Request for

Legislative Appropriations

For Fiscal Years 2018 and 2019

Submitted to the Office of the Governor, Budget Division, and the Legislative Budget Board, by the

Texas Board of Chiropractic Examiners

Submitted August 5, 2016

CERTIFICATE

Agency Name: Texas Board of Chiropractic Examiners

This is to certify that the information contained in the agency Legislative Appropriations Request filed with the Legislative Budget Board (LBB) and the Office of the Governor, Budget Division, is accurate to the best of my knowledge and that the electronic submission to the LBB via the Automated Budget and Evaluation System of Texas (ABEST) and the PDF file submitted via the LBB Document Submission application are identical.

Additionally, should it become likely at any time that unexpended balances will accrue for any account, the LBB and the Governor's office will be notified in writing in accordance with Article IX, Section 7.01 (2016–17 GAA).

1. ADMINISTRATOR'S STATEMENT

85th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

508 Board of Chiropractic Examiners

**INTRODUCTION

The Texas Board of Chiropractic Examiners (TBCE) was statutorily established in 1949 to examine, license, regulate, and monitor the practice of chiropractic in Texas. The Board operates under the authority of the Texas Occupations Code, Title 3, Subtitle C, Chapter 201, better known as the Chiropractic Act (the Act). Currently, the Board regulates over 5,600 actively licensed doctors of chiropractic (DCs) and 4,300 registered chiropractic clinics (facilities). There are also approximately 810 more licensees whose licenses are expired for less than one year or are on inactive status but are eligible to renew at any time. The Board also registers over 75 chiropractic radiologic technologists.

-Licensing Overview

Licensing is an area where the agency has consistently excelled. New licenses and registrations are issued in a week (or less) from the time a completed application is received by the agency. License and registration renewals are generally completed within one business day. Most DCs and facilities renew licenses via Texas.Gov, resulting in increased efficiency and quick response times. However, the number of DCs and registered facilities has steadily increased and is expected to continue increasing, which will strain the agency's licensing resources in the near future.

Complaints and Investigations Overview

In the two years since the additional field investigators came on board our average monthly caseload per-investigator has dropped from 100+ to 20-25. We have been able to close more than 500 cases, some dating back to 2011. These closures have resulted in 134 Agreed Orders, 35 Board Orders, 84 Cease & Desist Orders, 4 voluntary surrenders of licenses and one revocation. Prior to the additional investigators, both investigators worked out of the Austin office and a small number of facility inspections were completed, mainly due to the high caseload. With the additional investigators we are conducting 100+ facility inspections per year.

Enforcement Overview

The Legal Department has assumed the role of drafting all Agreed Orders and Cease and Desist Orders arising out of the enforcement process. From January 1, 2016 through July 1, 2016 the Board has issued 88 Agreed Orders and 48 Cease and Desist Orders. The Enforcement Committed has delegated authority to the staff to resolve certain categories of offenses. It is anticipated that as the staff continues to implement this delegated authority the efficiency in resolution of complaints will only increase.

For this same time period there have been seven other cases filed at SOAH which have resulted in Default Orders favorable to the Board. Default has become an efficient means of dealing with unresponsive Respondents.

Administration

The agency hired a new Executive Director in fiscal year 2016. Her focus is on efficiency and the utilization of technology to better carry out the administration of the agency, customer service, education and training for licensees and facility owners. During the most recent fiscal year, the agency completed projects ranging from full-digital conversion of enforcement and licensing files, to the addition of the Texas.gov Fee Pay Lite payment platform for enforcement fines, to the use of e-newsletters for licensee education. The agency will have all fees payable on-line through Texas.gov by the end of August 2016. The Chiropractic jurisprudence examination is now available online through eStrategy Solutions. In addition, the agency plans a roll out of the jurisprudence study course by the end of August as well.

85th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

508 Board of Chiropractic Examiners

The agency (TBCE) is a member of the Health Professions Council (HPC) and transfers funds through appropriations made to the TBCE, through interagency contract to HPC for a prorated share of HPC's operating budget. Please refer to the HPC LAR for an exceptional item funding request necessary for Information Technology improvements as well as any other increases to the TBCE prorated share of funding. The TBCE supports the HPC request for funds to upgrade the Laserfiche software which is the document imaging and storage solution for our agencies.

