Honorable Greg Abbott, Governor
Honorable Glenn Hegar, State Comptroller
Ursula Parks, Director, Legislative Budget Board
John Keel, CPA, State Auditor

Lady and Gentlemen:

We are pleased to submit the Annual Financial Report of Sam Houston State University for the year ended August 31, 2015, in compliance with TEX.GOV'T CODE ANN §2101.011 and in accordance with the requirements established by the Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report (CAFR); therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please contact Amanda Withers, Interim Controller, at (936) 294-2289.

Sincerely,

Dana G. Hoyt
President

SAM HOUSTON STATE UNIVERSITY
NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended August 31, 2015

Note 1: Summary of Significant Accounting Policies

REPORTING ENTITY

Sam Houston State University is an agency of the State of Texas and a component of The Texas State University System and its financial records comply with applicable State statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' Reporting Requirements for Annual Financial Reports of State Agencies and Universities.

Sam Houston State University serves the state by providing a high quality education to residents of the state.

Due to the statewide requirements embedded in Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

FUND STRUCTURE

The financial statements of Sam Houston State University have been prepared on the basis of funds, each of which is considered a separate accounting entity. The fund designation for institutions of higher education is Business-Type Activity within the Proprietary Fund Type.

Proprietary Fund Types

Business-Type Activity

Business type funds are used for activities that are financed through the charging of fees for goods or services to the ultimate user. Institutions of higher education are required to report their financial activities as business type because the predominance of their funding comes through charges to students, sales of goods and services, and grant revenues.

BASIS OF ACCOUNTING

The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

Business type activity funds (proprietary funds) are accounted for on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time liabilities are incurred. Proprietary funds distinguish operating from non-operating items. Operating revenues and expenses result from providing services or producing and delivering goods in connection with the proprietary fund's principal ongoing operations. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets.

BUDGET AND BUDGETARY ACCOUNTING

The budget is prepared biennially and represents appropriations authorized by the legislature and approved by the Governor (the General Appropriations Act).

Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

ASSETS, LIABILITIES, AND FUND BALANCES/NET POSITION**ASSETS**Cash and Cash Equivalents

All highly liquid investments with a maturity of three months or less at the time of purchase are considered cash and cash equivalents.

Securities Lending Collateral

The University reports investments at fair value in the Statement of Net Position with the following exceptions. (Fair value is the amount at which an investment could be exchanged in a current transaction between parties, other than in a forced or liquidation sale.)

The exceptions are as follows:

1. Nonparticipating contracts, such as nonnegotiable certificates of deposit with redemption terms that do not consider market rates, are reported using a cost-based measure, provided that the fair value of those contracts is not significantly affected by the financial institution's credit standing or other relevant factors.
2. Money market investments and participating interest-earning investment contracts that mature within one year or less of the date of their acquisition may be reported at amortized cost, assuming that the investment is not affected by the financial institution's credit standing or other relevant factors.
3. For real estate, mortgages, venture capital, limited partnerships, and future and forward contracts, etc. held by non-external pool entities, fair value is not permitted. Instead, amortized cost or historical cost should be used.

Restricted Assets

Restricted assets include monies or other resources restricted by legal or contractual requirements. These assets include proceeds of enterprise fund general obligation and revenue bonds and revenues set aside for statutory or contractual requirements. Assets held in reserve for guaranteed student loan defaults are also included.

Inventories and Prepaid Items

Inventories include both merchandise inventories on hand for sale and consumable inventories. Inventories are valued at cost, generally utilizing the last-in, first-out method. The consumption method of accounting is used to account for inventories and prepaid items that appear in both governmental and proprietary fund types. The costs of inventories are expensed when they are consumed. Prepaid items reflect payments for costs applicable to future accounting periods and are recorded in both government-wide financial statements and fund financial statements.

Capital Assets

Assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year should be capitalized. All capital assets are capitalized at cost or estimated historical cost if actual historical cost is not available. Donated assets are reported at fair value as of the acquisition date. Purchases of assets by governmental funds are reported as expenditures. Depreciation is reported on all "exhaustible" assets. "Inexhaustible" assets such as works of art and historical treasures are not depreciated. Road and highway infrastructure is reported using the modified approach. Assets are depreciated over the estimated useful life of the asset using the straight-line method.

