., Inc., 3 Lear Jet Lane Suite 104, P O Box 1710, Latham, NY 12110.

TITLE 1. ADMINISTRATION

PART 7. STATE OFFICE OF ADMINISTRATIVE HEARINGS

CHAPTER 159. RULES OF PROCEDURE FOR ADMINISTRATIVE LICENSE SUSPENSION HEARINGS

The State Office of Administrative Hearings (SOAH) proposes to amend Chapter 159, Rules of Procedure for Administrative License Suspension Hearings, consisting of Subchapter A, '§159.3, 159.5, and 159.7; Subchapter B, §159.51; Subchapter C, §159.101 and §159.103; Subchapter D, §159.151; and Subchapter E, §159.213. SOAH also proposes new §159.105 under Subchapter C.

The existing subchapters have been developed to provide a uniform set of procedural rules to be followed in administrative license suspension hearings at SOAH. The proposed amendments and new rule are to make the language more understandable and to make the rules easier to use.

Thomas H. Walston, General Counsel, has determined that for the first five-year period the amendments and new rule are in effect, there will be no fiscal implications for state or local government as a result of enforcing or administering the rules.

Mr. Walston, also has determined that for the first five-year period the amendments and new rule are in effect, the anticipated public benefit will be in providing clearer, more uniform, and better-organized procedures for participants in administrative license suspension hearings at SOAH. There will be no effect on small businesses as a result of enforcing the amendments and new rule, and there is no anticipated economic cost to individuals who are required to comply with the proposed amendments and new rule.

Written comments on the proposal must be submitted within 30 days after publication of the proposed sections in the *Texas Register* to Norma Lopez, Executive Assistant, State Office of Administrative Hearings, to P.O. Box 13025, Austin, Texas 78711-3025, by email to norma.lopez@soah.texas.gov, or by facsimile to (512) 463-7791.

SUBCHAPTER A. GENERAL

1 TAC §§159.3, 159.5, 159.7

The amendments are proposed under Government Code, Chapter 2003, §2003.050, which requires SOAH to adopt procedural rules that relate to the hearings it conducts, and Government Code, Chapter 2001, §2001.004, which requires agencies to adopt rules of practice setting forth the nature and requirements of formal and informal procedures.

The proposed amendments affect Government Code, Chapters 2001, 2003, and Transportation Code Chapter 524.

SUBCHAPTER C. WITNESSES AND SUBPOENAS

1 TAC §§159.101, 159.103, 159.105

The amendments and new rule are proposed under Government Code, Chapter 2003, §2003.050, which requires SOAH to adopt procedural rules that relate to the hearings it conducts, and Government Code, Chapter 2001, §2001.004, which requires agencies to adopt rules of practice setting forth the nature and requirements of formal and informal procedures.

The proposed amendments and new rule affect Government Code, Chapters 2001, 2003, and Transportation Code Chapter 524.

§159.101. Subpoenas Generally [~~Breath Test Operator and Technical Supervisor~~].

(a) Scope.

(1) A subpoena may command a person to give testimony for an ALR hearing and/or produce designated documents or tangible things in the actual possession of that person.

(2) A subpoena must be issued on the form provided at www.soah.texas.gov.

(3) The party that causes a subpoena to be issued must take reasonable steps to avoid imposing undue burden or expense on the person served.

(4) A party or attorney that violates the requirements of this subchapter will be subject to sanctions as determined by the judge, including, but not limited to, the loss of authority to issue subpoenas for ALR hearings.

(5) If a party that requests or issues a subpoena fails to timely appear at the hearing, any subpoenaed witnesses will be released from the subpoena and the subpoena will have no continuing effect.

(b) Attorney-issued subpoenas. An attorney who is authorized to practice law in the State of Texas may issue up to two subpoenas for witnesses to appear at a hearing. One subpoena may be issued to compel the presence of the peace officer who was primarily responsible for the defendant's stop or initial detention and the other may be issued to compel the presence of the peace officer who was primarily responsible for finding probable cause to arrest the defendant. If the same officer was primarily responsible for both the defendant's stop and arrest, the attorney may issue only one subpoena.

(c) Subpoena request filed with judge.

(1) Not later than ten days prior to the hearing, a party may file a subpoena request with SOAH that demonstrates good cause to compel a witness's appearance in person or by telephone or video conference, when:

(A) a party intends to call more than two peace officers to testify as witnesses;

(B) a party seeks to compel the presence of witnesses who are not peace officers;

(C) a party seeks to compel the presence of the breath test operator or technical supervisor and, by affidavit based on personal knowledge, has established a genuine issue concerning the validity of the breath test that requires the appearance of the witness to resolve; or

(D) a defendant, who is not represented by an attorney, seeks to compel the presence of witnesses.

(2) A request for subpoena that is not granted prior to the hearing may be re-urged at the hearing. If the judge grants the request for a subpoena at the hearing, the hearing shall reconvene at a later date for the appearance of the witness.

(d) Judge's discretion. The decision to issue a subpoena, as described in subsection (c) of this section, shall be in the sound discretion of the judge assigned to the case. The judge shall refuse to issue a subpoena if:

(1) the testimony or documentary evidence is immaterial, irrelevant, or would be unduly repetitious; or

(2) good cause has not been demonstrated.

[(a) A request for the issuance of a subpoena for the appearance of a breath test operator or technical supervisor shall include an affidavit based on personal knowledge establishing a genuine issue concerning the validity of the breath test that requires the appearance of the witness to resolve. A request for subpoena that is not granted prior to the hearing may be re-urged at the hearing if the evidence raises such an issue. If the ALJ grants the request during the hearing, the hearing shall reconvene at a later date for the appearance of the witness.]

[(b) The provisions found at §159.103(a), (d), (f)(1), (3), and (4), (g)(3), (h) and (i) of this title (relating to Subpoenas) also apply to this section.]

§159.103. Issuance and Service of Subpoenas.

(a) A party that issues or is granted a subpoena shall be responsible for having the subpoena served. The subpoena may be served at any place within the State of Texas by any sheriff or constable of the State of Texas, or any person who is not a party to the case and is 18 years of age or older. A subpoena must be served by delivering a copy to the witness. If the witness is a party and is represented by an attorney of record in the proceeding, the subpoena may be served on the witness's attorney. A subpoena may also be served by accepted alternative methods established by a peace officer's law enforcement agency.

(b) A subpoena must be served at least five days before the hearing.

(c) After a subpoena is served upon a witness, the return of service of the subpoena must be filed at SOAH at least three days prior to the hearing. Upon the subpoenaed witness's appearance at the hearing, the party that issued the subpoena shall tender a witness fee check or money order in the amount of $10 to the witness. In addition, if the witness traveled more than 25 miles round-trip to the hearing from the witness's office or residence, mileage reimbursement must also be tendered at the same time. The amount of mileage reimbursement will be that listed in the state mileage guide at https://fmx.cpa.state.tx.us/fm/travel/travelrates.php.

(d) If the hearing is conducted telephonically, the party that issued the subpoena shall mail the witness fee check or money order to the witness within one day of the conclusion of the hearing unless the witness fails to appear at the hearing. Also within one day of the conclusion of the hearing, the party shall forward to SOAH a certification that the witness fee or money order was mailed to the witness.

(e) If a party that served a subpoena on a witness fails to appear at a hearing, that party shall mail the witness fee check or money order to the witness within one day from receipt of a default decision or any other order issued by the judge ordering payment of the fee and mileage reimbursement. Also within one day from receipt of the judge's order, the party shall forward to SOAH a certification that the witness fee or money order was mailed to the witness.

(f) If special equipment will be required in order to offer subpoenaed documents or tangible things, the party seeking their admission shall be required to supply the necessary equipment. The party requesting a subpoena duces tecum may be required to advance the reasonable costs of reproducing the documents or tangible things requested.

(g) Service upon opposing party.

(1) A party that issues a subpoena must serve the opposing party with a copy of the subpoena on the same date it is issued.

(2) A party that requests a subpoena from a SOAH judge must serve the opposing party with a copy of the request at the time it is filed with SOAH.

(3) When a subpoena has been served, and not less than three days prior to the hearing, a party that has served a subpoena must provide the opposing party with a copy of the return of service.

(4) If a party fails to serve a copy of a subpoena on the opposing party, the subpoena may be rendered unenforceable by the judge.

(h) Continuing effect. A properly issued subpoena remains in effect until the judge releases the witness or grants a motion to quash or for protective order. If a hearing is rescheduled and a subpoena is extended, and unless the judge specifically directs otherwise, the party that requested the continuance shall promptly notify any subpoenaed witnesses of the new hearing date.

[(a) Scope.]

[(1) A subpoena may command a person to give testimony for an ALR hearing and/or produce designated documents or tangible things in the actual possession of that person.]

[(2) The party who causes a subpoena to be issued must take reasonable steps to avoid imposing undue burden or expense on the person served.]

[(4) If the hearing is conducted telephonically, the party who issued the subpoena shall mail the witness fee check or money order to the witness within one business day of the conclusion of the hearing unless the witness fails to appear at the hearing. Also within one business day of the conclusion of the hearing, the party shall forward to SOAH a certification that the witness fee or money order was mailed to the witness.]

[(5) If a party who served a subpoena on a witness fails to appear at a hearing, that party shall mail the witness fee check or money order to the witness within one business day from receipt of a default decision or any other order issued by the Administrative Law Judge ordering payment of the fee and mileage reimbursement. Also within one business day from receipt of the Administrative Law Judge's order the party shall forward to SOAH a certification that the witness fee or money order was mailed to the witness.]

[(6) A party that fails to tender a witness fee or mileage reimbursement or fails to forward the certification to SOAH, as set out above, will be subject to sanctions as determined by the Administrative Law Judge, including, but not limited to, the loss of authority to issue subpoenas for Administrative License Revocation hearings.]

[(3) A party that serves a subpoena must provide the opposing party with a copy of the return of service when the subpoena has been served and no less than three calendar days prior to the hearing.]

[(h) Continuing effect. A properly issued subpoena remains in effect until the judge releases the witness or grants a motion to quash or for protective order. If a hearing is rescheduled and a subpoena is extended, and unless the judge specifically directs otherwise, the party who requested the continuance shall promptly notify any subpoenaed witnesses of the new hearing date.]

[(i) Motion to quash or for protective order.]

[(1) On behalf of a subpoenaed witness, a party may move to quash a subpoena or for a protective order. A party that moves to quash a subpoena must serve the motion on the other party at the time the motion is filed with SOAH.]

[(2) A party may seek an order from the judge at any time after the motion to quash or motion for protective order has been filed.]

SUBCHAPTER D. DISCOVERY

1 TAC §159.151

The amendments are proposed under Government Code, Chapter 2003, §2003.050, which requires SOAH to adopt procedural rules that relate to the hearings it conducts, and Government

Code, Chapter 2001, §2001.004, which requires agencies to adopt rules of practice setting forth the nature and requirements of formal and informal procedures.

The proposed amendments affect Government Code, Chapters 2001, 2003, and Transportation Code Chapter 524.

§159.151. Prehearing Discovery.

(a) A request for discovery may not be filed before the request for hearing has been received by the Department. [The scope of prehearing discovery in these proceedings is as follows:]

[(1) A defendant shall be allowed to review, inspect and obtain copies of any non-privileged documents or records in DPS's ALR file or in the possession of DPS's ALR Division. All requests for discovery must be in writing and shall be served upon DPS as prescribed in 37 TAC §17.16 (relating to Service on the Department of Certain Items Required to be Served on, Mailed to, or Filed with the Department). The request for discovery may not be filed with DPS sooner than the date of the request for hearing and may not be filed sooner than five days from the date of the notice of suspension. Upon a showing of harm by the defendant, and upon a showing of a proper request for discovery, no document in the ALR Division's actual possession will be admissible unless it was provided to the defendant within five business days of the receipt of the request for production. If the ALR Division does not have any or all the documents in its actual possession, it shall respond within five business days of defendant's request, setting out that it does not have the documents in its actual possession. DPS has a duty to supplement all its discovery responses within five business days from the time DPS's ALR Division receives possession of the discoverable documents. If a document is received by the defendant fewer than ten calendar days prior to the scheduled hearing, the judge shall grant a continuance on the request of a party. The judge may grant only one continuance for DPS's production of documents fewer than ten calendar days prior to the scheduled hearing.]

[(2) If a request for inspection, maintenance and/or repair records for the instrument used to test the defendant's specimen is made by the defendant, and those records are in the actual possession of DPS, DPS shall supply such records to the defendant within five days of receipt of the request, provided however, that the records to be provided shall be for the period covering 30 days prior to the test date and 30 days following the test date. If DPS fails to provide the properly requested records after the defendant has paid reasonable copying charges for the records, evidence of the breath specimen shall not be admitted into evidence.]

[(3) Depositions, interrogatories, and requests for admission shall not be permitted in ALR proceedings.]

[(4) Notwithstanding paragraph (1) of this section, if a party believes evidence from a third party is relevant and probative to the case, the party may request issuance of a subpoena duces tecum pursuant to §159.103 of this title (relating to Subpoenas) to have the evidence produced at the hearing. If a person subpoenaed under this section does not appear, the judge may grant a continuance to allow for enforcement of the subpoena.]

[(5) Notwithstanding anything to the contrary contained in this section, DPS has the right to request non-privileged documents from the defendant. Except in cases where sanctions may be sought for abuse of discovery under §155.157 of this title (relating to Sanctioning Authority), all requests from DPS shall be made under the provisions of this section.]

(b) No party shall file copies of discovery requests with SOAH.

(c) Depositions, interrogatories, and requests for admission shall not be permitted in ALR proceedings.

(d) Both parties have the right to review, inspect, and obtain copies of any non-privileged documents or records in the other party's possession.

(e) A request for discovery must be on a separate document from other pleadings and notices and clearly labeled as a request for discovery.

(f) A defendant's request for discovery from DPS's ALR Division shall be served in the manner specified in 37 Texas Administrative Code §17.16 (relating to Service on the Department of Certain Items Required to be Served on, Mailed to, or Filed with the Department). DPS's request shall be served on Defendant at the address of record.

(g) Except as provided in subsection (j) of this section, responses to discovery must be sent to the requesting parties within five days after receipt of the request.

(h) If a party does not have any or all of the documents in its actual possession, it shall respond within five days of the request, stating that it does not have the documents in its actual possession. A party must supplement all its discovery responses within five days from the time the party receives the discoverable documents.

(i) If a document sought through discovery is received by the requesting party fewer than ten days before the scheduled hearing, the judge may grant a continuance on the request of that party. The judge may grant only one continuance based on recently obtained discovery.

(j) A defendant may request inspection, maintenance and/or repair records for the instrument used to test the defendant's breath specimen for the period covering 30 days prior to the test date and 30 days following the test date. If the records are in the actual possession of DPS, DPS shall supply the records to the defendant within ten days of receipt of the request. If DPS fails to provide properly requested records after the defendant has paid reasonable copying charges for them, evidence of the breath specimen shall not be admitted into evidence.

(k) A party that seeks relevant, probative records from a third party may request issuance of a subpoena duces tecum pursuant to Subchapter C (relating to Witnesses and Subpoenas) to have the evidence produced at the hearing. If a person subpoenaed under this section does not appear, the judge may grant a continuance to allow for enforcement of the subpoena.

SUBCHAPTER E. HEARING AND PREHEARING

1 TAC §159.213

The amendments are proposed under Government Code, Chapter 2003, §2003.050, which requires SOAH to adopt procedural rules that relate to the hearings it conducts, and Government Code, Chapter 2001, §2001.004, which requires agencies to adopt rules of practice setting forth the nature and requirements of formal and informal procedures.

The proposed amendments affect Government Code, Chapters 2001, 2003, and Transportation Code Chapter 524.

§159.213. Failure to Attend Hearing and Default.

(a) Upon proof by DPS that notice of the hearing on the merits was sent [mailed] to defendant's or, if defendant has legal representation, to defense counsel's last known address, and that notwithstanding such notice, defendant failed to appear, defendant's right to a hearing on the merits is waived. A rebuttable presumption that proper notice was given to defendant may be established by the introduction of a notice of hearing dated not less than 11 days prior to the hearing date and addressed to defendant's or defense counsel's last known address, as reflected on defendant's notice of suspension, request for hearing, driving record or similar documentation presented by DPS. Under those circumstances, the judge will proceed in defendant's absence and enter a default order upon DPS's motion.

PART 15. TEXAS HEALTH AND HUMAN SERVICES COMMISSION

CHAPTER 354. MEDICAID HEALTH SERVICES

SUBCHAPTER A. PURCHASED HEALTH SERVICES

DIVISION 3. MEDICAID HOME HEALTH SERVICES

1 TAC §354.1039

The Texas Health and Human Services Commission (HHSC) proposes amendments to §354.1039, concerning Home Health Services Benefits and Limitations.

BACKGROUND AND JUSTIFICATION

Currently, §354.1039 requires that a prior authorization request for repairs of durable medical equipment (DME) or appliances must include a statement or medical information from the attending physician substantiating that the medical appliance or equipment continues to serve a specific medical purpose and an itemized estimated cost list of the repairs.

The requirement for a statement from the attending physician is administratively burdensome on DME providers requesting prior authorization for the repair of a DME or appliance. In addition, it is not required by federal law. Therefore, HHSC proposes to remove this requirement.

SECTION-BY-SECTION SUMMARY

Proposed §354.1039(a)(4)(B)(iii)(I) removes the requirement that a request for repair of DME or appliances include a statement or medical information from the attending physician substantiating that the medical appliance or equipment continues to serve a specific medical purpose.

Other changes are made throughout the rule to correctly reference HHSC, correct punctuation and capitalization errors, and make other nonsubstantive changes for accuracy and readability.

FISCAL NOTE

Greta Rymal, Deputy Executive Commissioner for Financial Services, has determined that during the first five-year period the amended rule is in effect, there will be no impact to costs and revenues of state or local governments.

SMALL BUSINESS AND MICRO-BUSINESS IMPACT ANALYSIS

HHSC has determined that there will be no adverse economic effect on small businesses or micro-businesses to comply with the amended rule. The proposal removes an administrative burden on providers; therefore, no small business or micro-business will be required to change current business practices to their detriment.

PUBLIC BENEFIT AND COST

Gary Jessee, State Medicaid Director, has determined that for each year of the first five years the rule is in effect, the public will benefit from the adoption of the rule. The anticipated public benefit will be that DME repair will be easier to obtain.

Ms. Rymal has also determined that there are no probable economic costs to persons who are required to comply with the amended rule.

HHSC has determined that the amended rule will not affect a local economy. There is no anticipated negative impact on local employment.

REGULATORY ANALYSIS

HHSC has determined that this proposal is not a "major environmental rule" as defined by §2001.0225 of the Texas Government Code. A "major environmental rule" is defined to mean a rule the specific intent of which is to protect the environment or reduce risk to human health from environmental exposure and that may adversely affect, in a material way, the economy, a sector of the economy, productivity, competition, jobs, the environment, or the public health and safety of a state or a sector of the state. This proposal is not specifically intended to protect the environment or reduce risks to human health from environmental exposure.

TAKINGS IMPACT ASSESSMENT

HHSC has determined that this proposal does not restrict or limit an owner's right to his or her property that would otherwise exist in the absence of government action and, therefore, does not constitute a taking under §2007.043 of the Government Code.

PUBLIC COMMENT

Written comments on the proposal may be submitted to Kristie Kloss, Medical Benefits Policy Manager, 4900 North Lamar Boulevard, Mail Code H600, Austin, Texas 78751-2316; by fax to (512) 730-7472; or by e-mail to *kristie.kloss@hhsc.state.tx.us* within 30 days of publication of this proposal in the *Texas Register.*

STATUTORY AUTHORITY

The amendment is proposed under Texas Government Code §531.033, which provides the Executive Commissioner of HHSC with broad rulemaking authority; and Texas Human Resources Code §32.021 and Texas Government Code §531.021(a), which provide HHSC with the authority to administer the federal medical assistance (Medicaid) program in Texas.

The proposed amendment implements Texas Human Resources Code Chapter 32 and Texas Government Code Chapter 531. No other statutes, articles, or codes are affected by this proposal.

§354.1039. Home Health Services Benefits and Limitations.

(a) The Health and Human Services Commission or its designee (HHSC) [~~State~~] determines authorization requirements and limitations for covered home health service benefits. The home health agency is responsible for obtaining prior authorization where specified for the healthcare service, supply, equipment, or appliance. Home health service benefits include the following:

(1) Skilled nursing. Nursing services provided by a registered nurse (RN) or [~~who is currently licensed by the Board of Nurse Examiners for the State of Texas and/or a~~] licensed vocational nurse (LVN) licensed by the Texas Board of Nursing [~~Vocational Nurse Examiners~~] provided on a part-time or intermittent basis and furnished through an enrolled home health agency are covered benefits. Billable nursing visits may also include:

(A) nursing visits required to teach the recipient, the primary caregiver, a family member and/or neighbor how to administer or assist in a service or activity that [~~which~~] is necessary to the care and/or treatment of the recipient in a home setting;

(B) RN visits for skilled nursing observation, assessment, and evaluation, provided a physician specifically requests that a nurse visit the recipient for this purpose.

(i) The physician's request must reflect the need for the assessment visit.

(ii) Nursing visits for the primary purpose of assessing a recipient's care needs to develop a plan of care are considered administrative and are not billable; and

(C) RN visits for general supervision of nursing care provided by a home health aide and/or others over whom the RN is administratively or professionally responsible.

(2) Home health aide services. Home health aide services to provide personal care under the supervision of an RN, a licensed physical therapist (PT), or an occupational therapist (OT) employed by the home health agency are covered benefits.

(A) The primary purpose of a home health aide visit must be to provide personal care services.

(B) Duties of a home health aide include the performance of simple procedures such as personal care, ambulation, exercise, range of motion, safe transfer, positioning, and household services essential to health care at home;[~~,~~] assistance with medications that are ordinarily self-administered;[~~,~~] reporting changes in the patient's condition and needs;[~~,~~] and completing appropriate records.

(C) Written instructions for home health aide services must be prepared by an RN or therapist as appropriate.

(D) The requirements for home health aide supervision are as follows.

(i) When only home health aide services are being furnished to a recipient, an RN must make a supervisory visit to the recipient's residence at least once every 60 days. These supervisory visits must occur when the aide is furnishing patient care.

(ii) When skilled nursing care, PT, or OT are also being furnished to a recipient, an RN must make a supervisory visit to the recipient's residence at least every two weeks.

(iii) When only PT or OT is furnished in addition to the home health aide services, the appropriate skilled therapist may make the supervisory visits in place of an RN.

(E) Visits made primarily for performing housekeeping services are not covered services.

(3) Medical supplies. Medical supplies are covered benefits if they meet the following criteria.

(A) Medical supplies must be:

(i) documented in the recipient's plan of care as medically necessary and used for medical or therapeutic purposes;

(ii) supplied:

(I) through an enrolled home health agency in compliance with the recipient's plan of care; or

(iii) [~~(iv)~~] prior authorized unless otherwise specified by HHSC [~~the department~~].

(B) Items which are not listed in subparagraph (C) of this paragraph may be medically necessary for the treatment or therapy of qualified recipients. If a prior authorization request is received for these items, consideration will be given to the request. Approval for reasonable amounts of the requested items may be given if circumstances justify the exception and the need is documented.

(C) Covered items include[~~, but are not limited to~~]:

(i) colostomy and ileostomy care supplies;

(ii) urinary catheters, appliances and related supplies;

(B) HHSC [~~The department~~] will determine whether DME will be rented, purchased, or repaired based upon the duration and use needs of the recipient.

(i) Periodic rental payments are made only for the lesser of:

(I) the period of time the equipment is medically necessary; or

(II) when the total monthly rental payments equal the reasonable purchase cost for the equipment.

(ii) Purchase is justified when the estimated duration of need multiplied by the rental payments would exceed the reasonable purchase cost of the equipment or it is otherwise more practical to purchase the equipment.

(C) Covered medical appliances and equipment (rental, purchase, or repairs) include[~~, but are not limited to~~]:

(i) manual or powered wheelchairs;

(I) non-customized including medically justified seating, supports, and equipment; or

(II) customized, specifically tailored or individualized, powered wheelchairs including appropriate medically justified seating, supports and equipment not to exceed an amount specified by HHSC [~~the department~~].

(ii) canes, crutches, walkers, and trapeze bars;

(ix) pumps for feeding tubes and IV administration; and

(x) respiratory or oxygen related equipment.

(D) Medical equipment or appliances not listed in subparagraph (C) of this paragraph may, in exceptional circumstances, be considered for payment when it can be medically substantiated as a part of the treatment plan that such service would serve a specific medical purpose on an individual case basis.

(5) Physical therapy. To be payable as a home health benefit, physical therapy services must:

(A) be provided by a physical therapist who is currently licensed by the Texas Board of Physical Therapy Examiners, or physical therapist assistant who is licensed by the Texas Board of Physical Therapy Examiners who assists and is supervised by a licensed physical therapist;

(B) be for the treatment of an acute musculoskeletal or neuromuscular condition or an acute exacerbation of a chronic musculoskeletal or neuromuscular condition;

(C) be expected to improve the patient's condition in a reasonable and generally predictable period of time, based on the physician's assessment of the patient's restorative potential after any needed consultation with the therapist; and

(D) not be provided when the patient has reached the maximum level of improvement. Repetitive services designed to maintain function once the maximum level of improvement has been reached are not a benefit. Services related to activities for the general good and welfare of patients such as general exercises to promote overall fitness and flexibility and activities to provide diversion or general motivation are not reimbursable.

(6) Occupational therapy. To be payable as a home health benefit, occupational therapy services must be:

(A) provided by one who is currently registered and licensed by the Texas Board of Occupational Therapy Examiners or by an occupational therapist assistant who is licensed to assist in the practice of occupational therapy and is supervised by an occupational therapist;

(8) Diabetic supplies and related testing equipment. Diabetic supplies and related testing equipment must meet the following requirements to qualify for reimbursement under Medicaid home health services.

(A) Diabetic [~~diabetic~~] supplies and related testing equipment must be prescribed by a physician.[;]

(B) Prior [~~prior~~] authorization is required unless otherwise specified by HHSC. [~~the department; and~~]

(b) Home health service limitations include the following.

(1) Patient supervision.

(A) Patients must be seen by their physician within 30 days prior to the start of home health services. This physician visit may be waived when a diagnosis has already been established by the attending physician and the patient is currently undergoing active medical care and treatment. Such a waiver is based on the physician's statement that an additional evaluation visit is not medically necessary.

(B) Patients receiving home health care services must remain under the care and supervision of a physician who reviews and revises the plan of care at least every 60 days or more frequently as the physician determines necessary.

(2) Time limited prior authorizations.

(A) Prior authorizations for payment of home health services may be issued by HHSC [~~the department~~] for a service period not to exceed 60 days on any given authorization. Specific authorizations may be limited to a time period less than the established maximum. When the need for home health services exceeds 60 days, or when there is a change in the service plan, the provider must obtain prior approval and retain the physician's signed and dated orders with the revised plan of care.

(B) The provider shall be notified by HHSC [~~the department~~] in writing of the authorization (or denial) of requested services.

(C) Prior authorization requests for covered Medicaid home health services must include the following information:

(v) a composition of the family/caregiver;

(vi) observations pertinent to the overall plan of care in the home; and

(vii) the type of service the patient is receiving from other community or state agencies.

(D) If inadequate or incomplete information is provided, the provider will be requested to furnish additional documentation as required to make a decision on the request.

(3) Medication administration. Nursing visits for the purpose of administering medications are not covered if:

(A) the medication is not considered medically necessary to the treatment of the individual's illness;

(B) the administration of medication exceeds the therapeutic frequency or duration by accepted standards of medical practice;

(C) there is not a medical reason prohibiting the administration of the medication by mouth; or

(D) the patient, a primary caregiver, a family member, and/or a neighbor has been taught or can be taught to administer intramuscular (IM) and intravenous (IV) injections.

(5) Recipient residence. Services, equipment, or supplies furnished to a recipient who is a resident or patient in a hospital, skilled nursing facility, or intermediate care facility are not benefits.

(c) Home health services are subject to utilization review, which includes the following:

(1) the physician is responsible for retaining in the client's record a copy of the plan of care and/or a copy of the request form documenting the medical necessity of the health care service, supply, equipment, or appliance and how it meets the recipient's health care needs; [~~and~~]

(2) the home health services provider is responsible for documenting the amount, duration, and scope of services in the recipient's plan of care, the equipment/supply order request, and the client

record based on the physician's orders. This information is subject to retrospective review; and

CHAPTER 355. REIMBURSEMENT RATES
SUBCHAPTER M. MISCELLANEOUS PROGRAMS
DIVISION 3. COMPREHENSIVE REHABILITATION SERVICES FOR INDIVIDUALS WITH A TRAUMATIC BRAIN INJURY OR TRAUMATIC SPINAL CORD INJURY

1 TAC §355.9040

The Texas Health and Human Services Commission (HHSC) proposes new Division 3, Comprehensive Rehabilitation Services for Individuals with a Traumatic Brain Injury or Traumatic Spinal Cord Injury, and new §355.9040, concerning Reimbursement Methodology for Comprehensive Rehabilitation Services Program, under Subchapter M.

BACKGROUND AND JUSTIFICATION

This rule establishes the reimbursement methodology for the Comprehensive Rehabilitation Services (CRS) program administered by the Texas Department of Assistive and Rehabilitative Services (DARS). HHSC, under its authority and responsibility to administer and implement rates, is proposing this rule to codify the reimbursement methodology for this program, which provides services to individuals with a traumatic brain injury (TBI) or traumatic spinal cord injury (SCI).

The proposed reimbursement methodology describes the method by which HHSC will determine the rates for TBI and SCI Inpatient Comprehensive Medical Rehabilitation Services, TBI and SCI Outpatient Services, Post-Acute Brain Injury (PABI) Residential Services, and PABI and Post-Acute SCI Non-Residential Services.

SECTION-BY-SECTION SUMMARY

Proposed §355.9040(a) describes the payment rate determination methodology for all four categories of service arrays in the CRS program.

Proposed §355.9040(b) makes information in the cost determination process rules applicable to this rule.

Proposed §355.9040(c) authorizes HHSC to require providers to submit cost reports, describes the rules a provider must follow in submitting such reports, and explains the means by which a contracted provider may be excused from submitting a cost report.

FISCAL NOTE

Rebecca Trevino, Chief Financial Officer for DARS, has determined that, during the first five-year period the rule is in effect, there will not be a fiscal impact to state government.

There are no fiscal implications for local governments as a result of enforcing or administering the rule. The rule will not affect a local economy or local employment for the first five years the proposed rule will be in effect.

SMALL BUSINESS AND MICRO-BUSINESS IMPACT ANALYSIS

HHSC has determined that there is no adverse economic effect on small businesses or micro-businesses as a result of the rule. The implementation of the proposed rule does not require any changes in practice or additional cost to a contracted provider, and HHSC anticipates that the new methodology will lead to increased rates for those CRS providers that qualify as small or micro-businesses.

PUBLIC BENEFIT AND COST

Pam McDonald, Director of Rate Analysis for HHSC, has determined that for each of the first five years the rule is in effect, the expected public benefit is that the reimbursement methodology for the CRS program will be documented, consistent, and transparent.

Ms. McDonald does not anticipate that there will be any economic cost to persons who are required to comply with the proposed rule during the first five years the rule will be in effect.

REGULATORY ANALYSIS

HHSC has determined that this proposal is not a "major environmental rule" as defined by §2001.0225 of the Texas Government Code. "Major environmental rule" is defined to mean a rule the specific intent of which is to protect the environment or reduce risk to human health from environmental exposure and that may adversely affect, in a material way, the economy, a sector of the economy, productivity, competition, jobs, the environment or the public health and safety of a state or a sector of the state. This proposal is not specifically intended to protect the environment or reduce risks to human health from environmental exposure.

TAKINGS IMPACT ASSESSMENT

HHSC has determined that this proposal does not restrict or limit an owner's right to his or her private real property that would otherwise exist in the absence of government action and, therefore, does not constitute a taking under Texas Government Code §2007.043.

PUBLIC COMMENT

Questions about the content of this proposal may be directed to Andrew Wolfe in the HHSC Rate Analysis Department by telephone at (512) 707-6072. Written comments on the proposed rule may be submitted to Mr. Wolfe by facsimile at (512) 730-7475, by e-mail to *andrew.wolfe@hhsc.state.tx.us,* or by mail to HHSC Rate Analysis, Mail Code H-400, P.O. Box 149030,

Austin, Texas, 78714-9030, within 30 days of publication of this proposal in the *Texas Register.*

STATUTORY AUTHORITY

The new rule is proposed under the Texas Government Code, §531.033, which provides the Executive Commissioner of HHSC with broad rulemaking authority, and under §531.0055, which provides the Executive Commissioner with the authority to promulgate rules for the provision of health and human services by the health and human services agencies.

The new rule affects the Texas Government Code Chapter 531. No other statutes, articles, or codes are affected by this proposal.

§355.9040. Reimbursement Methodology for Comprehensive Rehabilitation Services Program.

(a) Payment rate determination. Payment rates are determined based on the methodology described for each service array.

(1) Traumatic Brain Injury (TBI) and Spinal Cord Injury (SCI) Inpatient Comprehensive Medical Rehabilitation Services Array. The Texas Department of Assistive and Rehabilitative Services or its successor agency (DARS) negotiates contracts with inpatient facilities to provide services based on data from the Centers for Medicare & Medicaid Services (CMS) Healthcare Cost Report Information System (HCRIS).

(2) TBI and SCI Outpatient Services Array.

(A) For services and purchases for which a specific rate can be established without regard to the individual receiving the service or item, the Texas Health and Human Services Commission (HHSC) will establish Comprehensive Rehabilitation Services (CRS) fee-for-service rates based on a review of rates for similar services as presented in one or more of the following data sources: HHSC fee schedules, previous DARS fee schedules, Medicare fee schedules, other states' Medicaid fee schedules, and/or commercial insurance fee schedules.

(i) Where information on comparable rates is not available, HHSC will establish rates representing best value based on the factors listed in §391.103(2) of this title (relating to Definitions).

(ii) To ensure adequate access to services, DARS medical director, or optometric consultant may approve exceptions to established rates, with review by the HHSC Rate Analysis Department (RAD).

(B) For services and purchases for which a specific rate can be established without regard to the individual receiving the service or item, but for which a CRS rate has not yet been set at the time an individual's program planning team determines that the service is required, HHSC will establish an interim CRS rate.

(i) DARS will contact HHSC RAD to request an interim CRS rate.

(ii) HHSC RAD will determine the interim CRS rate based on the process in subparagraph (A) of this paragraph.

(iii) Claims paid at an interim rate established under this subparagraph will not be adjusted once a rate is formally adopted for that service.

(C) For services and purchases for which the cost of the service or item purchased is specific to the individual receiving the service or item, HHSC will establish a CRS rate at the time of purchase, based on best value, as defined by the reasonable and customary industry standards for each specific service or item purchased.

(3) Post-Acute Brain Injury (PABI) Residential Services Array. DARS will pay providers a per diem rate for each allowable day of PABI Residential Service. DARS will also pay providers for such ancillary services as have been approved in the individual's program plan and received by the individual.

(A) The initial per diem rate is the sum of a base component, which covers room and board, administration, personal assistance, and facility and operations costs; a core service component, which covers core therapy services; and an additional amount for periodic required evaluations.

(i) HHSC determines the base component as follows:

(I) determine the rates for the small and medium classes of facilities in the Intermediate Care Facilities for Individuals with an Intellectual Disability or Related Conditions (ICF/IID) program as specified in §355.456 of this chapter (relating to Reimbursement Methodology);

(II) adjust the ICF/IID rates to account for the specific needs of the CRS population; and

(III) average the adjusted rates for individuals with limited, extensive, pervasive, and pervasive plus levels of need, weighting by the days of service for those individuals from the most recently reviewed and accepted ICF/IID cost reports.

(ii) HHSC determines the core service component by reviewing the rates or contracted payment amounts for similar services, including the five common core therapy services (Physical Therapy, Occupational Therapy, Speech/Language Therapy, Cognitive Rehabilitation Therapy, and Neuropsychological Therapy) paid by the following payers: HHSC, the Texas Department of Aging and Disability Services (DADS), DARS, Medicare, other states' Medicaid programs, and commercial insurance companies. Based on this review, HHSC determines an appropriate rate per hour that is multiplied by the hours in the tier structure below to determine the rate for each tier. Determination of the applicable tier for a day of service is governed by DARS program standards.

(I) Base - 0 hours.

(II) Base Plus - 0.5 hours.

(III) Tier 1 - 1.5 hours.

(IV) Tier 2 - 2.5 hours.

(V) Tier 3 - 3.5 hours.

(VI) Tier 4 - 4.5 hours.

(VII) Tier 5 - 5.5 hours.

(VIII) Tier 6 - 6.5 hours.

(IX) Tier 7 - 7.5 hours.

(X) Tier 8 - 8.5 hours.

(iii) HHSC determines the additional amount for periodic required evaluations by averaging the common core therapy evaluation rates, multiplying the average by 12, and dividing the product by the number of days in the rate year.

(B) If HHSC determines that adequate cost and services delivery data is available, HHSC may rebase the per diem rate components.

(i) For the base component, if HHSC deems it appropriate to require contracted providers to submit a cost report, HHSC will determine if cost data collected as described in subsection (c) of this section is reliable and sufficient to support development of a cost report-based rate. If such reliable and sufficient data is available,

HHSC may develop a reimbursement rate using that data to replace the initial base component.

(ii) For the core service component, HHSC will collect and evaluate detailed service delivery data. HHSC may rebase the core service component based on the detailed service delivery data.

(C) HHSC determines the ancillary services rates as described in paragraph (2) of this subsection.

(4) PABI and Post-Acute SCI Non-Residential Services Array. HHSC will set separate base rates for facility-based and community-based services, as described in subparagraph (A) of this paragraph. DARS will pay for each allowable billing increment, as defined by program standards. DARS will also pay for such core and ancillary services as have been approved in the individual's program plan and received by the individual.

(A) Initial rates will consist of an hourly base rate which covers administration, personal assistance, and facility and operations costs.

