TEXAS TECH UNIVERSITY SYSTEM

Robert Duncan, *Chancellor*

November 15, 2015

Honorable Greg Abbott
Governor of Texas

Honorable Glen Hegar
Texas Comptroller

Ms. Ursula Parks
Director, Legislative Budget Board

Mr. John Keel, CPA
State Auditor

To Agency Heads Addressed:

The Financial Report of Texas Tech University System, with which this letter is bound, is transmitted for inclusion in the State of Texas Annual Financial Report for the fiscal year ended August 31, 2015. Neither the State Auditor nor TTUS Office of Audit Services has audited the accompanying annual financial report; therefore, neither has expressed an opinion on the financial statements and related information contained in this report. This report is intended to present a complete picture of the fiscal affairs of the System for the year ended August 31, 2015.

As indicated by the following letter of transmittal, this report has been prepared by the fiscal office of the System to provide a summary of the System's financial records.

Sincerely,

A handwritten signature in black ink that reads "Robert Duncan".

Robert L. Duncan
Chancellor

TEXAS TECH UNIVERSITY SYSTEM

Jim Brunjes
Vice Chancellor and Chief Financial Officer

November 15, 2015

Robert L. Duncan
Texas Tech University System
Lubbock, Texas 79409

Dear Chancellor Duncan:

Submitted herein is the Annual Financial Report of Texas Tech University System for the fiscal year ended August 31, 2015, in compliance with TEX. GOV'T CODE ANN §2101.011 and in accordance with the requirements established by the Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report (CAFR); therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please contact me at 834-4849.

Sincerely,

A handwritten signature in cursive script that reads "Sharon Williamson".

Sharon Williamson, CPA
Assistant Vice President and Controller

Approved:

A handwritten signature in cursive script that reads "Jim Brunjes".

Jim Brunjes
Texas Tech University System
Vice Chancellor & Chief Financial Officer

TEXAS TECH UNIVERSITY SYSTEM (793)

**NOTES to the COMBINED
FINANCIAL STATEMENTS**

TEXAS TECH UNIVERSITY SYSTEM (793)**Notes to the Combined Financial Statements****Note 1: Summary of Significant Accounting Policies****General Introduction**

The Texas Tech University System (the System) is an agency of the State of Texas and its financial records comply with State statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' Annual Financial Reporting Requirements for State Agencies and Universities.

Component institutions which comprise the System include Texas Tech University (TTU), Texas Tech University Health Sciences Center (TTUHSC), Angelo State University (ASU), Texas Tech University Health Sciences Center at El Paso (TTUHSC at El Paso) and Texas Tech University System Administration (TTUSA). The System serves the state of Texas by providing undergraduate and post-graduate education and research in fields such as Law, Business, Medicine, Engineering and Nursing.

The System also includes within this report all component units as determined by an analysis of their relationship to the System. Blended component units are described in more detail in Note 19. The System has one discrete component unit, the Angelo State University Robert G. Carr and Nona K. Carr Scholarship Foundation (Carr Foundation). Financial statements for this discrete component unit are presented separately at the end of this combined report, and more detailed information can be found in Note 19.

Due to the statewide requirements embedded in Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to be in compliance with all the requirements in this statement. The financial report is considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report (CAFR); therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

Basis of Accounting

For financial reporting purposes, institutions of higher education are considered proprietary funds, which are used to account for business-type activities. Business-type activities are defined as those that are financed in whole or in part by fees charged to external parties for goods and services. The accompanying financial statements are prepared with transactions recorded on a fund basis. GASB Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities – an Amendment of GASB Statement No. 34*, established accounting and financial reporting standards for universities within the financial reporting guidelines of GASB 34 as mentioned above. Under GASB 35, universities must follow proprietary fund accounting, and are required to report all funds in a single column instead of by individual fund.

The basis of accounting determines when revenues and expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Proprietary funds use the flow of economic resources measurement focus (whether or not the entity is economically better off as a result of the events and transactions that occurred during the fiscal period reported) and the full accrual basis of accounting, meaning revenues are recognized when earned and expenses are recorded when an obligation has occurred.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Proprietary funds distinguish between operating and nonoperating items. Operating revenues and expenses result from providing services, or producing and delivering goods in connection with ongoing operations. Operating expenses include the cost of sales and services, administrative expenses, and depreciation and amortization on capital assets.

Budgetary Information

The System component institutions prepare annual budgets which are approved by the Board of Regents. The budgets for appropriated funds are prepared biennially and represent appropriations authorized by the Legislature and approved by the Governor (the General Appropriations Act).

Cash and Cash Equivalents

For reporting purposes, cash includes cash on hand, cash in transit, cash in local banks, cash in the state treasury, and cash equivalents. Cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash and so near maturity they present insignificant risk of a decrease in value due to changes in interest rates. Investments with an original maturity of three months or less and used for cash management rather than investing activities are considered cash equivalents.

The System records and reports its deposits in the general deposit account at cost. It records and reports its special deposit accounts at fair value.

Investments

The System accounts for its investments at fair value on the Combined Statement of Net Position, as determined by quoted market prices or, in the case of limited partnerships, values as reported by the partnership managers and/or their third party administrators, in accordance with GASB Statement No. 31 – *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. Money market and TexPool investments are reported at cost provided the investment has a remaining maturity of one year or less at date of purchase. All investment income, including changes in the fair value of investments, is reported in the Combined Statement of Revenues, Expenses, and Changes in Net Position. Investments are addressed in more detail in Note 3.

Legislative Appropriations

This item represents the balance of General Revenue Funds at August 31 as calculated in the Texas State Comptroller's General Revenue Reconciliation.

Restricted Assets

Restricted assets include monies or other resources restricted by legal or contractual requirements. These assets include proceeds of revenue bonds and revenues set aside for statutory or contractual requirements.

Inventories and Prepaid Items

Inventories include both merchandise inventories on hand for sale and consumable inventories. Inventories are valued at cost generally utilizing the first-in, first out method. Changes in inventories are recorded using the consumption method, with the inventories being reported as assets when they are purchased, and the expense recognized in the period in which the inventories are used or consumed. The consumption method of accounting is used to account for inventories and prepaid items benefiting more than one accounting period. The cost of these items is expensed when the items are used or consumed. Prepaid items also include payments for capital assets that have not been received by the end of the fiscal year.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)**Receivables**

Receivable balances are grouped into several receivable categories. Accounts receivable are recorded net of estimated uncollectible amounts based upon a review of outstanding receivables and historical collection information.

Student receivables consist of tuition and fees charged to students, patient receivables are for medical fees charged for services, and accounts receivable are fees for auxiliary enterprise services provided to students, faculty, and staff, as well as state and local grant billings.

Contracts receivable are primarily related to agreements between the System health sciences center component institutions and teaching hospitals for the provision of medical services.

Federal receivable includes amounts due from the federal government in connection with reimbursement of allowable expenditures disbursed by the System's grants and contracts departments.

Gift receivables are accounted for at their estimated net realizable value. The estimated net realizable value consists of the present value of long-term pledges and a reduction for any allowance for uncollectible pledges. Pledges vary from one to ten years and are used to support specifically identified System programs and initiatives.

Interest and dividend receivable consists of amounts due from investment holdings, cash management pools, and cash invested in various short-term investment items.

Other receivables include items such as travel advances, returned checks, and various other accrued items not included in any other receivable category.

Loans and Notes Receivable

These receivables are student loans receivable that consist of amounts due from the Federal Perkins Loan Program and from other loans administered by the System.

Capital Assets

Capital assets, defined as assets held for use in operations with a value equal to or greater than the capitalization threshold established for that asset type and an initial useful life of more than one year, are recorded at cost at the date of acquisition or fair value at the date of donation in the case of gifts. Capital assets may or may not be capitalized for financial reporting purposes. Livestock held for educational purposes is recorded at estimated fair value.

The capitalization threshold for personal property, such as furniture and equipment is \$5,000. For buildings, building improvements, and facilities and other improvements, the capitalization threshold is \$100,000. Infrastructure has a capitalization threshold of \$500,000. Land, works of art and historical treasures are capitalized regardless of cost or value.