Other Receivables

Other receivables include year-end revenue accruals not included in any other receivable category. This account can appear in both governmental and proprietary fund types.

LIABILITIESAccounts Payable

Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

Other Payables

Other payables are the accrual at year-end of expenditure transactions not included in any of the other payable descriptions.

Employees' Compensable Leave Balances

Employees' Compensable Leave Balances represent the liability that becomes "due" upon the occurrence of relevant events such as resignations, retirements, and uses of leave balances by covered employees. Liabilities are reported separately as either current or noncurrent in the Statement of Net Position.

Capital Lease Obligations

Capital lease contracts payable, which are not funded by current resources, represent the liability for future lease payments under capital lease contracts. Note 8 provides details for capital lease obligations.

FUND BALANCE/NET POSITION

The difference between fund assets and liabilities is "Net Position" on the government-wide, proprietary and fiduciary fund statements, and the "Fund Balance" is the difference between fund assets and liabilities on the governmental fund statements.

Reservations of Fund Balance

Fund balances for governmental funds are classified as either reserved or unreserved in the fund financial statements. Reservations are legally restricted to a specific future use or not available for expenditure.

Reserved for Encumbrances

This represents commitments of the value of contracts awarded or assets ordered prior to year-end but not received as of that date. Encumbrances are not included with expenditures or liabilities. They represent current resources designated for specific expenditures in subsequent operating periods.

Reserved for Consumable Inventories

This represents the amount of supplies, postage and prepaid assets to be used in the next fiscal year.

Unreserved/Undesignated

Other represents the unappropriated balance at year-end.

Net Investment in Capital Assets

Net Investment in Capital Assets consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Net Position - Restricted

Restricted net position results when constraints placed on net position use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.

Net Position - Unrestricted

Unrestricted net position consists of net position which does not meet the definition of the two preceding categories. Unrestricted net position often has constraints on resources, which are imposed by management, but can be removed or modified.

INTERFUND TRANSACTIONS AND BALANCES

The agency has the following types of transactions among funds:

Transfers

Legally required transfers that are reported when incurred as “Transfers In” by the recipient fund and as “Transfers Out” by the disbursing fund.

Reimbursements

Reimbursements are repayments from funds responsible for expenditures or expenses to funds that made the actual payment. Reimbursements of expenditures made by one fund for another that are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund. Reimbursements are not displayed in the financial statements.

Interfund Receivables and Payables

Interfund loans are reported as interfund receivables and payables. If repayment is due during the current year or soon thereafter it is classified as “Current,” repayment for two (or more) years is classified as “Non-Current.”

Interfund Sales and Purchases

Charges or collections for services rendered by one fund to another that are recorded as revenues of the recipient fund and expenditures or expenses of the disbursing fund.

The composition of the agency’s Interfund activities and balances are presented in Note 12.

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the agency will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The agency does not have a deposit policy for custodial credit risk. As of August 31, 2015, Sam Houston State University was subject to minimal custodial credit risk for deposits.

Foreign currency risk for deposits is the risk that changes in exchange rates will adversely affect the deposit. The agency’s policy is to limit deposits subject to foreign currency risk to 5% of total deposits. Sam Houston State University held no exposure to foreign currency risk for deposits as of August 31, 2015.

Investments

Sam Houston State University invests its endowment funds to provide funding for scholarships, fellowships, professorships, academic chairs, and other uses as specified by donors. Investments of University funds for endowments and quasi endowments shall be accomplished in accordance with the following principals:

There are two primary investment objectives. One is to provide a continuing and dependable cash payout, stable, and preferably growing in real terms, after giving effect to inflation. The second is to cause the total value of the funds to appreciate, over time, exclusive of growth derived from donations.