(i) For providers offering Non-Residential Services in a setting that is also a residential facility or shares space with a residential facility, HHSC determines the initial hourly base rate as follows:

(I) determine the rates for the small and medium classes of facilities in the ICF/IID program as specified in §355.456 of this chapter;

(II) adjust the ICF/IID rates to account for the specific needs of the CRS population and the base services to be provided in a Non-Residential facility-based setting;

(III) average the adjusted rates for individuals with limited, extensive, pervasive and pervasive plus levels of need, weighting by the days of service for those individuals from the most recently reviewed and accepted ICF/IID cost reports; and

(IV) divide the average by eight.

(ii) For providers offering Non-Residential Services in the home of the individual receiving the service or in a community setting not connected or affiliated with a residential setting, HHSC determines the initial hourly base rate as follows:

(I) determine the case management and the other attendant care cost components (also known as the administration and facility cost area) of the habilitation base rate under the Community Living Assistance and Support Services (CLASS) program, as described in §355.505 of this chapter (relating to Reimbursement Methodology for the Community Living Assistance and Support Services Waiver Program); and

(II) adjust the rate to account for specific needs of the CRS population and the base services to be provided in a non-residential home or community setting.

(B) If HHSC deems it appropriate to require contracted providers to submit a cost report, HHSC will determine if cost data collected as described in subsection (c) of this section is reliable and sufficient to support development of a cost-report-based rate. If such reliable and sufficient data is available, HHSC may develop cost-report-based rates to replace the initial hourly base rates.

(C) HHSC will determine the rates for core services as described in paragraph (2)(A) of this subsection.

(D) HHSC will determine the rates for ancillary services as described in paragraph (2) of this subsection.

(b) Related information. The information in §355.101 of this chapter (relating to Introduction) and §355.105(g) of this chapter (relating to General Reporting and Documentation Requirements, Methods, and Procedures) applies to this section.

(c) Reporting of cost. To gather adequate financial and statistical information upon which to base reimbursement, HHSC may require a contracted provider to submit a cost report for any service provided through the CRS program.

(1) Cost Reports. If HHSC requires a provider to submit a cost report, the provider must follow the cost reporting guidelines in §355.105 of this chapter and the guidelines for determining whether a cost is allowable or unallowable in §355.102 of this chapter (relating to General Principles of Allowable and Unallowable Costs) and §355.103 of this chapter (relating to Specifications for Allowable and Unallowable Costs).

(2) Excusal from submission of a cost report. A provider is excused from the requirement to submit a cost report if the provider meets one or more of the conditions in §355.105(b)(4)(D) of this chapter.

The agency certifies that legal counsel has reviewed the proposal and found it to be within the state agency's legal authority to adopt.

TITLE 22. EXAMINING BOARDS

PART 6. TEXAS BOARD OF PROFESSIONAL ENGINEERS

CHAPTER 133. LICENSING

The Texas Board of Professional Engineers (Board) proposes amendments to §133.27, concerning Application for Temporary License for Engineers Currently Licensed Outside the United States; §133.41, concerning Supplementary Experience Record; and §133.43, concerning Experience Evaluation.

The proposed rule changes to §133.27 would implement a licensing agreement between the Texas Board of Professional Engineers and the Republic of Korea. South Korea (The Republic of Korea) is being added to the existing rule for Temporary Licenses that currently addresses Australia, Canada and Mexico. The agreement was signed on March 10, 2016.

The proposed rule changes to §133.41 and §133.43 would implement process changes related to enhancing engagement of Engineers in Training. These changes would allow a person to demonstrate enhanced competence and readiness for licensure on the license application by including information on the Supplementary Experience Record regarding additional training and participation in professional organizations. The standards for competence will be the same as under the current system, but this addition will allow an applicant to present additional accomplishments.

David Howell, P.E., Deputy Executive Director for the Board, has determined that for the first five-year period the proposed amendments are in effect there is no adverse fiscal impact for the state and local government as a result of enforcing or administering the sections as amended. There is no additional cost to licensees or other individuals. There is no adverse fiscal impact to the estimated 1,000 small or 6,400 micro businesses regulated by the Board. A Regulatory Flexibility Analysis is not needed because there is no adverse economic effect to small or micro businesses.

Mr. Howell also has determined that for the first five years the proposed amendments are in effect, the public benefit anticipated as a result of enforcing the proposed amendments is an improvement in the flexibility of the licensure processes and the ability to issue international temporary licenses to qualified engineers.

Any comments or request for a public hearing may be submitted no later than 30 days after the publication of this notice to David Howell, P.E., Deputy Executive Director, Texas Board of Professional Engineers, 1917 S. Interstate 35, Austin, Texas 78741, faxed to his attention at (512) 440-0417 or sent by email to *rules@engineers.texas.gov.*

SUBCHAPTER C. PROFESSIONAL ENGINEER LICENSE APPLICATION REQUIREMENTS

22 TAC §133.27

The amendments are proposed pursuant to the Texas Engineering Practice Act, Occupations Code §1001.202, which authorizes the board to make and enforce all rules and regulations and bylaws consistent with the Act as necessary for the performance of its duties, the governance of its own proceedings, and the regulation of the practice of engineering in this state.

SUBCHAPTER E. EXPERIENCE

22 TAC §133.41, §133.43

The amendments are proposed pursuant to the Texas Engineering Practice Act, Occupations Code §1001.202, which authorizes the board to make and enforce all rules and regulations and bylaws consistent with the Act as necessary for the performance of its duties, the governance of its own proceedings, and the regulation of the practice of engineering in this state.

No other statutes, articles or codes are affected by the proposed amendments.

§133.41. Supplementary Experience Record.

Applicants shall submit a supplementary experience record to the board as a part of the application. The supplementary experience record is a written summary documenting all of the applicant's engineering experience used to meet the requirements for licensure. The NCEES record experience information may be accepted as all or part of a supplementary experience record.

(1) The supplementary experience record shall be written by the applicant and shall:

(A) provide an overall description of the nature and scope of the work with emphasis on detailed descriptions of the engineering work;

(B) clearly describe the engineering work that the applicant personally performed; [~~and~~]

(C) delineate the role of the applicant in any group engineering activity; and[~~.~~]

(D) include any relevant training or participation in engineering organizations or societies that contribute to the applicant's competence and readiness for licensure (consistent with the requirements listed in §137.17 of this title (relating to Continuing Education Program)).

(2) - (5) (No change.)

§133.43. Experience Evaluation.

(a) The board shall evaluate the nature and quality of the experience found in the supplementary experience record or the NCEES record experience information and shall determine if the work is satisfactory to the board for the purpose of issuing a license to the applicant. The board shall evaluate the supplementary experience record for evidence of the applicant's competency to be placed in responsible charge of engineering work of a similar character.

(1) (No change.)

(2) In the review of engineering experience, the board may consider additional elements including:

(A) whether the experience was sufficiently complex and diverse, and of an increasing standard of quality and responsibility;

(B) whether the quality of the engineering work shows minimum technical competency;

(C) whether the experience was gained in accordance with the provisions of the Act;

(D) whether the experience was gained in one dominant branch;

(E) whether non-traditional engineering experience such as sales or military service provides sufficient depth of practice;

(F) whether short engagements have had an impact upon professional growth; [~~and~~]

(G) whether the applicant intends to practice or offer engineering services in Texas; and[~~.~~]

(H) whether the experience was supplemented by training courses or participation in engineering organizations or societies that contribute to the applicant's competence and readiness for licensure (consistent with the requirements listed in §137.17 of this title (relating to Continuing Education Program)).

(3) (No change.)

(b) - (f) (No change.)

PART 14. TEXAS OPTOMETRY BOARD

CHAPTER 273. GENERAL RULES

22 TAC §273.4

The Texas Optometry Board proposes amendments to §273.4 to set fees for license renewal of active Optometric Glaucoma Specialists. The addition to the fee will fund the agency's contribution to the costs of the Prescription Monitoring Program as set out in Senate Bill 195, Regular Session, 84th Legislature.

Chris Kloeris, executive director of the Texas Optometry Board, estimates that for the first five-year period the amendments are in effect, the Optometry Board will collect an additional $21,815.15 each year, which will be transferred to the Texas State Board of Pharmacy. There will be no fiscal implications for local government as a result of enforcing or administering the amendments.

Chris Kloeris also has determined that for each of the first five years the amendments are in effect, the public benefit anticipated is that the Prescription Monitoring Program, which monitors overprescribing of controlled substances, will be adequately funded.

It is anticipated that there will be no economic costs for many of the licensees required to comply with the rule because Senate Bill 195 removes the requirement for state registration in order to administer or prescribe controlled substances. Many of the licensees affected by this amendment annually renewed the stated controlled substances registration, which has a higher annual renewal fee than the increase in the license renewal fee in this amendment. For those licensees with an Optometric Glaucoma Specialist license who do not have a state controlled substances registration, the costs will be a $7.85 increase to the license renewal fee during fiscal year 2017 and thereafter.

ECONOMIC IMPACT STATEMENT AND REGULATORY FLEXIBILITY ANALYSIS

The agency licenses approximately 4,000 optometrists and therapeutic optometrists. A significant majority of licensees own or work in one or more of the 1,000 to 3,000 optometric practices which meet the definition of a small business. Some of these

practices meet the definition of a micro business. The agency does not license these practices.

ENVIRONMENT AND TAKINGS IMPACT ASSESSMENT

The agency has determined that this proposal is not a "major environmental rule" as defined by Texas Government Code §2001.0225. This proposal is not specifically intended to protect the environment or reduce risks to human health from environmental exposure. The agency has determined that the proposed rule does not restrict or limit an owner's right to his or her property that would otherwise exist in the absence of government action, and therefore does not constitute a taking under Texas Government Code §2007.043.

Comments on the proposal may be submitted to Chris Kloeris, Executive Director, Texas Optometry Board, 333 Guadalupe Street, Suite 2-420, Austin, Texas 78701-3942. The deadline for furnishing comments is thirty days after publication in the *Texas Register.*

The amendment is proposed under the Texas Optometry Act, Texas Occupations Code, §351.151, §351.152, and Senate Bill 195, Regular Session, 84th Legislature. No other sections are affected by the amendments.

The Texas Optometry Board interprets §351.151 as authorizing the adoption of procedural and substantive rules for the regulation of the optometric profession. The agency interprets §351.152 as authorizing the agency to set license renewal fees, and Senate Bill 195, Regular Session, 84th Legislature, as authorizing the agency to increase renewal fees to fund the Prescription Monitoring Program.

TITLE 25. HEALTH SERVICES

PART 1. DEPARTMENT OF STATE HEALTH SERVICES

CHAPTER 102. DISTRIBUTION OF TOBACCO SETTLEMENT PROCEEDS TO POLITICAL SUBDIVISIONS

25 TAC §102.3

The Executive Commissioner of the Health and Human Services Commission, on behalf of the Department of State Health Services (department), proposes an amendment to §102.3, concerning the distribution of tobacco settlement proceeds to political subdivisions.

BACKGROUND AND PURPOSE

The rule amendments provide updated language and offer clarification to enhance the understanding of the program rules for the distribution of tobacco settlement proceeds to political subdivisions. The rules are still needed due to the continued responsibilities for implementing the Health and Safety Code, §§12.131 - 12.139, and the responsibilities of the department under the "Agreement Regarding Disposition of Tobacco Settlement Proceeds" filed on July 24, 1998, in United States District Court,

Eastern District of Texas, in the case styled *The State of Texas v. The American Tobacco Co.,* et al., No. 5-96CV-91.

Government Code, §2001.039, requires each state agency review and consider for readoption each rule adopted by that agency pursuant to the Government Code, Chapter 2001 (Administrative Procedure Act). Sections 102.1 - 102.5 have been reviewed and the department has determined that reasons for adopting the sections continue to exist because rules on this subject are needed.

SECTION-BY-SECTION SUMMARY

Section 102.3(b)(2) was amended to give political subdivisions additional examples of expenditures that may not be counted as unreimbursed health care expenditures. Political subdivisions have frequently contacted the department regarding the proposed additional examples.

The amendment to §102.3(b)(2)(B) adds "printers and copiers" as additional examples of administrative equipment not directly related to the provision of health care services to the general public.

The amendment to §102.3(b)(2)(D) adds "rabies control" as an additional example of environmental services that may not be counted.

The amendment to §102.3(b)(2)(F) adds "time spent transporting inmates" as an example of a court procedure.

In §102.3(b)(2)(J), the word "and" was moved to the end of new subparagraph (L) because the list of examples was expanded.

The amendment to §102.3(b)(2)(K) adds "autopsies, burials, and mortician services" as new items not directly related to the provision of health care services to the general public.

The amendment to §102.3(b)(2)(L) adds "meal donation programs" as a new item not directly related to the provision of health care services to the general public.

In §102.3(b)(2), subparagraph (K) was amended to subparagraph (M) to accommodate new subparagraphs (K) and (L).

Section 102.3(f)(1) was amended to give political subdivisions consistent deadlines for submitting annual expenditure statements to the department.

The amendment to §102.3(f)(1)(A) changes the deadline for submitting annual expenditure statements by delivery, fax, or electronic mail from 5:00 p.m. to 11:59 p.m. on March 31 to accommodate electronic delivery of expenditure statements after regular business hours.

The amendment to §102.3(f)(1)(B) changes the deadline for postmarks of annual expenditure statements submitted by U.S. Postal Service or commercial mail carrier from midnight to 11:59 p.m. on March 31 to conform with the proposed new deadline in §102.3(f)(1)(A).

FISCAL NOTE

Elaine McHard, Manager, Funds Coordination and Management Branch, has determined that for each year of the first five years that the section will be in effect there will not be fiscal implications to state or local governments as a result of enforcing and administering the section as proposed.

SMALL AND MICRO-BUSINESS IMPACT ANALYSIS

Ms. McHard has also determined that there will be no adverse economic impact on small businesses or micro-businesses required to comply with the section as proposed. This was determined by interpretation of the rule that small businesses and micro-businesses will not be required to alter their business practices in order to comply with the section.

ECONOMIC COSTS TO PERSONS AND IMPACT ON LOCAL EMPLOYMENT

There are no anticipated economic costs to persons who are required to comply with the section as proposed. There is no anticipated negative impact on local employment.

Eligible political subdivisions may receive a pro rata share of the annual distribution based on their unreimbursed health care expenditures in the previous calendar year as agreed under the Agreement Regarding Disposition of Tobacco Settlement Proceeds and defined in Health and Safety Code, §§12.131 - 12.139. The amount distributed is determined by the State Comptroller.

PUBLIC BENEFIT

In addition, Ms. McHard has also determined that for each year of the first five years the section is in effect, the public will benefit from adoption of the section. The public benefit anticipated is a clear understanding of the distribution of the tobacco proceeds. Also, there is additional information for the public regarding the disbursements of the funds.

REGULATORY ANALYSIS

The department has determined that this proposal is not a "major environmental rule" as defined by Government Code, §2001.0225. "Major environmental rule" is defined to mean a rule the specific intent of which is to protect the environment or reduce risk to human health from environmental exposure and that may adversely affect, in a material way, the economy, a sector of the economy, productivity, competition, jobs, the environment or the public health and safety of a state or a sector of the state. The proposed amendment does not have the specific intent of protecting the environment or reducing risks to human health from environmental exposure.

TAKINGS IMPACT ASSESSMENT

The department has determined that the proposed amendment does not restrict or limit an owner's right to his or her property that would otherwise exist in the absence of government action and, therefore, does not constitute a taking under Government Code, §2007.043.

PUBLIC COMMENT

Comments on the proposal may be submitted to Elaine McHard, Funds Coordination and Management Branch, Mail Code 4501, Department of State Health Services, P.O. Box 149347, Austin, Texas 78714-9347, (512) 776-6789 or by email to *Elaine.McHard@dshs.state.tx.us.* Comments will be accepted for 30 days following publication of the proposal in the *Texas Register.* Health and Safety Code, §12.138, states that rules must be submitted to the advisory committee and may not become effective before the rule is approved by the advisory committee. These rules were approved by the Tobacco Settlement Permanent Trust Account Administration Advisory Committee on November 5, 2015.

LEGAL CERTIFICATION

The Department of State Health Services General Counsel, Lisa Hernandez, certifies that the proposed rule has been reviewed

by legal counsel and found to be within the state agencies' authority to adopt.

STATUTORY AUTHORITY

The amendment is authorized under Health and Safety Code, §12.133, which requires the department to adopt rules governing the collection of information that relates to the political subdivisions' unreimbursed health care expenditures; and Government Code, §531.0055, and Health and Safety Code, §1001.75, which authorize the Executive Commissioner of the Health and Human Services Commission to adopt rules and policies necessary for the operation and provision of health and human services by the department and for the administration of Health and Safety Code, Chapter 1001. Review of the rules implements Government Code, §2001.039 and Health and Safety Code, §12.139.

The amendment affects the Health and Safety Code, Chapters 12 and 1001; and Government Code, Chapter 531.

§102.3. Annual Claims.

(a) (No change.)

(b) Counties not wholly within a hospital district. For a county not wholly within a hospital district, the agreement further states that unreimbursed expenditures are to be calculated as "all unreimbursed amounts, including unreimbursed jail health care, expended by such county for health care services to the general public during that year, plus 15% of that total."

(1) (No change.)

(2) The following are examples for which expenditures may not be counted:

(A) (No change.)

(B) administrative supplies or equipment not directly related to the provision of health care services to the general public, such as computer paper, printers and copier machines;

(C) (No change.)

(D) environmental services such as mosquito control, water testing, [~~and~~] septic tank inspection, and rabies control;

(E) (No change.)

(F) time spent transporting inmates to and from court procedures, such as continued mental health commitments and medication hearings;

(G) - (I) (No change.)

(J) first responder services; [~~and~~]

(K) autopsies, burials, and mortician services;

(L) meal donation programs; and

(M) [~~(K)~~] services to the extent to which the county has received reimbursement or funds through federal or state programs including, but not limited to, county indigent health care, tertiary medical care, emergency medical services grants, permanent fund for children and public health grants, public health block grants, Title XVIII of the Social Security Act (Medicare), Title XIX of the Social Security Act (Medicaid), or crime victims compensation fund.

(3) (No change.)

(c) - (e) (No change.)

(f) Procedures.

(1) A political subdivision must submit a signed annual expenditure statement to the department, documenting its eligible expenditures for the preceding calendar year:

(A) by delivery, fax, or electronic mail received by the department no later than 11:59 [~~5:00~~] p.m. on March 31 of each year; or

(B) by U.S. Postal Service mail or commercial mail carrier with a postmark reflecting a date no later than 11:59 p.m. [~~midnight~~] on March 31 of each year. Private metered postmarks shall not be acceptable as proof of timely mailing.

(2) - (5) (No change.)

The agency certifies that legal counsel has reviewed the proposal and found it to be within the state agency's legal authority to adopt.

TITLE 34. PUBLIC FINANCE

PART 1. COMPTROLLER OF PUBLIC ACCOUNTS

CHAPTER 3. TAX ADMINISTRATION

SUBCHAPTER O. STATE AND LOCAL SALES AND USE TAXES

34 TAC §3.286

The Comptroller of Public Accounts proposes amendments to §3.286, concerning seller's and purchaser's responsibilities, including nexus, permits, returns and reporting periods, and collection and exemption rules. The amendments implement statutory changes enacted in 2015 by the 84th Legislature and clarify agency policy regarding direct payment permit holders and prepayment discounts. House Bill 2358, 84th Legislature, 2015, added Tax Code, §151.0241 (Persons Performing Disaster- or Emergency-Related Work).

A new defined term is added to subsection (a) to implement House Bill 2358, 84th Legislature, 2015. New subsection (a)(3) is added to define the term "disaster- or emergency-related work." This definition is taken from Business & Commerce Code, §112.003, and incorporates the definitions of the terms "critical infrastructure" and "disaster- or emergency-related work." Subsequent paragraphs are renumbered accordingly. In addition, renumbered subsection (a)(4), defining the term "engaged in business," is amended to add new subparagraph (J) to implement House Bill 2358. New subparagraph (J) provides that certain out-of-state business entities who come to Texas for the sole purpose of repairing or replacing critical infrastructure damaged in a disaster or emergency are not engaged in business in this state. This provision is effective June 16, 2015.

Subsection (c)(1), relating to obtaining a sales and use tax permit, is amended to implement Senate Bill 853, 84th Legislature, 2015, which provides that a sales tax permit application filed electronically on a form prescribed by the comptroller is deemed to be signed by the applicant for purposes of Tax Code, §151.202(b)(5).

Subsection (d)(2)(B) is amended to reinstate the requirement that out-of-state sellers identify the tax on their bills or invoices as Texas tax. The following sentence was first added to the section in 1988: "Out-of-state sellers must identify the tax as Texas sales or use tax." See 13 TexReg 3988 (1988). During the drafting of the amendments to the section that were adopted effective June 3, 2015, the sentence was inadvertently deleted. Because the deletion was inadvertent, it was not explained or addressed in the preamble to the 2015 amendment. See 40 TexReg 3183 (2015) (addressing revisions to subsection (d)(2)(A) but not subsection (d)(2)(B)). The language is revised to describe out-of-state sellers as sellers who do not maintain a physical location in Texas.

Subsection (d)(2)(B) is further amended to memorialize current comptroller procedure that when an invoice or bill does not identify tax as Texas tax, it is presumed that the seller did not collect Texas tax. The subsection further explains that the presumption is rebuttable.

Subsection (f)(3), relating to extensions for persons located in a disaster area, is amended to use terminology consistent with House Bill 2358 and amended subsection (a). For example, the term "natural disaster area" is replaced with the phrase "an area designated in a state of disaster or emergency declaration."

Subsection (g)(8), relating to direct payment permit holders, is also revised. This subsection states that "prepayment procedures and discounts for timely filing, as discussed in subsection (h) of this section, do not apply to holders of direct payment permits." Because subsection (h) addresses discounts for timely filing and for prepayment, subsection (g)(8) is amended to replace the phrase "prepayment procedures" with the more accurate phrase "prepayment discounts."

Tom Currah, Chief Revenue Estimator, has determined that for the first five-year period the rule will be in effect, there will be no significant revenue impact on the state or units of local government.

Mr. Currah also has determined that for each year of the first five years the rule is in effect, the public benefit anticipated as a result of enforcing the rule will be by conforming the rule to current statutes and clarifying agency policy. This rule is proposed under Tax Code, Title 2, and does not require a statement of fiscal implications for small businesses. There is no significant anticipated economic cost to individuals who are required to comply with the proposed rule.

Comments on the proposal may be submitted to Teresa G. Bostick, Director, Tax Policy Division, P.O. Box 13528, Austin, Texas 78711-3528. Comments must be received no later than 30 days from the date of publication of the proposal in the *Texas Register.*

The amendments are proposed under Tax Code, §111.002, which provides the comptroller with the authority to prescribe, adopt, and enforce rules relating to the administration and enforcement of the provisions of Tax Code, Title 2.

The amendments implement Tax Code, §151.0241 ("Persons Performing Disaster Or Emergency-Related Work") and Business & Commerce Code, Chapter 112 et seq.

§3.286. Seller's and Purchaser's Responsibilities, including Nexus, Permits, Returns and Reporting Periods, and Collection and Exemption Rules.

(a) Definitions. The following words and terms, when used in this section, shall have the following meanings, unless the context clearly indicates otherwise.

(iii) maintains a location in this state from which business is conducted if the person with the location in this state uses its facilities or employees:

(I) to advertise, promote, or facilitate sales by the seller to purchasers; or

(II) to otherwise perform any activity on behalf of the seller that is intended to establish or maintain a marketplace for the seller in this state, including receiving or exchanging returned merchandise.

(iv) For purposes of this subparagraph only, "ownership" includes direct ownership, common ownership, or indirect ownership through a parent entity, subsidiary, or affiliate, and "substantial," with respect to ownership, constitutes an interest, whether direct or indirect, of at least 50% of:

(I) the total combined voting power of all classes of stock of a corporation;

(II) the beneficial ownership interest in the voting stock of the corporation;

(III) the current beneficial interest in the corpus or income of a trust;

(VI) the profits or capital interest of any other entity, including, but not limited to, a partnership, joint venture, or association.

(J) Effective June 16, 2015, a seller is not engaged in business in this state if the seller is an out-of-state business entity whose physical presence in this state is solely from the entity's performance of disaster- or emergency-related work during a disaster response period. An out-of-state business entity that remains in this state after a disaster response period has ended is engaged in business in this state if the entity conducts any of the activities described in subparagraphs (A) - (I) of this paragraph.

(i) For purposes of this subparagraph only, an "affiliate" is a member of a combined group as that term is described by Tax Code, §171.1014 (Combined Reporting; Affiliated Group Engaged in Unitary Business).

(ii) For purposes of this subparagraph only, a "disaster response period" is:

(I) the period that:

(-a-) begins on the 10th day before the date of the earliest event establishing a declared state of disaster or emergency by the issuance of an executive order or proclamation by the governor or a declaration of the president of the United States; and

(-b-) ends on the earlier of the 120th day after the start date or the 60th day after the ending date of the disaster or emergency period established by the executive order or proclamation or declaration, or on a later date as determined by an executive order or proclamation by the governor; or

(II) the period that, with respect to an out-of-state business entity:

(-a-) begins on the date that the out-of-state business entity enters this state in good faith under a mutual assistance agreement and in anticipation of a state of disaster or emergency, regardless of whether a state of disaster or emergency is actually declared; and

(-b-) ends on the earlier of the date that the work is concluded or the seventh day after the out-of-state business entity enters this state.

(iii) For purposes of this subparagraph only, a "mutual assistance agreement" is an agreement to which one or more business entities are parties and under which a public utility, municipally owned utility, or joint agency owning, operating, or owning and operating critical infrastructure used for electric generation, transmission, or distribution in this state may request that an out-of-state business entity perform work in this state in anticipation of a state of disaster or emergency.

(iv) For purposes of this subparagraph only, an "out-of-state business entity" is a foreign entity that:

(I) enters this state at the request of, or is an affiliate of, an in-state business entity and performs work in Texas under a mutual assistance agreement; or

(II) enters this state at the request of an in-state business entity, under a mutual assistance agreement, or is an affiliate of an in-state business entity and enters this state at the request of an in-state business entity, the state of Texas, or a political subdivision of this state to perform disaster- or emergency-related work in this state during the disaster response period, and:

(-a-) except with respect to the performance of disaster- or emergency-related work, has no physical presence in this state and is not authorized to transact business in this state immediately before a disaster response period; and

(-b-) is not registered with the secretary of state to transact business in this state, does not file a tax report with this state, or a political subdivision of this state, and does not have a

nexus with this state for the purpose of taxation during the tax year immediately preceding the disaster response period.

(5) [(4)] Internet hosting service--The provision to an unrelated user of access over the Internet to computer services using property that is owned or leased and managed by the service provider and on which the unrelated user may store or process the user's own data or use software that is owned, licensed, or leased by the unrelated user or service provider. The term does not include telecommunications services as defined in §3.344 of this title (relating to Telecommunications Services).

(6) [(5)] Itinerant vendor--A seller who does not operate a place of business in this state and who travels to various locations in this state to solicit sales.

(7) [(6)] Kiosk--A small, stand-alone area or structure that:

(A) is used solely to display merchandise or to submit orders for taxable items from a data entry device, or both;

(B) is located entirely within a location that is a place of business of another seller, such as a department store or shopping mall; and

(C) at which taxable items are not available for immediate delivery to a purchaser.

(8) [(7)] Nexus--Sufficient contact with or activity within this state, as determined by state and federal law, to require a person to collect and remit sales and use tax. A person does not have nexus in this state if the person has no connection with this state except the possession of a certificate of authority to do business in this state issued by the Texas Secretary of State.

(9) [(8)] Permit holder--A person to whom the comptroller has issued a sales and use tax permit. The term includes permitted sellers as well as permitted purchasers, but does not include a person who does not hold a Texas sales and use tax permit or whose sales and use tax permit is suspended, pursuant to subsection (l) of this section, or cancelled, pursuant to subsection (n) of this section, or a person who has not received a sales and use tax permit due to an unsigned or incomplete application.

(10) [(9)] Place of business--This term has the meaning given in §3.334 of this title (relating to Local Sales and Use Taxes).

(11) [(10)] Seller--Every retailer, wholesaler, distributor, manufacturer, or any other person who sells, leases, rents, or transfers ownership of tangible personal property or performs taxable services in this state for consideration. Seller is further defined as follows:

(A) A promoter of a flea market, trade day, or other event that involves the sales of taxable items is a seller responsible for the collection and remittance of the sales tax that dealers, salespersons, or individuals collect at such events, unless those persons hold active sales and use tax permits that the comptroller has issued.

(B) A direct sales organization that is engaged in business in this state is a seller responsible for the collection and remittance of the sales and use tax collected by the organization's independent salespersons.

(C) Pawnbrokers, storagemen, mechanics, artisans, or others who sell property to enforce a lien are sellers responsible for the collection and remittance of sales and use tax on the sale of such tangible personal property.

(D) A person engaged in business in this state who sells, leases, or rents tangible personal property owned by another person by means of a consignment sale is a seller responsible for the collection and remittance of the sales tax on the consignment sale.

(E) An auctioneer who owns tangible personal property or to whom tangible personal property has been consigned is a seller responsible for the collection and remittance of the sales and use tax on tangible personal property sold at auction. For more information, auctioneers should refer to §3.311 of this title (relating to Auctioneers, Brokers, and Factors).

(12) [(11)] Taxable item--Tangible personal property and taxable services. Except as otherwise provided in Tax Code, Chapter 151, the sale or use of a taxable item in electronic form instead of on physical media does not alter the item's tax status.

(A) Tangible personal property means property that can be seen, weighed, measured, felt, or touched or that is perceptible to the senses in any other manner, including a computer program as defined in §3.308 of this title (relating to Computers--Hardware, Software, Services, and Sales) and a telephone prepaid calling card, as defined in §3.344 of this title.

(B) Taxable services are those identified in Tax Code, §151.0101.

(b) Who must have a sales and use tax permit.

(1) Sellers. Each seller who is engaged in business in this state, including itinerant vendors, persons who own or operate a kiosk, and sellers operating temporarily in this state, must apply to the comptroller and obtain a sales and use tax permit for each place of business operated in this state.

(2) Out-of-state sellers. Each out-of-state seller who has nexus with this state and is engaged in business in this state must apply to the comptroller and obtain a sales and use tax permit. An out-of-state seller is responsible for the collection and remittance of sales and use tax on all sales of taxable items made in this state until the seller ceases to have nexus with this state. An out-of-state seller ceases to have nexus with this state when the seller no longer has, and no longer intends to engage in activities that would create, nexus with this state. For example, an out-of-state seller who enters the state each year to participate in an annual trade show does not cease to have nexus with this state between one trade show and the next. In contrast, an out-of-state seller who discontinues the product line that it marketed and sold in this state, and who does not anticipate entering the state to solicit new business, has ceased to have nexus with this state. An out-of-state seller is required to maintain, for at least four years after the out-of-state seller ceases to have nexus with this state, all records required by subsection (j) of this section, including sufficient documentation to verify the date on which the out-of-state seller ceased to have nexus with this state. For more information regarding reporting periods, refer to subsection (g) of this section.

(3) Direct sales organizations. Independent salespersons of direct sales organizations are not required to hold sales and use tax permits to sell taxable items for direct sales organizations. Direct sales organizations engaged in business in this state are sellers responsible for holding sales and use tax permits and for the collection and remittance of sales and use tax on all sales of taxable items by their independent salespersons. See subsection (d)(3) of this section for more information about the collection and remittance of sales and use tax by direct sales organizations.

(4) Non-permitted purchasers. Persons who are not required to have a sales and use tax permit or who do not have a direct payment permit are still responsible for paying to the comptroller sales or use tax due on purchases of taxable items from sellers who do not

collect and remit tax. See subsection (g)(9) of this section for return and payment information and §3.346 of this title (relating to Use Tax).

(5) Non-permitted sellers. Failure to obtain a sales and use tax permit does not relieve a seller required by this section or other applicable law to have a sales and use tax permit from the obligation to properly collect and remit sales and use taxes. Sellers whose sales and use tax permits are suspended, pursuant to subsection (l) of this section, or cancelled, pursuant to subsection (n) of this section, and sellers who have not received sales and use tax permits due to unsigned or incomplete applications, are still responsible for properly collecting and remitting sales and use taxes. See subsection (g) of this section for return and payment information.

(c) Obtaining a sales and use tax permit.

(1) A seller must complete an application that the comptroller furnishes and must return that application to the comptroller, together with bond or other security that may be required by §3.327 of this title (relating to Taxpayer's Bond or Other Security). A seller who files an electronic application furnished by the comptroller is deemed to have signed the application and is not required to print and mail a signed application to the comptroller. A separate sales and use tax permit under the same taxpayer account number is issued to the applicant for each place of business. Sales and use tax permits are issued without charge.

(2) Each seller must apply for a sales and use tax permit. An individual or sole proprietor must be at least 18 years of age unless the comptroller allows an exception from the age requirement. The sales and use tax permit cannot be transferred from one seller to another. The sales and use tax permit is valid only for the seller to whom it was issued and for the transaction of business only at the address that is shown on the sales and use tax permit. If a seller operates two or more types of business at the same location, then only one sales and use tax permit is required.

(3) The sales and use tax permit must be conspicuously displayed at the place of business for which it is issued. A permit holder that has traveling sales persons who operate from a central office needs only one sales and use tax permit, which must be displayed at that office.

(4) All sales and use tax permits of the seller will have the same taxpayer account number; however, each place of business will have a different outlet number. The outlet numbers assigned may not necessarily correspond to the number of business locations operated by the seller.

(d) Collecting sales and use tax due.

(1) Bracket system.

(A) Each seller must collect sales or use tax on each separate retail sale in accordance with the statutory bracket system in Tax Code, §151.053. The practice of rounding off the amount of sales or use tax that is due on the sale of a taxable item is prohibited. Copies of the bracket system should be displayed in each place of business so both the seller and the purchaser may easily use them.

(B) The sales and use tax applies to each total sale, not to each item of each sale. For example, if two items are purchased at the same time and each item is sold for $.07, then the seller must collect the tax on the total sum of $.14. Sales and use tax must be reported and remitted to the comptroller as provided by Tax Code, §151.410. When sales and use tax is collected properly under the bracket system, the seller is not required to remit any amount that is collected in excess of the sales and use tax due. Conversely, when the sales and use tax collected under the bracket system is less than the sales and use tax due on the seller's total receipts, the seller is required to remit sales and use tax on the total receipts even though the seller did not collect sales and use tax from the purchasers.

(2) Sales and use tax due is debt of the purchaser; document requirements.

(A) The sales and use tax due is a debt of the purchaser to the seller until collected. Unpaid sales or use tax is recoverable by the seller in the same manner as the original sales price of the taxable item itself, if unpaid, would be recoverable. The comptroller may proceed against either the seller or purchaser, or against both, until all applicable tax, penalty, and interest due has been paid.

(B) The amount of sales and use tax due must be separately stated on the bill, contract, or invoice to the purchaser or there must be a written statement to the purchaser that the stated price includes sales or use tax. Contracts, bills, or invoices that merely state that "all taxes" are included are not specific enough to relieve either party to the transaction of its sales and use tax responsibilities. The total amount that is shown on such documents is presumed to be the taxable item's sales price, without sales and use tax included. The seller or purchaser may overcome the presumption by using the seller's records to show that sales or use tax was included in the sales price. Sellers located outside of Texas must identify the tax as Texas sales or use tax on their bill, contract, or invoice to the purchaser. If the out-of-state seller does not identify the tax as Texas sales or use tax at the time of the transaction, the seller is presumed not to have collected Texas sales or use tax. Either the seller or the purchaser may overcome the presumption by submitting evidence that clearly demonstrates that the Texas sales or use tax was remitted to the comptroller.

(3) Direct sales organizations. A direct sales organization is responsible for the collection and remittance of the sales and use tax on all sales of taxable items in this state by the independent salespersons who sell the organization's product or service as explained in this paragraph. See subsection (b)(3) of this section for information about sales and use tax permits required to be held by direct sales organizations.

(A) If an independent salesperson purchases a taxable item from a direct sales organization after taking the purchaser's order, then the direct sales organization must collect from the independent salesperson, and remit to the comptroller, the sales and use tax on the actual sales price for which the independent salesperson sold the taxable item to the purchaser.

(B) If an independent salesperson purchases a taxable item from a direct sales organization before the purchaser's order is taken, then the direct sales organization must collect from the independent salesperson, and remit to the comptroller, the sales and use tax based on the organization's suggested retail sales price of the taxable item.

(C) Taxable items that are sold to an independent salesperson for the salesperson's use are taxed based on the actual sales price for which the item was sold to the salesperson at the tax rate in effect for the salesperson's location.

(D) Incentives, including rewards, gifts, and prizes.

(i) Direct sales organizations owe sales and use tax on the cost of all taxable items used as incentives that are transferred to a recipient in this state, including purchasers, independent salespersons, and persons who host a direct sales event.

(ii) Direct sales organizations must collect sales or use tax on the total amount of consideration received in exchange for taxable items, including items purchased with hostess points or similar

forms of compensation paid to a person for hosting a direct sales event and items that are earned by the host based on the volume of purchases. The redemption of reward points in exchange for taxable items is subject to sales tax under Tax Code, §151.005(2). See also §3.283 of this title (relating to Bartering Clubs and Exchanges).

(4) Printers. A printer is a seller of printed materials and is required to collect sales and use tax on sales of those materials in this state. A printer who is engaged in business in this state, however, is not required to collect the sales and use tax if:

(A) the printed materials are produced by a web offset or rotogravure printing process;

(B) the printer delivers those materials to a fulfillment house or to the United States Postal Service for distribution to third parties who are located both inside and outside of this state; and

(C) the purchaser issues a properly completed exemption certificate that contains the statement that the printed materials are for multistate use and the purchaser agrees to pay to this state all the sales and use taxes that are or may become due to the state on the taxable items that are purchased under the exemption certificate. See subsection (g)(4) of this section for additional reporting requirements.

