Honorable Governor of Texas
Honorable Members of the Eighty-fifth Legislature
Assembled in Regular Session

Ladies and Gentlemen:

I am pleased to submit for your consideration the 2018–19 Legislative Budget Estimates by Program (LBE by Program).

The LBE by Program is based on data collected per Section 34.06, Senate Bill 1, 82nd Legislature, 1st Called Session. It is a complement to the 2018-19 Legislative Budget Estimates by Strategy which you have also received. The LBE by Program includes details on specific programs funded at state agencies, appellate courts and institutions of higher education. It also includes the sources of funding and related statutory authority.

This document contains recommended funding for the 2018–19 biennium, utilizing information requested via the Legislative Appropriations Request process. It also includes historical context for programs by including data for fiscal years 2015, 2016, and 2017.

Two versions of the LBE by Program have been prepared; the House and Senate versions contain different 2018-19 recommended funding levels and also different historical data for various programs across state government. The data reflecting agency requests are identical between the two documents.

On behalf of the members and staff of the Legislative Budget Board I wish to express our gratitude to the many dedicated officials and employees of state government who assist in supplying the data that allowed the generation of this new publication. The Legislative Budget Board staff is honored and prepared to assist you in the forthcoming appropriations process. We look forward to answering any questions you may have about the information contained in the LBE by Program and on all other matters pertaining to the state budget and state fiscal policy as you carry out the duties of the 85th Legislature.

Respectfully submitted,