1. The cash payout requirement for endowment and quasi endowment funds are significant and continuous. Income must be sufficient to provide an adequate cash stream to support the programs for which the endowments and quasi endowment accounts need to appreciate to insure preservation of purchasing power, and also to satisfy the need for future growth in payouts.
2. The endowment and quasi endowment funds will be invested to meet these objectives, by maximizing returns consistent with an appropriate level of risk and subject to generation of adequate current income. Additionally, the investments shall be diversified at all times to provide reasonable assurance that investment in a single security, a class of securities, or industry will not have an excessive impact on the funds.

As of August 31, 2015, the carrying value and fair value of investments are as presented below.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the agency will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The agency's investment policy limits holding of securities by counterparties to those involved with securities lending. As of August 31, 2015, Sam Houston State University had minimal investments subject to custodial credit risk.

Foreign currency risk for investments is the risk that changes in exchange rates will adversely affect the investment. The agency's policy is to limit investments subject to foreign currency risk to 5% of total investments. As of August 31, 2015, Sam Houston State University was not subject to foreign currency risk.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The general investment policy of the agency limits investments in debt securities that are not in the top three investment grade ratings issued by nationally recognized statistical rating organizations to 5% of total investments. As of August 31, 2015, Sam Houston State University was subject to minimal credit risk.

Investment Type	AAAf	AAf	Unrated
Fixed Income Money Market and Bond Mutual Fund	\$0.00	\$0.00	\$40,836,101.81

Concentration of credit risk is the risk of loss attributable to the magnitude of investment in a single issuer. Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this disclosure requirement. As of August 31, 2015, Sam Houston State University was not subject to concentration of credit risk.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Sam Houston State University is not required to disclose interest rate risk.

REVERSE REPURCHASE, SECURITIES LENDING, DERIVATIVE INVESTING

Sam Houston State University did not participate in Reverse Repurchase Agreements, Securities Lending, or Derivative Investing during fiscal year 2015.

Note 4: Short-Term Debt

Not Applicable.

During the fiscal year ended August 31, 2015, Sam Houston State University had no short-term debt activity.

CLAIMS & JUDGEMENTS

At August 31, 2015, various lawsuits and claims involving Sam Houston State University were pending. While the ultimate liability with respect to litigation and other claims asserted against the University cannot be reasonably estimated at this time, the University anticipates no liability on the merits of outstanding claims.

EMPLOYEES' COMPENSABLE LEAVE

Full-time State employees earn annual leave from eight to twenty-one hours per month depending on the respective employee's years of State employment. The State's policy is that an employee may carry his accrued leave forward from one fiscal year to another fiscal year with a maximum number of hours up to 532 for those employees with 35 or more years of State service. Employees with at least six months of State service, who terminate their employment, are entitled to payment for all accumulated annual leave up to the maximum allowed. The University recognizes the accrued liability for the unpaid annual leave in the Unrestricted Current Funds. For the year ended August 31, 2015, the accrued liability totaled \$6,556,623.71.

The University made lump sum payments totaling \$581,213.90 for accrued vacation and/or compensatory time to employees who separated from state service during the fiscal year ending August 31, 2015.

Sick leave, the accumulation of which is unlimited, is earned at the rate of eight hours per month and is paid only when an employee is off due to illness or to the estate of an employee in the event of his/her death. The maximum sick leave that may be paid to an employee's estate is one-half of the employee's accumulated entitlement or 336 hours, whichever is less. The University's policy is to recognize the cost of sick leave when paid and the liability is not shown in the financial statements since experience indicates the expenditure for sick leave to be minimal.

Note 6: Bonded Indebtedness

All bonded indebtedness for Sam Houston State University is issued by System Administration through the Texas State University System Revenue Financing System. System Administration and each component institution within the System are members of the Revenue Financing System. The Board of Regents pledged all of the funds (revenues) and balances derived or attributable to any member of the Revenue Financing System that are lawfully available to the Board for payments on Parity Debt.

System Administration issued the debt; therefore, the bonds payable attributable to the Institution are included with the Bonds Payable reported by System Administration. The Institution must repay the debt that was issued on its behalf; consequently, the following debt amortization schedule is presented for informational purposes only.

The disclosure of information on post-employment benefits other than pension benefits (OPEB) will be provided by Employees Retirement System.

Note 12: Interfund Activity and Transactions

As explained in Note 1 on Interfund Transactions and Balances, there are transactions between funds and agencies.