(5) Fundraisers by exempt entities. Regardless of the contractual terms between a for-profit entity and a non-profit exempt entity relating to the sale of taxable items, other than amusement services, as part of any fundraiser, the for-profit entity will be considered the seller of the items under Tax Code, §151.024, must be a permit holder, and is responsible for the proper collection and remittance of any sales or use tax due. The exempt entity and its representatives will be considered as representatives of the for-profit entity. The for-profit entity may advertise in a sales catalog or state on each invoice that sales and use tax is included, as provided under paragraph (2) of this subsection, or may require that the sales and use tax be calculated and collected by its representatives based on the sales price of each taxable item. Fundraisers conducted by exempt entities in this manner do not qualify as a tax-free sale day. For more information on exempt entities and tax-free sales days, see §3.322 of this title (relating to Exempt Organizations). For more information on amusement services, see §3.298 of this title (relating to Amusement Services).

(6) Local sales and use tax. A seller who has nexus with this state and is engaged in business in this state is required to properly collect and remit local sales and use tax even if no sales and use tax permit is required at the location where taxable items are sold. For more information on the proper collection of local taxes, see §3.334 of this title.

(e) Sales and use tax returns and remitting tax due.

(1) Forms prescribed by the comptroller. Sales and use tax returns must be filed on forms that the comptroller prescribes. The fact that a person does not receive or obtain the correct forms from the comptroller does not relieve a person of the responsibility to file a sales and use tax return and to remit the required sales and use tax.

(2) Signatures. Sales and use tax returns must be signed by the person who is required to file the sales and use tax return or by the person's duly authorized agent, but need not be verified by oath.

(3) Permit holders.

(A) Each permit holder is required to file a sales and use tax return for each reporting period, even if the permit holder has no sales or use tax to report for the reporting period.

(B) Each permit holder must remit sales and use tax on all receipts from sales or purchases of nonexempt taxable items, less any applicable discounts as provided by subsection (h) of this section.

(C) Each permit holder shall file a single sales and use tax return together with the tax payment for all businesses that operate under the same taxpayer number. The sales and use tax return for each reporting period must reflect the total sales, taxable sales, and taxable purchases for each outlet.

(D) Consolidated reporting by affiliated entities is not allowed. Each legal entity engaged in business in this state is responsible for filing a separate sales and use tax return.

(4) Electronic returns and remittances. Certain persons must file returns and transfer payments electronically as provided by Tax Code, §111.0625 and §111.0626. For more information, see §3.9 of this title (relating to Electronic Filing of Returns and Reports; Electronic Transfer of Certain Payments by Certain Taxpayers).

(f) Due dates.

(1) General rule. Sales and use tax returns and remittances are due no later than the 20th day of the month following each reporting period end date unless otherwise provided by this section. Sales and use tax returns and remittances that are due on Saturdays, Sundays, or legal holidays may be submitted on the next business day.

(A) Sales and use tax returns submitted by mail must be postmarked on or before the due date to be considered timely.

(B) Sales and use tax returns filed electronically must be completed and submitted by 11:59 p.m., central time, on the due date to be considered timely.

(2) Due dates for payments made using an electronic funds transfer method approved by the comptroller are provided at §3.9(c) of this title.

(3) Extensions for persons located in an [~~a natural disaster~~] area designated in a state of disaster or state of emergency declaration. The comptroller may grant an extension of not more than 90 days to make or file a sales and use tax return or pay sales and use tax that is due by a person located in an [~~a natural disaster~~] area designated in an executive order or proclamation issued by the governor declaring a state of disaster or state of emergency, or an area that the president of the United States declares a major disaster or emergency, if [~~whom~~] the comptroller finds the person to be a victim of the [~~natural~~] disaster or emergency. The person owing the sales and use tax may file a written request for an extension at any time before the expiration of 90 days after the original due date. If an extension is granted, interest on the unpaid tax does not begin to accrue until the day after the day on which the extension expires, and penalties are assessed and determined as though the last day of the extension were the original due date. [~~The term "natural disaster area" has the meaning given in §3.357 of this title (relating to Nonresidential Real Property Repair, Remodeling, and Restoration; Real Property Maintenance).~~]

(g) Reporting periods.

(1) Quarterly filers. Permit holders who have less than $1,500 in state sales and use tax per quarter to report may file sales and use tax returns quarterly. The quarterly reporting periods end on March 31, June 30, September 30, and December 31.

(2) Yearly filers. Permit holders who have less than $1,000 in state sales and use tax to report during a calendar year may file yearly sales and use tax returns upon authorization from the comptroller.

(A) Authorization to file sales and use tax returns on a yearly basis is conditioned upon the correct and timely filing of prior returns.

(B) Authorization to file sales and use tax returns on a yearly basis will be denied if a permit holder's liability exceeded $1,000 in the prior calendar year.

(C) A permit holder who files on a yearly basis without authorization is liable for applicable penalty and interest on any previously unreported quarter.

(D) Authority to file on a yearly basis is automatically revoked if a permit holder's state sales and use tax liability is greater than $1,000 during a calendar year. The permit holder must file a sales and use tax return for that month or quarter, depending on the amount, in which the sales and use tax payment or liability is greater than $1,000. On that return, the permit holder must report all sales and use taxes that are collected and all accrued liability for the year, and must file monthly or quarterly, as appropriate, thereafter for as long as the yearly sales and use tax liability is greater than $1,000.

(E) Once each year, the comptroller reviews all accounts to confirm yearly filing status and to authorize permit holders who meet the filing requirements to file yearly sales and use tax returns.

(F) Yearly filers must report on a calendar year basis. The sales and use tax return and payment are due on or before January 20 of the next calendar year.

(3) Monthly filers. Permit holders who have $1,500 or more in state sales and use tax per quarter to report must file monthly sales and use tax returns except for permit holders who prepay the sales and use tax as provided in subsection (h) of this section.

(4) Printers. A printer who is not required to collect sales and use tax on the sale of printed materials because the transaction meets the requirements of subsection (d)(4) of this section must file a quarterly special use tax report, Form 01-157, Texas Special Use Tax Report for Printers, its electronic equivalent, or any form promulgated by the comptroller that succeeds such form, with the comptroller on or before the last day of the month following the quarter. The report must contain the name and address of each purchaser with the sales price and date of each sale. The printer is still required to file sales and use tax returns to report and remit sales and use taxes that the printer collected from purchasers on transactions that do not meet the requirements of subsection (d)(4) of this section.

(5) Local sales and use tax. Each permit holder who is required to collect, report, and remit a city, county, special purpose district, or metropolitan transit authority/city transit department sales and use tax must report the amount subject to local sales and use tax on the state sales and use tax return described in subsection (e) of this section.

(6) State agencies. State agencies that deposit sales and use taxes directly with the comptroller's office according to Accounting Policy Statement Number 8 are not required to file a separate sales and use tax return. A fully completed deposit request voucher is deemed to be the sales and use tax return filed by these agencies. Paragraphs (1) - (3) of this subsection do not apply to these state agencies. Sales and use taxes must be deposited with the comptroller's office within the time period otherwise specified by law for deposit of state funds.

(7) Refunds on exports. Sellers who refund sales tax on exports based on customs broker certifications should refer to §3.360 of this title (relating to Customs Brokers).

(8) Direct payment permit holders. Yearly and quarterly filing requirements, as discussed in this subsection, and prepayment discounts [~~procedures~~] and discounts for timely filing, as discussed in subsection (h) of this section, do not apply to holders of direct payment permits. See §3.288 of this title (relating to Direct Payment Procedures and Qualifications).

(9) Non-permitted purchasers. A person who does not hold a sales and use tax permit or a direct payment permit must pay sales or use tax that is due on purchases of taxable items when the sales or use tax is not collected by the seller. The sales or use tax is to be remitted on comptroller Form 01-156, Occasional Sales and Use Tax Return, its electronic equivalent, or any form promulgated by the comptroller that succeeds such form.

(A) A non-permitted purchaser who owes less than $1000 in sales and use tax on all purchases made during a calendar year on which sales and use tax was not collected by the seller must file the return on or before the 20th of January following the year in which the purchases were made.

(B) A non-permitted purchaser who owes $1000 or more in sales and use tax on all purchases made during a calendar year on which sales and use tax was not collected by the seller must file a return and remit sales and use taxes due on or before the 20th of the month following the month when the $1000 threshold is reached and thereafter file monthly returns and make sales and use tax payments on all purchases on which sales and use tax is due.

(h) Discounts; prepayments; penalties and interest relating to filing sales and use tax returns.

(1) Discounts. Unless otherwise provided by this section, each permit holder may claim a discount for timely filing a sales and use tax return and paying the taxes due as reimbursement for the expense of collecting and remitting the sales and use tax. The discount is equal to 0.5% of the amount of sales and use tax due and may be claimed on the return for each reporting period and is computed on the amount timely reported and paid with that return.

(2) Prepayments. Prepayments may be made by permit holders who file monthly or quarterly sales and use tax returns. The amount of the prepayment must be a reasonable estimate of the state and local sales and use tax liability for the entire reporting period. "Reasonable estimate" means at least 90% of the total amount due or an amount equal to the actual net tax liability due and paid for the same reporting period of the immediately preceding year.

(A) A permit holder who makes a timely prepayment based upon a reasonable estimate of sales and use tax liability may retain an additional discount of 1.25% of the amount due.

(B) The monthly prepayment is due on or before the 15th day of the month for which the prepayment is made.

(C) The quarterly prepayment is due on or before the 15th day of the second month of the quarter for which the sales and use tax is due.

(D) A permit holder who makes a timely prepayment must file a sales and use tax return showing the actual liability and remit any amount due in excess of the prepayment on or before the 20th day of the month that follows the quarter or month for which a prepayment was made. If there is an additional amount due, the permit holder may retain the 0.5% reimbursement on the additional amount due, provided that both the sales and use tax return and the additional amount due are timely filed. If the prepayment exceeded the actual liability, the permit holder will be mailed an overpayment notice or refund warrant.

(E) Remittances that are less than a reasonable estimate, as described by this paragraph, are not regarded as prepayments and the 1.25% discount will not be allowed. If the permit holder owes more

than $1,500 in a calendar quarter, the permit holder is regarded as a monthly filer. All monthly sales and use tax returns that are not filed because of the invalid prepayment are subject to late filing penalty and interest.

(3) Penalties and interest.

(A) If a person does not file a sales and use tax return together with payment on or before the due date, the person forfeits all discounts and incurs a mandatory 5.0% penalty. After the first 30 days delinquency, an additional mandatory penalty of 5.0% is assessed against the person, and after the first 60 days delinquency, interest begins to accrue at the prime rate, as published in the Wall Street Journal on the first business day of each calendar year, plus 1.0%. For taxes that are due on or before December 31, 1999, interest is assessed at the rate of 12% annually.

(B) A person who fails to timely file a sales and use tax return when due shall pay an additional penalty of $50. The penalty is due regardless of whether the person subsequently files the sales and use tax return or whether no taxes are due for the reporting period.

(i) Reports of alcoholic beverage sales to retailers. Each brewer, manufacturer, wholesaler, winery, distributor, or package store local distributor shall electronically file a report of alcoholic beverage sales to retailers, as that term is defined in §3.9(e)(2) of this title, as provided in that section.

(j) Records required for comptroller inspection. See §3.281 of this title (relating to Records Required; Information Required) and §3.282 of this title (relating to Auditing Taxpayer Records).

(k) Resale and exemption certificates. See §3.285 of this title (relating to Resale Certificate; Sales for Resale) and §3.287 of this title (relating to Exemption Certificates).

(l) Suspension of sales and use tax permit.

(1) If a permit holder fails to comply with any provision of Tax Code, Title 2, or with the rules issued by the comptroller under those statutes, the comptroller may suspend the permit holder's sales and use tax permit or permits.

(2) Before a permit holder's sales and use tax permit is suspended, the permit holder is entitled to a hearing before the comptroller to show cause why the permit should not be suspended. The comptroller shall give the permit holder at least 20 days notice, which shall be in accordance with the requirements of §1.14 of this title (relating to Notice of Setting for Certain Cigarette, Cigar, and Tobacco Tax Cases).

(3) After a sales and use tax permit has been suspended, a new permit will not be issued to the same person until the person has posted sufficient security and satisfied the comptroller that the person will comply with both the provisions of the law and the comptroller's rules and regulations.

(m) Refusal to issue sales and use tax permit. The comptroller is required by Tax Code, §111.0046, to refuse to issue any sales and use tax permit to a person who:

(1) is not permitted or licensed as required by law for a different tax or activity administered by the comptroller; or

(2) is currently delinquent in the payment of any tax or fee collected by the comptroller.

(n) Cancellation of sales and use tax permits with no reported business activity.

(1) Permit cancellation due to abandonment. Any holder of a sales and use tax permit who reported no business activity in the previous calendar year is deemed to have abandoned the sales and use tax permit, and the comptroller may cancel the sales and use tax permit. "No business activity" means zero total sales, zero taxable sales, and zero taxable purchases.

(2) Re-application. If a sales and use tax permit is cancelled, the person may reapply and obtain a new sales and use tax permit upon request, provided the issuance is not prohibited by subsection (m) of this section, or by Tax Code, §111.0046.

(o) Liability related to acquisition of a business or assets of a business. Tax Code, §111.020 and §111.024, provides that the comptroller may impose a tax liability on a person who acquires a business or the assets of a business. See §3.7 of this title (relating to Successor Liability and Fraudulent Transfers: Liability Incurred by Purchase or Acquisition of a Business).

(p) Criminal penalties. Tax Code, Chapter 151, imposes criminal penalties for certain prohibited activities or for failure to comply with certain provisions under the law. See §3.305 of this title (relating to Criminal Offenses and Penalties).

The agency certifies that legal counsel has reviewed the proposal and found it to be within the state agency's legal authority to adopt.

PART 11. TEXAS JUVENILE JUSTICE DEPARTMENT

CHAPTER 385. AGENCY MANAGEMENT AND OPERATIONS

The Texas Juvenile Justice Department (TJJD) proposes amendments to §§385.8153 (Research Projects), 385.9967 (Court-Ordered Child Support), and 385.9993 (Canteen Operations).

Throughout these sections, minor clarifications, grammatical corrections, and terminology updates have been made. Specific changes are listed in the following paragraphs.

SECTION-BY-SECTION SUMMARY

The amended §385.8153 will: 1) add several items to the list of items that must be included with each research proposal submitted by non-TJJD researchers; 2) clarify the meaning of "negative personal results," which is a term used when describing a prohibited type of research; 3) clarify that a copy of the final report must be submitted to TJJD *prior to releasing the report, except as approved by the executive director;* 4) add a new section that describes TJJD's process for approving research projects; 5) add a provision allowing the TJJD board to delegate to the executive director or designee authority to approve research projects; 6) add provisions that explain TJJD's responsibility to monitor research projects, evaluate the results, and recommend any ap-

propriate changes; and 7) add a section that addresses approval of pilot programs.

The amended §385.9967 will: 1) clarify that TJJD *may* (rather than must) notify the committing court when a court-ordered child support payment is past due; 2) remove the deadline for TJJD to make a decision to refer a delinquent account to the Child Support Division of the Attorney General's Office; 3) clarify that when TJJD receives child support for a Title IV-E certified youth, TJJD reduces the amount of its claim for reimbursement by the amount of child support received for that youth; 4) remove the requirement for TJJD to inquire into the Attorney General's system to determine if child support payments are related to an open Title IV-E case and to subsequently forward any child support received for such youth to the Attorney General's Office or Department of Family and Protective Services; and 5) remove the requirement for TJJD to notify the Attorney General's Office of certain information when a youth is certified as Title IV-E eligible.

The amended §385.9993 will: 1) remove the requirement that the Health and Human Services Commission be given the first opportunity to operate a canteen in TJJD residential facilities; 2) add an option to enter a canteen-services contract with an entity other than the local Community Resource Council; and 3) expand the scope of the rule to apply to any vending operation *accessible to youth* (rather than for the benefit of youth) and remove the exemption for vending machines.

Additionally, the amendment to §385.9993 will move several provisions out of TJJD's internal procedures and into the text of the rule, including: 1) requirements to use the Canteen Revolving Fund for any expenditures or revenues associated with operating a canteen; 2) notice that TJJD is not responsible for collecting or depositing sales taxes for canteens operated by contractors; and 3) a provision allowing TJJD employees to assist a contractor in providing canteen services only when doing so does not interfere with employees' regular job duties or the safety of youth and staff.

RULE REVIEW

Simultaneously with these proposed rulemaking actions, TJJD also publishes this notice of intent to review §§385.8153, 385.9967, and 385.9993 as required by Texas Government Code §2001.039. Comments on whether the reasons for originally adopting these rules continue to exist may be submitted to TJJD by following the instructions provided later in this notice.

FISCAL NOTE

Mike Meyer, Chief Financial Officer, has determined that for each year of the first five years the amended sections are in effect, there will be no significant fiscal impact for state or local government as a result of enforcing or administering the sections.

PUBLIC BENEFITS/COSTS

Mr. Meyer has determined that for each year of the first five years the amended sections are in effect, the public benefit anticipated as a result of administering the sections will be the availability of rules that have been updated to conform to current laws and regulations and to more accurately reflect TJJD's current organizational structure and practices.

Mr. Meyer has also determined that there will be no effect on small businesses or micro-businesses. There is no anticipated economic cost to persons who are required to comply with the sections as proposed. No private real property rights are affected by adoption of these sections.

PUBLIC COMMENTS

Comments on the proposal and/or rule review may be submitted within 30 days after publication of this notice to Josh Bauermeister, Policy Writer, Texas Juvenile Justice Department, P.O. Box 12757, Austin, Texas 78711 or email to *policy.proposals@tjjd.texas.gov.*

Subchapter F. Fraud Fact-Finding and Improper Payments, §809.116

PART I. PURPOSE, BACKGROUND, AND AUTHORITY

PART II. EXPLANATION OF INDIVIDUAL PROVISIONS

PART III. IMPACT STATEMENTS

PART IV. COORDINATION ACTIVITIES

PART I. PURPOSE, BACKGROUND, AND AUTHORITY

The purpose of the proposed Chapter 809 rule change is to make amendments to the Commission's Child Care Services rules to address changes resulting from the Child Care and Development Block Grant Act (CCDBG Act) of 2014. The proposed amendments to Chapter 809 also include, where appropriate, changes in rule language based on the Notification of Proposed Rulemaking (NPRM) issued December 24, 2015, by the U.S. Health and Human Services Administration for Children and Families.

The CCDBG Act authorizes the federal Child Care and Development Fund (CCDF), which is the primary federal funding source for providing child care subsidy assistance to low-income families and for improving the quality of care for all children. The Texas Workforce Commission (Agency) is the CCDF Lead Agency in Texas. The CCDF program is administered by the 28 Local Workforce Development Boards (Boards). Additionally, the Texas Department of Family and Protective Services (DFPS) is responsible for administering the health and safety requirements of the CCDF program.

On November 19, 2014, President Obama signed the CCDBG Act of 2014, reauthorizing the CCDBG Act for the first time since 1996. The new law makes significant changes to the CCDF program, designed to promote children's healthy development and safety, improve the quality of child care, and provide support for parents who are working or in training or education.

The primary purpose of the Commission's proposed amendments to Chapter 809 is to implement the following changes to the CCDF program resulting from the CCDBG Act of 2014:

Twelve-Month Eligibility Period

The CCDBG Act of 2014 added a 12-month eligibility and redetermination period requirement for children determined eligible for subsidized child care. This change to the CCDF program is designed to provide more stable assistance to families, protection for working families, and increased opportunities for children to remain in child care services.

CCDBG Act §658E(c)(2)(N)(i) and (ii) require states to demonstrate in the CCDF State Plan that after initial eligibility each child who receives assistance will be considered to meet all eligibility requirements for such assistance and will receive such assistance for not fewer than 12 months before the state or designated local entity redetermines the eligibility of the child, regardless of changes in income--as long as income does not exceed

the federal threshold of 85 percent of the state median income (SMI)--or temporary changes in participation in work, training, or educational activities.

Therefore, a state shall not terminate assistance prior to the end of the 12-month period if the family experiences a temporary job loss or temporary change in participation in a training or educational activity.

Although the CCDBG Act requires a period of 12-month minimum eligibility and receipt of child care services prior to redetermination, §658E(c)(2)(N)(iii) allows states the option to terminate eligibility due to a permanent (nontemporary) change in work, training, or education. However, the CCDBG Act requires that prior to terminating a subsidy, the state must continue to provide child care assistance for a period of at least three months to allow parents to engage in job search, resume work, or attend an educational or training program as soon as possible.

Parent Share of Cost during the 12-Month Eligibility Period

To support continued care throughout the 12-month eligibility period, NPRM §98.21(a)(3):

--prohibits states from increasing the parent share of cost during the 12-month eligibility period, regardless of increases in the family income; and

--requires that states act upon information provided by the parent that would result in a reduction in the parent share of cost.

NPRM §98.21(b)(2) allows increases in the parent share of cost for instances in which the family has exceeded a state's initial eligibility income threshold, but still remains under the federal 85 percent of SMI.

Finally, NPRM §98.45(k)(2) requires that the parent share of cost be based on income and the size of the family and may be based on other factors as appropriate, but may not be based on the cost of care or amount of the subsidy payment.

Graduated Phaseout of Eligibility

CCDBG Act §658E(c)(2)(N)(iv) requires Lead Agencies to have a "Graduated Phaseout of Eligibility" that includes policies and procedures to continue child care assistance at the time of redetermination for children of parents who are working or attending a job training or educational program and whose income has risen above the Lead Agency's initial income eligibility threshold to qualify for assistance but remains at or below 85 percent of SMI.

Income Calculation to Consider Irregular Income Fluctuations

CCDBG Act §658E(c)(2)(N)(i)(II) requires that states take into consideration irregular fluctuations of earnings when calculating income for eligibility. NPRM §98.21(c) further clarifies this requirement by adding that the calculation of income policies ensures that temporary increases in income, "including temporary increases that result in monthly income exceeding 85 percent of SMI (calculated on a monthly basis), do not affect eligibility or family co-payments."

Priority and Eligibility for Children Experiencing Homelessness

CCDBG Act §650E(3)(B)(i) and NPRM §98.46(a)(3) and §98.51 require states to give priority for services to children experiencing homelessness. NPRM §98.2 defines a "child experiencing homelessness" as a child meeting the definition of homelessness under the McKinney-Vento Homelessness Act of 1987 (McKinney-Vento Act).

The NPRM preamble clarifies that Lead Agencies have flexibility in how they offer priority to these populations, including by prioritizing enrollment, waiving copayments, paying higher rates for access to higher-quality care, or using grants or contracts to reserve slots for priority populations.

Additionally, the CCDBG Act and the NPRM require that state procedures permit enrollment (after an initial eligibility determination) of children experiencing homelessness while required documentation is obtained.

Attendance and Provider Reimbursements

CCDBG Act §658E(c)(2)(S) and NPRM §98.45(m) require implementation of provider payment practices that:

--align with generally accepted payment practices for children who do not receive CCDF funds; and

--support the fixed costs of providing child care services by delinking provider payments from a child's occasional absences.

Consumer Education Information

CCDBG Act §658E(c)(2)(E) and NPRM §98.33 require that states collect and disseminate, through a consumer-friendly and easily accessible website, consumer education information to parents of eligible children, the general public, and, where applicable, providers regarding:

--availability of the full diversity of child care services;

--quality of providers;

--state processes for licensing, conducting background checks, and monitoring child care providers;

--other programs for which families that receive child care services may be eligible;

--research and best practices concerning children's development; and

--state policies regarding social-emotional behavioral health of children.

Additionally, NPRM §98.33(d) requires that parent consumer education information also include:

--licensing compliance information for the provider selected by the parent;

--how to submit a complaint regarding a child care provider;

--how to contact community resources that assist parents in locating quality child care; and

--how CCDF subsidies are designed to promote equal access to the full range of child care providers.

CCDBG Act §658E(c)(2)(E) also requires that Lead Agencies provide eligible parents with information on existing resources and other services in the state that conduct developmental screening and provide referrals and services, when appropriate, for children eligible for subsidized child care, including:

--the Medicaid Early and Periodic Screening, Diagnosis, and Treatment program; and

--the Early Childhood Intervention (ECI) and Preschool Program for Children with Disabilities developmental screening services.

PART II. EXPLANATION OF INDIVIDUAL PROVISIONS

(Note: Minor editorial changes are made that do not change the meaning of the rules and, therefore, are not discussed in the Explanation of Individual Provisions.)

SUBCHAPTER A. GENERAL PROVISIONS

The Commission proposes the following amendments to Subchapter A:

§809.2. Definitions

Attending a Job Training or Educational Program

Consistent with CCDBG Act §658E(c)(2)(N)(i) - (ii), the definition of "attending a job training or educational program" is amended to clarify that the requirement in the definition that the individual be making progress toward successful completion of the program as determined by the Board, is only applied at the parent's 12-month redetermination.

Consistent with the CCDBG Act, care cannot be discontinued during the 12-month eligibility period for failure to make progress toward completion of an education or training program. However, the NPRM allows additional eligibility requirements at the 12-month redetermination period. Boards must ensure that the parent is making progress toward completion of the program, as determined by the Board, when redetermining eligibility for continued care, but are prohibited from making this a condition of eligibility at the parent's initial eligibility determination. When developing policies and procedures for determining if the parent is making progress toward completion of the program, the Commission cautions against relying solely on the parent's grade point average (GPA), particularly one semester's GPA. If a Board uses the GPA, the Commission encourages Boards to establish a minimum threshold that would demonstrate if a parent has consistently failed to complete coursework during the eligibility period.

The requirement in the definition that the individual must be considered by the program to be officially enrolled in and meeting the attendance requirements of the program is retained without change because enrollment and attendance in the program should be maintained throughout the 12-month eligibility period. Discontinuing care due to a nontemporary cessation of attendance in a training or education activity during the 12-month eligibility period is addressed in §809.51(b).

As described in amended §809.73, parents are required to report items that impact a family's eligibility during the 12-month eligibility period. Boards may develop procedures for confirming continued enrollment and attendance during the 12-month eligibility period, including requesting that education institutions and training providers confirm enrollment at each semester and the resumption of training classes in order to determine that the parent has not had a nontemporary cessation of education or training activities.

The Commission notes that the requirements in §809.41 requiring Board policies for child care during education, including time limits or eligibility based on the type of education pursued by the parent, are not changed by these amendments.

A Child Experiencing Homelessness

Consistent with NPRM §98.2, §809.2 is amended to add the definition for a "child experiencing homelessness" as a child meeting the definition of homeless pursuant to the McKinney-Vento Act.

Child with Disabilities

The definition of a "child with disabilities" is amended to align with the definition under §504 of the Rehabilitation Act of 1973.

Improper Payments

The definition of "improper payments" is amended to align with the current definition of an improper payment in CCDF regulation §98.100(d). The amended §809.2(11) defines an improper payment as:

Any payment of CCDF grant funds that should not have been made or that was made in an incorrect amount (including overpayments and underpayments) under statutory, contractual, administrative, or other legally applicable requirements governing the administration of CCDF grant funds and includes:

--to an ineligible recipient;

--for an ineligible service;

--for any duplicate payment; and

--for services not received.

Regulated Child Care Provider

The definition of a "regulated child care provider" is amended to remove providers licensed by the Texas Department of State Health Services (DSHS) as a youth day camp as eligible providers of subsidized child care services.

CCDBG Act §658H and NPRM §98.43 require that states have in effect "requirements, policies, and procedures to require and conduct criminal background checks for child care staff members of all licensed, regulated, or registered child care providers and all providers eligible to deliver services." These requirements include a Federal Bureau of Investigation (FBI) fingerprint check. Relative providers are exempt from this requirement, which must otherwise be implemented no later than September 30, 2017.

DSHS youth day camps are currently exempt from DFPS child care licensing and monitoring requirements. DSHS conducts background checks of staff in compliance with state law for youth camps, but unlike the CCDBG Act and the NPRM, state law does not require an FBI fingerprint criminal background check for youth day camp staff. Nonetheless, certain youth day camps may be eligible for DFPS to license as child care centers. Therefore, to allow sufficient time for day camps that serve subsidized children to choose to work with DFPS to become licensed, the Commission will not implement this provision until September 30, 2017.

Working

The definition of "working" is amended to remove job search activities from the definition. Child care during periods of cessation of work, job training, or education is addressed in §809.51.

SUBCHAPTER B. GENERAL MANAGEMENT

The Commission proposes the following amendments to Subchapter B:

§809.13. Board Policies for Child Care Services

Section 809.13 is amended to remove the requirement in subsection (c) for Boards to submit policy modifications, amendments, or new policies to the Commission within two weeks of adopting the policy. This section retains the requirement that Boards submit Board policies to the Commission upon request. The additional requirement to submit changes to policies within a specific time frame is redundant. The Commission makes this change to reduce administrative burden on both Board and

Agency staff. Section 809.13 is amended to remove multiple Board policy requirements that no longer apply under the CCDBG Act.

Consistent with the CCDBG Act 12-month eligibility period requirement, §809.13 is amended to remove the requirement for Boards to have a policy on frequency of eligibility determinations, as the frequency is now established under federal law.

Section 809.13 is amended to remove the option for Boards to have a policy to include provider eligibility for nonrelative listed family homes. CCDBG Act §658E(c)(2)(K) requires annual unannounced inspections of all CCDF-subsidized providers for compliance with health, safety, and fire standards. Relative providers are exempt from this requirement. By state statute, listed family homes are not inspected by DFPS child care licensing (unless there is a report of abuse or neglect at the facility). Therefore, under the CCDBG Act, nonrelative listed family homes are not eligible to provide CCDF-subsidized services.

Section 809.13 is amended to remove the requirement that Boards establish policies for attendance standards in order to be consistent with CCDBG Act §658E(c)(2)(S), which requires that provider reimbursement policies support the fixed costs of providing child care services by delinking provider payments from a child's occasional absences. Attendance standards are established in amended §809.78, and reimbursement policies based on enrollments are established in §809.93.

Section 809.13 is amended to remove the requirement that Boards have procedures for imposing sanctions when a parent fails to comply with the provisions of the parent responsibility agreement (PRA). As explained in the changes to Subchapter D, the PRA is no longer a requirement.

Section 809.13 is amended to remove the requirement that Boards have a policy regarding the mandatory waiting period for reapplying or being placed on the waiting list. As explained in the changes to Subchapter C, the mandatory waiting period is no longer required.

§809.15. Promoting Consumer Education

Section 809.15(b) is amended to clarify that consumer education information includes consumer education information provided on the Board's website.

Section 809.15(b)(4) is amended to remove the requirement that Boards include in consumer education information for parents a description of the school readiness certification system, as the program has been discontinued.

Information on Resources for Developmental Screening

CCDBG Act §658E(c)(2)(E)(ii) requires that states provide eligible parents with information on existing resources and other services in the state that conduct developmental screening and provide referrals to services, when appropriate, for children eligible for subsidized child care regarding:

--the Medicaid Early and Periodic Screening, Diagnosis, and Treatment program; and

--Early Childhood Intervention (ECI) and Preschool Program for Children with Disabilities developmental screening services.

Information on developmental screenings must also include a description of how a family or eligible child care provider can use available resources and services to obtain developmental screenings for children receiving assistance who may be at risk for cognitive or other developmental delays, which may include social, emotional, physical, or linguistic delays.

NPRM §98.33(c) clarifies that the developmental screening information should be made available to parents as part of the intake process and to providers through training and education.

Consistent with CCDBG Act §658E(c)(2)(E)(ii) and NPRM §98.33(c), §809.15(b) is amended to add the requirement, pursuant to CCDBG Act §658E(c)(2)(E)(ii), that Boards include:

--information on resources and services available in the local workforce development area for conducting developmental screenings and providing referrals to services when appropriate for children eligible for child care services, including the use of:

--the Early and Periodic Screening, Diagnosis, and Treatment program under 42 U.S.C. 1396 et seq.; and

--developmental screening services available under Part B and Part C of the Individuals with Disabilities Education Act (20 U.S.C. 1419, 1431 et seq.); and

--a link to the Agency's designated child care consumer education website.

The Commission clarifies that Boards are not required to make referrals or to ensure that developmental screenings are conducted. The only requirement is that Boards provide information to parents regarding available local resources and developmental screenings.

Additional information and guidance regarding the manner in which information on developmental screenings is made available will be provided by the Agency through updates to the Child Care Services Guide. Additionally, the Agency is working with statewide training partners regarding making training and education on developmental screenings available to providers.

The Commission also notes that this provision does not affect the rules, policies, and procedures currently in place regarding approval of the inclusion rate pursuant to §809.20(e).

Consumer Education

CCDBG Act §658E(c)(2)(E) and NPRM §98.33 require that states collect and disseminate consumer education information to parents of eligible children, the general public, and, where applicable, providers regarding:

--availability of the full diversity of child care services;

--quality of providers;

--state processes for licensing, conducting background checks, and monitoring child care providers;

--other programs for which families that receive child care services may be eligible;

--research and best practices concerning children's development; and

--state policies regarding social-emotional behavioral health of children.

Additional information and guidance regarding the manner in which consumer education information is made available will be provided by the Agency through updates to the Child Care Services Guide, including guidance on:

--providing licensing compliance information;

--making consumer education information available in printed form; and

--ensuring consumer education information is accessible to both individuals with disabilities and individuals with limited English proficiency.

Additionally, NPRM §98.33(d) requires that parent consumer education information also include:

--licensing compliance information of the provider selected by the parent;

--how to submit a complaint regarding a child care provider;

--how to contact community resources that assist parents in locating quality child care; and

--how CCDF subsidies are designed to promote equal access to the full range of child care providers.

All consumer education required by the final CCDF regulations is available on the Texas Child Care Solutions website at www.texaschildcaresolutions.org.

Section 809.15 is amended to require that Boards provide a link to the Commission's designated child care consumer education website as part of the consumer education information provided to parents.

§809.16. Quality Improvement Activities

Section 809.16 is amended to remove outdated CCDF regulatory citations. The current CCDF regulations are being amended by the U.S. Department of Health and Human Services and the NPRM language has changed citations for quality improvement activities and the use of CCDF for construction. Further, the list of allowable quality activities in the CCDF regulations has been expanded to include quality activities listed in the CCDBG Act. Section 809.16 removes the specific citations list of quality activities, and replaces it with the general reference for CCDF in 45 C.F.R., Part 98.

§809.17. Leveraging Local Resources

Section 809.17 is amended with language moved, without changes, from Subchapter C §809.42(c) related to public entities certifying expenditures for direct child care, as the language is more relevant to the local match process described in §809.17 than to eligibility for child care services described in §809.42(c).

§809.19. Assessing the Parent Share of Cost

Parent Share of Cost Incentives to Consider Selection of a TRS-Certified Provider

NPRM §98.30(h) includes provisions designed to provide parents with incentives that encourage the selection of high-quality child care without violating parental choice provisions. The NPRM provides states with flexibility in determining what types of incentives to use to encourage parents to choose high-quality providers, including the option to lower the parent share of cost for parents who choose a high-quality provider.

Consistent with NPRM §98.30(h) and to encourage parents to select a TRS-certified provider as well as encourage greater provider participation in the TRS program, the Commission amends §809.19(a)(1) to allow Boards to consider the parent selection of a TRS-certified provider in the parent share of cost assessment.

Parent Share of Cost during the 12-Month Eligibility Period

To support continued care throughout the 12-month eligibility period, NPRM §98.21(a)(3):

--prohibits states from increasing the parent share of cost during the 12-month eligibility period, regardless of increases in the family income; and

--requires that states act upon information provided by the parent that would result in a reduction in the parent share of cost.

Consistent with the NPRM, §809.19(a) is amended to add the requirement that the parent share of cost is assessed only at the following times:

--Initial eligibility determination;

--12-month eligibility redetermination;

--The addition of a child in care that would result in an additional amount of parent share of cost; and

--Parent's report of change in income, family size, or number of children in care that would result in a reduced parent share of cost assessment.

Basing the Parent Share of Cost on the Cost of Care or Subsidy Amount

NPRM §98.45(k)(2) requires that the parent share of cost be based on income and the size of the family and may be based on other factors as appropriate, but may not be based on the cost of care or amount of the subsidy payment.

Section 809.19 is amended to remove the provision that the assessed parent share of cost must not exceed the Board's maximum reimbursement rate or the provider's published rate, whichever is lower. This provision is contrary to the requirement in the NPRM that the assessed parent share of cost must not be based on the cost of care or the amount of the subsidy payment.

The parent share of cost must only be based on the following factors:

--the family's size and income, and

--may also consider the number of children in care and parent selection of a TRS-certified provider as described in §809.19(a)(1)(B).

The Commission retains the rule language in §809.19(d) that allows Boards to review the assessed parent share of cost for possible reduction if there are extenuating circumstances that jeopardize a family's self-sufficiency. However, this reduction shall not be based on the Board's maximum reimbursement rate or the provider's published rate.

The Commission notes that the current rules at §809.19(d) allow Boards to review the assessed parent share of cost for possible reductions if there are extenuating circumstances that jeopardize a family's self-sufficiency. Extenuating circumstances include unexpected temporary costs such as medical expenses and work-related expenses that are not reimbursed by the employer. The Commission is aware that some Boards may allow a limited number of these reductions during the eligibility period. Such policies are still allowed, but Boards must ensure that the parent share of cost is reduced any time the parent reports a change in income, family size, or number of children in care that would result in a reduced parent share of cost.

The Commission further notes that amended §809.73 requires that parents report such changes within 14 calendar days of the change. Changes in the parent share of cost should be made at

the beginning of the month following the reported change. If the parent does not report the change within that time period, the Board is not required to make the change retroactive from the actual date of the reduction.

The Commission is also aware that some Boards reduce the parent share of cost for a limited period of time during the initial eligibility period in order to assist the parent, particularly newly employed parents, with the parent share of cost. This remains an allowable practice under §809.19(d) regarding a reduction of the assessed parent share of cost. After this initial reduction, the parent share of cost may be regularly assessed based on the family size and income and number of children in care, as required by §809.19(a)(1)(B).

Exemptions for Parents of Children Experiencing Homelessness

CCDBG Act §650E(3)(B)(i) and NPRM §98.46(a)(3) and §98.51 require that states give priority for services to children experiencing homelessness. The NPRM preamble clarifies that Lead Agencies have flexibility as to how they offer priority to these populations, including by prioritizing enrollment, waiving copayments, paying higher rates for access to higher-quality care, or using grants or contracts to reserve slots for priority populations.

Section 809.19(a)(2) is amended to require that parents of a child experiencing homelessness be exempt from the parent share of cost.