Intangible assets, defined as assets lacking physical substance and of a nonfinancial nature, include computer software, land use rights and patents and trademarks. Purchased computer software is capitalized if the aggregate cost of the purchase meets or exceeds \$100,000. Internally generated computer software has a capitalization threshold of \$1,000,000, and other intangible capital assets must be capitalized if the cost meets or exceeds \$100,000.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

The System is required to depreciate and amortize capitalized assets. Depreciation for capital assets is computed using the straight-line method over the estimated useful lives of the assets. Amortization of intangible assets is based on the estimated useful life of the asset using the straight-line method. Land, works of art and historical treasures are not depreciated.

Capital asset activity for the current fiscal year is shown in Note 2.

Deferred Outflows of Resources

Deferred outflows of resources refers to the net asset consumption of assets that is applicable to a future fiscal year. These deferred outflows arose due to the new reporting requirements for pensions as discussed below in the section **Net Pension Liability**. Deferred outflows are discussed in more detail in Notes 9 and 28.

Payables

Accounts payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending. Payroll payable includes accrued salary, wages and benefits.

Claims and Judgments

Claims and judgments include estimates for both known medical malpractice claims and those that have not yet been made against the insured participants. These liabilities are reported separately as either current or noncurrent in the Combined Statement of Net Position. Claims and judgments activity is shown in Note 5, with a detailed explanation of the medical self-insurance plan and activity in Note 17.

Unearned Revenues

Unearned revenues include amounts for tuition and fees, certain auxiliary activities, and amounts from grant and contract sponsors received prior to the end of the fiscal year but related to the subsequent accounting period.

Employees' Compensable Leave

Employees' compensable leave represents the liability that becomes due upon the occurrence of relevant events such as resignations, retirements, and uses of leave balances by covered employees. These obligations are normally paid from the same funding source from which each employee's salary or wage compensation was paid. These liabilities are reported separately as either current or noncurrent in the Combined Statement of Net Position, and are explained in more detail in Note 5.

Capital Lease Obligations

Capital lease obligations represent the liability for future lease payments under capital lease contracts contingent upon the appropriation of funding by the Legislature. Obligations are reported separately as either current or noncurrent in the Combined Statement of Net Position. Capital leases are explained in more detail in Note 8, with activity shown in Note 5.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)**Short-term Debt Commercial Paper Notes**

Short-term debt commercial paper notes are amounts owed for commercial paper that was issued during the current accounting period for long-term construction projects for the System's component institutions. Short-term debt commercial paper notes are further explained in Note 4.

Revenue Bonds Payable

The System has a number of bond issues outstanding, most of which are supported either directly or indirectly by tuition revenue. Revenue bonds payable are addressed in more detail in Note 6, with changes in activity shown in Note 5. The bonds are reported at par, net of unamortized premiums. Issuance costs are expensed in the period incurred.

Funds Held for Others

Current balances in funds held for others result from the System acting as an agent or fiduciary for other organizations.

Net Pension Liability

Due to the implementation of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, the System must now recognize its proportionate share of net pension liability and operating statement activity related to changes in the collective pension liability for participation in the Teacher Retirement System (TRS) pension plan. The net pension liability is the System's proportionate share of the total TRS pension plan liability less the Plan's net assets as reported by the TRS pension plan for fiscal year 2014. The System's proportionate share is based on its contributions to the pension plan relative to the contributions of other employers participating in the plan. The net pension liability and related changes to the collective pension liability are included in this annual financial report and represent the total net pension liability for all System component institutions. Pensions are discussed in greater detail in Note 9.

Deferred Inflows of Resources

Deferred inflows of resources are defined as the net asset acquisition of assets that is applicable to a future fiscal year. These deferred inflows arose due to the new reporting requirements for pensions as discussed above. Deferred inflows are discussed further in Notes 9 and 28.

Other Liabilities

The major component of other liabilities consists of advance deposits received from students for residence hall occupancy in the next fiscal year.

Liabilities in the above categories are reported separately as either current (due within one year) or noncurrent (amounts due thereafter) in the Combined Statement of Net Position.

Net Position

Net Position reflects the difference between assets plus deferred outflows of resources, and liabilities plus deferred inflows of resources. Net position is presented in three separate classes: Invested in Capital Assets, Net of Related Debt; Restricted Net Position; and Unrestricted Net Position.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)***Invested in Capital Assets, Net of Related Debt***

This category represents the System capital assets, net of the System accumulated depreciation, and outstanding principal balances of the System debt attributable to the acquisition, construction or improvement of those capital assets for the System.

Restricted Net Position

Nonexpendable – assets subject to externally imposed stipulations that they be maintained permanently by the System. Such assets include the principal of the System's permanent endowment funds.

Expendable – assets whose use by the System is subject to externally imposed stipulations that can be fulfilled by actions of the System pursuant to those stipulations, or that expire by the passage of time.

Unrestricted Net Position

Unrestricted net position includes assets whose use by the System is not subject to externally imposed stipulations. They may be designated for specific purposes by action of management or the Board of Regents, or may otherwise be limited by contractual agreements with outside parties.

Interfund Activity and Transactions

The System is regularly involved in both interfund activity and interfund transactions. Interfund activity refers to financial interaction between funds (including blended component units) and is related to internal events. Interfund transactions refer to interactions with outside parties (discretely presented component units, other governments, other legally separate entities and individuals) and are restricted to external events. Interfund activity and interfund transactions are both clearly identifiable and are eliminated where appropriate.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Note 3: Deposits, Investments, and Repurchase Agreements

The System’s investment portfolio is invested pursuant to the parameters of applicable Texas law and the governing board’s Investment Policies. Under Texas law, the System investments may be “any kind of investment that persons of ordinary prudence, discretion, and intelligence, exercising the judgment and care under the circumstances then prevailing, acquire or retain for their own account in the management of their affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income as well as the probable safety of their capital.” Under Texas law, the System is required to invest its institutional funds according to written investment policies adopted by the Board of Regents. No person may invest the System funds without express written authority from the governing board.

The governing investment policy is Regents’ Rules Chapter 09, “Investment and Endowments.” The majority of the System assets are invested in two investment pools; the Long Term Investment Fund (LTIF) and the Short/Intermediate Term Investment Fund (SITIF), both having their own stand-alone investment policies. Endowment funds and certain eligible long-term institutional funds are invested in the LTIF, which invests in equity and fixed income securities, as well as alternative investments such as hedge funds and private equity, and is operated using a total return philosophy. Other institutional funds not in the LTIF are invested in the SITIF. Other assets include securities gifted to the System with donor instructions to maintain in their original form, and debt proceeds.

Deposits of Cash in Bank

The carrying amount of deposits as of August 31, 2015 and August 31, 2014 was \$95,631,711.08, and \$157,556,433.00, respectively, as presented below:

Business-Type Activities

	FY15	Restated FY14
CASH IN BANK – CARRYING VALUE	\$ 95,631,711.08	\$ 157,556,433.00
Less: Certificates of Deposit including in carrying value and reported as Cash Equivalent		
Less: Uninvested Securities Lending Cash Collateral including in carrying value and reported as Securities Lending Collateral		
Less: Securities Lending CD Collateral including in carrying value and reported as Securities Lending Collateral		
Cash in Bank per AFR	\$ 95,631,711.08	\$ 157,556,433.00
Proprietary Funds Current Assets Cash in Bank	\$ (21,434,276.48)	\$ 24,125,167.34
Proprietary Funds Current Assets Restricted Cash in Bank	85,119,865.36	98,874,527.48
Proprietary Funds Non-Current Assets Restricted Cash in Bank	31,946,122.20	34,556,738.18
Cash in Bank per AFR	\$ 95,631,711.08	\$ 157,556,433.00

These amounts consist of all cash in local banks and are included on the Combined Statement of Net Position as part of current unrestricted, current restricted, and non-current restricted “Cash and Cash Equivalents.”

All of the System’s deposits in excess of FDIC limits are fully collateralized. The collateral is held in the System’s name by the pledging institution’s agent. The System also has no foreign currency risk on deposits.

As of August 31, 2015, the total **bank balance** for Business-Type Activities was \$82,977,181.02. At August 31, 2014, the balance (restated) was \$148,778,256.04.