Exceptional Item- Salary enhancement for Investigator III (3 FT's) (Enforcement Direct)
 Mid-point of range for Investigator III is \$45,024 yr. \$12,000 plus \$180 (1.5%)

It is critical for the TBCE to attract and retain experienced investigators. Other Healthcare Professions Council (HPC) agencies pay higher salaries to their tenured and experienced investigators. The last postings that have been filled have been posted at or very close to the midpoint of the range. The TBCE investigators handle complaints filed on doctors of chiropractic (DC) and non- DC facility owners. These complaints include; quality of care, scope of practice, billing/reimbursement and ethics/boundaries cases that require a high level of experience, training and knowledge of chiropractic medicine.

2. Exceptional Item—1 FTE, Certified Fraud Investigator III

Travel \$2000 per year. (Enforcement Direct)

\$45,000 plus \$675 (1.5%)

TBCE investigates complaints that potentially are fraud. The agency investigators regularly work with insurance company SIU's on fraud cases involving multiple parties including chiropractors and facility owners. We need a certified fraud investigator. This new fraud investigator would concentrate on working with law enforcement to investigate fraudulent activities by licensees and non-DC facility owners which include staged accident scams involving numerous persons and millions of dollars of fraud. These investigations have resulted in prison sentences and revocations of licenses and registrations. This investigator would be located in Dallas or Houston where much of this activity occurs.

3. Exceptional Item- Restore Baseline Funding \$62,423

The agency requests the restoration of the 4% baseline reduction.

Because of the small size of the agency, staff are required to wear many hats. The agency is responsible for all HR, accounting, risk management, budget and security for the agency. Many of the tasks associated with these functions require 2-3 staff members to properly maintain a segregation of duties for security of the USAS and USPA systems. The agency prepares and distributes over 60 legislatively required reports each year. In addition to the administrative functions, all staff have direct customer service, licensing, investigations, inspections and enforcement duties as well. Reducing travel will reduce the ability of the investigations staff to inspect facilities, interview witnesses and complainants. The agency requires sufficient non salary funds for postage for certified mail and communications with licensees where direct mail is critical.

All of the exceptional items can be funded out of excess revenue already being generated by the agency from fees paid by licensees. At the baseline funding level and at current fee rates, it is estimated that the agency will generate over \$824,766 in excess revenue during the 2018-2019 biennium. After funding the exceptional items, the agency will still generate at least over \$625,997 in excess revenue during the 2018-2019 biennium.

*4% BASELINE REDUCTION

The 2018-19 4% GR-related reduction for our agency is \$62,423.

85th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

508 Board of Chiropractic Examiners

This reduction will cut 0.8 FTE from our licensing program which will impact the agency's ability to process and renew licenses and registrations timely. Agency staff will not be able to respond to all customer service inquiries within one business day. A further reduction in postage of \$3,000 will impact our ability to communicate with our licensees where direct mail is necessary. Additionally, a cut of \$8,211 in the travel budget will be necessary to meet the full 4%. This reduction will impact the ability of the staff to travel to inspect facilities and conduct on location investigations where meetings with complainants and respondents is necessary.

**10% INCREMENTAL GENERAL REVENUE BASE REDUCTION

The 2018-19 10% GR-related reduction for our agency is \$149,815.

Because our agency is so small, staff reductions are unavoidable when determining options for reductions to the baseline request. For the first 5%, the agency would have to transition two of the field investigator positions to part-time. Cases could still be investigated and public protection could still be achieved, while at the same time saving a substantial amount of funds. Cases would be prioritized and some cases may not get any investigation. However, the disruption to daily operations will be very detrimental to the performance of our agency. Administrative functions are crucial to ongoing operations, and slower investigation of enforcement cases will lead to a backlog of complaints like this agency has seen in the past.

The second 5% reduction would result in reduction in force for two part time investigators from option 1. This will cripple the agency and will have to rethink enforcement investigations and triage on a case by case basis.

Performance for cases resolved would drop to about 250 cases from 350. Customer service and phone calls may not be answered timely or responded to within one business day.

**CONCLUSION

Definite impact to performance measures, number of complaints investigated and resolved, customer service and delays in processing licenses, renewals and registrations. Protection of public could be affected.

The Board, agency management and staff look forward to working with the Governor's Office, members of the Senate and the House, and the Legislative Budget Board staff throughout the appropriations process.