The Commission emphasizes that pursuant to §809.19(e), the Board or its child care contractor shall not waive the assessed parent share of cost unless the parent is covered by an exemption specified in §809.19(a)(2).

§809.20. Maximum Provider Reimbursement Rates

Section 809.20(b) is amended to remove the requirement that Boards establish enhanced reimbursement rates for preschool-age children at providers that obtain school readiness certification, as the school readiness certification system has been discontinued.

Section 809.20(c) is amended to remove the September 1, 2015, effective date for the TRS tiered reimbursement rates as these requirements are currently in effect.

Section 809.20(d) is amended to clarify in rule language the current requirement and practice that there must be a 2 percentage point difference between the TRS star levels.

SUBCHAPTER C. ELIGIBILITY FOR CHILD CARE SERVICES

The Commission proposes the following amendments to Subchapter C:

§809.41. A Child's General Eligibility for Child Care Services

CCDBG Act §658E(c)(2)(N)(i) requires that each child who receives CCDF assistance be considered to meet all eligibility requirements and receive assistance for not less than 12 months before eligibility redetermination. NPRM §98.20 clarifies that general eligibility requirements are applicable "at the time of eligibility determination or redetermination."

Consistent with CCDBG Act §658E(c)(2)(N)(i) and NPRM §98.20, §809.41 is amended to add language clarifying that a child's general eligibility requirements--i.e., child's age, citizenship status, and residency, and the family's income, work status, and attendance in a job training or educational activity--are applied at the time of eligibility determination or redetermination. Changes to the child's age or residency, the family's income, participation in work, job training, or education activities that occur during the 12-month eligibility period and affect the child's continued care and eligibility are covered in §809.42.

The CCDBG Act revised the definition of eligibility at §658P(4)(B) so that, in addition to being at or below 85 percent of SMI for a family of the same size, the "family assets do not exceed $1,000,000 (as certified by a member of such family)." This requirement is included in NPRM §98.20(a)(2)(ii).

Section 809.41(a)(3)(A) is amended to include this requirement and clarify that a family member must certify that the family assets do not exceed the $1,000,000 threshold. This certification will be based on the parent's self-attestation and will be included in the application for services. Boards are not required to verify this certification; however, if it is discovered that the family may exceed the $1,000,000 asset threshold, the parent may be subject to fraud fact-finding procedures, as described in Subchapter F. Additional guidance will be provided in the Child Care Services Guide.

As mentioned previously, CCDBG Act §650E(3)(B)(i) and NPRM §98.46(a)(3) and §98.51 require states to give priority for services to children experiencing homelessness. The NPRM preamble clarifies that Lead Agencies have flexibility as to how they offer priority to these populations.

Consistent with this requirement, §809.41(a)(2)(A) is amended to include language that families meeting the definition of experiencing homelessness in §809.2 are considered as having income that does not exceed 85 percent of the state median income. Therefore, Boards are not required to conduct income eligibility determinations for families with a child experiencing homelessness.

Section 809.41 is amended to remove subsection (d) related to job search limitations. Continued child care for job search is described in §809.51.

CCDBG Act §658E(c)(2)(N)(iv) requires Lead Agencies to have a "Graduated Phaseout of Eligibility" that includes policies and procedures to continue child care assistance at the time of redetermination for children of parents who are working or attending a job training or educational program and whose income has risen above the Lead Agency's initial income eligibility threshold to qualify for assistance but remains at or below 85 percent of SMI.

NPRM §98.21(b) provides two options for states to use for the CCDBG Act's graduated phaseout requirement. The phaseout can be accomplished either by:

--establishing a second tier of eligibility at 85 percent of SMI if the parents, at the time of redetermination, are working or attending a job training or educational program, even if their income exceeds the initial income limit; or

--using the approach specified above, but only for a limited period of not less than an additional 12 months.

Section 809.41 is amended to add language requiring that Boards that establish initial family income eligibility at a level less than 85 percent of the SMI must ensure that the family remains income-eligible for care after passing the Board's initial income eligibility limit. As a result, for Boards with an initial eligibility limit lower than 85 percent of the SMI, the family's income eligibility for continued care will be 85 percent of the SMI at the following times:

--at the 12-month redetermination;

--once a parent resumes activities during the three-month period described in §809.51; and

--any time a parent reports a change in income that may exceed 85 percent of the SMI.

This language is consistent with NPRM §98.21(b)(1)(i), which provides the option to require that the family remain income-eligible for care after passing the initial income eligibility limit, including at the family's scheduled 12-month eligibility redetermination, as long as the family income does not exceed 85 percent of SMI.

In determining if the family exceeds 85 percent of the SMI, the Board will use income calculation methodology and guidance that take into consideration fluctuations of income pursuant to §809.44(a).

The Commission notes that Boards are not required to establish initial family income eligibility at a level less than 85 percent of the SMI. The graduated phaseout requirements only apply to Boards that have established income eligibility thresholds pursuant to §809.41(a) that are less than 85 percent of the SMI.

§809.42. Eligibility Verification, Determination, and Redetermination

Section 809.42 is amended to include rule provisions related to eligibility verification, determination, and redetermination consistent with the CCDBG Act.

Section 809.42(a) is amended to emphasize that a Board shall ensure that all eligibility requirements for child care are verified prior to authorizing care. Due to the requirement in CCDBG Act §658E(c)(2)(N)(i) that each child who receives CCDF assistance will be considered to meet all eligibility requirements and will receive assistance for not less than 12 months before the eligibility is redetermined, it is critical that eligibility is properly and accurately verified prior to authorizing care.

Consistent with CCDBG Act §658E(c)(2)(N)(i) and NPRM §98.21, amended §809.42(b) requires that Boards ensure that eligibility for child care services shall be redetermined no sooner than 12 months following the initial determination or most recent redetermination.

§809.43. Priority for Child Care Services

Consistent with CCDBG Act §650E(3)(B)(i) and NPRM §98.46(a)(3) and §98.51, which require states to give priority for services to children experiencing homelessness, the Commission amends §809.43 to add children experiencing homelessness as a second priority group served, subject to the availability of funds. This priority group will follow the three priority groups in state statute--children in protective services, children of a qualified veteran or spouse, and children of foster youth.

§809.44. Calculating Family Income

CCDBG Act §658E(c)(2)(N)(i)(II) and NPRM §98.21(c) require that states take into consideration irregular fluctuations of earnings when calculating income for eligibility. The NPRM further clarifies this requirement by adding that the calculation of income policies ensures that temporary increases in income, "including temporary increases that result in monthly income exceeding 85 percent of SMI (calculated on a monthly basis), do not affect eligibility or family co-payments."

Section 809.44(a) is amended to reflect these new requirements. The rule language requires that Boards ensure family income is calculated in accordance with Commission guidelines. Consistent with the CCDBG Act, rule language also requires that Commission guidelines:

--take into account irregular fluctuations in earnings; and

--ensure that temporary increases in income, including temporary increases that result in monthly income exceeding 85 percent SMI, do not affect eligibility or parent share of cost.

A standard and uniform methodology applied consistently across all 28 local workforce development areas (workforce areas) is important to ensure that the state is meeting the requirements of the CCDBG Act regarding fluctuations of income. This is also important, as child care is also required to continue if a parent moves to another workforce area.

The Commission will be developing guidelines based on the current methodology and income sources used by the Workforce Innovation and Opportunity Act of 2014 (WIOA) adult program. WIOA annualizes family income using the most recent six months of income sources. By taking into consideration six months of income, this methodology meets the requirement to take into account irregular fluctuations in earnings and will ensure that temporary increases in monthly income do not affect eligibility or parent share of cost. Additionally, aligning the child care income calculation sources and methodology with sources and methodology used by WIOA will provide consistency among the Commission's two major programs in which income is calculated for eligibility purposes.

The guidelines will identify any differences between the two programs that are specific to the relevant program, while retaining the overall goal of aligning the income calculation methodology as closely as possible, given any federal guidance specific to the programs. The guidance will include, but not be limited to, the following:

--Income documentation requirements at initial eligibility that may differ from requirements at redetermination;

--Documentation requirements for gaps in income;

--Calculation of bonuses received during the 12-month eligibility period;

--The methodology and documentation used to determine family income for changes reported during the 12-month eligibility period; and

--The methodology and documentation used to determine family income for parents who resume work, training, or education during the three-month period of nontemporary cessation of activities.

Section 809.44(b) is amended to provide an updated itemized list of income sources that are specifically excluded from determining family income. This list includes income sources that are specifically excluded by various federal laws or regulations in determining eligibility for public assistance programs including CCDF, as well as income sources that are excluded by the WIOA adult program.

The specific exclusions are:

--Medicare, Medicaid, Supplemental Nutrition Assistance Program (SNAP) benefits, school meals, and housing assistance;

--Monthly monetary allowances provided to or for children of Vietnam veterans born with certain birth defects;

--Needs-based educational scholarships, grants, and loans, including financial assistance under Title IV of the Higher Education Act--Pell Grants, Federal Supplemental Educational Opportunity grants, Federal Work Study Program, PLUS, Stafford loans, and Perkins loans;

--Individual Development Account (IDA) withdrawals for the purchase of a home, medical expenses, or educational expenses;

--Onetime cash payments, including tax refunds, Earned Income Tax Credit (EITC) and Advanced EITC, onetime insurance payments, gifts, and lump sum inheritances;

--VISTA and AmeriCorps living allowances and stipends;

--Noncash or in-kind benefits such as employer-paid fringe benefits, food, or housing received in lieu of wages;

--Foster care payments and adoption assistance;

--Special military pay or allowances, including subsistence allowances, housing allowances, family separation allowances, or special allowances for duty subject to hostile fire or imminent danger;

--Income from a child in the household between 14 and 19 years of age who is attending school;

--Early withdrawals from qualified retirement accounts specified as hardship withdrawals as classified by the Internal Revenue Service (IRS);

--Unemployment compensation;

--Child support payments;

--Cash assistance payments, including Temporary Assistance for Needy Families (TANF), Supplemental Security Income (SSI), Refugee Cash Assistance, general assistance, emergency assistance, and general relief;

--Onetime income received in lieu of TANF cash assistance;

--Income earned by a veteran while on active military duty and certain other veterans' benefits, such as compensation for service-connected death, vocational rehabilitation, and education assistance;

--Regular payments from Social Security, such as Old-Age and Survivors Insurance Trust Fund;

--Lump sum payments received as assets in the sale of a house, in which the assets are to be reinvested in the purchases of a new home (consistent with IRS guidance);

--Payments received as the result of an automobile accident insurance settlement that are being applied to the repair or replacement of an automobile; and

--Any income sources specifically excluded by federal law or regulation.

The Commission understands that the new income calculation methodology and income exemptions may equate to lower parent share of cost assessments, thereby increasing the cost of care and reducing the number of children the Board may be able to serve. The Agency will continue to analyze Board costs, including parent share of cost, as part of the Agency's performance target methodology.

New §809.44(c) states that income that is not listed in §809.44(b) as excluded from income is included as income.

§809.45. Choices Child Care

Section 809.45(b) is amended to clarify that for a parent receiving Choices Child Care who ceases participation in the Choices program during the 12-month eligibility period, Boards must ensure that:

--child care continues for the three-month period pursuant to §809.51; and

--the provisions of §809.51 shall apply if the parent resumes participation in Choices or begins participation in work or attendance in a job training or education program during the three-month period.

§809.46. Temporary Assistance for Needy Families Applicant Child Care

Section 809.46 is amended to remove provisions that:

--duplicate the 12-month eligibility period specified in §809.42; or

--would end care prior to the end of the 12-month eligibility period.

§809.47. Supplemental Nutrition Assistance Program Employment and Training Child Care

Section 809.47 is amended to remove language stating that SNAP Employment and Training (SNAP E&T) care continues as long as the case remains open.

Section 809.47(b) is added to clarify that for a parent receiving SNAP E&T Child Care who ceases participation in the E&T program during the 12-month eligibility period, Boards must ensure that:

--child care continues for the three-month period pursuant to §809.51; and

--the provisions of §809.51 shall apply if the parent resumes participation in the E&T program or begins participation in work or attendance in a job training or education program during the three-month period.

§809.48. Transitional Child Care

Section 809.48 is amended to remove provisions that would end care prior to the end of the 12-month eligibility period.

§809.49. Child Care for Children Receiving or Needing Protective Services

Section 809.49 is amended to clarify that child care discontinued by DFPS prior to the end of the 12-month eligibility period shall be subject to the Continuity of Care provisions in §809.54.

Section 809.49 is also amended to clarify that the requirements of §809.91(f)(1) do not apply to foster parents whose care is authorized by DFPS. The language clarifies that requests made by DFPS for specific eligible providers are enforced for children in protective services, including children of foster parents when the foster parent is the owner, director, assistant director, or other individual with an ownership interest in the provider.

A technical change to §809.49(a)(2) is made to clarify that DFPS may authorize care for a child under the age of 19.

§809.50. At-Risk Child Care

Section 809.50 is amended to clarify that eligibility requirements for At-Risk child care are applied at initial determination and at the 12-month eligibility redetermination, pursuant to §809.41 and §809.42.

§809.51. Child Care during Interruptions in Work, Education, or Job Training

Section 809.51 is amended to include CCDBG Act and NPRM requirements regarding the provision of child care during interruptions in work, education, or job training. The section contains the rules related to both temporary interruptions and permanent cessation of activities during the 12-month eligibility period.

Section 809.51(a) is amended to include the CCDBG Act requirement that if a child met all of the applicable eligibility requirements for any child care service in Subchapter C on the date of the most recent eligibility determination or redetermination, the child shall be considered to be eligible and will receive services during the 12-month eligibility period, regardless of any:

--change in family income, if that family income does not exceed 85 percent of SMI for a family of the same size; or

--temporary change in the ongoing status of the child's parent as working or attending a job training or education program.

Consistent with language in the NPRM, a temporary change shall include, at a minimum, any:

--time-limited absence from work for an employed parent for periods of family leave (including parental leave) or sick leave;

--interruption in work for a seasonal worker who is not working between regular industry work seasons;

--student holiday or break for a parent participating in training or education;

--reduction in work, training or education hours, as long as the parent is still working or attending a training, or education program;

--other cessation of work or attendance in a training or education program that does not exceed three months;

--change in age, including turning 13 years old during the eligibility period; and

--change in residency within the state.

Section 809.51(b) is amended to require that during the period of time between eligibility redeterminations, a Board shall discontinue child care services due to a parent's loss of work or cessation of attendance at a job training or educational program that does not constitute a temporary change in accordance with subsection (b)(2) of this section. However, Boards must ensure that care continues at the same level for a period of not less than three months after such loss of work or cessation of attendance at a job training or educational program.

Section 809.42(c) is amended to state that if a parent resumes work or attendance at a job training or education program at any level and at any time during the three months, Boards shall ensure that:

--care will continue to the end of the 12-month eligibility period at the same or greater level, depending upon any increase in the activity hours of the parent; and

--the parent share of cost will not be increased during the remainder of the 12-month eligibility period, including for parents who are exempt from the parent share of cost pursuant to §809.19.

This is consistent with NPRM §98.21(a)(3), which prohibits states from increasing the parent share of cost during the 12-month eligibility period, regardless of increases in the family income.

The rule language also clarifies that the Board child care contractor shall verify only:

--that the family income does not exceed 85 percent SMI; and

--the resumption of work or attendance at a job training or education program.

School Holidays and Breaks

The Commission clarifies that student holidays such as spring break and breaks between semesters that are less than three months are considered temporary changes, and eligibility shall continue during those breaks. Breaks between semesters that last longer than three months are considered nontemporary, and care ends if the parent does not resume attendance at an education or job training program, or does not participate in work within three months of the end of the semester.

Reductions in Work, Training, or Education for Dual-Parent Families

The Commission clarifies that in a dual-parent family, if both parents have a nontemporary loss of job (or end of training/education activities), then the family would be subject to the three-month job search period prior to termination. However, if one parent experiences a nontemporary change, then this would be considered a reduction in the dual-parent 50-hour participation requirements. Under the CCDBG Act, a reduction in work is not considered a permanent loss of job and is not subject to discontinuation of the child's care. Care would continue through the 12-month period without requiring care to end if one parent does not resume activities within three months. The child is still residing with at least one parent who is working and is still eligible under the CCDBG Act.

Continued Care for Children over the Age of 13

The Commission notes that the DFPS Child Care Licensing allows children under the age of 14 (and under the age of 19 for children with disabilities) to receive care at a regulated facility. However, the Commission is aware that some child care facilities do not serve children over the age of 13. In such a case, the Board must ensure that eligibility continues at a different provider selected by the parent until the end of the child's eligibility period, unless the parent voluntarily withdraws from child care services.

Continued Care for Children and Families Relocating to Another Workforce Area

Under the CCDBG Act, a change in the child's residence is not grounds for ending care in the state, regardless of the enrollment status of the workforce area to which the parent moved. The Commission understands that a Board at full enrollment would be required to enroll and fund children even if the Board enrollment of new children is closed at the time. The movement of children both into and out of workforce areas is anticipated to be balanced throughout the year. However, the Agency will track this movement and the fiscal impact on Boards to determine if funding amounts should be adjusted accordingly.

Additional policies, procedures, and documenting requirements regarding continuation of care for children and families who relocate to another workforce area will be provided as updates to the Child Care Services Guide.

The Commission clarifies that the Board that determined eligibility at the beginning of the 12-month period is responsible for any subsequent finding of improper eligibility determinations. However, the Board in the workforce area in which the family relo-

cates is responsible for verifying that the move did not result in a nontemporary loss of work, training, or education, and the family is not over 85 percent of the SMI.

The Commission clarifies that if the move to a different workforce area does not result in a change of provider (i.e., the child remains at the originating workforce area provider), then care would continue at that provider under the originating Board's agreement, rates, and funding through the remainder of the authorization for care and the end of the 12-month eligibility period. However, if the move to a different workforce area results in or is accompanied by a change in provider, then the receiving Board will establish and fund the authorization.

The Commission also clarifies that if a parent is participating in the three-month period of continued care and relocates to a different workforce area without resuming activities, then the parent would not receive a new three-month period, but is entitled to continue the three-month period that began in the previous workforce area.

Other Cessation of Work, Training, or Education Activities

The Commission recognizes that there are situations, such as parent incarcerations or other circumstances, that may not be clearly defined in the rules. The Commission will work with Boards to provide guidance on these situations. As a general rule, if the separation from activities is of a length that would allow the parent to continue participation within three months, then care would continue through the remainder of the 12-month eligibility period. If, however, the separation is expected to last over three months, then care would be discontinued three months after the cessation of work, training, or education.

Number of Three-Month Periods in a 12-Month Eligibility Period

The CCDBG Act requires that care continue for at least 12 months following the initial eligibility determination. Neither the CCDBG Act nor the NPRM allows states to put limits on the number of three-month periods of continued care that a parent may have during the 12-month eligibility period. Parents will be allowed a three-month period of continued care for each nontemporary cessation of activities within the 12-month eligibility period.

Parent Share of Cost during the Three-Month Period of Continued Care

As required in §809.19(a)(1)(C), the parent share of cost is reassessed if a parent reports a change in income that would result in a reduced parent share of cost. Accordingly, the parent share of cost should be reassessed during the three-month period due to the resulting reduction of family income. As mentioned in the discussion on calculating family income in §809.44, the Commission will provide guidance on the methodology used to calculate income during this period in order to take into consideration fluctuation in income. During this period, Boards may also reduce the parent share of cost based on the Board policies for reductions due to extenuating circumstances pursuant to §809.19(d).

Increases in the Level of Care following the Three-Month Period of Continued Care

Section 809.51(c) requires care to continue to the end of the 12-month eligibility period at the same or greater level, depending on any increase in the activity hours of the parent. The Commission expects that the parent should provide documentation to verify that such an increase is warranted.

Implementation of the 12-Month Eligibility Period

The Commission clarifies that eligibility determinations under the new rules will go into effect at the family's first scheduled redetermination (under the Board's previous determination period) following October 1, 2016.

§809.52. Child Care for Children Experiencing Homelessness

New §809.52 is added to include initial eligibility for children experiencing homelessness. CCDBG Act §658E(c)(3) requires that state procedures permit enrollment (after an initial eligibility determination) of children experiencing homelessness while required documentation is obtained.

Consistent with this requirement, §809.52(a) requires that for a child experiencing homelessness, a Board shall ensure that the child is initially enrolled for a period not to exceed three months.

Section 809.52(b)(1) states that if, during the three-month enrollment period, the parent of a child experiencing homelessness is unable to provide documentation verifying that the child meets the age and citizenship status requirements under §809.41(a)(1) - (2), then care shall be discontinued following the three-month enrollment period. Consistent with NPRM §98.51, payments of child care services for this three-month period are not considered improper payments.

Section 809.52(b)(2) states that if, during the three-month enrollment period, a parent provides documentation verifying eligibility under §809.41(a) (regarding the child's age and citizenship status, and the parent's participation in work, job training, or education activities) then care shall continue through the end of the 12-month initial eligibility period (inclusive of the three-month initial enrollment period).

For parents of children experiencing homelessness, parent self-attestation of the eligibility requirements under §809.41(a)(1) - (2) will be allowed for the first three months for all eligibility requirements, as long as the family meets the definition of homelessness. This can be verified through another entity such as a school district or housing authority, or by the Board contractor.

The Agency will work with Boards to provide guidance on determining initial and continuing eligibility for homeless families.

The Commission clarifies that parents of children experiencing homelessness must have appeal rights pursuant to §809.74.

§809.53. Child Care for Children Served by Special Projects

Section 809.53 is amended to clarify that the provisions related to child care for children serviced by special projects are only for special projects funded through non-CCDF sources.

§809.54. Continuity of Care

Section 809.54 is amended to clarify that for enrolled children, including children whose eligibility for Transitional child care has expired, care continues through the end of the applicable eligibility periods described in §809.42.

Rule language also clarifies that enrolled children of military parents in military deployment remain eligible for continued care, including parents in military deployment at the end of the 12-month eligibility redetermination period.

Section 809.54 also removes the temporary placement of a child if space is available due to another child's absence due to custody arrangements, as temporary placements are contrary to the CCDBG Act's 12-month eligibility requirements.

§809.55. Mandatory Waiting Period for Reapplication

Section 809.55, regarding a mandatory waiting period for reapplication if care is terminated for certain reasons, is repealed because the listed termination reasons for ending care are no longer applicable.

SUBCHAPTER D. PARENT RIGHTS AND RESPONSIBILITIES

The Commission proposes the following amendments to Subchapter D:

§809.71. Parent Rights

Section 809.71 is amended to clarify that the 20-day eligibility notification following receipt of eligibility documentation from the parent is applicable for both the initial eligibility determinations and the 12-month eligibility redetermination.

Section 809.71(9) is amended to remove the exceptions to the 15-day notification of termination for instances in which care is to end immediately due to a parent no longer participating in Choices or SNAP E&T or due to a child being absent five consecutive days, as these are no longer eligible reasons to terminate care during the 12-month eligibility period.

Regarding the 15-day termination notice, the Commission clarifies that for parents with a nontemporary cessation of activities, at a minimum, notification must be provided at least 15 days prior to the end of the three-month period of continued care. However, Boards should also clearly notify or provide clear instructions to parents at the beginning of the three-month period that care will end if the parent does not resume participation at any level within three months.

Section 809.71 is amended to remove the 30-day notification due to terminations to make room for a priority group member, as this is no longer an eligible reason to terminate care during the 12-month period.

Section 809.71 is also amended to remove the requirement that parents be informed of the Board's attendance policies. Notification of the attendance standards are located in amended §809.78.

§809.72. Parent Eligibility Documentation Requirements

Section 809.72(a) is amended to clarify that child care cannot be determined or redetermined and care cannot be authorized until parents provide to the Board's child care contractor all the information necessary to determine eligibility.

Section 809.72(b) is amended to clarify that a parent's failure to submit documentation shall result in initial denial of child care service or the termination of services at the 12-month redetermination period.

As mentioned in §809.42(a), due to the requirement in CCDBG Act §658E(c)(2)(N)(i) that each child who receives CCDF-funded child care will be considered to meet all eligibility requirements and will receive assistance for not less than 12 months before the eligibility is redetermined, it is critical that all eligibility documentation submitted is properly and accurately verified prior to authorizing care. As described in §809.42(c), an exception to this requirement exists for a child experiencing homelessness.

§809.73. Parent Reporting Requirements

CCDBG Act §658E(c)(2)(N)(ii) and NPRM §98.21(e)(2) state that any requirement for parents to provide notification of changes in circumstances shall not constitute an undue burden on families. Any such requirements shall:

--limit notification requirements to changes that impact a family's eligibility (e.g., only if income exceeds 85 percent of SMI, or there is a nontemporary change in the status of the child's parent as working or attending a job training or educational program) or changes that impact the Lead Agency's ability to contact the family or pay providers;

--not require an office visit to fulfill notification requirements; and

--offer a range of notification options (e.g., phone, e-mail, online forms, extended submission hours) to accommodate the needs of working parents.

Further NPRM language states that Lead Agencies must allow families the option to voluntarily report changes on an ongoing basis:

--Lead Agencies are required to act on the information provided by the family if it would reduce the family's copayment or increase the family's subsidy.

--Lead Agencies are prohibited from acting on information that would reduce the family's subsidy unless the information provided indicates that the family's income exceeds 85 percent of SMI for a family of the same size, taking into account irregular income fluctuations, or, at the option of the Lead Agency, if the family has experienced a nontemporary change in work, training, or educational status.

Section 809.73 related to parent reporting requirements is amended consistent with this guidance.

Section 809.73(a) is amended to require Boards to ensure that during the 12-month eligibility period, parents are only required to report items that impact a family's eligibility or that enable the Board or Board contractor to contact the family or pay the provider.

This is further clarified in §809.73(b), which is amended to state that parents shall report to the child care contractor, within 14 days of the occurrence, the following:

--Changes in family income or family size that would cause the family to exceed 85 percent of SMI for a family of the same size;

--Changes in work or attendance at a job training or educational program not considered to be temporary changes, as described in §809.42; and

--Any change in family residence, primary phone number, or e-mail (if available).

The amendment extends the number of days to report from the current 10 calendar days to 15 calendar days. This will allow additional time for parents to report changes while also allowing sufficient time for Boards to make any requested changes in the parent share of cost or for other authorization changes to become effective, as well as sufficient time to adjust the parent's eligibility (if the reported change caused the family to exceed 85 percent SMI or constitutes a nontemporary change in activity status).

Because the CCDBG Act limits termination of eligibility for care to the parent's permanent cessation of work, training, or education activities, or the family exceeding 85 percent of SMI (taking into consideration fluctuations of income), §809.73 is also amended to remove the provision that care may be terminated and costs may be recovered due to a parent failure to report a change in §809.73(b). However, the provision that failure to report a change may result in fact-finding for suspected fraud as described in Subchapter F is retained.

Section 809.73 is also amended to require Boards to allow parents to report, and require the child care contractor to take appropriate action, regarding changes in:

--income and family size, which may result in a reduction in the parent share of cost pursuant to §809.19; and

--work, job training, or education program participation that may result in an increase in the level of child care services.

The CCDBG Act requires that reporting requirements during the 12-month period do not constitute an undue burden on working parents, and the NPRM clarifies that the reporting requirements must only be on information that affects eligibility or the ability to contact the parent and pay the provider. Therefore, the Commission emphasizes that Boards must not require parents to report any changes during the 12-month period other than those specified in amended §809.73(a) - (b).

The Agency will work with Boards to provide technical assistance on establishing clear and family-friendly information for parents on when they are required to report income and family changes.

Additionally, the Agency will work with Boards to provide reports and tools, including tools associated with wage records and a child's attendance tracking, to assist Boards in identifying parents and families that:

--may have changes in income or family size that may have resulted in the family income exceeding 85 percent of the SMI; or

--may have experienced a nontemporary change in work, training, or education activities.

Implementation of the Reporting Requirements

The Commission clarifies that parents with children enrolled prior to the effective date of the rule amendments may be notified of the new parent reporting requirements at the parent's next scheduled redetermination. However, the standards for assessing any reported changes to the parent's eligibility as well as changes in the consequences for failure to report will be effective on the effective date of the amended rules. Therefore, the Board must ensure that if a parent fails to report a change that was required under the former rules, care shall not be terminated and recoupment is not required for this failure to report, subject to the requirements in Subchapter F regarding recoupments.

§809.74. Parent Appeal Rights

Section 809.74 is amended to clarify that parents may appeal the amount of any recoupment determined pursuant Subchapter F of this chapter.

§809.75. Child Care during Appeal

Section 809.75 is amended to remove the provisions for not continuing care during a parent appeal as the reasons for terminating care provided in this section no longer apply.

§809.76. Parent Responsibility Agreement

As stated previously, CCDBG Act §658E(c)(2)(N) states that each child who receives assistance will be considered to meet all eligibility requirements for such assistance and will receive such assistance for not less than 12 months before the state redetermines eligibility.

NPRM §98.20(b)(4) clarifies that the state may establish additional eligibility conditions, regarding the child's age, citizenship, residing in a family with an income that does not exceed 85 percent SMI, and residing with parents who are working or in job training or education, as long as the additional requirements do not impact eligibility other than at the time of eligibility determination or redetermination. Additionally, CCDBG Act §658E(c)(2)(N)(ii) and NPRM §98.21(d) require that Lead Agency eligibility redetermination requirements do not unduly disrupt parent work, training, or education activities.

The PRA in §809.76 requires that the parent shall:

--pursue child support by:

--cooperating with the Office of the Attorney General (OAG), if necessary, to establish paternity and to enforce child support on an ongoing basis by either:

--providing documentation that the parent has an open case with OAG and is cooperating with OAG; or

--opening a child support case with OAG and providing documentation that the parent is cooperating with OAG; or

--providing documentation that the parent has an arrangement with the absent parent for child support and is receiving child support on an ongoing basis;

--not use, sell, or possess marijuana or other controlled substances; and

--ensure that each family member younger than 18 years of age attend school regularly (unless exempt under state law).

Current §809.76(c) requires that the parent demonstrate compliance with these provisions within three months of initial eligibility. If the parent does not demonstrate compliance within three months, child care is required to end. Some Boards require parents to demonstrate compliance with the PRA at the time of initial eligibility.

Boards have reported that parents meet PRA requirements by opening an OAG case at initial determination, closing the case immediately following initial determination, and then reopening the case immediately prior to redetermination. This increases OAG's workload and requires Boards and Board contractors to track parent compliance with the PRA--without meeting the PRA's intent.

Therefore, §809.76 regarding the PRA is repealed, as the requirements of the provisions of the PRA:

--cannot be applied or enforced during the 12-month eligibility period;

--cause delays in determining eligibility; and

--cause errors in calculating income due to inconsistent receipt of child support.

§809.77. Exemptions from the Parent Responsibility Agreement

Section 809.77 related to exemptions from the PRA is repealed.

§809.78. Attendance Standards and Reporting Requirements

CCDBG Act §658E(c)(2)(S) and NPRM §98.45(m) require implementation of provider payment practices that:

--align with generally accepted payment practices for children who do not receive CCDF funds; and

--support the fixed costs of providing child care services by delinking provider payments from a child's occasional absences.

NPRM §98.45(m)(2) included four options that states may consider to meet the statutory requirement to support the fixed costs

of providing child care by delinking payments from a child's occasional absence. The options include:

--paying providers based on a child's enrollment, rather than attendance;

--providing full payment to providers as long as a child attends for at least 85 percent of the authorized time;

--providing full payment to providers as long as a child is absent for five or fewer days in a four-week period; and

--requiring states that do not choose one of these three approaches to describe their approach in the State Plan, including how the approach is not weaker than one of the three listed above.

Currently, Chapter 809 requires Boards to establish a policy on attendance standards and procedures regarding reimbursement to providers for absence days. Chapter 809 requires Boards to terminate services if a child exceeds the Board-allowed number of paid absences during a year. If care is terminated due to excessive absences, then the parent must wait 30 days before reapplying for services.

Neither the CCDBG Act nor the NPRM grants states the authority to terminate care due to a child not meeting the state's attendance standards.

As described in §809.93, consistent with the requirements in the CCDBG Act and the NPRM, the Commission amends §809.93 to state that providers shall be reimbursed based on the child's enrollment, rather than daily attendance.

However, in order to ensure that authorizations for reimbursement based on enrollments do not result in underutilization of services, and to prevent the potential for waste, fraud, or abuse of public child care funds, the Commission establishes statewide attendance standards designed to encourage parents to fully use child care services.

Section 809.78(a)(1) is amended to require that parents shall be notified that the eligible child shall attend on a regular basis consistent with the child's authorization for enrollment. Failure to meet attendance standards may:

--result in suspension of care; and

--be grounds for determining that a change in the parent's participation in work, a job training, or an education program has occurred and care may be terminated pursuant to the requirements in §809.51(b).

Section 809.78(a)(2) establishes allowable attendance standards as fewer than:

--five consecutive absences during the month;

--ten total absences during the month; or

--forty-one absences in a 12-month period.

Section 809.78(a)(3) states that child care providers may end a child's enrollment with the provider if the child does not meet the provider's established attendance policy. As will be discussed in Subchapter E, regarding provider reimbursement based on enrollment, a child's eligibility cannot end based on the number of absences. However, parents must be notified that a provider is allowed to discontinue enrollment of the child at the provider facility if the child does not meet attendance standards established by the provider.

Section 809.78(a) is also amended to remove the provisions that child care services may be terminated for absences or misuse of attendance automation policies. However, the rules retain the provisions that parents be notified that misuse of the automated attendance procedures is grounds for a potential fraud determination.

The Commission acknowledges that the rule amendments related to enrollments and absences will require substantial modifications to existing Board policies and procedures as well as changes to the Agency's information and attendance automation systems. The Agency will work with Boards regarding these changes and to develop necessary reports to assist Boards, parents, and providers in tracking attendance.

SUBCHAPTER E. REQUIREMENTS TO PROVIDE CHILD CARE

The Commission proposes the following amendments to Subchapter E:

§809.91. Minimum Requirements for Providers

CCDBG Act §658E(c)(2)(K) requires annual unannounced inspections of all CCDF providers for compliance with health, safety, and fire standards. Relative providers are exempt from this requirement. By state statute, listed family homes are not inspected by DFPS child care licensing (unless there is a report of abuse or neglect at the facility). Therefore, under the CCDBG Act, nonrelative listed family homes are not eligible to provide CCDF services. Therefore, §809.91(b) is amended to remove requirements for Boards choosing to allow nonrelative listed homes as eligible child care providers as these providers are no longer eligible to care for CCDF-subsidized children.

Section 809.91(f) is amended to clarify that foster parents who are also directors, assistant directors, or have an ownership in the child care center, may receive reimbursement if authorized by DFPS.

§809.92. Provider Responsibilities and Reporting Requirements

Section 809.92(b) is amended to remove the specific attendance reporting requirements for providers to:

--document and maintain a list of each child's attendance and submit the list upon request;

--inform the Board when an enrolled child is absent; and

--inform the Board that a child has not attended the first three days of scheduled care.

The implementation of the child care attendance automation system eliminates the need for providers to report this attendance to the Board. However, the Commission notes that removing the requirement from Chapter 809 that providers document and maintain a list of each child's attendance does not remove the DFPS child care licensing requirement for providers to maintain a daily sign-in sheet for all children enrolled at the facility.

§809.93. Provider Reimbursement

As explained in §809.78 regarding a child's attendance standards, CCDBG Act §658E(c)(2)(S) and NPRM §98.45(m) require implementation of provider payment practices that:

--align with generally accepted payment practices for children who do not receive CCDF funds; and

--support the fixed costs of providing child care services by delinking provider payments from a child's occasional absences.

NPRM §98.45(m)(2) included four options that states may consider to meet the statutory requirement to support the fixed costs of providing child care by delinking payments from a child's occasional absence. The options include:

--paying providers based on a child's enrollment, rather than attendance;

--providing full payment to providers as long as a child attends for at least 85 percent of the authorized time;

--providing full payment to providers as long as a child is absent for five or fewer days in a four-week period; and

--requiring states that do not choose one of these three approaches to describe their approach in the State Plan, including how the approach is not weaker than one of the three listed above.

Currently, Chapter 809 requires Boards to establish a policy on attendance standards and procedures regarding reimbursement to providers for absence days. Chapter 809 requires Boards to terminate services if a child exceeds the Board-allowed number of paid absences during a year. If care is terminated due to excessive absences, then the parent must wait 30 days before reapplying for services.

Neither the CCDBG Act nor the NPRM grants states the authority to terminate care due to a child not meeting the state's attendance standards.

To ensure statewide consistency for families and statewide compliance to the requirements in CCDBG Act §658E(c)(2)(S) and NPRM §98.45(m), §809.93 is amended to implement a statewide policy that reimburses regulated providers based on the child's enrollment, rather than daily attendance.

The rules retain the requirement that relative child care providers are not reimbursed for days on which the child is absent. The Commission retains this provision based on the contention that unregulated relative providers do not have the same fixed costs as regulated providers do in order to meet regulatory standards.

§809.94. Providers Placed on Corrective or Adverse Action by the Texas Department of Family and Protective Services

Section 809.94(c) is amended to remove language stating that a parent receiving notification of a provider's corrective action may choose to continue care with the provider if the parent signs the notification acknowledging that the parent is aware of the provider status. The effect of this language is to end the child's care unless the parent signs the notification and acknowledges that the parent chooses to continue care at the facility. Under the CCDBG Act, care cannot end during the 12-month period for a parent's failure to return the acknowledgement to continue care at the facility.

Therefore, §809.94(c) is amended to state that the parent may transfer the child to another provider without being subject to the Board's transfer policies if the parent requests the transfer within 14 business days of receiving the notification.

§809.95. Provider Automated Attendance Agreement

Section 809.95 is amended to clarify that provider misuse of attendance reporting and violation of the requirements in this section are grounds for fraud determination pursuant to Subchapter F of this chapter.