UNAUDITED

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

The carrying amount of deposits for Carr Foundation as of August 31, 2015 and August 31, 2014 was \$304,961.67 and \$536,293.38, respectively, as presented below:

Discrete Component Unit

	FY15	FY14
CASH IN BANK – CARRYING VALUE	\$ 304,961.67	\$ 536,293.38
Less: Certificates of Deposit including in carrying value and reported as Cash Equivalent		
Less: Uninvested Securities Lending Cash Collateral including in carrying value and reported as Securities Lending Collateral		
Less: Securities Lending CD Collateral including in carrying value and reported as Securities Lending Collateral		
Cash in Bank per AFR	\$ 304,961.67	\$ 536,293.38
Proprietary Funds Current Assets Cash in Bank	\$ 50,204.37	\$ 343,867.03
Proprietary Funds Current Assets Restricted Cash in Bank	254,757.30	192,426.35
Cash in Bank per AFR	\$ 304,961.67	\$ 536,293.38

All of the Carr Foundation’s deposits in excess of FDIC limits are fully collateralized. The collateral is held in the Foundation’s name by the pledging institution’s agent. The Foundation also has no foreign currency risk on deposits.

As of August 31, 2015, the total **bank balance** for Discrete Component Unit Activities for the Carr Foundation was \$280,773.35. At August 31, 2014, this balance was \$516,536.33.

UNAUDITED

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the agency will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. The System's investment policy is to require third party custody for the two investment pools, the LTIF and the SITIF. The balances listed below relate to the securities held outside of those pools at August 31, 2015 and August 31, 2014.

Business-Type Activities

Fiscal Year	Fund Type	GAAP Fund	Type	Uninsured and unregistered with securities held by the counterparty
2015	05	9999	Equity	\$ 2,910,298.99
2014	05	9999	Equity	\$ 2,742,778.51

The Carr Foundation had no custodial credit risk for investments at August 31, 2015 or August 31, 2014.

UNAUDITED

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Foreign currency risk for investments is the risk that changes in exchange rates will adversely affect the investment. LTIF and SITIF do not have policy limits specific to international equity or debt. All exposures are through funds managed by external investment managers. The exposure to foreign currency risk as of August 31, 2015, is presented below.

UNAUDITED

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The System's investment policy limits fixed income securities held by the SITIF to those issued by the U.S. or its agencies and instrumentalities. As of August 31, 2015, the System's credit quality distribution for securities with credit risk exposure was as follows.

Standard & Poor's

Investment Derivative Instruments

The System's Investment Policy Statement for the LTIF allows investment in certain derivative securities. A derivative security is a financial instrument which derives its value from another security, currency, commodity or index. As of August 31, 2015 the System held futures contracts, options and total return swaps as investment derivatives.

The System entered into these type derivatives as efficient substitutes for traditional securities to reduce portfolio risks created by other securities, or in fully hedged positions to take advantage of market anomalies. The derivative contracts entered into during fiscal year 2015 all used market indices as underlying securities in order to gain and reduce market exposure in an efficient manner. All investment derivatives are reported as Investments on the Combined Statement of Net Position, and changes in fair value of certain derivatives are reported as investment revenue in the Combined Statement of Revenues, Expenses and Changes in Net Position.

These instruments involve market and/or credit risk in excess of the amount recognized in the Combined Statement of Net Position. Risks arise from the possibility that counterparties will be unable to meet the terms of their contracts and from movement in index values. Futures contracts have reduced counterparty credit risk since they are exchange-traded and the exchange's clearinghouse, as counterparty to all exchange-traded futures, guarantees them against default. Counterparty risk for swaps and options is mitigated by master netting agreements between the System and its counterparties, and by the posting of collateral on a daily basis.

Neither the System nor the Carr Foundation had exposure to investment foreign currency risk in derivative investments for the year ending August 31, 2014.

Note 4: Short-Term Debt

The System had the following short-term debt outstanding as of August 31, 2015.

Business-Type Activities	Balance	Increases	Decreases	Balance
	9/1/2014			8/31/2015
Short-Term Debt CP Notes	\$ 114,963,000.00	\$ 26,200,000.00	\$ 118,680,000.00	\$ 22,483,000.00

UNAUDITED

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Short-Term Debt Commercial Paper Notes

Commercial paper, both taxable and non-taxable, was issued during the fiscal year to serve as an interim financing source for various long-term construction projects in advance of the issuance of authorized bonds. All commercial paper outstanding at 8/31/15 will mature in fiscal year 2016. Commercial paper has short maturities up to 270 days with interest rates ranging from .03% to .17% for tax-exempt, and .10% to .15% for taxable paper.

Note 5: Long-Term Liabilities

During the year ended August 31, 2015, the following changes occurred in liabilities:

Business-Type Activities	Balance 9/1/2014	Additions	Reductions	Restatement/ Adjustment	Balance 8/31/2015	Amounts due within one year	Amounts due Thereafter

Discrete Component Unit Activities	Balance 9/1/2014	Additions	Reductions	Restatement/ Adjustment	Balance 8/31/2015	Amounts due within one year	Amounts due Thereafter
Employees' Compensable Leave	\$ 0.00	\$ 16,024.60	\$ 763.64	\$ 0.00	\$ 15,260.96	\$ 561.52	\$ 14,699.44

Claims and Judgments

Claims and judgments include estimates for both known medical malpractice claims and those that have not yet been made against the insured participants. The liability is actuarially estimated to reflect the anticipated future claims for past medical services. Some of these claims are in process, while others are expected to be filed in the future. The liability estimate does not consider the probability of payment on a claim-by-claim basis and instead considers overall probability of payment for medical malpractice claims. Funding for future claim payments will be from a self-insurance reserve managed by the office of the General Counsel. Detailed information is presented in Note 17.

Capital Lease Obligations

See Note 8 for detailed information on capital lease obligations.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)**Employees' Compensable Leave**

A state employee is entitled to be paid for all unused vacation time accrued, in the event of the employee's resignation, dismissal, or separation from State employment, provided the employee has had continuous employment with the State for six months. Under state law, the hours accumulated are limited based on the employees' length of service. Expenditures for accumulated annual leave balances are recognized in the period paid or taken. The liability for unpaid benefits is recorded in the Combined Statement of Net Position. This obligation is paid from a central vacation pool account which collects the funding from the same funding source(s) from which the employee's salary or wage compensation was paid. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

Revenue Bonds Payable

See Note 6 and accompanying Bond Schedules for detailed information on bond liability balances and transactions.

Pollution Remediation Obligations

Texas Tech University (TTU) is a responsible party for pollution remediation activities on a 5,855-acre parcel of land in Carson County, Texas. TTU purchased the land from the United States of America, acting by and through the General Services Administrator in 1949, to operate an experimental research farm. The remediation costs were not reasonably estimable at the time of this report.

Note 6: Bonded Indebtedness**Revenue Bonds Payable**

Detailed supplemental bond information is disclosed in the Combined:

Schedule 2A	Miscellaneous Bond Information
Schedule 2B	Changes in Bonded Indebtedness
Schedule 2C	Debt Service Requirements
Schedule 2D	Analysis of Funds Available for Debt Service
Schedule 2E	Defeased Bonds Outstanding
Schedule 2F	Early Extinguishment and Refunding

In fiscal year 2015, the following series was refunded:

Revenue Financing System Refunding and Improvement Bonds, 9th Series 2003

Purpose:	Refunding of Series A Notes and Series 1993 bonds, construction of the Experimental Sciences Building and renovation of Horn/Knapp dormitory and other System construction of capital improvement projects and costs of issuance.
Issue Date:	September 23, 2003
Original Issue Amount:	\$97,265,000, all bonds authorized have been issued
Source of revenue for debt service:	All pledged revenues of the participants of the Texas Tech University System Revenue Financing System

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

The following series was partially refunded in fiscal year 2015, with a balance remaining outstanding as of August 31, 2015.

Revenue Financing System Refunding and Improvement Bonds, 10th Series 2006

Purpose: For advanced refunding of Series A Notes and Series 1999 and 2001 bonds, for construction of Murray Hall, renovation of the Student Union Building, Medical Education Building project in El Paso and various dormitories and other University construction of capital improvement projects.

Issue Date: February 2, 2006

Original Issue Amount: \$220,915,000, all bonds authorized have been issued

Source of revenue for debt service: All pledged revenues of the participants of the Texas Tech University System Revenue Financing System

Several other bond issues remained outstanding as of August 31, 2015, and are summarized in the paragraphs below.

Revenue Financing System Refunding and Improvement Bonds, 12th Series 2009

Purpose: For current refunding of Series A Notes and Series 1999 bonds, to pay for construction of the new College of Business Administration Building, renovation of the existing College of Business Administration Building, construction of the Lanier Professional Development Center, construction of the Student Leisure Pool, and other System construction of capital improvement projects. Financing for the El Paso Medical Facility, Amarillo Pharmacy and Amarillo Research Building projects. For current refunding of ASU portion of Texas State University System bonds and construction of Centennial Village.