PRESIDENT'S STATEMENT

The members of the Texas Board of Chiropractic Examiners and the members of the agency's staff are dedicated to fulfilling the Board's obligation to protect the public. They also accept the responsibility to make the most effective and efficient use of the resources made available to the Board as a result of the fees paid to the state by its licensees.

The Board agrees with and supports the allocations of resources presented in this Appropriations Request and also with the prioritization of the exceptional items

85th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

508 Board of Chiropractic Examiners

requested. We believe that funding the Board at the levels requested will provide the resources needed to meet its responsibilities in the coming biennium. We are also in agreement that any staff reductions will result in a major loss of efficiency of the agency's effectiveness and ability to fulfill its mission for the State of Texas.

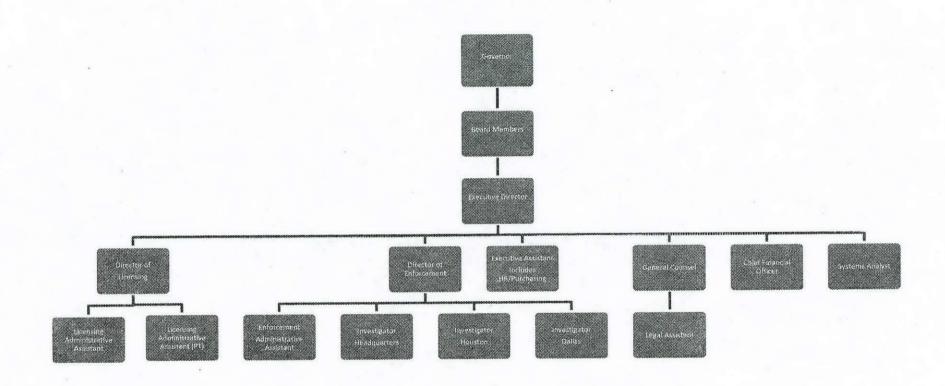

Cynthia Tays, D.C. Board President

STRATEGY DESCRIPTION AND JUSTIFICATION:

STRATEGY DESCRIPTION AND JUSTIFICATION:

This direct licensing strategy encompasses all aspects of application, examination, licensure, and license renewal for all agency licensees. The functions of the department include processing applications, reviewing files for appropriate documents, and approving students to take the Texas Chiropractic Jurisprudence Examination.

This department is responsible for issuing original licenses and renewing licenses for doctors of chiropractic, chiropractic facilities and chiropractic radiological technologists. The department employees also review and approve continuing education classes to be offered by approved CE providers and monitor the continuing education hours earned by licensees.

The department also monitors licensees who are in default on Guaranteed Student Loans, works with the Office of the Attorney General to identify and suspend licensees for licensees who are in default on child support payments, and works with the Department of Public Safety to run criminal background checks on all new doctor of chiropractic (DC) applicants. It also provides letters of certification to other jurisdictions, provides verification of licensure to interested parties, and responds to open records requests received by the agency.

DESCRIPTION

Exp 2015

Est 2016

Bud 2017

BL 2018

BL 2019

The Board of Chiropractic Examiners is responsible for licensing, regulating, and monitoring all doctors of chiropractic in Texas, all applicants who seek to become doctors of chiropractic, all chiropractic clinics and all radiological technologists who work in those clinics.

External factors affecting this strategy are the rate of growth in the Texas population, the rate at which new individuals are entering the profession in Texas, and the rate at which licensed individuals are retiring or leaving the profession. The agency expects modest to flat growth in the number of licensed individuals over the 2016/2017 biennium, but there may be an increase in the number of new facility licenses issued as facilities change ownership or new facilities are opened.

The primary internal factors affecting this strategy are the need to maintain an experienced staff. More than 90% of licensed doctors of chiropractic (DCs) renew online through Texas Online.

A portion of the agency's Exceptional Item 1 involves increasing the salary the Director of Licensing through merit pay. The Director has been with the agency for about 7 years and has a tremendous amount of institutional knowledge. Currently, she is paid at the minimum level of her salary range, so this merit pay will be used to bring her salary up to the mid-range level.

BL 2018

BL 2019

The Texas Online strategy is essentially a "pass-through" account in which the agency collects Texas Online fees from its licensees and pays the same amount by the 10th day of the following month to the Texas Online vendor. The agency may not use the funds collected for any purpose other than to pay Texas Nicusa LLC. The agency is not allowed to reduce the payments to Texas Nicusa LLC even if forced to reduce the agency's total budget in a budget reduction or a reduction in appropriations.