SUBCHAPTER F. FRAUD FACT-FINDING AND IMPROPER PAYMENTS

The Commission proposes the following amendments to Subchapter F:

§809.111. General Fraud Fact-Finding Procedures

Under *Program Integrity* on page 80488, the NPRM preamble provided the following clarification regarding the Administration for Children and Families' (ACF) intent regarding fraud and recoupments:

ACF would like to clarify that there is no Federal requirement for Lead Agencies to recoup CCDF overpayments, except in instances of fraud. We also strongly discourage such policies as they may impose a financial burden on low-income families that is counter to CCDF's long-term goal of promoting family economic stability. The Act affirmatively states an eligible child "will be considered to meet all eligibility requirements" for a minimum of 12 months regardless of increases in income (as long as income remains at or below 85 percent of SMI) or temporary changes in parental employment or participation in education and training. Therefore, there are very limited circumstances in which a child would not be considered eligible after an initial eligibility determination.

When implementing their CCDF programs, Lead Agencies must balance ensuring compliance with eligibility requirements with other considerations, including administrative feasibility, program integrity, promoting continuity of care for children, and aligning child care with Head Start, Early Head Start, and other early childhood programs. These proposed changes are intended to remove any uncertainty regarding applicability of Federal eligibility requirements for CCDF and the threat of potential penalties or disallowances that otherwise may inhibit Lead Agencies ability to balance these priorities in a way that best meets the needs of children.

Existing regulations at §98.60 indicate that Lead Agencies shall recover child care payments that are the result of fraud from the responsible party. While ACF does not define the term fraud and leaves flexibility to Lead Agencies, fraud in this context typically involves knowing and willful misrepresentation of information to receive a benefit. We urge Lead Agencies to carefully consider what constitutes fraud, particularly in the case of individual families.

In accordance with this guidance, §809.111 is amended to provide a definition of fraud in relation to child care services. The amended rule states that a person commits fraud if, to obtain or increase a benefit or other payment, either for the person or another person, the person:

--makes a false statement or representation, knowing it to be false; or

--knowingly fails to disclose a material fact.

This definition is consistent with the definition of fraudulently obtaining benefits under Texas Labor Code §214.001.

§809.112. Suspected Fraud

Section 809.112 is amended to clarify specific parental actions that may be grounds for suspected fraud and cause the Board to conduct fact-finding or the Commission to initiate a fraud investigation. These actions include:

--not reporting or falsely reporting at initial eligibility or at eligibility redetermination:

--household composition, or income sources or amounts that would have resulted in ineligibility or a higher parent share of cost; or

--work, training, or education hours that would have resulted in ineligibility; or

--not reporting during the 12-month eligibility period:

--changes in income or household composition that would cause the family income to exceed 85 percent SMI (taking into consideration fluctuations of income); or

--a permanent loss of job or cessation of training or education that exceeds 90 days; and

--improper or inaccurate reporting of attendance.

§809.113. Action to Prevent or Correct Suspected Fraud

Section 809.113 is amended to remove the provision that a child care contractor may take certain actions if a provider or parent has committed fraud. Although a Board's child care contractor is expected to take these actions, the language implied that the contractor determines which action to take without the involvement of the Board or the Commission.

Amended language in §809.113 clarifies that actions taken against a provider or parent shall be consistent with and pursuant to Commission policy.

Further, §809.113 is amended to include the following options:

--A provider may be prohibited from future eligibility to provide Commission-funded child care services; and

--A parent's eligibility may be terminated during the 12-month eligibility period if eligibility was determined using fraudulent information provided by the parent.

§809.115. Corrective Adverse Actions

Section 809.115 is amended to remove §809.115(b)(4) to remove termination of child care services as a possible corrective action for parents' noncompliance with this chapter.

§809.116. Recovery of Improper Payments

Section 809.116 is repealed and combined with §809.117.

§809.117. Recovery of Improper Payments to a Provider or Parent

Section 809.117 is amended to clarify the circumstances in which parents are required to repay improper payments. The language clarifies that a parent shall repay improper payments only in the following circumstances:

--Instances involving fraud;

--Instances in which the parent has received child care services awaiting an appeal and the determination is affirmed by the hearing officer; or

--Instances in which the parent fails to pay the parent share of cost and the Board's policy is to pay the provider for the parent's failure to pay the parent share of cost.

Section 809.117 is amended to prohibit a parent subject to the repayment provisions above from future child care eligibility until the repayment amount is recovered, provided that the prohibition does not result in a Choices or SNAP E&T participant becoming ineligible for child care.

PART III. IMPACT STATEMENTS

Randy Townsend, Chief Financial Officer, has determined that for each year of the first five years the rules will be in effect, the following statements will apply:

There are no additional estimated costs to the state and to local governments expected as a result of enforcing or administering the rules.

There are no estimated cost reductions to the state and to local governments as a result of enforcing or administering the rules.

There are no estimated losses or increases in revenue to the state or to local governments as a result of enforcing or administering the rules.

There are no foreseeable implications relating to costs or revenue of the state or local governments as a result of enforcing or administering the rules.

There are no anticipated economic costs to persons required to comply with the rules.

There is no anticipated adverse economic impact on small or microbusinesses as a result of enforcing or administering the rules.

While we are not concluding any net increase or decrease to the cost of the child care program administered by TWC and Boards as a result of these proposed rules, it is pertinent to take note that there will likely be an impact to the child care program, possibly to somewhat reduce child care operational and administrative costs, somewhat increase the cost of some individual units of child care, and possibly to increase waiting lists for subsidized child care. While these individual impacts cannot easily be quantified at this time, we note that they are necessary due to the enactment of federal statutory revisions and the impending effective date of federal regulations, and not created by these proposed rules.

Economic Impact Statement and Regulatory Flexibility Analysis

The Agency has determined that the proposed rules will not have an adverse economic impact on small businesses as these proposed rules place no requirements on small businesses, including child care providers.

Doyle Fuchs, Director of Labor Market and Career Information, has determined that there is no significant negative impact upon employment conditions in the state as a result of the rules.

Reagan Miller, Director, Workforce Development Division, has determined that for each year of the first five years the rules are in effect, the public benefit anticipated as a result of enforcing the proposed rules will be to ensure compliance with the CCDBG Act, and to provide efficient and effective subsidized child care services that promote both child development and parent workforce participation.

The Agency hereby certifies that the proposal has been reviewed by legal counsel and found to be within the Agency's legal authority to adopt.

PART IV. COORDINATION ACTIVITIES

In the development of these rules for publication and public comment, the Commission sought the involvement of Texas' 28 Boards. Agency executive management discussed the policy concept with the Board executive directors during the March 29, 2016, Executive Director Council meeting and Agency staff presented the policy concept to Board staff during the March 29, 2016, workforce forum. During the rulemaking process,

(A) being assessed to all parents, except in instances when an exemption under paragraph (2) of this subsection applies;

(B) being an amount determined by a sliding fee scale based on the family's size and gross monthly income, and also may consider the:

(i) number of children in care; and

(ii) parent selection of a TRS-certified provider;

(C) being assessed only at the following times:

(i) Initial eligibility determination;

(ii) 12-month eligibility redetermination;

(iii) upon the addition of a child in care that would result in an additional amount for the child; and

(iv) upon a parent's report of a change in income, family size, or number of children in care that would result in a reduced parent share of cost assessment.

[~~(C) not exceeding the Board's maximum reimbursement rate or the provider's published rate, whichever is lower.~~]

(2) Parents who are one or more of the following are exempt from paying the parent share of cost:

(A) Parents who are participating in Choices;

(3) Teen parents who are not covered under exemptions listed in paragraph (2) of this subsection shall be assessed a parent share of cost. The teen parent's share of cost is based solely on the teen parent's income and size of the teen's family as defined in §809.2 [~~§809.2(8)~~].

(b) For child care services funded from sources other than those specified in subsection (a) of this section, a Board shall set a parent share of cost policy based on a sliding fee scale. The sliding fee scale may be the same as or different from the provisions contained in subsection (a) of this section.

(c) A Board shall establish a policy regarding reimbursement of providers when parents fail to pay the parent share of cost.

(d) The Board or its child care contractor may review the assessed parent share of cost for possible reduction if there are extenuating circumstances that jeopardize a family's self-sufficiency. The Board or its child care contractor may reduce the assessed parent share of cost if warranted by these circumstances.

(e) If the parent is not covered by an exemption as specified in subsection (a)(2) of this section, then the Board or its child care contractor shall not waive the assessed parent share of cost under any circumstances.

(f) If the parent share of cost, based on family income and family size, is calculated to be zero, then the Board or its child care contractor shall not charge the parent a minimum share of cost amount.

§809.20. Maximum Provider Reimbursement Rates.

(a) Based on local factors, including a market rate survey provided by the Commission, a Board shall establish maximum reimbursement rates for child care subsidies to ensure that the rates provide equal access to child care in the local market and in a manner consistent with state and federal statutes and regulations governing child care. At a minimum, Boards shall establish reimbursement rates for full-day and part-day units of service, as described in §809.93(e), for the following:

(1) Provider types:

(A) Licensed child care centers, including before- or after-school programs and school-age programs, as defined by DFPS;

(D) Relative child care providers as defined in §809.2.

(2) Age groups in each provider type:

(A) Infants age 0 to 17 months;

(B) Toddlers age 18 to 35 months;

(C) Preschool age children from 36 to 71 months; and

(D) School age children 72 months and over.

(b) A Board shall establish enhanced reimbursement rates:

(1) for all age groups at TRS provider facilities; and

[~~(2) only for preschool-age children at child care providers that obtain school readiness certification pursuant to Texas Education Code §29.161; and~~]

(2) [~~(3)~~] only for preschool-age children at child care providers that participate in integrated school readiness models pursuant to Texas Education Code §29.160.

(c) The minimum enhanced reimbursement rates established under subsection (b) of this section shall be greater than the maximum rate established for providers not meeting the requirements of subsection (b) of this section for the same category of care up to, but not to exceed, the provider's published rate. The [~~Effective September 1, 2015, the~~] maximum rate must be at least:

(1) 5 percent greater for a:

(A) 2-Star Program Provider; or

(B) child care provider meeting the requirements of subsection (b)(2) [~~subsections (b)(2) or (b)(3)~~] of this section;

(2) 7 percent greater for a 3-Star Program Provider; and

(3) 9 percent greater for a 4-Star Program Provider.

(d) Boards may establish a higher enhanced reimbursement rate than those specified in subsection (c) of this section for TRS providers, as long as there is a minimum 2 percentage point [~~percent~~] difference between each star level.

(e) A Board or its child care contractor shall ensure that providers that are reimbursed for additional staff or equipment needed to assist in the care of a child with disabilities are paid a rate up to 190 percent of the provider's reimbursement rate for a child of that same age. The higher rate shall take into consideration the estimated cost of the additional staff or equipment needed by a child with disabilities. The Board shall ensure that a professional, who is familiar with assessing the needs of children with disabilities, certifies the need for the higher reimbursement rate described in this subsection.

(f) The Board shall determine whether to reimburse providers that offer transportation as long as the combined total of the provider's published rate, plus the transportation rate, is subject to the maximum reimbursement rate established in subsection (a) of this section.

The agency certifies that legal counsel has reviewed the proposal and found it to be within the state agency's legal authority to adopt.

§809.78. [~~Parent~~] Attendance Standards and Reporting Requirements.

(a) A Board shall ensure that parents are notified of the following:

(1) Parents shall ensure that the eligible child attends on a regular basis consistent with the child's authorization for enrollment. Failure to meet attendance standards described in paragraph (2) of this subsection may:

(A) result in suspension of care; or

(B) be grounds for determining that a change in the parent's participation in work, job training, or an education program has occurred and care may be terminated pursuant to the requirements in §809.51(b).

(2) Meeting attendance standards for child care services consists of fewer than:

(A) five consecutive absences during the month;

(B) ten total absences during the month; or

(C) forty-one total absences over a 12-month period.

(3) Child care providers may end a child's enrollment with the provider if the child does not meet the provider's established policy regarding attendance.

(9) [~~(7)~~] Parents shall report to the child care contractor instances in which a parent's attempt to record attendance in the child

care automated attendance system is denied or rejected and cannot be corrected at the provider site. Failure to report such instances may result in an absence counted toward the attendance standards described in paragraph (2) of this subsection [Board's maximum number of allowable absences or the parent being liable for the reimbursement to the provider].

[(8) Five consecutive absences on authorized days of care, with no contact from the parent with the child care provider or child care contractor, may result in termination of child care services. Additionally, the 15-day notice of termination is not required in this circumstance, and child care shall not continue during any appeal.]

(b) Boards shall ensure that parents sign a written acknowledgment indicating their understanding of the [parent] attendance standards and reporting requirements [card responsibilities,] at each of the following stages:

The proposed rules affect Texas Labor Code, Title 4, particularly Chapters 301 and 302, as well as Texas Government Code, Chapter 2308.

§809.91. Minimum Requirements for Providers.

(a) A Board shall ensure that child care subsidies are paid only to:

(1) regulated child care providers as described in §809.2 [§809.2(17)];

(2) relative child care providers as described in §809.2 [§809.2(18)], subject to the requirements in subsection (e) of this section;

(3) at the Board's option, listed family homes as defined in §809.2 [§809.2(12)], subject to the requirements in subsection (b)(2) of this section; or

(4) at the Board's option, child care providers licensed in a neighboring state, subject to the following requirements:

(A) Boards shall ensure that the Board's child care contractor reviews the licensing status of the out-of-state provider every month, at a minimum, to confirm the provider is meeting the minimum licensing standards of the state;

(B) Boards shall ensure that the out-of-state provider meets the requirements of the neighboring state to serve CCDF-subsidized children; and

(C) The provider shall agree to comply with the requirements of this chapter and all Board policies and Board child care contractor procedures.

(b) [For providers listed with DFPS, the following applies:]

[(1)] A Board shall not prohibit a relative child care provider who is listed with DFPS and who meets the minimum requirements of this section from being an eligible relative child care provider.

[(2) If a Board chooses to include listed family homes, as defined in §809.2(12), that provide care for children unrelated to the provider, a Board shall ensure that there are in effect, under local law, requirements applicable to the listed family homes designated to protect the health and safety of children. Pursuant to 45 CFR §98.41, the requirements shall include:]

[(A) The prevention and control of infectious diseases (including immunizations);]

[(B) building and physical premises safety; and]

[(C) minimum health and safety training appropriate to the child care setting.]

(c) Except as provided by the criteria for TRS Provider certification, a Board or the Board's child care contractor shall not place requirements on regulated providers that:

(1) exceed the state licensing requirements stipulated in Texas Human Resources Code, Chapter 42; or

(2) have the effect of monitoring the provider for compliance with state licensing requirements stipulated in Texas Human Resources Code, Chapter 42.

(d) When a Board or the Board's child care contractor, in the course of fulfilling its responsibilities, gains knowledge of any possible violation regarding regulatory standards, the Board or its child care contractor shall report the information to the appropriate regulatory agency.

(e) For relative child care providers to be eligible for reimbursement for Commission-funded child care services, the following applies:

(1) Relative child care providers shall list with DFPS; however, pursuant to 45 CFR §98.41(e), relative child care providers listed with DFPS shall be exempt from the health and safety requirements of 45 CFR §98.41(a) and subsection (b)(2) of this section.

(2) A Board shall allow relative child care providers to care for a child in the child's home (in-home child care) only for the following:

(B) A child under 18 months of age, and his or her siblings;

(C) A child of a teen parent; and

(D) When the parent's work schedule requires evening, overnight, or weekend child care in which taking the child outside of the child's home would be disruptive to the child.

(3) A Board may allow relative in-home child care for circumstances in which the Board's child care contractor determines and documents that other child care provider arrangements are not available in the community.

(f) Boards shall ensure that subsidies are not paid for a child at the following child care providers:

(1) Except for foster parents authorized by DFPS pursuant to §809.49, licensed [Licensed] child care centers, including before- or after-school programs and school-age programs, in which the parent or his or her spouse, including the child's parent or stepparent, is the director or assistant director, or has an ownership interest; or

(2) Licensed, registered, or listed child care homes where the parent also works during the hours his or her child is in care.

§809.92. Provider Responsibilities and Reporting Requirements.

(a) A Board shall ensure that providers are given written notice of and agree to their responsibilities, reporting requirements, and requirements for reimbursement under this subchapter prior to enrolling a child.

(b) Providers shall:

(1) be responsible for collecting the parent share of cost as assessed under §809.19 before child care services are delivered;

(2) be responsible for collecting other child care funds received by the parent as described in §809.21(2);

(3) report to the Board or the Board's child care contractor instances in which the parent fails to pay the parent share of cost; and

(4) follow attendance reporting and tracking procedures required by the Commission under §809.95, the[,] Board, or, if applicable, the Board's child care contractor. [At a minimum, the provider shall:]

[(A) document and maintain a record of each child's attendance and submit attendance records to the Board's child care contractor upon request;]

[(B) inform the Board's child care contractor when an enrolled child is absent; and]

[(C) inform the Board's child care contractor that the child has not attended the first three days of scheduled care. The provider has until the close of the third day of scheduled attendance to contact the Board's child care contractor regarding the child's absence.]

(c) Providers shall not charge the difference between the provider's published rate and the amount of the Board's reimbursement rate as determined under §809.21 to parents:

(1) who are exempt from the parent share of cost assessment under §809.19(a)(2); or

(2) whose parent share of cost is calculated to be zero pursuant to §809.19(f).

(d) A Board may develop a policy that prohibits providers from charging the difference between the provider's published rate and the amount of the Board's reimbursement rate (including the assessed parent share of cost) to all parents eligible for child care services.

(e) Providers shall not deny a child care referral based on the parent's income status, receipt of public assistance, or the child's protective service status.

(f) Providers shall not charge fees to a parent receiving child care subsidies that are not charged to a parent who is not receiving subsidies.

§809.93. Provider Reimbursement.

(a) A Board shall ensure that reimbursement for child care is paid only to the provider.

(b) A Board or its child care contractor shall reimburse a regulated provider based on a child's monthly enrollment authorization.

(c) [(b)] A Board shall ensure that a relative child care provider is not reimbursed for days on which the child is absent.

(d) [(c)] A relative child care provider shall not be reimbursed for more children than permitted by the DFPS minimum regulatory standards for Registered Child Care Homes. A Board may permit more children to be cared for by a relative child care provider on a case-by-case basis as determined by the Board.

(e) [(d)] A Board shall not reimburse providers that are debarred from other state or federal programs unless and until the debarment is removed.

(f) [(e)] Unless otherwise determined by the Board and approved by the Commission for automated reporting purposes, reimbursement for child care is based on the unit of service delivered, as follows:

(1) A full-day unit of service is 6 to 12 hours of care provided within a 24-hour period; and

(2) A part-day unit of service is fewer than 6 hours of care provided within a 24-hour period.

(g) [(f)] A Board or its child care contractor shall ensure that providers are not paid for holding spaces open [except as consistent with attendance policies as established by the Board].

(h) [(g)] A Board or the Board's child care contractor shall not pay providers:

(1) less, when a child enrolled full time occasionally attends for a part day; or

(2) more, when a child enrolled part time occasionally attends for a full day.

(i) [(h)] The Board or its child care contractor shall not reimburse a provider retroactively for new Board maximum reimbursement rates or new provider published rates.

(j) [(i)] A Board or its child care contractor shall ensure that the parent's travel time to and from the child care facility and the parent's work, school, or job training site is included in determining whether to authorize reimbursement for full-day or part-day care under subsection (f) [subsection (e)] of this section.

§809.94. Providers Placed on Corrective or Adverse Action by the Texas Department of Family and Protective Services.

(a) For a provider placed on evaluation corrective action (evaluation status) by DFPS, Boards shall ensure that:

(1) parents with children enrolled in Commission-funded child care are notified in writing of the provider's evaluation status no later than five business days after receiving notification from the Agency of DFPS' decision to place the provider on evaluation status; and

(2) parents choosing to enroll children in Commission-funded child care with the provider are notified in writing of the provider's evaluation status prior to enrolling the children with the provider.

(b) For a provider placed on probation corrective action (probationary status) by DFPS, Boards shall ensure that:

(1) parents with children in Commission-funded child care are notified in writing of the provider's probationary status no later than five business days after receiving notification from the Agency of DFPS' decision to place the provider on probationary status; and

(2) no new referrals are made to the provider while on probationary status.

(c) A parent receiving notification of a provider's evaluation or probationary status with DFPS pursuant to subsections (a) and (b) of this section may transfer the child to another eligible provider without being subject to the Board transfer policies described in §809.71(3) [~~choose to continue the enrollment of a child with the provider~~] if the parent requests the transfer within 14 [~~signs and returns to the Board's child care contractor within 10~~] business days of receiving such notification [~~a written acknowledgment that the parent is aware of the provider's status with DFPS, but chooses to enroll the child with the provider~~].

(d) For a provider placed on evaluation or probationary status by DFPS, Boards shall ensure that the provider is not reimbursed at the Boards' enhanced reimbursement rates described in §809.20 while on evaluation or probationary status.

(e) For a provider against whom DFPS is taking adverse action, Boards shall ensure that:

(2) children enrolled in Commission-funded child care with the provider are transferred to another eligible provider no later than five business days after receiving notification from the Agency that DFPS intends to take adverse action against the provider; and

(3) no new referrals for Commission-funded child care are made to the provider while DFPS is taking adverse action.

(f) For adverse actions in which DFPS has determined that the provider poses an immediate risk to the health or safety of children and cannot operate pending appeal of the adverse action, but for which there is a valid court order that overturns DFPS' determination and allows the provider to operate pending administrative review or appeal, Boards shall take action consistent with subsection (e) of this section.

§809.95. Provider Automated Attendance Agreement.

Boards shall notify providers of the following:

(1) Employees of child care providers shall not:

(A) possess, have on the premises, or otherwise have access to the attendance card of a parent or secondary cardholder;

(B) accept or use the attendance card or PIN of a parent or secondary cardholder; or

(3) limiting the enrollment of the parent's child to a regulated child care provider;

(4) terminating care during the 12-month eligibility period if eligibility was determined using fraudulent information provided by the parent; or

(5) [~~(4)~~] any other action consistent with the intent of the governing statutes or regulations to investigate, prevent, or stop suspected fraud.

Adopted rules may not be withdrawn. (Government Code, §2001.027)

ADOPTED RULES

Adopted rules include new rules, amendments to existing rules, and repeals of existing rules. If a rule is adopted without change to the text of the proposed rule, then the *Texas Register* does not republish the rule text here. If a rule is adopted with change to the text of the proposed rule, then the final rule text is included here. The final rule text will appear in the Texas Administrative Code on the effective date.

TITLE 1. ADMINISTRATION

PART 2. TEXAS ETHICS COMMISSION

CHAPTER 8. ADVISORY OPINIONS

1 TAC §8.7

The Texas Ethics Commission (the commission) adopts an amendment to Texas Ethics Commission Rules §8.7, regarding the contents of a request for an advisory opinion. The amendment is adopted without changes to the proposed text as published in the April 29, 2016, issue of the *Texas Register* (41 TexReg 3023) and will not be republished.

Any person who is subject to a law within the commission's jurisdiction can submit a written advisory opinion request to the commission that asks how that law applies to their circumstances. In order to obtain an opinion, the requestor must first show that they have standing to request the opinion. The amendment requires any advisory opinion request to disclose the requestor's identity so that the commission can confirm that the requestor has standing to request the opinion. State law requires the name of a requestor to be confidential (unless waived), and the amendment does not affect that requirement.

Public Comment

Mr. Trey Trainor verbally addressed the commission during the commission's public meeting held on June 1, 2016, and spoke in opposition to the proposed amendment, stating that the identity of a requestor should not be required to be disclosed in an advisory opinion request. The commission did not agree with the comments and adopted the rule to further the determination of standing and the equal treatment of requestors in the advisory opinion request process. Additionally, the commission maintains the required confidentiality of any person requesting an advisory opinion and decisions made in the advisory opinion process are not based upon the identity of a requestor.

The amendment to §8.7 is adopted under Texas Government Code §571.062, which authorizes the commission to adopt rules concerning the laws administered and enforced by the commission.

The amendment to §8.7 affects Subchapter D, Chapter 571, of the Texas Government Code.

The agency certifies that legal counsel has reviewed the adoption and found it to be a valid exercise of the agency's legal authority.

Filed with the Office of the Secretary of State on June 2, 2016.

CHAPTER 20. REPORTING POLITICAL CONTRIBUTIONS AND EXPENDITURES

SUBCHAPTER A. GENERAL RULES

1 TAC §20.1

The Texas Ethics Commission (the commission) adopts an amendment to Texas Ethics Commission Rules §20.1, by adding a definition for "school district." The amendment is adopted without changes to the proposed text as published in the April 29, 2016, issue of the *Texas Register* (41 TexReg 3023) and will not be republished.

In the 2015 session, the Texas Legislature passed House Bill 1114 requiring a specific-purpose committee (SPAC) "created to support or oppose a measure on the issuance of bonds by a school district" to file campaign finance reports with the commission instead of the district. Those SPACs must now file a campaign treasurer appointment with the respective district and all campaign finance reports with the commission. Title 15 of the Election Code does not define the term "school district." Section 130.122, Education Code, and article VII, section 3, of the Texas Constitution indicate that a court would likely consider a junior college district or community college district to be a "school district" for purposes of the requirement that an SPAC supporting or opposing a bond issued by a "school district" file its reports with the commission.

No comments were received regarding the proposed amendment.

The amendment to §20.1 is adopted under Texas Government Code §571.062, which authorizes the commission to adopt rules concerning the laws administered and enforced by the commission.

The amendment to §20.1 affects Title 15 of the Texas Election Code.

The agency certifies that legal counsel has reviewed the adoption and found it to be a valid exercise of the agency's legal authority.

CHAPTER 34. REGULATION OF LOBBYISTS
SUBCHAPTER A. GENERAL PROVISIONS

1 TAC §34.5

The Texas Ethics Commission (the commission) adopts an amendment to Texas Ethics Commission Rules §34.5, regarding whether compensation received for certain activities does not require a person to register as a lobbyist. The rule is adopted without changes to the proposed text as published in the April 29, 2016, issue of the *Texas Register* (41 TexReg 3024) and will not be republished.

Section 305.003 of the Texas Government Code requires, in part, a person to register when the person exceeds $1,000 in a calendar quarter to lobby a member of the legislative or executive branch to influence legislation or administrative action. A person is also required to register when the person's compensation exceeds $1,000 in a calendar quarter and the person makes such communications as part of their regular employment. When calculating the amount of compensation a person receives, commission rule §34.5 excludes compensation received for certain types of activities listed in the rule.

The amendment clarifies that rule §34.5 means that a person does not have to register if their only lobby activity is receiving compensation for certain listed activities. If a person has other activities that are not exempt, and the person exceeds the compensation or expenditure threshold, then registration and reporting of all compensation for lobbying is required, unless that activity is exempt from disclosure by other law. Additionally, if a person chooses to register when registration is not required, then the person must report their lobby compensation, even if it is for activities listed in rule §34.5.

No comments were received regarding the proposed amendment.

The amendment to §34.5 is adopted under Texas Government Code §571.062, which authorizes the commission to adopt rules concerning the laws administered and enforced by the commission.

The amendment to §34.5 affects Chapter 305 of the Texas Government Code.

The agency certifies that legal counsel has reviewed the adoption and found it to be a valid exercise of the agency's legal authority.

1 TAC §34.14

The Texas Ethics Commission (the commission) adopts new Texas Ethics Commission Rules §34.14, regarding Expenditures for Fact-Finding Trips. The rule is adopted with changes to the proposed text as published in the April 29, 2016, issue of the *Texas Register* (41 TexReg 3025) and will be republished. The change to the proposed text was nonsubstantive.

Section 34.14 relates to when an expenditure for transportation or lodging provided by a lobbyist to a member of the legislative or executive branch would be for a fact-finding trip. Section 305.024 of the Texas Government Code restricts travel expenditures by lobbyists for members of the legislative and executive branches. However, §305.025(4) permits a lobbyist to provide, in part, "necessary expenditures for transportation and lodging when the purpose of the travel is to explore matters directly related to the duties of a member of the legislative or executive branch, such as fact-finding trips." The adopted rule §34.14 provides clarity on what constitutes a fact-finding trip and how to disclose the purpose of such an expenditure on a lobby activities report when detailed itemization is required.

No written comments were received regarding the proposed new rule. However, Jack Gullahorn, of Jack W. Gullahorn, P.C., verbally addressed the commission during the commission's public meeting held on June 1, 2016. Mr. Gullahorn spoke in opposition to the proposed rule and suggested in §34.14(a)(2) the addition of the word "reasonably" and the substitution of the words "can not" for "cannot," which was suggested as unclear. The commission agreed with the addition of "reasonably" but disagreed that the word "cannot" is unclear.

The new rule, §34.14, is adopted under Texas Government Code §571.062, which authorizes the commission to adopt rules concerning the laws administered and enforced by the commission.

The adopted new rule, §34.14, affects Chapter 305 of the Government Code.

§34.14. Expenditures for Fact-Finding Trips

(a) For purposes of §305.025(3), Government Code, an expenditure for transportation or lodging provided to a member of the legislative or executive branch is for a fact-finding trip only if:

(1) the expenditure is necessary for the member to obtain information that directly relates to the member's official duties;

(2) the member cannot reasonably obtain the information without the expenditure; and

(3) the expenditure is not for the member's attendance at a merely ceremonial event or pleasure trip.

(b) If an expenditure made for transportation or lodging for a fact-finding trip is required to be disclosed on a lobby activities report by §305.0061(a), Government Code, the purpose of the transportation or lodging must include a description of the information that the expenditure was necessary to obtain under subsection (a) of this section.

The agency certifies that legal counsel has reviewed the adoption and found it to be a valid exercise of the agency's legal authority.

CHAPTER 46. DISCLOSURE OF INTERESTED PARTIES

1 TAC §46.3

The Texas Ethics Commission (the commission) adopts amendments to Texas Ethics Commission Rules §46.3, regarding definitions related to §2252.908, Texas Government Code. The rule is adopted without changes to the proposed text as published in the April 29, 2016, issue of the *Texas Register* (41 TexReg 3026) and will not be republished.

House Bill 1295, adopted by the 84th Legislature, created §2252.908, Texas Government Code, to require a business entity entering into certain contracts with a governmental entity or state agency to file with the governmental entity or state agency a disclosure of interested parties at the time the business entity submits the signed contract to the governmental entity or state agency. Section 46.3 defines relevant terms used in §2252.908. Since the adoption of §46.3, the commission has received numerous inquiries regarding the definitions of several terms related to §2252.908 and the amendments are intended to address some of those concerns and to further the intent of §2252.908. The amendments change the definitions of "contract," "controlling interest," and "intermediary" and add definitions for the terms "signed" and "value."

Section 46.1 of the commission's rules provides that the disclosure requirement applies to contracts that meet either of the following conditions: (1) requires an action or vote by the governing body of the entity or agency; or (2) the value of the contract is at least $1 million. The definition of "value" of a contract is added to clarify that the value of a contract is based on the amount of consideration received or to be received by the business entity from the governmental entity or state agency under the contract.

The definition of "contract" is amended to mean a contract between a governmental entity or state agency and a business entity at the time it is voted on by the governing body or at the time it binds the governmental entity or state agency, whichever is earlier. The term includes an amended, extended, or renewed contract, which is unchanged by the amendments.

The definition of "controlling interest" is amended to provide that service as an officer of a business entity that has four or fewer officers, or service as one of the four officers most highly compensated by a business entity that has more than four officers, would not constitute a controlling interest if the officer is an officer of a publicly held business entity or its wholly owned subsidiary.

The definition of "intermediary" is amended to exclude an employee of an entity with a controlling interest in the business entity.

The definition of "signed" is added, providing that the term includes any symbol executed or adopted by a person with present intention to authenticate a writing, including an electronic signature.

Public Comment

The Independent Bankers Association of Texas submitted written comments in support of the amendments to §46.3(c)(3) and §46.3(g) and suggested the addition of the word "written" before the term "contract." The comments also suggested an additional amendment to the definition of "value" and an exception in the definition of "interested party" for bank officers.

The Texas Municipal League submitted written comments against the amendment to the term "contract" and suggesting an additional amendment to the definition of "contract."

The Associated General Contractors of Texas submitted written comments requesting that the definition of "contract" be amended to require the submission of a disclosure under §2252.908 ("Form 1295") to be required only at the initial execution of a contract. The comments also requested that the rules allow Form 1295 to be filed by certain electronic methods and proposing an alternative filing through qualification.

The commission did not determine that the suggested amendments were necessary to implement §2252.908. The commission determined that the amendments, as proposed by the commission, were consistent with the statutory language in §2252.908.

The amendments to §46.3 are adopted under Texas Government Code §2252.908(g), which requires and authorizes the commission to adopt rules necessary to implement §2252.908 of the Texas Government Code.

The amendments to §46.3 affect §2252.908 of the Texas Government Code.

The agency certifies that legal counsel has reviewed the adoption and found it to be a valid exercise of the agency's legal authority.

1 TAC §46.5

The Texas Ethics Commission (the commission) adopts amendments to Texas Ethics Commission Rules §46.5, relating to §2252.908 of the Texas Government Code, to clarify that a description of a contract includes property other than services or goods and to amend the timing of a notification to the commission of a receipt of a completed disclosure form and certification of filing. The rules are adopted without changes to the proposed text as published in the April 29, 2016, issue of the *Texas Register* (41 TexReg 3027) and will not be republished.

House Bill 1295, adopted by the 84th Legislature, created §2252.908, Texas Government Code, to require a business entity entering into certain contracts with a governmental entity or state agency to file with the governmental entity or state agency a disclosure of interested parties at the time the business entity submits the signed contract to the governmental entity or state

agency. Section 46.5 is amended to provide guidance on the proper completion of the disclosure ("Form 1295"), which the commission adopted on October 5, 2015, and revised on April 8, 2016, to be used by business entities to disclose interested parties in accordance with §2252.908. Section 46.5 also provides the manner in which a governmental entity or state agency shall notify the commission of the receipt of filings under the rule and the manner in which the commission shall make the disclosure of interested parties form available on the commission's Internet website.

The amendments to §46.5(a)(4) change the phrase "goods or services" to "services, goods, or other property" to ensure that contracts regarding real estate are covered by the disclosure requirement. Further, the rule previously required a governmental entity to notify the commission that it had received a completed disclosure of interested parties form and certification of filing not later than the 30th day after the date the contract was binding. The amendment to §46.5(c) changes the notification deadline to the 30th day after the date the governmental entity or state agency receives the disclosure, in order to more closely track the language of §2252.908.

Public Comment

The Texas Municipal League submitted written comments agreeing with the proposed amendment to §46.5(c) and suggested an amendment to provide that a governmental entity or state agency is deemed to have received a disclosure under §2252.908(f) when all parties are bound to the contract. The commission did not agree with the suggestion and determined that the language in the amendment, as proposed by the commission, is more consistent with the statutory language of §2252.908. The comments also requested an amendment to certain language included in Form 1295, which is a form adopted separately from rule amendments.

Allen Boone Humphries Robinson LLP of Austin, Texas also submitted written comments on the proposed amendments. The comments partially agreed with the amendment to §46.5(c), but suggested that the rule be amended to apply to a "required completed disclosure." The commission did not agree with the suggestion, as the language in the amendment, as proposed by the commission, is more consistent with the statutory language of §2252.908.

The amendments to §46.5 are adopted under Texas Government Code §2252.908(g), which requires and authorizes the commission to adopt rules necessary to implement Texas Government Code §2252.908.

The amendments to §46.5 affect §2252.908 of the Texas Government Code.

The agency certifies that legal counsel has reviewed the adoption and found it to be a valid exercise of the agency's legal authority.

PART 15. TEXAS HEALTH AND HUMAN SERVICES COMMISSION

CHAPTER 351. COORDINATED PLANNING AND DELIVERY OF HEALTH AND HUMAN SERVICES

The Texas Health and Human Services Commission (HHSC) adopts new Subchapter A, concerning General Provisions, to include all rules currently in Chapter 351, except §351.3. HHSC adopts amendments to §351.2, concerning Petition for the Adoption of a Rule; the repeal of §351.3, concerning Purpose, Task and Duration of Advisory Committees; and new Subchapter B, concerning Advisory Committees, §§351.801, 351.803, 351.805, 351.807, 351.809, 351.811, 351.813, 351.815, 351.817, 351.819, 351.821, 351.823, 351.825, 351.827, 351.829, 351.831, 351.833, 351.835, and 351.837. Sections 351.2, 351.3, 351.801, 351.803, 351.807, 351.809, 351.811, 351.813, 351.815, 351.817, 351.819, 351.821, 351.823, 351.825, 351.829, 351.831, 351.833, 351.835, and 351.837 are adopted without changes to the proposed text as published in the April 15, 2016, issue of the *Texas Register* (41 TexReg 2641) and will not be republished. Section 351.805 and §351.827 are adopted with changes and will be republished.

BACKGROUND AND JUSTIFICATION

Senate Bill (S.B.) 200 and S.B. 277, 84th Legislature, Regular Session, 2015, removed 38 advisory committees from statute and authorized the HHSC Executive Commissioner to reestablish committees in rule. As part of implementing this directive, HHSC evaluated the ongoing need for each advisory committee and requested stakeholder feedback. After the HHSC Executive Commissioner reviewed this information and made final decisions, HHSC published a list of committees that were either consolidated in some way, continued as they are currently, or discontinued. The list of committees that will be continued was posted in the *Texas Register* on October 30, 2015 (40 TexReg 7726). The adopted new rules include a new rule for each committee, including information such as purpose, tasks, and membership.

The amendments to §351.2, concerning Petition for the Adoption of a Rule, update outdated language in the rule, such as references to the Texas Board of Health.

COMMENTS

The 30-day comment period ended May 16, 2016. During this period, HHSC received a comment regarding the new rules from one commenter, the Coalition for Nurses in Advanced Practice. A summary of the comment and HHSC's response follows.

Comment: Regarding proposed §351.827 (Palliative Care Interdisciplinary Advisory Council), the commenter suggests amending proposed §351.827(d)(2)(C)(i) to add "or practitioner" after the word "physician" because hospice rules refer to "attending physician" and "attending practitioner" as synonymous terms.

Response: HHSC revised the rule as suggested.