Issue Date: March 3, 2009

Original Issue Amount: \$170,825,000, all authorized bonds have been issued

Source of revenue for debt service: All pledged revenues of the participants of the Texas Tech University System Revenue Financing System

Revenue Financing System Refunding and Improvement Bonds, 14th Series 2012A

Purpose: For refunding of \$96,469,500 of Revenue Financing System Commercial Paper Notes Series A, a partial current refunding of \$4,215,000 of Revenue Financing System Bonds Series 2001 and of \$355,000 of Texas State University System Revenue Financing System Bonds Series 2002 representing ASU's portion. For partial advanced refunding of \$52,460,000 of Revenue Financing System Bonds Series 2003. To provide new funding for the new College of Business Administration Building, the new TTU Boston & 18th Street Residence Hall and Dining Facility, the new ASU Plaza Verde Phase I Residence Hall & Dining Facilities, Jones Stadium East Side Expansion and other System capital improvement projects.

Issue Date: February 1, 2012

Original Issue Amount: \$163,240,000, all authorized bonds have been issued

Source of revenue for debt service: All pledged revenues of the participants of the Texas Tech University System Revenue Financing System

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Revenue Financing System Refunding Bonds, 15th Series 2012B (Taxable)

Purpose: For current refunding of \$27,710,000 of Revenue Financing System Bonds Taxable Series 2001.

Issue Date: February 1, 2012

Original Issue Amount: \$27,585,000, all authorized bonds have been issued

Source of revenue for debt service: All pledged revenues of the participants of the Texas Tech University System Revenue Financing System

Revenue Financing System Refunding and Improvement Bonds, 16th Series 2015A

Purpose: For refunding of \$62,790,000 of Revenue Financing System Commercial Paper Notes Series A, a current refunding of \$245,000 of Revenue Financing System Bonds Series 2003. To provide new funding for the new TTU College of Business Administration Building Wing Addition, TTU West Village Residence Hall and Dining Facility and the HSC at El Paso School of Nursing.

Issue Date: April 9, 2015

Original Issue Amount: \$73,255,000, all authorized bonds have been issued

Source of revenue for debt service: All pledged revenues of the participants of the Texas Tech University System Revenue Financing System

Revenue Financing System Refunding and Improvement Bonds, 17th Series 2015B (Taxable)

Purpose: For refunding of \$39,025,000 of Revenue Financing System Commercial Paper Notes Series A, an advance refunding of \$157,035,000 of Revenue Financing System Bonds Series 2006, a current refunding of \$4,185,000 of Texas State University System Revenue Financing System Bonds Series 2005 and an advance refunding of \$13,365,000 of Texas State University System Revenue Financing System Bonds Series 2006 representing ASU's portion. To provide new funding for the new TTU Research Park Building, the United Supermarkets Arena renovations, Jones Stadium facility upgrades, and Bayer CropScience Research Building Renovation and the new Bayer CropScience Trait Development Center.

Issue Date: April 9, 2015

Original Issue Amount: \$245,315,000, all authorized bonds have been issued

Source of revenue for debt service: All pledged revenues of the participants of the Texas Tech University System Revenue Financing System

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Pledged Future Revenues

GASB Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues*, makes a basic distinction between sales of receivables and future revenues, and the pledging of receivables or future revenues to repay a borrowing (collateralized borrowing). The following table provides the pledged future revenue information for the System’s revenue bonds for which a revenue pledge exists:

Pledged Future Revenues	Business-Type Activities	
	FY15	FY14
Pledged Revenue Required for Future Principal and Interest on Existing Revenue Bonds	\$ 816,654,819.96	\$ 661,117,474.70
Term of Commitment for Year Ending 8/31	2045	2041
Percentage of Revenue Pledged	100%	100%
Current Year Pledged Revenue	\$ 731,255,441.75	\$ 723,525,171.28
Current Year Principal and Interest Paid	\$ 50,227,904.35	\$ 51,756,841.51

Pledged revenue sources include operating income from tuition and fees, sales and services from auxiliary and non-auxiliary activities, investment income, unrestricted contract and grant revenues, and state appropriations for tuition revenue bonds.

Sources of Debt-Service Revenue

On October 21, 1993, the governing board of the System established a Revenue Financing System (RFS) for the purpose of providing a financing structure for all revenue supported indebtedness of System component institutions. The source of revenues for debt service issued under the RFS includes pledged general tuition, pledged tuition fee, pledged general fee and any other revenues, income, receipts, rentals, rates, charges, fees, including interest or other income, and balances lawfully available to System component institutions. Excluded from the revenues described above are amounts received under Article 7, Section 17 of the Constitution of the State of Texas, general revenue funds appropriated by the Legislature except to the extent so specifically appropriated, encumbered housing revenues, and practice plan funds.

Prior to September 1, 2007, all bonded indebtedness for Angelo State University (ASU) was issued through the Texas State University System (TSUS) Revenue Financing System, of which the TSUS Administration and each of their components were members. The TSUS Board of Regents cross-pledged all lawfully available funds (revenues) and balances attributable to any TSUS RFS member against the bonded indebtedness of all other TSUS RFS members for payment on the Parity Debt. Effective September 1, 2007, House Bill 3564 (80th Legislature, Regular Session) transferred governance of Angelo State University to the Texas Tech University System. For the debt issued by the TSUS, the bonds payable are reported by TSUS. ASU will repay the debt that was issued on its behalf; consequently, the following debt amortization schedule is presented below for informational purposes only.

UNAUDITED

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Description	Year	Principal	Interest	Total
All Issues	2016	\$ 1,295,000.00	\$ 351,500.00	\$ 1,646,500.00
	2017	850,000.00	286,750.00	1,136,750.00
	2018	890,000.00	244,250.00	1,134,250.00
	2019	935,000.00	199,750.00	1,134,750.00
	2020	985,000.00	153,000.00	1,138,000.00
	2021-2025	2,075,000.00	156,750.00	2,231,750.00
Totals		\$ 7,030,000.00	\$ 1,392,000.00	\$ 8,422,000.00

In fiscal year 2015, \$17,550,000 of TSUS debt on behalf of ASU was refunded and new debt was financed by TTU System on behalf of ASU. The refunded bonds were ASU's portion of the TSUS 2005 series bonds in the amount of \$4,185,000 and 2006 series bonds in the amount of \$13,365,000. The 2005 series refunding resulted in debt service savings of \$273,960.26 and a total net present value savings of \$259,243.73. The 2006 series refunding resulted in debt service savings of \$1,319,747.75 and a total net present value savings of \$998,516.08

A portion of the ASU debt above represents Tuition Revenue Bonds historically funded by the Texas Legislature through General Revenue Appropriations. ASU was appropriated \$2,713,411.00 during the current fiscal year for Tuition Revenue Bond debt service. ASU expects future Legislative appropriations to meet debt service requirements for Tuition Revenue bonds.

Note 7: Derivatives

The System Investment Policy Statement for the LTIF allows investment in certain derivative securities. Derivatives are financial instruments whose values are derived in whole or in part from the value of any one or more underlying assets or index of asset values. Investment derivatives are entered into with the intention of managing transaction risk, reducing interest cost, or reducing currency exchange risk in purchasing, selling or holding investments. The System's investment derivatives include futures contracts, options, and total return swaps.

The following disclosures summarize the System's derivative activity as reported in the financial statements as of August 31, 2015.

Investment Derivatives	Changes in Fair Value		Fair Value at August 31, 2015		
	Classification	Amount	Classification	Amount	Notional
Futures Contracts	Investment Revenue	\$ (1,605,485.81)		\$ 0.00	\$ 63,111,392.20
Options	Investment Revenue	(7,077,218.20)	Investments	(5,593,585.31)	3,137,491.04
Total Return Swaps	Investment Revenue	(1,554,272.87)	Investments	(1,867,058.29)	24,637,237.32

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Discrete Component Unit

Investment Derivatives	Changes in Fair Value		Fair Value at August 31, 2015		
	Classification	Amount	Classification	Amount	Notional
Futures Contracts	Investment Revenue	\$ (214,006.61)		\$ 0.00	\$ 8,412,565.73
Options	Investment Revenue	(943,372.68)	Investments	(745,608.72)	418,218.46
Total Return Swaps	Investment Revenue	(207,180.07)	Investments	(248,873.45)	3,284,072.35

The following disclosures summarize the System's derivative activity (restated) as reported in the financial statements as of August 31, 2014.