At year-end amounts to be received or paid are reported as (when applicable):

- Interfund Receivables or Interfund Payables - None
- Due From Other Agencies or Due To Other Agencies - See Schedule 1A - *Schedule of Expenditures of Federal Awards*, and Schedule 1B - *Schedule of Grant Pass Through From/To State Agencies*
- Due From Other Funds or Due To Other Funds - None
- Transfers in or transfers out - None
- Legislative Transfers In or Legislative Transfers Out - See below.

Sam Houston State University has not participated in any interfund borrowing during fiscal year 2015.

The agency experienced routine transfers with other state agencies, which were consistent with the activities of the fund making the transfer. Repayment of interfund balances will occur within one year from the date of the financial statements.

Note 13: Continuance Subject to Review

Not Applicable.

Sam Houston State University is not subject to the Texas Sunset Act.

Note 14: Adjustments to Fund Balances/Net Assets

During fiscal year 2014, Sam Houston State University underwent an audit of their federal financial aid. This resulted in a finding of overstated expenses and revenue resulting in net zero effect. Additionally it was determined that revenue of \$20,000.00 had been recorded as an increase to investments with no offset in revenue. SHSU continues to undergo a full reconciliation of all accounts. After completion of cash and USAS balances in 2014, we began a review of the general ledger in 2015. This resulted in a net amount of \$598,864.66 that had been overstated in prior years.

Net Position Balance September 1, 2014	\$483,279,956.45
Restatement related to SEFA audit-revenue	(\$13,131,542.00)
Restatement related to SEFA audit- expenses	13,131,542.00
Restatement of unrecorded gift revenue	20,000.00
Restatement of receivables/payables overstated	<u>(598,864.66)</u>
Net Position Balance September 1, 2014 as Restated	\$482,701,091.79

Note 15: Contingencies and Commitments

At August 31, 2015, various lawsuits and claims involving Sam Houston State University were pending. While the ultimate liability with respect to litigation and other claims asserted against the University cannot be reasonably estimated at this time, the University anticipates no liability on the merits of outstanding claims.

Note 16: Subsequent Events

There have been no subsequent events that would have a material effect on the University's financial statements for the fiscal year ended August 31, 2015.

Note 17: Risk Management

Sam Houston State University is self-insured by the State of Texas for coverage in the areas of workers' compensation and unemployment compensation.

Unemployment Compensation: The State provides coverage for unemployment benefits for university employees from appropriations made to the Texas Workforce Commission (TWC). The current General Appropriations Act provides that the University must reimburse the General Revenue Fund, from university appropriations, 50% of the unemployment benefits paid for State funded positions and 100% of the cost for unemployment compensation for any positions paid from funds held in local bank accounts and local funds held in the State Treasury. The Comptroller of Public Accounts determines the proportionate amount to be reimbursed from each appropriated fund type. The unemployment benefit plan is on a pay-as-you-go basis, in which no assets are set aside to be accumulated for the payment of claims. It is estimated that there were no material liabilities as of August 31, 2015.

Workers' Compensation: The administration of the State's employee workers' compensation program is vested with the State Office of Risk Management (SORM). In accordance with H.B. No. 1203, 77th Legislature, SORM developed and imposed a formula driven charge for workers' compensation costs upon participating agencies. The workers' compensation assessment is prepaid to SORM through an Interagency Contract for risk management services and workers' compensation coverage for its employees in compliance with TEX.LABOR CODE Chapter 412 and Chapter 501. The assessment for SHSU for FY 2015 was \$293,092.40. The assessment for SHSU for FY 2016 is \$323,202.26.

Sam Houston State University is required by certain bond covenants to carry fire and extended coverage and boiler insurance on buildings financed through the issuance of bonds using pledged Auxiliary Enterprise or other non-Educational and General Funds. The insurance protects the bond holders from a disruption to the revenue stream that is being utilized to make the bond interest and principal payments. Sam Houston State University had no insurance claims made during the fiscal year ended August 31, 2015.