HHSC revised proposed §351.805(a), (d), and (e)(2) (State Medicaid Managed Care Advisory Committee) on its own motion to cite Texas Government Code §533.041(a). Following the enactment of S.B. 200, it is unclear whether any part of §533.041 other

than subsection (a) survives: Section 3.40(a)(18) of the bill repealed Texas Government Code Chapter 533, Subchapters B and C in their entirety, including §533.041. Section 2.24 of the same bill, on the other hand, expressly amended Texas Government Code §533.041(a). HHSC thus believes that §533.041(a) continues in existence despite the general repeal. *See* Tex. Gov't Code §311.025 (stating that irreconcilable amendments adopted during the same legislative session should be harmonized if possible so that each may be given effect). HHSC need not here decide whether any other portion of §533.041 remains in effect.

SUBCHAPTER A. GENERAL PROVISIONS

STATUTORY AUTHORITY

The amendment is adopted under Texas Government Code §531.033, which provides the Executive Commissioner of HHSC with broad rulemaking authority; Texas Human Resources Code §32.021 and Texas Government Code §531.021(a), which provide HHSC with the authority to administer the federal medical assistance (Medicaid) program in Texas; and Texas Government Code §531.012(c), which requires the Executive Commissioner to adopt rules governing advisory committees that are established under §531.012.

SUBCHAPTER A. GENERAL PROVISIONS

1 TAC §351.701

The Texas Health and Human Service Commission (HHSC) adopts amendments to §351.701, concerning Unrelated Donor Umbilical Cord Blood Bank Program, without changes to the proposed text as published in the March 25, 2016, issue of the *Texas Register* (41 TexReg 2261) and will not be republished.

BACKGROUND AND JUSTIFICATION

The current rule, §351.701, expired by its terms on August 31, 2004, but was never repealed. The amended rule §351.701 ensures that it clearly applies to the program.

In 2001, the Texas Legislature required the Health and Human Services Commission (HHSC) to establish a grant program for the establishment of an umbilical cord blood bank and authorized HHSC to adopt rules as necessary to implement the umbilical cord blood bank program. *See* Act of May 27, 2001, 77th Leg., R.S., ch. 1198, 2001 Tex. Gen. Laws 2719, 2719-20 (H.B. 3572). The Texas Legislature has, since that time, appropriated funds to HHSC for the purpose awarding "a grant of start-up money to establish an umbilical cord blood bank for recipients of blood and blood components who are unrelated to the blood donors."

The 2016-17 General Appropriations Act, H.B. 1, 84th Legislature, Regular Session, 2015 (Article II, Health and Human Services Commission, Rider 59) appropriates $1,000,000 in General Revenue Funds in fiscal year 2016 and $1,000,000 in General Revenue Funds in fiscal year 2017 for this purpose. Rider 59 further requires HHSC to enter into a contract with a public cord blood bank in Texas for gathering umbilical cord blood from live births and retaining the blood at an unrelated donor cord blood bank for the primary purpose of making umbilical cord blood available for transplantation purpose. The contracting blood bank must be accredited by the American Association of Blood Banks and the International Organization for Standardization.

The rule amendments are part of the implementation of Rider 59.

COMMENTS

The 30-day comment period ended April 24, 2016. During this period, HHSC did not receive any comments regarding the amended rule.

STATUTORY AUTHORITY

The amendments are adopted under the uncodified Act of May 27, 2001, 77th Leg., R.S., ch. 1198, 2001 Tex. Gen. Laws 2719, 2719-20, which requires HHSC to establish a grant program for the establishment of an umbilical cord blood bank; requires the Executive Commissioner to establish eligibility criteria by rule; and provides generally for the adoption of rules necessary to implement the act.

The agency certifies that legal counsel has reviewed the adoption and found it to be a valid exercise of the agency's legal authority.

TITLE 16. ECONOMIC REGULATION

PART 4. TEXAS DEPARTMENT OF LICENSING AND REGULATION

16 TAC §§110.1, 110.12, 110.14 - 110.25, 110.30, 110.70, 110.80, 110.90, 110.95

The Texas Commission of Licensing and Regulation (Commission) adopts new rules at 16 Texas Administrative Code (TAC) Chapter 110, §§110.1, 110.12, 110.14 - 110.20, 110.24, 110.30, 110.70, 110.90 and 110.95, regarding the Athletic Trainers program, without changes to the proposed text as published in the December 25, 2015, issue of the *Texas Register* (40 TexReg 9406). The rules will not be republished.

The Commission also adopts new rules at 16 TAC Chapter 110, §§110.21 - 110.23, 110.25 and 110.80 with changes to the proposed text as published in the December 25, 2015, issue of the *Texas Register* (40 TexReg 9406). The rules will be republished.

The Texas Legislature enacted Senate Bill 202 (S.B. 202), 84th Legislature, Regular Session (2015), which, in part, transferred 13 occupational licensing programs in two phases from the Department of State Health Services (DSHS) to the Commission and the Texas Department of Licensing and Regulation (Department). The Athletic Trainers program is part of the phase 1 transfer.

The adopted new rules under 16 TAC Chapter 110 are necessary to implement S.B. 202 and to regulate the Athletic Trainers program under the authority of the Commission and the Department. The rules provide for the Department to perform the various functions, including licensing, compliance, and enforcement, necessary to regulate the program. These adopted new rules are separate from and are not to be confused with the DSHS rules located at 22 TAC Chapter 871, regarding the Athletic Trainers program.

The rule sections are adopted with an effective date of October 1, 2016. The Department will officially commence all regulatory functions for the Athletic Trainers program on October 3, 2016.

Adopted new §110.90 provides the administrative penalties and sanctions.

Adopted new §110.95 establishes the enforcement authority of the Department.

The Department drafted and distributed the proposed rules to persons internal and external to the agency. The proposed rules were published in the December 25, 2015, issue of the *Texas Register* (40 TexReg 9406). The deadline for public comments was January 25, 2016. The Department received comments from fourteen interested parties on the proposed rules during the 30-day public comment period.

Comment--One commenter did not make any suggested changes to the proposed rules as posted but simply asked if there were any monumental changes to the rules from when they were with the Department of State Health Services (DSHS).

Department Response--The Department appreciates the comment. The commenter does not make a specific recommendation or address a specific topic or rule. Therefore, the Department does not believe that any change should be made to the rules based on these comments at this time.

Comment--Ten individual commenters submitted written comments and two associations. The Executive Director of Texas State Athletic Trainers Association and the President of South West Texas Athletic Trainers Association gave oral comments at the advisory board meeting asking to increase the amount of continuing education allowed through on-line education over the two year renewal period. Comments raised the issues that 1) on-line continuing education would give relief to licensees who could not afford travel costs or resolve personal obligations to travel; 2) many online courses currently exist; 3) the national certification board, "BOC", does not have that bar to online hours.

Department Response--The advisory board voted 3-2 to increase the number of on-line hours allowed for renewal be increased to 20 hours for each renewal period. The two members who voted against the change wished to remove any limit on the number of hours allowed for obtaining continuing education online. The advisory board agreed to continue to examine the topic for further change as TDLR takes over regulation on October 3, 2016. Upon consideration, the Commission changed this rule to remove any limit on the number of online continuing education hours for license renewal.

Comment--One comment advocated changing the definition of "athlete".

Department Response--This definition is largely controlled by the statutory definition of "athletic injury" under §451.001(1) of the Texas Occupations Code. As such, the Department does not feel any change to the rule is necessary at this time.

Comment--One commenter wished to amend §110.21 to include a new subsection to specifically delineate "emergency care" or "first aid" in the 24 hours of class requirements.

Department Response--The advisory board did not recommend change. The current rules sufficiently delineate the educational requirements. Therefore, the Department does not believe that any change should be made to the rules based on these comments at this time.

Comment--One commenter did not make a specific recommendation but simply asks why supervision of an apprentice could be done out of state.

Department Response--The advisory board did not recommend change. Board members discussed that there are programs out of state and as such, supervision of an apprentice could be out of state. Therefore, the Department does not believe that any change should be made to the rules based on this comment at this time.

Comment--One commenter advocated that the rules indication of supervision done by a doctor, athletic trainer, or physical therapist should be amended to simply indicate, "health care professional."

Department Response--The advisory board did not recommend change for this terminology could be overbroad and include health care professionals outside the scope of necessary expertise. Therefore, the Department does not believe that any change should be made to the rules based on this comment at this time.

Comment--One commenter advocated that §110.21 be changed to demonstrate "clinical experience" and add management and organization instruction as well.

Department Response--The advisory board did not recommend change for this terminology at this time. However, this may be later referred to a workgroup for further consideration. Therefore, the Department does not believe that any change should be made to the rules based on this comment at this time.

Comment--One commenter advocated that the rules for working hours require 20 hours of work a week for each week during the fall semester. Commenter does not provide a specific recommendation, but advocates that this does not leave much time to study.

Department Response--This requirement is a statutory requirement under §451.153 and may not be changed by rule. The Department did not make any changes to the rule based on this comment.

Comment--One commenter advocated that the CPR requirement for initial licensure under §110.21 be changed from "adult" to "professional rescuer" CPR.

Department Response--The advisory board suggested that the change is beneficial for the industry but this is largely industry practice at this time. The advisory board advised that the change in requirement from "adult" CPR to "professional rescuer" CPR would not be a substantive change to require a new posting of the rules because the regulatory burden is not increased on the licensing population. The board recommended the change to "professional rescuer" CPR in §110.21(e)(1) as a result of the comment. Based on the technical expertise of the advisory board and its recommendation, the Department adopted the rule with this change.

Comment--Commenter advocates that in §110.23(h) and (j) references to notice by "mail" be changed to indicate the department would simply notify applicants of exam matters. Currently, DSHS emails notifications.

Department Response--The Department agreed with the comment and changed the rule to simply indicate notice by the Department.

Comment--Commenter advocates to take out of §110.23(n) the date of January 1, 2004.

Department Response--After discussion, the advisory board discussed that this date is still relevant and as such, did not advocate any change. The Department does not advocate a change to the rules in response to this comment.

Comment--Commenter indicates the rules referring to a "licensed athletic trainer or sports trainer" are outdated and should be removed.

Department Response--The commenter withdrew her comments after discussion with the full board. The advisory board did not recommend any change. As such, the Department recommends no change to the rules.

Comment--One commenter did not recommend any specific changes but disagreed with the deferring management of the Texas license to outside, private organizations. Furthermore, the commenter stated that allowing physical therapists and occupational therapists the path to become licensed with minimal coursework and apprenticeship requirements demeans the athletic trainer's license.

Department Response--The statute under §451.153(2) and (3) allows physical therapists and occupational therapists to become licensed athletic trainers. Given this statutory authority, the Department does not believe that any change in rule can limit what has been allowed in statute.

Comment--One commenter asked where suspicious behavior could be reported. He wanted to know if the Department would take over enforcement of active complaint cases.

Department Response--These comments are not relevant to the rules as posted. However, when the Department begins active regulation of the program on October 3, 2016, complaints may be made on the Department website. The Department will complete all active cases transferred by DSHS after October 3, 2016.

Comment--One commenter noted a mistake on the DSHS website.

Department Response--The Department appreciates the comment and will turn it over to DSHS.

The Board of Athletic Trainers met on November 9, 2015, to discuss a draft of the proposed rules with the Department before they were published in the *Texas Register* for public comment.

The Department staff met with DSHS staff to seek their technical expertise prior to the February 22, 2016, advisory board meeting. The Board of Athletic Trainers met again on February 22, 2016, to discuss the rule publication and the public comments received. The Board recommended that the Commission adopt the proposed rules as published in the *Texas Register* with changes made in response to public comment. At its meeting on April 13, 2016, the Commission adopted the proposed rules with changes as recommended by the Board, and with a change to remove any bar to online continuing education hours for license renewal.

The new rules are adopted under Texas Occupations Code, Chapters 51 and 451, which authorize the Commission, the Department's governing body, to adopt rules as necessary to implement these chapters and any other law establishing a program regulated by the Department.

The statutory provisions affected by the adoption are those set forth in Texas Occupations Code, Chapters 51 and 451. No other statutes, articles, or codes are affected by the adoption.

All documentation must be provided at the time of renewal.

(4) Failure to timely furnish this information or providing false information during the audit process or the renewal process are grounds for disciplinary action against the license holder.

(5) A licensee who is selected for a continuing education audit may renew through the online renewal process. However, the license will not be considered renewed until the required continuing education documents are received, accepted and approved by the department.

CHAPTER 111. SPEECH-LANGUAGE PATHOLOGISTS AND AUDIOLOGISTS

(Editor's Note: Due to editing errors in the proposed rulemaking notice, incorrect language appeared in 16 TAC §§111.131, 111.182, 111.213, and 111.220 as published in the January 8, 2016, issue of the Texas Register (41 TexReg 362). For the purpose of clarity, those sections are being republished in this issue as originally submitted by the Texas Department of Licensing and Regulation.)

These rules will not be republished.

The Commission also adopts new rules at 16 TAC Chapter 111, Subchapter F, §111.50 and Subchapter J, §111.90 with changes to the proposed text as published in the January 8, 2016, issue of the *Texas Register* (41 TexReg 362). These rules will be republished. As previously noted, §§111.131, 111.182, 111.213, and 111.220 will be republished for the purposes of clarification.

The Texas Legislature enacted Senate Bill 202 (S.B. 202), 84th Legislature, Regular Session (2015), which, in part, transferred 13 occupational licensing programs in two phases from the Department of State Health Services (DSHS) to the Commission and the Texas Department of Licensing and Regulation (Department). The Speech Language Pathologists and Audiologists program is part of the phase 1 transfer.

The adopted new rules under 16 TAC Chapter 111 are necessary to implement S.B. 202 and to regulate the Speech Language Pathologists and Audiologists program under the authority of the Commission and the Department. The Department drafted and distributed the proposed rules to persons internal and external to the agency. The proposed rules were published in the January 8, 2016, issue of the *Texas Register* (41 TexReg 362). The deadline for public comments was February 8, 2016. The Department received comments from ten interested parties, consisting of eight individuals, the Texas Speech-Language Hearing Association (TSHA), and the Texas Academy of Audiology on the proposed rules during the 30-day public comment period.

Comment--The Department received comments from the TSHA and from an individual regarding the number of direct and indirect supervision hours under §111.50(g)(3), Assistant in Speech-Language Pathology License--License Requirements. The commenters appreciated the flexibility given in supervising the licensed assistants while maintaining a minimum of eight hours per month of supervision, at least four hours of which are direct supervision. The commenters had some concern with the telehealth and telepractice provisions that may be used for up to seven hours of supervision. The commenters stated that due to the complexity and variety of the communication disorders serviced by speech language pathologists, not all patients/clients/students would be appropriate candidates for treatment via telepractice, which is also a concern regarding the supervision of a licensed assistant. The commenters stated that they would support the use of telepractice for up to four hours of indirect supervision and up to one hour of direct supervision, for a total of up to five hours of supervision by telepractice.

Department Response--Based on the public comments and the Advisory Board discussion and recommendation, the Department has made changes to §111.50(g)(3). The number of in person and onsite supervision hours was increased from one hour to two hours, and the total number of hours that may be supervised using telepractice was decreased from seven hours to six hours. The Advisory Board did not think it would be more burdensome to the supervisor to increase the in person and onsite hours of supervision from one hour to two hours per month, since this type of supervision could occur in one supervision trip

or session and that the two hours did not need to be conducted during separate trips or sessions during the month. The Department made other changes to §111.50(g)(3) based on a separate comment discussed below.

Comment--The Department received another comment from an individual regarding §111.50(g)(3), Assistant in Speech-Language Pathology License--License Requirements, and §111.213, Limitations on the Use of Telecommunications Technology by Speech-Language Pathologists. The commenter had questions regarding the interaction between these two sections of the proposed rules. The commenter asked whether telepractice can be used for seven hours of supervision a month at the supervisor's discretion, or only if an exception to the supervisor plan is approved. The commenter stated that it is unclear in reading the proposed rules.

Department Response--In response to this public comment and the Advisory Board discussion and recommendations, the Department has amended §111.50(g)(3) by add clarifying language that the telehealth and telepractice provisions allowed by Subchapter V may be used for up to six hours of supervision without applying for the exception referenced under §111.213. The Department made changes in the number and type of supervision hours based on a separate comment on §111.50(g)(3) as discussed above. The Department did not make any changes to §111.213 in response to this comment.

Comment--The Department received another comment from an individual related to §111.50(g)(3), Assistant in Speech-Language Pathology License--License Requirements. The commenter was glad to see rule changes that positively affect the practice of speech-language pathology, and in particular, the changes that provide more flexibility for supervising assistants. The commenter stated that the changes, which allow for the supervision time to occur in monthly units, will allow very rural patients to receive services.

Department Response--The Department appreciates the comment on the proposed changes. The Department did not make any changes to the proposed rules in response to this comment.

Comment--The Department received another comment from an individual regarding §111.50(g)(3), Assistant in Speech-Language Pathology License--License Requirements. The commenter had a question about months such as December, when school is only in session for three weeks. The commenter asked whether licensees will be able to do six hours in that month or will they still be required to supervise eight hours in a three week time period.

Department Response--The licensee will still be required to supervise a minimum of eight hours per month. The proposed rule creates flexibility by allowing supervision hours to be conducted and counted on a monthly basis rather than on a weekly basis; however, the proposed rule does not change the minimum number of eight hours that must be supervised per month. The current DSHS rule at 22 TAC §741.64(h)(4) requires at least two hours of supervision per week, which means at least eight hours per month. The Department has retained the same total number of hours of supervision per month. The Department did not make any changes to the proposed rules in response to this comment.

Comment--The Department received comments from the TSHA and an individual regarding §111.214, Requirements for Providing Telehealth Services in Speech-Language Pathology. The commenters support and agree with the licensing requirement for providers of telehealth services who practice in Texas.

Department Response--The Department appreciates the comment on the proposed rule. The proposed rule reflects and carries over the current DSHS rule at 22 TAC §741.215, with updates to the appropriate licensing entity. The Department did not make any changes to the proposed rule in response to this comment.

Comment--The Department received comments from the TSHA and an individual regarding §111.212, Requirements for the Use of Telehealth by Speech-Language Pathologists. The commenters support the requirement for initial contact between a licensed speech-language pathologist and client to be at the same physical location to adequately assess the client's candidacy for telehealth services prior to the client receiving telehealth services.

Department Response--The Department appreciates the comment on the proposed rule. The proposed rule reflects and carries over the current DSHS rule at 22 TAC §741.213. The Department did not make any changes to the proposed rule in response to this comment.

Comment--The Department received comments from the TSHA and an individual regarding §111.90, Assistant in Audiology License--Licensing Requirements. The commenters identified a conflict between §111.90(e)(4)(A) and §111.90(f)(5)(A) and (D). In §111.90(e)(4)(A), the licensed assistant may conduct assessments for documenting progress in aural rehabilitation therapy; however, under §111.90(f)(5)(A) and (D), the licensed assistant shall not conduct aural rehabilitation activities or therapy or administer assessments during aural rehabilitation therapy. The individual commenter also stated that the assistant would not have training to perform these activities based on the proposed licensing requirements and training. Both commenters suggested the elimination of §111.90(e)(4)(A).

Department Response--Based on these public comments and the Advisory Board discussions and recommendations, the Department has removed §111.90(e)(4)(A). In addition, the Department has removed §111.90(e)(4)(B) based on the Advisory Board recommendation. The Advisory Board at its November 17, 2015, meeting discussed moving activities from the list of activities that an audiology assistant could do to the list of activities that the audiology assistant could not do as reflected in the Department proposed rules as published under §111.90(f)(4) and (f)(5). Section 111.90(e)(4) as published had another provision regarding aural rehabilitation that was not deleted or moved to the list of activities that the assistant could not do. The Department has deleted §111.90(e)(4)(A) to eliminate the conflict between §111.90(e)(4)(A) and §111.90(f)(5)(A) and (D) and to reflect the Advisory Board's discussion and intent that activities related to aural rehabilitation are to be included in the list of activities that an audiology assistant cannot perform. In addition, the Advisory Board also recommended deleting §111.90(e)(4)(B), which includes evaluations that the assistant cannot perform. This change would be consistent with the recently adopted DSHS rules that removed this provision.

Comment--The Department received comments from the Texas Academy of Audiology related to §111.90, Assistant in Audiology License--Licensing Requirements. The Texas Academy of Audiology submitted comments in support of the proposed rules changes, specifically regarding audiology assistants. The commenter stated that the current licensing requirements needed to be updated. The commenter stated that it was fully supportive of the proposed rule changes for the education requirements to include a high school diploma or equivalent and that the

change is entirely consistent with the position statements offered by both the American Academy of Audiology and the American Speech-Language-Hearing Association on this issue. The commenter also stated that the proposed rule changes for what duties the audiology assistant can and cannot perform have been appropriately addressed. The commenter does foresee future discussions about the specific training courses used, but stated that for now the Council for Accreditation of Occupational Hearing Conservation (CAOHC) training course is appropriate given the lack of alternatives.

Department Response--The Department appreciates the comments in support of the proposed changes. Regarding the training courses used, this may be an issue to be addressed by a work group in the future. The Department did not make any changes to the proposed rules in response to this comment.

Comment--The Department received a comment from the TSHA regarding §111.90, Assistant in Audiology License--Licensing Requirements. TSHA expressed its cautious support of the proposed rules to change the education requirement for a licensed assistant in audiology from a bachelor's degree to a high school diploma or GED. TSHA stated that the current education requirement for licensed assistants may be excessively restrictive, since there are very few licensed audiology assistants in Texas. TSHA also stated it was in support of a limit on the number of licensed assistants one licensed audiologist can supervise along with the specific requirements for on-site and in-person supervision. TSHA encouraged longitudinal tracking of this proposed rule change to insure consumer/client protection as well as to track an increase in the number of licensed assistants.

Department Response--The Department appreciates the comment on the proposed changes. The issues regarding tracking changes may be appropriate for future discussions by a work group. The Department did not make any changes to the proposed rules in response to this comment.

Comment--The Department received comments from the TSHA regarding §111.154, Requirements, Duties and Responsibilities of Supervisors. TSHA stated that it supports the clear description of the supervision requirements based on whether the assistant holds a baccalaureate degree or a high school diploma or equivalent. TSHA requested the elimination of the word "interns" as it relates to audiology assistants with a high school diploma or equivalent.

Department Response--The Department appreciates the comment regarding the clear description of the supervision requirements. The Department did not make the suggested change to remove the word "intern" from §111.154(e)(4)(C). The proposed rules address the total number of interns and/or assistants that can be supervised by a single supervisor and were modeled after the DSHS rules at 22 TAC §741.44(d)(4). The Department proposed rules do not address the total number of interns and the total number of assistants separately. The supervisor can supervise any combination of interns and assistants as long as the total number is not exceeded. At its November 17, 2015, meeting, the Advisory Board discussed that if the education requirements were changed for an audiology assistant from a bachelor's degree to a high school diploma or equivalent, the supervisor would not be able to supervise as many individuals. The proposed rules reflect the total number of interns and/or assistants that can be supervised if the audiology assistant holds a bachelor's degree or holds a high school diploma or equivalent. The Department did not make any changes to the proposed rules in response to this comment.

Comment--The Department received a comment from an individual regarding §111.154, Requirements, Duties and Responsibilities of Supervisors. The commenter agreed that an audiologist should not be allowed to supervise as many individuals if the assistants have a high school diploma or equivalent. The commenter requested that the Department keep the proposed rules under §111.154 regarding a supervisor supervising no more than a total of two (2) audiology interns and/or assistants, if an assistant holds a high school diploma or equivalent. The commenter stated that this is a strong change to make as compared to previous rules and stated that it is important to monitor patient services to determine the impact of this change.

Department Response--The Department appreciates the comment in support of the proposed changes. The issue regarding monitoring the impact of the changes may be appropriate for future discussions by a work group. The Department did not make any changes to the proposed rules in response to this comment.

Comment--The Department received a comment from an individual regarding §111.75(d)(2), Audiology License--Application and Eligibility Requirements. The commenter stated that a person who is requesting a waiver and has ASHA or ABA certification could have received certification prior to 2011, which means they could be a certified audiologist with a master's degree. The commenter recommended adding language as found in §111.80(e) (master's degree if the audiologists applied for the certification before September 1, 2011, or a doctoral degree if the audiologists applied for certification after September 1, 2011).

Department Response--Pursuant to Senate Bill 613, 82nd Legislature, Regular Session (2011), audiology license applicants must have at least a doctoral degree in audiology or a related hearing science for license applications filed on or after September 1, 2011. The ASHA or ABA certification only waives the clinical experience and examination requirements; it does not waive the education/degree requirements to obtain a license from the State. While an applicant may have obtained the ASHA or ABA certification before September 1, 2011, that date is relevant for purposes of the applicant filing the license application with the State. Texas Occupations Code Chapter 401 does not include reciprocity authority except as provided under §401.308 related to provisional licenses. The Department did not make any changes to the proposed rules in response to this comment.

Comment--The Department received comments from an individual regarding §111.80(f)(1), Intern in Audiology License--Licensing and Internship Requirements. The commenter discussed the 1600 hours of supervised clinical work. The comment noted that while it is not a new requirement, it assumes the individual with an audiology intern license will work 40 hours a week for 40 weeks. The commenter discussed other internship arrangements and placements and the potential impact of the 1600 hours on interns and schools. The commenter recommended considering a reduction in hours, and stated that even a reduction to 1500 hours would be beneficial to the licensees.

Department Response--The Department appreciates the comment on the proposed changes. The issue regarding the 1600 hours was discussed by the Advisory Board at its November 17, 2015, meeting, but it decided to leave the currently required 1600 hours in the proposed rules as published. As part of the Department's and Advisory Board's discussion of the public comments, the issue regarding the 1600 hours was assigned to a work group of the Advisory Board for further study. The Department did not

make any changes to the proposed rules in response to this comment.

Comment--The Department received comments by email and by mail from an individual regarding §111.30(a), Speech-Language Pathology License--Licensing Requirements. The commenter holds a Life-time Certification in Speech-Language-Hearing Therapy issued by the Texas Education Agency (TEA). The commenter is concerned that she and others who hold the TEA-issued certification, which allows them to practice within the public schools, will be prevented from doing so if they do not hold a license issued by the Department. The commenter stated that she completed all the necessary requirements at the time and obtained a valid life-time certification. The commenter suggested that proposed §111.30(a) be amended to add language referencing the "Life-time TEA Certification in the area of Speech-Language Pathology (restricted to the public schools)." The commenter requested that the Department consider "grandfathering in" the commenter and other therapists like her so they could continue in their profession.

Department Response--Section 111.30(a) implements Texas Occupations Code §401.301, License Required. The statute also provides exemptions from holding a license under Chapter 401, and one of these exemptions is §401.054, Persons Certified by Texas Education Agency. Chapter 401 only includes exemptions; it does not include any grandfathering authority or provisions. The Advisory Board discussed that the last time TEA issued one of the lifetime certifications was in 1995 and that there are approximately 400 people that currently hold this TEA certification. The Advisory Board discussed that there were two previous opportunities for persons holding the TEA certifications to grandfather into the speech-language pathology license if they had been practicing, but those opportunities have passed and are no longer available. The statute and the proposed rules do not affect persons practicing with the Life-time TEA Certification as long as they are practicing under the scope of that certification and under the authority of TEA. The Department did not make any changes to the proposed rules in response to this comment. §111.50. Assistant in Speech-Language Pathology License--Licensing Requirements.

(a) An individual shall not practice as an assistant in speech-language pathology without a current license issued by the department. An applicant for an assistant in speech-language pathology license must meet the requirement under the Act and this section. The applicant must meet the following requirements:

(1) possess a baccalaureate degree with an emphasis in communicative sciences or disorders;

(2) have acquired at least twenty-four (24) semester hours in speech-language pathology and/or audiology with a grade of "C" or above with the following conditions:

(A) at least 18 of the 24 semester hours must be in speech-language pathology;

(B) at least three of the 24 semester hours must be in language disorders;

(C) at least three of the 24 semester hours must be in speech disorders; and

(D) the 24 semester hours excludes clinical experience and course work such as special education, deaf education, or sign language; and

(3) have earned no fewer than twenty-five (25) hours of clinical observation in the area of speech-language pathology and twenty-five (25) hours of clinical assisting experience in the area of speech-language pathology obtained within an educational institution or in one of its cooperating programs or under the direct supervision at their place of employment.

(b) The baccalaureate degree shall be completed at a college or university which has a program accredited by the ASHA Council on Academic Accreditation or holds accreditation or candidacy status from a recognized regional accrediting agency.

(1) Original or certified copy of the transcripts showing the conferred degree shall be submitted and reviewed as follows:

(A) only course work earned within the past ten (10) years with a grade of "C" or above is acceptable;

(B) a quarter hour of academic credit shall be considered as two-thirds of a semester credit hour; and

(C) academic courses, the titles of which are not self-explanatory, shall be substantiated through course descriptions in official school catalogs or bulletins or by other official means.

(2) In the event the course work and clinical experience set out in subsection (a), were earned more than ten (10) years before the date of application for the assistant license, the applicant shall submit proof of current knowledge of the practice of speech-language pathology to be evaluated by the department.

(c) An applicant who possesses a baccalaureate degree with a major that is not in communicative sciences or disorders may qualify for the assistant license. The department shall evaluate transcripts on a case-by-case basis to ensure equivalent academic preparation, and shall determine if the applicant satisfactorily completed twenty-four (24) semester credit hours in communicative sciences or disorders, which may include some leveling hours.

(d) Degrees and/or course work received at foreign universities shall be acceptable only if such course work and clinical practicum hours may be verified as meeting the requirements of subsection (a). The applicant must bear all expenses incurred during the procedure. The department shall evaluate the documentation, which shall include an original transcript and an original report from a credential evaluation services agency acceptable to the department.

(e) An applicant who has not acquired the twenty-five (25) hours of clinical observation and twenty-five (25) hours of clinical experience referenced in subsection (a)(3), shall not meet the minimum qualifications for the assistant license. These hours must be obtained through an accredited college or university, or through a Clinical Deficiency Plan. In order to acquire these hours, the applicant shall first obtain the assistant license by submitting the forms, fees, and documentation referenced in §111.55 and include the prescribed Clinical Deficiency Plan to acquire the clinical observation and clinical assisting experience hours lacking.

(1) The licensed speech-language pathologist who will provide the applicant with the training to acquire these hours must meet the requirements set out in the Act and §111.154 and shall submit:

(A) the Supervisory Responsibility Statement Form; and

(B) the prescribed Clinical Deficiency Plan.

(2) The department shall evaluate the documentation and fees submitted to determine if the assistant license shall be issued. Additional information or revisions may be required before approval is granted.

(3) The Clinical Deficiency Plan shall be completed within sixty (60) days of the issue date of the assistant's license or the licensed assistant must submit a new plan.

(4) Immediately upon completion of the Clinical Deficiency Plan, the licensed speech-language pathologist identified in the plan shall submit:

(A) a supervision log that verifies the specific times and dates in which the hours were acquired with a brief description of the training conducted during each session;

(B) a rating scale of the licensed assistant's performance; and

(C) a statement or information that the licensed assistant successfully completed the clinical observation and clinical assisting experience under his or her 100% direct, in person supervision. This statement shall specify the number of hours completed and verify completion of the training identified in the Clinical Deficiency Plan.

(5) Department staff shall evaluate the documentation required in paragraph (4) and inform the licensed assistant and licensed speech-language pathologist who provided the training if acceptable.

(6) A licensed assistant may continue to practice under 100% direct, in person supervision of the licensed speech-language pathologist who provided the licensed assistant with the training while the department evaluates the documentation identified in paragraph (4).

(7) In the event another licensed speech-language pathologist shall supervise the licensed assistant after completion of the Clinical Deficiency Plan, a Supervisory Responsibility Statement Form shall be submitted to the department seeking approval for the change in supervision. If the documentation required by paragraph (4), has not been received and approved by the department, approval for the change in supervision shall not be granted.

(f) A Supervisory Responsibility Statement Form shall be completed and signed by both the applicant and the proposed department-approved supervisor who agrees to assume responsibility for all services provided by the licensed assistant or submitted in a manner prescribed by the department. The proposed department-approved supervisor must meet the requirements set out in the Act and §111.154.

(1) Approval from the department shall be required prior to practice by the licensed assistant. The Supervisor Responsibility Statement Form shall be submitted upon:

(A) application for an assistant license;

(B) license renewal when there is a change in supervisor;

(C) other changes in supervision; and

(D) the addition of other department-approved supervisors.

(2) In the event more than one licensed speech-language pathologist agrees to supervise the licensed assistant, each licensed speech-language pathologist department-approved supervisor shall be identified on the Supervisor Responsibility Statement Form, and meet the minimum requirement of supervision as referenced in subsection (g)(4). The licensed assistant shall only provide services for the caseload of the licensed speech-language pathologist department-approved supervisors.

(3) A licensed assistant may renew the license if there is a change in supervision, but may not practice until a new Supervisory Responsibility Statement Form is approved.

(4) In the event the licensed speech-language pathologist department-approved supervisor ceases supervision of the licensed assistant, the licensed speech-language pathologist department-approved supervisor shall notify the department, in writing, and shall inform the licensed assistant to stop practicing immediately. The department shall hold the licensed department-approved supervisor responsible for the practice of the licensed assistant until written notification has been received by the department.

(5) Should the licensed assistant practice without approval from the department, disciplinary action may be initiated against the licensed assistant. If the licensed speech-language pathologist department-approved supervisor had knowledge of this violation, disciplinary action against the licensed speech-language pathologist department-approved supervisor may also be initiated.

(g) A licensed speech-language pathologist department-approved supervisor shall assign duties and provide appropriate supervision to the licensed assistant.

(1) Initial contacts directly with the client shall be conducted by the licensed speech-language pathologist department-approved supervisor.

(2) Following the initial contact, the licensed speech-language pathologist department-approved supervisor shall determine whether the licensed assistant has the competence to perform specific duties before delegating tasks.

This paragraph applies whether the licensed assistant's practice is employed full- or part-time. For the purposes of this paragraph the telehealth and telepractice provisions allowed by Subchapter V may be used for up to six (6) hours of supervision without applying for the exception referenced under §111.213. When determining the amount and type of supervision, the department-approved supervisor must consider the skill and experience of the licensed assistant as well as the services to be provided. The supervision hours established in this paragraph may be exceeded as determined by the department-approved supervisor.

(4) Supervisory records shall be maintained for a period of three years by the licensed speech-language pathologist that verify regularly scheduled monitoring, assessment, and evaluation of the licensed assistant's and client's performance. Such documentation may be requested by the department.

(A) A licensed assistant may not conduct an evaluation which includes diagnostic testing and observation, test interpretation, diagnosis, decision making, statement of severity or implication, case selection or case load decisions.

(B) A licensed assistant may conduct assessments which includes data collection, clinical observation and routine test administration if the licensed assistant has been appropriately trained and the assessments are conducted under the direction of the licensed speech-language pathologist department-approved supervisor. A licensed assistant may not conduct a test if the test developer has specified that a graduate degreed examiner should conduct the test.

(h) Although the licensed speech-language pathologist department-approved supervisor may delegate specific clinical tasks to a licensed assistant, the responsibility to the client for all services provided cannot be delegated. The licensed speech-language pathologist department-approved supervisor shall ensure that all services provided are in compliance with this chapter.

(1) The licensed speech-language pathologist department-approved supervisor need not be present when the licensed assistant is completing the assigned tasks; however, the licensed speech-language pathologist department-approved supervisor shall document all services provided and the supervision of the licensed assistant.

(2) The licensed speech-language pathologist department-approved supervisor shall keep job descriptions and performance records of the licensed assistant. Records shall be current and made available upon request to the department.

(4) The licensed assistant may execute specific components of the clinical speech, language, and/or hearing program if the licensed speech-language pathologist department-approved supervisor determines that the licensed assistant has received the training and has the skill to accomplish that task, and the licensed speech-language pathologist department-approved supervisor provides sufficient supervision to ensure appropriate completion of the task assigned to the licensed assistant.

(5) Examples of duties that a licensed speech-language pathologist department-approved supervisor may assign to a licensed assistant who has received appropriate training include the following:

(A) conduct or participate in speech, language, and/or hearing screening;

However, the licensed audiologist department-approved supervisor shall be on-site and provide direct supervision for the duties described under subsections (f)(4)(A) - (D). This paragraph applies whether the licensed assistant in audiology is employed full- or part-time. For the purposes of this paragraph, the telehealth and telepractice provisions described under §111.215 may be used except for duties described under subsections (f)(4)(A) - (D) where the department-approved supervisor must be on-site and provide direct supervision. When determining the amount and type of supervision, the department-approved supervisor must consider the skill and experience of the licensed assistant as well as the services to be provided. The supervision hours established in this paragraph may be exceeded as determined by the department-approved supervisor.

(4) Supervisory records shall be maintained by the licensed audiologist department-approved supervisor for a period of three years which verify regularly scheduled monitoring, assessment, and evaluation of the licensed assistant in audiology's and client's performance. Such documentation may be requested by the department.

(f) Although the licensed audiologist department-approved supervisor may delegate specific clinical tasks to a licensed assistant, the responsibility to the client for all services provided cannot be delegated. The licensed audiologist department-approved supervisor shall ensure that all services provided are in compliance with this chapter.

(2) The licensed audiologist department-approved supervisor shall keep job descriptions and performance records. Records shall be current and be made available upon request to the department.

(3) The licensed assistant may execute specific components of the clinical hearing program if the licensed audiologist department-approved supervisor determines that the licensed assistant has received the training and has the skill to accomplish that task, and the licensed audiologist department-approved supervisor provides sufficient supervision to ensure appropriate completion of the task assigned to the licensed assistant.

(4) Examples of duties that a licensed audiologist department-approved supervisor may assign to a licensed assistant who has received appropriate training include the following:

(A) conduct or participate in, with the department-approved supervisor on-site, hearing screening including screening otoscopy, tympanometry, otoacoustic emissions procedures and pure tone air conduction procedures, but may not diagnose hearing loss or disorders of the auditory system, or make statements of severity or implication;

(K) provide case history and/or self-assessment forms and clarify questions on the forms to patients as needed;

(L) conduct basic record keeping and prepare paperwork for signature by the audiologist;

(M) coordinate ear mold and hearing instrument records or repairs and other orders;

(N) attach hearing aids to computers and use software to verify internal electroacoustic settings; and

(O) perform other non-diagnostic duties not prohibited in paragraph (5), for which the assistant has been trained and demonstrates appropriate skills, as assigned by the licensed audiologist department-approved supervisor.