Investment Derivatives	Changes in Fair Value		Fair Value at August 31, 2014		
	Classification	Amount	Classification	Amount	Notional
Futures Contracts	Investment Revenue	\$ 973,838.19		\$ 0.00	\$ 135,395,422.00
Options	Investment Revenue	608,082.89	Investments	608,082.89	32,688,454.97
Total Return Swaps	Investment Revenue	(26,393.48)	Investments	(26,393.48)	13,446,735.75

Discrete Component Unit

Investment Derivatives	Changes in Fair Value		Fair Value at August 31, 2014		
	Classification	Amount	Classification	Amount	Notional
Futures Contracts	Investment Revenue	\$ 131,172.73		\$ 0.00	\$ 18,237,309.69
Options	Investment Revenue	81,906.73	Investments	81,906.73	4,403,025.35
Total Return Swaps	Investment Revenue	(3,555.11)	Investments	(3,555.11)	1,811,230.25

Fair Value

Derivative instruments are recorded at fair value. Futures contracts are marked-to-market daily and valued at closing market prices on the valuation date. A daily variation margin between the daily value of the contracts and the value on the previous day is recorded and settled in cash with the broker the following morning. Options and total return swaps are valued using broker quotes, proprietary pricing agents or appropriate pricing models with primarily externally verifiable model inputs.

Investment Derivatives

Investment derivatives expose the System to certain investment related risks. The System discloses more detail about investment derivatives in Note 3.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Note 8: Leases

Capital Lease Obligations

System component institutions previously entered into long-term capital leases for financing the purchase of certain capital assets. Such leases are classified as capital leases for accounting purposes; therefore, such leases are recorded at the present value of the future minimum lease payments at the inception of the lease. At the end of fiscal year 2015, no System component institution had capital lease obligations remaining. The following is a summary of the original capitalized costs of all such property under lease in addition to the accumulated depreciation as of August 31, 2015 and 2014.

Assets Under Capital Leases	Business-Type Activities	
	FY15	FY14
Furniture & Equipment	\$ 0.00	\$ 352,140.42
Less: Accumulated Depreciation	0.00	(111,361.80)
Total	\$ 0.00	\$ 240,778.62

The Carr Foundation had no capital lease obligations for the years ending August 31, 2015 or 2014.

Operating Leases

System component institutions have entered into various operating leases for buildings and equipment. Included in the expenditures reported in the financial statements is the following amount of rent paid or due under **operating lease obligations** as of August 31, 2015 and 2014:

Fund Type	Business-Type Activities	
	FY15	FY14
Proprietary Fund	\$ 6,010,320.95	\$ 5,678,630.17

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Future minimum lease rental payments under non-cancelable operating leases having an initial term in excess of one year are as follows:

Fiscal Year Ended August 31,	Minimum Future Lease Payments
2016	\$ 5,117,218.37
2017	4,296,570.82
2018	3,638,969.74
2019	3,127,897.23
2020	2,920,699.81
2021-2025	1,181,635.60
2026-2030	89,158.80
2031-2035	89,158.80
2036-2040	35,663.52
Total Minimum Future Lease Rental Payments	\$ 20,496,972.69

System component institutions have operating lease income for leased building space to outside parties under various operating leases. Included in the revenues reported in the financial statements is the following for rent received under non-cancelable operating leases as of August 31, 2015 and 2014:

Fund Type	Business-Type Activities	
	FY15	FY14
Proprietary Fund	\$ 2,122,691.85	\$ 1,476,982.54

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

System component institutions had no reported contingent rental revenues. **Future minimum lease rental income** under non-cancelable operating leases having an initial term in excess of one year is as follows as of August 31, 2015:

Fiscal Year Ended August 31,	Minimum Future Rentals
2016	\$ 2,151,197.84
2017	2,074,097.84
2018	2,074,097.84
2019	1,814,017.88
2020	1,814,017.88
2021-2025	2,499,960.00
2026-2030	2,499,960.00
2031-2033	1,083,316.00
Total Minimum Future Lease Rental Income	\$ 16,010,665.28

The cost, accumulated depreciation and carrying value of these leased assets as of August 31, 2015 and 2014 were as follows:

Value of Leased Building Space	Business-Type Activities	
	FY15	FY14
Historical Cost of Leased Building Space	\$ 45,079,495.87	\$ 21,954,134.92
Less: Accumulated Depreciation	(12,267,620.60)	(11,799,580.11)
Total Carrying Value of Leased Building Space	\$ 32,811,875.27	\$ 10,154,554.81
Leased Percentage of Full Carrying Value	13.01%	9.37%

The Carr Foundation had no operating lease expenses or operating lease revenues for the years ended August 31, 2014 or 2015.

Note 9: Defined Benefit Pension Plan and Defined Contribution Plan**Defined Benefit Pension Plan**

The System component institutions participate in one of the three retirement systems in the State of Texas' financial reporting entity – the Teacher Retirement System (TRS). Beginning in fiscal year 2015, the accounting and reporting for the System's proportionate share of the TRS net pension liability is included in the System's financial records and represents the net liability for all the System component institutions.

The Teacher Retirement System is the administrator of the TRS plan, a cost-sharing, multiple-employer defined benefit pension plan with a special funding situation.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

The employers of the TRS Plan include the state of Texas, TRS, the state’s public schools, education service centers, charter schools, and community and junior colleges. TRS membership is in employee class. All employees of public, state-supported education institutions in Texas who are employed for one-half or more of the standard work load and not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system. Employees of TRS and state of Texas colleges, universities and medical schools are members of the TRS plan.

The TRS Plan provides retirement, disability annuities and death and survivor benefits. The benefit and contribution provisions of the TRS Plan are authorized by state law and may be amended by the Legislature. The pension benefit formulas are based on members’ average annual compensation and years of service credit. The standard annuity is 2.3 percent of the average of the five highest annual salaries multiplied by years of service credit. For grandfathered members who were hired on or before August 31, 2005 and meet certain criteria, the standard annuity is based on the average of the three highest annual salaries. The plan does not provide automatic cost of living adjustments (COLAs).

An audited Comprehensive Annual Financial Report (CAFR) for the Teacher Retirement System may be obtained from:

Teacher Retirement System of Texas
 1000 Red River Street
 Austin, Texas 78701-2698

During the measurement period of 2014 for fiscal year 2015 reporting, the amount of the System’s contributions recognized by the plan was \$15,253,844.56. The contribution rates for the state and the members in the measurement period are presented in the table below:

Required Contribution Rates

Contribution Rates	TRS Plan
Employer	6.8%
Employees	6.4%

The total pension liability is determined by an annual actuarial valuation. The table below presents the actuarial methods and assumptions used by TRS to measure the total pension liability for the TRS Plan as of the August 31, 2014 measurement date.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Actuarial Methods and Assumptions

Actuarial Methods and Assumptions	TRS Plan
Actuarial Valuation Date	August 31, 2014
Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percent, Open
Actuarial Assumptions:	
Discount Rate	8.0%
Investment Rate of Return	8.0%
Inflation	3.0%
Salary Increase	4.25% to 7.25% including inflation
Mortality	
Active	1994 Group Annuity Mortality Table set back 6 years for males and females
Post-retirement	Client specific tables multiplied by 80%
Ad Hoc Post-Employment Benefit Changes	None

The actuarial assumptions used in valuation were primarily based on the result of an actuarial experience study for the four-year period ending August 31, 2010 and adopted on April 8, 2011. With the exception of the post-retirement mortality rates for healthy lives and a minor change to the expected retirement age for inactive vested members stemming from the actuarial audit performed in the summer of 2014, the methods and assumptions are the same as used in the prior valuation. When the mortality assumptions were adopted in 2011, they contained significant margin for possible future mortality improvements. As of the date of the valuation there has been a significant erosion of this margin to the point that the margin has been eliminated. Therefore, the post-retirement mortality rates for current and future retirees have decreased to add additional margin for future improvement in mortality in accordance with the Actuarial Standards Practice No. 35.

There have been no changes to the benefit and contribution provisions of the plan since the prior measurement date.