The agency assumes that the LBB will include a rider in Article VIII as usual to specify that any amounts collected in excess of the estimated amounts for Texas Online are appropriated to the agency for that purpose.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

The Texas Online strategy is essentially a "pass-through" account in which the agency collects Texas Online fees from its licensees and pays the same amount by the 10th day of the following month to the Texas Online vendor. The agency may not use the funds collected for any purpose other than to pay Texas Nicusa LLC. The agency is not allowed to reduce the payments to Texas Nicusa LLC even if forced to reduce the agency's total budget in a budget reduction or a reduction in appropriations.

The agency assumes that the LBB will include a rider in Article VIII as usual to specify that any amounts collected in excess of the estimated amounts for Texas Online are appropriated to the agency for that purpose.

This strategy is primarily affected by the number of chiropractors and chiropractic facilities that renew their licenses each year. (All pay the Texas Online fees whether they choose to renew online or through a paper process.)

DESCRIPTION

Exp 2015

Est 2016

Bud 2017

Service: 16

BL 2018

BL 2019

The direct enforcement strategy encompasses all efforts to investigate complaints received against licensees and to bring appropriate discipline against those licensees who are found to have violated the Act and/or Board rules. The Enforcement Dept is responsible for reviewing all complaints received by the agency, eliminating non-jurisdictional complaints and investigating and resolving all jurisdictional complaints in a timely fashion. The agency will receive approximately 300-350 jurisdictional complaints each year during the FY16/17 biennium. Each complaint is investigated and resolved as quickly as possible with regard to due process for the licensee.

The Board has 4 investigators (2 in the field) and 1 admin asstnt in this dept. Staff works with complainants, respondents (and attorneys, if applicable), and Enforcement Committee (EC) to resolve complaints. This is done through an investigative report presented to the EC for initial recommendation of finding/penalty, as well as through an Informal Conference (IC) process if the respondent doesn't accept the initial recommendation.

The agency currently has 1 attorney and legal asstnt. Both positions were added in FY10. The attorney and legal asstnt are involved in presenting the complaints to the EC and in the IC process. They are also responsible for taking cases that cannot be resolved through an Agreed Order to SOAH. Having legal counsel and legal admin support for the agency has proven successful in reducing the backlog of cases pending action. The oldest cases pending action are now a handful from FY11.

CODE

DESCRIPTION

Exp 2015

Est 2016

Bud 2017

BL 2018

BL 2019

The primary external factors affecting this strategy are:

- (1) the number of jurisdictional complaints received,
- (2) the seriousness or complexity of each complaint,
- (3) the willingness (or lack thereof) of respondents to settle complaints without having a formal hearing at SOAH,
- (4) SOAH dockets, and
- (5) SOAH hearing complexity.

The primary internal factors affecting this strategy are the workloads of enforcement staff and the complexity of investigations.

A portion of the agency's Exceptional Item 1 involves increasing the salary the Director of Enforcement through merit pay. The Director has been with the agency for about 7 years and has a tremendous amount of institutional knowledge. Currently, he is paid at the minimum level of his salary range, so this merit pay will be used to bring his salary up to the mid-range level.

The agency's Exceptional Item 2 involves funding to allow all agency investigators use of the investigative tool CLEAR. This will improve quality of investigations.

Additionally, the agency's Exceptional Item 3 involves funding to allow the agency to participate in the FBI Rapback program. Licensee applicants have background checks done at the time of their application, and after licensure, if they are arrested in Texas, the agency receives a "rapback" detailing this arrest. However, in order to get a national "rapback" from the FBI, we must pay approximately \$13 per applicant for this service. This will help the agency ensure that doctors are maintaining high standards required for Texas licensure.

STRATEGY DESCRIPTION AND JUSTIFICATION:

The Indirect Administration Strategy is Indirect Administration provides leadership direction, oversight and support for licensing and enforcement programs. Main responsibilities including ensuring activities are in compliance with the government code, employment laws, and the general appropriations act as well as consistent with agency goals, objectives, purpose and policies. In addition, indirect administration ensures agency accountability and integrity; provide assistance and information to the Legislature, the public and the media, manages agency wide budget including the LAR, the operating budget, performance measures, accounting and financial reporting, maintains payroll records and manages other personnel activities. Indirect administration strives to maintain a highly serviceable administration to better allow agency programs time to focus on the effective and efficient regulation.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

In 2018, the agency will be implementing the CAPPS Payroll and Personnel System which will require significant staff time for implementation and support.