(5) The licensed assistant shall not:

(A) conduct aural habilitation or rehabilitation activities or therapy;

(B) provide carry-over activities (therapeutically designed transfer of a newly acquired communication ability to other contexts and situations) for patients in aural rehabilitation therapy;

(C) collect data during aural rehabilitation therapy documenting progress and results of therapy;

(D) administer assessments during aural rehabilitation therapy to assess therapeutic progress;

(E) conduct any audiological procedure that requires decision-making or leads to a diagnosis, even under direct supervision;

(R) practice as a licensed assistant in audiology without a valid Supervisory Responsibility Statement for an Audiology Assistant Form or information on file with the department.

(g) In any professional context the licensee must indicate the licensee's status as a licensed audiology assistant.

(h) A licensed assistant in audiology may not engage in the fitting, dispensing or sale of a hearing instrument; however, a licensed assistant in audiology who is licensed under the Texas Occupations Code, Chapter 402 may engage in activities as allowed by that law and is not considered to be functioning under his or her assistant in audiology license when performing those activities.

(i) The department may audit a random sampling of licensed assistants in audiology for compliance with this section and §111.154.

(1) The department shall notify a licensed assistant in audiology and the licensed audiologist department-approved supervisor in a manner prescribed by the department that the licensee has been selected for an audit.

(2) Upon receipt of an audit notification, the licensed assistant in audiology and the licensed audiologist department-approved supervisor, who agreed to accept responsibility for the services provided by the licensed assistant in audiology, shall provide the requested proof

of compliance to the department in a manner prescribed by the department.

(3) The licensed assistant in audiology and the licensed audiologist department-approved supervisor shall comply with the department's request for documentation and information concerning compliance with the audit.

The Texas Legislature enacted Senate Bill 202 (S.B. 202), 84th Legislature, Regular Session (2015), which, in part, transferred 13 occupational licensing programs in two phases from the Department of State Health Services (DSHS) to the Commission and the Texas Department of Licensing and Regulation (Department). The Hearing Instrument Fitters and Dispensers program is part of the phase 1 transfer.

The adopted new rules under 16 TAC Chapter 112 are necessary to implement S.B. 202 and to regulate the Hearing Instrument Fitters and Dispensers program under the authority of the Commission and the Department. The rules provide for the Department to perform the various functions, including licensing, compliance, and enforcement, necessary to regulate the program. These adopted new rules are separate from and are not to be confused with the DSHS rules located at 22 TAC Chapter 141, regarding Fitting and Dispensing of Hearing Instruments.

The Department drafted and distributed the proposed rules to persons internal and external to the agency. The proposed rules were published in the January 8, 2016, issue of the *Texas Register* (41 TexReg 399). The deadline for public comments was February 8, 2016. The Department received comments from four interested parties, consisting of three individuals and the Texas Hearing Aid Association (THAA) on the proposed rules during the 30-day public comment period.

Comment--The Department received a comment for §112.2, Definitions. The commenter suggested adding new definitions for "actual clients" and "classroom continuing education," changing the time periods under "contact hour" and "continuing education hour" to be defined the same as 50 minutes, adding language regarding telepractice to the definition of "selling of hearing instruments by mail," and revising the definition of "specific product information."

Department Response--In response to the comment, the Department did not add new definitions for "actual clients" and "classroom continuing education" at this point in the rulemaking process. These definitions are not in the current DSHS rules. Such additions would need to be considered in light of the substantive rules in which the terms are used to determine if there is any confusion. The Department did not revise the definitions of "contract hour" and "continuing education hour." Contact hour is defined in statute as 55 minutes under Occupations Code §402.254(d) and is used for purposes of supervision. Continuing education hour is defined as 50 minutes in the Department's continuing education rule at 16 TAC §59.30(k) and is used for purposes of continuing education. The Department did not revise the current definitions of "selling of hearing instruments" or "specific product information." The suggested revisions are not part of the current DSHS rules. Any changes to the definitions need to be further considered in light of the substantive rules in which the terms are used. The Advisory Board also discussed that this change may need to be coordinated as part of discussions on the joint rules with the Speech-Language Pathologists and Audiologists Advisory Board.

Comment--The Department received a comment for §112.30, Hearing Instrument Fitter and Dispenser License--Application and Eligibility Requirements. The commenter stated that this section does not match the current Department of Public Safety procedures for electronic fingerprinting at a third party vendor and requested that the section be reworked and clarified.

Department Response--In response to the comment, the Department has added clarifying language that the applicant submit the completed set of fingerprints to the Department of Public Safety or its designee in a manner prescribed by the Department of Public Safety.

Comment--The Department received a comment for §112.32(c)(5), Hearing Instrument Fitter and Dispenser License--License Term; Renewals. The commenter proposed revising the current language to state that the calibration certificate be traceable to the current standards of the American National Standards Institute (ANSI)-Specification of Audiometers.

Department Response--Section 112.32(c)(5) implements Occupations Code §401.301(f) and reflects the statutory language. In response to this comment, the Department added clarifying language that the equipment be calibrated in accordance with rule §112.97. Section 112.97 requires audiometers and audiometric testing devices to meet the current standards of American National Standards Institute (ANSI) or the International Electrotechnical Commission. Both are allowable standards for calibration under the rules.

Comment--The Department received a comment for §112.43(a), Apprentice Permit--Supervision Requirements. The commenter proposed adding "direct or indirect" before the word "supervision" to specify that an "apprentice permit holder shall work under the direct or indirect supervision of a license holder for at least one year."

Department Response--In response to this comment, the comment from THAA discussed below regarding §112.43(d), and the Advisory Board's recommendation, the Department

has added "direct or indirect" before the word "supervision" under §112.43(a). This rule implements the statutory language under Occupations Code §401.207(c) by specifying the type of supervision appropriate for apprentices. The Advisory Board discussed that either type of supervision may be provided for apprentices. The Advisory Board also discussed the supervision required under the statute for temporary training permit holders, which includes both direct and indirect supervision.

Comment--The Department received a comment for §112.50(c)(1), Temporary Training Permit--Application and Eligibility Requirements. The commenter proposed adding language to the end of the requirement that the applicant must have never taken the examination administered under this chapter "in the twelve months before the application date."

Department Response--The Department did not make a change to the proposed rule in response to this comment because of the statutory requirement under Occupations Code §402.251(a)(1), which states: "The department shall issue a temporary training permit to a person who: (1) has never taken the examination administered under this chapter;..."

Comment--The Department received a comment for §112.53(g)(8), Temporary Training Permit--Permit Term; Extension. The commenter proposed changing the language regarding the required contact hours for laws governing the licensing of persons fitting and dispensing hearing instruments and federal Food and Drug Administration and Federal Trade Commission regulations relating to the fitting and dispensing of hearing instruments.

Department Response--The language under proposed rule §112.53(g)(8) reflects the language in the statute under §402.254(c)(8) and the current DSHS rule. The Department did not make any change to the proposed rule in response to this comment.

Comment--One commenter stated that the commenter did not see in the rule a price for the written examination and asked if the fee is based on whatever IHS contracts the exam fee to be.

Department Response--This comment relates to §112.110, Fees. The written examination fee is not paid to the Department but is paid to the International Hearing Society (IHS), the third party entity that administers the examination as specified under §112.22(b). IHS determines the written examination fee, therefore the written examination fee in not included under §112.110, Fees. The Department did not make any changes to the proposed rules in response to this comment.

Comment--One commenter stated that it appears that the one year period of waiting for full licensure after passing all exams is no longer required. The commenter also asked whether there is a time period of experience that needs to be obtained before someone is able to supervise an apprentice. The commenter stated that many other states require a person to be licensed for three years before they can supervise. The commenter asked if there could be a negative effect to the profession.

Department Response--Under Occupations Code §402.207(c) and rule §112.43(a), Apprentice Permit--Supervision Requirements, an apprentice permit holder must work under the supervision of a license holder for at least one year. This one year period occurs after passing the examinations and obtaining the apprentice permit. Regarding the experience necessary to supervise, there are no statutory or rule requirements in Texas regarding the amount of experience or length of licensure required in order to supervise apprentices. Section 112.43(d) requires the person to be authorized to supervise permit holders and to hold a valid license to fit and dispense hearing instruments. The Advisory Board commented that by the time the person obtains the full license, the person has already been practicing as a temporary training permit holder and as an apprentice permit holder under the Texas requirements. The Department did not make any changes to the proposed rules in response to this comment.

Comment--The Texas Hearing Aid Association (THAA) submitted comments on four sections of the proposed rules.

Under §112.43(d), Apprentice Permit-Supervision Requirements, the THAA stated that the current DSHS rule at 22 TAC §141.8(b)(5) states that the apprentice must be under the "indirect" supervision of an individual authorized to supervise an apprentice permit holder. However, under the TDLR proposed rule, the word "indirect" has been omitted, leaving in doubt whether an apprentice should be under "direct" or "indirect" supervision as defined in §112.2(13) and §112.2(17). "Supervision" by itself is not defined. The THAA explained the standard practice regarding indirect supervision of apprentices and urged the Department to reinsert the word "indirect" into the rule.

Department Response--In response to this comment from THAA, the comment from the interested party under the first comment listed above regarding §112.43(a), and the Advisory Board recommendation, the Department inserted the words "direct or indirect" before the word "supervision" under §112.43(d) to clarify the type of supervision that is provided to apprentices. The Advisory Board discussed that either type of supervision may be provided for apprentices.

Comment--Under §112.21(b), Examination Qualification, the THAA stated that the reference to the apprentice permit may be incorrect, because this rule would not apply to an apprentice permit holder who has already taken and passed both exams. The reference to apprentice probably should be changed to reflect the temporary permit holder in §112.50.

Department Response--In response to the comment, the Department has revised the language under §112.21(b) to clarify that the reference to the applicant for an apprentice permit is the temporary training permit holder and has removed the text in the parentheses to eliminate confusion. The Department has also changed the language to narrow the scope of the documents to be reviewed for a temporary training permit holder when qualifying to take the examination. For the temporary training permit holder, the contact hours documentation under §112.53 will be reviewed. In addition, the Department has separated subsection (b) into two subsections to clarify the requirements for temporary training permit holders and for out of state license holders. The subsections that follow under §112.21 have been re-lettered accordingly.

The changes to §112.21(b) also relate to the changes made under §112.40 discussed below, both of which will reflect and retain the current DSHS process for examination qualification. Under the current DSHS processes, for temporary training permit holders, the examination qualification process is a separate step that occurs before the permit application process. The TDLR proposed rules had combined the examination qualification process into the permit application process. The Department has amended the proposed rules to retain the current DSHS processes and to assist in the transfer of the program from DSHS to the Department.

Comment--Under §112.21(e), Examination Qualifications, the proposed rule states that an applicant must take and pass the examination and complete all licensing requirements within one year after the date the application is received by the Department. The THAA urged the Department to add a sentence to the end of this rule to clarify that additional time to complete all licensing requirements may be available to apprentices and temporary permit holders due to the extensions allowed under §112.42 for apprentice permits and §112.52 for temporary training permits.

Department Response--The proposed rule is standard language across all of the Department's programs and is in the procedural rules at 16 TAC §60.30. This rule requires applicants to complete all licensing requirements, including examination requirements, within one year, and if they do not, then they have to reapply. Occupations Code Chapter 402 and the rules at §112.42 and §112.52 allow for permits to be extended beyond one year. Under §112.21(e) as published, the Department added the following sentence to the end of the proposed rule in response to the THAA comment and suggested language. "The department may extend this period as prescribed under §112.42 and §112.52." As part of the re-lettering of the subsections under §112.21, this subsection is now §112.21(f).

Comment--Under §112.40, Apprentice Permit--Application and Eligibility Requirements, the THAA urged the Department to consider removing subsections (c)(2) (proof of age 18) and (c)(4) (education records), since the information is already on file with the Department in the applicant's temporary training permit application, and deleting subsection (c)(3) (completed application form), since it is already being requested in subsection (a). THAA stated that subsections (e) and (f) are unnecessary since an applicant for an apprentice permit has already taken and passed the exam.

Department Response--In response to the comment and based on the Advisory Board discussion, the Department removed §112.40(c)(2) and §112.40(c)(4), since those documents were already submitted as part of the temporary training permit application and the applicant must hold a current temporary training permit to apply for an apprentice permit. To be consistent with the changes made under §112.40(c)(4), the Department also removed the education records required under §112.30(c)(3), regarding application requirements for a hearing instrument fitter and dispenser license.

In addition, the Department removed §112.40(e) and §112.40(f) to reflect the current DSHS process in which the examination qualification process is separate from the permit application process. The Department did not remove §112.40(c)(3), since §112.40(a) is a general statement regarding the documentation submitted to the Department and §112.40(c)(3) specifically requires submission of the department-approved application form.

Comment--The Department received a comment regarding §112.97, Sound-Level Measurements--Audiometers and Audiometric Testing, but the commenter withdrew the comment at the Advisory Board meeting on February 26, 2016.

Department Response--Since the comment was withdrawn, the Department does not have a response to this comment and will not make any changes based on the comment.

Comment--The Department received a comment regarding §112.110, Fees. The commenter expressed concerns about the annual continuing education provider fee of $200. The commenter questioned the benefits of the fee and stated that the fee was an arbitrary number chosen by the Advisory Board. The commenter stated that the fee discouraged licensees from leaving the state to acquire continuing education and that licensees would be better served by having the Texas Hearing Aid Association approve the continuing education courses and collect the money. The commenter stated that the audiologists and speech pathologists use their trade association to approve continuing education classes, and asked why the hearing aid dispensers could not do the same.

Department Response--DSHS had the same fee, but it was called the continuing education sponsor fee. The DSHS fee was $500/year. The fee of $200/year is the Department's continuing education provider application fee and renewal fee. This fee was set based on the costs of administering this service. This fee has been adopted by the Commission and is prescribed under the Department's Continuing Education Provider Rules at 16 TAC §59.80. This annual fee applies to those licensing programs which have continuing education requirements and for which the Department approves the continuing education providers and courses. DSHS currently reviews and approves the continuing education providers and courses for the hearing instrument fitters and dispensers program. The Department will continue to do so as part of the transfer of the program from DSHS to the Department and in compliance with the statutory requirements under Occupations Code §402.303, which requires the Department to review and approve continuing education sponsors (providers) and courses.

The Hearing Instrument Fitters and Dispensers Advisory Board (Advisory Board) was scheduled to meet on November 24, 2015. Although the board lacked a quorum, the members present discussed a draft of the proposed rules with the Department before they were published in the *Texas Register* for public comment under the authority of the Executive Director.

The Department staff met with DSHS staff to seek their technical expertise prior to the February 26, 2016, advisory board meeting.

The Advisory Board met on February 26, 2016, to discuss the proposed rules with Department staff and staff of DSHS and to review the rule publication and the public comments received. The Department and the Advisory Board recommended changes to the proposed rules based on the public comments received and the Advisory Board discussion. The Advisory Board voted and unanimously recommended that the Commission adopt the proposed rules as published in the *Texas Register* with changes. At its meeting on April 13, 2016, the Commission adopted the proposed rules with changes as recommended by the Advisory Board and the Department.

CHAPTER 114. ORTHOTICS AND PROSTHETICS

16 TAC §§114.1, 114.10, 114.20 - 114.30, 114.40, 114.50, 114.65 - 114.70, 114.80, 114.90, 114.95

The Texas Commission of Licensing and Regulation (Commission) adopts new rules at 16 Texas Administrative Code (TAC) Chapter 114, §§114.1, 114.20 - 114.22, 114.24, 114.26 - 114.28,

114.30, 114.40, 114.65 - 114.70, 114.80 and 114.95, regarding the Orthotics and Prosthetics program, without changes to the proposed text as published in the January 8, 2016, issue of the *Texas Register* (41 TexReg 417). The rules will not be republished.

The Commission also adopts new rules at 16 TAC Chapter 114, §§114.10, 114.23, 114.25, 114.29, 114.50 and 114.90 with changes to the proposed text as published in January 8, 2016, issue of the *Texas Register* (41 TexReg 417). The rules will be republished.

The Texas Legislature enacted Senate Bill 202 (S.B. 202), 84th Legislature, Regular Session (2015), which, in part, transferred 13 occupational licensing programs in two phases from the Department of State Health Services (DSHS) to the Commission and the Texas Department of Licensing and Regulation (Department). The Orthotics and Prosthetics program is part of the phase 1 transfer.

The adopted new rules under 16 TAC Chapter 114 are necessary to implement S.B. 202 and to regulate the Orthotics and Prosthetics program under the authority of the Commission and the Department. The rules provide for the Department to perform the various functions, including licensing, compliance, and enforcement, necessary to regulate the program. These adopted new rules are separate from and are not to be confused with the DSHS rules located at 22 TAC Chapter 821, regarding the Orthotics and Prosthetics program.

The rule sections are adopted with an effective date of October 1, 2016. The Department will officially commence all regulatory functions for the Orthotics and Prosthetics program on October 3, 2016.

The Department drafted and distributed the proposed rules to persons internal and external to the agency. The proposed rules were published in the January 8, 2016, issue of the *Texas Register* (41 TexReg 417). The deadline for public comments was February 8, 2016. The Department received comments from two interested persons and the Texas Medical Association, the Texas Orthopaedic Association, and the Coalition for Nurses in Advanced Practice on the proposed rules during the 30-day public comment period.

Comment--The Texas Medical Association and the Texas Orthopaedic Association recommended that the phrase "or a licensed physician" be added at the end of the definition of "assistant patient care service" at §114.10(4).

Department Response--Texas Occupations Code, Chapter 605, authorizes the practice of orthotics and prosthetics only by licensed practitioners or by qualified persons who are under the supervision of a licensed practitioner. The Department may not expand the scope of its regulatory authority under Chapter 605 to authorize physicians to supervise the practice of orthotics and prosthetics. No change to the rule was made in response to this comment.

Comment--The Texas Medical Association and the Texas Orthopaedic Association recommended that the definition of "assistant patient care service" be changed to specify that it does not include minimal self-adjustment performed by the patient, the patient's personal caregiver(s), or the supplier of the device. The commenters raised the concern that the definition would exclude those who are not licensed assistants from furnishing or adjusting off-the-shelf devices.

Department Response--The definition lists the activities a licensed assistant may perform, and the activities of the patient or the patient's caregiver in relation to the patients' orthosis are not relevant to the definition. The Department does not regulate the actions of suppliers when performing activities that are authorized under other law or which are not regulated by

the Department. No change to the rule was made in response to this comment.

Comment--The Texas Medical Association and the Texas Orthopaedic Association recommended that a definition for "minimal self-adjustment" be added to the rules, and provided the text of the definition. The definition would include adjustment by the patient, the patient's caregiver, or the supplier of the device. The commenters point out that the definition of "minimal self-adjustment" in the federal rules for the Centers for Medicare and Medicaid Services includes adjustments made by the patient, the patient's caregiver, or by a supplier of the device.

Department Response--The term "minimal self-adjustment" is used only once in the rules, in the definition of "off the shelf." The inclusion of the supplier in the definition would not be consistent with the meaning of "self-adjustment." The term "minimal self-adjustment" takes its common meaning in the definition and is self-explanatory. The context and purpose of the federal definition is unrelated to the regulation of the practice of orthotics and prosthetics in Texas and therefore is not relevant to the proposed rule. No change was made to the rule in response to this comment.

Comment--The Texas Medical Association and the Texas Orthopaedic Association recommended that the definition for "off-the-shelf" orthotic devices be revised to include language stating that these devices are not included within the categories of "custom-fabricated" and "custom-fitted" devices.

Department Response--The exclusion of the use of an off-the-shelf orthosis to make a custom-fabricated or custom-fitted orthosis or prosthesis could hamper the ability of a practitioner to develop the best orthosis or prosthesis for the patient. An off-the-shelf item could be the "raw material" on which the practitioner uses his or her special expertise to create a custom-fitted or even custom-fabricated device, transforming it from off-the-shelf to custom. The meaning of the terms is clear without the addition of the suggested text. No change has been made to the rule in response to this comment.

Comment--The Texas Medical Association and the Texas Orthopaedic Association recommended that the rules be amended to contain definitions for "custom-fabricated" and "custom-fitted."

Department Response--These terms are defined in the Texas Occupations Code, Chapter 605, §605.002. For clarity and brevity the Department ordinarily does not repeat statutory definitions in the rules. However, the definitions of "custom-fabricated" and "custom-fitted" are now included in the rules for ease of reference.

Comment--The Coalition for Nurses in Advanced Practice recommended four amendments to clarify that health care professionals other than licensed physicians may prescribe or order orthotics and prosthetics.

Department Response--The Department agrees that the recommended changes, with some modification, have merit and provide clarification without affecting the meaning or impact of the rules. Changes have been made to §§114.10, 114.90(c)(6), and 114.90(d)(24).

Comment--One commenter recommended that the registration of technicians become mandatory, not discretionary, based on his historical perspective of the regulation of orthotics and prosthetics. The commenter offered a number of justifications to support mandatory registration.

Department Response--Texas Occupations Code, Chapter 605 has never been interpreted to require the registration of all technicians. Likewise, the statute does not bar technicians from practicing without a registration. The reinterpretation of the statute would not only be unsupported by the text of the statute, it would represent a reversal in regulation that has been in place and is known to the profession and to the legislature. The legislature has chosen not to disturb the existing regulatory approach, and the Department has no basis on which to do so. The activities of technicians in the practice of orthotics and prosthetics are the responsibility of the practitioners who prescribe orthoses and prostheses and who treat the patients, regardless of the technician's registration status. Practitioners are free to choose whether to require registration for their technicians as a condition of employment. No change has been made to the rule in response to this comment.

Comment--One commenter made recommendations for wording changes to provide for the use of hand sanitizers.

Department Response--The Department agrees with the recommendation and changes were made to §114.29(j) in response to the comment.

Comment--One commenter recommended that the term "major repairs" as used in §114.29(o)(2) be defined.

Department Response--The text has been modified to state "repairs" only, in order to include any repairs, in response to this comment.

The Orthotists and Prosthetists Advisory Board met on November 16, 2015, to discuss a draft of the proposed rules with the Department before they were published in the *Texas Register* for public comment.

The Department staff met with DSHS staff to seek their technical expertise prior to the February 18, 2016, advisory board meeting. The Orthotists and Prosthetists Advisory Board met again on February 18, 2016, to discuss the proposed rules with Department staff and staff of DSHS and to review the rule publication and the public comments received. The Board recommended that the Commission adopt the proposed rules as published in the *Texas Register* with changes. At its meeting on April 13, 2016, the Commission adopted the proposed rules with changes as recommended by the Board.

The statutory provisions affected by the adoption are those set forth in Texas Occupations Code, Chapters 51 and 605. No other statutes, articles, or codes are affected by the adoption.

CHAPTER 115. MIDWIVES

16 TAC §§115.1 - 115.7, 115.13 - 115.16, 115.20, 115.21, 115.23, 115.25, 115.70, 115.75, 115.80, 115.90, 115.100, 115.111 - 115.123, 115.125

The Texas Commission of Licensing and Regulation (Commission) adopts new rules at 16 Texas Administrative Code (TAC) Chapter 115, §§115.2, 115.5 - 115.7, 115.13 - 115.15, 115.20, 115.21, 115.23, 115.25, 115.70, 115.75, 115.90, 115.100, 115.111, 115.113 - 115.123 and 115.125, regarding the Midwives program, without changes to the proposed text as published in the January 1, 2016, issue of the *Texas Register* (41 TexReg 33). The Commission also adopts new rules at 16 TAC Chapter 115, §§115.1, 115.3 - 115.5, 115.16, 115.80 and 115.112 with changes to the proposed text as published in the January 1, 2016, issue of the *Texas Register* (41 TexReg 33). The rules will be republished.

The Texas Legislature enacted Senate Bill 202 (S.B. 202), 84th Legislature, Regular Session (2015), which, in part, transferred 13 occupational licensing programs in two phases from the Department of State Health Services (DSHS) to the Commission and the Texas Department of Licensing and Regulation (Department). The Department drafted and distributed the proposed rules to persons internal and external to the agency. The proposed rules were published in the January 1, 2016, issue of the *Texas Register* (41 TexReg 33). The deadline for public comments was February 1, 2016. The Department received comments from three interested persons and the District XI of the American Congress of Obstetricians and Gynecologists (ACOG), the Association of Texas Midwives and the Coalition for Nurses in Advanced Practice (CNAP) on the proposed rules during the 30-day public comment period.

Comment--Several commenters advocated raising initial licensing standards.

Department Response--The advisory board had earlier identified raising the standards to meet the current standards of the North American Registry of Midwives. The board referred this comment and all related comments regarding an increase in initial standards to its appointed workgroup to further study and review the standards and possibly make a recommendation at a later date. Therefore, the Department does not believe that any change should be made to the rules based on these comments at this time.

Comment--One comment advocated defining the term "renewal period".

Department Response--The advisory board understood the rules made clear the renewal period and no change was necessary. Therefore, the Department does not believe that any change should be made to the rules based on these comments at this time.

Comment--One comment advocated §115.16(a)(1) and (2) were so similar in language as to be redundant.

Department Response--The Department and advisory board agreed and recommended deleting §115.15(a)(1).

Comment--Several commenters advocate deleting §115.114(b)(9) - (11) to change mandatory referrals for prenatal care from a midwife to a doctor in instances where the patient has had a prior cesarean section (except for prior classical or vertical incision), multiple gestation, and history of prior antepartum or neonatal death. Other comment advocated that this was a life safety standard and should not only be left in the rules for referral but made more restrictive.

Department Response--The advisory board does not advocate any change to the rules from the standards used by the Department of State Health Services. All related comments on the referral and transfer standards are referred to the board appointed work group for consideration. These referral and transfer issues are health and safety issues and as such it is appropriate for them to be further considered by the advisory board in their work group. Therefore, the Department does not believe that any change should be made to the rules based on these comments at this time.

Comment--One commenter was concerned that requiring 40 contact hours if initial licensure is within four years of completing basic education would unfairly burden out of state midwives seeking licensure in Texas and advocated waiving the standard if a midwife is currently licensed in another state or an active certified professional midwife.

Department Response--The advisory board referred this and related comments to its appointed workgroup for further study and review to make a possible recommendation at a later date. Therefore, the Department does not believe that any change should be made to the rules based on these comments at this time.

Comment--One commenter recommended mandatory participation in the MANA Statistics Project.

Department Response--This is a voluntary data collection project. Given the requisites of the project for specific data keeping efforts and the lack of statutory basis for requiring participation in any one association's specific data project, the advisory board recommended keeping participation voluntary. Therefore, the Department does not believe any change should be made to the rules based on this comment at this time.

Comment--One commenter recommended §115.117 be amended to removed "large for gestational age" for this should not be reason alone for referral to a doctor.

Department Response--The advisory board does not recommend any change to the rules from the standards used by the Department of State Health Services. All related comments on the referral and transfer standards are referred to the advisory board appointed work group for consideration. These referral and transfer issues are health and safety issues and as such it is appropriate for them to be further considered by the advisory board and their work group. Therefore, the Department does

not believe that any change should be made to the rules based on these comments at this time.

Comment--One commenter suggests the language describing the definition of a quorum be changed.

Department Response--The Department believes this is not necessary and the existing language is consistent with language used by the Department for several boards. No change was recommended.

Comment--One commenter advocates that it is incompatible to transfer a patient and have a doctor and midwife collaborate on that patient's care at the same time. The commenter advocates that collaboration should be limited to referral situations only.

Department Response--The advisory board does not advocate any change to the rules from the standards used by the Department of State Health Services. All related comments on the referral and transfer standards are referred to the advisory board appointed work group for consideration. Referral and transfer issues are health and safety issues and as such it is appropriate for them to be further considered by the advisory board in their work group. Therefore, the Department does not believe that any change should be made to the rules based on these comments at this time.

Comment--One commenter advocates changing rule terminology to "Midwives Advisory Board" to reflect the term used in the statute.

Department Response--The Department agrees to change the terminology to be consistent with statute.

Comment--One commenter states that future advisory board appointment should consider International Confederation of Midwives (ICM) applicants before other board applicants.

Department Response--The Department disagrees. The qualifications for advisory board membership are dictated by statute.

Comment--Comment was received asking that the rules acknowledge that certified nurse midwives may practice midwifery without being licensed under the rules.

Department Response--Certified nurse practitioners practice under the authority of their licenses regulated by the Texas Board of Nursing. No clarification is necessary under the rules for the regulation of midwifery practice to identify that certified nurse midwives are not regulated by these rules.

Comment--Comment was received advocating that §115.20 be changed to reflect the American Midwifery Certification Board (AMCB) from the American College of Nurse-Midwives.

Department Response--The advisory board has assigned this comment to an appointed workgroup for further research and review. The advisory board questioned if further information was needed to make an appropriate determination on this comment. Therefore, the Department does not believe that any change should be made to the rules based on these comments at this time.

Comment--One commenter identifies that initial licensure requires a basic midwifery course and passage of the NARM exam. Furthermore, NARM does not have a basic midwifery course.

Department Response--The Department believes the commenter misread the rule. The rule does not require passage of a NARM basic midwifery course.

Comment--One commenter states that more than 10 hours should be necessary for a retired midwife to return to practice.

Department Response--The provisions for retired health professionals to provide uncompensated services for charity only, were provided by the 79th legislature to allow such workers to provide services in that very narrow capacity with less regulatory burden. The advisory board referred the comment to an appointed workgroup for review. There is currently only one licensed retired midwife in Texas. Therefore, the Department does not believe that any change should be made to the rules based on these comments at this time.

Comment--One commenter asks how §115.21 on financial statements differ from the rule under the authority of the Department of State Health Services.

Department Response--The rule does not differ; it mirrors the rule with the Department of State Health Services.

Comment--One commenter advocates that midwives be able to carry medications without a physician's order.

Department Response--The dispensation of prescription drugs is controlled by statute. Therefore, the Department does not recommend making changes to the rules based on this comment.

Comment--One commenter does not make a specific recommendation, but illustrates that a midwife can get "stuck caring for the client for 30 days" should a client refuse referral. They later recommend in a similar comment that §115.112 addressing termination of the midwife client relationship be reduced from 30 days to 7-14.

Department Response--The advisory board was concerned that a patient may be abandoned without appropriate care should the 30 days be reduced. All the relevant comments were recommended to a work group for consideration and review. This issue may be a health and safety issue and as such it is appropriate for them to be further considered by the advisory board in their work group. Therefore, the Department does not believe that any change should be made to the rules based on these comments at this time.

Comment--One commenter lists numerous observations on standards of practice without specific recommendations including: midwifery education does not teach QA and QI such as aims, driver diagrams, pda runs, root cause analysis, cusp. The commenter also notes, but does offer a recommendation on: midwives do not diagnose mental illness; fetal malformation and large and small gestational age is too vague; normal passage of stool may require 48 hours per approved text; and failure to progress during labor is not an emergency. The commenter advocates that a patient should be transferred in instances of non-insulin dependent diabetes, seizure disorder, history of cervical incompetence with surgical therapy, preeclampsia, preterm premature rupture of membranes, insulin dependent diabetes, and cardio vascular disease including hypertension.

Department Response--The advisory board decided to make no recommendations at this time. All standards of care comments were recommended to a standards of care workgroup for consideration and later possible recommendation. The standards of care issues are health and safety issues and as such it is appropriate for them to be further considered by the advisory board in their work group. Therefore, the Department does not believe that any change should be made to the rules based on these comments at this time.

The Midwives Advisory Board was scheduled to meet on November 13, 2015. Although the board lacked a quorum, the members present discussed a draft of the proposed rules with the Department before they were published in the *Texas Register* for public comment.

The Department staff met with DSHS staff to seek their technical expertise prior to the February 9, 2016, advisory board meeting. The Midwives Advisory Board met on February 9, 2016, to review the rule publication and the public comments received. The Board recommended that the Commission adopt the proposed rules as published in the *Texas Register* with changes discussed in response to public comment. At its meeting on April 13, 2016, the Commission adopted the proposed rules with changes as recommended by the Board.

The Department drafted and distributed the proposed rules to persons internal and external to the agency. The proposed rules were published in the January 1, 2016, issue of the *Texas Register* (41 TexReg 44). The deadline for public comments was February 1, 2016. The Department received comments from two interested parties on the proposed rules during the 30-day public comment period.

Comment--The first comment stated that the commenter had reviewed the Department proposed rules, but wanted to know if there are any major changes from what was previously included.

Department Response--It is not clear whether the commenter is comparing the Department proposed rules to the current rules of the Texas State Board of Examiners of Dietitians (DSHS Board), the proposed DSHS Board rules, or the Department draft proposed rules that were discussed at the November 12, 2015, advisory board meeting.

The Department tried not to make many substantive changes to the current DSHS Board rules to assist in a smooth transition of the Dietitians program from DSHS to the Department. However, the Department is not in a position to judge whether a specific change, or the changes as a whole, would be considered "major" to the commenter. The preamble of the Department proposed rules contains a summary of each subchapter and section contained in the Department proposed rules. The preamble and the proposed rules are available on the Department's website. In addition, the video of the November 12, 2015, advisory board meeting is also available on the Department's website to review. The summary and the video may assist the commenter in reviewing the Department proposed rules as published in the *Texas Register* and making an assessment regarding the proposed changes. The Department did not make any changes to the proposed rules in response to this comment.

Comment--The second commenter stated that the Texas State Board of Examiners of Dietitians (DSHS Board) had proposed rules that it had planned on adopting. The commenter asked whether the DSHS Board still needed to complete the process and whether the DSHS Board proposed rules were incorporated into the Department proposed rules. The commenter did not know if the Department had received the DSHS Board proposed rules.

Department Response--Regarding the process involving the DSHS Board proposed rules, the Department cannot provide advice regarding the DSHS Board's activities.

The Department did receive a copy of the DSHS Board proposed rules that repealed certain rule provisions, including 22 TAC §711.6 and 22 TAC §§711.7(c) - (g), and that were published in the *Texas Register* on October 30, 2015 (40 TexReg 7558). The Department reviewed the DSHS Board proposed rules but did not include most of the proposed changes in the Department proposed rules due to the statutory requirements as they relate to: (1) preplanned professional experience programs and internships under Texas Occupations Code §701.254(2); and (2) license examinations, qualifications, investigations, and reexaminations under Texas Occupations Code §§701.253, 701.254, 701.255, and 701.257. The Department did not make any changes to the proposed rules in response to this comment.

The Dietitians Advisory Board was scheduled to meet on November 12, 2015. Although the board lacked a quorum, the members present discussed a draft of the proposed rules with the Department before they were published in the *Texas Register* for public comment.

The Department staff met with DSHS staff to seek their technical expertise prior to the February 19, 2016, advisory board meeting. The Dietitians Advisory Board (Advisory Board) met on February 19, 2016, to discuss the proposed rules with Department staff and staff of DSHS and to review the rule publication and the public comments received. As part of the Advisory Board discussions, the Department recommended a technical correction to the proposed rules. The Advisory Board voted and unanimously recommended that the Commission adopt the proposed rules as published in the *Texas Register* with the technical correction. The technical correction was subsequently determined not to be necessary, since the Texas Register staff identified and already made the technical correction prior to publication of the proposed rules. At its meeting on April 13, 2016, the Commission adopted the proposed rules without changes.

TITLE 22. EXAMINING BOARDS

PART 1. TEXAS BOARD OF ARCHITECTURAL EXAMINERS

CHAPTER 1. ARCHITECTS

The Texas Board of Architectural Examiners (Board) adopts amendments to §1.5, concerning Terms Defined Herein, repeal of §1.191, concerning Description of Experience Required for Registration by Examination, and repeal of §1.192, concerning Additional Criteria, without changes to the proposed text published in the April 8, 2016, issue of the *Texas Register* (41 TexReg 2570).

Reasoned Justification. Under §1.21 and §1.22, the Board requires applicants for architectural registration by examination and reciprocity to complete the Intern Development Program (IDP), which is administered by the National Council of Architectural Registration Boards (NCARB). IDP is a standardized program that is accepted by Texas and most other jurisdictions to demonstrate sufficient experience to be registered as an architect. Recently, NCARB announced an overhaul of the IDP program, scheduled to take effect in June of 2016, that will consolidate the seventeen current IDP "experience areas" into six broad practice-based experience areas. Because the Board previously adopted the NCARB IDP requirements into rule, it was necessary for the Board to amend its rules in order to maintain consistency with the NCARB IDP program.

The IDP requirements were previously contained in §1.191 and §1.192. Rather than replace the previously adopted rules with the new IDP requirements, the Board is repealing these rules, relying instead on references within §1.21 and §1.22 that applicants for registration must complete the intern development program, which is further defined in §1.5(36) as the internship program established, interpreted, and enforced by NCARB. By relying upon reference to the NCARB program, the Board eliminates needless repetition in the rules, and decreases the possibility of confusion from applicants on whether the Board's requirements differ from those of NCARB.

Additionally, the Board deletes §1.5(37), which contains a definition for "intern development training requirement," which is a redundant term that is made obsolete by the deletion of §1.191 and §1.192.

Summary of Comments and Agency Response. The Board did not receive any comments on the proposed rules.

SUBCHAPTER A. SCOPE; DEFINITIONS

22 TAC §1.5

Statutory Authority. The amended rule is adopted under §§1051.202, 1051.705(a)(2), and 1051.305 of the Texas Occupations Code.

TITLE 25. HEALTH SERVICES

PART 1. DEPARTMENT OF STATE HEALTH SERVICES

CHAPTER 200. REPORTING OF HEALTH CARE-ASSOCIATED INFECTIONS AND PREVENTABLE ADVERSE EVENTS

SUBCHAPTER B. HEALTHCARE SAFETY ADVISORY COMMITTEE

25 TAC §200.40

The Executive Commissioner of the Health and Human Services Commission (HHSC), on behalf of the Department of State Health Services (department), adopts new §200.40, concerning the Healthcare Safety Advisory Committee. New §200.40 is adopted without changes to the proposed text as published in the April 8, 2016, issue of the *Texas Register* (41 TexReg 2582) and, therefore, the section will not be republished.