The discount rate of 8% was applied to measure the total pension liability for the TRS plan. There has been no change in the discount rate since the prior measurement period. The projected cash flows into and out of the pension plan assumed that members, employers, and non-employer contributing entity make their contributions at the statutorily required rates. Under this assumption, the pension plan's fiduciary net position is projected to be sufficient to make all future pension benefit payments of current plan members. Therefore, the 8% long-term expected rate of return on TRS pension plan investments was used as the discount rate without incorporating the municipal bond rate.

The long-term expected rate of return on TRS plan investments was developed using a coding-block method with assumptions including asset class of investment portfolio, target allocation, real rate of return on investments, and inflation factor. Under this method, best estimate ranges of expected future real rates of return (net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

The target allocation and best estimates of geometric real rates of return for each major asset class for the TRS plan's investment portfolio are presented below:

Asset Class	Target Allocation	Long-Term Expected Geometric Real Rate of Return
Global Equity		
U.S.	18.0%	4.6%
Non-U.S. Developed	13.0%	5.1%
Emerging Markets	9.0%	5.9%
Directional Hedge Funds	4.0%	3.2%
Private Equity	13.0%	7.0%
Stable Value		
U.S. Treasury	11.0%	0.7%
Absolute Return	0.0%	1.8%
Stable Value Hedge Funds	4.0%	3.0%
Cash	1.0%	-0.2%
Real Return		
Global Inflation Linked Bonds	3.0%	0.9%
Real Assets	16.0%	5.1%
Energy and Natural Resources	3.0%	6.6%
Commodities	0.0%	1.2%
Risk Parity		
Risk Parity	5.0%	6.7%
Total	100.0%	

Sensitivity analysis was performed by TRS on the impact of changes in the discount rate on the proportionate share of the System's net pension liability. The result of the analysis is presented in the table below:

Sensitivity of TTU System's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate		
1% Decrease (7%)	Current Discount Rate (8%)	1% Increase (9%)
\$ 289,479,016.89	\$ 161,997,111.63	\$ 66,664,390.03

The TRS pension plan's fiduciary net position is determined using the economic resources measurement focus and the accrual basis of accounting. Benefits and refunds of contributions are recognized when due and payable in accordance with the terms of the TRS plan. Investments are reported at fair value. The framework for measuring fair value is based on a hierarchy that gives the highest priority to the use of observable inputs in an active market and lowest priority to the use of unobservable inputs. More detailed information on the TRS plan's investment policy, assets, and fiduciary net position, may be obtained from TRS' fiscal year 2014 Comprehensive Annual Financial Report.

UNAUDITED

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

At August 31, 2015, the System reported a liability of \$162,030,163.65 for its proportionate share of the TRS collective net pension liability. The collective net pension liability was measured as of August 31, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The System's proportion at August 31, 2014 was .6064722 percent. The System's proportion of the collective net pension liability was based on its contributions to the pension plan relative to the contributions of all the employers and non-employer contributing entity to the plan for the period September 1, 2013 through August 31, 2014.

For the year ending August 31, 2015, the System recognized pension expense of \$14,978,532.62. At August 31, 2015, the System reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 2,505,337.73	
Changes of assumptions	10,529,992.36	
Net difference between projected and actual investment return		\$ 49,512,932.64
Change in proportion and contribution difference		14,173.51
Contributions subsequent to the measurement date	15,403,343.15	
Total	\$ 28,438,673.24	\$ 49,527,106.15

The \$15,403,343.15 reported as deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction in the System's net pension liability for the year ending August 31, 2016.

Amounts reported by the System as deferred outflows and inflows of resources related to pensions will be recognized as pension expense in the following years:

Year ended August 31:	
2016	\$ (10,186,339.78)
2017	(10,186,339.78)
2018	(10,186,339.78)
2019	(10,186,339.78)
2020	2,191,892.51
Thereafter	2,061,690.55

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Defined Contribution Plan

The State has established an Optional Retirement Program (ORP), authorized by Texas Government Code, Chapter 830. Full-time faculty, librarians, and certain professionals and administrators employed in public higher education are eligible to elect ORP in lieu of the TRS Plan. The Texas Higher Education Coordinating Board develops policies, practices and procedures to provide greater uniformity in the administration of ORP. The contributory percentage of participant salaries by the members (employees) was 6.65% for both fiscal years 2015 and fiscal year 2014. The contributory percentage of participant salaries by the employer (System components) was 6.8% in both fiscal years 2015 and 2014. For those employees who were participating in the ORP on or before August 31, 1995, the employer contribution rate was 8.5% for both fiscal years 2015 and 2014, and will remain so subject to legislative change. The contributions made by plan members and the employer for the fiscal years ended August 31, 2015 and 2014 are:

	FY15	FY14
Member Contributions	\$ 19,615,818.20	\$ 19,014,148.01
Employer Contributions	21,212,451.43	20,639,873.67
Total	\$ 40,828,269.63	\$ 39,654,021.68

Note 10: Deferred Compensation (administering agencies only)

Not applicable.

Note 11: Postemployment Health Care and Life Insurance Benefits (administering agencies only)

Not applicable.

Note 12: Interfund Activity and Transactions

As explained in Note 1 on interfund activities and transactions, there are numerous transactions between funds and agencies. Interfund activity refers to financial interactions between funds and/or blended component institutions and units and is restricted to internal events. Interfund transactions refer to financial interactions with legally separate entities, i.e., discrete component units and other governments, and are restricted to external events. Interfund activity between System components is eliminated where appropriate for reporting purposes.

At year-end, amounts to be received or paid are reported as:

- Interfund Receivables or Interfund Payables
- Due from Other State Agencies or Due to Other State Agencies
- Transfers In or Transfers Out
- Interagency Capital Asset Transfers
- Legislative Transfers In or Legislative Transfers Out

The agency experienced routine transfers with other state agencies, which were consistent with the activities of the fund making the transfer. Repayment of interfund balances occurs within one year from the date of the financial statement.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

System component institutions and units had no interfund receivable or interfund payables as of August 31, 2015. Tables included in previous years detailing the other types of interfund activity and transactions above are an optional presentation and will no longer be included in this note.

Detailed state grant pass-through information is listed on the Combined Schedule 1B – Schedule of State Grant Pass-Throughs from/to State Agencies.

Note 13: Continuance Subject to Review

The System is not subject to the Texas Sunset Act.

Note 14: Adjustments to Fund Balances and Net Position

Several adjustments were made to the fiscal year 2014 financial statements that required the restatement of the ending Net Position for fiscal year 2014, and the beginning Net Position for fiscal year 2015 on the System's Combined Statement of Revenues, Expenses and Changes in Net Position. Ending Cash and Cash Equivalents for fiscal year 2014, and Beginning Cash and Cash Equivalents for fiscal year 2015 on the Combined Statement of Cash Flows were also adjusted. These changes are indicated in the tables below:

Business-Type Activities

<u>Combined Statement of Revenues, Expenses and Changes in Net Position</u>	<u>FY14</u>
Ending Net Position, August 31, 2014 as reported	\$ 2,846,065,653.36
Restatements of Prior Years' Ending Net Position	(167,382,611.86)
Restatement of Fiscal Year 2014 Changes in Net Position	<u>7,126,307.08</u>
Total Restatements	<u>(160,256,304.78)</u>
Ending Net Position, August 31, 2014 as restated	<u>\$ 2,685,809,348.58</u>

Business-Type Activities

<u>Combined Statement of Cash Flows</u>	<u>FY14</u>
Ending Cash and Cash Equivalents, August 31, 2014 as reported	\$ 412,049,130.13
Restatement of Prior Year's Ending Cash	267,882.75
Restatement of Fiscal Year 2014 Ending Cash	<u>67,497.54</u>
Total Restatements	<u>335,380.29</u>
Beginning Cash and Cash Equivalents, September 1 as restated	<u>\$ 412,384,510.42</u>

These restatements to net position were made for the following:

- GASB 68 requirement for pension reporting \$(183,543,407.09)
- Inclusion of ASU Foundation, Inc., a blended component unit 18,009,519.28
- Prior year error in capital asset reporting 5,277,583.03
- Total Restatements \$(160,256,304.78)

UNAUDITED

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Reclassification of several items in the financial records of System component institutions resulted in the restatement of comparative financial statement balances for the year ended August 31, 2014 as summarized below. These reclassifications required no restatement of fund balances or net position.

Statement	Description	Restatement Amounts		
		FY14 as reported	Correction	FY14 restated
SNP	Invested in Capital Assets, Net of Related Debt	\$ 885,549,400.41	\$ (14,002,387.84)	\$ 871,547,012.57
SNP	Restricted Expendable Capital Projects	15,776,698.06	14,002,387.84	29,779,085.90
SRECNP	Discounts and Allowances	\$ (94,899,606.03)	\$ (1,770,472.58)	\$ (96,670,078.61)
SRECNP	Scholarships	67,587,498.39	(1,770,472.58)	65,817,025.81
Cash Flow	Proceeds from Tuition and Fees	\$ 359,514,620.96	\$ (1,770,472.58)	\$ 357,744,148.38
Cash Flow	Payments for Other Expenses	(267,354,112.90)	1,770,472.58	(265,583,640.32)
Cash Flow	Proceeds from Transfers In from Other State Agencies - Noncapital	3,147,169.40	20,159.87	3,167,329.27
Cash Flow	Payments for Transfers to Other State Agencies - Noncapital	(5,065,736.53)	(20,159.87)	(5,085,896.40)

The Carr Foundation had no restatements or adjustments to fund balance or net assets for the year ended August 31, 2015.

Note 15: Contingencies and Commitments**Contingencies*****Unpaid Claims and Lawsuits***

At August 31, 2015, lawsuits and claims involving the System were pending. While the ultimate liability with respect to litigation and other claims asserted against the System cannot be precisely estimated at this time, such liability, to the extent not provided for by insurance or otherwise, is in legal counsel's opinion, not likely to have a material effect on the System.

Federal Assistance

The System component institutions receive federal grants for specific purposes that are subject to review or audit by federal grantor agencies. Such audits could lead to a request for reimbursements to grantor agencies for expenditures disallowed under the terms of the grant. Based on prior experience, management believes such disallowances, if any, would be immaterial.

Arbitrage

Rebatable arbitrage is defined by Internal Revenue Code, Section, 148 as earnings on investments purchased with the gross proceeds of a bond issue in excess of the amount that would have been earned if the investments were invested at a yield equal to the yield on the bond issue. The rebatable arbitrage must be paid to the federal government. The System monitors its investments to restrict earnings to a yield less than the bond issue and, therefore, limit any arbitrage liability. The System estimates that rebatable arbitrage liability, if any, would be immaterial to its overall financial condition.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Commitments

Investment Funds

The System entered into capital commitments with investment managers for future funding of investment funds. Investment funds include hedge fund pools, private investment pools, public market funds and other alternative investments managed by external investment managers.

As of August 31, 2015 and August 31, 2014, the remaining commitment - domestic for the System was \$148,385,972.67 and \$116,723,150.71, respectively.

As of August 31, 2015 and August 31, 2014, the remaining commitment – domestic for the Carr Foundation was \$19,779,420.23 and \$15,913,956.83, respectively.

Note 16: Subsequent Events

The System intends to issue the following Revenue Financing System Commercial Paper Notes after August 31, 2015 as follows:

Issuance	Series	Amount	Date of Issuance	Purpose
Revenue Financing System Commercial Paper Notes Tax-Exempt	A	\$ 3,750,000	10/6/2015	Reimburse for incurred expenditures on the construction of the Recreation Center Intramural Fields, West Village Housing and Dining Complex, renovation of CHACP I, renovation of the Engineering & Research Center Building, build out of Jones stadium southeast offices, and purchase of a new ASU athletics bus. Acquire new proceeds for the design phase of the following construction projects as approved by the State Legislature for Tuition Revenue Bond repayment: ASU College of Health & Human Sciences Building, El Paso Medical Sciences Building II, HSC Lubbock Campus Expansior, HSC Amarillo Simulation Center, and TTU Experimental Sciences Building II.

Note 17: Risk Management

The System, by State law, is required to be a participant in the Workers Compensation Program and Pool managed by the State Office of Risk Management (SORM). The System component institutions are assessed fees by SORM based upon claims experience, claim incidences, payroll size and full-time equivalent (FTE). SORM also determines the methodology for allocation to the major fund groups. SORM pays all workers' compensation insurance claims. The Worker's Compensation plan for the fiscal year was funded by a .25 percent charge on non-educational and general gross payroll for paying its proportionate share of the SORM assessment.

The System has self-insured arrangements for Unemployment Compensation Fund coverage. The State of Texas pays 50% of claims for employees paid from state funds. The System pays the remainder for employees paid from state funds and 100% of the claims paid from non-state funds. The claims for employees paid from non-state funds are funded by interest earnings on the Unemployment Compensation Fund balance and utilization of fund balance.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

Two component institutions of the System, TTUHSC and TTUHSC at El Paso, have self-insured arrangements for medical malpractice coverage through a medical malpractice self-insurance plan. The plan is managed by the Office of General Counsel, and the associated liability is adjusted annually based on actuarially estimated incurred but not reported (IBNR) liability to reflect the anticipated future claims related to past medical services.

Changes in the balances of the agency’s claims liabilities during fiscal years 2015 and 2014 are presented in the table below.

Claims and Judgments	Beginning Balance	Increases	Decreases	Ending Balance
FY2015	\$ 13,144,378.28	\$ 273,000.00	\$ (5,578,685.03)	\$ 7,838,693.25
FY2014	14,146,187.18	2,155,000.00	(3,156,808.90)	13,144,378.28

The decrease in fiscal year 2015 resulted mainly from adjustments to the liability balance due to a reduced requirement for reserves in cases in which the statute of limitations had expired. The increase in fiscal year 2014 represents claims and judgments expenses as paid by the Medical Practice Liability Plan. Ending balances reflect future estimated claims.

Note 18: Management’s Discussion and Analysis

The System is governed, controlled, and directed by a ten-member Board of Regents, who are appointed by the Governor of Texas and confirmed by the legislature. All members of the board serve six-year staggered terms with the exception of one student regent who serves a one-year term. Actions of the Board of Regents are guided by the Regents’ Rules and Regulations. A list of the current members of the Board of Regents is included in the organizational data.

Chancellor Robert L. Duncan serves as the chief executive officer of the System, a position that is appointed by the Board of Regents. As chief executive officer, Chancellor Duncan leads System policy and has direct oversight of all operations at the four universities (component institutions). An Executive Leadership team guides the System in areas including academic affairs, legal affairs, fundraising, and governmental relations, along with other strategic functions. Each of the four institutions has a president who is appointed by the chancellor. The President is the chief executive officer of that university and is responsible for its operation.

Formally established by the Texas Legislature in 1999, the System is composed of a central administration, two general academic institutions and two health-related institutions. The component institutions of the System are Texas Tech University System Administration (TTUSA), Texas Tech University (TTU), Texas Tech University Health Sciences Center (TTUHSC), Angelo State University (ASU) and Texas Tech University Health Sciences Center at El Paso (TTUHSC at El Paso). In its young history, the System has emerged as a nationally acclaimed higher education system. Headquartered in Lubbock, Texas, the System operates on more than 12 campuses and academic sites throughout the State of Texas and internationally. The System has locations statewide in Abilene, Amarillo, Dallas, El Paso, Fredericksburg, Highland Lakes, Junction, Lubbock, Midland, Odessa, San Angelo and Waco. Internationally, the System has a location in Seville, Spain. The total enrollment across all component institutions is more than 46,000 students.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

In fiscal year 2015, Moody's upgraded the System revenue financing system bonds to Aa1 from Aa2, attributing the System's success to a solid financial position, fueled by conservative fiscal management, growing enrollment, strong fundraising, good ongoing state support and increasing research funding. The System employs more than 17,000 faculty and staff and has an annual combined budget of more than \$1.7 billion; approximately \$425 million of these funds are appropriated by the Texas Legislature.

The System is committed to providing the highest quality and most efficient resources and services to its components. Throughout all institutions and centers, the System strives to enhance student success, strengthen academic quality, expand research, and promote community outreach.

Note 19: The Financial Reporting Entity

The combined financial statements of the System include all component institutions comprising the System – TTU, TTUHSC, TTUHSC at El Paso, ASU and TTUSA. Amounts due between and among component institutions and other duplications in reporting are eliminated in combining the financial statements.

Also included in these combined financial statements are the component units listed below.

Individual Component Unit Disclosures***Blended Component Units***

The financial transactions and records of the following component units are blended with the financial transactions and records of the System component institutions due to the significance of their operational or financial relationship with the System.

The Texas Tech Foundation, Inc. (TTFI), Box 41102, Lubbock, TX 79409, is a not-for-profit 501(c)(3) organization, exempt from income taxes. TTFI was founded to financially support and serve the fundraising needs of all colleges, schools, programs, and campuses of the System. TTFI was formed to seek and obtain gifts for all the System component institutions; to receive, hold, invest and administer property of any type given to the component institutions; and to make expenditures to or for the benefit of the System component institutions. The members of the TTFI Board are appointed by and serve at the will of the System Board of Regents. This Board of Regents also has the ability to veto, override or modify decisions of TTFI, and they can modify or approve TTFI's budget. Based on these criteria, the financial transactions of TTFI have been blended into the financial statements of the System. August 31 is the Foundation's fiscal year end.

Texas Tech Physician Associates (TTPA), whose principal office and financial records are located at Provider Payor Relations, 3601 4th St. Lubbock, TX 79430, is a certified non-profit health corporation authorized under the Medical Practice Act Section 5.01(a), article 4495b of the State of Texas. TTPA was organized and is operated exclusively for the benefit of, to perform the function of, or to carry out the purposes of TTUHSC and TTUHSC at El Paso, and its financial records are blended with those of TTUHSC and TTUHSC at El Paso. TTPA is exempt from tax under Internal Revenue Service code section 501(c)(3). The TTUHSCs have the sole and exclusive right to appoint the nine member Board of Directors. The TTUHSCs control all financial and operational transactions of TTPA including developing and approving the annual and capital budgets of TTPA, appointing and removing directors and officers of the Board, entering into contracts, sales or leases, giving or seeking grants, and approving financial expenditures; therefore, the financial transactions of TTPA have been blended into the financial statements of TTUHSC and TTUHSC at El Paso. TTPA's fiscal year end is August 31.

UNAUDITED

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

The Angelo State University Foundation, Inc. (ASUF) was formed exclusively for the benefit of ASU, and is a public, non-profit organization established to provide financial assistance to ASU, primarily from gifts and earnings on endowed funds. ASUF oversees management, investment and distribution of all funds for the furtherance of educational purposes at ASU. ASU provides the foundation with office space, telephone service, utilities and the use of other equipment and facilities. ASU also authorizes its officers and employees, as a part of their regular duties, to perform administrative tasks for, and solicit funds on behalf of, the foundation. The financial records of ASUF may be obtained from Angelo State University, 2601 W. Ave N., San Angelo, TX 76909. ASUF's fiscal year end is August 31.

The condensed financial statements for these component units as of August 31, 2015 are presented below.

Discretely Presented Component Unit

The Angelo State University Robert G. Carr and Nona K. Carr Scholarship Foundation financial statements are included at the end of this report as a discretely presented component unit of the System. The Foundation is a separate not-for-profit 501(c)(3) organization, exempt from income taxes and was established solely for the benefit of providing academic scholarships to the students of Angelo State University. The nine member Foundation Board of Trustees is comprised of all members of the TTU System Board of Regents, who have the ability to appoint, hire, reassign or dismiss those persons responsible for the operation of the Foundation. The Foundation has a fiscal year end of August 31, and the financial records of the Foundation are audited annually by an independent accounting firm. The Foundation's complete audited financial statements can be obtained from the Carr Foundation at Box 11007C, ASU Station, San Angelo, TX 76909.

Note 20: Stewardship, Compliance and Accountability

The System has no material stewardship, compliance, and accountability issues.

Note 21: N/A**Note 22: Donor-Restricted Endowments**

Expenditure of endowed funds is not allowed without the express consent of the donor. Most of the System's endowments are held in perpetuity. In many cases, endowment earnings are expendable for student financial assistance or other purposes as designated by the donor. In other cases, endowment earnings are reinvested.

The net appreciation (cumulative and unexpended) on donor-restricted endowments presented below is available for authorization and expenditure by the System. The System's spending policy for endowments reflects an objective to distribute as much of total return as is consistent with overall investment objectives while protecting the real value of the endowment corpus.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)

The target distribution is set by policy to be between 4 and 6 percent of the moving average market value for endowments over the preceding 12 quarters.

Donor-Restricted Endowments	Amount of Net Appreciation *		Reported in Combined Statement of Net Position
	FY15	FY14	
True Endowments	\$ 82,080,545.44	\$ 119,075,257.11	Restricted Expendable
Term Endowments	90,020.53	117,104.95	Restricted Expendable
Total	\$ 82,170,565.97	\$ 119,192,362.06	

*There was a negative fair value adjustment totaling \$(37,488,143.52) for fiscal year 2015, and a positive fair value adjustment of \$54,847,683.28 for fiscal year 2014.

Discrete Component Unit

Donor-Restricted Endowments	Amount of Net Appreciation *		Reported in Statement of Net Position
	FY15	FY14	
True Endowments	\$ 6,609,686.36	\$ 13,145,987.22	Restricted Expendable

*There was a negative fair value adjustment totaling \$(6,536,300.86) for fiscal year 2015, and a positive fair value adjustment of \$9,738,701.08 for fiscal year 2014.

True endowments require the principal to be maintained inviolate and in perpetuity. Term endowments allow the principal to be expended after the passage of a stated period of time and all conditions of the endowment are met. Restricted expendable funds are those funds that must be expended for a purpose designated by the System governing body.

Note 23: Extraordinary and Special Items

The System has no special or extraordinary items to report as of August 31, 2015, nor for the year ended August 31, 2014.

Note 24: Disaggregation of Receivable and Payable Balances

The System has no reportable disaggregation of receivable and payable balances as of August 31, 2015 or as of August 31, 2014.

Note 25: Termination Benefits

The System has no reportable voluntary or involuntary termination benefits as of August 31, 2015. The System also had no reportable benefits as of August 31, 2014.

Texas Tech University System (793) – Notes to the Combined Financial Statements (continued)**Note 26: Segment Information**

The System has no reportable segments as of August 31, 2015 or as of August 31, 2014.

Note 27: Service Concession Arrangements

The System had no service concession arrangements as of August 31, 2015 or as of August 31, 2014.

Note 28: Deferred Outflows of Resources and Deferred Inflows of Resources

In fiscal year 2015, the System reported deferred outflows and deferred inflows of resources in connection with its defined benefit pension plan as presented below.

Business-Type Activities	Deferred Outflows of Resources	Deferred Inflows of Resources
Defined Benefit Pension Plans (Note 9)	\$ 28,438,673.24	\$ 49,527,106.15

Due to the new pension liability reporting, fiscal year 2014 financial statements included a restatement to include deferred outflows and inflows of resources as presented below.

Business-Type Activities	Deferred Outflows of Resources	Deferred Inflows of Resources
Defined Benefit Pension Plans (Note 9)	\$ 15,375,754.61	\$ 0.00

Note 29: Troubled Debt Restructuring

The System had no outstanding receivables whose terms were modified pursuant to troubled debt restructuring for the year ended August 31, 2015, or for the year ended August 31, 2014.

Note 30: Non-Exchange Financial Guarantees

The System had no non-exchange financial guarantees to report for the year ended August 31, 2015, or for the year ended August 31, 2014.

 Combined Schedule 1A - Schedule of Expenditures of Federal Awards
 For the Year Ended August 31, 2015

Note 4: Depository Libraries for Governmental Publications

TTU and ASU participate as depository libraries in the government printing office's depository libraries for government publications program, CFDA 40.001. Each University is the legal custodian of government publications which remain the property of the federal government. The publications are not assigned a value by the government printing office.

Note 5: Unemployment Insurance Funds

No System component institution was the recipient of CFDA 17.225 funding for FY 2015.

Note 6: Rebates for the Special Supplemental Food Program for Women, Infants, and Children (WIC)

No System component institution was the recipient of CFDA 10.557 funding for FY 2015.

Note 7: Federal Deferred Revenue (no longer required for universities)

Note 8: Disaster Grants - Public Assistance

No System component institution was the recipient of CFDA 97.036 funding for FY 2015.

Note 9: Economic Adjustment Assistance

TTU was awarded an Economic Adjustment Assistance grant in November 2013 from the Department of Commerce Economic Development Agency. The grant is a three-year project supporting renewable energy research and technology creation in the Panhandle region of Texas. CFDA 11.307.