Agency code: 508 Agency name: **Board of Chiropractic Examiners** DESCRIPTION CODE Excp 2018 Excp 2019 Item Name: Restoration of the 4% baseline reduction. Item Priority: No IT Component: Yes **Anticipated Out-year Costs:** Involve Contracts > \$50,000: No Includes Funding for the Following Strategy or Strategies: 01-01-01 Operate a Comprehensive Licensing System for Chiropractors 01-02-01 Provide a System to Investigate and Resolve Complaints **OBJECTS OF EXPENSE:** 1001 SALARIES AND WAGES 20.000 20,000 2005 TRAVEL 8,211 8,210 2009 3,000 OTHER OPERATING EXPENSE 3,000 TOTAL, OBJECT OF EXPENSE \$31,211 \$31,210 METHOD OF FINANCING: General Revenue Fund 31,211 31,210 TOTAL, METHOD OF FINANCING \$31,211 \$31,210

DESCRIPTION / JUSTIFICATION:

FULL-TIME EQUIVALENT POSITIONS (FTE):

The baseline request reflects cutting 0.8 FTE in our licensing program. This will impact the agency's ability to process new licenses within ten days and renewals within 7 days. Along with staffing the licensing section was forced to cut postage by \$3,000 and postage which will negatively impact communications with licensees where direct mail is critical. In addition, there was a \$8,211 reduction in travel for the enforcement. This will impact the ability of the investigations staff to inspect facilities, interview witnesses and complainants.

EXTERNAL/INTERNAL FACTORS:

Because of the small size of the agency, staff are required to wear many hats. The agency is responsible for all HR, accounting, risk management, budget and security for the agency. Many of the task associated with these functions require 3-4 staff to properly maintain a segregation of duties for security of the USAS and USPS systems. The agency prepare and distributes over 60 legislatively required reports each year. In addition to the administrative functions, all staff have direct customer service, licensing, investigations, inspections and enforcement duties as well. In fiscal year 2018 the agency will be implementing the CAPPS Payroll Personnel System. This will require dedicated agency administrative resources to implement and to maintain for future years.

DESCRIPTION / JUSTIFICATION:

Justification: It is critical for the TBCE to attract and retain experienced investigators. Other Healthcare Professions Council (HPC) agencies pay higher salaries to their tenured and experienced investigators. The last postings that have been filled have been posted at or very close to the midpoint of the range. The TBCE investigators handle complaints filed on doctors of chiropractic (DC) and non- DC facility owners. These complaints include, quality of care, scope of practice, billing/reimbursement and ethics/boundaries cases that require a high level of experience, training and knowledge of chiropractic medicine. It is critical for the TBCE to attract and retain experienced investigators. Other Healthcare Professions Council (HPC) agencies pay higher salaries to their tenured and experienced investigators. DESCRIPTION / JUSTIFICATION:

TBCE investigates complaints that potentially are fraud. The agency investigators regularly work with insurance company SIU's on fraud cases involving multiple parties including chiropractors and facility owners. We need a certified fraud investigator. This new fraud investigator would concentrate on working with law enforcement to investigate fraudulent activities by licensees and non-DC facility owners which include staged accident scams involving numerous persons and millions of dollars of fraud. These investigations have resulted in prison sentences and revocations of licenses and registrations. This investigator would be located in Dallas or Houston where much of this activity occurs.

EXTERNAL/INTERNAL FACTORS:

	Total Expenditures		49,4%		\$26,695	\$54,062		60.4%		\$32,841	\$54,393

B. Assessment of Fiscal Year 2014 - 2015 Efforts to Meet HUB Procurement Goals

Attainment:

The agency attained or exceeded three of the applicable statewide HUB procurement goals in fiscal year 2014 and attained or exceeded two of three applicable goals in fiscal year 2015.

Applicability:

TBCE's functions do not include construction, therefore, "Heavy Construction," "Building Construction," and "Special Trade Construction" categories are not applicable to the agency.

Factors Affecting Attainment:

The agency was unable to meet the Other Services goal in fiscal year 2015 due to unavailability of HUB vendors

'Good-Faith' Efforts:

The agency follows a "good-faith' policy in its procurement process and attempts to use HUB vendors whenever possible.