The Texas Motor Vehicle Safety Responsibility Act requires that every non-governmental vehicle operated on a state highway be insured for minimum limits of liability in the amount of \$30,000/\$60,000 bodily injury and \$25,000 property damage. All vehicles owned and/or leased by Sam Houston State University are covered by one of two commercial insurance policies specifically customized for the Texas State University System. Both policies provide coverage to the extent of \$1,000,000 combined single liability. The coverage exceeds the extent of the waivers of state immunity specified in the Texas Tort Claims Act, Civil Properties and Remedies Code Section 101.023.

Sam Houston State University is exposed to a variety of civil claims resulting from the performance of its duties. It is University policy to periodically assess the proper combination of commercial insurance and retention of risk to cover losses to which it may be exposed. The University assumes substantially all risks associated with tort and liability claims due to the performance of its duties. Currently, there is no purchase of commercial insurance, nor is the University involved in any risk pools with other governmental entities. The liability of Sam Houston State University for personal injury and property damage is controlled by the Texas Tort Claims Act, VT.C.A Civil Practice and Remedies Code, Chapter 101, Section 101.021. The limits of liability are \$250,000 for each person, \$500,000 for each single occurrence for bodily injury or death and \$100,000 for each single occurrence for injury to or destruction of property. Following this limited exposure, Sam Houston State University, as a state agency, is protected by the doctrine of sovereign immunity, and as such, is self-insured up the aforementioned limits.

The University's liabilities are reported when it is both probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Liabilities are reevaluated periodically to consider current settlements, frequency of claims, past experience and economic factors. There have been no significant reductions in insurance coverage in the past year and losses did not exceed coverages or funding arrangements during the past three years.

Note 18: Management Discussion and Analysis

Not Applicable.

Management Discussion and Analysis is a required part of the basic financial statements. Management Discussion and Analysis is omitted because Sam Houston State University is reported in a consolidated format with Texas State University System, which is reported as a component of the State of Texas. Management Discussion and Analysis as it relates to Texas State University System can be found in the State of Texas basic financial statements.

Note 19: The Financial Reporting Entity

Sam Houston State University is an agency of the State of Texas and a component of the Texas State University System and its financial records comply with applicable State statutes and regulations. As required by generally accepted accounting principles, these financial statements present Sam Houston State University.

RELATED ORGANIZATIONS

The Sam Houston University Foundation was formed in 2011 to support the educational, scientific, athletic, and research mission of Sam Houston State University. The Foundation raises and manages funds designated for support to the university. In total, the Foundation Board reported payments of \$493,838.47 for university support.

Note 20: Stewardship, Compliance and Accountability

Sam Houston State University has no material violations of finance related and contractual provisions and no new component units are included in the financial report. Per the laws of the State of Texas, Sam Houston State University cannot spend amounts in excess of appropriations granted by the Texas Legislature and there are no deficits reported in net position.

Note 21: N/A

Not Applicable.

Note 22: Donor-Restricted Endowments

Nonexpendable restricted net position consists of endowments in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income.

<u>Donor- Restricted Endowment</u>	<u>Amounts Of Net Appreciation</u>	<u>Reported in Net Assets</u>
True Endowments	\$0.00	Restricted for Nonexpendable
Term Endowments	\$1,917,550.13	Restricted for Expendable
True Endowments	\$24,116,695.79	Restricted for Expendable

The amount reported as Net Appreciation represents net appreciation on investments of donor restricted endowments that are available for authorization for expenditure. Pursuant to the Uniform Prudent Management of Institutional Funds Act (Property Code Chapter 163.001), net appreciation, realized and unrealized, in the fair market value of the endowment assets in excess of historical dollar value of the gifts may be distributed to the extent prudent.

The fiscal year 2015 Sam Houston State University spending policy for endowments was to distribute as much of the total return allowable while maintaining the principle investment objective of protecting the real value of the endowment corpus.

Note 23: Extraordinary and Special Items

Not Applicable.

Sam Houston State University had no special or extraordinary items to report for the fiscal year ended August 31, 2015.

Note 24: Disaggregation of Receivable and Payable Balances

Sam Houston State University had the following aggregate receivable and payable balances as of August 31, 2015:
