Office of the President

The Honorable Greg Abbott Governor of Texas

Ms. Ursula Parks Acting Director, Legislative Budget Board

The Honorable Glenn Hegar Texas Comptroller

Mr. John Keel, CPA State Auditor

Lady and Gentlemen:

We are pleased to submit the Annual Financial Report of Angelo State University for the year ended August 31, 2015, in compliance with TEX. GOV'T CODE ANN §2101.011 and in accordance with the requirements established by the Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The Financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please contact Denise Brodnax at (325) 942-2014. Janet Coleman may be contacted at (325) 942-2014 for questions related to the Schedule of Expenditures of Federal Awards.

Sincerely,

ran f. Marg

NOTE 1: Summary of Significant Accounting Policies

ENTITY

Angelo State University is considered an Institution of Higher Education of the State of Texas, and its financial records comply with state statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts *Reporting Requirements for State Institutions of Higher Education*. Angelo State University serves the state by offering a wide range of academic programs leading to baccalaureates and masters degrees. Angelo State University is committed to providing educational excellence for Texas.

Due to the statewide requirements embedded in GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the state auditor as part of the audit of the state of Texas Comprehensive Annual Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

FUND STRUCTURE

The accompanying financial statements are presented on the basis of funds. A fund is considered a separate accounting entity. The fund designation for institutions of higher education is a Business Type Activity within the Proprietary Fund Type.

Proprietary Funds

Business Type Activity

Business type funds are used for activities that are financed through the charging of fees and sales for goods or services to the ultimate user. Institutions of higher education are required to report their financial activities as business type because the predominance of their funding comes through charges to students, sales of goods and services, and grant revenues.

Component Units

The fund types of the individual discrete component units are available from the component units' separately issued financial statements. Additional information about component units can be found in Note 19.

Basis of Accounting

The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

Business activity type funds (proprietary funds) are accounted for on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time liabilities are incurred. Proprietary funds distinguish operating from nonoperating items. Operating revenues and expenses result from providing services or producing and delivering goods in connection with the proprietary funds principal ongoing operations. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets.

BUDGETS AND BUDGETARY ACCOUNTING

The budget is prepared biennially and represents appropriations authorized by the legislature and approved by the Governor (the General Appropriations Act). Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

ASSETS, LIABILITIES, AND FUND BALANCES/NET POSITION

<u>Assets</u>

Cash and Cash Equivalents

Short-term highly liquid investments with an original maturity of three months or less are considered cash equivalents. For reporting purposes, this account includes cash on hand, cash in local banks, cash in transit, and cash in the Treasury.

Investments

Investments are stated at fair value in all funds except pension trust funds in accordance with GASB Statement 31 - Accounting and Financial Reporting for Certain Investments and for External Investment Pools. For pension trust funds, investments are required to be reported at fair value using the accrual basis of accounting in accordance with GASB Statement 25 - Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans.

Securities lent are reported as assets on the balance sheet. The costs of securities lending transactions are reported as expenditures or expenses in the Operating Statement. These costs are reported at gross.

Restricted Assets

Restricted assets include monies or other resources restricted by legal or contractual requirements. These assets include proceeds of enterprise fund general obligation and revenue bonds and revenues set aside for statutory or contractual requirements. Assets held in reserve for guaranteed student loan defaults are also included.

Inventories

Inventories include both merchandise inventories on hand for sale and consumable inventories. Inventories are valued at cost, generally utilizing the last-in, first-out method. The consumption method of accounting is used to account for inventories that appear in the proprietary fund types and the government-wide statements. The cost of these items is expensed when the items are consumed.

Capital Assets

Assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year should be capitalized. These assets are capitalized at cost or, if not purchased, at appraised fair value as of the date of acquisition. Purchases of assets by governmental funds are reported as expenditures. Depreciation is reported on all "exhaustible" assets. "Inexhaustible" assets such as works of art and historical treasures are not depreciated. A road and highway infrastructure is reported on the modified accrual basis. Assets are depreciated over the estimated useful life of the asset using the straight-line method.

All capital assets acquired by proprietary funds or trust funds are reported at cost or estimated historical cost, if actual historical cost is not available. Donated assets are reported at fair value on the acquisition date. Depreciation is charged to operations over the estimated useful life of each asset, using the straight-line method.

Other Receivables

Other receivables include year-end accruals not included in any other receivable category. This account can appear in governmental and proprietary fund types.

Liabilities

Accounts Payable

Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

Other Payables

Other payables are the accrual at year-end of expenditure transactions not included in any of the other payable descriptions. Other payables may be included in either the governmental or proprietary fund types.

Employees' Compensable Leave Balances

Employees' Compensable Leave Balances represent the liability that becomes 'due' upon the occurrence of relevant events such as resignation, retirements, and uses of leave balances by covered employees. Liabilities are reported separately as either current or noncurrent in the statement of net position. GASB Statement No. 16, <u>Accounting for Compensated Absences</u>, establishes the standards of accounting and reporting for compensated absences (i.e., vacation, unpaid overtime, and sick leave) by State entities.

Capital Lease Obligations

Capital Lease Obligations represent the liability for future lease payments under capital lease contracts contingent upon the appropriation of funding by the Legislature. Liabilities are reported separately as either current or noncurrent in the statement of net position.

Bonds Payable - General Obligation Bonds

The unmatured principal of general obligations bonds are accounted for in the Long-term Liabilities column. Payables are reported separately as either current or noncurrent in the statement of net position. Bonds payable are recorded at par. The bond proceeds are accounted for as an "Other Financing Source" in the governmental funds when received, and expenditures for payment of principal and interest are recorded in the Debt Service funds when paid. These amounts are adjusted in the Long-term Liabilities column.

Bonds Payable - Revenue Bonds

Revenue bonds are generally accounted for in the proprietary funds. The bonds payable are reported at par less unamortized discount or plus unamortized premiums. Interest expense is reported on the accrual basis, with amortization of discount or premium. Payables are reported separately as either current or noncurrent in the statement of net position.

Fund Balance/Net Position

The difference between fund assets and liabilities is 'Net Position' on the government-wide, proprietary and fiduciary fund statements, and the 'Fund Balance' is the difference between fund assets and liabilities on the governmental fund statements.

Reservation of Fund Balance

Fund balances for governmental funds are classified as either reserved or unreserved in the fund financial statements. Reservations are legally restricted to a specific future use or not available for expenditure.

Reserve for Encumbrances

This represents commitments of the value of contracts awarded or assets ordered prior to year end but not received as of that date. Encumbrances are not included with expenditures or liabilities. They represent current resources designated for specific expenditures in subsequent operating periods.

Reserve for Consumable Inventories

This represents the amount of supplies, postage, and prepaid assets to be used in the next fiscal year.

Unreserved/Undesignated

This represents the unappropriated balance at year-end.

Invested in Capital Assets, Net of Related Debt

Invested in capital assets, net of related debt consists of capital assets. Net of accumulated depreciation and reduced by outstanding balances for bond, notes, and other debt, are attributed to the acquisition, construction, or improvement of those assets.

Restricted Net Position

Restricted net position results when constraints placed are externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Assets

Unrestricted net position results when there are no externally imposed stipulations. Unrestricted net position may involve constraints on resources, which are imposed by management, but can be removed or modified.

Interfund Transactions and Balances

Angelo State University has the following types of transactions among funds:

- 1. Transfers: Legally required transfers that are reported when incurred as 'Transfers In' by the recipient fund and as 'Transfers Out' by the disbursing fund.
- 2. Reimbursements: Reimbursements are repayments from funds responsible for expenditures or expenses to funds that made the actual payment. Reimbursements of expenditures, made by one fund for another, are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund. Reimbursements are not displayed in the financial statements.
- 3. Interfund receivables and payables: Interfund loans are reported as interfund receivables and payables. If repayment is due during the current year or soon thereafter, it is classified as 'Current, repayment for two (or more) years is classified as 'Non-Current'.
- 4. Interfund Sales and Purchases: Charges or collections for services rendered by one fund to another are recorded as revenues of the recipient fund and expenditures or expenses of the disbursing fund. The composition of Angelo State University's Interfund receivables and payables at August 31, 2015 is presented in Note 12.

Derivative Investing

The Investment Policy Statement for the LTIF allows investment in certain derivative securities. A derivative security is a financial instrument which derives its value from another security, currency, commodity or index.

The LTIF entered into futures contracts, options, and swaps as efficient substitutes for traditional securities, to reduce portfolio risks created by other securities, or in fully hedged positions to take advantage of market anomalies.

These instruments involve market and/or credit risk in excess of the amount recognized in the Statement of Net Position. Risks arise from the possibility that counterparties will be unable to meet the terms of their contracts and from movement in index values. Futures contracts have reduced counterparty credit risk since they are exchange-traded and the exchange's clearinghouse, as counterparty to all exchange-traded futures, guarantees them against default. Counterparty risk for swaps and options is mitigated by master netting agreements between the Administration and its counterparties, and by the posting of collateral on a daily basis.

The Administration's gross counterparty exposure, as of August 31, 2015, is presented below.

Employees Compensable Leave

A state employee is entitled to be paid for all unused vacation time accrued, in the event of the employee's resignation, dismissal, or separation from State employment, provided the employee has had continuous employment with the State for six months. Expenditures for accumulated annual leave balances are recognized in the period paid or taken in governmental fund types. For these fund types, the liability for unpaid benefits is recorded in the Statement of Net Position. An expense and liability for proprietary fund types are recorded in the proprietary fund as the benefits accrue to employees. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

Bonds Payable

The University transferred the ending revenue bonds payable balance of \$66,535,492.12, to TTU System Administration for the central administration of all Texas Tech University System's Revenue Financing System revenue bond debt. For fiscal year 2015, the University's revenue bond activity was recorded on the University's books. Beginning with fiscal year 2016, the University's share of revenue bond debt activity will be recorded on the TTU System Administration books with interagency transfers being recorded between the University and TTU System Administration to transfer cash for the University's share of new debt proceeds and debt service payments.

NOTE 6: Bonded Indebtedness

Revenue Bonds Payable

The University transferred the ending revenue bonds payable balance of \$66,535,492.12 as of August 31, 2015 to TTU System Administration for the central administration of all Texas Tech University System's Revenue Financing System revenue bond debt. The supplemental bond information is included in the TTU System Administration Annual Financial Report in Note 6 and Bond Schedules 2A to 2F.

Prior to September 1, 2007, all bonded indebtedness for Angelo State University ("Institution") was issued through the Texas State University System ("TSUS") Revenue Financing System ("RFS"), of which the System Administration and each component were members. The Board of Regents cross-pledged all

lawfully available funds (revenues) and balances attributable to any RFS member against the bonded indebtedness of all other RFS members for payment on the Parity Debt. Effective September 1, 2007, *House Bill 3564 (80th Legislature, Regular Session)* transferred governance of the Institution to the Texas Tech University System ("TTUS"); however, the Institution's revenues remain pledged to the RFS until TSUS can secure, from the new governing body (TTUS), a legally acceptable agreement, assuming the Institution's obligations. On April 24, 2008, as authorized by *House Bill 3564*, the Texas Higher Education Coordinating Board, on the advice of the Texas Attorney General, issued a ruling and endorsed an Agreement obligation to honor the Institution's bonded indebtedness. TTUS signed and returned the agreement January 14, 2009. On January 23, 2009 TTUS delivered to TSUS a \$53,015,628 "Board of Regents of Texas Tech University System Revenue Financing System Refund Note, Thirteenth Series (2008)", dated September 15, 2008 securing the remaining TSUS debt attributable to Angelo State University. On April 24, 2009 TTUS called \$7,215,000 of TSUS debt reducing the TSUS debt balance attributable to the institution by \$7,211,264.87.

In FY 2015, \$17,550,000.00 of Texas State University System debt was refunded and new debt was financed by Texas Tech University System on behalf of Angelo State University. The refunded bonds were Angelo State University's portion of the Texas State University System 2005 series bonds in the amount of \$4,185,000.00 & 2006 series bonds in the amount of \$13,365,000.00. The 2005 series refunding resulted in debt service savings of \$273,960.26 and a total net present value savings of \$259,243.73. The 2006 series refunding resulted in debt service savings of \$1,319,747.75 and a total net present value savings of \$998,516.08.

ASU must repay the remaining debt that was issued by TSUS on its behalf; consequently, the following debt amortization schedule is presented for informational purposes only.

Debt Service Requirements Attributable To Angelo State University

A portion of the debt represents Tuition Revenue Bonds historically funded by the Texas Legislature through General Revenue Appropriations. The institution was appropriated \$2,713,411.00 during the current fiscal year for Tuition Revenue Bond debt service. The institution expects future Legislative appropriations to meet debt service requirements for Tuition Revenue Bonds.

NOTE 7: Derivative Instruments

The System Investment Policy Statement for the LTIF allows investment in certain derivative securities. Derivatives are financial instruments whose values are derived in whole or in part from the value of any one or more underlying assets or index of asset values. Investment derivatives are entered into with the intention of managing transaction or currency exchange risk in purchasing, selling or holding investments. These include futures contracts, options, and swaps.

The following disclosures summarize the System's derivative activity as reported in the financial statements.

		Changes in Fair Value			Notional	Fair Value at August 31

Fair Value

Derivative instruments are recorded at fair value. Futures contracts are marked-to-market daily and valued at closing market prices on valuation date. A daily variation margin between the daily value of the contracts and the value on the previous day is recorded and settled in cash with the broker the following morning. Options and swaps are valued using broker quotes, proprietary pricing agents or appropriate pricing models with primarily externally verifiable model inputs.

Investment Derivatives

Investment derivatives expose the System to certain investment related risks. The System discloses more detail about investment derivatives in Note 3.

NOTE 8: Leases

Angelo State University has entered into various operating leases for buildings and equipment. Expenses for operating lease obligations included in the financial statements were \$546,238.40 for the fiscal year ended August 31, 2015.

Future minimum lease payments under non-cancelable operating leases having an initial term in excess of one year as of August 31, 2015 are as follows:

NOTE 14: Adjustments to Fund Balances and Net Position

The Statement of Net Position has been updated to reflect quasi endowments as restricted expendable. It has also been updated to reflect a prior year correction to non-depreciable capital assets, and includes ASU Foundation which is now blended with ASU.

The Statement of Revenues, Expenses and Change in Net Position has been updated to reflect the capital asset correction and the inclusion of ASU Foundation. It also correctly shows the TSUS transfers.

The Cash Flow has been updated to reflect the reclassification of transfers to TSUS for debt service, and the inclusion of ASU Foundation.

Capital asset adjustments and the inclusion of ASU Foundation did result in a restatement of fund balance and net position.

NOTE 16: Subsequent Events

In October 2015, ASU accepted a pledge for a \$5 million gift from the James B. and Lois R. Archer Charitable Foundation to help expand the facilities that support the health and human services curriculum. This gift along with the TRB funding approved by the 84th legislature allows for the construction of the new Archer College of Health and Human Services building.

NOTE 17: Risk Management

The State provides coverage for unemployment compensation benefits from appropriations made to other State agencies for Angelo State University employees. The current General Appropriations Act provides that Angelo State University must reimburse General Revenue Fund-Consolidated, from Angelo State University appropriations, one-half of the unemployment benefits paid for former and current employees. The Comptroller of Public Accounts determines the proportionate amount to be reimbursed from each appropriated fund type. Angelo State University must reimburse the General Revenue Fund one hundred percent of the cost for workers' compensation and for any employees paid from funds held in local bank

accounts. The unemployment plan is on a pay-as-you-go basis, in which no assets are set aside to be accumulated for the payment of claims. No material outstanding claims are pending at August 31, 2015.

Angelo State University by state law is required to be a participant in the Worker's Compensation Program and Pool managed by the State Office of Risk Management (SORM). The University is assessed fees by SORM based upon claims cost, claim count, payroll and FTE. Total payments to SORM for fiscal year 2015 totaled \$86,280.74. The State Office of Risk Management pays all WCI claims. The Worker's Compensation pool for the fiscal year was funded by a .25 percent charge on non-educational and general gross payroll for paying its proportionate share of the SORM assessment.

Due to the diverse risk exposure of the University, the insurance portfolio contains a comprehensive variety of coverage. Texas statutes require participation of all state agencies, directors and officers liability, employee blanket bond, and property and casualty programs. In addition to these basic policies, the University's Department of Risk Management establishes guidelines in risk assessment, risk avoidance, risk acceptance and risk transfer.

- The auxiliary buildings and contents are insured for replacement value. Each loss incident is subject to a \$100,000 deductible.
- University automobiles and leased vehicles new to 5 years old are insured for general liability and physical damage. Any automobiles or leased vehicles six years old or older are insured for general liability only.
- Each loss incident is subject to a \$1,000 deductible.