BACKGROUND AND PURPOSE

Senate Bill (SB) 200 and SB 277, 84th Legislature, Regular Session, 2015, directed the Executive Commissioner of the HHSC to establish and maintain advisory committees to address major health and human services issues and to adopt rules to govern the advisory committee's purpose, tasks, reporting requirements, and date of abolition. As part of health and human services (HHS) system-wide inventory and analysis, the Healthcare Safety Advisory Committee (formerly known as the Health Care-associated Infections and Preventable Adverse Events (HAI/PAE) Advisory Panel) has been identified for rulemaking.

SB 277 amended the Health and Safety Code, Chapter 98, Reporting of Health Care-associated Infections (HAI) and Preventable Adverse Events (PAE), by removing the HAI/PAE Advisory Panel from the statute. The advisory panel serves a critical role to obtain stakeholder feedback on programmatic activities and initiatives. Most recently, the panel has participated in guidance document creation contributing to the clarity of reporting for PAEs which kept the initiative on schedule for implementation. The new rule describes the operations of the Healthcare Safety Advisory Committee including the purpose, tasks, reporting requirements, membership composition, and meeting schedules. This panel has been in existence with regular meetings since 2005.

SECTION-BY-SECTION SUMMARY

New §200.40 establishes the Healthcare Safety Advisory Committee. The new rule (1) identifies the statutory authority of the panel; (2) outlines the committee's purpose; (3) describes tasks; (4) outlines the reporting requirements; (5) gives date of abolition; (6) establishes membership composition and qualifications; and (7) establishes meeting schedules.

COMMENTS

The department, on behalf of the commission, did not receive any comments regarding the proposed rule during the comment period.

LEGAL CERTIFICATION

The Department of State Health Services, General Counsel, Lisa Hernandez, certifies that the rule, as adopted, has been reviewed by legal counsel and found to be a valid exercise of the agencies' legal authority.

STATUTORY AUTHORITY

This new rule is authorized by the Government Code, §531.012, which requires the department to adopt rules necessary to establish the Advisory Committee, and by Chapter 2110 in general; and Government Code, §531.0055(e), and the Health and Safety Code, §1001.075, which authorize the Executive Commissioner of the Health and Human Services Commission to adopt rules and policies necessary for the operation and provision of health and human services by the department and for the administration of Health and Safety Code, Chapter 1001.

The agency certifies that legal counsel has reviewed the adoption and found it to be a valid exercise of the agency's legal authority.

TITLE 28. INSURANCE

PART 1. TEXAS DEPARTMENT OF INSURANCE

CHAPTER 5. PROPERTY AND CASUALTY INSURANCE

SUBCHAPTER O. TEXAS COMMERCIAL LINES STATISTICAL PLAN

28 TAC §5.9501

The Texas Department of Insurance adopts amendments to 28 TAC §5.9501, concerning the Texas Commercial Lines Statistical Plan (Plan). The adopted section incorporates by reference a revised Plan, effective July 1, 2017. The amendments to §5.9501 are adopted with changes to the proposed text published in the March 25, 2016, issue of the *Texas Register* (41 TexReg 2305), and the Plan is adopted by reference with changes to the proposed version posted on the department's website with the proposal. The department changed §5.9501(a)(4) and (b) as proposed to provide a later date for insurers to begin mandatory reporting under the revised Plan. In the Plan, the department corrected contact information and added a reference to new reporting codes to the note at the top of page F-33.

REASONED JUSTIFICATION. The revised Plan adopted by reference in the amended section incorporates the same requirements and instructions for the reporting of direct commercial lines insurance premium and loss data to the designated statistical agent as the existing Plan, with the exception of new class codes and two new indicators for insurers that write surety bonds, and updated contact information for the department and the statistical agent.

The department adopts changes to the Plan to require surety insurers to report a small business indicator and an expedited underwriting indicator, and to add new class codes identifying public-private partnerships. The adopted changes to surety risk reporting are for the purpose of standardizing the manner in which those insurers report premium and loss experience. When the Plan was last updated, effective January 1, 2010, the department revised the fields and codes used for reporting premium and loss experience for surety and fidelity risks to be consistent with the standard fields and codes required in the statistical plan used in all other states. In 2015, that statistical plan added new class codes and indicators. The adopted updates to the Plan are necessary to keep its reporting requirements in line with those in the statistical plan used in all other states, which will ease reporting for insurers who write in multiple states; potentially lower compliance costs; and allow for better experience comparison by the department, the designated statistical agent, and the industry in general. Under the amendments to §5.9501, insurers are required to begin reporting under the revised Plan by July 1, 2017. Insurers may voluntarily begin reporting under the revised Plan beginning July 1, 2016.

The department also adopts changes to the Plan to update contact information for the department and the designated statistical agent. The changes are necessary to avoid confusion and to facilitate communication among insurers, the department, and the designated statistical agent by ensuring that insurers have accurate and current contact information. Insurers should begin using the updated contact information to communicate with the department and the designated statistical agent immediately, if they are not already doing so.

Adopted amendments to §5.9501(b) adopt by reference the revised Plan. Adopted amendments to §5.9501(a)(4) provide that insurers must use the revised version of the Plan beginning July 1, 2017. These amendments are necessary to implement the revised Plan and set the effective date by which insurers must report under the revised Plan.

Nonsubstantive changes to §5.9501 are also necessary to correct grammar errors and conform the adoption to the department's writing guidelines, and other nonsubstantive changes to the Plan are necessary to make corrections to page cross-references.

The department adopts the rule with a change to the effective date of the Plan and the date insurers must begin reporting under the revised Plan, both July 1, 2017, in order to give insurers a full year from the date of adoption to make any adjustments needed to comply with the new requirements.

In response to a comment on the proposal, the department adopts by reference a revised Plan that includes changes from the proposed Plan and rules that were posted on the department's website. The changes reflect an accurate email address for general reporting questions and the web address of the Texas Operating Procedures Manual provided by the statistical agent. In addition, a conforming change to Page F-33 adds the new reporting codes for public-private partnerships to the note at the top of the page. The changes are in line with the stated goals of providing accurate contact information for use by reporting insurers, and they align the Plan's reporting requirements with those in the statistical plan used in all other states. They do not introduce new subject matter or affect insurers other than those previously on notice from the proposal.

SUMMARY OF COMMENTS AND AGENCY RESPONSE. The department received three written comments. A hearing was not requested. Commenters for the proposal were: International Fidelity Insurance Company Surety Group and Zurich American Insurance Company. Commenter in support of the proposal, with changes, was: ISO Solutions.

Comment: Two commenters supported the department's proposal to amend the Plan because it facilitates the delivery of information to the department and increases efficiency by allowing insurers to prepare one survey for all states.

Agency Response: The department appreciates the comments.

Comment: A commenter suggested corrections to the email address given in the Plan for general reporting questions and the website address of the Texas Operating Procedures Manual provided by the statistical agent. The commenter also suggested adding a reference to the new classification codes in the note at the top of Page F-33 of the Plan.

Agency Response: The department agrees with the suggestions and makes the changes to the revised Plan, which is adopted by reference in the adopted rule.

STATUTORY AUTHORITY. The amendments are adopted under Insurance Code §§38.202, 38.204(a), 38.205, 38.207, and 36.001.

Section 38.202 allows the commissioner to, for a line or subline of insurance, designate or contract with a qualified organization to serve as the statistical agent for the commissioner to gather data relevant for regulatory purposes.

Section 38.204(a) provides that a designated statistical agent must collect data from reporting insurers under a statistical plan adopted by the commissioner.

Section 38.205 requires insurers to provide all premium and loss cost data to the commissioner or the designated statistical agent as the commissioner or agent requires.

Section 38.207 authorizes the commissioner to adopt rules necessary to accomplish the purposes of Chapter 38, Subchapter E, relating to statistical data collection.

Section 36.001 provides the commissioner's general rulemaking authority to adopt any rules necessary and appropriate to implement the powers and duties of the department under the Insurance Code and other laws of the state.

§5.9501. Texas Commercial Lines Statistical Plan.

(a) Purpose and Applicability.

(1) The purpose of this section is to establish requirements for the reporting of premium and loss data by direct commercial lines insurers under Insurance Code Chapter 38, Subchapter E.

(2) Under Insurance Code §38.202, the commissioner has designated a statistical agent for commercial lines of insurance.

(3) As provided by Insurance Code §38.205, all insurers writing direct commercial lines business in Texas are required to provide a report of their premium and loss cost experience to the commissioner or the statistical agent designated under Insurance Code §38.202. The report must comply with the reporting requirements and instructions specified in the Texas Commercial Lines Statistical Plan adopted by reference in subsection (b) of this section.

(4) This section applies to all reports required to be filed with the department under this section for reporting periods beginning on or after July 1, 2017.

(b) Adoption by Reference. The commissioner adopts by reference the Texas Commercial Lines Statistical Plan, effective July 1, 2017. This document is published by the department and is available on the department's website at www.tdi.texas.gov.

The agency certifies that legal counsel has reviewed the adoption and found it to be a valid exercise of the agency's legal authority.

TITLE 31. NATURAL RESOURCES AND CONSERVATION

PART 1. GENERAL LAND OFFICE

CHAPTER 15. COASTAL AREA PLANNING

SUBCHAPTER A. MANAGEMENT OF THE BEACH/DUNE SYSTEM

31 TAC §15.36

The General Land Office (GLO) adopts amendments to §15.36 (relating to Certification Status of City of Galveston Dune Protection and Beach Access Plan) without changes to the proposed text as published in April 15, 2016, issue of the *Texas Register* (41 TexReg 2671). Section 15.36 will not be republished.

BACKGROUND AND JUSTIFICATION

The City of Galveston's (City's) Beach Access Plan (Plan) was first adopted on August 12, 1993, and was more recently amended to adopt the City's Erosion Response Plan, which was certified by the GLO as consistent with state law and became effective on December 2, 2012. The City Council amended Section 29-90 of the City Code related to Beach Access, Dune Protection and Beachfront Construction to increase the City's Beach User Fee (BUF) on January 15, 2016. The City submitted the amended Plan to the GLO with a request for certification pursuant to Texas Natural Resources Code §61.015(b).

The amendment to the City's Plan modifies Section 29-90(o)(7)(f) to increase the BUF for daily fees from $8.00 to up to a maximum of $15.00 per vehicle, and season passes from $25 to up to a maximum of $50 per vehicle at Stewart Beach, R.A. Apffel Park, Dellanera Park, and Pocket Parks #1-3.

The City provides that the BUF increase is necessary due to the continuous rise of expenses to meet the demand for new and/or improved beach-related services in the parks and to offset the withdrawal of funding from reserves to provide beach-related services, including beach nourishment projects. The City identifies that the BUF increase will help provide for multiple beach nourishment projects and other beach related services through coordination with the Galveston Island Park Board of Trustees (Park Board).

The City identifies public park enhancement projects in the Park Board Beach Parks Master Plan (Master Plan). In the short term, the revenue generated by the increased BUF will be used to: expand restrooms, changing and rinse-off facilities at the public parks; improve overall accessibility and use of the parks for disabled persons; provide for additional beach access signage; and provide for general parking improvements.

In the long term, the City identifies that increased BUF revenues will be used to: ensure concessions are available on the beach; construct new pavilions and visitor centers; expand camping and RV facilities; and expand and enhance public parking in the parks through land acquisitions and constructing additional parking structures. Supporting documentation (Staff Report 16PA-001) identifies that the City and Park Board will use the fee revenues to maintain three (3) large scale beach nourishment projects at Dellanera Park, the Galveston Seawall from 12th to 61st streets, and a cooperative project with the U.S. Army Corps of Engineers to nourish beaches west of 61st street in front of the Galveston Seawall.

The GLO has reviewed the City's BUF Plan and has determined that the BUF is reasonable. The BUF does not exceed the necessary and actual cost of providing reasonable beach-related facilities and services; does not unfairly limit public use of and access to and from public beaches in any manner; and is consistent with §15.8 of the Beach/Dune Rules and the Open Beaches Act. Therefore, the GLO finds that the changes to the Plan are consistent with state law.

The GLO published the proposed amendments in the April 15, 2016, issue of the *Texas Register* (41 TexReg 2671) for a thirty

(30) day public comment period which ended on May 16, 2016. The GLO received no public comments on the amendments.

CONSISTENCY WITH COASTAL MANAGEMENT PROGRAM

The amendments are subject to the Coastal Management Program as provided for in the Texas Natural Resources Code §33.2053 and 31 TAC §505.11(a)(1)(J) and (c), relating to the Actions and Rules Subject to the CMP. The GLO has reviewed this proposed action for consistency with the Coastal Management Program (CMP) goals and policies in accordance with the regulations and has determined that the proposed action is consistent with 31 TAC §501.12 (relating to Goals) and §501.26 (relating to Policies for Construction in the Beach/Dune System).

The amendments that modify the City's BUF Plan are consistent with 31 TAC §501.12(4) and (5). The amendments are consistent with the CMP goals in 31 TAC §501.12(4) because they ensure and enhance planned public access to and enjoyment of the coastal zone in a manner that is compatible with private property rights and other uses of the coastal zone. The amendments are also consistent with 31 TAC §501.12(5) as they provide the City with the ability to enhance public access and enjoyment of the coastal zone, protect and preserve and enhance the CNRA, and balance other uses of the coastal zone.

The amendments are also consistent with CMP policies in §501.26(a)(4) (relating to Policies for Construction in the Beach/Dune System) by enhancing and preserving the ability of the public, individually and collectively, to exercise its rights of use and access to and from public beaches.

No comments were received from the public regarding the consistency determination. The GLO has determined that the adopted rule amendments are consistent with the applicable CMP goals and policies.

STATUTORY AUTHORITY

The amendments are adopted under Texas Natural Resources Code §§61.011, 61.015(b), and 61.022(c), which requires the GLO to adopt rules governing the preservation and enhancement of the public's right to access and use public beaches, imposition or increase of beach user fees, and certification of local government beach access and use plans as consistent with state law.

Texas Natural Resources Code §§61.011, 61.015, and 61.022 are affected by the amendments.

The agency certifies that legal counsel has reviewed the adoption and found it to be a valid exercise of the agency's legal authority.

PART 10. TEXAS WATER DEVELOPMENT BOARD

CHAPTER 356. GROUNDWATER MANAGEMENT

The Texas Water Development Board (TWDB) adopts amendments to 31 Texas Administrative Code (TAC) Chapter 356, relating to Groundwater Management, §356.10, relating to Definitions; §356.21, relating to Designation of Groundwater Management Areas; §356.22, relating to Request to Amend Groundwater Management Area Boundaries; §356.34, relating to District Adoption of the Desired Future Conditions; §356.35, relating to Modeled Available Groundwater; and §356.53, relating to Plan Submission. The TWDB also adopts new §356.41, relating to Petition: Required Administrative Review and Scientific and Technical Study, and new §356.42, regarding Petition: Mediation of Issues. The amendments and new rules are adopted with changes to the proposed text as published in the February 5, 2016, issue of the *Texas Register* (41 TexReg 937).

DISCUSSION OF THE ADOPTED AMENDMENTS

The TWDB proposed these changes in order to clarify procedures related to amending the boundaries of groundwater management areas and to conform to changes in statute due to passage of House Bill (HB) 200 in 2015 by the 84th Texas Legislature.

Amending Boundaries of Groundwater Management Areas

In accordance with 31 TAC §356.22(b)(2), authorization is required from the TWDB to proceed with rulemaking for a boundary change involving a substantive change to the physical groundwater management area boundary. Originally, TWDB maintained the groundwater management area boundary designations in certain internal data files. The titles of these data files were included in TWDB rules relating to groundwater management area designations. Because of this, the TWDB was required to authorize a rulemaking every time it amended groundwater management area boundaries. However, the titles of the data files are no longer listed in TWDB rules. Therefore, the requirement for a rulemaking to reflect a substantive change to groundwater management area boundaries has been deleted.

The adopted amendment to 31 TAC §356.22(b)(2) reflects the changes in TWDB practice for amending groundwater management area boundaries by removing the required rulemaking. Each groundwater management area requesting a change to its boundaries must continue to hold a public meeting on the issue and submit the notice and minutes of that meeting to TWDB with its request. Furthermore, the adopted amendment to 31 TAC §356.22(b)(2) would still require TWDB approval at a public board meeting for substantive changes. Therefore, a thorough notice and comment process will still be involved for amending groundwater management area boundaries even if the process no longer includes a rulemaking by TWDB.

Changes to Process to Consider Desired Future Conditions Petitions

HB 200 amended various sections of Chapter 36 of the Texas Water Code to revise the procedure for the appeal of a desired future condition adopted by a groundwater conservation district (District). The adopted amendments reflect the change in statute that removes TWDB's reasonableness petition process for desired future conditions and instead allows an affected person to petition a District to contract with the State Office of Administrative Hearings (SOAH) to hear the challenge. An affected person has to file a petition with the District within 120 days of the District's adoption of the desired future condition. Within 60 days of

receiving a petition, a District is required to contract with SOAH to conduct the contested case hearing and submit any related petitions. Within 10 days of receiving the petition, the District is to submit a copy of the petition to the TWDB so it can conduct an administrative review of the desired future condition and a scientific and technical analysis. TWDB has 120 days to deliver the scientific and technical analysis to SOAH. TWDB staff responsible for the scientific and technical analysis may be called to testify as expert witnesses.

A District can also seek the assistance of the TWDB to mediate the issues raised in the petition. If the issues cannot be resolved, SOAH is to proceed with the hearing.

SECTION BY SECTION DISCUSSION OF THE ADOPTED AMENDMENTS

§356.10. Definitions.

The definition of "Affected Person" is added to define the term as used in 31 TAC Chapter 356 to implement HB 200.

The definition of "Evidence" is deleted because it is unnecessary and is no longer applicable.

The definition of "Office" is added to define the term as used in Chapter 36 of the Texas Water Code.

The definition of "Person with a legally defined interest in groundwater" is deleted because it is unnecessary and is no longer applicable.

The definition of "Petition" is revised for consistency with Chapter 36 of the Texas Water Code.

The definition of "Petitioner" has been deleted because it is unnecessary and is no longer applicable.

The definition of "Relevant aquifer" has been moved within this Definitions section and renumbered.

Definitions have been renumbered accordingly.

§356.21. Designation of Groundwater Management Areas.

Section 356.21 is revised for consistency with current agency practice related to data and map files.

§356.22. Request to Amend Groundwater Management Area Boundaries.

Section 356.22 has been revised for consistency with current agency practice related to amending groundwater management area boundaries.

§356.34. District Adoption of the Desired Future Condition.

Section 356.34 has been revised for consistency with agency practice and rules related to the submission of a desired future condition package.

§356.35. Modeled Available Groundwater.

Section 356.35 has been revised to require the TWDB to provide the modeled available groundwater value no later than 180 days after the executive administrator has provided notice that the desired future condition package submitted is administratively complete.

§356.41. Petition: Required Administrative Review and Scientific and Technical Study.

Section 356.41 (relating to Petition: Required Administrative Review and Scientific and Technical Study) has been repealed and new §356.41 has been adopted. Section 356.41 details the procedures for the appeal of a desired future condition adopted by a groundwater conservation district, consistent with Chapter 36 of the Texas Water Code, as amended by HB 200, 84th Legislative Session. This amendment reflects the change in statute that removes TWDB's reasonableness petition process for desired future conditions and instead allows an affected person to petition a groundwater conservation district to contract with the SOAH to hear the challenge. The adopted rule requires the TWDB to conduct an administrative review of the desired future condition and a scientific and technical analysis.

§356.42. Petition: Mediation of Issues.

Section 356.42 (relating to Hearing) has been repealed and a new §356.42 has been adopted. It allows a groundwater conservation district to request the TWDB's assistance in mediating the issues raised in the petition, consistent with Chapter 36 of the Texas Water Code, as amended by HB 200, 84th Legislative Session. If the issues cannot be resolved, SOAH is to proceed with the hearing.

§356.53. Plan Submission.

Section 356.53 is revised to correct a term.

REGULATORY IMPACT ANALYSIS

The TWDB has reviewed the adopted rulemaking in light of the regulatory analysis requirements of Texas Government Code §2001.0225, and determined that the rulemaking is not subject to Texas Government Code §2001.0225, because it does not meet the definition of a "major environmental rule" as defined in the Administrative Procedure Act. A "major environmental rule" is defined as a rule with the specific intent to protect the environment or reduce risks to human health from environmental exposure, a rule that may adversely affect in a material way the economy or a sector of the economy, productivity, competition, jobs, the environment, or the public health and safety of the state or a sector of the state. The intent of the rulemaking is to provide clarity regarding the TWDB's process for changing groundwater management area boundaries and to more closely align the TWDB's rules related to desired future conditions to the Texas Water Code.

Even if the adopted rulemaking were a major environmental rule, Texas Government Code §2001.0225 still would not apply to this rulemaking because Texas Government Code §2001.0225 only applies to a major environmental rule, the result of which is to: 1) exceed a standard set by federal law, unless the rule is specifically required by state law; 2) exceed an express requirement of state law, unless the rule is specifically required by federal law; 3) exceed a requirement of a delegation agreement or contract between the state and an agency or representative of the federal government to implement a state and federal program; or 4) adopt a rule solely under the general powers of the agency instead of under a specific state law. This rulemaking does not meet any of these four applicability criteria because it: 1) does not exceed federal law; 2) does not exceed an express requirement of state law; 3) does not exceed a requirement of a delegation agreement or contract between the state and an agency or representative of the federal government to implement a state and federal program; and 4) is not proposed solely under the general powers of the agency, but rather Chapter 36 of the Texas Water Code. Therefore, this adopted rulemaking does not fall under any of the applicability criteria in Texas Government Code §2001.0225.

TAKINGS IMPACT ASSESSMENT

The TWDB evaluated this adopted rulemaking and performed an analysis of whether it constitutes a taking under Texas Government Code, Chapter 2007. The specific purpose of the rulemaking is to provide clarity regarding the TWDB's process for changing groundwater management area boundaries and to more closely align the TWDB's rules related to desired future conditions to the Texas Water Code related to the same. The adopted rulemaking would substantially advance this stated purpose by incorporating applicable language from the Texas Water Code.

The TWDB's analysis indicates that Texas Government Code, Chapter 2007 does not apply to this adopted rulemaking because this is an action that is reasonably taken to fulfill an obligation imposed by state law under Chapter 36 of the Texas Water Code, which is exempt under Texas

Government Code §2007.003(b)(4).

Nevertheless, the TWDB further evaluated this adopted rulemaking and performed an assessment of whether it constitutes a taking under Texas Government Code, Chapter 2007. Promulgation and enforcement of this rulemaking would be neither a statutory nor a constitutional taking of private real property. Specifically, the subject proposed regulation does not affect a landowner's rights in private real property because this rulemaking does not burden nor restrict or limit the owner's right to property and reduce its value by 25 percent or more beyond that which would otherwise exist in the absence of the regulation. In other words, this adopted rulemaking provides clarity regarding the TWDB's process for changing groundwater management area boundaries and more closely aligns the TWDB's rules related to desired future conditions to the Texas Water Code related to the same. This will not burden, restrict, or limit an owner's right to property. Therefore, the adopted rulemaking does not constitute a taking under Texas Government Code, Chapter 2007.

PUBLIC COMMENT

Written comments were received from Prairielands Groundwater Conservation District, Upper Trinity Groundwater Conservation District, and Xcel Energy.

RESPONSE TO COMMENTS

Comment

The Prairielands Groundwater Conservation District and the Upper Trinity Groundwater Conservation District (collectively referred to as "the Districts") expressed their appreciation to the TWDB for presenting a complete and thoughtful rule package that effectively clarifies the procedures related to amending the boundaries of groundwater management areas, and represents the new petition process to appeal the adoption of desired future conditions. However, the Districts did recommend the following changes: (1) Section 356.41(a) should be revised to reflect that the desired future conditions are truly established by the district representatives of the groundwater management area during the joint planning process, which each individual district must later adopt; and (2) Section 356.42(c) should be stricken because the Districts feel that the ability of the Executive Administrator of the TWDB to unilaterally contract with an independent mediator at the district's expense exceeds the statutory language in HB 200 and the intent of the legislature. The Districts contend that HB 200, as codified in Section 36.1083 of the Texas Water Code, does not require the district to pay the cost of the mediation.

Response

The TWDB appreciates these comments from the Districts and agrees to clarify the rules to address the comments.

With respect to comments on proposed Section 356.41(a), the rule has been revised to clarify that the TWDB will perform an administrative review of a petition that is filed appealing a desired future condition adopted by an individual district under Texas Water Code §36.108(d-4).

With respect to comments on proposed Section 356.42(c), we have deleted the language concerning expenses for mediation. The new language gives the Executive Administrator flexibility in mediating issues using agency staff or an independent mediator.

Comment

Xcel Energy stated that they would like the definition of "Affected Person" in Section 356.10 to include persons and entities because an entity could also have an interest in groundwater rights. They suggested a way to accomplish this would be to either add "or entity" after the term "person" in the definition of "Affected Person," or use the word "owner" throughout the definition.

Response

The TWDB agrees that an entity could also have an interest in groundwater rights. Accordingly, the rule has been revised to add "or entity" where appropriate.

SUBCHAPTER D. APPEALING ADOPTION OF DESIRED FUTURE CONDITIONS

31 TAC §§356.41 - 356.46

The Texas Water Development Board (TWDB) adopts the repeal of 31 Texas Administrative Code (TAC) Chapter 356, §§356.41 - 356.46. The proposal is adopted without changes as published in the February 5, 2016, issue of the *Texas Register* (41 TexReg 942).

DISCUSSION OF THE REPEAL

The TWDB adopts these repeals in order to clarify procedures related to amending the boundaries of groundwater management areas, and to conform to changes in statute due to passage of House Bill (HB) 200 in 2015 by the 84th Texas Legislature. Changes to existing rules and proposed new rules to conform to the HB 200 amendments are being adopted simultaneously elsewhere in this issue of the *Texas Register.*

House Bill 200 amended various sections of Chapter 36 of the Texas Water Code to revise the procedures for the appeal of a desired future condition adopted by a groundwater conservation district (District). These repealed rules reflect the change in statute that removes the TWDB's reasonableness petition process for desired future conditions and instead allows an affected person to petition a District to contract with the State Office of Administrative Hearings (SOAH) to hear the challenge.

REGULATORY IMPACT ANALYSIS

The TWDB has reviewed the adopted rulemaking in light of the regulatory analysis requirements of Texas Government Code §2001.0225, and determined that the rulemaking is not subject to Texas Government Code §2001.0225, because it does not meet the definition of a "major environmental rule" as defined in the Administrative Procedure Act. A "major environmental rule" is defined as a rule with the specific intent to protect the environment or reduce risks to human health from environmental exposure, a rule that may adversely affect in a material way the economy or a sector of the economy, productivity, competition, jobs, the environment, or the public health and safety of the state or a sector of the state. The intent of the rulemaking is to provide clarity regarding the TWDB's process for changing groundwater management area boundaries and to more closely align the TWDB's rules related to desired future conditions to the Texas Water Code.

Even if the adopted rulemaking were a major environmental rule, Texas Government Code §2001.0225 still would not apply to this rulemaking because Texas Government Code §2001.0225 only applies to a major environmental rule, the result of which is to: 1) exceed a standard set by federal law, unless the rule is specifically required by state law; 2) exceed an express requirement of state law, unless the rule is specifically required by federal law; 3) exceed a requirement of a delegation agreement or contract between the state and an agency or representative of the federal government to implement a state and federal program; or 4) adopt a rule solely under the general powers of the agency instead of under a specific state law. This rulemaking does not meet any of these four applicability criteria because it: 1) does not exceed federal law; 2) does not exceed an express requirement of state law; 3) does not exceed a requirement of a delegation agreement or contract between the state and an agency or representative of the federal government to implement a state and federal program; and 4) is not proposed solely under the general powers of the agency, but rather Chapter 36 of the Texas Water Code. Therefore, the adopted repeals do not fall under any of the applicability criteria in Texas Government Code §2001.0225.

TAKINGS IMPACT ASSESSMENT

The board has determined that the promulgation and enforcement of this repealed rule constitutes neither a statutory nor a constitutional taking of private real property. The repealed rules do not adversely affect a landowner's rights in private real property, in whole or in part, because the adopted rule does not burden or restrict or limit the owner's right to or use of property. The specific purpose of the repeals is to provide clarity regarding the TWDB's process for changing groundwater management area boundaries and to more closely align the TWDB's rules related to desired future conditions to the Texas Water Code related to the same. The repealed rules substantially advance this stated purpose by incorporating applicable language from the Texas Water Code. Therefore, the rulemaking does not constitute a taking under Texas Government Code, Chapter 2007 or the Texas Constitution.

PUBLIC COMMENT

No public comments were received.

STATUTORY AUTHORITY

The repeals are adopted under the authority of Texas Water Code §6.101, which provides the TWDB with the authority to adopt rules necessary to carry out the powers and duties in the Texas Water Code and other laws of the State, and also under the authority of Texas Water Code Chapter 36, concerning the procedures for the appeal of a desired future condition adopted by a groundwater conservation district.

This rulemaking affects Texas Water Code, Chapter 36.

The agency certifies that legal counsel has reviewed the adoption and found it to be a valid exercise of the agency's legal authority.

Notice of Public Hearing and Public Comment Period on the Draft 2017 Regional Allocation Formula Methodology

The Texas Department of Housing and Community Affairs ("the Department") will hold a public hearing to accept public comment on the Draft 2017 Regional Allocation Formula ("RAF") Methodology.

The public hearing will take place as follows:

Wednesday, June 29, 2016

3:00 p.m. Austin local time

Stephen F. Austin Building

1700 North Congress Avenue, Room 170

Austin, Texas 78701

The RAF utilizes appropriate statistical data to measure the affordable housing need and available resources in the 13 State Service Regions that are used for planning purposes. The RAF also allocates funding to rural and urban areas within each region. The Department has flexibility in determining variables to be used in the RAF, per §2306.1115(a)(3) of the Texas Governing Code, "the department shall develop a formula that... includes other factors determined by the department to be relevant to the equitable distribution of housing funds." The RAF is revised annually to reflect current data, respond to public comment, and better assess regional housing needs and available resources.

The Single Family HOME Investment Partnerships Program ("HOME"), Multifamily HOME, Housing Tax Credit ("HTC") and Housing Trust Fund ("HTF") program RAFs each use slightly different formulas because the programs have different eligible activities, households, and geographical service areas. For example, §2306.111(c) of the Texas Government Code requires that 95% of HOME funding be set aside for non-participating jurisdictions ("non-PJs"). Therefore,

the Single Family and Multifamily HOME RAFs only use need and available resource data for non-PJs.

Both the Multifamily and Single Family RAF methodologies explain the use of factors, in keeping with the statutory requirements, which include the need for housing assistance, the availability of housing resources, and other factors relevant to the equitable distribution of housing funds in urban and rural areas of the state.

The public comment period for the Draft 2017 RAF methodology will be open from Friday, June 17, 2016, through Friday July 1, 2016, at 6:00 p.m. Austin local time. Release of the Notice of Funding Availability (NOFA) for the Texas Neighborhood Stabilization Program - Program Income

I. Source of Funds.

The Texas Department of Housing and Community Affairs' "Texas Neighborhood Stabilization Program - Program Income" ("NSP1-PI") originates from the Housing and Economic Recovery Act of 2008, which authorized the Neighborhood Stabilization Program ("NSP") funds as an adjunct to the U.S. Department of Housing & Urban Development's Community Development Block Grant Program. The NSP redevelops abandoned and foreclosed residential properties.

II. Notice of Funding Availability Summary.

The Texas Department of Housing and Community Affairs ("TDHCA") announces the availability of approximately $5,000,000 through the ("NSP1-PI") NOFA for a Homebuyer Assistance Program. On June 30, 2016, at 10:00 a.m. Austin Local Time, the funds will be available for reservation on the Department's online Reservation System on a first-come, first-served basis by eligible Applicants. If additional funding becomes available from loan payments and/or other sources, the Department may add additional funds to this NOFA.

The Department will begin accepting Applications to access the Reservation System starting on Monday, June 20, 2016, and will continue to grant access on an ongoing basis until all NSP1 HBA Program funds are reserved, or December 29, 2017, at 5:00 p.m. Austin Local Time, whichever is earlier.

Eligible Applicants are Developers as defined under NSP Notices that demonstrate existing ownership or control of Land Bank properties. Funding reservations under this NOFA are only available for Land Bank properties associated with the Department's NSP1 Program. These properties must be currently pending construction activities for the final eligible use of homeownership.

Homebuyer Assistance is available to low- to medium-income households (less than 120% of the Area Median Family Income for household size) for purchasing Land Bank properties in accordance to this NOFA and the NSP Technical Guide. Homebuyer Assistance may be utilized for reasonable closing costs, down payment assistance not to exceed 50% of the required down payment by the lender, principal reductions, and gap financing.

III. Additional Information.

Rulemaking Regarding Emergency Response Service Request for Comment

In response to certain questions raised by the commissioners at the May 4, 2016, Open Meeting, commission staff has initiated a rulemaking proceeding to examine whether changes should be made to 16 Texas Administrative Code §25.507, relating to Electric Reliability Council of Texas (ERCOT) Emergency Response Service (ERS). Staff invites interested parties to comment in response to the following questions. Comments may be filed by submitting 16 copies to the commission's Filing Clerk, Public Utility Commission of Texas, 1701 North Congress Avenue, P.O. Box 13326, Austin, Texas 78711-3326 by Friday, July 15, 2016. All responses should reference Project No. 45927. ERCOT staff and Potomac Economics are requested to submit comments by Friday, July 29, 2016. Any questions should be directed to Mark Bryant *(mark.bryant@puc.texas.gov).*

Market Design

(1) Is ERS a necessary or valuable service from an operational or reliability perspective?

(2) Would daily procurement of ERS on the day prior to the operating day be desirable?

(3) What changes in price paid for the service could be expected if it were procured on a daily basis?

(4) How does ERS differ from non-spin reserve service? Would it be desirable to simply eliminate ERS and buy more non-spin?

(5) Should the existing annual cost cap on ERS procurement and cost allocation methodology (based on risk factors assigned to time periods) be replaced by an hourly megawatt capacity requirement varying on a daily or seasonal basis?

(6) Should the price for ERS be indexed to the clearing price of one of the existing ancillary services or some other reference price?

Participation by Load and Distributed Generation Resources

(7) How would procurement of ERS on a daily basis affect participation by load and distributed generation resources in the service?

(8) What cost would be incurred by participants in the ERS program if ERS were procured on a daily basis?

(9) How would current performance criteria, testing requirements and availability metrics need to be revised if ERS were procured on a daily basis?

(10) How would demand response assets that currently are assigned to the alternate baseline be accommodated if ERS were procured on a daily basis?

General

(11) What other changes should be made to ERS to increase its value or to improve participation in the service?

Attorney General - summaries of requests for opinions, opinions, and open records decisions.

Texas Ethics Commission - summaries of requests for opinions and opinions.

Emergency Rules- sections adopted by state agencies on an emergency basis.

Proposed Rules - sections proposed for adoption.

Withdrawn Rules - sections withdrawn by state agencies from consideration for adoption, or automatically withdrawn by the Texas Register six months after the proposal publication date.

Transferred Rules- notice that the Legislature has transferred rules within the *Texas Administrative Code* from one state agency to another, or directed the Secretary of State to remove the rules of an abolished agency.

In Addition - miscellaneous information required to be published by statute or provided as a public service.

Specific explanation on the contents of each section can be found on the beginning page of the section. The division also publishes cumulative quarterly and annual indexes to aid in researching material published.

How to Cite: Material published in the *Texas Register* is referenced by citing the volume in which the document appears, the words "TexReg" and the beginning page number on which that document was published. For example, a document published on page 2402 of Volume 40 (2015) is cited as follows: 40 TexReg 2402.

In order that readers may cite material more easily, page numbers are now written as citations. Example: on page 2 in the lower-left hand corner of the page, would be written "40 TexReg 2 issue date," while on the opposite page, page 3, in the lower right-hand corner, would be written "issue date 40 TexReg 3."

How to Research: The public is invited to research rules and information of interest between 8 a.m. and 5 p.m. weekdays at the *Texas Register* office, James Earl Rudder Building, 1019 Brazos, Austin. Material can be found using *Texas Register* indexes, the *Texas Administrative Code* section numbers, or TRD number.

Both the *Texas Register* and the *Texas Administrative Code* are available online at: http://www.sos.state.tx.us. The *Texas Register* is available in an .html version as well as a .pdf version through the internet. For website information, call the Texas Register at (512) 463-5561.

Texas Administrative Code

The *Texas Administrative Code (TAC*) is the compilation of all final state agency rules published in the *Texas Register*. Following its effective date, a rule is entered into the *Texas Administrative Code*. Emergency rules, which may be adopted by an agency on an interim basis, are not codified within the *TAC*.

The *TAC* volumes are arranged into Titles and Parts (using Arabic numerals). The Titles are broad subject categories into which the agencies are grouped as a matter of convenience. Each Part represents an individual state agency.

The complete *TAC* is available through the Secretary of State's website at http://www.sos.state.tx.us/tac.

The Titles of the *TAC*, and their respective Title numbers are:

1. Administration
4. Agriculture
7. Banking and Securities
10. Community Development
13. Cultural Resources
16. Economic Regulation
19. Education
22. Examining Boards
25. Health Services
28. Insurance
30. Environmental Quality
31. Natural Resources and Conservation
34. Public Finance
37. Public Safety and Corrections
40. Social Services and Assistance
43. Transportation

How to Cite: Under the *TAC* scheme, each section is designated by a *TAC* number. For example in the citation 1 TAC §27.15: 1 indicates the title under which the agency appears in the *Texas Administrative Code*; *TAC* stands for the *Texas Administrative Code*; §27.15 is the section number of the rule (27 indicates that the section is under Chapter 27 of Title 1; 15 represents the individual section within the chapter).

How to update: To find out if a rule has changed since the publication of the current supplement to the *Texas Administrative Code*, please look at the *Index of Rules*.

The *Index of Rules* is published cumulatively in the blue-cover quarterly indexes to the *Texas Register*.

If a rule has changed during the time period covered by the table, the rule's *TAC* number will be printed with the *Texas Register* page number and a notation indicating the type of filing (emergency, proposed, withdrawn, or adopted) as shown in the following example.

TITLE 1. ADMINISTRATION
Part 4. Office of the Secretary of State
Chapter 91. Texas Register