Angelo State University is an agency of the State of Texas, and is one of five components of the Texas Tech University System.

The Robert G. Carr and Nona K. Carr Scholarship Foundation, Box 11007C, ASU Station, San Angelo, TX 76909 is presented in these statements as a discretely presented component unit. The Foundation is a separate legal nonprofit organization that was established solely for the benefit of providing scholarships to the students of Angelo State University (ASU). The Foundation has a fiscal year end of August 31, and the financial records of the Foundation are audited annually by an independent accounting firm. These statements may be found at the end of the Annual Financial Report.

Robert G Carr and Nona K. Carr Scholarship Foundation

On September 1, 1980 the Robert G. Carr Estate transferred certain assets totaling \$6,815,644.46 to the Board of Regents, Texas State University System, trustees of the Robert G. Carr and Nona K. Carr Scholarship Foundation that was established for the benefit of Angelo State University under provisions of the Last Will and Testament of Robert G. Carr whose death occurred on March 17, 1978. This principal fund included \$2,986,879.74 in cash, and \$3,828,764.72 in oil, gas, and mineral properties.

On September 1, 1989 the Nona K. Carr Estate transferred certain assets totaling \$5,098,287.68 to the Board of Regents, Texas State University System, trustees of the Robert G. Carr and Nona K. Car Scholarship Fund that was established for the benefit of Angelo State University under provision of the last will and testament of Robert G. Carr. Nona K. Carr died on June 17, 1987. This principal fund included \$2,089,218.68 in cash and \$3,009,069.00 in oil, gas, and mineral properties.

Prior to the 2015 fiscal year, the Foundation received payments for oil and gas royalties, oil and gas lease rental and bonuses, and oil and gas payment commissions totaling \$117,299,398.07 and realized an appreciation on investments of \$13,145,987.22. During the 2015 fiscal year, the Foundation received payments for oil and gas royalties, oil and gas lease rentals and bonuses, and oil and gas payment commissions, and refunds totaling \$4,816,235.06.

All principal is invested in the Long Term Investment Fund (LTIF) which is managed by the Texas Tech University System.

The value at which oil, gas, and other mineral properties is carried on the financial statements is the value that was agreed to in the settlement with the Internal Revenue Service of the Federal Estate Tax Liability of the Estate of Robert G. Carr. No provision has been made for depletion of these properties.

The LTIF spending distribution is transferred to the Angelo State University Robert G. Carr and Nona K. Carr Scholarship and expense funds. During the 2015 fiscal year, the spending distribution received from the investment agent totaled \$7,669,360.22. Of this amount, \$551,179.00 was transferred by the trustees to the Foundation Trust Estate Expense Account for the payment of salaries and wages, and other operating expenses of the foundation.

Total scholarships awarded prior to the 2015 fiscal year amounted to \$86,415,694.34. During the 2015 fiscal year, scholarship awards amounted to \$7,987,857.11. It is estimated that the amount of annual scholarship awards from the scholarship fund will total \$8,000,000.00 in fiscal year 2016.

The records of the Foundation are audited annually by the firm of Oliver, Garrison, LLC, San Angelo, Texas.

NOTE 21: N/A

NOTE 22: Donor Restricted Endowments

Expenditure of endowed funds is not allowed without the express consent of the donor. Most of Angelo State University's endowments are held in perpetuity. In many cases, endowment earnings are expendable for student financial assistance or other purposes as designated by the donor. In other cases, endowment earnings are reinvested.

Endowment assets are invested predominantly in the Long Term Investment Fund (LTIF). The LTIF has experienced varying performance since its inception. The cumulative effect of valuation changes assignable to endowment fund assets by the University are summarized in the table below.

The System's spending policy reflects an objective to distribute as much total return as is consistent with overall investment objectives while protecting the inflation-adjusted value of the principal. The following factors are considered in the spending policy: the duration and preservation of the LTIF, the purposes of the System and the LTIF, general economic conditions, the possible effect of inflation or deflation, the expected total return from income and the appreciation of investments, other resources of the System and the overall investment policy. The distribution of spendable earnings shall not exceed 6% nor be less than 4% of the average NAV of the LTIF for the 12 quarters just ended.

The net appreciation (cumulative and unexpended) on donor-restricted endowments presented below is available for authorization and expenditure.

	Amount of Ne	t Appreciation
